How to Calculate the Final Grade?

Continuous assessment grade: the overall average of all subject averages, with each subject carrying the same weigh

=> General Average x 0,4

Ex. for a students who has an average of 13/20 => 13 x 0.4 = 5.2

Final assessment grade: the overall average of all subject of the final exams

=> Final Average x 0,6

Ex. for a students who has an average of 14/20 => 14 x 0.5 = 8.4

🆕

5.2 + 8.4 = 13.6
