ABOUT

Founded in 1990, the American International School in Egypt (AIS) Main Campus is an independent, co-educational day school for grades K – 12, located in the suburb of Elmokattam. The majority of AIS faculty are certified teachers from diverse backgrounds. Approximately 45% of AISE faculty hold advanced degrees. All instruction is in English, except for foreign language classes. Arabic, Spanish, and French language classes are taught by native speakers. Most AIS students are multilingual. Although English is typically not spoken at home, students perform in a demanding college preparatory curriculum.

The predicted grades reflect the students' aspirations, which are established through an evaluation of their cumulative coursework, June Mock Exams, and baseline exams held in early September of Grade 12. The allocation of Bonus/Core points is determined by assessing the student's performance in both Extended Essay (EE) and Theory of Knowledge (TOK), utilizing the IB Core matrix as a reference.
