

CONCORDE PEAR

DID YOU KNOW?

- Concorde Pears have a round bottom, and their yellow-green skin oftentimes features a golden russet on some or all of the pear.
- Concorde Pears may still have a somewhat firm consistency and are aromatic, juicy, and sweet with floral notes and hints of vanilla.
- Concorde Pears are available in the fall through winter.
- Concorde Pears contain some antioxidants, fiber, and vitamin C.

FUN FACT!

The Concorde is a cultivar of pear originating in England.
