Average
SAT Score

118 Unique college level courses students have to select from in Math, Science, Social Sciences, World Languages, English, Computer Science, and more!

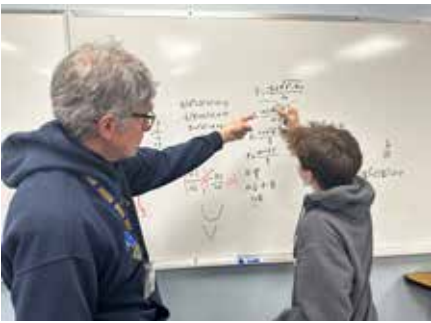

88
Different cities and towns from Maine.

9:1
Student to Teacher
RATIO
92% of our faculty hold advanced degrees, some of whom hold terminal degrees.

1st
The MSSM math team consistently places first in the Maine State Math Meet and at times nationally.

Sample of MSSM Classes

Differential Equations, Genetics and Biotechnology, Machine Learning, Quantum Mechanics, Linear Algebra Creative Robotics, Meteorology, Humanist Mutation, Indigenous Literature, Multivariable Calculus, Human Geography, Intro to Philosophy, Engineering, and more.

COMMUNITY

The Spirit of the Penguin

Service

Engagement in community service and outreach initiatives instills a sense of responsibility and a connection to the broader community beyond the school. MSSM students are often seen volunteering.

Cultural

School-sponsored events like dances, cultural celebrations, and community dinners offer opportunities for students to unwind and connect outside the classroom. MSSM has students from all 16 counties and beyond.

Advisory

Regular meetings with faculty advisors help students navigate academic and personal challenges. These programs create a support system where students feel seen and supported.

Cocurriculars

MSSM values connections outside the classroom. The school offers extracurriculars in arts, sports, and tech, where students bond with friends and grow together.

Clubs

Clubs and sports provide outlets for students to explore interests, develop leadership skills, and connect with peers who share similar passions. These groups often become a central part of students' social lives.

Mentoring

Pairing students with older peers, Residential Assistants, tutors, and faculty members for guidance and support fosters personal growth and strengthens community ties, with dorm life allowing more time for mentoring.

The Value of Boarding

Intentional Learning Community

Boarding schools are uniquely positioned to create 24 hour intentional communities with a student's growth and development at the core of all we do.

Unique Opportunities

At boarding school, students are able to be the drivers of their education and have access to a plethora of opportunities.

Classroom Engagement

Classroom engagement can make all the difference in a student's academic success in high school. Boarding schools can offer smaller class sizes.

Personal Growth & Independence

Perhaps one of the most significant advantages of the boarding school experience is the opportunity for personal growth and independence.

What Makes MSSM Unique?

Academic Rigor

Tailored Admissions Process

High-Achievers with Unique

Residential Experience

Cutting-Edge Facilities

Diverse Cocurricular Activities

COCURRICULAR

While academics are the cornerstone, MSSM doesn't ignore the value of well-roundedness. The school offers a diverse range of extracurricular activities that cater to various interests, whether it's the arts, sports, or technology. These activities not only enrich the student experience but also provide avenues for personal growth, leadership, collaboration, and creative exploration, essential for developing well-rounded individuals.

Athletics, academic teams, clubs, and cocurriculars for students to partake in, explore, and find their people.

Admission Requirements

Inquire

Please complete this form to tell us a little about yourself so we can follow up with the right materials and help you learn more about what awaits you at MSSM. Use the QR code above.

Campus Tour

We encourage families to visit our campus. It is a great opportunity to connect with current students, faculty, and view our facilities

Interview

A pivotal part of the application process as it allows us to best understand you.

Apply

Use this QR code.

Testing

Contact the Office of Admission for details.

Algebra I is highly recommended for 9th grade applicants.

Tuition & Financial Aid

In State: \$10, 850

The state of Maine waives tuition cost and leaves families with the cost of room and board.

Out of State: \$52,500

Financial Aid

While the state covers tuition costs for qualified Maine residents, we are equally committed to supporting you in securing the financial aid you need to cover room and board expenses.

Use this QR code to apply for FA or go to:
