

Community Schools Update

October 6, 2025

Presented by LaTonia Kennedy

Director of Family and Community Engagement

Defining Community Schools

A strategy that integrates academics, health and social services, youth development, and family and community engagement.

Goal:

Improve student learning, strengthen families, and build healthier communities.

Community Schools Journey

Allen, Anderson,
Colvin, Dodge, Spaght,
Stanley, Washington

Outcomes and
Measurements

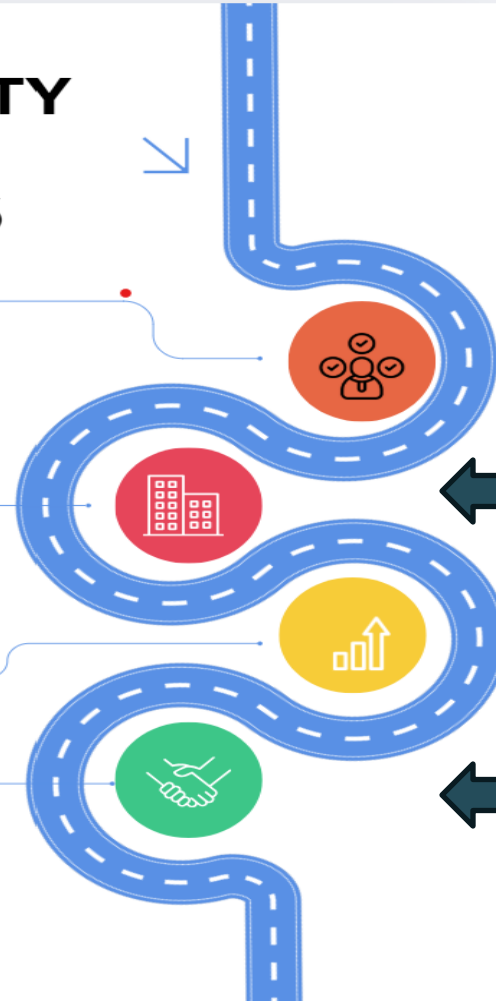

COMMUNITY SCHOOLS PROGRESS

★ **Coordinators**
Coordinators have been hired for all buildings and Professional Development is on-going.

★ **Needs Assessments**
Developed and given in multiple languages at sites

★ **Data Analysis**
Data from Needs Assessment is being used to create action plans

★ **Partnerships**
Community Partners are being engaged

English, Spanish,
Swahili,
and Pashto

Partnerships developed
based upon individual
building needs

Boots on the Ground Testimonials

- Dodge Elementary Principal: Michelle Wilkes
- Community School Coordinator: Thomas Johnson
- **Collaborative Leadership**
- **Needs Assessment**
- **Outcomes (Descriptors) and Measurements**

A photograph of a classroom scene. A male teacher with glasses and a plaid shirt is leaning over a table, assisting a group of diverse students. The students are engaged in a hands-on activity, possibly a science or math project, using various materials like colored paper, glue, and small objects. The background shows other students working at desks with computers. A large, white, sans-serif text 'Questions' is overlaid in the center of the image.
