NOTICE OF CREDITABLE PRESCRIPTION DRUG COVERAGE IMPORTANT NOTICE Regarding Your State of Connecticut Prescription Drug Coverage

This notice is being sent to you, as a Medicare eligible person enrolled in the SPP health plan, to inform you of your prescription drug coverage and choices you will have for Medicare drug coverage. **Your drug coverage offered through the State of Connecticut is more comprehensive than the standard Medicare Part D prescription drug coverage. THERE IS NO NEED FOR YOU TO ENROLL IN A MEDICARE PRESCRIPTION DRUG PLAN.**

Medicare prescription drug coverage became available in 2006 to everyone with Medicare through Medicare prescription drug plans and Medicare Advantage Plans that offer prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

Since the State of Connecticut employee health plan provides you with drug coverage that is more comprehensive than the Medicare Part D coverage, you will not need to enroll in any Medicare Rx prescription drug plans.

An individual can enroll in a Medicare prescription drug plan when they first become eligible for Medicare and each year from October 15th through December 7th. Beneficiaries losing employer/union coverage may be eligible for a Special Enrollment Period to sign up for a Medicare prescription drug plan. You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

Medicare drug plan enrollment materials or communications may highlight potential penalties if you do not sign up when you are first eligible. **Since you already have qualified coverage and will maintain your coverage through the SPP, the late enrollment penalties will not apply to you if you decide to enroll in Medicare Rx at some later date.**

"A great place to grow."

However, if you drop or lose coverage with the SPP health plan and do not enroll in a Medicare prescription drug plan after your current coverage ends, you may pay more to enroll in Medicare prescription drug coverage later. If you go 63 days or longer without any prescription drug coverage that is at least as good as the Medicare prescription drug coverage, your monthly premium may go up by at least 1% of the base premium per month, for every month that you did not have coverage. For example, if you drop the SPP coverage and do not sign up for Medicare prescription drug coverage for 19 months, your Medicare D premiums will be 119% of the standard Medicare D premium.

This notice is proof to Medicare that you have maintained coverage, and that coverage is at least as good as the benefits offered by Medicare. You will not incur the penalty if you do not have a lapse in equivalent coverage.

If you decide to enroll in a Medicare prescription drug plan, be aware: You may not be able to get the SPP prescription drug coverage back.

It is very important for you to know the following information:

- The annual enrollment period for Medicare prescription drug plans is October 15 through December 7 – **You do not need to take any action.**
- The Medicare prescription drug coverage (Medicare D) is available to everyone eligible for Medicare. – **You do not need to take any action.**
- The SPP health plan has determined that your prescription drug benefits are better than the standard Medicare prescription drug coverage. – **You need to keep a copy of this notice for your records.**
