Ashe County Schools Honors October Employees of the Month

Ashe County Schools proudly recognizes **Amanda Estes**, 2nd Grade Teacher at Blue Ridge Elementary School, and **Tina Greer**, ISS Coordinator at Ashe County Middle School and Ashe County High School, as our October Employees of the Month!

Both Amanda and Tina were selected by their colleagues for going above and beyond in their roles and making a lasting impact on students and staff alike.

Amanda Estes is known for her dedication inside and outside the classroom. Her coworkers shared the following:

"She puts in a lot of work outside of her classroom and on her own time. She heads up the Fall Festival and helps to keep the HEAT team all organized. She goes above and beyond to make everything special. All of this while maintaining a positive attitude and gives you a smile."

"Amanda Estes is one of the hardest working teachers at BRES. She is an amazing 2nd grade teacher and strives to be the best she can be every day! She is also the Chair of our Hospitality and Events team and puts in so much extra time after school finding ways to make all the teachers feel special and planning our huge events like Fall Festival! She does all of these things with such a loving heart! We are blessed to have her at BRES!"

Tina Greer's impact is felt across both the middle and high schools. Her coworkers shared:

"Tina is ALWAYS a helping hand. She walks the halls with a smile and positive comment every day for each child and adult. She jumps in anywhere she is needed."

"The middle school relies on Tina Greer to keep the flow of the instructional day, relieve teachers' stress with POWER Assists, connect with students who need that extra attention. Mrs. Greer is the super glue that connects everything and everyone to stay connected. We are blessed to have her!"

We're proud to highlight these two outstanding staff members and thank them for the energy, heart, and commitment they bring to Ashe County Schools every day. Congratulations, Amanda and Tina!
