Dexter Suggs, Ph.D.
Superintendent of Schools

"Every child. Every day. Whatever it takes."

Dear Parents and Guardians,

October 7, 2025

MCSC Special Education department has been diligently working on securing licensed SLPs to work with your students. To date, we have secured 3 additional SLPs who will begin working with students at Miller Elementary, Wood Elementary, Salk Elementary, MIS 6th grade, and Pierce Middle School 8th grade. Services will begin for these students on Monday, Oct 13, 2025. Please understand that not all students will be seen on Monday, but over the course of the week. All services missed to date will be made up to the students.

We are still in the process of securing 1 more SLP to service Fieler Elementary and MIS 5th grade. We will communicate updates accordingly. We appreciate your understanding and patience regarding this matter. Should you have any questions or concerns, please feel free to contact the Special Education Office at 219-650-5330.

Yours in Education,

Abigail Gonzalez
Interim Director of Special Education
