Policy 1111: Election

Original Adopted Date: 02/10/2020 | **Last Revised Date:** 10/13/2025

Elections conducted by the District are nonpartisan and are governed by applicable election laws as found in Titles 13 & 20 of the Montana Code Annotated. The ballot at such elections may include candidates for trustee positions, various public policy propositions, and advisor questions.

Board elections shall take place on the first (1st) Tuesday after the first (1st) Monday in May of each year. Any person who is a qualified voter of the District is legally qualified to become a trustee.

A declaration of intent to be a candidate must be submitted to the District Clerk no sooner than 145 days and no later than 85 days before the regular school election day. If different terms are to be filled, the term for the position for which the candidate is filing must also be indicated. Any person seeking to become a write-in candidate for a trustee position shall file a declaration of intent no later than 5:00 p.m. on the day before the ballot certification deadline in 20-20-401.

If the number of candidates filing for vacant positions or filing a declaration of intent to be a write-in candidate is equal to or less than the number of positions to be elected, the trustees may give notice no later than thirty (30) days before the election that a trustee election will not take place. If a trustee election is not held, the trustees shall declare the candidates elected by acclamation and shall issue a "certificate of election" to each candidate.

A candidate intending to withdraw from the election shall send a statement of withdrawal to the clerk of the district containing all information necessary to identify the candidate and the office for which the candidate filed. The statement of withdrawal must be acknowledged by the clerk of the district. A candidate may not withdraw after 5:00 p.m. the day before the ballot certification deadline in 20-20-401.

In the event of an unforeseen emergency occurring on the date scheduled for the funding election, the district will be allowed to reschedule the election for a different day of the calendar year.

In years when the Legislature meets in regular session or in a special session that affects school funding, the trustees may order the election on a date other than the regular school election day in order for the electors to consider a proposition requesting additional funding under § 20-9-353, MCA.

Proposed new policies and proposed changes to existing policies shall be presented in writing for reading and discussion at a regular or special Board meeting. Interested parties may submit views, present data or arguments, orally or in writing, in support of or in opposition to a proposed policy.

The final vote for adoption shall take place not earlier than the second reading of the particular policy. Policy 1700: Uniform Complaint Procedure

Original Adopted Date: 02/10/2020 | **Revised Date:** 08/14/2023 | **Last Revised Date:** 10/13/2025

Uniform Complaint Procedure

The Board establishes this Uniform Complaint Procedure as a means to address complaints arising within the District. This Uniform Complaint Procedure is intended to be used for all complaints except those governed by a specific process in state or federal law that supersedes this process or governed by a collective bargaining agreement. Matters covered by a collective bargaining agreement will be reviewed in accordance with the terms of the applicable agreement.

This uniform complaint procedure shall be made available on the District's website at a location which shall be included in all handbooks issued by the District.

The District will seek to respond to and resolve complaints without resorting to this formal complaint procedure and, when a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of a complaint filed hereunder will not be impaired by a person's pursuit of other remedies. Use of this complaint procedure is not a prerequisite to pursuing other remedies and use of this complaint procedure does not extend any filing deadline related to pursuit of other remedies.

A complaint is appropriate under this policy when an individual believes the District, its Board of Trustees, or an employee of the District, has violated the individual's rights or the rights of their child under state or federal law or Board policy. A complaint is not appropriate and therefore subject to dismissal when the basis for the complaint is disagreement with an action or omission of the District under circumstances where there has been no violation of the individual's rights or the rights of their child. Complaints against a building administrator shall be filed with the Superintendent. Complaints against the Superintendent or District administrator shall be filed with the Board. Attempts to bypass this Uniform Complaint Procedure at any of its Levels shall be redirected by District officials at the appropriate Level.

Deadlines requiring District action in this procedure may be extended for reasons related but not limited to the District's retention of legal counsel and District investigatory procedures.

Level 1: Informal

An individual with a complaint is strongly encouraged to first attempt to resolve the complaint by discussing it with the appropriate employee or building administrator with the objective of resolving the matter promptly and informally in accordance with Policy 2158. If such resolution is not possible, the individual may choose to file a formal written complaint in accordance with specifications at Level 2. If, however, the complaint involves allegations of sexual harassment, informal resolution with the alleged harasser is not encouraged, and a sexual harassment complaint should instead be submitted to the District's Title IX Coordinator in accordance with District Policy 3225 or 5012

Level 2: Building Administrator

When a complaint has not been or cannot be resolved at Level 1, an individual may file a signed and dated written complaint stating: (1) a description of the event(s) or incident(s) giving rise to the complaint, including the approximate date, time, and location of the incident(s) or event(s), as well as the identities of any witnesses to the incident(s) or event(s); (2) an explanation of the rights the complaining party believes to have been violated; and (3) the remedy or resolution requested. The written complaint must be filed within thirty (30) calendar days of the event or incident or from the date an individual could reasonably become aware of such event or incident. The applicability of the deadline is subject to review by the Superintendent to ensure the intent of this uniform complaint procedure is honored.

When a complaint alleges violation of Board policy or procedure, the building administrator will investigate and attempt to resolve the complaint. The administrator will respond in writing to the complaint within thirty (30) calendar days of the administrator's receipt of the complaint.

If the complainant has reason to believe the building administrator's decision was made in error, the complainant may request, in writing, that the Superintendent review the building administrator's decision. (See Level 3.) This request must be submitted to the Superintendent within fifteen (15) calendar days of the administrator's decision.

When a complaint alleges sexual harassment or a violation of Title IX of the Education Amendments of 1972 (the Civil Rights Act), Title II of the Americans with Disabilities Act of 1990, or Section 504 of the Rehabilitation Act of 1973, the Administrator shall turn the complaint over to the applicable District nondiscrimination coordinator. The coordinator shall ensure an investigation is completed in accordance with the applicable procedure. In the case of a sexual harassment complaint, the applicable investigation and appeal procedure is Procedure 3225 or 5012. In the case of a Section 504 complaint, the coordinator shall complete an investigation and file a report and recommendation with the Building Administrator for decision. Appeal of a decision in a disability complaint will be handled in accordance with this policy.

Level 3: Superintendent

If the complainant appeals the administrator's decision provided for in Level 2, the Superintendent will review the complaint and the administrator's decision. The Superintendent will respond in writing to the appeal within thirty (30) calendar days of the Superintendent's receipt of the written appeal. In responding to the appeal, the Superintendent may: (1) meet with the parties involved in the complaint; (2) conduct a separate or supplementary investigation; (3) engage an outside investigator or other District employees to assist with the appeal; and/or (4) take other steps appropriate or helpful in resolving the complaint.

If the complainant has reason to believe the Superintendent's decision was made in error, the complainant may request, in writing, that the Board consider an appeal of the Superintendent's decision. (See Level 4.) This request must be submitted in writing to the Superintendent, within fifteen (15) calendar days of the Superintendent's written response to the complaint, for transmission to the Board.

Level 4: The Board

Upon written appeal of a complaint alleging a violation of the individual's rights under state or federal law or Board policy which the Board of Trustees has authority to remedy, the Board may consider the Superintendent's decision. It is the role of the Board to review the decision of the Superintendent for compliance with applicable District policies. It is not the role of the Board to reinvestigate the matter, and the Board is entitled to rely upon the facts determined during an investigation conducted at Level 2 or 3.

Upon receipt of written request for appeal, the Chair will either: (1) place the appeal on the agenda of a regular or special Board meeting, (2) appoint an appeals panel of not less than three Trustees to hear the appeal and make a recommendation to the Board, or (3) respond to the complaint with an explanation of why the appeal will not be heard by the Board of Trustees in accordance with this policy.

If the Chair appoints a panel to consider the appeal, the panel will meet to consider the appeal and then make written recommendation to the full Board. The Board will report its decision on the appeal, in writing, to all parties, within thirty (30) calendar days of the Board meeting at which the Board considered the appeal or the recommendation of the panel. If the matter is heard by the Board or by an appeals panel, the Board shall have the authority to uphold the decision of the Superintendent; to reverse the decision of the Superintendent; to remand the case back to the Superintendent for further investigation or other action deemed necessary by the Board; or any combination of the above.

Policy 2132: Student and Family Privacy Rights

Original Adopted Date: 0210/2020 | **Revised Date:** 05/13/2024 | **Last Revised Date:** 10/13/2025

Student and Family Privacy Rights

All fundamental parental rights are exclusively reserved to the parent of a child without obstruction or interference by a government entity as consistently recognized in state and federal courts and as required by state and federal law and District policy.

Surveys - General

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives as identified in Board Policy. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

Parental Rights Regarding Surveys

Except for information that is necessary and essential for establishing a student's education record or for a demographic survey to validate an achievement test used to gain admission to a post-secondary institution, parents shall have the right to:

(a) opt their child out of any personal analysis, evaluation, survey, or data collection by the District that does not require personally identifiable information; and

(b) opt their child in to any personal analysis, evaluation, survey, or data collection by a school district that requires personally identifiable information.

Surveys Created by a Third Party

Before the District administers or distributes a survey created by a third party to a student, the student's parent(s)/guardian(s) may inspect the survey upon request and within a reasonable time of their request.

This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Surveys Requesting Personal Information

School officials and staff members shall not request, nor disclose, the identity of any student who completes ANY survey containing one (1) or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian;
2. Mental or psychological problems of the student or the student's family;
3. Behavior or attitudes about sex;
4. Illegal, antisocial, self-incriminating, or demeaning behavior;
5. Critical appraisals of other individuals with whom students have close family relationships;

6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

The student's parent(s)/guardian(s) may:

1. Inspect the survey within a reasonable time of the request; and/or
2. Refuse to allow their child to participate in any survey requesting personal information. The school shall not penalize any student whose parent(s)/guardian(s) exercise this option.

No student in the District shall be required, as part of any applicable program, to submit to any survey, analysis, or evaluation that requests or requires the disclosure of the above-noted personal information in this section without the prior consent of the student (if the student is an adult or emancipated minor), or in the case of an unemancipated minor, without the prior written consent of the parent. This provision specifically documents the arrangements taken to protect student privacy in accordance with 20 USC § 1232h(c)(1)(a)(b).

Instructional Material

A student's parent(s)/guardian(s) may, within a reasonable time of the request, inspect any instructional material used as part of their child's educational curriculum.

The term "instructional material," for purposes of this policy, means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Collection of Personal Information From Students for Marketing Prohibited

The term "personal information," for purposes of this section only, means individually identifiable information including: (1) a student's or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) telephone number, or (4) a Social Security identification number.

The District will not collect, disclose, or use student personal information for the purpose of marketing or selling that information or otherwise providing that information to others for that purpose.

The District, however, is not prohibited from collecting, disclosing, or using personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions such as the following:

1. College or other post-secondary education recruitment or military recruitment;
2. Book clubs, magazines, and programs providing access to low-cost literary products;

3. Curriculum and instructional materials used by elementary schools and secondary schools;
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;
5. The sale by students of products or services to raise funds for school-related or education-related activities;
6. Student recognition programs.

Notification of Rights and Procedures

This policy shall be posted on the District's website and provided in a manner specified in accordance with law and policy. The Superintendent or designee shall notify students' parents/guardians of:

1. This policy as well as its availability from the administration office upon request;
2. How to opt their child out of participation in activities as provided in this policy;
3. The approximate dates during the school year when a survey requesting personal information, as described above, is scheduled or expected to be scheduled;
4. How to request access to any survey or other material described in this policy.

This notification shall be given parents/guardians at least annually at the beginning of the school year and within a reasonable period after any substantive change in this policy.

The rights provided to parents/guardians in this policy transfer to the student, when the student turns eighteen (18) years of age or is an emancipated minor.

Policy 3612: School-Provided Access to Electronic Information, Services, Equipment, and Networks

Original Adopted Date: 04/13/2020 | **Revised Date:** 05/09/2022 | **Last Revised Date:** 10/13/2025

District-Provided Access to Electronic Information, Services, Equipment, and Networks

General

The District makes Internet access and interconnected computer systems and equipment available to District students and faculty. The District provides equipment and electronic networks, including access to the Internet, as part its instructional program and to promote educational excellence by facilitating resource sharing, innovation, and communication.

The District expects all students to take responsibility for appropriate and lawful use of this access, including good behavior online. The District may withdraw student access to its equipment, network and to the Internet when any misuse occurs. District teachers and other staff will make reasonable efforts to supervise use of equipment, network, and Internet access; however, student cooperation is vital in exercising and promoting responsible use of this access.

Curriculum

Use of District equipment and electronic networks will be consistent with the curriculum adopted by the District, as well as with varied instructional needs, learning styles, abilities, and developmental levels of students, and will comply with selection criteria for instructional materials and library materials. Staff members may use the Internet throughout the curriculum, consistent with the District's educational goals.

Acceptable Uses

1. Educational Purposes Only. All use of the District's equipment and electronic network must be: (1) in support of education and/or research, and in furtherance of the District's stated educational goals; or (2) for a legitimate school business purpose. Use is a privilege, not a right. Students and staff members have no expectation of privacy in any materials that are stored, transmitted, or received via the District's electronic network or District computers. The District reserves the right to monitor, inspect, copy, review, and store, at any time and without prior notice, any and all usage of the equipment and computer network, and Internet access and any and all information transmitted or received in connection with such usage.

2. Unacceptable Uses of Equipment and Network. The following are considered unacceptable uses and constitute a violation of this policy:

    A. Uses that violate the law or encourage others to violate the law, including but not limited to transmitting offensive or harassing messages; offering for sale or use any substance the possession or use of which is prohibited by the District's student discipline policy; viewing, transmitting, or downloading pornographic materials or materials that encourage others to violate the law; intruding into the networks or

computers of others; and downloading or transmitting confidential, trade secret information, or copyrighted materials.

B. Uses that cause harm to others or damage to their property, including but not limited to engaging in defamation (harming another's reputation by lies); employing another's password or some other user identifier that misleads message recipients into believing that someone other than you is communicating, or otherwise using his/her access to the network or the Internet; uploading a worm, virus, other harmful form of programming or vandalism; participating in "hacking" activities or any form of unauthorized access to other computers, networks, or other information.

C. Uses that jeopardize the security of student access and of the computer network or other networks on the Internet.

D. Uses that are commercial transactions. Students and other users may not sell or buy anything over the Internet. Students and others should not give information to others, including credit card numbers and social security numbers.

E. Uses that violate the academic honesty requirements of Procedure 3310(2), including, but not limited to, use of District networks or equipment to access artificial intelligence or other online resources without prior authorization of the classroom teacher for the purpose of engaging in academic dishonesty.

Warranties/Indemnification

The District makes no warranties of any kind, express or implied, in connection with its provision of access to and use of its equipment, computer networks and the Internet provided under this policy. The District is not responsible for any information that may be lost, damaged, or unavailable when using the equipment, network, or for any information that is retrieved or transmitted via the Internet. The District will not be responsible for any unauthorized charges or fees resulting from access to the Internet. Any user is fully responsible to the District and will indemnify and hold the District, its trustees, administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from such user's access to its equipment, computer network, and the Internet, including but not limited to any fees or charges incurred through purchase of goods or services by a user. The District expects a user or, if a user is a minor, a user's parents or legal guardian to cooperate with the District in the event of its initiating an investigation of a user's use of access to its equipment, computer network, and the Internet.

Violations

Violation of this policy will result in a loss of access and may result in other disciplinary or legal action. The principal will make all decisions regarding whether a user has violated this policy and any related rules or regulations and may deny, revoke, or suspend access at any time, with that decision being final.
