Multilingual Learners

Instructional Strategies

Visuals

Show it, don't just say it! Pictures, diagrams, and real objects help students make sense of new ideas.

_____ and
_____ are similar
because _____.

Sentence Frames

Give students the building blocks for language! Sentence starters, stems, and frames help them speak and write confidently.

Wait Time

Pause after asking a question—students need time to think, process, and formulate responses in English. More wait = more voices!

Turn and Talk

Partner discussions let students practice language and share ideas safely. Adding them into your lesson is a great way to reinforce vocabulary and check for comprehension!
