

The background of the slide features a blurred image of pharmacy shelves stocked with various medications. In the foreground, two white capsules with blue bands are positioned diagonally. The text is overlaid on a dark blue geometric shape that cuts across the top left and bottom right of the image.

PRESCRIPTION INSURANCE ISSUE AT PHARMACIES

We've been made aware some employees currently on the health insurance plan are being told their health insurance is "cancelled" when filling prescriptions at the pharmacy.

Please ask the pharmacy to only enter the numbers before the dash (-).

If issue continues, please contact 268-6012 for assistance.
