3. Electronic Media and Communication devices handbook language
Handout: Executive summary of “will of the staff” from last staff meeting survey.
And current language in student handbook.
Start the school year with present handbook language. Reassess after October School Council Meeting.
Pilot possible : Students turn in their phones to pocket caddies at the start of class. Caddy will be located away from the classroom door. Collect at the end of class. Students can use phones in passing and during lunch in the cafe. This would coincide with an increase of consequence if a student is found with a phone during class.
Work on easier procedures for cell phone offence reporting. The present procedure is too time consuming and not conducive to being done in a timely manner during class / day.
