Rock Hill School's Workforce Development and Adult Education program experienced an amazing and busy September. We had several presentations and activities for our students.

Dr. Shante Pinkney-Taylor, the owner of Next Level Healthcare Institute, an allied health training school located in Rock Hill, conducted a resume writing presentation with our students.

WHAT'S NEW AT THE VIEW

We are grateful to have amazing partners that provide resources to our students and program!

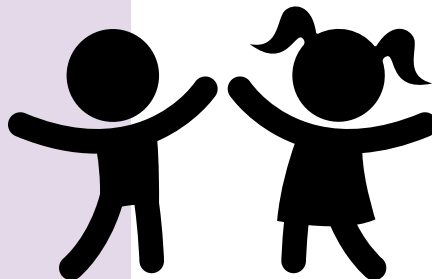

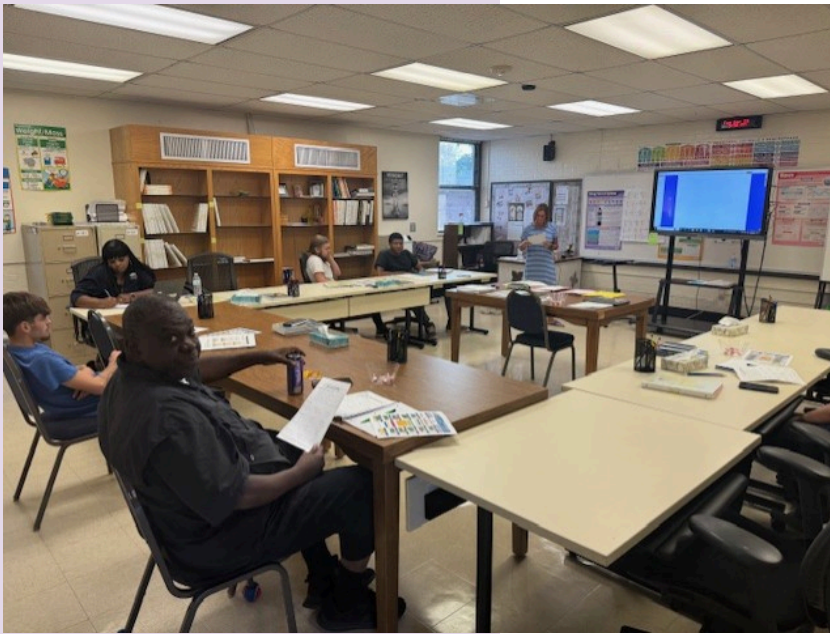

To celebrate National Adult Education & Family Literacy Week, ParentSMART hosted a family night for students and parents (PACT). The evening was filled with interactive activities centered around literacy.

WHAT'S NEW AT THE VIEW

In September, we also conducted a book study for National Adult Education & Family Literacy week, with our Adult Education students. We read several picture books that could also be read at home with their families.

WHAT'S NEW AT THE VIEW

In September we had a lot of students go above and beyond. We accomplished many successes in our WIN, NorthStar Digital Literacy program and in our GED programs. In order to accomplish their goal, some of our students took advantage of the beautiful, late summer, early fall weather by getting in extra study time. It all paid off!
