and

Fox Chapel School District

2025-2028

This Agreement is entered into by and between Fox Chapel Area School District (hereinafter referred to as the “School/District”) and Seton Hill University (hereinafter referred to as the “University”). This agreement sets out the terms and conditions of the dual credit program offered by these two institutions.

The University and the School/District do hereby agree to the following:

1. Term

The term of this agreement shall be from July 01, 2025 - June 30, 2028.

2. Student Eligibility

Standard Eligibility:

Students who meet all of the following criteria are qualified to participate in the Dual Credit Program:

1. The student is a high school junior or senior or the student is a high school sophomore and has demonstrated college-level ability in the specific content area. Ordinarily, enrollment in the natural sciences is reserved for high school juniors or seniors.
2. The student will be on track to fulfill graduation requirements by the end of his/her senior year based upon credits earned and required courses completed/scheduled.
3. The student has demonstrated proficiency in reading, writing, and mathematics as determined by School/District assessment.
4. The student has demonstrated ability and readiness for college-level coursework in the intended area of study as determined by the School/District.
5. The student has been verified to take CHS courses by the designated High School Liaison.

Note: Seton Hill University has the final approval of all potential CHS students.

In order to remain in the College in High School Dual Credit program, the School/District may require a student to maintain a grade point average of 3.0 and maintain a minimum grade of C (2.0) in each College in High School Dual Credit course in which they are enrolled.

Alternative Eligibility for Sophomores taking Natural Science Courses (not typical):

Sophomore high school students who would like to enroll in CHS natural science courses (Biology, Chemistry, Physics, Environmental Science, and Anatomy & Physiology) may be permitted to do so if they meet the following alternative criteria.

FOR ALL SOPHOMORE STUDENTS		
The student will be on track to fulfill graduation requirements by the end of his/her senior year based upon credits earned and required courses completed/scheduled.		
The student is a high school sophomore in an advanced studies or gifted education program.		
AND		
The student has a cumulative grade point average of 3.7 or better	OR	<p>FOR PENNSYLVANIA: The student has demonstrated <u>advanced</u> proficiency in the Biology Keystone Assessment.</p> <p>FOR ALL OTHERS: The student has demonstrated <u>advanced</u> proficiency in science as determined by School/District assessment</p>

Alternative Eligibility for Freshmen taking any CHS Course

Freshmen high school students who would like to enroll in CHS courses (other than Natural Science courses) may be considered eligible if they meet the following alternative criteria.

FOR ALL FRESHMAN STUDENTS (not taking Natural Science courses)		
The student will be on track to fulfill graduation requirements by the end of his/her senior year based upon credits earned and required courses completed/scheduled.		
The student is a high school freshman in an advanced studies or gifted education program.

OR	FOR ALL OTHERS: The student has demonstrated <u>advanced</u> proficiency in the related content area test as determined by School/District assessment

Note: Seton Hill University has the final approval of all potential CHS students.

3. Courses Offered

The following criteria apply to all courses covered by this Agreement:

- A. The courses are in academic subjects as defined by the Every Student Succeeds Act of 2015. These subjects include English, reading or language arts, mathematics, science, foreign language, civics and government, economics, arts, history, and geography. The ESSA expanded core subjects to include writing, technology, engineering, computer science, music, and health.
- B. Each course has a strong history of transfer as determined by the University's Registrar's Office.
- C. All courses will be evaluated by the University to assure the content and rigor meets the expectations of a college-level course.
- D. Not all students in a high school course that has CHS status must enroll for college credit. Students enrolled in a high school course that has CHS status are not considered enrolled in the course for dual credit unless they register for that course with Seton Hill University.
- E. Tuition for each 3-4 credit course will be \$235, paid to Seton Hill University. One credit courses are \$80. Note: No tuition is required for lab science courses when they are co-requisites to the lecture course. Tuition is subject to change with sufficient notification via an addendum to this document.

- F. Student, parent or guardian is responsible for CHS tuition and fees. The school district or other third party entity (such as a granting agency) may pay any costs related to a student enrolling in the course(s) offered.

4. Student Academic Credit

- A. The University will award credit to students who successfully complete courses associated with the Seton Hill University College in High School Program. The University will record this credit in the same manner as other students who take a course at the University.
- B. No retroactive course enrollment will be permitted once course registration for the relevant term has closed.

5. FERPA

The University is committed to providing an academically vigorous, safe, and secure environment for all individuals, which includes protecting the rights and the privacy of all students. The Family Educational Rights and Privacy Act of 1974 (FERPA), 20 U.S.C §1232g, is a federal law that sets forth the rights and protections that every student is entitled to.

FERPA expressly states that rights are transferred from the parent to the student when a student (1) reaches the age of 18, or (2) enrolls in a postsecondary institution, regardless of the student's age. If a student is dually enrolled in high school and the University, the two schools may exchange information pertaining to that student. Parents still retain the rights under FERPA at the high school if the student is a minor. In this case, parents may inspect and review records sent by the University to the high school. The University also permits direct disclosure of student information to parents in select circumstances.

To view the University's policy on Student Educational Records Privacy (FERPA), please visit this website: <https://setonhill.policytech.com/dotNet/documents/?docid=885&public=true>

6. Role of the Instructor

The following criteria apply to all instructors covered by this Agreement:

- A. All College in High School Dual Credit instructors will be approved by the University in order to teach in the program.
- B. A College in High School Dual Credit instructor will submit a resume or curricula vitae, a current, complete University formatted course syllabus, and a copy of the course final exam or project (including the project evaluation tool).
- C. Instructors will be considered an Adjunct of the University.
- D. Instructors will have access to and use of the Reeves Memorial Library.
- E. Instructors will submit grades in accordance with College in High School deadlines.

7. Grades

The Seton Hill University grade is based only on performance on the course examinations, projects, and assignments and is recorded on the official Seton Hill University transcript. CHS instructors, as regards the reporting of grades to Seton Hill, will establish their grading procedures in keeping with the University's policy. The grading procedure will be clearly explained on the course syllabus. CHS instructors must record letter grades (not percentages) electronically to the University's web portal after the last day of classes but no later than the date provided in the University grade submission instructions.

The following grading scale and quality points will be assigned per credit:

9. Non-Waiver of Breach. The failure of either party to enforce any provision of this Agreement shall not be construed as a waiver or limitation of that party's right to subsequently enforce and compel strict compliance with every provision of this Agreement.
10. Compliance with Applicable Law. WFS, and all agents, employees, and subcontractors of WFS, shall observe and comply with all applicable federal and state laws and regulations including, without limitation, the provisions of IDEA, relevant portions of the Pennsylvania Public School Code, FERPA, HIPAA, Pennsylvania Mental Health Procedures Act and all other applicable laws, rules, regulations and requirements of any and all governmental bodies having jurisdiction over services to be rendered by WFS.

WFS may not use students' personally identifiable information except as necessary for the performance of services pursuant to this Agreement.

11. Liability. The parties agree to indemnify and hold harmless the other party (the "Indemnified Party") and the other parties' officers, directors, employees and agents from and against all claims, damages, losses, costs, causes of action, expenses (including reasonable attorney's fees) and liabilities arising out of or as a result of any negligence, misconduct or omission of indemnifying party or its employees or agents. School District's indemnification obligation hereunder is subject to and limited by any immunities and/or limitations of liability provided by applicable law, including, but not limited to, the Political Subdivision Tort Claims Act. School District shall not be obligated to provide indemnification for any claim from which it is otherwise immune under applicable law or for any damages beyond any limitation of damages established by applicable law.
12. Severability. If any provision of this Agreement shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court finds that any provision of this Agreement is invalid and unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.
13. Governing Law. This Agreement shall be governed by, and construed under, the laws of the Commonwealth of Pennsylvania without giving effect to any conflict of law principles that would cause the application of the laws of any other jurisdiction to apply.
14. Amendment. This Agreement may be modified or amended if the amendment is made in writing and signed by both parties.
15. Authority to Contract. The parties represent and warrant to each other that they have the requisite power and authority to execute and enter into this Agreement and to perform hereunder and that all necessary actions and approvals (including, without limitation, approval of School District's school board, if necessary) have been duly obtained.
16. Construction. The parties acknowledge and agree that this Agreement is the product of their mutual negotiation and neither this Agreement nor any provision hereof shall be interpreted or construed against a party as its maker or drafter.
17. Force Majeure. In the event either party is delayed or prevented from the performance of any act required hereunder by reason of acts of God, natural disaster, fire, strike, weather,

acts of terrorism, or labor strife or strikes, such performance shall be excused for the period of such delay.

19. Entire Agreement. This Agreement contains the entire agreement of the parties and there are no other promises or conditions in any other agreement whether oral or written. This Agreement supersedes any prior written or oral agreement between the parties.
20. Independent Contractor. It is understood by the parties that WFS is an independent contractor with respect to the School District and that an individual providing services under this Agreement is not an employee of the School District. The School District will not provide fringe benefits, including health insurance benefits, paid vacation or any other employee benefit to said individual.

MASTER SERVICES AGREEMENT

THIS MASTER SERVICES AGREEMENT (“Agreement”) is entered into as of September 25, 2025 (“Effective Date”) between **MGT Impact Solutions, LLC** (“MGT”), with offices located at 4320 West Kennedy Boulevard, Tampa, FL 33609, and **Fox Chapel Area School District** (“Client”), located at 611 Field Club Road, Pittsburgh, PA 15238 collectively referred to herein as the “Parties”.

WHEREAS, MGT offers global technological, educational, organizational and staffing consulting solutions services to the public and private sectors;

WHEREAS, Client anticipates a need within its organization for MGT’s services; and

WHEREAS, the Parties intend for this Agreement to serve as the governing, contractual basis of MGT’s provision of future project-level services to Client.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. THIS AGREEMENT AND STATEMENTS OF WORK. The Parties enter into this Agreement to set forth the general terms and conditions that will govern MGT’s provision of services to Client. Such services will be subsequently agreed upon by the Parties in individual Statements of Work (“SOW”).

Each SOW will state all details required for the proper provision of project-level services, including scope, pricing, period of performance, and other required information (“Services”) each an Exhibit A, Statement of Work, attached hereto and incorporated into the Agreement. Unless otherwise stated in an SOW, all Services shall be performed remotely. Each SOW will require signature by both parties to be effective.

2. CONTRACT DOCUMENTS AND ORDER OF PRECEDENCE. The contract documents consist of this Agreement and all exhibits, attachments, amendments, and SOWs subsequently executed by the Parties and all exhibits, attachments, amendments, and other documents made a part of the SOW (“Contract Documents”). Upon signature by the Parties, all SOWs executed during the Term shall be considered incorporated into and made a part of this Agreement.

In the event of a conflict among the terms and conditions in this Agreement and any SOW, unless that SOW expressly states the intention for the SOW to control with regard to the conflicting term or condition, then this Agreement shall control. Any terms or conditions contained in documents issued by Client other than the Contract Documents, including purchase orders, shall be voidable at MGT’s discretion.

3. TERM. The term of this Agreement shall commence on the Effective Date and will continue for a period of one (1) year or until terminated in accordance with this Agreement.

4. TERMINATION. This Agreement or any individual SOW may be terminated with cause by either party: (a) if the other party materially breaches the terms of this Agreement and fails to cure the breach within thirty (30) calendar days following written notice specifying the breach, or (b) immediately upon written notice if the other party fails to comply with applicable law or regulation.

5. INSURANCE. During the Term of this Agreement and any SOW, MGT will maintain the minimum insurance coverages below. MGT shall provide Certificates of Insurance to Client upon request and as required under SOWs.

d.	Worker's Compensation	Per Statute
e.	Employer's Liability	\$1,000,000 each accident
f.	Professional Liability	\$5,000,000 aggregate

6. INTELLECTUAL PROPERTY. For purposes of this Agreement, "Intellectual Property" shall mean patented and unpatented inventions, mask works, copyrighted works, software, software development tools, methodologies, processes, technologies, algorithms, trade secrets, know-how, and proprietary information of either Party.

Each Party shall retain title to any Intellectual Property developed, authored, conceived, or reduced to practice independently and solely by that Party during the performance of this Agreement, without use of the other party's Intellectual Property.

Client shall exclusively own all rights, title, and interest in and to any and all materials, data, documentation, reports, designs, or other deliverables that are created, developed, or generated by MGT pursuant to this Agreement ("Work Product"). MGT retains ownership of all other Intellectual Property developed independently and used in connection with the services but grants the Client a fully paid, nonexclusive, irrevocable, worldwide license to use, reproduce, prepare derivative works, perform publicly, and display publicly any such Intellectual Property incorporated into the Work Product.

7. INDEMNIFICATION. To the extent permitted by law, each Party shall fully defend, indemnify and hold harmless the other Party and its officers, directors, employees, agents, representatives, successors and assigns (collectively, "Indemnified Parties") from any and all claims, demands, causes of actions, costs, expenses, liability, losses, or damages including attorney's fees and expenses ("Claims"), whether in law or in equity, for bodily injury, death or property damage arising out of, relating to or caused by, in whole or part, the negligence, errors, omissions or willful misconduct of the indemnifying party or its officials, officers, employees, subcontractors, consultants or agents, relating to or connected with performance under this Agreement, unless Claims are caused wholly by the sole negligence or willful misconduct of the Indemnified Parties.

A Party's indemnity obligations under this Section are contingent upon the indemnified party: a) promptly notifying indemnifying party of each claim; provided, however, that the indemnified party's failure to give prompt notice to the indemnifying party of any such claim shall not relieve the indemnifying party of any obligation under this Section except and to the extent that such failure materially prejudices the indemnifying party's ability to defend against such claim; b) providing the indemnifying party with sole control over the defense and/or settlement thereof, provided however, that indemnifying party shall not settle any claim that includes an admission of wrongdoing by indemnified parties or otherwise adversely affects indemnified parties' interests without prior consent; and c) at the indemnifying party's request and expense, providing full information and reasonable assistance to the indemnifying party with respect to such claim.

8. LIMITATION OF LIABILITY. MGT shall not be held liable for factors outside of its reasonable control, including losses or damages as a result of Client's provision of inaccurate data, or changing laws, regulations, political conditions.

TO THE EXTENT PERMITTED BY LAW AND EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT, NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR ANY INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF PROFITS, REVENUE, DATA OR DATA USE, OR LOSS OR INTERRUPTION OF BUSINESS, ARISING OUT OF ANY OF THE TERMS OR CONDITIONS OF THIS AGREEMENT OR WITH RESPECT TO ITS PERFORMANCE HEREUNDER, WHETHER ARISING OUT OF BREACH OF CONTRACT, BREACH OF WARRANTY, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY, STRICT LIABILITY OR ANY OTHER THEORY. THE FOREGOING LIMITATION OF LIABILITY AND

EXCLUSION OF DAMAGES APPLIES EVEN IF A PARTY HAD OR SHOULD HAVE HAD KNOWLEDGE OF THE POSSIBILITY OF SUCH DAMAGES.

To the extent permitted by law, except for actions or claims resulting from MGT's gross negligence or intentional or willful misconduct, MGT's total aggregate liability to Client shall be limited to the amount of compensation paid by Client to MGT under this Agreement in the twelve (12) months prior to the action giving rise to liability.

9. GOVERNING LAW, JURISDICTION AND VENUE. This Agreement shall be governed by and construed and interpreted in accordance with the laws of the Commonwealth of Pennsylvania, without regard to its conflict of laws principles, as to all matters including validity, construction, effect, enforceability, performance, and remedies. Client irrevocably submits to the exclusive jurisdiction of any state or federal court located in Allegheny County, Pennsylvania, for any legal action or proceeding arising out of or relating to this Agreement. Client further agrees that venue for any such action shall lie exclusively in such courts and hereby waives any objection to venue or forum non conveniens.

10. DISPUTE RESOLUTION PROCEDURE. In the event of a dispute, controversy or claim by and between the Parties arising out of matters related to this Agreement, the Parties will first attempt in good faith to resolve through negotiation any such dispute, controversy, or claim. Either party may initiate negotiations by providing written notice to the other party setting forth the subject of the dispute and the relief requested. The recipient of such notice will respond in writing within five (5) business days with a statement of its position on, and recommended solution to, the dispute. If the dispute is not resolved by this exchange of correspondence, then senior management representatives of each party with full settlement authority will meet at a mutually agreeable time and place within fifteen (15) business days of the date of the initial notice to exchange relevant information and perspectives and to attempt to resolve the dispute.

If the dispute is not resolved by negotiation, either party may commence mediation by written request to the other party. The Parties will cooperate in selecting a mediator and in scheduling the mediation proceedings. The mediation shall take place in Allegheny County, Pennsylvania. The Parties will participate in the mediation in good faith and will share equally in its costs. All offers, promises, conduct and statements, whether oral or written, made in the course of the mediation by either of the parties, their agents, employees, experts or attorneys, or by the mediator, are confidential, privileged and inadmissible for any purpose, including impeachment, in any litigation or other proceeding involving the parties; provided, however, that evidence that is otherwise admissible or discoverable shall not be rendered inadmissible or non-discoverable as a result of its use in the mediation.

Either party may seek equitable relief prior to the mediation to preserve the *status quo* pending the completion of that process. Except for such an action to obtain equitable relief, neither party shall commence a civil action with respect to the matters submitted to mediation until after the completion of the initial mediation session, at which time suit may be brought in any court of competent jurisdiction.

11. CONFIDENTIALITY. Each party shall maintain in confidence and protect from unauthorized disclosure all information exchanged between the Parties that is reasonably understood under the circumstances to be confidential, whether disclosed orally, in writing or marked as confidential ("Confidential Information").

The receiving party shall make all reasonable efforts to protect Confidential Information from disclosure to unauthorized third parties. Confidential Information may be disclosed to third parties with a need-to-know under the circumstances and who are bound by confidentiality obligations no less restrictive than those herein. Neither party shall use such Confidential Information except in performance of the Services. MGT may, however, disclose Client's name and the general nature of MGT's work for Client sales proposals.

The above obligations of confidentiality shall not apply to the extent that the receiving party can show that the relevant information (a) was at the time of receipt already in the receiving party's possession; (b) is, or becomes in the future, public knowledge through no fault or omission of the receiving party; (c) was received from a third-party having the right to disclose; or (d) is required to be disclosed by law.

12. FORCE MAJEURE. Neither party shall be liable or considered at fault for any delay (except for payment) resulting from circumstances beyond the party's reasonable control, including but not limited to fire, flood, earthquake, elements of nature, epidemics, global pandemics, quarantines, acts of God, acts of war, labor disputes, and supply chain disruptions ("Excusable Delays"). The delayed party shall notify the other party in writing upon the discovery of any significant Excusable Delay. During an Excusable Delay, the delayed party shall use reasonable efforts to mitigate costs and damages and to resume performance under this Agreement.

The Parties recognize that MGT's ability to timely perform under a SOW is contingent upon Client's timely provision of any agreed-upon data, personnel access, or other requirements. If Client's failure to provide to such data, access or other requirements causes significant delays to MGT's progression of Services, and MGT incurs losses or damages as a result, then the Parties shall negotiate and execute a SOW amendment for an equitable adjustment to the schedule and for additional costs. MGT shall provide all substantiating documentation of costs reasonably requested by Client in consideration for any equitable adjustment. Excusable Delays shall not give rise to an equitable adjustment.

13. FEES AND PAYMENT. Unless otherwise set forth in a SOW, all correct invoices submitted by MGT to Client shall be due and payable upon receipt. If Client disputes an invoice or portion thereof in good faith, then Client shall pay any undisputed portion and provide MGT with written notice of the dispute, in reasonable detail, and the Parties shall promptly meet to resolve such dispute. MGT reserves the right to impose an interest charge equal to the lesser of one and one-half percent (1.5%) per month or the maximum allowable by law in respect of any invoice which is outstanding for more than thirty (30) days. MGT may stop work after sixty (60) days of Client's non-payment of undisputed invoiced amounts.

14. MODIFICATION. This Agreement and any SOW shall only be modified by written amendment signed by the Parties. All signed amendments shall be deemed incorporated into this Agreement by reference.

15. NON-SOLICITATION. During the term of this Agreement and for a period of two (2) years following termination or expiration, neither party shall knowingly, directly or indirectly, solicit nor encourage the solicitation of any person who is, or was within a 12-month period prior to such solicitation, an employee of the other party or its affiliates that became known to the other party as a result of this Agreement, except with the prior written consent of the other party. This provision shall not restrict the right of either party to solicit by public advertisement.

16. ASSIGNMENT. Neither party may assign any rights nor delegate any duties or obligations under this Agreement without the express written consent of the other party. Notwithstanding the foregoing, MGT, or its permitted successive assignees or transferees, may assign or transfer this Agreement or delegate any rights or obligations hereunder without consent: (i) to any entity controlled by, or under common control with, MGT, or its permitted successive assignees or transferees; or (ii) in connection with a merger, reorganization, transfer, sale of assets or change of control or ownership of MGT, or its permitted successive assignees or transferees.

17. INDEPENDENT CONTRACTOR. It is expressly understood that at all times, while rendering the Services, MGT is acting as an independent contractor and not as an officer, agent, or employee of the Client. MGT shall not be required to keep specific work hours (except in the case of specific hours required under employee leasing contracts), equipment, or a specific office, and shall use independent means and methods for performing the Services. For all purposes, including Medicare, Social Security taxes, the Federal Unemployment Act ("FUTA"), income tax withholding, worker's compensation, and

unemployment insurance, MGT, its personnel and contractors will be treated and deemed independent contractors and not employees of Client.

18. NON-DISCRIMINATION/EQUAL EMPLOYMENT PRACTICES. Neither party shall unlawfully discriminate or permit discrimination against any person or group of persons in any matter prohibited by federal, state, or local laws. During the performance of this Agreement, neither party or their employees, agents, or subcontractors, if any, shall discriminate against any employee or applicant for employment because of age, marital status, religion, gender, sexual orientation, gender identity, race, creed, color, national or ethnic origin, medical conditions, physical disability, or any other classifications protected by local, state, or federal laws or regulations. The parties further agree to be bound by applicable state and federal rules governing equal employment opportunity and non-discrimination.

19. NOTICES. All legal notices required by this Agreement are deemed to have been given when notices are both (1) delivered by email to the email address below, and (2) following such email delivery, a mailed copy of the notice is delivered to the mailing address below.

20. WAIVER. The failure of either Party to insist on strict performance of any covenant or obligation under this Agreement, regardless of the length of time for which such failure continues, shall not be deemed a waiver of such Party's right to demand strict compliance in the future. No consent to or waiver of, express or implied, any breach or default in the performance of any obligation under this Agreement shall constitute a consent or waiver to or of any other breach or default in the performance of the same or any other obligation.

21. SEVERABILITY. If any provision of this Agreement shall be declared illegal or invalid for any reason, said illegality or invalidity shall not affect the remaining provisions hereof, but such illegal or invalid provision shall be fully severable, and this Agreement shall be interpreted and enforced as if such illegal or invalid provision had never been included herein.

23. SURVIVAL. The sections Term, Termination, Insurance, Indemnification, Limitation of Liability, Governing Law, Jurisdiction, Consent to Suit, Dispute Resolution Procedure, Confidentiality, and Non-Solicitation of this Agreement and the payment obligations described in any SOW shall survive the termination or expiration of the Agreement or SOW.

24. ENTIRE AGREEMENT. This Agreement and all exhibits constitute the entire and only agreement between the Parties. Each party acknowledges that in entering into this Agreement it has not relied on any representation or undertaking, whether oral or in writing, except for those expressly stated herein.

Any purchase order provided by the Client will be limited by, and subject to, the terms and conditions of this Agreement. Any conflicting terms in the Client's purchase order shall be deemed null, void, and without effect.

25. NON-EXCLUSIVITY. This Agreement is non-exclusive, and both Parties remain free to enter into similar agreements with third parties. During the term of this Agreement, MGT may perform Services for any other clients, persons, or companies as MGT sees fit, so long as the performance of such Services does not interfere with MGT's performance of obligations under this Agreement, and do not create a conflict of interest.

26. THIRD PARTY BENEFICIARIES. Except as specifically set forth herein, nothing in this Agreement is intended or shall be construed to confer upon any person or entity, other than the parties hereto and their successors or assigns, any rights or remedies under or by reason of this Agreement.

IN WITNESS WHEREOF, the Parties hereto have executed this Master Services Agreement.

Title	Hazing
Code	247
Status	First Reading

Last Revised	September 14, 2020
Last Reviewed	September 3, 2025

Purpose

The purpose of this policy is to maintain a safe, positive environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the district and are prohibited at all times.

Definitions

Hazing occurs when a person intentionally, knowingly or recklessly, for the purpose of initiating, admitting or affiliating a student with an organization, or for the purpose of continuing or enhancing membership or status in an organization, causes, coerces or forces a student to do any of the following:[\[1\]](#)

1. Violate federal or state criminal law.
2. Consume any food, liquid, alcoholic liquid, drug or other substance which subjects the student to a risk of emotional or physical harm.
3. Endure brutality of a physical nature, including whipping, beating, branding, calisthenics or exposure to the elements.
4. Endure brutality of a mental nature, including activity adversely affecting the mental health or dignity of the individual, sleep deprivation, exclusion from social contact or conduct that could result in extreme embarrassment.
5. Endure brutality of a sexual nature.
6. Endure any other activity that creates a reasonable likelihood of bodily injury to the student.

Aggravated hazing occurs when a person commits an act of hazing that results in serious bodily injury or death to the student and:[\[2\]](#)

1. The person acts with reckless indifference to the health and safety of the student; or
2. The person causes, coerces or forces the consumption of an alcoholic liquid or drug by the student.

Organizational hazing occurs when an organization intentionally, knowingly or recklessly promotes or facilitates hazing.[3][4]

Any activity, as described above, shall be deemed a violation of this policy regardless of whether: [5]

1. The consent of the student was sought or obtained, or
2. The conduct was sanctioned or approved by the school or organization.

Student activity or organization means any activity, society, corps, team, club or service, social or similar group, operating under the sanction of or recognized as an organization by the district, whose members are primarily students or alumni of the organization.[6][7]

For purposes of this policy, **bodily injury** shall mean impairment of physical condition or substantial pain.[8]

For purposes of this policy, **serious bodily injury** shall mean bodily injury which creates a substantial risk of death or which causes serious, permanent disfigurement, or protracted loss or impairment of the function of any bodily member or organ.[8]

Authority

The Board prohibits hazing in connection with any student activity or organization regardless of whether the conduct occurs on or off school property or outside of school hours.[4][5][7][9][10]

No student, parent/guardian, coach, sponsor, volunteer or district employee shall engage in, condone or ignore any form of hazing.

The Board encourages students who believe they, or others, have been subjected to hazing to promptly report such incidents to the building principal or designee.

Discrimination/Harassment

Every report of alleged hazing that can be interpreted at the outset to fall within the provisions of policies addressing potential violations of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of a hazing investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged hazing.[11][12]

Delegation of Responsibility

Students, parents/guardians, coaches, sponsors, volunteers, and district employees shall be alert to incidents of hazing and shall report such conduct to the building principal or designee.

When a student's behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community or others, district staff shall report the student to the threat assessment team, as set forth in Policy 236.1, in accordance with applicable law and Board policy.[13][14]

Guidelines

In addition to posting this policy on the district's publicly accessible website, the district shall inform students, parents/guardians, sponsors, volunteers and district employees of the district's policy prohibiting hazing, including district rules, penalties for violations of the policy, and the program established by the district for enforcement of the policy by means of [4] publication in handbooks, presentation at an assembly, and verbal instructions by the coach or sponsor at the start of the season or program.

This policy, along with other applicable district policies, procedures and Codes of Conduct, shall be provided to all school athletic coaches and all sponsors and volunteers affiliated with a student activity or organization, prior to coaching an athletic activity or serving as a responsible adult supervising, advising, assisting or otherwise participating in a student activity or organization together with a notice that they are expected to read and abide by the policies, procedures and Codes of Conduct.[7]

Complaint Procedure

A student who believes that they have been subject to hazing is encouraged to promptly report the incident to the building principal or designee.

Students are encouraged to use the district's report form, available from the building principal, or to put the complaint in writing; however, oral complaints shall be accepted and documented. The person accepting the complaint shall handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the student filing the complaint or those accused of a violation of this policy.

The Board directs that verbal and written complaints of hazing shall be provided to the building principal or designee, who shall promptly notify the Superintendent or designee of the allegations and determine who shall conduct the investigation. Allegations of hazing shall be investigated promptly, and appropriate corrective or preventative action be taken when allegations are substantiated. The Board directs that any complaint of hazing brought pursuant to this policy shall also be reviewed for conduct which may not be proven to be hazing under this policy but merits review and possible action under other Board policies.

Interim Measures/Police

Upon receipt of a complaint of hazing, the building principal or designee, in consultation with the Superintendent or designee, shall determine what, if any interim measures should be put in place to protect students from further hazing, bullying, discrimination or retaliatory conduct related to the alleged incident and report. Such interim measures may include, but not be limited to, the suspension of an adult who is involved, the separation of alleged victims and perpetrators, and the determination of what the complaining student needs or wants through questioning.

Those receiving the initial report and conducting or overseeing the investigation will assess whether the complaint, if proven, would constitute hazing, aggravated hazing or organizational hazing and shall report it to the police consistent with district practice and, as appropriate, consult with legal counsel about whether to report the matter to the police at every stage of the proceeding. The decision to report a matter to the police should not involve an analysis by district personnel of whether safe harbor provisions might apply to the person being reported, but information on the facts can be shared with the police in this regard.[15]

Referral to Law Enforcement and Safe Schools Reporting Requirements –

For purposes of reporting hazing incidents to law enforcement in accordance with Safe Schools Act reporting, the term **incident** shall mean an instance involving an act of violence; the possession of a weapon; the possession, use, or sale of a controlled substance or drug

paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use, or sale of alcohol or tobacco; or conduct that constitutes an offense listed under the Safe Schools Act.[\[16\]](#)[\[17\]](#)[\[18\]](#)

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents, as defined in the Safe Schools Act, committed by students on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity to the local police department that has jurisdiction over the school's property, in accordance with state law and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.[\[16\]](#)[\[17\]](#)[\[19\]](#)[\[20\]](#)[\[21\]](#)[\[22\]](#)

The Superintendent or designee shall notify the parent/guardian of any student directly involved in a defined incident as a victim or suspect immediately, as soon as practicable. The Superintendent or designee shall inform the parent/guardian whether or not the local police department that has jurisdiction over the school property has been or may be notified of the incident. The Superintendent or designee shall document attempts made to reach the parent/guardian.[\[17\]](#)[\[22\]](#)[\[23\]](#)

Authority

The Board respects employees' freedom of speech. Public school employees do not surrender their rights to free speech merely because of their status as an employee of the school district. The Board acknowledges the right of administrative, professional and support employees as **private** citizens in a democratic society to speak on issues of public concern.

The Board adopts this policy to clarify situations in which an employee's expression could conflict with the district's interests, **when the employee is not engaged in assigned duties. In such instances, the district, in coordination with the school solicitor, must balance the employee's interests regarding freedom of expression on issues of public concern as a private citizen against the interests of this district in promoting the efficient and effective functioning and educational purpose of the district.**

In situations in which a district employee is not engaged in the performance of assigned duties, **the employee's freedom of speech may be addressed when the employee's speech impacts efficiency or constitutes a reasonable likelihood of disruption, as indicated by any one of the following:**

- 1. Impairing discipline by superiors or harmony among co-workers;**
- 2. Having a detrimental impact on close working relationships requiring loyalty and confidence;**
- 3. Impeding the performance of the duties of the employee that conducted the speech; or**
- 4. Interfering with the operations of the school district.**

Any decisions based on the above listing shall take into consideration all of the facts of each individual situation and shall include consultation with the school solicitor.

In the event that the district awards subgrants, the district shall establish **written** procedures to:[29]

1. Assess the risk of **fraud and** noncompliance.
2. Monitor grant subrecipients to ensure compliance with federal, state, and local laws and Board policy and procedures.
3. Ensure the district's record retention schedule addresses document retention on assessment and monitoring.[18]

Compliance Violations

Employees and contractors involved in federally funded programs and subrecipients shall be made aware that failure to comply with federal law, regulations or terms and conditions of a federal award may result in the federal awarding agency or pass-through entity imposing additional conditions or terminating the award in whole or in part.[30][31]

Mandatory Reporting of Violations

An applicant, recipient or subrecipient of a federal award must promptly disclose whenever, in connection with the federal award (including any related activities or subawards) it has credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery or gratuity violations under Title 18 of the United States Code or a violation of the federal civil False Claims Act. The written disclosure must be made to the federal agency, the agency's Office of Inspector General, and pass-through entity (if applicable). Recipients and subrecipients are also required to report issues related to a recipient integrity and performance in accordance with Appendix XII to 2 CFR Part 200. Failure to make required disclosures can result in compliance violations.[32]

Whistleblower Protections

District employees may not be discharged, demoted or otherwise discriminated against as a reprisal for making a protected disclosure of information that the employee reasonably believes to be:[33][34]

1. **Evidence of gross mismanagement of a federal contract or grant; or**
2. **Gross waste of federal funds; or**
3. **An abuse of authority relating to a federal contract or grant; or**
4. **A substantial and specific danger to public health or safety; or**
5. **A violation of law, rule or regulation related to a federal contract, including the competition for or negotiation of a contract or grant.**

District employees may disclose such information to any of the following:

1. **The Superintendent or designee authorized to investigate, discover or address such misconduct.**

2. **A federal employee responsible for contract or grant oversight or management of the relevant agency.**
3. **An authorized official of the United States Department of Justice or other law enforcement agency.**
4. **A member of Congress or a representative of a committee of Congress.**
5. **A federal Inspector General.**
6. **The federal Government Accountability Office.**
7. **A court or grand jury, including providing evidence of misconduct in any judicial or administrative proceeding relating to waste, fraud or abuse on a federal contract or grant.**

A district employee who believes that they have been subjected to a reprisal for making a protected disclosure may submit a complaint to the Inspector General of the federal executive agency that is responsible for the relevant federal funding or federal contract. The federal agency and the agency's Inspector General have the authority to investigate such complaints and provide appropriate remedies for substantiated complaints.

The district shall provide written notification to employees of their rights and protections under the Whistleblower Law by posting notices on the district's website.

Allowability of Costs – Federal Programs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval from the state.

Delegation of Responsibility

When determining how the district will spend its grant funds, the Business Manager and/or Federal Programs Coordinator will review the proposed cost to determine whether it is an allowable use of federal grant funds *before* obligating and spending those funds on the proposed good or service. **The decision for such determination shall be in writing and provide justification for the allowability determination.**

Allowability Determinations

All costs supported by federal education funds must meet the standards outlined in **applicable laws and regulations, including but not limited to**, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E, which are listed below. The Business Manager and/or Federal Programs Coordinator must consider these factors when making an allowability determination. A section entitled, *Helpful Questions for Determining Whether Costs are Allowable*, is located at the end of this document.

Part 200 sets forth general cost guidelines that must be considered, as well as rules for specific types of items, both of which must be considered when determining whether a cost is an allowable expenditure of federal funds. The expenditure must also be allowable under the applicable program statute (e.g., Title I of the Elementary and Secondary Education Act (ESEA), or the Carl D. Perkins Career and Technical Education Act (Perkins)), along with accompanying program regulations, nonregulatory guidance and grant award notifications.

Restrictions in state and local rules or policy also must be considered. For example, travel and other job-related expenses incurred by employees are not allowable unless they also are in compliance with Board Policy 331 (Job Related Expenses) and related administrative regulations.

Whichever allowability requirements are stricter will govern whether a cost is allowable.

Except where otherwise authorized by law, determination factors **for allowability of costs** include the following:

1. **Be Necessary and Reasonable for the performance of the federal award.** A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision to incur the cost was made. For example, **reasonable** means that sound business practices were followed, and purchases were comparable to market prices.

When determining reasonableness of a cost, consideration must be given to:

- Whether the cost is a type generally recognized as ordinary and necessary for the operation of the district or the proper and efficient performance of the federal award.
- The restraints or requirements imposed by factors, such as: sound business practices; arm's-length bargaining; federal, state and other laws and regulations; and terms and conditions of the federal award.
- Market prices for comparable goods or services for the geographic area.
- Whether the individual incurring the cost acted with prudence in the circumstances considering responsibilities to the district, its employees, its students, the public at large, and the federal government.
- Whether the district significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the federal award's cost. (2 CFR 200.404)

Whether a cost is **necessary** will be determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the district can demonstrate that the cost addresses an existing need and can prove it. For example, the school entity may deem a language skills software program necessary for a Language Instruction Educational Program.

When determining whether a cost is necessary, consideration may be given to:

- Whether the cost is needed for the proper and efficient performance of the federal award program.
 - Whether the cost is identified in the approved budget or application.
 - Whether there is an educational benefit associated with the cost.
 - Whether the cost aligns with identified needs based on results and findings from a needs assessment.
 - Whether the cost addresses program goals and objectives and is based on program data.
2. **Allocable to the federal award.** A cost is allocable to the federal award **or other cost objective** if the **cost is** assignable to the federal award **or other cost objective** in accordance with the relative benefit received. This means that the federal grant program derived a benefit in proportion to the funds charged to the program. (2 CFR 200.405)

For example, if fifty percent (50%) of a teacher's salary is paid with grant funds, then that teacher must spend at least fifty percent (50%) of his/her time on the grant program.

3. **Consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the school entity.**
4. **Conform to any limitations or exclusions set forth as cost principles in 2 CFR Part 200 or in the terms and conditions of the federal award.**
5. **Consistent treatment.** A cost cannot be assigned to a federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been assigned as an indirect cost under another award.
6. **Adequately documented.** All expenditures must be properly documented. (2 CFR §200.300 through 200.309)

Direct cost allocation principles: If a cost benefits two (2) or more projects or activities in proportions that can be determined without undue effort or cost, the cost must be allocated to the projects based on the proportional benefit. If a cost benefits two (2) or more projects or activities in proportions that cannot be determined because of the interrelationship of the work involved, then the costs may be allocated or transferred to benefitted projects on any reasonable documented basis. (2 CFR 200.405)

7. **Be calculated in accordance with generally accepted accounting principles (GAAP), unless provided otherwise in 2 CFR Part 200.**
8. **Not included as a cost or used to meet cost-sharing requirements in either the current or a prior period, unless the specific federal program authorizes federal costs to be treated as such.** Some federal program statutes require the nonfederal entity to contribute a certain amount of nonfederal resources to be eligible for the federal program. (2 CFR 200.306)
9. **Administrative closeout costs may be incurred until the due date of the final report(s). If incurred, closeout costs must be liquidated prior to the due date of the final report(s) and charged to the final budget period of the award unless otherwise specified by the federal agency. All other costs must be incurred during the approved budget period. (2 CFR 200.308, 200.344)**
10. **Be the net of all applicable credits.** The term **applicable credits** refers to those receipts or reduction of expenditures that operate to offset or reduce **direct or indirect costs** allocable to the federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the **recipient or subrecipient** relate to the federal award, they shall be credited to the federal award, either as a cost reduction or a cash refund, as appropriate. (2 CFR 200.406)

Selected Items of Cost

Subpart E of Part 200 sets forth principles to be applied in establishing the allowability of specific cost items (commonly referred to as Selected Items of Cost), at 2 CFR **200.420-200.476**. These specific cost items are listed in the chart below along with the citation to the section of Subpart E addressing the allowability of that item. These principles are in addition to the other general allowability standards, and apply whether or not a particular item of cost is properly treated as direct cost or indirect (F&A) cost. Meeting the specific criteria for a listed item does not by itself mean the cost is allowable, as it may be unallowable under other standards or for other reasons, such as restrictions contained in the terms and conditions of a particular grant or restrictions established by the **recipient or subrecipient** or in Board policy. If an item is unallowable for any of these reasons, federal funds cannot be used to purchase it.

The fact that a particular item of cost is not listed is not intended to imply that it is either allowable or unallowable; rather, determination as to allowability in each case should be based on the treatment provided for similar or related items of cost and based on the principles described in applicable law and regulations. In case of discrepancy between the provisions of a specific federal award and the provisions below, the federal award governs. (2 CFR 200.102, 200.409, 200.420)

School district personnel responsible for spending federal grant funds and for determining allowability must be familiar with and refer to the Part 200 selected items of cost section. These rules must be followed when charging these specific expenditures to a federal grant. When applicable, employees must check costs against the selected items of cost requirements to ensure the cost is allowable, and also check **recipient, subrecipient**, district and program-specific rules.

The selected item of cost addressed in Part 200 includes the following (in alphabetical order):

Helpful Questions for Determining Whether Costs are Allowable -

In addition to applying the cost principles and standards described above, district staff involved in expending federal funds should ask the following questions when assessing the allowability of a particular cost:

1. Is the proposed cost allowable under the relevant program?
2. Is the proposed cost consistent with an approved program plan and budget?
3. Is the proposed cost consistent with program specific fiscal rules? For example, the school entity may be required to use federal funds only to supplement the amount of funds available from nonfederal (and possibly other federal) sources, or only as a match for funds from

nonfederal sources.

4. Is the proposed cost consistent with **applicable laws and regulations**?
5. Is the proposed cost consistent with specific conditions imposed on the grant (if applicable)?
6. Is the proposed cost consistent with the underlying needs of the program? For example, program funds must benefit the appropriate population of students for which they are allocated. This means that, for instance, funds allocated under Title III of the Elementary and Secondary Education Act (ESEA) governing language instruction programs for English Learner (EL) students must only be spent on EL students and cannot be used to benefit non-EL students.
7. Will the cost be targeted at addressing specific areas of weakness that are the focus of the program, as indicated by available data?
8. **Has this expenditure been reviewed by legal for compliance if there is any uncertainty?**

Any questions related to specific costs should be forwarded to the Business Manager and/or Federal Programs Coordinator, who shall consult with the school solicitor for clarification as appropriate.

Refunds

Payments made for costs determined to be unallowable by either the federal awarding agency, cognizant agency for indirect costs, or pass-through entity, must be refunded with interest to the federal government in accordance with instructions from the federal awarding agency that determined the costs are unallowable unless applicable statute or regulation directs otherwise. (2 CFR 200.410)

Cash Management – Federal Programs

Generally, the school district receives payment from the Pennsylvania Department of Education (PDE) **in advance, provided the district maintains both written procedures that minimize the time elapsing between the transfer of funds and disbursement, and financial management systems that meet the standards for fund control and accountability.** In circumstances **where the requirements for advance payment cannot be met, the district may use the reimbursement method.**

This attachment addresses the responsibilities of the district and district staff under those alternative payment methods. **In accordance with 2 CFR §200.305(b)(1), advance payments are the preferred method of payment. Reimbursement is used only when the requirements for advance payment cannot be met, as outlined in 2 CFR §200.305(b)(3).** In either case, the district shall maintain accounting methods and internal controls and procedures that assure those responsibilities are met.

When **available**, the district shall use existing resources within a program before requesting additional **cash payments**. Such resources include program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds. (2 CFR 200.305(b)(5)).

Payment Methods

Advances –

When the district receives advance payments of federal grant funds, it must minimize the time elapsing between the transfer of funds to the district and the expenditure of those funds on allowable costs of the applicable federal program. (2 CFR 200.305(b)). The district shall attempt to expend all advances of federal funds within seventy-two (72) hours of receipt.

Whenever possible, advance payment requests must be consolidated to cover anticipated cash needed for all federal awards received by the district. (2 CFR 200.305(b)(2)).

The district shall submit payment requests as often as necessary when electronic fund transfers are used or at least monthly when electronic transfers are not used. (2 CFR 200.305(b)(2)(ii)).

Reimbursements –

The Business Manager and/or Federal Programs Coordinator will request reimbursement for actual expenditures incurred under the federal grants quarterly.

Such requests shall be submitted with appropriate documentation and signed by the requestor.

Requests for reimbursements will be approved by the Business Manager and/or Federal Programs Coordinator.

Reimbursement will be submitted on the appropriate form to the PDE portal. All reimbursements are based on actual disbursements, not on obligations. PDE will process reimbursement requests within the timeframes required for disbursement.

Consistent with state and federal requirements, the school district will maintain source documentation supporting the federal expenditures (**invoices and receipts, time and payroll records, grant award letters, budget justifications, etc.**) and will make such documentation available for PDE to review upon request.

Reimbursements of actual expenditures do not involve interest calculations.

Accounting Methods/Internal Controls

The district shall hold federal advance payments in insured, interest-bearing accounts.

The school district is permitted to retain for administrative expense up to \$500 per year of interest earned on federal grant cash balances. Regardless of the federal awarding agency, interest earnings exceeding \$500 per year shall be remitted annually to the Department of Health and Human Services Payment Management System (PMS) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment. (2 CFR 200.305(b)(9)).

Pursuant to federal guidelines, interest earnings shall be calculated from the date that the federal funds are drawn down from the G5 system until the date on which those funds are disbursed by the district. Consistent with state guidelines, interest accruing on total federal grant cash balances shall be calculated on cash balances per grant and applying the actual or average interest rate earned.

Remittance of interest shall be the responsibility of the Business Manager and/or Federal Programs Coordinator.

Administration of Federal Funds

Type of Costs, Financial Obligations and Property Management

The district establishes and maintains Board policies, administrative regulations and procedures on administration of federal funds in federal programs as required by the Uniform Guidance and other federal, state and local laws, regulations and requirements. The district's financial management system includes internal controls and grant management standards in the following areas.

Direct and Indirect Costs

Direct costs – costs that can be identified specifically with a particular final cost objective, such as a federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy. **(2 CFR 200.1, 200.413)**

Examples of direct costs may include, but are not limited to, salaries and benefits of staff working directly on the federal program, travel costs for program-related training and equipment purchased specifically for the program.

Indirect costs – costs incurred for a common or joint purpose benefiting more than one (1) cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. **(2 CFR 200.1, 200.414)**

Examples of indirect costs may include, but are not limited to, salaries and benefits of Human Resource staff, network infrastructure and building maintenance and repairs.

Costs incurred for the same purpose in like circumstances must be treated consistently as either direct or indirect costs. (2 CFR 200.405, 200.413)

Identification with the federal award rather than the nature of the goods and services involved is the determining factor in distinguishing direct from indirect costs.

Direct and indirect costs shall be determined in accordance with law, regulations, the terms and conditions of the federal award, and the district's negotiated indirect cost rate.

The district shall develop an indirect cost rate proposal and cost allocation plan in accordance with law, regulations and the terms and conditions of the federal award.

Timely **Financial** Obligation of Funds

Financial Obligations – orders placed for property and services, contracts and subawards made, and similar transactions **that require payment by a recipient or subrecipient under a federal award that will result in expenditures by a recipient or subrecipient under a federal award.**

The following table illustrates when funds must be obligated under federal regulations:

Financial Obligation is for:	Financial Obligation is made:
Acquisition of real or personal property	On the date on which the district makes a binding written commitment to acquire the property
Personal services by a district employee	When the services are performed
Personal services by a contractor who is not a district employee	On the date on which the district makes a binding written commitment to obtain the services
Work other than personal services	On the date on which the district makes a binding written commitment to obtain the services
Public utility services	When the district receives the services
Travel	When the travel occurs
Rental of real or personal property	When the district uses the property
A pre-agreement cost that was properly approved by the Secretary under the cost principles in 2 CFR Part 200, Subpart E - Cost Principles	On the first day of the project period

34 CFR §75.707

All **financial** obligations must occur between the beginning and **planned** ending dates of the federal award project, which is known as the period of performance. The period of performance is dictated by law and regulations and will be indicated in the federal award. Specific requirements for carryover funds may be specified in the federal award and must be adhered to by the district. (2 CFR 200.309)

The district will handle **financial** obligations and carryover of state-administered and direct grants in accordance with state and federal law and regulations, and the terms and conditions of the federal award. Carryover will be calculated and documented by the Business Manager.

The district may exercise an extension of the period of performance in accordance with law, regulations and the terms and conditions of the federal award, when written notice is provided to the federal awarding agency at least ten (10) calendar days prior to the end of the period of performance. (2 CFR 200.308(d)(2))

The Business Manager and Federal Programs Coordinator will decide when an extension of the period of performance is necessary and will recommend that the Superintendent approve this process.

The Business Manager and Federal Programs Coordinator will develop the required written notice, including the reasons for the extension and revised period of performance; the notice will

be issued no later than ten (10) calendar days prior to the end of the currently documented period of performance in the federal award.

The district must seek approval from the federal awarding agency for an extension of the period of performance when the extension is not contrary to federal law or regulations, and the following conditions apply: **(2 CFR 200.308(d)(2))**

1. The terms and conditions of the federal award prohibit the extension;
2. The extension requires additional federal funds; or
3. The extension involves any change in the approved objectives or scope of the project.

The Business Manager Federal Programs Coordinator

will determine when an extension must be requested for approval by the federal awarding agency, draft the written request and notify the Superintendent of the requested extension.

When an extension to a federal award is approved, the period of performance will be amended to end at the completion of the extension. If termination occurs, the period of performance will be amended to end upon the effective date of termination. The start date of a renewal award begins a new and distinct period of performance. (2 CFR 200.309)

Management of Property Acquired with Federal Funds

Definitions -

Equipment – tangible personal property, including information technology systems, having a useful life of more than one (1) year and a per unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the recipient or subrecipient for financial statement purposes, or \$10,000.

Real Property – land, including land improvements, structures, and appurtenances, and legal interest in land, including fee interest, licenses, rights of way and easements. Real property excludes moveable machinery and equipment.

Personal Property – tangible or intangible property other than real property.

Supply – all tangible personal property other than those defined as equipment. Computing devices costing less than \$10,000 per unit qualify as supplies.

Insurance Coverage -

The recipient or subrecipient must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with federal funds as it provides to property and equipment owned by the recipient or subrecipient.

Contract and Purchasing Administration -

The district maintains internal controls, administrative regulations and procedures to ensure that contractors deliver goods and services in accordance with the terms, conditions and specifications of the designated contract, purchase order or requisition.

Property Classifications -

Property shall be classified as **equipment, supplies, computing devices and capital assets** as defined and specified in accordance with law, regulations and Board policy. (Pol. 622)

Inventory Control/Management -

All property purchased with federal funds, regardless of cost, will be inventoried as a safeguard.

Inventory will be received by the department or program requesting the item; designated staff will inspect the property, compare it to the applicable purchase order or requisition, and ensure it is appropriately logged and tagged in the district's property management system.

Items acquired will be physically labeled by source of funding and acquisition date.

Inventory records of **property** must be current and available for review and audit, and include the following information:

1. Description of the item.
2. Manufacturer's serial number or other identification number.
3. Identification of funding source.
4. **Who holds title of the property.**
5. Acquisition date and unit cost.
6. Source of items, such as company name.
7. Percentage of federal **contribution** used in the purchase **and identification of the federal award.**
8. Present location, use, condition of item, and date information was reported.
9. Pertinent information on the ultimate transfer, replacement or disposition of the item and sale price of the property.

Inventory will be updated as items are sold, lost or stolen, or cannot be repaired, and new items are purchased.

Equipment must be used in the program or project for which it was acquired for as long as needed, whether or not the project or program continues to be supported by a federal award. (2 CFR 200.313)

During the time that equipment is used on the project or program for which it was acquired, the recipient or subrecipient must also make the equipment available for use on other programs or projects supported by the federal government, provided that such use will not interfere with the purpose for which it was originally acquired. First preference for other use of the equipment must be given to other programs or projects supported by the federal agency that financed the equipment. Second preference must be given to programs or projects under federal awards from other federal agencies. Use for nonfederally-funded projects is also permissible, provided such use will not interfere with the purpose for which it was originally acquired. The recipient or subrecipient should consider charging user fees as appropriate. (2 CFR 200.313)

Physical Inventory -

Physical inventory of property will be completed by designated district staff in accordance with applicable federal and state law and regulation and Board policy. (Pol. 622, 706)

The physical inventory of items will be conducted **at least every two (2) years or more often if required by law or Board policy**, and the results will be reconciled with the inventory records and reported to the federal awarding agency. **(2 CFR 200.313)**

Maintenance -

The district establishes **regular** maintenance procedures to ensure that property is maintained in good condition in accordance with law, regulation and Board policy. (Pol. 704, 708, 710)

Safeguards -

The district ensures that adequate safeguards are in place to prevent loss, damage or theft of property:

1. Any loss, damage or theft **must be investigated, fully documented and reported to the federal agency or pass-through entity of any loss, damage or theft that will have an impact on the program. The Business Manager and/or Federal Programs Coordinator may also report the loss, damage or theft** to local law enforcement.
2. If stolen items are not recovered, the district will submit copies of the investigative report and insurance claim to the federal awarding agency.
3. The district may be responsible for replacing or repairing lost, damaged, destroyed or stolen items.
4. Replaced equipment is property of the originally funded program and should be inventoried accordingly.
5. District property may only be loaned in accordance with Board policy and administrative regulations. (Pol. 707, 708, 710)

Disposition of Property Acquired with Federal Funds –

When the district determines that real property, including land, land improvements, structures and accessories thereto, acquired under a federal award is no longer needed for the originally authorized purpose, the district must obtain disposition instructions from the federal awarding agency or pass-through entity administering the program, in accordance with applicable law and regulations. (2 CFR 200.311)

When the district determines that equipment or supplies acquired under a federal award are no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Business Manager and/or Federal Programs Coordinator will **follow the terms and conditions of the federal award, the disposition instructions in the Department of Federal Programs Administrative Manual on the PA Department of Education's website, and may** contact the federal awarding agency or pass-through entity administering the program to obtain disposition instructions.

Equipment with a current fair market value of \$10,000 or less per unit may be retained, sold or otherwise disposed of with no further responsibility to the federal agency or pass-through entity. For items with a fair market value greater than \$10,000 per unit, the federal awarding agency **or pass-through entity** is entitled to the federal share of the current market value or sales proceeds, **in accordance with applicable law and regulations.** (2 CFR 200.313, 200.314, 200.453)

Supplies acquired under a federal award will vest upon acquisition in the recipient or subrecipient. After the period of performance, if there is a residual inventory of supplies exceeding \$10,000 in total aggregate value, and the supplies are not needed for any other federal award the recipient or subrecipient may retain or sell the unused supplies which are new, have never been used or opened. The aggregate value of supplies consists of all supply types, not just like-item supplies. (2 CFR 200.314)

The federal agency or pass-through entity is entitled to compensation in an amount calculated by multiplying the percentage of the federal agency's or pass-through entity's contribution towards the cost of the original purchase(s) by the current market value or proceeds from the sale. (2 CFR 200.314)

The district may retain \$1,000 to cover expenses associated with the selling and handling of the equipment or supplies. (2 CFR 200.313, 200.314)

If the district will be replacing the equipment or supplies, the district may use the existing equipment or supplies as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property.

The Business Manager and Federal Programs Coordinator will be responsible for contacting the federal awarding agency and determining the process for disposition of equipment or supplies.

The district may use the following methods in disposing of unnecessary equipment or supplies acquired with federal funds:

Public auction and/or online sale – generally conducted by a licensed auctioneer.

Salvage – scrap sold to local dealers.

Negotiated sale – normally used when disposing of items of substantial value.

Sealed bid – normally used for items of substantial value or unique qualities.

Pre-priced sale – large quantities of obsolete or surplus equipment or supplies may be sold by this method.

Donation to charitable organizations, for equipment or supplies with little to no value.

Disposition to trash for equipment or supplies with no value.

The Business Manager will be responsible for maintaining records of obsolete and surplus property disposed of and will report to the federal awarding agency when required.

Monitoring Program Performance

The district will monitor activities of federally-funded programs to assure compliance with applicable laws, regulations, and federal requirements, and to ensure that performance expectations and cost-effective practices are being achieved.

Data on compliance and program performance shall be provided in the form, and at the time intervals required by the state and federal law or the federal awarding agency.

Procurement – Federal Programs

This document is intended to integrate standard district purchasing procedures with additional requirements applicable to procurements that are subject to the federal Uniform Guidance regulations, federal guidance of the Office of Management and Budget and/or U.S. Department of Agriculture (USDA) regulations governing school food service programs. The district maintains the following purchasing procedures, in accordance with federal and state laws, regulations and Board policy. (2 CFR **200.1**, 200.102, 200.318-200.325; 7 CFR 210.16, 210.19, 210.21, 215.14a, 220.16; 24 P.S. 120, 24 P.S. 504, 24 P.S. 508, 24 P.S. 521, 24 P.S. 607, 24 P.S. 609, 24 P.S. 751, 24 P.S. 807.1; 62 Pa. The district implements exceptions to the Micro-Purchase and Simplified Acquisition Threshold amounts announced by the federal Office of Management and Budget as part of its procurement procedures. **The state threshold of \$12,900 is not applicable to federal procurement thresholds.**

Responsibility for Purchasing

The Board has outlined standard district purchasing responsibility, methods of purchasing, price quotations and bid requirements in the following Board policies and their accompanying administrative regulations or procedures:

- Policy 610. Purchases Subject to Bid/Quotation
- Policy 611. Purchases Budgeted

Policy 612. Purchases Not Budgeted
Policy 613. Cooperative Purchasing

Purchase Methods

When a request for purchase of equipment, supplies or services has been submitted and approved as outlined below, the procurement method to be used will be determined based on the type of purchase and the total cost of the purchase as further outlined below. This procedure outlines how the cost thresholds for determining when the quote or formal bidding procedures that are required by state law as reflected in Policy 610 must be modified when making purchases for federally funded purposes to which the Uniform Guidance or USDA regulations apply, so as to comply with both state and federal requirements. At each point where requirements for food service-related procurement under USDA regulations differ, a note will refer to the Food Service Program Notes at the end of this procedure. Final determination of which purchasing procedures are to be applied is delegated to the Business Manager under the authority of the Board.

Standard Procurement Documents and Purchase Request Process

The district shall use purchase orders and/or requisitions for purchase requests in accordance with the applicable purchase method.

The district shall use paper and/or electronic purchasing records, which are pre-numbered and are accessible to designated purchasing staff in the Business Office.

Purchase requests by an employee must be submitted to the building administrator or immediate supervisor. Purchase of all budgeted items or items approved by an administrator or supervisor must be initiated by use of a purchase order or requisition submitted to the Business Manager.

Purchase orders and requisitions shall contain information including, but not limited to:

1. Description of the services to be performed or goods to be delivered.
2. Location of where services will be performed, or goods will be delivered.
3. Appropriate dates of service or delivery.

Documentation on purchase orders and requisitions shall be maintained in accordance with the district's Records Management Policy and records retention schedule. (Pol. 800)

Contracts shall be reviewed by the Board Secretary, Business Manager, Superintendent and school solicitor prior to submission to the Board for approval.

Contracts to which the Uniform Guidance apply shall contain the clauses specified in Appendix II to 2 CFR Part 200 (Contract Provisions for Non-Federal Entity Contracts Under Federal Awards), when applicable.

[See Additional Provisions for Food Service Programs below for specific clauses required by USDA regulations to be included in cost reimbursable procurement contracts.]

Micro-Purchases Not Requiring Quotes or Bidding

For purposes of this procedure, **micro-purchase** means a purchase of equipment, supplies or services for use in federally funded programs using simplified acquisition procedures, the aggregate amount of which does not exceed a base amount of \$10,000. The micro-purchase dollar threshold is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register or announced as an exception by the federal Office of Management and Budget shall apply if other than \$10,000.(48 CFR Subpart 2.1)

Note: The micro-purchase maximum for federal purposes is lower than the amount which the School Code allows purchase for nonfederal purposes to be made without obtaining at least three (3) written or telephonic quotes or using formal competitive bidding.

The micro-purchase method is used to expedite the completion of its lowest dollar small purchase transactions and minimize the associated administrative burdens and **reduce** costs. Procurement by micro-purchase is the acquisition of equipment, supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold.

To the extent practicable, the district distributes micro-purchases equitably among qualified suppliers when the same or materially interchangeable products are identified and such suppliers offer effectively equivalent rates, prices and other terms. The Business Manager will be responsible to determine the equitable distribution of micro-purchases.

Micro-purchases may be awarded without soliciting competitive quotations if the district considers the price to be reasonable. The district will maintain evidence of this reasonableness in the records of all micro-purchases. **Reasonable can be demonstrated through** sound business practices **documenting research, experience, purchase history, or other information.** Such determinations of reasonableness may include comparison of the price to previous purchases of the same item or comparison of the price of items similar to the item being purchased. **(2 CFR 200.320)**

Even if the cost of a purchase qualifies it as a micro-purchase, bidding or small purchase procedures may be used optionally when those procedures may result in cost savings.

Simplified Acquisition Procedures

For purposes of this procedure, **simplified acquisition procedures** are those relatively simple and informal procurement methods for securing equipment or supplies that cost more than the amount qualifying as a micro-purchase and do not cost \$23,800 or more, or in the case of services other than construction, maintenance or repair on school facilities, where the total cost does not exceed the \$250,000 federal Simplified Acquisition Threshold at which formal

competitive bidding or competitive proposals are required. **Simplified acquisition** procedures cannot be used for purchases of equipment or supplies or for construction, repair or maintenance services costing \$23,800 or more because the School Code requires formal competitive bidding at that level of cost.

The base amount at which bidding is required under state law for purchases of equipment, supplies and construction, maintenance or repair services on school facilities is adjusted for inflation annually, and the adjusted amount most recently determined and published in the Pennsylvania Bulletin shall apply if other than \$23,800. (24 P.S. Sec. 120)

The federal Simplified Acquisition Threshold at which competitive bidding or competitive proposals are required is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register or announced as an exception by the federal Office of Management and Budget shall apply if other than \$250,000. (48 CFR Subpart 2.1, 2 CFR 200.102)

Because state law does not require competitive bidding for the purchase of services other than construction, maintenance or repairs on school facilities regardless of total cost, **simplified acquisition** procedures may be used for procurement of such other services except when the estimated total cost will be at or over the federal threshold at which formal competitive bidding or competitive proposals are required (\$250,000).

A request for proposal (RFP) may be made for small purchases; however, the procurement process must comply with formal RFP procedures, including public notice.

[See Additional Provisions for Food Service Programs below for exemption from bidding for purchases of perishable food items costing less than \$250,000.]

If **simplified acquisition** procedures are used, written or telephonic price or rate quotations are obtained from at least three (3) qualified sources and records of quotes are maintained as provided in Policy 610. (Pol. 610)

Formal Competitive Bidding

Publicly Solicited Sealed Competitive Bids -

For purchases of equipment or supplies, or of services for construction, maintenance or repairs of school facilities, sealed competitive bids are publicly solicited and awarded to the lowest responsive and responsible bidder as provided in Policy 610 when the total cost is estimated to be \$23,800 or more. (Pol. 610)

Note: The amount at which formal competitive bidding or competitive proposals are required by federal regulations is much higher than the base amount at which the School Code requires competitive bidding. Therefore, the lower base amount specified by the School Code, as annually adjusted, is used to determine when bidding will be used for

purchases of equipment or supplies, or for obtaining services for construction, maintenance or repairs on school facilities. (24 P.S. Sec. 120)

State law does not require bidding for the purchase of services other than construction, maintenance or repairs on school facilities regardless of total cost. For procurement of such other services for federally funded purposes to which the Uniform Guidance applies, formal competitive bidding or competitive proposals will be used when the estimated total cost will be at or over the federal threshold of \$250,000.

The federal Simplified Acquisition Threshold at which competitive bidding or competitive proposals are required is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register or announced as an exception by the federal Office of Management and Budget shall apply if other than \$250,000. (48 CFR Subpart 2.1, 2 CFR 200.102)

For procurement of services costing at or over the \$250,000 federal threshold other than for construction, maintenance or repairs on school facilities, the use of competitive sealed bidding is considered feasible and appropriate when:

1. A complete, adequate, and realistic specification or purchase description is available;
2. Two (2) or more responsible bidders are willing and able to compete effectively for the business; and
3. The procurement lends itself to a firm fixed-price contract and the selection of the successful bidder can be made principally on the basis of price.

Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of. Any or all bids may be rejected if there is a **justified and** documented reason.

[See Additional Provisions for Food Service Programs below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]

Competitive Proposals -

State law does not require public school entities to solicit competitive bids for services other than construction, repairs or maintenance of school facilities, for which competitive bidding is required if the cost will be a base amount of \$23,800 or more. State law allows competitive proposals relating to work on facilities in lieu of bidding only in the context of guaranteed energy savings contracts.

Federal regulations allow the use of competitive proposals as an alternative to formal competitive bidding when conditions are not appropriate for the use of sealed bids.

In the case of services other than for construction, repairs or maintenance of school facilities costing less than that threshold, the district may use **simplified acquisition** procedures or micro-purchase procedures as applicable based on total cost. A request for proposal (RFP) process can also meet or exceed the small purchase competition requirements under state law and Policy 610 for the acquisition of services other than for construction, repairs or maintenance of school facilities, and can be used if the total cost will be less than \$250,000.

When permitted, the technique of competitive proposals is normally conducted with more than one (1) source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. Competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The district shall comply with other applicable state and federal law and regulations, Board policy and administrative regulations regarding purchasing; the district may consult with the school solicitor or other qualified counsel in determining the required process for purchasing through competitive proposals when necessary.

If this method is used, the following requirements apply:

1. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical.
2. Proposals must be solicited from an adequate number of qualified sources.
3. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

An alternative form of competitive proposal is permitted only for qualifications-based procurement of architectural and engineering services, in which price is not a selection factor and reasonable compensation is negotiated after source selection. This alternative is not permitted for procurement of other types of services.

Competitive proposals shall be evaluated by the Business Manager and/or Federal Programs Coordinator based on factors including but not limited to:

1. Cost, Experience of contractor, Availability, Personnel qualifications, Financial stability, Minority business, women's business enterprise, **veteran-owned business** or labor surplus area firm status, Project management expertise, Understanding of district needs.

Evaluations shall be completed in a timely manner, documented and shall be reviewed by the Business Manager and/or Federal Programs Coordinator.

Contract/Price Analysis

The district performs a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. (2 CFR 200.323(a)).

A **cost analysis** generally means evaluating the separate cost elements that make up the total price, while a **price analysis** means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the Business Manager and/or Federal Programs Coordinator must come to an independent estimate prior to receiving bids or proposals. (2 CFR 200.323(a)). As part of the analysis, the Business Manager will enact established business practices which may include evaluation of similar prior procurements and a review process.

Negotiated Profit

In any procurement in which there has been no price competition, or in which a cost-analysis is performed, profit must be negotiated separately as an element of price. Accordingly, solicitations of bids, proposals or quotes shall require that bids, proposals or quotes be limited to costs other than profit, and exclude profit.

To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work. (2 CFR 200.323(b)).

When profit must be negotiated as a separate element of the total price, it shall be negotiated by the Business Manager and/or Federal Programs Coordinator.

Noncompetitive Proposals (Sole Sourcing)

Procurement by noncompetitive proposals means procurement through solicitation of a proposal from only one (1) source and may be used only when one (**1**) or more of the following circumstances apply: (**2 CFR 200.320**)

- 1. The aggregate amount of the procurement transaction does not exceed the micro-purchasing provisions.**
- 2. The procurement transaction can only be fulfilled by a single source.**
- 3. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation. An **emergency** exists whenever the time required for the Board to act in accordance with regular procedures would endanger life or property or threaten continuance of existing school classes.**

4. The federal awarding agency or pass-through entity **provides written approval for noncompetitive procurement** in response to a written request from the **recipient or subrecipient**.
5. After solicitation of a number of sources, the **recipient or subrecipient** determines the competition is inadequate.

In addition to standard procurement policy and procedures, the district will **provide** the grounds, **including analysis and documentation**, for using the noncompetitive method in lieu of an otherwise required competitive method of procurement. A written confirmation from the contractor as the sole source of the item **may be included as a supplement to the district's record of analysis**. Documentation must be submitted to and maintained by the Business Office.

All noncompetitive proposals will ultimately be approved by the Board. The district may utilize legal advice from the solicitor regarding noncompetitive proposals.

Profit must be negotiated separately for noncompetitive proposals, and a cost or price analysis will also be performed for noncompetitive proposals when the price exceeds \$250,000.

Purchase Cards

The district approves the use of procurement cards for permissible purchases by designated employees to improve the efficiency of purchasing activities, reduce processing expenses, improve controls for small-dollar purchases, and streamline contractor payment.

Procurement cards may be used for purchases under federal programs. The use of procurement cards is governed by Board policy 625 Procurement Cards and established administrative regulations. (Pol. 625)

Full and Open Competition

All procurement transactions must be conducted in a manner providing full and open competition consistent with 2 CFR 200.319. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements. Some of the situations considered to be restrictive of competition include but are not limited to:

1. Placing unreasonable requirements on firms in order for them to qualify to do business.
2. Requiring unnecessary experience and excessive bonding.
3. Noncompetitive pricing practices between firms or between affiliated companies.
4. Noncompetitive contracts to consultants that are on retainer contracts.

5. Organizational conflicts of interest.
6. Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance or other relevant requirements of the procurement.
7. Any arbitrary action in the procurement process.

Scoring mechanisms that reward bidders that commit to specific numbers and types of U.S. jobs, minimum compensation, benefits, on-the-job-training for employees making work products or providing services on a contract, and other worker protections, may be assigned when consistent with established practices and legal requirements.

(2 CFR 300.319)

Minority Businesses, Women’s Business Enterprises, Veteran-Owned Businesses, Labor Surplus Area Firms

The district must take necessary affirmative steps to assure that minority businesses, women’s business enterprises, **veteran-owned businesses** and labor surplus area firms are **considered** when possible. **Such consideration means:** (2 CFR 200.321)

1. Placing **such** businesses on solicitation lists;
2. Assuring that **such businesses** are solicited whenever they are **deemed eligible as** potential sources;
3. Dividing total purchasing requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by **such businesses**;
4. Establishing delivery schedules, where the requirement permits, which encourage participation **by such businesses**;
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; **and**
6. Requiring the prime contractor, if subcontracts are let, to **apply these conditions to subcontracts.**

Prequalified Lists

The district must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure

maximum open and free competition. Also, the district must not preclude potential bidders from qualifying during the solicitation period.

[See Additional Provisions for Food Service Programs below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]

Solicitation Language

The district must ensure that all solicitations incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equivalent” description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

Avoiding Acquisition of Unnecessary or Duplicative Items

The district must avoid the acquisition of unnecessary or duplicative items. Additionally, consideration must be given to consolidating or breaking out procurements to obtain a more economical purchase; and, where appropriate, an analysis must be made of leases versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

These considerations are given as part of the process to determine the allowability of each purchase made with federal funds. Such considerations are accessible in the procedure attached to Policy 626: Allowability of Costs – Federal Programs.

Use of Intergovernmental Agreements and Cooperative Purchasing

To foster greater economy and efficiency, the district enters into state and local intergovernmental agreements where appropriate for cooperative purchasing or use of common or shared goods and services, as permitted by the Intergovernmental Cooperation Act, the School Code and the Commonwealth Procurement Code. (Pol. 613; 53 Pa. C.S. Ch. 23; 24 P.S. 521; 62 Pa. C.S. Ch. 19, **2 CFR 200.318 (e)**)

When procuring supplies or services for federally funded purposes to which the Uniform Guidance applies, the district shall verify **and document** that the organization conducting the

procurement pursuant to such agreements complies with the applicable procurement methods, requirements and standards of the Uniform Guidance as outlined in this procedure.

The district considers the use of federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

Recovered Materials

The recipient or subrecipient should, to the greatest extent practicable and consistent with law, purchase, acquire or use products and services that can be reused, refurbished or recycled; contain recycled content, are biobased, or are energy and water efficient; and are sustainable. This may include purchasing compostable items and other products and services that reduce the use of single-use plastic products. (2 CFR 200.323)

Debarment and Suspension

The district awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

[See Additional Provisions for Food Service Programs below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]

The district may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the district verifies that the contractor with whom the district intends to do business is not excluded or disqualified. (2 CFR Part 200, Appendix II, and 2 CFR 180.220 and 180.300).

All successful contractors must provide written certification that they have not been suspended or debarred from federal projects. The Business Manager and/or Federal Programs Coordinator will be responsible for verification. Such verification **to determine whether a potential subrecipient is subject to any suspension or debarment restrictions must include one of the following:**

1. Accessing the online federal System for Award Management (SAM); or
2. **Collecting a certification from that person; or**
3. **Adding a clause or condition to the covered transaction with that person. (2 CFR 180.300)**

Maintenance of Procurement Records

The district must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to, the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

Maintenance of records of procurement will be governed by Board policy 800 Records Management and the district's established records retention schedule. (Pol. 800)

Time and Materials Contracts

The district may use a time and materials type contract only: (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. **Time and materials type contract** means a contract whose cost to the district is the sum of: the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the district must assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

Settlements of Issues Arising Out of Procurements

The district alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the district of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

Protest Procedures to Resolve Dispute

The district maintains protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency. Protest procedures will be acted on in accordance with current state law and regulations, established district administrative regulations and the advice of the solicitor. (Pol. 610)

ADDITIONAL PROVISIONS FOR FOOD SERVICE PROGRAMS

Exemption from Bidding for Perishable Food Items -

The School Code exempts purchases of perishable food items from bidding requirements. Bidding for perishable food items is required only if the cost would be at or over the federal threshold at which formal competitive bidding is required (\$250,000). **Simplified acquisition** procedures may be used for purchases below \$250,000, or micro-purchase procedures for purchases below \$10,000. Use of bidding should be considered as an option if it is feasible and likely to result in cost savings.(24 P.S. 504(d))

Geographic Preferences -

The district is permitted to apply a geographic preference when procuring unprocessed locally grown or locally raised agricultural products. When a geographic preference is applied, the district has discretion to determine the local area to which the geographic preference option will be applied.

Unprocessed locally grown or locally raised agricultural products means only those agricultural products that retain their inherent character. The effects of the following food handling and preservation techniques shall not be considered as changing an agricultural product into a product of a different kind or character: cooling; refrigerating; freezing; size adjustment made by peeling, slicing, dicing, cutting, chopping, shucking, and grinding; forming ground products into patties without any additives or fillers; drying/dehydration; washing; packaging (such as placing eggs in cartons), vacuum packing and bagging (such as placing vegetables in bags or combining two (2) or more types of vegetables or fruits in a single package); the addition of ascorbic acid or other preservatives to prevent oxidation of produce; butchering livestock and poultry; cleaning fish; and the pasteurization of milk. 2. A food product that is processed in the United States substantially using agricultural commodities that are produced in the United States, **meaning over 51% of a food product must consist of agricultural commodities that were grown domestically.**

All procurement procedures, solicitations and contracts related to food service programs must include language regarding the *Buy American* requirements for food purchases.

The two main exceptions to the *Buy American* requirements are:

1. **The product is not produced or manufactured in the United States in sufficient and reasonably available quantities of a satisfactory quality; or**

2. Competitive bids reveal the costs of a United States product are significantly higher than the non-domestic product.

Mandatory Contract Clauses -

The following provisions shall be included in all cost reimbursable contracts for food services purchases, including contracts with cost reimbursable provisions, and in solicitation documents prepared to obtain offers for such contracts: (7 CFR 210.21, 215.14a, 220.16)

1. Allowable costs will be paid from the nonprofit school food service account to the contractor net of all discounts, rebates and other applicable credits accruing to or received by the contractor or any assignee under the contract, to the extent those credits are allocable to the allowable portion of the costs billed to the school food authority;
2. (a) The contractor must separately identify for each cost submitted for payment to the school food authority the amount of that cost that is allowable (can be paid from the nonprofit school food service account) and the amount that is unallowable (cannot be paid from the nonprofit school food service account); or

(b) The contractor must exclude all unallowable costs from its billing documents and certify that only allowable costs are submitted for payment and records have been established that maintain the visibility of unallowable costs, including directly associated costs in a manner suitable for contract cost determination and verification;
3. The contractor's determination of its allowable costs must be made in compliance with the applicable departmental and program regulations and Office of Management and Budget cost circulars;
4. The contractor must identify the amount of each discount, rebate and other applicable credit on bills and invoices presented to the school food authority for payment and individually identify the amount as a discount, rebate, or in the case of other applicable credits, the nature of the credit. If approved by the state agency, the school food authority may permit the contractor to report this information on a less frequent basis than monthly, but no less frequently than annually;
5. The contractor must identify the method by which it will report discounts, rebates and other applicable credits allocable to the contract that are not reported prior to conclusion of the contract; and
6. The contractor must maintain documentation of costs and discounts, rebates and other applicable credits, and must furnish such documentation upon request to the school food authority, the state agency, or the department.

Contracts with Food Service Management Companies -

Procedures for selecting and contracting with a food service management company (FSMC) shall comply with guidance provided by the Pennsylvania Department of Education, Division of Food and Nutrition, including standard forms, procedures and timelines for solicitation, selection and approval of proposals and contracts. The district will comply with the written standards of conduct in Policy 827. Conflict of Interest which governs the actions of employees and Board members regarding the selection, award and administration of contracts.

No employee or Board member may participate in the selection, award or administration of a contract supported by a federal award if ~~s/he~~ **they has have a real or apparent conflict of interest as well as any other circumstance in which the employee, Board member, any member of ~~his/her~~ **their** immediate family, ~~his/her~~ **their** business partner, or an organization which employs or is about to employ any of them, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. (2 CFR 200.318)**

Violations of the standards of conduct by employees may result in disciplinary action up to and including discharge, fines and possible imprisonment. Disciplinary actions shall be consistent with Board policies, procedures, applicable collective bargaining agreements and state and federal law.

Grant Subrecipient Monitoring Procedures – Federal Programs

In the event the district disperses federal funds received through a federal award to other entities and assigns responsibilities to the outside entity to conduct a portion of the work, the district shall be responsible for determining, on a case-by-case basis, whether the agreement with such entity places the outside entity in the role of a subrecipient receiving a subaward of federal funding, or the role of a contractor.

If the district grants subawards of federal funding to other entities as subrecipients, the district shall be responsible for:

1. Evaluating the entity for risk of noncompliance to determine appropriate monitoring practices.
2. Monitoring the subrecipient entity's implementation to ensure compliance with federal, state and local laws, conditions of the federal funding award, and Board policy and procedures.
3. Notifying the subrecipient entity of identified deficiencies found during the monitoring process and ensuring that identified deficiencies are corrected.
4. Documenting and retaining records on subrecipient identification, notification, evaluation, monitoring and corrective actions taken.

Definitions

For purposes of policies and procedures related to federal programs, the following definitions shall apply:

Contract – for the purpose of federal financial assistance, a legal instrument by which a recipient or subrecipient conducts procurement transactions under a federal award.

Contractor – an entity that receives a contract.

Participant – generally an individual participating in or attending program activities under a federal award, such as trainings or conferences, but who is not responsible for implementation of the federal award. Examples include community members participating in a community outreach program, students, conference attendees or a member of the public whose input is sought.

Subaward – an award provided by a pass-through entity to a subrecipient in order to carry out part of a federal award received by the pass-through entity. It does not include payments to a contractor, **participant** or payments to an individual that is a beneficiary of a federal program. A

subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient – an entity that receives a subaward **from a pass-through entity** to carry out part of a federal program; but does not include a **participant or** an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other federal awards directly from a federal awarding agency.

Subrecipient Versus Contractor

The district must determine, on a case-by-case basis, whether an entity receiving funds from the district as part of a federal funding program serves in a role of subrecipient or contractor. (2 CFR **200.331**)

The Federal Programs Coordinator and Business Manager shall be responsible for analyzing the criteria listed in the chart below and evaluating the relationship with the entity based on the substance of the **relationship**, rather than the form of the agreement. The Federal Programs Coordinator and Business Manager may consult with the school solicitor or other qualified counsel in making such determination.

 3. Any additional requirements that the pass-through entity imposes on the subrecipient for the pass-through entity to meet its own responsibility to the federal awarding agency including **information and certifications required for submitting** financial and performance reports; **(2 CFR 200.415)**
 4. An approved indirect cost rate negotiated between the subrecipient and the federal government or, if no **approved** rate exists, either a rate negotiated between the pass-through entity and the subrecipient (**2 CFR 200.332**), or a de minimis indirect cost rate as defined in §200.414 Indirect (F&A) costs, paragraph (f). **The pass-through entity must not require the use of the de minimis indirect cost rate if the subrecipient has an approved indirect cost rate negotiated with the federal government. 2. The results of previous audits, including whether the subrecipient receives a single audit and the extent to which the same or similar subaward has been audited **as a major program**;
3. Whether the subrecipient has new personnel, or new or substantially changed systems and processes;
4. The extent and results of any federal award agency's monitoring of the subrecipient.

The Federal Programs Coordinator and Business Manager or designee shall request adequate documentation from the subrecipient to conduct the evaluation of risk; such documentation may include, but shall not be limited to, audit reports, financial reports, policies and procedures, detailed descriptions or users' guides of current systems and processes.

The district shall evaluate subrecipients for risk of noncompliance as specified in the legal agreement or contract.

Based on the results of the risk evaluation, the district may consider imposing specific conditions on implementation of the subaward and **shall notify the federal agency of the specific conditions**, in accordance with applicable law and regulations. (2 CFR 200.207, **200.332**)

Monitoring

The district shall monitor the **overall performance, including** implementation and activities of each subrecipient as necessary to ensure that the subaward is used for authorized purposes **and that the performance goals are achieved**, in accordance with law, regulations and the terms and conditions of the subaward. As part of the monitoring process, the district shall: (2 CFR **200.332**)

Significant developments include Single Audit findings related to the subaward, other audit findings, site visits, and written notifications from a subrecipient of adverse conditions which will impact their ability to meet the milestones or the objectives of a subaward. When significant developments negatively impact the subaward, a subrecipient must provide the pass-through entity with information on their plan for corrective action and any assistance needed to resolve the situation.**
3. Issue a management decision for audit findings pertaining to the subaward provided to the subrecipient, in accordance with applicable law and regulations. (2 CFR 200.521)
4. **Resolve audit findings specifically related to the subaward. However, the pass-through entity is not responsible for resolving cross-cutting audit findings that apply to the subaward and other federal awards or subawards. If the subrecipient has a current Single Audit report and has not been excluded from receiving federal funding, the pass-through entity may rely on the subrecipient's cognizant agency findings. (2 CFR 200.513)**

Monitoring – Delegation of Responsibility

The Federal Programs Coordinator and Business Manager or designee shall be responsible for the monitoring of subrecipients. Monitoring activities may include, but shall not be limited to:

The district shall verify that subrecipients are audited as required by applicable law and regulations. (2 CFR **200.332**, 2 CFR 200.500-200.521, Pol. 619)

Follow-Up Actions –

The Federal Programs Coordinator and Business Manager or designee shall provide subrecipients with written documentation detailing their monitoring results and listing any identified deficiencies. The district shall consider whether the results of monitoring indicate the need to revise existing district policy and procedures **or the need to take other enforcement action.** (2 CFR **200.332**)

The district may impose specific conditions on the subrecipient, in accordance with applicable law and regulations. (2 CFR **200.208**)

The district shall require subrecipients to take immediate action on issues involving ineligible or illegal use of federal funding and notify the district of corrective action taken.

The district shall require subrecipients to develop a corrective action plan to address other identified deficiencies or noncompliance issues; such plan shall be submitted to the district as specified in the agreed-upon procedures,

and the district shall evaluate and monitor the activities taken by the subrecipient under the corrective action plan. The district may provide technical assistance and/or training to subrecipients in complying with corrective action requirements.

The Federal Programs Coordinator and Business Manager or designee shall maintain all documentation on monitoring of subrecipients, and corrective action taken during the monitoring process.

The district shall report issues of noncompliance to the appropriate federal agency where required by law, regulations, or requirements of the federal funding program.

Remedies for Noncompliance –

When monitoring activities identify issues of noncompliance that are not addressed through corrective action, the district may take the following actions: (2 CFR 200.332, 200.339)

1. Temporarily withhold payments, **until the recipient or subrecipient takes corrective action.**
2. Disallow or deny use of funds for all or part of the cost of the activity or action **associated with noncompliance of the recipient or subrecipient.**

The Federal Programs Coordinator and Business Manager shall ensure that all documentation regarding subrecipient identification, notification, evaluation, monitoring activities and corrective action is maintained in accordance with Board policy and procedures. (Pol. 800)

Records shall be retained in accordance with applicable law, regulations, specific requirements of the federal program and the district's records retention schedule. (2 CFR 200.334-200.338, Pol. 800)

Purpose

The Board recognizes the vital role parents/guardians and family play in the education, welfare and values of their children. The district is committed to the belief that all students can learn and acknowledges that schools and families share a commitment to the educational success of students.

Definition

Parental and family involvement shall be defined as an ongoing process that assists parents/guardians and families to meet their basic obligation as a child's first educator, promotes clear two-way dialogue between home and school, and supports parents/guardians as leaders and decision-makers concerning the education of their children at all levels.

Authority

The Board recognizes that the responsibility for each student's education is shared by the school and the family and acknowledges that schools and families must work as knowledgeable, cooperative partners to effectively educate all students. To this end, the Board shall support the development, implementation, and continuing evaluation of a parental and family involvement program that will involve parents/guardians at all grade levels in a variety of roles.

Guidelines

Because parents/guardians are familiar with the needs, problems and abilities of their children, staff should communicate with and seek their input throughout the school year.

The parental and family involvement program may include the following:

1. Support for parents/guardians as school leaders and decision-makers, in addition to serving in advisory roles.
2. Promotion of clear two-way communication between the school and the family about school programs and student progress.

3. Assistance to parents/guardians and families in developing parenting skills to foster positive relationships at home, to support children's educational efforts, and to assist their children with learning at home.
4. Involvement of parents/guardians, with appropriate training, in instructional and support roles at the school.

BOARD OPERATIONS GUIDELINES

APPROVED: May 10, 2010

REVISED: September 3, 2025

APPROVED: April 4, 2022

004-BOG-3. FILLING A BOARD VACANCY

The Board has thirty (30) days to fill a vacancy when the vacancy occurs by reason of death, resignation, removal from the district or a region of the district, or otherwise. The Board will strive to appoint a candidate with a deep commitment to public education and to all students in the district.

A Board member who is resigning will submit a written resignation to the Board in a timely manner.

If the Board fails to act within thirty (30) days to fill the vacancy or is unable to attain a majority vote of the remaining Board members, it may continue its efforts to fill the vacancy, unless ten (10) or more resident taxpayers file a petition with the Court of Common Pleas.

If the Board fails to act within thirty (30) days to fill the vacancy and no petition is filed with the Court, the Board may vote beyond the 30-day deadline to appoint a candidate to fill the vacancy.

When a Board vacancy occurs, the district may fill the vacancy or advertise the vacancy, establish timelines, seek resumés of applicants, and advertise the deadline for submission of applications. Candidates must be qualified electors of the district.

If advertised, the Board will publicly deliberate and choose candidates to be interviewed.

Interviews Of Candidates

All candidates' interviews will be held at an advertised meeting open to the public. Only one (1) candidate will be present in the room during each interview.

Each candidate will be allowed two (2) minutes to make an opening statement.

Board members will ask each candidate the same questions. Questions asked of the candidates may include the following:

1. Why are you interested in serving on the School Board?

004-BOG-3. FILLING A BOARD VACANCY

2. What do you perceive to be the responsibilities of the School Board?
3. How do you think the school district can improve students' academic achievement and the staff's professional development?
4. What are the strengths of our school district?
5. What are the challenges facing our school district?
6. What qualities, skills and experience would you bring to the Board?
7. If you were faced with a tough issue as a Board member, such as raising taxes or cutting programs, what kind of data would you need to help you make your decision?
8. What do you believe would be your biggest challenges as a Board member?
9. What are the biggest challenges facing public education today?

The Board will deliberate at an advertised public meeting regarding the selection of a candidate to fill a vacancy.

A majority vote of the seated Board members will be required to fill a vacancy.

**The Board of School Directors
of the Fox Chapel Area School District**
announces a vacancy in Region ____.

The Board invites all eligible residents of the Fox Chapel Area School District residing in Region ____ to apply to fill this vacancy. Region ____ includes _____. The person appointed will serve until _____.

To be eligible to be elected or appointed to a Pennsylvania school board, one must be:

- A citizen of Pennsylvania.
- Of good moral character.
- At least 18 years old.
- A resident of the school district for at least one year prior to election or appointment. An individual may be ineligible to run for or hold the office of school director subject to state or federal law. The following items do not constitute an exhaustive list of legal requirements related to eligibility. Other state and federal laws may determine eligibility.
- The PA Constitution bars from elective office anyone convicted of an "infamous" crime, which the courts have interpreted to include various misdemeanors based on the nature of the crime and all felonies.
- Section 324 of the PA School Code prohibits school directors from being employed by, or doing business with, the district where they are elected or appointed, subject to certain exceptions. These prohibitions remain in effect for the duration of the term for which the school director was elected or appointed, even if the person leaves office before the term expires. The employment prohibition contains exceptions for specific positions. Also, the business prohibition contains an exception that would require an interpretation of the PA Public Official and Employee Ethics Act. For more information, contact the Pennsylvania State Ethics Commission at (800) 932-0936.
- Section 322 of the School Code contains a list of municipal offices that are incompatible with holding the office of school director. County, borough, and township codes also contain their own restrictions for holding offices concurrently.
- The Hatch Act, a federal statute, prohibits federal employees, and some state and local government employees whose job functions "involve" federal funding, from running for partisan elective office. The Hatch Act only prohibits running for election, but does not prohibit holding the office, if appointed. For more information, visit the U.S. Office of Special Counsel's website at <http://www.osc.gov/hatchact.htm>.
- The military services have regulations similar to the Hatch Act, but not always coextensive, which may prohibit both holding the office as well as running for it.

Safety Incentive Program

Fox Chapel Area School District Safety Incentive Program Guidelines

October 1, 2025 – May 31, 2026

The Fox Chapel Area School District recognizes the value that a healthy and safe workplace can provide to its employees, students, and visitors. As a result, FCASD is continuing its Safety Incentive Program. We want to encourage all employees to engage in safe and healthy work practices. (In 2013, we introduced our first Safety Incentive Program. In comparison to our baseline year of 2013, we have experienced savings for our Workers' Compensation Insurance.)

Who is eligible?

At this time, all FCASD employees are eligible. Employees on district-approved leaves must have an 80% attendance rate in order to be eligible.

What makes an employee eligible to participate?

Employees are eligible if they meet the following criteria:

1. Must be an employee of the Fox Chapel Area School District.
2. Employees must remain **accident-free** to qualify for the incentive.
3. **Accident-free** includes "report only" claims. In the event the status of a claim is changed ~ *after the initial injury report has been filed* ~ from a "report only" to a "medical" or "lost time" claim, the employee eligibility will be affected.

What incentives are provided?

As per the IRS Income Tax Regulations, gross income includes compensation for services, including fees, commissions, fringe benefits, and similar items. Winnings of \$100 or more are subject to payroll taxes.

Monthly Raffle:

A raffle will be held between October and May to draw names for eligible employees from each building. Each building will have a name drawn for every 50 employees.

For example, Hartwood currently has 60 employees so they would have 1 employee drawn monthly for a total of 10 winners in the current school year; the high school currently has 196 employees (including administration) so they would have 3 employees drawn monthly for a total of 30 winners in the current school year. However, these numbers may change depending on the employee count report for each building, which is pulled monthly.

Each winner will receive a \$50 gift card to Giant Eagle. Once an employee's name is pulled, they cannot win again in that school and calendar year. This will allow winners from every building yearly.

How are winners notified?

We will do a spin wheel generator per building, screen record the spin wheel, and forward that to each building via email. Gift cards will be distributed by Safety Team members per building. If a building is not represented, a Safety Team member from another school will be asked to distribute the cards.
