## Mission

Provide safe and engaging learning environments that prepare resilient life-long learners who strive for excellence.

## Vision

Prepare and empower generations of graduates to embrace service and new opportunities with passion, creativity, and integrity.

The Early Middle College at GTCC Greensboro is a high performing Cooperative Innovative High School that blends high school and college coursework, empowering students to graduate with both a diploma and a full associate degree or technical diploma for FREE! We value resilience, service, creativity, and integrity while preparing students for college, career, and lifelong success.

## What We Offer

- **Dual Enrollment Opportunities:** Earn both high school credits and up to an associate degree tuition-free over five years College-Ready Curriculum: Complete Future Ready Core Requirements and courses meeting UNC System admission standards.
- **Leadership Development Courses:** Four years of leadership courses focusing on growth, community engagement, and life skills.
- **Service-Learning Program:** 100+ hours fostering civic responsibility and active citizenship.
- **Extracurricular Participation:** Clubs and prom at EMC and activities at attendance-zone high schools.
- **Support Systems:** College Seminar courses, tutoring, and faculty mentorship for academic success.
- **Safe and Supportive Environment:** A nurturing learning space where students are challenged academically and supported socially to develop resilience and independence.

## Points of Pride

- **Outstanding Academic Performance:** Performance composite of 87.1% for the 2024-25 school year.
- **Consistent Excellence:** Exceeded growth expectations for four consecutive years, as reflected in EVAAS data.
- **High-Quality, Experienced Faculty:** All teachers hold degrees in their respective fields and actively engage in professional activities beyond the classroom.
- **Dual Enrollment Success:** 64% graduated with a college degree or technical diploma and 100% of graduates left EMC with college credit
- **Free College Access:** All GTCC courses and textbooks are provided at no cost, reducing barriers to higher education.
- **College Credit Achievement:** 100% of graduates earned college credits; 64% graduated with an associate degree, diploma, or certificate.
- **Post-Graduation Success:** 100% of graduates left EMC with a head start—saving time, money, and setting the stage for success.
- **Diverse Student Body:** We embrace the cultures, experiences, & perspectives that make our school community strong.

## Students in the Program

- **Graduate with a Head Start:** Earn a high school diploma plus a full associate degree or technical diploma.
- **Develop Leadership Skills:** Participate in leadership courses that foster confidence, responsibility, and a growth mindset.
- **Commit to Community Service:** Engage in service-learning projects to become active citizens who positively impact their communities.
- **Embrace Lifelong Learning:** Build resilience, creativity, and integrity to succeed in academic, personal, and professional pursuits.
- **Prepare for Post-Secondary Success:** Meet Future Ready Core and UNC System admission requirements to ensure college and career readiness.
- **Learn in a Supportive Community:** College Seminar courses and individualized academic support.
- **Explore Career Pathways Early:** Access GTCC's programs and resources, gaining a head start in higher education and career exploration.
