The American School in London is an independent, college-preparatory, preK–12 day school, providing an exceptional American education to an international student body in the heart of London. We celebrate innovation and individuality, and applaud academic success. Students thrive amid high expectations and the joy of authentic learning experiences. Committed to creating courageous global citizens, we inspire students to engage with others across lines of difference in a changing world.

Welcome to

The Impact of Giving 2024–25

Each year, I am reminded that ASL is more than just a school—it is a community built on generosity, commitment and care. The success of our students is shaped not only by the dedication of our faculty and staff but also by the extraordinary support of parents, alumni and friends who give so willingly of their time, expertise and resources.

Your generosity ensures that our students have access to an education that is both rigorous and inspiring—one that encourages them to embrace challenges, explore their passions, and grow into thoughtful leaders and compassionate global citizens.

On behalf of the Board of Trustees, I extend my deepest gratitude for your gifts and involvement. Together, we continue to strengthen the foundation on which our students build their futures. It is a privilege to serve a community that so clearly believes in the promise of education and the power of collective support.

With gratitude,

Hahnah Seminara P '24 '27 '30

Chair, Board of Trustees

Message from

Matt Horvat

“Philanthropic gifts matter immensely to our school’s health and well-being, as do invaluable contributions of time and talent.”

While the new school year is well underway, this annual report, *The Impact of Giving*, is a look at last year, showcasing the generosity of our community and the outcomes your philanthropy enables. Before moving to last year, if you haven’t seen this year’s photos of the Class of 2026 escorting the Classes of 2038 and 2039 into our opening all-school assembly, check out Eagle photos on our website—they make inspiring viewing. Your heart will be warmed by the story the photos tell—one of human development, one of school spirit, one of kindness and care, and one of the excitement that comes when older (and noticeably taller!) students, in their senior year, spend time with our youngest students.

We are privileged at ASL to have students over many developmental stages and to shepherd them through the enormous growth that takes place over 14 formative years. I urge you and your families to leverage the unique opportunities our K–12 school provides, whether from bringing your lower school children to cheer on our high school sports teams or encouraging your middle schoolers to sign up for the new homework buddies program, where high school mentors are paired with middle school students to provide weekly support with study skills, organization and homework.

While this year has already immersed us in the bustling environment that characterizes our school, *The Impact of Giving* looks back at the year just concluded. 2024–25 brought many significant accomplishments and events:

- The ASL Foundation’s Annual Fund surpassed £2M for the first time in its 33-year history. We are truly grateful to our worldwide family of donors whose support provides inspiration every day. The generosity of our community has a lasting impact on the experience of our students.
- *Once Upon the Thames*, our elegant auction, grossed more than £1.4M, which was critical for the refurbishment of the commons, a project that is changing daily life at the pulse of the School: lunch lines are now considerably shorter; the layout is far easier

to navigate; and the significantly improved acoustics make the whole lunch experience far more enjoyable

- A yearlong project, in which every school constituency participated, led to the development of our new strategic plan, approved by the Board in May, which will ensure robust health and well-being for our school in the years to come
- Graduation in June saw 135 seniors receive their diplomas, marking the conclusion of their time at ASL. These students are now settled into new academic homes at 76 institutions of higher learning in seven different countries

These are a few notable highlights. In the report, we capture far more and varied ways our community gives to ASL and the invaluable benefits such generosity enables. Philanthropic gifts matter immensely to our school’s health and well-being, as do invaluable contributions of time and talent. Several individuals have given endlessly to supporting ASL. I would like to recognize and thank our Annual Fund co-chairs, Alison and Josh White P '32 '35, Anjana Garud and Garud Sridhar P '29 '29, and D’one and Jeremy Wagner P '28 '32, who gave generously to the School themselves, while working enthusiastically to ensure other families did as well. Our deep gratitude is owed to the PCA auction chairs, Jodi Johnston P '34, Judy Kasper P '31 '33 '34 and Stefanie Lawrence P '28 '31, who designed and ran a spectacular event, which beautifully reflected their energy, creativity and commitment.

It is a privilege to lead ASL. Further, all of us at the School know and honor the responsibility we have for your children, whom you have entrusted to us for their education. Thank you for that trust and your commitment and partnership.

With gratitude,

Matt Horvat

Head of School

Philanthropy

“We give because we value ASL’s excellence in academics and teaching. The School gives our children an educational experience for the world we live in.”
—ASL parents

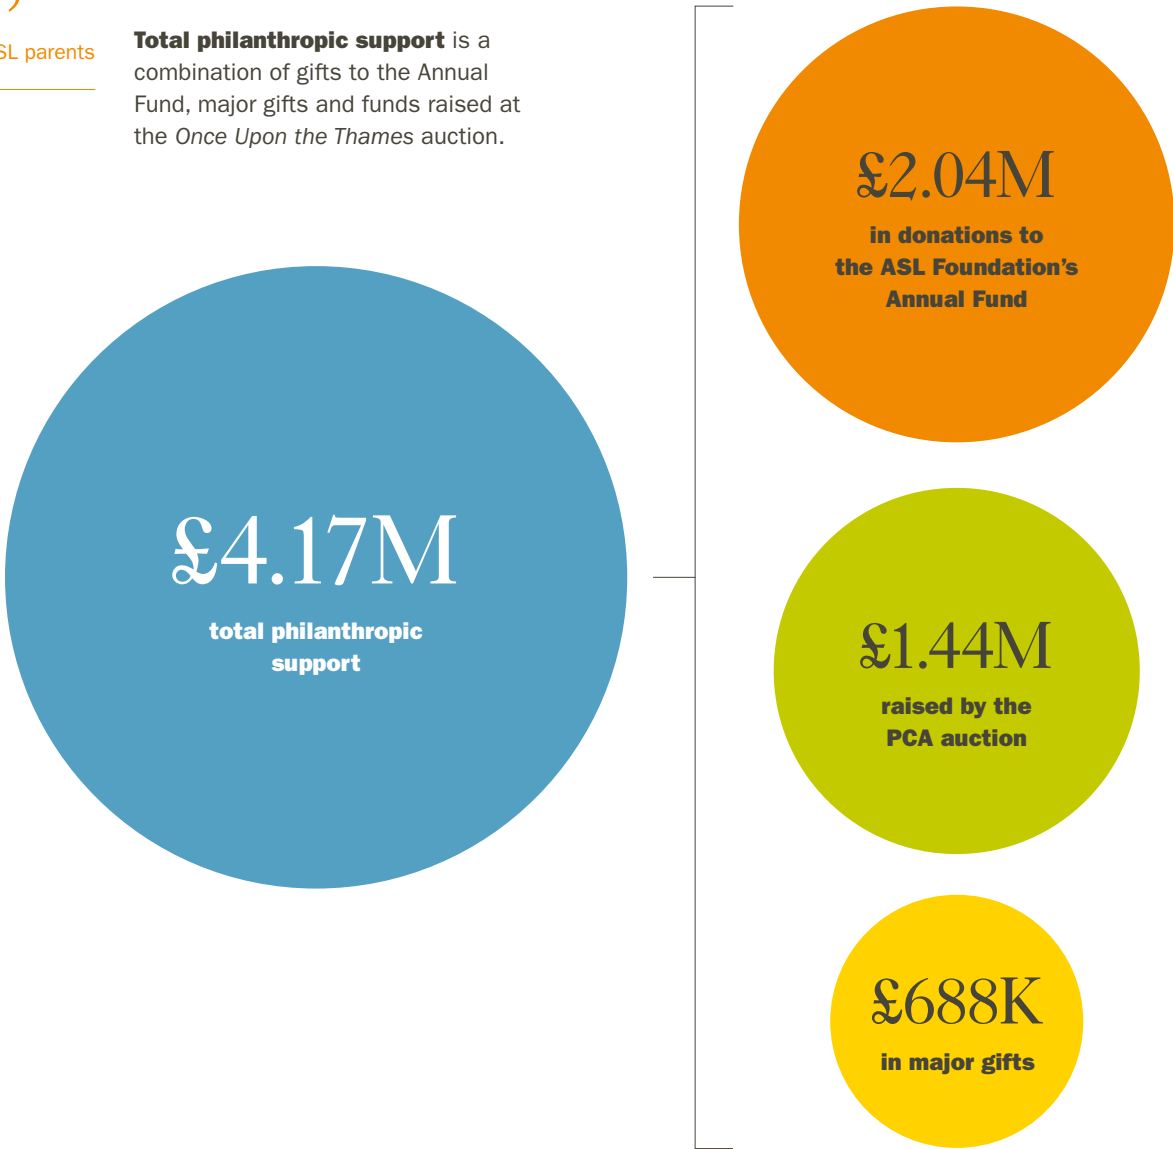

Total philanthropic support

The Annual Fund is the cornerstone of philanthropy at ASL. In 2024–25, 842 gifts, ranging from £5 to more than £100,000, totaled £2.04M—the highest in our history. These contributions provide essential resources beyond tuition, fueling inspired teaching, opening doors through financial aid, and sustaining the breadth of opportunities that define an ASL education.

Donations to the School were also gratefully received in support of major gift initiatives, including the Specific Learning Differences (SLD) program, financial aid endowment, security, Eagle Scholar, the crew program, SHINE, and high school robotics.

This year saw the PCA auction, *Once Upon the Thames*, raise funds for the refurbishment of the commons area.

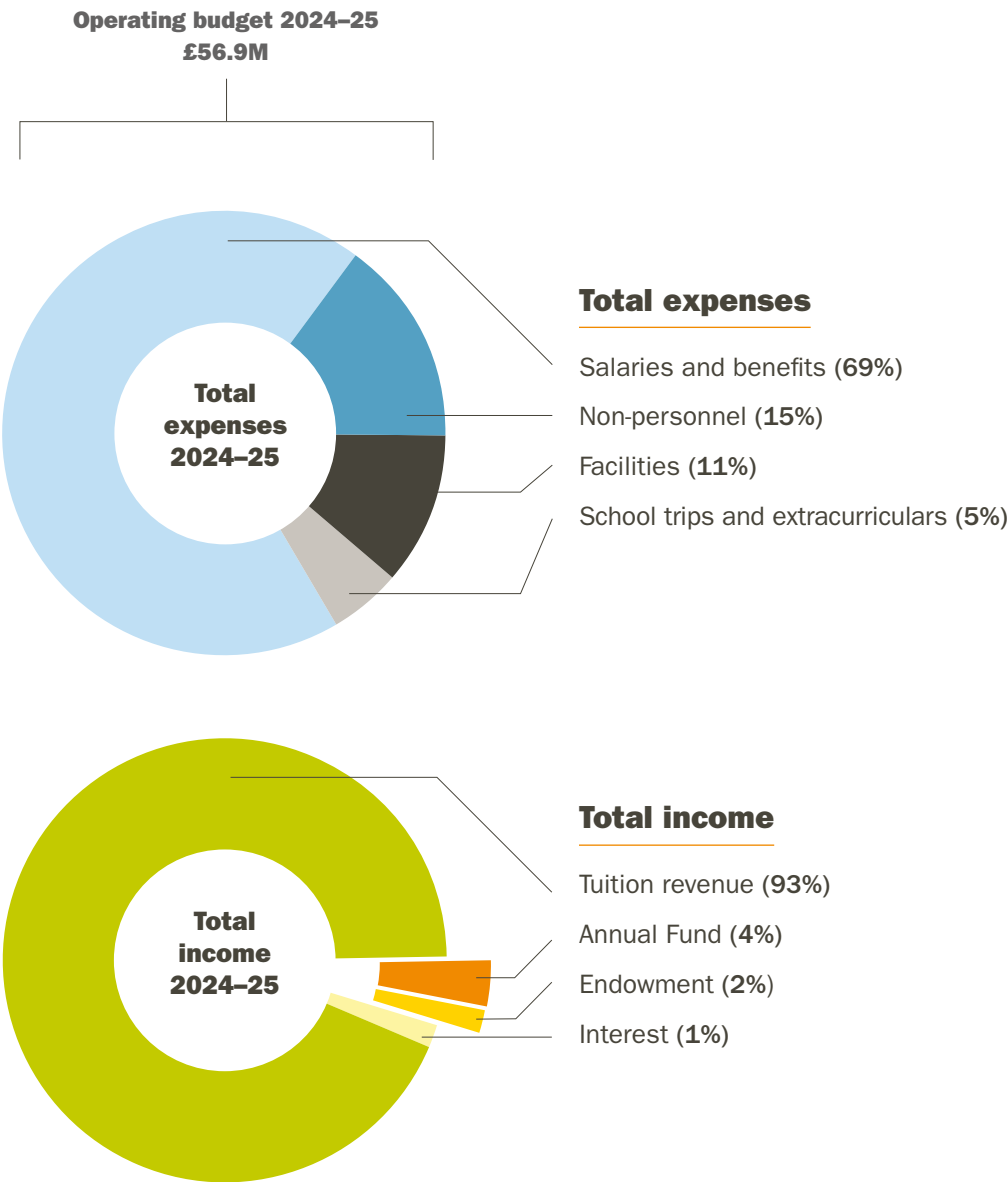

Total philanthropic support is a combination of gifts to the Annual Fund, major gifts and funds raised at the *Once Upon the Thames* auction.

Finance

Operating budget 2024–25

ASL relies on tuition and philanthropy to deliver the rich learning experiences our students enjoy every day.

“Every day, we witness ASL’s dedication to elevating the student experience. We donate and support the School to ensure that its enrichment programs can continue to be offered and make our children’s experience more full.”

Alison and Josh White P '32 '35
Lower school
Annual Fund co-chairs

One School Five Weeks Every Family

Five-week Annual Fund

For the first time in the history of the ASL Foundation’s Annual Fund, in 2024–25 our generous donors and enthusiastic and dedicated volunteers drove giving past £2M. This record was achieved during a five-week campaign, which ran until Giving Tuesday, 3 December, and reflects the commitment of our community, for which we are deeply grateful. Our goal is always 100% participation, whether gifts are £100 or £100,000.

Through grant-making, the ASL Foundation’s Annual Fund provides vital resources beyond what tuition alone is able to fund, ensuring

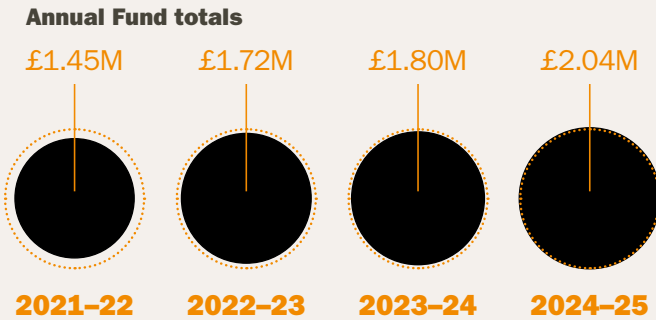

that ASL continues to invest in the people and programs that make our school extraordinary.

Unlike endowment funds, which are invested for long-term growth, Annual Fund gifts are spent right away to enhance the daily life of students. This unrestricted funding helps bridge the gap between tuition income and the actual cost of educating each student. Your support allows the School to maintain high-quality programs, fuels inspired teaching, opens doors through financial aid, and ensures exceptional experiences and opportunities for students.

“We could not have asked for a better school than ASL for the formative years of our twins. Nothing is more rewarding than being able to give back to our community that we all love so much! Thank you, ASL, for everything. Go, Eagles!”

Anjana Garud and Garud Sridhar P '29 '29
Middle school
Annual Fund co-chairs

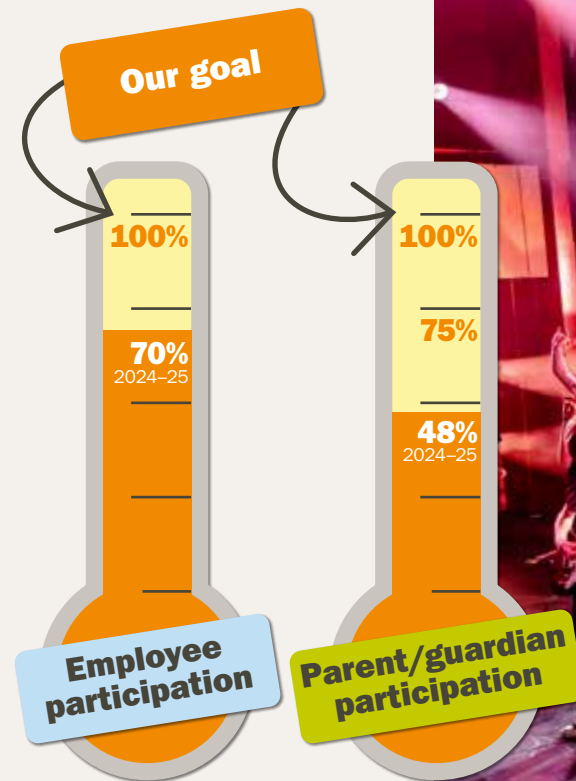

So what does this essential fundraising

program support? Donations benefit our community in numerous ways: classroom resources and technology, cultural opportunities for our students, employee salaries and professional development, field trips and outdoor programs, financial aid, sports and athletics, and the visual and performing arts.

Thanks to the deep and thoughtful generosity of parents, alumni, parents of alumni, grandparents, employees and friends, the Annual Fund has been able to provide unparalleled programming to foster the intellect, creativity, inclusivity and character in our students, enabling them to engage with others across differences in a changing world.

All donations make a positive impact. Thanks to the generosity of the global ASL community, students thrive in an innovative, collaborative and supportive learning environment.

We are grateful for the enthusiasm of those who extend themselves through meaningful gifts of time, energy and resources. Know that your generous participation is integral to the spirit and success of our school. Thank you for joining us in making a difference at ASL.

“We support ASL because it offers an outstanding education, with exceptional programs and opportunities that help students thrive. It’s important to us that every child has the chance to benefit from all that ASL offers—regardless of their family’s financial situation.”

D'one and Jeremy Wagner P '28 '32

Annual Fund co-chairs

SHINE flourishes at ASL

“We are continually looking for innovative and inclusive ways to inspire and spark the curiosity of our SHINE students.”

SHINE at ASL is an enrichment program for students from local London schools that allows them to explore and learn new skills through the lens of identity, diversity, social justice and action. With a focus on the arts, media and technology, participants attend creative workshops on Saturday mornings, from November through March. Students range in age from 12 to 15 years and come from a variety of backgrounds, and a host of ASL employees present opportunities for learning to these young people in the neighborhood. As well as learning new skills and exploring their talents, SHINE is a great way for young people to make new friends.

The first 10–12 weeks of the program concentrate on subject specific classes, with topics that may include team building, visual and performing arts, creative writing,

filmmaking and robotics. Working independently or in groups, and alongside project mentors, students explore areas of interest and learn about themselves.

During the final 6–8 weeks, with the continued support of their adult advisors, students work on an independent assignment using their new skills. Their aim is to develop their ideas to create final projects, which they present to their families and members of the ASL community.

The program began more than two decades ago, and has grown in scope thanks to the generosity of our community. This past year, an ASL family, who wish to remain anonymous, gave a substantial gift to the SHINE program, not only to support the continuity of this fine work with young people, but also to honor

former middle school principal Pete Lutkoski (ASL 2003–25), who was a co-founder of SHINE at ASL, and contributed to its success for many years.

SHINE is inspiring for all those involved—adults and students alike. We are continually looking for innovative and inclusive ways to inspire young people, and it is our hope that the coming year will be even more engaging to spark the curiosity of our SHINE students.

Thanks to the kindness of our anonymous donor family, we look forward to the continuation of this valuable and enriching program for many years to come. If you would like to get involved, please reach out to a member of the SHINE team, Rita Bediako, Sandy Mateus or Sean Ross, SHINE@asl.org

“The ASL SHINE program connects us with our local community and allows us to share the great strengths of inspired teaching and our educational program beyond those who attend ASL. It is so heartening to see hands-on, engaging learning in action, and the pride students feel in their work. Sincere thanks are due to the generous ASL family who made a gift to make sure that SHINE thrives for years to come.”

Pete Lutkoski (ASL 2003–25)
Former middle school principal

Building our endowment for a healthy future

Securing the financial future of ASL

The School's endowment has been growing steadily since 2000, and it is our hope that it will continue to build to ensure the future of ASL. This essential fund is made up of donations that are intended to be used in perpetuity. Donations are invested, and the earnings used to support key programs and initiatives. The principal amount is kept intact, while the income is used to benefit students, maintain our building and support the school community. ASL's endowment is overseen by the Board of Trustees' Investment Committee. In 2024–25, the operating budget was supported by a draw of £1.05M from the interest on our endowment.

ASL continues to work towards the National Association of Independent Schools' (NAIS) recommendation that a school have a total endowment that amounts to 2–3 times its operating budget. With our endowment at half our current operating budget, we have made great progress, but we have a way to go to achieve this aim.

ASL's five endowment funds

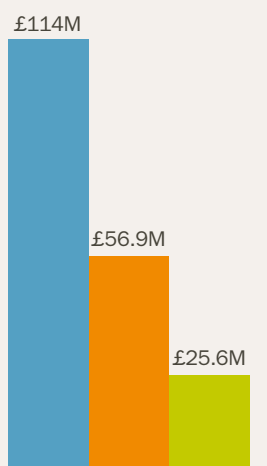

Endowment funds provide financial security and are vital to the long-term stability and excellence of independent schools because they provide a reliable, sustainable source of income that supports the school's mission year after year. A healthy endowment helps ASL to plan for the future with confidence, and invest in transformational opportunities for our diverse student body. Unlike tuition, which covers only part of the operating costs, endowment income can fund essential priorities such as financial aid, great teachers, professional development for employees, academic innovation, inspiring programs, arts and athletics, and well-maintained facilities—without placing the entire burden on current families.

ASL has five categories of permanent endowment that support the priorities of the School: general endowment, faculty and staff support, community enrichment, facilities, and student financial aid.

If you are interested in supporting any or all of the five categories of endowment of the American School in London, please contact our advancement office, advancement@asl.org.

“We are giving in fulsome support of ASL's mission to make lifelong learners of our young people.”
—ASL parents

“The auction was more than a fun night—it was a meaningful way to support ASL’s programs and improve the everyday lives of our students.”

Once Upon the Thames

PCA Auction

On 22 March, the Parent Community Association (PCA) hosted its much-anticipated biennial auction—*Once Upon the Thames*—bringing together parents/guardians, faculty, staff and friends for an unforgettable evening of community spirit and generosity. Held in the vibrant and welcoming setting of Old Billingsgate, the event featured an exciting mix of live and silent auctions, with prizes ranging from unique experiences and exclusive dinners to student-created artwork and coveted travel getaways. Skilfully emceed by Lower School Assistant Principal Patrick Lee, and DJed by performing arts teacher Corey Rubel, the auction was an incredible celebration of our ASL community. One of the highlights of the evening was a series of accomplished performances by ASL students.

This year’s auction was meticulously orchestrated by co-chairs Jodi Johnston P ’34, Judy Kasper P ’31 ’33 ’34 and Stefanie Lawrence P ’28 ’31, and included a terrifically supportive team of willing volunteers, who worked together over many months to make the evening run to perfection.

But the auction was more than just a fun night—it was a meaningful way to support ASL’s programs and improve the everyday lives of our students, raising £1.4M. Every bid contributed directly to enhancing the educational experience for all students, funding resources that go beyond what tuition alone can provide. With laughter, friendly competition and a shared sense of purpose, the evening was a true celebration of the ASL community’s commitment to giving back.

Our *Once Upon the Thames* co-chairs, Judy Kasper, Jodi Johnston and Stefanie Lawrence (above); students perform at the auction (above right)

The new snack shop facility (far right); the refurbished servery and seating in the commons completed in August (bottom right)

New and improved!

The PCA extends heartfelt thanks to all who attended, donated and volunteered to make this year’s auction a resounding success. As well as supporting the PCA’s community-building activities for the next two years, funds raised at this year’s auction went toward the renovation of the commons and gym foyer. This included: extending the courtyard to create 290sq.ft. of additional space; increasing seating capacity significantly; improving acoustics; and upgrading and installing new tech.

Our sincere gratitude goes to the auction co-chairs and their committee of volunteers, whose hard work and infectious enthusiasm took *Once Upon the Thames* from a dream to a reality.

Bruce House Society

Remember ASL in your estate planning

“Society members play an essential role in ensuring ASL’s mission continues to thrive in all that we do.”

The Bruce House Society is a planned legacy giving program that recognizes those who have made arrangements to include ASL in their estate plans or have given a portion of their estate to our school. Established in 2006, the Bruce House Society is named for ASL benefactor David K.E. Bruce, US Ambassador from 1961 to 1969, who was instrumental in helping ASL acquire and develop the St. John’s Wood campus.

We are delighted to have welcomed new members to the Bruce House Society since the launch of our partnership with Farewill in the UK and FreeWill in the US. This allows members of the ASL community to make their wills free of charge.

Society members play an essential role in ensuring ASL’s mission continues to thrive in all that we do—from our financial health to our tradition of academic excellence. With a planned legacy gift, you can make an impactful contribution to ASL today and to future generations of students. All individuals who share their intentions to include ASL in their estate plans are recognized with membership in the Bruce House Society.

We are grateful to the following people who lend their support in this meaningful way:

Mike Baldock
Liz J. Bohlke ’74
Jana Del Valle ’91
David Fawkes
Michelle Fish ’81 & Bob P. Fish ’81
Frances Hall

Above: Bruce House

Above right: Tony and Sally Marlow

Hired by our founder and remembered forever

We share the story of Sally and Tony Marlow P ’76 ’79 (ASL 1964–95 [Sally]; ASL 1964–96 [Tony]), long-serving teachers, who left a legacy gift to ASL to honor the school they loved—with thanks to their daughter, Jennifer Dodsworth ’76.

The Marlows, as they were affectionately called by generations of ASLers, were a teaching couple hired by founding headmaster Stephen L. Eckard (ASL 1951–71) in 1964 after meeting at an ECIS (Educational Collaborative for International Schools) conference in Rome. Along with Mr. Eckard’s partner, Peter de Waller (ASL 1951–71), the foursome became firm allies in a friendship that endured beyond Stephen and Peter’s departure from ASL in 1971. In careers that spanned more than 30 years at our school, Sally was a Grade 5 teacher for many years, taught middle school art and history, and spent time as lower school principal, while Tony served as middle school principal and assistant headmaster, and taught high school English.

The Marlows saw swathes of change during their extended tenure, but their students’ experiences and well-being remained their focus and passion. During an interview in 2010, Sally shared of Mr. Eckard, “Steve was the kindest man in the world—and he made a great martini! He was a philosopher and an educator, who had the students’ best interests at heart.” And Tony

“Stephen Eckard was a philosopher and an educator, who had the students’ best interests at heart.”

added, “He led from the front, and we did an awful lot more than teaching. Teachers continued to work with kids after hours, not because they were expected to, but because they loved their time with students.”

Daughter Jennifer, along with her sister, Lisa ’79, enjoyed their years at ASL and have fond memories of teachers of character who strove to make the student experience as memorable as possible. Then and now, nothing compares to an ASL education, it seems.

We were saddened to hear of the death of Tony in 2020, followed by Sally’s passing in 2024, so it was with mixed emotions that we received the news from Jennifer earlier this year that Sally had left a legacy gift to ASL to mark the impact and importance of her and Tony’s time at our school.

In a letter to the School, Jennifer wrote, “My mum loved teaching at ASL. Virtually all her closest friends were ASL colleagues, and those friendships continued until the end of her life. She was particularly fond of Georgia and Dick Bassett, Hazel and Ian McLeish, Freddie Baker, Ray Howard and Jerry Anderson, John Lutz, Dave Sutherland, and Donna Hirsh. But these are just a few of the many, many in the ASL family that she kept in touch with until her illness made things too difficult. The Sutherlands were among the last friends to spend time with Mum before she died.”

We are grateful to Sally for remembering ASL in her financial planning. We extend a huge thank you to Jennifer, herself a teacher for many years, for sharing the news of Sally’s bequest with ASL, and to the extended Marlow family for their kindness. The Marlows will forever form a part of our rich history, and we are honored to mark their legacy by sharing their generosity as forever members of the Bruce House Society.

★ Marking milestones

We are grateful to the **Classes of 1974 and 2015** for marking their milestone reunions during the 2024–25 school year with class gifts. We also celebrate the **Class of 2025**, who honored their graduation from ASL with a collective gift.

“We give to help ensure a world-class education for all ASL students.”

“ASL is our home away from home!”

—ASL parents

Tribute gifts and loyalty societies

Always ASL loyalty societies

ASL thrives because our worldwide community is loyal to our mission. We thank the parents, alumni, employees, parents of alumni, grandparents, corporations and friends who have shown their extraordinary dedication by giving to the American School in London year after year. Membership in our loyalty societies is based on consecutive participation, not amount, because every gift helps to keep ASL innovative and outstanding.
