Principal's Message:

Dear Bison Family,

We are already eight weeks into the school year! The first quarter is ending soon! We will enjoy our first choir concert of the year on Monday (13th), and then our fabulous musicians are headed into their State Music Festival at the end of the week! We have the PSAT on Monday for some students who signed up. Also, just a reminder that this week is a short week due to MEA Convention - No school for students on Thursday and Friday.

Go Bison!

Geoffry Habel

GFHS TITLE I STATUS

Great Falls High is a Title I high school, which means we receive federal support to help ensure every student has access to a high-quality education.

- Our goal is to improve academic outcomes for all students by providing the resources and support they need to succeed.
- If you ever have questions or concerns about your student's progress, please don't hesitate to reach out to their counselor or associate principal.
- We are here to partner with you and problem-solve together.

Great Falls High School Historical Article Of The Week

100 Years Ago:

Interscholastic Music Competition and a Class Field Trip

Music Contestants Will Appear Today at School Assembly

Many of the students who will represent the Great Falls high school in the Montana interscholastic music meet in Butte next week, will appear on the program of the weekly assembly of the Great Falls high school this morning, Miss June Ebey, music instructor announced Wednesday. Because of the limited time allowed for assemblies by the school rules the boys' and girls' glee clubs, and the mixed glee club will not appear on the program. The solo contestants, as well as the students taking part in the duet, trio and quartet numbers will give their selections. The school orchestra, composed of over 20 pieces, is scheduled to play two numbers. The program will be the final public test for the contestants before they appear in Butte in the competition.

Chemistry Students Inspect Gas Plant

The chemistry classes of the Great Falls high school have temporarily discarded their text-books and have been visiting the Great Falls gas plant during the class period in an effort to gain first hand information concerning the study of gases. The trips have been under the direction of George E. Scotton, instructor of chemistry, who plans to take the classes through the smelter and other local manufacturing plants before the termination of the school year.
