*What books should my student read?*

Students should read grade-appropriate materials. This means that the books should not be too easy. Your student's teacher or the school librarian can help your student select appropriate books. Reading that is assigned by the teacher can count toward the Bolts Love Books goals. That's right, students can double dip their reading homework to count for Bolts Love Books as well! Kindergarten and 1st grade students who are not yet reading on their own may be read to by an adult or older sibling.

*Where can I find books for my student?*

There are many great options for finding appropriate books, including:

- Your student's classroom library or the school library
- E-book sites that are linked on the Lincoln website
- Great River Public Library in Elk River including e-books via the Libby app
- Purchase during the Book Fair or Scholastic Book Orders
- Trade with friends

Please help us by encouraging and monitoring your students' reading. If you have any questions, please contact your child's teacher. Thanks for supporting Bolts Love Books!
