

Hospital School Programs- Behavioral Health

Program Description

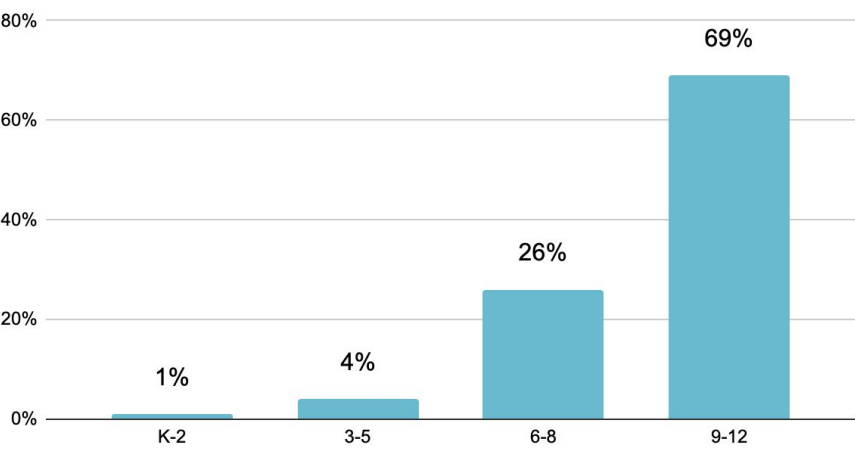

The Hospital School Program provides a flexible and motivational educational experience through instruction and educational support to students up to age 18 with significant, acute medical, rehabilitation or mental health needs during the course of their hospitalization and/or ongoing treatment. The Behavioral Health Program includes sites at Providence Willamette Falls and Unity.

Performance Measures

STAR assessments are taken as pre and post at 12-week intervals. Student growth is measured as Grade Equivalent. Students are not typically enrolled in the Hospital School Program long enough to take the test more than once.

STAR Scores	2024-25 SY Intake (GE)	# of Students Assessed
Math: All grades	*	2
Reading: All grades	*	1
* <10 students or data unavailable		

Post-Program Outcomes

During the 24-25 SY, 36 students were referred to an MESD Transition Specialist.

MESD is a nationally accredited educational cooperative that provides programs, services, and academic placement options on a regional basis to school districts in Multnomah County and beyond.
