

Snapshots of the Week

We have had a lovely week in Year 1. Snowdrops have really grown in confidence when it comes to accessing learning opportunities in continuous provision!

We learnt about the importance of personal hygiene in Science, and revisited this in our water area through washing the babies and their clothes!

In Drawing Club, we explored the book 'Mixed' which is all about how colourful life is when we embrace our differences.

In Maths, we learnt how to count on from any number within 10 and find 1 more. We took our learning out to the playground and drew chalk number tracks to help us with counting on.

Looking Ahead to Next Week

Please remember to return your child's Phonics reading book on Monday. This is vital so that other groups can read this book next.

Harvest Assembly – Tuesday 7th Oct 9am

Phonics & Reading Meeting – Thursday 9th Oct
4:30pm

Little Wandle Phonics

This week we started learning Phase 5 GPCs. The GPCs we learnt are:

- ay** /ai/ say, day, play, spray
- ou** /ow/ cloud, found, out, about
- oy** /oi/ toy, boy, annoy, enjoy
- ea** /ee/ sea, read, treat, each

We looked at the tricky words: said says you do like
little push put pull full

How you can Help Your Child at Home

Go on an object hunt for words with this week's GPCs. Write a list of all the objects you find. Create flashcards together to practise the sounds.

Encourage your child to use a 2-minute timer when brushing their teeth (links to Science learning).

Play some classic games from the past, such as marbles, snakes & ladders and conkers. Talk about how toys and games are different in the present.

Notices

Please bring in your reading record from Reception if you still have this. We will continue using these in Year 1 before starting new ones. Thank you!
