Snapshots of the Week

This week in Year 1 we have been very busy!

In Drawing Club, we explored the book 'Super Duper You' and imagined ourselves as superheroes! We wrote sentences to describe our super selves.

In Maths, we have been learning to recognise the written words for numbers 0-10 and counting amounts within larger groups.

We have continued to learn about keeping our bodies healthy (through exercise), have practised colour mixing, and learnt how timelines work.

Looking Ahead to Next Week

There is lots to look forward to next week! We will take our art learning further by exploring different brush strokes, using Frida Kahlo and Vincent Van Gogh as examples.

We will learn how to keep our bodies healthy in relation to hygiene, and will conduct an experiment about germs!

We will also explore events that happened before our lives, and look at photos and objects from the past.

Little Wandle Phonics

We have recapped most of the Phase 2 & 3 GPCs this week and practised reading CCVCC and CCCVC words.

We looked at the tricky words: was they some come were there sure pure.

How you can Help Your Child at Home

Explore colour mixing with paints, water colours, food dye, focusing on the primary and secondary colours.

Encourage being active at home, talking about how this can keep our bodies healthy. Investigating heart rate after different kinds of exercise and deep breathing.

Talk with family members about their childhoods and how life was different for them at that time. Explore changes happening around them (e.g. building work in the housing developments).

Notices

Reading books were sent home on Thursday. These have not been read in school yet but encourage your child to read with you and have a go. Please return the book on Monday 29th.
