THE FOXHOLE FLYER

PRINCIPAL MESSAGE

Hello VOL Families!

Friday, October 10 marked the end of our first marking period, and I want to extend a heartfelt thanks for your partnership in making Quarter 1 a true success. Your support makes all the difference!

As we move forward, please remember that students should have completed 40-50% of their courses by now. As a reminder, all VOL students should complete the first semester of all courses by December 12, so let's stay focused and keep up the excellent progress.

A huge thank you to everyone who participated in our Domino's fundraiser! Together, we raised over \$700 to benefit our school. Special recognition goes to our top sellers, Zevah Barnett and River Leroux, and a big shout-out to Ms. Porcella for organizing this successful event.

We're excited to announce our revamped VOL website—check it out and let us know what you think! Second semester enrollment opens on November 1. If you know families interested in this amazing school, please refer them to the new resources on volusiaonlinelearning.com.

Thank you for reading and have a great week!

Dr. Serian

aaserian@volusia.k12.fl.us

IMPORTANT REMINDERS

Monday, October 13th is a Student Holiday and Teacher Duty Day. Teachers will be finalizing quarter 1 grades. Students and families will be able to access student report cards on Parent Portal on October 15th.

Attendance reminder - virtual attendance is based on pacing and course completion. If a student is on pace and submitting their assignments, they are marked present. However, if students are not working and behind pace, they are marked absent. Unexcused absences can add up quickly if students are not working. Please refer to your student's pacing guides regularly.

We love to hear from you! If you have something positive to share about a teacher, course, or your experiences as a VOL parent or student, please send us an email at volusiaonlinelearning@volusia.k12.fl.us.

UPCOMING EVENTS

- ⚠️ **Reminder: No School October 13th!**
- 🧱 Whether you're a veteran builder or just starting your brick collection, we invite students and families to unleash their creativity with our **LEGO Club** on **Tuesday, October 14** from **4 - 6 pm**.

THE FOXHOLE FLYER

NEW TEACHER SPOTLIGHT!

Joey Adona

I earned my Bachelor's degree in Elementary Education from Daytona State College and went on to complete my Master's in Educational Leadership at the University of West Florida. I'm certified to teach English for grades 6–12 and hold endorsements in Reading and ESOL. I played college soccer at Jacksonville University, and I still enjoy staying active, making music, and cooking in my free time. I'm happily married with two amazing kids, ages 4 and 10. I'm super passionate about education and proud to be part of this team! Fun fact: I can sing—but I usually keep that talent a secret!

NEW TEACHER SPOTLIGHT!

Brishaun Bradley-Rayam

"I am a mom of 2, Tenala (17), Teron Jr. (11), and my, Goddy (Ardyn,8). Then there's my king of the castle, Mr. D'John. I have a bachelors degree in Psychology from THE GREAT Bethune Cookman University. My hobbies were singing, cooking, and baking, but they're not just hobbies anymore. My hobby has now turned into a business. It has allowed me to bake for restaurants for 6 years. In addition, I sing with my band "Music Speaks". I LOVE teaching! My goal is always to take something that my students love, connect it with the lesson and then teach. There is no greater feeling than seeing former students now successful. Not one student is limited to being successful. In my eyes they're all capable of success and I believe that I'm here to sprinkle a tiny bit of hope!!"
