

Attachment B: Privacy and Security

Privacy and security are among our highest priorities for the SWIS Suite. We work diligently to maintain student and teacher privacy and treat all sensitive data and personal information according to the standards in providing education and research tools. This Privacy & Security Statement outlines the specific steps we take to ensure that all sensitive data is treated carefully and appropriately.

Privacy

The protection of student, staff, and family personal information is critical to our work. As such, PBISApps has endorsed the Student Privacy Pledge (<https://studentprivacypledge.org/>), a strong set of commitments drafted with the involvement of educational non-profit groups, the Software & Information Industry Association, and public sector educational leaders. PBISApps is run by Educational and Community Supports, a research center in the University of Oregon's College of Education. As part of a public research university, we are ineligible to be a signatory to the pledge but have committed to following each aspect of the pledge completely. This privacy statement outlines our commitments and the steps we take to ensure that personal (i.e., individually identifiable) information remains private. For detailed information about our privacy and security commitments, see <https://www.pbisapps.org/Applications/Pages/Confidentiality-and-Security.aspx>.
