It is our hope that this guide will be a useful tool as we share the responsibility of educating our students. Our staff is available to answer any questions and address any concerns. The best educational experience is possible only through communication, understanding, and cooperation. Thank you in advance for partnering with us.

## OUR MISSION STATEMENT

At Robert C. Fisler School, we empower each other to create, communicate, collaborate, and think critically in a technology-rich environment.

## OUR VISION STATEMENT

The Fisler School community comes together based on a vision to develop students into the innovators of today. Fisler students will become the forward-thinkers, strategists, and leaders who transform their future and innovate solutions for a better world.

Robert C. Fisler School is dedicated to providing a balanced educational program emphasizing a technology-rich curriculum that meets the diverse needs of each student giving them the skills and tools necessary to be successful citizens in the 21st century.

## THE NAVIGATOR WAY (KSRR) - CORE VALUES

We believe in not just the academic success of each student but the character of each student. At Fisler, we believe that all students have a RIGHT to feel comfortable and respected at school. All students should feel safe at school and welcomed for the unique person they are. Students should be responsible for all school work and assignments and should complete assignments on their own to the best of their ability. Taking responsibility for their actions is also expected. All students and staff should be kind. **Kindness is not what you do but who you are.** Kindness is simple, it is seeing the good in everyone, and celebrating it. We believe in this mantra and we expect that all students will show kindness towards all classmates, staff, and teachers. Students may not always get along but they must be civil and respectful towards each other ALWAYS. When problems arise, get help from a teacher or staff member. Parent support is greatly appreciated.

### The Fisler School community believes in four core values:

**Kind** - treating others with a positive attitude, greet others and respond, saying kind words, being polite, picking up after yourself, stand up for others, be mindful of how you treat others (treat people the way you want to be treated).

**Safe** - a safe and caring school environment is one in which students feel positively connected to others, free from harm (physically and emotionally), comfortable, and accepted. Safety also means: keep hands, feet, and objects to yourself, walk on all concrete surfaces, use crosswalks when going to school and going home, be safe on all websites (age appropriate sites)

**Respectful** - recognizing and honoring everyone's right to be themselves, follow and obey all school rules and procedures, follow directions given by teachers and staff, be respectful of others' privacy, treat Fisler School like your own home (because it is for 7.5 hours of the day)--to do that: pick up trash and clean up after yourself.

**Responsible** - be on time to school, be on time to class, pick up all belongings, pick up after yourself, complete assignments on time, do your best work on all assignments, use school ID badge to check out playground equipment, treat playground equipment as if it were your own, return equipment that you have checked out, submit your own work, take care of your technology device and software, be responsible with all school equipment

## **ACADEMIC HONESTY**

Dishonesty, cheating, or plagiarism involves an attempt by a student to show a level of knowledge or skill that does not reflect his/her own learning. Copying from someone or allowing others to copy your work is also considered academic dishonesty. Sharing information and answers from homework assignments, quizzes or tests is considered to be academic dishonesty. ***Consequences for breach of academic honesty will include: no credit on assignment or test, notification of parents, lowered citizenship grade on the student's report card, and possible suspension from school or exclusion from activities, such as, but not limited to, the Awards Ceremony and recognition on the Honor Roll***

## **SAFETY/ PARKING LOT RULES / WALKING / BICYCLE**

### **PARKING LOT SAFETY**

Your polite cooperation in the driveway and the parking lot area is needed to ensure everyone's safety. As quite a few parents use the front parking lot of the school to drop off and pick up, we need all parents to adhere to our parking lot safety procedures.

**1. When driving your child to school, please follow the directions on the SIGNS and the drop-off procedures** by **pulling all the way forward** to the **yellow curb zone**, stay in your vehicle and have your child(ren) exit out the **right side** of your car (*this is important for safety as other cars are driving by and may not see your child*). Please do not let your child out in the red curb zone (*by law, the red zone is a no parking or loading zone*).

**2. When picking up your child at school and you are driving home**, we ask that you **pull all the way forward** to the **yellow curb**. **Please do not stop in the red fire lane (by law, the red fire lane is a no parking or loading zone).**

- **Numbered spaces & Yellow Loading Zone:**

- There are signs with numbers 1-6 indicating where you can load/unload your child when dropping off or picking up. Please pull up to one of these numbers to drop off or pick up your child.
- All children who are waiting to be picked up by car will be directed to the shaded awning in the **yellow curb zone**.
  - Teachers and staff will be there to wave you forward and ask you if your child is ready to be picked up.
    - **If your child is not there yet**, we ask that you circle around the parking lot again until your child is in the waiting area under the awning.
    - Once your child is there, please wait in your vehicle for your child in the **yellow curb zone**. As soon as we identify you, we will release your child to you so they can enter the vehicle safely.

### **PARKING ON STARBUCK AND HETEBRINK STREET BUS LOADING ZONES**

- Parking in the bus loading zones on Starbuck and Hetebrink Streets is **PROHIBITED**. Parents/Guardians are allowed to drop off their children in these zones but are **NOT**

**ALLOWED** to park in these zones (this is per [Fullerton Civic Vehicle Code 8.44.150](#)). You may get issued a ticket by doing this. Please park in the parking lot.

### **Tips for Parking Lot Safety**

- Arrive at school ahead of pick up time and park in the parking lot.
  - This will help ease congestion and you can walk over to your child to pick them up and escort them to your car.
  - Slightly delaying pick up time will ease parking lot congestion. If you wait and arrive a few minutes past your child's pick up time, your child will have time to gather their belongings, leave class, and wait under the awning by the yellow loading zone for your arrival.
  - Your willingness to follow all traffic signs and directions from staff will assist us with arrival and dismissal of students.
    - Do not encourage your child to cross over to your vehicle through traffic lanes.
  - If your child is not at the yellow loading zone under the awning you will be asked to circle the parking lot until your child arrives. Staff will help you ease back into the line of cars to pick up your child. These simple tips will help ease congestion and frustration at drop- off/pick-up time.

\* Thank you for following our procedures so that we can ensure that all children get home safely.

### **Walking To School Procedures**

1. ***If your child walks to school or you walk your child to school***, please make sure to have your child use the crosswalks safely and when on the school campus, make sure to have your child check in to the Wellness screening areas to get their temperature checked.

- Students walking to and from school should not accept rides from or talk to strangers. If you send someone to pick up your child, have a family password to ensure that the child knows you sent them to pick him or her up. Students should not be allowed to walk home alone.

### **Riding a Bike To School**

1. Students may ride bikes to school with parent permission beginning in fourth grade.

- Bikes are to be walked at all times once in the school area.
- Bikes are to be locked at the bike rack and are not allowed in breezeways in between the buildings or inside the buildings.

2. By law, students riding bikes must wear a helmet.

\* Skateboards, scooters, roller blades, and skates are NOT permitted on campus and students may not ride wheeled backpacks on campus.

## **STUDENT INSURANCE**

- Insurance is not supplied by the school district. Affordable accident insurance is available for purchase anytime during the school year.
- Applications are available through the school office. If you wish to have your child insured, complete the application and send it to the address provided on the application.

## **SUSPENSION AND EXPULSION**

- The Governing Board recognizes that maintaining an environment which promotes learning and protects the health, safety and welfare of all students may require the suspension and/or expulsion of a student from regular classroom instruction. District policies and school site rules clearly identify district behavior standards.
- Except in cases where suspension for a first offense is warranted in accordance with the law.
  - Suspension shall be imposed only when other means of correction fail to bring about proper conduct (Education Code section 48900.5)
- Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, as provided by law, expulsion is usually used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to other students. (Education Code section, 48915)
- The grounds for suspension and expulsion and the procedures for considering recommending and/or implementing suspension and expulsion shall be specified in an administrative regulation.
- Each principal shall annually inform all students and parents/guardians of the school's discipline rules and procedures and of the availability of all district policies and regulation dealing with student discipline, suspension, and expulsion. (Education Code Sections 35291,35291.5)
- Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

## **TEXTBOOKS**

- Textbooks are furnished free of charge; therefore, students are required to pay for loss or damage beyond normal wear.
- Cooperation in the care, use, and replacement of textbooks ensure book availability for all students and special activities not being withheld.
- Students are responsible for all instructional materials and personal belongings in their care.

## **VISITING A CLASSROOM**

Parents are encouraged to visit their children's classrooms. However, in order to minimize potential learning interruptions, we ask that you schedule the visit ahead of time with the classroom teacher(s). To protect our students from unauthorized people on campus, we require you to stop by the office, sign in, and obtain a "visitor's sticker." You will need your **driver's license** for this process or you will NOT be allowed on campus. This is for the safety of all students and staff.

## **VOLUNTEER**

Parents and other adults are encouraged to share their time and talents as a school volunteer. Our needs include assistance ranging from clerical to tutorial. *TB and fingerprint clearance are required in order to work with students and/or be a volunteer in the classroom on a regular basis.* Please see the office for the forms.

Please read: [FSD Volunteer Handbook](#) for information, guidance, and expectations.

A pupil may be suspended or expelled for acts that are enumerated in

this section and related to a school activity or school attendance that occur at any time, including, but not limited to, any of the following:

(w) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities.

48900.1. (a) The governing board of each school district may adopt a policy authorizing teachers to require the parent or guardian of a pupil who has been suspended by a teacher pursuant to Section 48910 for reasons specified in subdivision (i) or (k) of Section 48900, to attend a portion of a schoolday in the classroom of his or her child or ward. The policy shall take into account reasonable factors that may prevent compliance with a notice to attend. The attendance of the parent or guardian shall be limited to the class from which the pupil was suspended.

(b) The policy shall be adopted pursuant to the procedures set forth in Sections 35291 and 35291.5. Parents and guardians shall be notified of this policy prior to its implementation. A teacher shall apply any policy adopted pursuant to this section uniformly to all pupils within the classroom.

The adopted policy shall include the procedures that the district will follow to accomplish the following:

(1) Ensure that parents or guardians who attend school for the purposes of this section meet with the school administrator or his or her designee after completing the classroom visitation and before leaving the schoolsite.

(2) Contact parents or guardians who do not respond to the request to attend school pursuant to this section.

(c) If a teacher imposes the procedure pursuant to subdivision (a), the principal shall send a written notice to the parent or guardian stating that attendance by the parent or guardian is pursuant to law. This section shall apply only to a parent or guardian who is actually living with the pupil.

(d) A parent or guardian who has received a written notice pursuant to subdivision (c) shall attend class as specified in the written notice. The notice may specify that the attendance of the parent or guardian be on the day the pupil is scheduled to return to class, or within a reasonable period of time thereafter, as established by the policy of the board adopted pursuant to subdivision (a).

48900.2. In addition to the reasons specified in Section 48900, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined in Section 212.5.

For the purposes of this chapter, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive.

48900.3. In addition to the reasons set forth in Sections 48900 and 48900.2, a pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of, hate violence, as defined in subdivision (e) of Section 233.

48900.4. In addition to the grounds specified in Sections 48900 and 48900.2, a pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

48900.5. (a) Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil's record, which may be accessed pursuant to Section 49069. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended, subject to Section 1415 of Title 20 of the United States Code, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons.

(b) Other means of correction include, but are not limited to, the following:

(1) A conference between school personnel, the pupil's parent or guardian, and the pupil.

- (2) Referrals to the school counselor, psychologist, social worker, child welfare attendance personnel, or other school support service personnel for case management and counseling.
- (3) Study teams, guidance teams, resource panel teams, or other intervention-related teams that assess the behavior, and develop and implement individualized plans to address the behavior in partnership with the pupil and his or her parents.
- (4) Referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program, or a plan adopted pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794(a)).
- (5) Enrollment in a program for teaching prosocial behavior or anger management.
- (6) Participation in a restorative justice program. (7) A positive behavior support approach with tiered interventions that occur during the school day on campus.
- (8) After-school programs that address specific behavioral issues or expose pupils to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups.
- (9) Any of the alternatives described in Section 48900.6.

48900.6. As part of or instead of disciplinary action prescribed by this article, the principal of a school, the principal's designee, the superintendent of schools, or the governing board may require a pupil to perform community service on school grounds or, with written permission of the parent or guardian of the pupil, off school grounds, during the pupil's non-school hours. For the purposes of this section, "community service" may include, but is not limited to, work performed in the community or on school grounds in the areas of outdoor beautification, community or campus betterment, and teacher, peer, or youth assistance programs. This section does not apply if a pupil has been suspended, pending expulsion, pursuant to Section

48915. However, this section applies if the recommended expulsion is not implemented or is, itself, suspended by stipulation or other administrative action.

48900.7. (a) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both.

(b) For the purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

48900.8. For purposes of notification to parents, and for the reporting of expulsion or suspension offenses to the department, each school district shall specifically identify, by offense committed, in all appropriate official records of a pupil each suspension or expulsion of that pupil for the commission of any of the offenses set forth in Section 48900, 48900.2, 48900.3, 48900.4, 48900.7, or 48915.

48901. (a) No school shall permit the smoking or use of tobacco, or any product containing tobacco or nicotine products, by pupils of the school while the pupils are on campus, or while attending school-sponsored activities or while under the supervision and control of school district employees.

(b) The governing board of any school district maintaining a high school shall take all steps it deems practical to discourage high school students from smoking.

48901.5. (a) The governing board of each school district, or its designee, may regulate the possession or use of any electronic signaling device that operates through the transmission or receipt of radio waves, including, but not limited to, paging and signaling equipment, by pupils of the school district while the pupils are on campus, while attending school-sponsored activities, or while under the supervision and control of school district employees.

(b) No pupil shall be prohibited from possessing or using an electronic signaling device that is determined by a licensed physician and surgeon to be essential for the health of the pupil and use of which is limited to purposes related to the health of the pupil.
