

**Emmett Middle School
Board Report
October 2025**

Thank you to our Emmett patrons for their support of the Homecoming festivities and parade. Our students showed their school spirit throughout the week, culminating in a well done spirit assembly on Friday. We're fortunate to be a part of such a community!

Missie Matt, our new staff member, will be focusing on math intervention classes, as well as supporting online students.

EMS is supporting students' academic, behavioral, and emotional growth through grade level MTSS teams this year. Teachers meet twice per month to discuss student concerns and develop an action plan for support. This allows teachers to share observations about student progress in a holistic, team approach.

Before/After School Programs: We've had 142 students participate in our program since beginning on September 16th.

In the Classroom:

ELA- Mrs. Broner's English classes reinforced knowledge of literary conventions and vocabulary through a timed teamwork activity.

October:

- 10/3 Friday School 9 am - 12 pm
