Intended Impact	At the end of this topic pupils will be able to:		At the end of this topic pupils will be able to:		At the end of this topic		At the end of this topic pupils will be able to:		At the end of this topic pupils will be able to:		
End Points	1. Develop their knowledge of Careers and their future options. 2. Develop their understanding of a personalised Careers Pathway and routes. 3. Develop their understanding of how to prepare for their next future Careers route. Pupils will be able to do this by: 1. Identifying possible career interests. 2. Demonstrating an understanding of the world of work. 3. identifying the skills that they will need to develop for their futures. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010. 5. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		Pupils will be able to: 1. Demonstrate an understanding of the protected characteristics of the Equality Act 2010 2. Demonstrate an understanding of the British values, the importance of embracing differences, tolerance and respecting others. 3. Learn about the laws surrounding inclusion, diversity and equality (Equality Act 2010) Pupils will be able to do this by: 1. Creating kindness notes, information leaflets or posters to evidence learning. 2. Apply their knowledge and understanding whilst developing skills to: Research and interrogate evidence, Debate and evaluate viewpoints, Present reasoned arguments 3. Take informed action, actively making a positive contribution to the school and within the wider community. Opportunities through Tier 2 events. 4, Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		1. Develop their understanding of the importance of families, healthy and respectful relationships 2. Develop an understanding of the importance of being safe online, for example on social media 3. Develop an understanding of how to recognise, communicate and respect boundaries in a relationship, so each person remains safe Pupils will be able to do this by: 1. Explore, discuss and evaluate healthy relationships, how to recognise pupils and how to combat unhealthy relationships. 2. Critically consider how social media affects one’s mental health 3. Learn and understand how a person’s body changes and develops through puberty 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		Pupils will be able to: 1. Demonstrate an understanding of the political system. 2. Demonstrate an understanding of their role within the political system and community, at national and local levels. 3. Learn about why we value our democracy as well as its importance. Pupils will be able to do this by: 1. Creating a campaign speech outlining your intentions. 2. Forming ideas and policies that represent your beliefs. 3. Present reasoned and informed judgments supporting your campaign aims. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		1. Learn about the differences between legal and illegal substances. 2. Understand how these topics covered can have negative impact on physical and emotional wellbeing and health. 3. Understand about the law regarding illegal substances. 4.Develop an understanding of the law relating to the key topics covered. Pupils will be able to do this by: 1. Evidencing their knowledge and understanding on the key issues covered. 2. Evaluating why some people misuse illegal substances and how this can impact on others. 3. Promoting healthy lifestyle, healthy choices, (including being safe), by getting involved in relevant character and culture opportunities. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		1. Develop their understanding of the importance of maintaining good health and diet. 2. Explore and evaluate what the T ‘wellbeing’ means. 3. Develop an understanding around factors which can impact on mental health and wellbeing. Pupils will be able to do this by: 1. Promoting a healthy lifestyle within the wider community and support others to do so. 2. Becoming involved with wellbeing events and charity events at school or within the wider community. 3. Creating an image of what is meant by a ‘healthy lifestyle’. 4.Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.

Intended Impact End Points	At the end of this topic, pupils will be able to: 1. Develop their knowledge of Careers and their future options. 2. Develop their understanding of a personalised Careers Pathway and routes. 3. Develop their understanding of how to prepare for their next future Careers route. Pupils will be able to do this by: 1. Identifying possible career interests. 2. Demonstrating an understanding of the world of work. 3. Identifying the skills that they will need to develop for their futures. 4. Demonstrating their understanding of the Fundamental British Values protected characteristics of the Equality Act 2010. 5. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: 1. Become more knowledgeable about the Equality Act 2010, understand the importance for promoting respect for the different characteristic as defined by law. 2. Become more knowledgeable about the British Values and understand their significance within Democratic Britain. 3. Develop an understanding of the importance of becoming a responsible citizen within the school, wider community. Develop an interest in, and (commitment to, participation) in volunteering, as well as other forms of responsible activity. Pupils will be able to do this by: 1. Participating in Student voice (at least 3 across the year) opportunities. 2. Evidencing learning on key issues and articulating their own well-informed opinions. 3. Becoming involved in citizenship whole school/character and culture events or in the wider community. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic Pupils will be able to: 1. Demonstrate their understanding of physical and mental health and wellbeing. 2. Learn about Sexual Health, body changes and relationships. 3. Develop their understanding of consent, the law. Pupils will be able to do this by: 1. Completing a self-assessment, stating their confidence levels regarding topics covered. 2. knowing where and who to go to for support and guidance, when they need it. 3. Evidencing knowledge and understanding of the key topics taught. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: 1. Acquire a sound knowledge and understanding of how the United Kingdom is governed, its political system and how citizens participate actively in its democratic systems of government. 2. Develop a sound knowledge and understanding of the role of law and the justice system in our society and how laws are shaped and enforced. 3. Develop an understanding the nature of rules and laws and the justice system, including the role of the police and the operation of courts and tribunals. Pupils will be able to do this by: 1. Participating in Student voice (at least 3 across the year) opportunities. 2. Evidencing learning on key issues and articulating their own well-informed opinions. 3. Applying skills and knowledge to explore political and social issues critically, to weigh evidence, debate and make reasoned arguments 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: 1. Deepen their understanding of the law. 2. Learn about the negative impacts of drugs within the community and impact of this. 3. Develop their understanding of the risks and effects of illegal and legal substance misuse. Pupils will be able to do this by: 1. Evaluating published literacy and national advice guidelines relating to these topics. 2. Forming advice and support guidelines to support others with their understanding of this topic. 3. Evidencing learning on key facts covered regarding the law regarding the relevant topics covered. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: 1. Develop their knowledge of online dangers and know how to protect themselves when online. 2. Learn about different topics relating to e-safety and the law. 3. Develop their understanding of where to go for support regarding these topics, as well as the importance of keeping safe and maintaining mental health and wellbeing. Pupils will be able to do this by: 1. Confidently evidence steps to staying safe online. 2. Evidencing knowledge of emotional wellbeing and mental health. 3. Promoting staying safe online. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.

		Internet safety and harms Know how to identify harmful behaviours online (including bullying, abuse or harassment) and how to report, or find support, if they have been affected by those behaviours. Respect and tolerance Respecting difference - Explain the harm caused by ‘cancel culture’ and the importance of freedom of speech and freedom of association to a tolerant and free society. Censorship and ‘no platforming’ are harmful and damaging. Know that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including people in positions of authority and due tolerance of other people’s beliefs. an understanding of democratic Britain, our government. British Value. What does it mean and what is the leadership value, how does this create a positive culture? SMSC 2014 The Equality Act 2010 Know how stereotypes, in particular stereotypes based on sex, gender, race, religion, sexual orientation or disability, can cause damage (e.g. how they might normalise non-consensual behaviour or encourage prejudice).		We expect all pupils to have been taught LGBT content at a timely point as part of this area of the curriculum. When doing so, schools should ensure: LGBT- relevant knowledge and examples are included throughout programmes of study (not one-off teaching) inclusive language is used, considering how individual pupils may relate to particular topics 75.Pupils should be taught the facts and the law about sex, sexuality, sexual health and gender identity in an age-appropriate and inclusive way. 59. Families of many forms provide a nurturing environment for children. (Families can include for example, LGBT) 78. 82 Sexual consent and the law Key aspects of the law relating to sex which should be taught include the age of consent, what consent is and is not Respectful relationships, including friendships – consent. Know the characteristics of positive and healthy friendships (in all contexts, including online) including: trust, respect, honesty, kindness, generosity, boundaries, privacy, consent and the management of conflict, reconciliation and ending relationships. This includes different (non-sexual) types of relationship. Know the importance of respecting others, even when they are very different from pupils (for example physically, in character, personality or background), or make different choices or have different preferences or beliefs. Know how stereotypes, in particular stereotypes based on sex, gender, race, religion, sexual orientation or disability, can cause damage (e.g. how they might normalise non-consensual behaviour or encourage prejudice). Know the legal rights and responsibilities regarding equality (particularly with reference to the protected characteristics as defined in the Equality Act 2010) and that everyone is unique and equal. Know that some types of behaviour within relationships are criminal,			RESPECTFUL RELATIONSHIPS Know that some types of behaviour within relationships are criminal, including violent behaviour and coercive control. Short-T health risks of alcohol Know the physical and psychological risks associated with alcohol consumption and what constitutes low risk alcohol consumption in adulthood. Know the physical and psychological consequences of addiction, including alcohol dependency. DRUGS/ALCOHOL the facts about the harms from smoking tobacco (particularly the link to lung cancer), the benefits of quitting and how to access support to do so. Know the physical and psychological consequences of addiction, including alcohol dependency. WELLBEING Know the benefits and importance of physical exercise, time outdoors, community participation and voluntary and service-based activities on mental wellbeing and happiness. NC Citizenship KS3 2013/14 The nature of rules and laws and the justice system, including the role of the police and the operation of courts and tribunals The roles played by public institutions and voluntary groups in society, and the ways in which citizens work together to improve their communities, including opportunities to participate in school-based activities	Know their rights, responsibilities and opportunities online, including that the same expectations of behaviour apply in all Know not to provide material to others that they would not want shared further and not to share personal material which is sent to pupils. Know how information and data is generated, collected, shared and used online. 79 Being safe The concepts of, and laws relating to, sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, forced marriage, honour-based violence and FGM, and how these can affect current and future relationships. how people can actively communicate and recognise consent from others, including sexual consent, and how and when consent can be withdrawn (in all contexts, including online). – E-safety 80, 81 Their rights, responsibilities and opportunities online, including that the same expectations of behaviour apply in all contexts, including online. About online risks, including that any material someone provides to another has the potential to be shared online and the difficulty of removing potentially compromising material placed online. how information and data is generated, collected, shared and used online. Physical health and mental wellbeing: 81 how to identify harmful behaviours online (including bullying, abuse or harassment) and how to report, or find support, if they have been affected by those behaviours Respectful relationships including friendships- about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders to report bullying and how and where to get help. 99The importance of sufficient good quality sleep for good health and how a lack of sleep can affect weight, mood and ability to learn. enables young people to mature, build their confidence and self-esteem 73 Pupils should understand the benefits of healthy relationships to their mental wellbeing and self-respect.

				including violent behaviour and coercive control. Know what constitutes sexual harassment and sexual violence and why these are always unacceptable. 78. Being Safe – consent Pupils should be well informed about the full range of perspectives and, within the law, should be well equipped to make decisions for themselves about how to live their own lives, whilst respecting the right of others to make their own decisions and hold their own beliefs. Key aspects of the law relating to sex which should be taught include the age of consent, what consent is and is not, the definitions and recognition of rape, sexual assault and harassment, and choices permitted by the law around pregnancy. 72 73 Families -that there are different types of committed, stable relationships. how these relationships might contribute to human happiness and their importance for bringing up children. the characteristics and legal status of other types of long-T relationships. the roles and responsibilities of parents with respect to raising of children, including the characteristics of successful parenting. Marriage, what is marriage, why marriage is an important relationship choice for many couples and must be freely entered into. Intimate and sexual relationships, including sexual health – STI 70 71 how the different sexually transmitted infections (STIs), including HIV/AIDs, are transmitted, how risk can be reduced through safer sex (including through condom use) and the importance of and facts about testing. How to get further advice? Identifying and managing sexual pressure Know how to recognise the characteristics and positive aspects of healthy one-to-one intimate relationships, which include mutual respect, consent, loyalty, trust, shared interests and outlook, sex and friendship					74. As in primary, secondary Relationships Education can be underpinned by a wider, deliberate cultivation and practice of resilience and character in the individual. These should include character traits such as belief in achieving goals and persevering with tasks, as well as personal attributes such as honesty, integrity, courage, humility, kindness, generosity, trustworthiness and a sense of justice, underpinned by an understanding of the importance of self-respect and self-worth. There are many ways in which secondary schools should support the development of these attributes, for example by providing planned opportunities for young people to undertake social action, active citizenship and voluntary service to others locally or more widely. 85. It is important for schools to promote pupils’ <i>self-control and ability to self-regulate</i>, and strategies for doing so. This will enable pupils to become confident in their ability to achieve well and persevere even when they encounter setbacks or when their goals are distant, and to respond calmly and rationally to setbacks and challenges. 100. Pupils should know the contribution that hobbies, interests and participation in their own communities can make to overall wellbeing. They should understand that humans are social beings and that outward-facing activity, especially that with a service focus WELLBEING Know the importance of sufficient good quality sleep for good health and how a lack of sleep can affect weight, mood and ability to learn. Know how to talk about their emotions accurately and sensitively, using appropriate vocabulary. Know that happiness is linked to being connected to others. Know how to recognise the early signs of mental wellbeing concerns. Know common types of mental ill health (e.g. anxiety and depression). Know how to critically evaluate when something they do or are involved in has a positive or negative effect on their own or others’ mental health. Know the benefits and importance of physical exercise, time outdoors, community participation and voluntary and

Intended Impact End Points	At the end of this topic pupils will be able to: - Develop their knowledge of Careers and their future options. - Develop their understanding of a personalised Careers Pathway and routes. - Develop their understanding of how to prepare for their next future Careers route. Pupils will be able to do this by: - Identifying possible career interests. - Demonstrating an understanding of the world of work. - Identifying the skills that they will need to develop for their futures. - Evidencing an understanding of the labour market. - Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: - Become more knowledgeable about managing money and learning about how this affects lifestyle and well-being. - Develop their understanding of the importance of personal budgeting and saving for the future. - Develop an interest in, and commitment to, participation in volunteering as well as other forms of responsible activity. Pupils will be able to do this by: - evidencing their learning on the key topics covered. - evaluating the potential impact of poor money management and the consequences. - Becoming involved in citizenship whole school/character and culture events or in wider extra-curricular activities, linked to Anti bullying. - Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: - Understand what positive relationships are. - Develop their understanding of staying safe and the law. - Develop understanding of where to access support. Pupils will be able to do this by: - Completing a self-assessment, stating their confidence levels regarding topics covered. - knowing where and who to go to for support and guidance, when they need it. - Evidencing knowledge and understanding of the key topics taught. - Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: - Become more knowledgeable about how the United Kingdom is governed, its political system and how citizens participate actively in its democratic systems of government. - Understand the precious liberties enjoyed by the citizens of the United Kingdom. - Develop understanding of human rights and international law CIT ks4. Pupils will be able to do this by: - Participating in Student voice (at least 3 across the year) opportunities. - Evidencing learning on key issues and articulating their own well-informed opinions. - Evidencing knowledge and understanding of the key topics taught by debating/presenting and creating a campaign. - Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: At the end of this topic pupils will be able to: - Develop their understanding of the key units covered and their understanding of the laws relating to these key topics. - Understand the law relating to illegal substances. Develop their awareness and understanding of the dangers of illegal substances. Evaluate the differences between legal and illegal drugs and the impact that they can have on the community. - Develop their understanding of staying safe online and the online risks and harm. - Summarise and evidence their learning of the key topics and units covered. Pupils will be able to do this by: - Articulating and sharing their findings. - Forming their own informed opinions regarding such topics and understanding the consequences of breaking the law regarding such topics. - Evidencing the impact that substance misuse can have on people's wellbeing and lifestyle. - Evidencing their understanding of online risks. - Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: - Evidence their understanding of the importance of maintaining a good level of mental and physical health and the factors which may affect one's level of wellbeing. - Evaluate the differences between legal and illegal drugs and the impact that they can have on an individual's mental and physical wellbeing - Develop their understanding of staying safe online and the online risks and harm. Pupils will be able to do this by: - Articulating and sharing their findings on the subject of Physical health and mental wellbeing: - Evidencing the impact that substance misuse can have on people's wellbeing and lifestyle. - Evidencing their understanding of online risks. - Be able to give advice on how to maintain mental and physical health and wellbeing, and where to access specialist support. - Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.

				70 Consent – The definition -that they have a choice to delay sex or to enjoy intimacy without sex. 71 the facts about the full range of contraceptive choices, efficacy and options available. the facts around pregnancy including miscarriage That there are choices in relation to pregnancy (with medically and legally accurate, impartial information on all options, including keeping the baby, adoption, abortion and where to get further help). Know to get further advice, including how and where to access confidential sexual and reproductive health advice and treatment 78 Key aspects of the law relating to sex which should be taught include the age of consent, what consent is and is not, the definitions and recognition of rape, sexual assault and harassment, and choices permitted by the law around pregnancy. 82 Law on abortion 73 that all aspects of health can be affected by choices they make in sex and relationships, positively or negatively, e.g. <i>physical, emotional, mental, sexual and reproductive health and wellbeing</i>. about the prevalence of some STIs, the impact they can have on those who contract pupils and key facts about treatment. How the use of alcohol and drugs can lead to risky sexual behaviour. Support and Advice. 31 75. Equality - Schools should be alive to issues such as everyday sexism, misogyny, homophobia and gender stereotypes and take positive action to build a culture where these are not tolerated, and any occurrences are identified and tackled. 36.37. 75 LGBT – Equality act 2010. Protected characteristics.		Know the law relating to the supply and possession of illegal substances. Have an awareness of the dangers of drugs which are prescribed but still present serious health risks. 82 The law on a variety - extremism/radicalisation 82 - Substance abuse the facts about legal and illegal drugs and their associated risks, including the link between drug use, and the associated risks, including the link to serious mental health conditions. The physical and psychological consequences of addiction. RESPECTFUL RELATIONSHIPS Know the characteristics of positive and healthy friendships (in all contexts, including online) including: trust, respect, honesty, kindness, generosity, boundaries, privacy, consent and the management of conflict, reconciliation and ending relationships. This includes different (non-sexual) types of relationship. 80, 81 Internet safety should also be addressed. Pupils should be taught the rules and principles for keeping safe online. INTERNET SAFETY and HARMS Know how to identify harmful behaviours online (including bullying, abuse or harassment) and how to report, or find support, if they have been affected by those behaviours. online and media Know their rights, responsibilities and opportunities online, including that the same expectations of behaviour apply in all contexts, including online. Know about online risks, including that any material someone provides to another has the potential to be shared online and the difficulty of removing potentially compromising material placed online. Know how information and data is generated, collected, shared and used online.	and prevention of infection, and about antibiotics. Dental health, (late secondary) the benefits of regular self-examination and screening. Immunisation and vaccination. Good quality sleep for good health Internet safety and harms 80 81 how to identify harmful behaviours online (including bullying, abuse or harassment) and how to report, or find support, if they have been affected by those behaviours. Their rights, responsibilities and opportunities- behaviour online. about online risks, including that any material someone provides to another has the potential to be shared online and the difficulty of removing potentially compromising material placed online. Drugs the physical and psychological risks associated with alcohol consumption and what constitutes low risk alcohol consumption in adulthood. The physical and psychological consequences of addiction, including alcohol dependency. An awareness of the dangers of drugs which are prescribed but still present serious health risks. 101. Pupils should also be taught about problems and challenges. This should include factual information about the prevalence and characteristics of more serious mental and physical health conditions, drugs, alcohol and information about effective interventions. Mental wellbeing 103. Pupils should be taught how to judge when they, or someone they know, needs support and where they can seek help if they have concerns. This should include details on which adults in school (e.g. school nurses), and externally can help. how to recognise the early signs of mental wellbeing concerns. Online relationships Know about online risks, including that any material someone provides to another has the potential to be shared online and the difficulty of removing potentially compromising material placed online. Know their rights, responsibilities and opportunities online, including that the same expectations of behaviour apply in all contexts, including online.

Intended Impact End Points	At the end of this topic pupils will be able to: 1.Develop their understanding of which career pathway and the options most well suited to pupils. 2. Develop their understanding of how to prepare for their next future Careers route, and effectively communicate with potential employers. Pupils will be able to do this by: 1. Selecting an informed further education option. 2. Evidencing research on a suited educational course. 3. Creating an effective C.V and covering letter to be developed further, after they leave school. Pupils will be able to do this by: 1. Researching and collating career findings. Planning for and attending the Year 10 summer T's career fair. 2. Making connections with future employees, and evidencing research on post 16 education options and training providers. 3. Creating an effective cv and developing interview techniques. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.	At the end of this topic pupils will be able to: 1.Apply their knowledge and understanding of The British values – Mutual respect and tolerance, diverse national, regional, religious and ethnic identities in the United Kingdom. 2.Understand the different ways in which a citizen can contribute to the improvement of their community, to include the opportunity to participate actively in community volunteering, as well as other forms of responsible activity 3. Develop their skills to be able to use a range of research strategies, weigh up evidence. 4.Make persuasive arguments and substantiate their conclusions. 5.Present reasoned arguments and take informed action. Pupils will be able to do this by: 1.Evaluating different ways that citizens can act together to solve problems and contribute to society. 2.Articulating and evidencing the importance of further tackling these issues. 3. Present proposals regarding how to take informed community action. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.	At the end of this topic pupils will be able to: 1.Understand where to access the necessary support regarding topics covered, (incl FGM and honour-based violence, forced marriage). 2. Understand the laws regarding consent and have the knowledge and skills needed to be able to challenge any negative pressures. 3. Understand about positive relationships and wellbeing. Pupils will be able to do this by: 1. Encouraging relationships that foster trust and respect. 2. Sharing, encouraging and setting boundaries to promote safety and wellbeing. 3. Adopting and fostering positive relationships, based on their understanding of the topics covered. 4.Creating a 5-point plan of how to encourage relationships that foster trust, respect, honesty, kindness, generosity and with boundaries. 5. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010. Community Issues Information – See the English Literature Booster Column.	At the end of this topic pupils will be able to: 1. Demonstrate an understanding issues relating to our local government. 2.Demonstrate an understanding of what it means to be a 'good citizen'. 3. Demonstrate an understanding of the key topics covered. Pupils will be able to do this by: 1. Assessing current issues and government campaign, regarding the topics covered. 2. Articulating and evidencing the importance of further tackling these issues. 3. Refining and improving current government campaign materials (UK youth parliament) regarding the topics covered. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.	At the end of this topic pupils will be able to: 1. Understand the law relating to these issues. 2. Develop their awareness and understanding of the dangers of these issues. 3. Evidencing understanding of the Law and justice system and relevant topics surrounding this. Pupils will be able to do this by: 1. Articulating and sharing their findings. 2. Forming their own informed opinions regarding such topics and understanding the consequences of breaking the law regarding such topics. 3. Evidencing their understanding of the support in place regarding these issues. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.	At the end of this topic pupils will be able to: 1. Develop their understanding of the importance of maintaining good physical and mental health. 2. Explore and evaluate what the T 'wellbeing' means. 3. Develop an understanding around factors which can impact on mental health and wellbeing. Pupils will be able to do this by: 1. Promoting a healthy lifestyle within the wider community and support others to do so. 2. Becoming involved with wellbeing events and charity events at school or within the wider community. 3. Creating an image/outcome of what is meant by a 'healthy lifestyle'. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.

Intended Impact End Points	At the end of this topic pupils will be able to: 1. Develop their knowledge of Careers and their future options. 2. Develop their understanding of a personalised Careers Pathway and routes. 3. Develop their understanding of how to prepare for their next future Careers route, and effectively communicate with potential employers. Pupils will be able to do this by: 1. Selecting an informed further education option. 2. Applying and enrolling on a suited educational course. 3. Creating an effective C.V and covering letter to be developed further, after they leave school. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: 1 Develop an understanding of income and expenditure, credit and debt, insurance, savings and pensions, financial products and services, and how public money is raised and spent 2. Develop skills, use a range of research strategies, weigh up evidence, make persuasive arguments and substantiate conclusions. 3.Understand how to manage money well and make sound financial decisions. Develop their skills to think critically and debate political questions, to enable pupils to manage their money on a day-to-day basis, and plan for future financial needs. Pupils will be able to do this by: 1. Evaluate different ways that they as citizens can solve money management problems and contribute positively to society. 2. Give informed advice on how to manage money well and make sound financial decisions, and know how and where to access financial help and support. 3. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: 1. Develop their understanding of the importance of maintaining good physical and mental health. 2. Explore and evaluate what the T 'wellbeing' means. 3. Develop an understanding around factors which can impact on mental health and wellbeing. Pupils will be able to do this by: 1. Promoting a healthy lifestyle within the wider community and support others to do so. 2. Becoming involved with wellbeing events and charity events at school or within the wider community. 3. Creating an image/outcome of what is meant by a 'healthy lifestyle'. RSE: 1. Demonstrate an understanding of what is meant by 'good' health and physical & mental wellbeing. 2. Learn about Sexual Health, relationships. 3. To demonstrate an understanding of healthy relationships. Pupils will be able to do this by: 1. Completing a self-assessment, stating their confidence levels regarding topics covered. 2. knowing where and who to go to for support and guidance, when they need it. 3. Evidencing knowledge and understanding of the key topics taught. 4.Evaluating how we can develop our levels of physical, mental health and wellbeing. 5. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: 1. To know about local, regional and international governance and the United Kingdom's relations with the rest of Europe, the Commonwealth, the United Nations and the wider world. To understand the legal system in the UK, different sources of law and how the law helps society deal with complex problems. To understand about human rights and international law. Pupils will be able to do this by: 1. Reflect on the topics covered in a well-informed way. 2. Evaluating the importance of adhering to the law and how the law helps society deal with complex problems. 3. Evaluate different ways that they as citizens can solve money management problems and contribute positively to society 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.		At the end of this topic pupils will be able to: 1. Understand the law relating to these issues. 2. Develop their awareness and understanding of the dangers of these issues. 3. Evidencing understanding of the Law surrounding relevant topics surrounding this. Pupils will be able to do this by: 1. Articulating and sharing their findings. 2. Forming their own informed opinions regarding such topics and understanding the consequences of breaking the law regarding such topics. 3. Evidencing their understanding of the support in place regarding these issues. 4. Demonstrating their understanding of the Fundamental British Values and protected characteristics of the Equality Act 2010.
