

Announcement Regarding SCLearn and Instruction Hub

Beginning **November 17, 2025**, several applications that were previously accessible directly from the main dashboard of the R1 Portal/Classlink will be relocated to a new location within the platform.

What's Changing

Some applications will no longer appear on the main dashboard.

Which Applications Impacted and Where Will They Be Located

SCLearn Application

- EdPlan
- Fitnessgram
- HMH
- iHub (Safari Montage)
- i-Ready
- Pearson Courseware
- QuaverEd
- Savvas
- Zearn

iHub

- Bedford, Freeman & Worth Publishers (BFW)
- Discovery Education
- Learning Blade
- Math Nation
- McGraw Hill

How to Access the SCLearn App

There are two (2) ways in which you can access these applications.

1. At the top of the page, you can click on the widget icon (drawer) (Image 1).

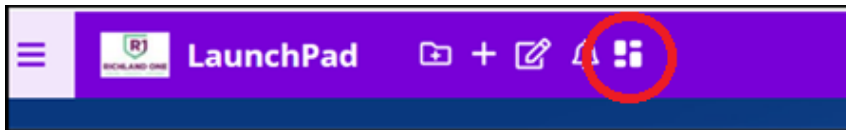

Image 1

Once you click on this icon, the widget drawer will open on the right side of the screen (Image 2).

2. Locate the SCLearn icon from the dashboard (Image 3).

Once you click on this icon, another dashboard will open with the applications.

Why This Change Happening

The South Carolina Department of Education (SCDE) in partnership with ClassLink have created a new app called SCLearn. The purpose of the SCLearn app is to monitor usage of resources made available or provided by SCDE.
