1.0 Welcome, Roll Call, and Reading of the Minutes

1.1 The minutes from the meeting dated December 14, 2021 were presented and unanimously accepted with no changes.

2.0 New Items

2.1 Student Data.

Mrs. Longmore explained the student data from the Winter MAP assessment completed before Winter Break. When breaking it down by grade levels, second grade exceeded the district average score in Reading. In Math, second, third and fifth grade all exceeded the district average score. For the most part, our students grew exponentially. We can't just focus on growth, we also have to work towards proficiency as well. In the Fall, 15% of our students were proficient in Math and in the Winter, 16% of our students were proficient. In the Fall, 20% of our students were proficient in Reading and in the Winter, 19% of students were proficient. We are going to start making course corrections based on this data for our instruction to make sure our students not only continue to show growth, but to be able to have students show enough growth to reach proficiency as well. Our students have never shown more growth on MAP from Fall to Winter until this school year.

2.2 Parent SOT Election.

It was discussed that the candidate with the next highest number of votes will be contacted to ask if they would still be interested in serving on the SOT team.
