1.0 Welcome, Roll Call, and Reading of the Minutes- Minutes from the meeting dated December 8, 2022 were presented and approved unanimously.

2.0 New Items

2.1 Budget- Our preliminary allocated budget for Fiscal Year 2023-2024 is \$280,440.00. The budget will change when it opens on January 13, 2023. There will be forthcoming information in February.

2.2 Community Meeting- Mrs. Longmore presented "Pathways for success for our students"

-Understanding the shifts of reporting of academic achievement- The shift is due to the standards and expectations that have changed. The standards are mastery by the end of the school year. All students have the opportunity to succeed and have the opportunity to show mastery.

-Acurite report of student progress- Report cards are standard based: 4 Exceed Standards; 3 Meets Standards; 2 Approaches Standards; 1 Emerging Standards

The district has a balanced grading scale that provides accurate and equitable calculations for grade level standards. We have a Minimum F for an equitable calculation of grade level standards.

-Removing behaviors from the grading process- Academic performance will be the only factor in grading calculations. Behaviors will be addressed as successful learning behaviors or citizenship grades. At McMillan an L for late work is used in the Infinite Campus grade book. On Fridays the classroom teacher will contact the parent via Class Dojo to inform them their student has late work. The student will have 5 school days from the due date to turn in the work for full credit. If the teacher is unable to collect evidence of learning the L will be replaced with a M and given a 50%.

Reassessment Policy- Students scoring 70% and below will have a reassessment opportunity. It may be a retake of the same assessment or an abbreviated assessment at the same rigor. A student who scored a

70% and above may request a retake within one week of assessment result. It must be taken before the next summative assessment on the standard.

-The difference between Formative and Summative calculations for grades. Formative is 10% of grades and Summative is 90% of grades.
