CAREER PATHWAYS

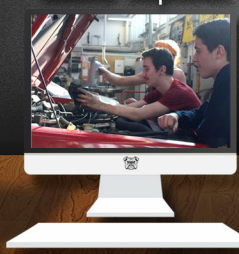

BUSINESS

The business academy is the home for students who have a desire to learn the foundations of business theories & practices through business management, retail management, & finance.

TRANSPORTATION

In transportation, students study in specialized labs designed for automotive mechanics & repair. The program is certified by NATEF & students compete in SkillsUSA competitions.

HEALTH INFORMATICS

Health Science students gain clinical experience by shadowing at various health care facilities &, as seniors, are allowed to work entry level health care positions in partnership with Ben Taub Hospital.

ENGINEERING

Engineering students participate in VEX & FIRST Robotics courses.Our goals in this academy are to prepare students for an engineering major in college, or prepare students for various technical careers.

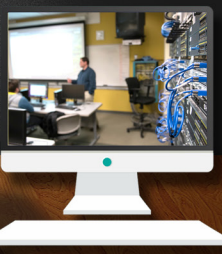

DESIGN & MULTI-MEDIA ARTS

Students will work on communication concepts, design, layout, digital illustration & typography using Computer Technology to prepare print & digital based media.

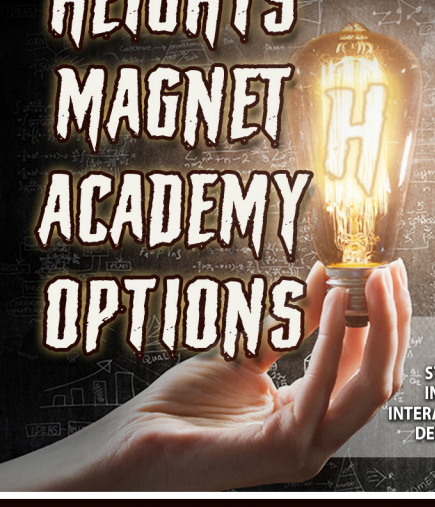

NETWORKING SYSTEMS

Students will work on communication concepts, design, layout, digital illustration & typography using Computer Technology to prepare print and digital based media.

Students are certified in the following: (Depending on their track) • (AV) Adobe Certified Expert & Associate • Final Cut Pro 10.4 • (AutoMotive) Varios ASE Certifications • (Business) QuickBooks • Microsoft Office Specialist / Expert • (Eng.) Solid Works Associate • (H.S.) Certified Medical Assistant • Phlebotomy • EKG
