

Extra-Curricular & Co-Curricular Activities - Grades 7-12

Last Revised: 10/14/2025 | **Last Reviewed:** n/a

Dear Parent or Guardian,

Your student recently violated _____ High School's policy on the use or possession of a controlled substance or alcohol. In accordance with school policy and applicable education codes, a violation involving the possession, use, or distribution of alcohol or controlled substances may result in up to a five (5) day suspension from school and a temporary exclusion from participation in school-sponsored activities for up to thirty (30) calendar days.

This activity exclusion is intended not only as a consequence, but also as an opportunity for reflection and accountability. It reinforces the school's commitment to providing a safe and healthy environment for all students, free from the influence of drugs or alcohol. Our goal is to support students in making responsible choices, and restorative practices may be considered to reduce the duration of exclusion when appropriate.

***Social Probation Definition:**

Students on Social Probation may not attend any school-related event or activity for thirty (30) calendar days. A school-related event is any school sponsored activity that occurs outside of regular school hours (not including activities required for a student's class). School-related events and activities include, but are not limited to, participation in or attendance at school sponsored athletic practices or events, band, choir, drama, sideline cheer, drill or speech performances, school dances, after school rallies, student government, club meetings/activities and promotion/graduation ceremonies. Social probation may only be imposed for severe or repeat offences under Education Code 48900. The duration of the probationary period may be reduced to fifteen (15) calendar days at the discretion of school administration if the student participates in targeted accountability and support strategies and/or interventions deemed appropriate to the misconduct.

If you have further questions, or if you decide to go ahead with this program, please contact your student's assistant principal.

Sincerely,
