Volunteers Needed - Elementary Configuration Workgroup

Next year, True North Prep will be moving to a new location. This exciting change will open up the Butte View Complex to once again be utilized as a full elementary school!

With this comes an important decision: how should our elementary school boundaries be configured, and which students will attend which schools?

To help guide this process, we are forming an Elementary Configuration Work Group and need parent, staff, and community volunteers.

The Details:

- ◆ The group will meet about five times over the next few months.
- ◆ Members will investigate options for school boundaries and how students are served.
- ◆ At the conclusion of their work, the group will present recommendations to the Emmett School District Board of Trustees.

We value our volunteers who are willing to serve and provide input into this important decision for our schools and community.

Please note: We are specifically need parents who are interested in helping us with this decision. Any realignment or changes to the

elementary configuration will directly affect families, which makes the parent voice very important. Your perspective is wanted and needed as this decision is considered.

If you'd like to participate, please contact:
Angela Mattingly at **(208) 365-6301**
or **info@isd221.net**

Thank you for being part of shaping the future of our schools!

Important Reminder for Parents & Guardians!

If your student received **Free or Reduced Lunch** last year, that status will **expire on Tuesday, October 7, 2025** — unless you submit a new meal application for the **2025–2026 school year**.

 Meal applications must be submitted every year — last year's status does not carry over.

 Applications are completely confidential and help ensure your child gets the support they need.

 Apply online through the **Infinite Campus parent portal** or print a form from our **Food Service webpage**.

 Paper applications are also available at the **District Office** and all **school cafeterias**.

Why it matters:

Your application helps ensure your student has free or reduced cost access to school meals. The number of qualifying families also impacts funding and grants that benefit all ESD schools. If your family would qualify, please fill out an application!

 We currently have many students without updated applications, and their eligibility will expire soon. If you haven't yet submitted your **2025–2026 meal application**, please do so **ASAP!** Your application ensures eligibility for this school year.

 Questions? Contact our **Food Service Department** for help. (208365-4084)
