CORE Update

- CORE 9 led by Rob King-

        - The curriculum this month is focused on Construction Basics. Learners are building outhouses for cabins of customers
        - OSHA 10 certification
    - CORE 10 led by Rianna Green-
        - The curriculum focus currently is Small Gas Engines repair and troubleshooting. Learners are using their knowledge of engines to disassembly their engines. Their challenge will be to rebuild and get them running in the coming weeks.
        - All learners are preparing for a Small Engines Certification through iCEV.

Agricultural Education

- 4 learners competed at the Big E-Eastern States Exposition in Springfield, MA. Here were our highlights:
    - Poultry Evaluation - 4th Place Team
        - Josie Gielenz - 7th Place Individual
        - Sierra Langston - 5th Place Individual
        - Mia Nordhoff
        - Lauren Coblentz
