

Homer Community Consolidated School District 33C

15733 S Bell Road • Homer Glen, IL 60491
(708) 226-7600 • FAX (708) 226-7627

If your student has a complex medical condition, please contact the school nurse in the building your student attends. Medical documentation is required and should include: a medical diagnosis, information about the condition, medications, and/or medical interventions needed. If medical interventions are required during the school day; new orders must be submitted at the beginning of every school year.

Medically complex students are eligible for support under federal law. An Individualized Health Plan (IHP) may be created by the school nurse in conjunction with their needs. A 504 plan may be developed to provide appropriate accommodations if the medical condition interferes with learning.

All forms and contact information for the building nurses are listed under Health Requirements on the district webpage. If you have any questions, please contact your child's school nurse.

In good health,

33C Nurses
