**Appendix B**

**ReLife School Intake Process**

1. The Local Education Agency or "LEA" notifies ReLife that they have a potential student for consideration.
2. The student's file (IEP, FBA, BIP, & any other pertinent data) is sent to the ReLife administrative team for review.
3. The team reviews the file (3-5 days) to determine a programmatic fit for academic, behavioral, and safety needs.
4. Once fit is determined, a Consideration of ReLife Enrollment "CORE" meeting is scheduled with teams from ReLife, the LEA, the student, and family/caregivers.
- 4a. If it is determined that ReLife is not the student's least restrictive environment (LRE), a conversation is then initiated by ReLife administration with the LEA.

As part of the enrollment process, prospective students are screened by ReLife's CORE team to consider a student's LRE in relation to our program and physical space. A student may screen out if the CORE team believes the environment to be unsuitable. Specifically, the team focus is as follows:

1. Will the student stay within the parameters of the ReLife campus?
2. What is the student's level of physical aggression? Is it reasonable to assume ReLife can provide hands-off support while maintaining safety for those within the environment?
3. Does the student have the cognitive skills to follow a leveled system which is the basis of the ReLife program?
4. Does the student have an ERP in place? As a hands-off program, students who need an emergency response protocol regarding restraint and/or isolation, may require a more restrictive environment than ReLife.

"No" answers to the above will not automatically disqualify a student from the ReLife program but will prompt a deeper discussion. ReLife's CORE team considers safety above all else. It is for this reason that having an open slot is not the only determining factor of placement. All student referrals are on a case-by-case basis. Some of the behaviors that ReLife is not equipped to manage include the following:

- students who have toileting needs
- students who cannot feed themselves or take care of their basic life functions
- students who are considered medically fragile (see Policy 45171 Washington State Department of Children, Youth & Families)
- students who are excessively violent (may need to be determined at the time)

If a student who has been accepted to ReLife begins to exhibit signs that show ReLife may be unable to support them (such as showing some of the above indicators), ReLife administration will begin conversations with the student's LEA per section VI. 1. of the Interlocal Agreement.

## Appendix B – ReLife School Intake Process Pg.2

At the beginning of the 2020-2021 school year ReLife moved away from the Right Response system of de-escalation and adopted the Ukeru system.

Ukeru gave ReLife staff the opportunity to focus on de-escalation without physical contact. Less physical contact leads to less trauma. ReLife also added Character Strong as the platform for Social and Emotional Learning (SEL) curriculum.

As a result of this inclusions to the ReLife program, daily protocols now include the following:

- Personalized student Care and Comfort Plans (created by staff with student input)
- Student access to preferred sensory items in all classrooms (*Sensory strategies are used on the classrooms to assist with self-regulation.*)
- Addition of a Sensory Room (*When a student asks for a separate space for regulating themselves, ReLife has a dedicated room for meeting student sensory needs. Adult supervision is provided at all times when a student is using the sensory space and staff have been trained in co-regulation strategies.*)
- Opportunities for large muscle movement
- Increased opportunities for breaks with preferred staff
- Increased opportunities for breaks in alternate locations (partner classrooms, outside or open spaces)
- Clearing the room of other students to give the student privacy
- Phone calls to/from parents/guardians or other members of the support team
- Increased staff training in recognizing power struggles and how to avoid them
