

Greenville Elementary 25-26 TSSA Plan

Goal 1

Using the Acadience Reading Assessment, 60% of Greenville's students in K-5 will show Typical or Above Typical growth as measured by Pathways of Progress during the Spring testing session.

Action Plan for Goal 1

Greenville Elementary's plan for improving literacy involves data-driven reading interventions (using Acadience data and professional development) and enhancing the learning environment through PBIS implementation, dedicated paraprofessionals to ensure small group instruction, and robust literacy materials. The goal is to strengthen instruction, increase student engagement, and achieve greater literacy growth.

Total Budget for Goal 1 is \$100,007

Goal 2

Using Math Acadience data, 70% of K-3rd grades will reach 70% or higher at the end of year Acadience assessment. Additionally, 60% of our 4th-5th grade students will demonstrate Typical or Above Typical Growth on the Spring End of Year iReady Math assessment.

Action Plan for Goal 2

Greenville Elementary's plan for improving Math involves data-driven Math interventions (using Acadience data and professional development). Classes will also benefit from highly qualified Math paraprofessionals and structured tier 2 intervention.

Total Budget for Goal 2 is \$13,185
