Wichita Falls Independent School District

Budget for the 2025-2026 School Year

Executive Summary

Dear Board Members, Employees, and Other Stakeholders:

The annual combined budget of the Wichita Falls Independent School District (the District) for the fiscal year 2025-2026 is hereby presented. The budget reflects total expenditures and transfers out for the General, Food Service, and Debt Service Fund in the amount of \$168,930,123 and represents an increase of \$11,533,002 or 8%. Projected revenues and transfers in are \$166,326,999 and represent an increase of \$7,545,338 or 5% resulting in a deficit for the combined budgets.

Enclosed are the schedules for the General Fund, Food Service Fund, and Debt Service Fund, all of which are required by law to be approved by board action.

Next Year's Budgets and Rates

The maintenance and operating estimated tax rate of \$0.7011 is the maximum compressed tax rate from 2024-2025. The State might require the District to compress the maintenance and operating tax rate again for fiscal year 2025-2026. The District's Interest and Sinking estimated tax rate of \$0.412393 per \$100 tax valuation is the same as the prior year. The district will adopt a tax rate in August after the certified values are received in late July 2025.

The District's estimated property values of \$5,237,265,629, for the 2025-2026 budget year are an increase of \$31,428,324, or 1%. In November 2025, there will be a voter election to increase the homestead exemption from \$100,000 to \$140,000. If voter approved, the District's property values will decline.

General Fund

General Fund spending per average daily attendance in 2025-2026 will increase from \$11,269 to \$12,188. This is due to the increase in expenditures from \$126,778,501 to \$135,282,364 while average daily attendance is decreasing. An increase in expenditures per ADA of \$919.

Total proposed General Fund revenues are budgeted to be \$134,975,109, an increase of \$8,460,931 above the 2024-2025 budgeted revenues of \$126,514,178. The increase is mostly attributable to the increased state revenue to replace the decreased taxable value and investment interest. The District's 2025-2026 budgeted refined average daily attendance (ADA) is adjusted down to 11,100 from 11,250 in 2024-2025.

Total proposed General Fund expenditures are up from the previous year. Last year, expenditures were \$126,778,501 and proposed expenditures for 2025-2026 are budgeted to be \$135,282,364. The expenditure increase is due to the increased cost in property insurance, custodial contract, and transportation contract.

Food Service Fund

Total proposed Food Service Fund revenues are budgeted to be \$9,196,890, an increase of \$557,453, or 6.06% above the 2024-2025 budgeted revenues of \$8,639,437. This increase is due to Chartwells proposed revenues in their 2025-2026 contracted service proposal.

Total proposed Food Service Fund expenditures are up from the previous year. Last year, expenditures were \$7,985,114 and proposed expenditures for 2025-2026 are budgeted to be \$12,327,791. This increase of \$4,342,677, or 35.23%, is due to Chartwells proposed expenditures in their 2025-2026 contracted service proposal and excess fund balance plans for renovations and upgrades.

Debt Service Fund

Total proposed Debt Service Fund revenues are budgeted to be \$22,155,000, a decrease of \$1,033,723, or 4.67% below the 2024-2025 budgeted revenues of \$23,188,723.

Total proposed Debt Service Fund expenditures are down from the previous year. Last year, expenditures were \$22,029,183 and proposed expenditures for 2025-2026 are budgeted to be \$21,319,968. Debt Service expenditures are determined by the bond payment schedules.

Dr. Donny Lee
Superintendent
PO Box 97533
Wichita Falls, TX 76307

Dear Dr. Lee:

As required by §26.01(e) of the Texas Property Tax Code, this letter serves as notice of the 2025 estimated appraised value for the Wichita Falls I.S.D.

Below please find the current appraisal roll value, the percentage of anticipated adjustments to these values resulting in the estimated adjusted net taxable value. As always, business personal property values are conservative as several hundred accounts within the county have extensions to file their renditions on May 15th.

Caution should be used in budgeting and establishing tax rates from these values as they are estimates, but this is a 2.18% increase in taxable value over 2024 certified totals.

The district anticipates certifying the appraisal roll by July 23, 2025 barring any unforeseen issues. Please contact our office for any additional information to assist in the budgeting process.

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll or certified estimate of value and the estimated values of properties under protest. The designated officer or employee shall submit the rates to the governing body by August 7 or as soon thereafter as practicable. Tax Code Section 26.04(e-1) does not require school districts to certify tax rate calculations or comply with certain Tax Code notice requirements. School districts are required to provide notice regarding tax rate calculations pursuant to Education Code Chapter 44.

This worksheet is for **school districts without Tax Code Chapter 313 or Government Code Chapter 403, Subchapter T, Texas Jobs, Energy, Technology, and Innovation Act (JETI) agreements only**. School districts that have a Chapter 313 or JETI agreement should use Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School Districts with Chapter 313 and JETI Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form. Use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

All other taxing units should use Comptroller Form 50-856 *Tax Rate Calculation, Taxing Units Other Than School Districts or Water Districts*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The Texas Education Agency (TEA) provides detailed information on and guidance to school districts in calculating their tax rates. Please review and rely on information provided by TEA when completing this worksheet. Additionally, the information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The no-new-revenue (NNR) tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of revenue if applied to the same properties that are taxed in both years (no new taxes). When appraisal values increase, the NNR tax rate should decrease.

SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. Most school districts calculate a voter-approval tax rate that is split into three separate rates. ¹⁸

- Maximum Compressed Tax Rate (MCR):** A district's maximum compressed tax rate is defined as the tax rate for the current tax year per \$100 of valuation of taxable property at which the district must levy a maintenance and operations tax to receive the full amount of the tier one allotment. ¹⁹
- Enrichment Tax Rate:** ²⁰ A district's enrichment tax rate is defined as any tax effort in excess of the district's MCR and less than \$0.17. The enrichment tax rate is divided into golden pennies and copper pennies. School districts can claim up to 8 golden pennies, not subject to compression, and 9 copper pennies which are subject to compression with any increases in the guaranteed yield. ²¹
- Debt Rate:** The debt rate includes the debt service necessary to pay the school district's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The MCR and Enrichment Tax Rate added together make up the school district's maintenance and operations (M&O) tax rate. Districts cannot increase the district's M&O tax rate to create a surplus in M&O tax revenue for the purpose of paying the district's debt service. ²²

If a school district adopted a tax rate that exceeded its voter-approval tax rate without holding an election to respond to a disaster in the prior year, as allowed by Tax Code Section 26.042(e), the school district may not consider the amount by which it exceeded its voter-approval tax rate (disaster pennies) in the calculation this year. This adjustment will be made in Section 4 of this worksheet.

A district must complete an efficiency audit before seeking voter approval to adopt a M&O tax rate higher than the calculated M&O tax rate, hold an open meeting to discuss the results of the audit, and post the results of the audit on the district's website 30 days prior to the election. ²³ Additionally, a school district located in an area declared a disaster by the governor may adopt a M&O tax rate higher than the calculated M&O tax rate during the two-year period following the date of the *declaration without conducting an efficiency audit*. ²⁴

Districts should review information from TEA when calculating their voter-approval tax rate.

SECTION 3: Voter-Approval Tax Rate Adjustment for Pollution Control

A school district may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The school district's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The school district must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a school district that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.
