RE: School Parking Lot Lighting Community Engagement Meeting (March 6, 2025)

Dear El Granada Elementary School Neighbors,

The Cabrillo Unified School District (CUSD) is in the process of modernizing El Granada Elementary School & parking lot. Thanks to the generous support of our community and the general obligation bond funds being used for this school modernization project, we look forward to the construction of a modernized parking lot at the El Granada Elementary School campus.

CUSD has worked with a team of staff, and architects to make plans for the educational needs of the campus, and we are now conducting neighborhood outreach to review the status of the parking lot lighting project. This is an exciting opportunity for El Granada Elementary School and the El Granada community, and we look forward to these significant renovations and upgrades to the campus. We are inviting you to a school modernization community engagement meeting to review the plans as they currently stand and provide your input.

Below is the meeting information should you choose to attend:

WHAT: El Granada Parking Lot Lighting Community Engagement Meeting
WHERE: Multi-Purpose Room at El Granada Elementary School
WHEN: March 6, 2025
TIME: 6:00-7:00 PM

At this meeting, CUSD will provide details from the design team and construction management staff. The topics that will be discussed include our Division of State Architect (DSA) approval process, our local Coastal Development Permit (CDP) process and its status, and the ambitious schedule ahead of us for this significant project. The team will also discuss plans and actions for resolving different situations stemming from different permitting authorities and agencies.

We are looking forward to sharing our plans to improve the El Granada Elementary School campus for our students, staff, and families. Please know we would be honored to have your attendance at this community engagement meeting, and we hope you will join us to hear more and provide your feedback on our current plans.

Sincerely,

Jennifer Marsh
Chief Business Officer
Cabrillo Unified School District
