X	Mathias Green		MaryAnn Rush Wallace	X	Tania Stoker	
X	Gale Husack		David Hauser	X	Dan Williams	
X	Donna Kulp	X	Eric Hill			
X	Natalie Snyder	X	Matthew Link			
X	Angela Williams	X	Christopher Mann			

Also in attendance: Tim Weaber, Steven Haas, Beverly Fick, Glenn Williams

Agenda

- College, Career and Military Readiness Fair (Mr. Williams)
  - Date is set as April 1, 2025
  - Utilized feedback from surveys to continue to improve the Fair and make some adjustments
  - As Mr. Williams transitions to MS Principal, the incoming Secondary Assistant Principal will take on this role with support from current administration
- HS Keystone Testing Schedule (Dr. Bali)
- Voyager Passport (Mr. Breiner)
  - Intervention for reading comprehension
  - Grant Letter - Grant covers grades 4 & 5
  - SES would like to purchase materials to expand this down to 3rd grade. Here is the Quote for that.

- School board members present were comfortable moving this to board agenda for a vote

➢ DaVinci Science Center (Mr. Schynderite)

- **Mixing Matter** introduces students to the wonders of chemistry through engaging, hands-on experiments. In the first half, students explore chemical reactions with exploding soap monsters and fiery demonstrations that showcase the power of mixing matter. The second half reveals the superCOOL side of chemistry with experiments using liquid nitrogen.
- This program connects to the new PA STEELS Standards through phenomena-based learning.
- Thanks to Kindergarten teacher Michelle Siesko, who applied for a scholarship, and our generous PTO, the assemblies are fully funded and will be offered free of charge to students.
- Looking to scheduling in Mid-November
