The Pocono Mountain School District Mission and Practice

The Pocono Mountain School District provides an exemplary educational program for the children of our District that includes instruction in all academic areas relevant to their preparation for the future. Pocono Mountain School District is a strong academic community where students build confidence to be college and career ready. All students and staff are active learners engaged in meaningful experiences that promote mutual respect, trust, and character. To promote increased student achievement, Pocono Mountain has developed a rigorous and comprehensive curriculum that is aligned to Pennsylvania State Standards in all core content areas. A rigorous and relevant curriculum is one that is cognitively demanding and challenging to students as they apply the essential concepts and skills to real world, complex and open-ended situations. The content is not just interesting to students, but involves particular intellectual challenges. An extensive variety of after school activities in the arts, academics and athletics are provided to enrich our students as well.

Safe School Environment

The Pocono Mountain School District strives to ensure that all students and adults are provided with a safe and effective environment in which to learn and work. This type of environment exists when distractions are kept to a minimum and behavior is orderly and is the responsibility of all members of the community. The school utilizes the services of District and building-level resources to meet this goal. For the safety of our staff, students, and visitors, as well as the protection of our property and equipment, security cameras and metal detectors are used in many Pocono Mountain facilities and parking lots.

In an effort to provide students with a safe and secure school environment, the PMSD works collaboratively with the Pocono Mountain Regional Police Department in adding another layer of security in the district by employing School Resource Officers. PMSD School Resource Officers (SRO's) work cooperatively with elementary, intermediate, junior high and high schools in the district in an effort to promote positive relations between youth and law enforcement, be visible within the school community, attend and participate in school functions, build working relationships with the school's staff, students and parent groups.

Pocono Mountain School District contracts with U.S. Security Care, Inc. to provide dedicated armed security agents as an additional school safety measure. The district now has either an armed School Resource Officer or an armed security agent present at all schools during the school day and at other events to ensure the safety of our students, staff and schools. All armed officers and security agents meet or exceed state and Federal training standards.

In order to create and maintain an orderly environment within the schools, students and guests are required to adhere to the rules and regulations as set forth in the Student / Parent Handbook and to abide by the decisions of the administration in disciplinary matters.

A safe school environment is essential to successful learning. Through the careful use of District resources and the monitoring of student, adult, and visitor behaviors, Pocono Mountain School District (physical buildings) provide its constituents with an effective and safe school environment.

PROGRAM OF STUDIES

The courses offered at the High School level allow the student to choose from the following broad areas of study:

Advanced Placement Program - courses that are based on curricula developed by the College Entrance Examination Board. These programs require weekly writing assignments, a rigorous schedule of outside readings, and extensive homework assignments.

Honors Program - Students may participate in honors courses in grades 9-12. This program requires weekly assignments, a rigorous schedule of outside reading, and intensive homework assignments.

Academic Program - prepares students to demonstrate proficiency of all graduation standards through both theoretical and hands-on application. The Academic Program is designed to prepare students to enter post-secondary education.

Core Program - prepares students to demonstrate proficiency of all graduation standards through hands-on applications and other activities. This program will prepare students to enter the workforce and/or enter post-secondary school.

Vocational Technical Curriculum - a half-day program at the Monroe County Technical Institute in conjunction with the required academic courses offered at our high school. Full-day program, including core classes, is available for ninth grade students.

Special Education Program - currently operates emotional support, learning support, and speech/language support programs for students deemed exceptional. Mild and moderate academic and/or behavioral needs of our students can be met in these classes. Psychological and educational evaluations are also available through the Pocono Mountain School District.

HYBRID COURSES -Students may be enrolled in courses in both the PMSD Cyber Program and their Home School Building (EHS/WHS). Hybrid scheduling allows students to take classes through the Cyber Platform (Imagine Edgenuity) while enrolling in other classes in the traditional school building. If a student is enrolled in traditional, in-person, courses at their home building and enrolled in one (1) or more courses in the PMSD Cyber Program the schedule is considered Hybrid.

- The combination of courses total six (6), meeting but not exceeding the traditional scheduling requirements.

- Hybrid courses follow the same grading criteria and GPA applications as the traditional courses and are graded on the traditional schedule (progress report/report card) over four marking periods.

INDEPENDENT COURSES

The Independent Study Program is designed for students who have demonstrated a high degree of motivation and have the ability to work independently. Independent courses are scheduled and run outside the traditional school day.

- These courses are scheduled beyond the traditional six (6) credits.
- To enroll in an independent study program, a student must have the approval of the school counselor, the high school principal, the cyber director, the curriculum director, and the assistant superintendent.
- All students approved for an independent study must receive a percentage grade for the courses that follow the same grading criteria and GPA applications as the traditional courses and are graded on the traditional schedule (progress report/report card) over four marking periods.
- Independent courses will be limited to four (4) credits per student throughout high school - only two (2) credits can be Honors or AP courses.
- Keystone trigger courses are not eligible for Independent Study.

Once approved, participation in a Hybrid or an Independent Study course will require parent/guardian and student acknowledgement of the course specific requirements.

KEYSTONE EXAM PROFICIENCY AND GRADUATION REQUIREMENTS

Improving academic performance for all children is an essential part of Pennsylvania's educational system. The Commonwealth of Pennsylvania established academic standards that define what students should know and be able to do at specific grade levels. Standards provide a framework and learning targets for students, teachers, and parents. Progress toward the Standards is measured through a state assessment called the Keystone Exams. Keystone Exams in Literature, Algebra I, and Biology will be administered after the completion of the Keystone-related course. These exams serve a dual purpose as both graduation requirements and for state accountability under federal law (ESSA, Future Ready Index, School Performance Profile/ Educator Effectiveness Model).

Students must demonstrate their ability to meet or exceed the academic standards at a proficient or advanced level. The Pocono Mountain School District uses its own assessment system as well as the Keystone Exams to measure students' proficiency. In addition, to be eligible for high school graduation all students must complete 22 credits.

Students who meet the prerequisites may earn graduation credit for Algebra I, French, German, and Spanish when taken in the seventh or eighth grade. These credits will be utilized in calculation of class rank and grade point average.

For each successful year of participation at MCTI, students will receive three (3) credits. For students graduating in 2022 and beyond, the following options exist to meet the statewide graduation requirement:

- **Keystone Proficiency Pathway:** Scoring proficient or advanced on each Keystone Exam - Algebra I, Literature, and Biology.
- **Keystone Composite Pathway:** Earning a composite score of 4452 on the Algebra I, Literature, and Biology Keystone Exams (while achieving at least a proficient score on at least one of the three exams and no less than a basic score on the remaining two).
- **Alternate Assessment Pathway:** Successful completion of locally established grade-based requirements for academic content areas associated with each Keystone Exam on which the student did not achieve proficiency and one of the following:
 - Attainment of an established score on an approved alternate assessment (SAT, PSAT, ACT, ASVAB);
 - Gold Level on the ACT WorkKeys Assessment;
 - Attainment of an established score on an Advanced Placement Program or an International Baccalaureate Diploma Program exam in an academic content area associated with each Keystone Exam on which the student did not achieve at least a proficient score;
 - Successful completion of a concurrent enrollment course in an academic content area associated with each Keystone Exam in which the student did not achieve at least a proficient score;
 - Successful completion of a pre-apprenticeship program; or

- Acceptance in an accredited 4-year nonprofit institution of higher education and evidence of the ability to enroll in college-level coursework.

- **Evidence Based Pathway:** Successful completion of locally established grade-based requirements for academic content areas associated with each Keystone Exam on which the student did not achieve proficiency and demonstration of three pieces of evidence consistent with the student's goals and career plans, including

- One of the following:

- Attainment of an established score on the ACT WorkKeys assessment, a SAT subject test, an Advanced Placement Program Exam, or an International Baccalaureate Diploma Program Exam;

- Acceptance into an accredited nonprofit institution of higher education other than a 4-year institution and evidence of the ability to enroll in college-level coursework;

- Attainment of an industry-recognized credential; or

- Successful completion of a concurrent enrollment or postsecondary course; and

- Two additional pieces of evidence, including one or more of the options listed above, or: satisfactory completion of a service learning project; attainment of a score proficient or advanced on a Keystone Exam; a letter guaranteeing full-time employment; a certificate of successful completion of an internship or cooperative education program; satisfactory compliance with the NCAA's core courses for college bound student athletes with a minimum grade point average (GPA) of 2.0.

- **CTE Pathway:** For Career and Technical Education (CTE) Concentrators, successful completion of locally established grade-based requirements for academic content areas associated with each Keystone Exam on which the student did not achieve proficiency and attainment of an industry-based competency certification related to the CTE Concentrator's program of study or demonstration of a high likelihood of success on an approved industry-based competency assessment or readiness for continued meaningful engagement in the CTE Concentrator's program of study.

KEYSTONE TUTORIAL COURSE

A Keystone Tutorial Course will be required for students who do not demonstrate proficiency on the Literature, Algebra I, and/or Biology Keystone Exams.

By the end of grade 12, students must demonstrate proficiency on each Keystone exam or successful completion of the Keystone Tutorial. This is a local school board requirement for graduation.

ACADEMIC STANDARDS DEMONSTRATION

Completion of a course sequence is the recommended process for demonstrating academic standards attainment. Other ways to demonstrate academic standards attainment are:

- Complete standards by meeting the goals of an Individual Education Plan (I.E.P.)
- Complete standards when the student is in a pre-approved foreign exchange program

(NOTE: student standard completion will be evaluated upon the student's return to school)

SCHEDULING LIMITATIONS A full schedule in the high school consists of 30 class periods a week. Students must schedule all class periods. Many courses mandate specific requirements. The number of students electing a course and the availability of teachers will determine whether or not a course will be offered. In these cases, students may be assigned to their other choices.

STUDENT SCHEDULES

1. Should student performance during the school year provide evidence that a change in instructional level is beneficial, an appropriate modification in a student schedule may be made.

2. An individualized schedule is designed for each student.

3. Instructional levels in language arts, mathematics, reading, science, and social studies are assigned to each student based upon these multiple criteria:

- a. Results of student performance on standardized tests that are based upon national norms
- b. Teacher recommendations
- c. Administrative review

4. Should student performance during the school year provide evidence that a change in instructional level is beneficial, an appropriate modification in a student schedule may be made.

5. Schedule changes may only occur during the first nine (9) days of the school year. Schedule changes are granted on rare occasions and are contingent upon administrative review of all factors.

REQUESTS FOR TEACHERS

The classroom placement of a student is the prerogative of the counselor, the teacher, and the principal. The individual needs of students are given a priority. However, the final placement and assignment of students is the sole responsibility and within the sole discretion of the school principal.

POWERSCHOOL STUDENT INFORMATION SYSTEM

PowerSchool Student Information System is a web-based software package that enables the Pocono Mountain School District teachers to post each student's grades online. PowerSchool Student Information System allows parents to have access to grades, attendance, assignments, and discipline information regarding their child. For more information on how to access PowerSchool Student Information System log on to the Pocono Mountain School District web site at www.pmsd.org.

PROGRESS REPORTS

Progress reports are issued mid-way between each report card and sent home with the student. Progress reports are issued so that the student and the parent are aware of the current grade status of the child. Actual grades for work are reflected on the progress report. These reports allow the student time to improve their grade performance if they are doing poorly and inform the parent that a possible parent teacher conference may be needed. First progress reports of the semester may not have grades –they may have comments about your child's progress. Many times, the first four weeks of each semester the teacher is getting to know your child, and your child is getting adjusted to new classes and curriculum. A grade may not be available at this time.

REPORT CARDS

Report cards are issued four times per school year. They include grades earned in each subject, teachers' comments, and daily absences. Report cards will be distributed directly to the students except for the fourth (4th) marking period, at which time they will be mailed home.

GRADING

The Pocono Mountain School District believes that every student should be provided as many opportunities as possible to demonstrate achievement each marking period through formal and informal assessments. These assessments are what collectively contribute to the formation of a grade for each individual student.

Assessments should be made in multiple formats and may include homework, tests, quizzes, class work, center work, lab work, final exams, project completion, paper and pencil activities, notebooks, portfolios, participation, and verbal presentations. Homework will not count for more than 10% of the final grade.

Each student receives a formal assessment report eight times per school year. Every 45 days a report card is issued to the student: four per year. At mid-quarter a mid-marking progress report will be constructed and sent home: four per year. Parent conferences may be scheduled to discuss student progress.

Various grade levels reflect student achievement differently, all grades are based on the scale of 0 to 100. The scale and designation of alpha and numeric is as follows:

92-100 Distinguished Honors	A - Outstanding	A+/98-100	A/95-97	A-/92-94
83-91 Honors	B - G/Good	B+/89-91	B/86-88	B-/83-85
74-82 Acceptable Work	C - S/Satisfactory	C+/80-82	C/77-79	C-/74-76
65-73 Marginal Work	D - N/Needs Imp.	D+/71-73	D/68-70	D-/65-67
0-64 Failing Work	F - U/Unsatisfactory			

THE “I” GRADE

A student must meet all course requirements in order to receive credit for that course. The second marking period grade of each semester reflects the student’s progress in meeting all of those outcomes.

The “I” or incomplete on a report indicates the student has not completed work for a grade and the teacher or administration has granted an extension for the work to be completed. Any work that needs to be completed as a class assignment needs to be handed in within two weeks after the “I” has been issued. If the work has not been handed in the student will be given a “0” for the assignment, and it will be calculated into the current grade average. An “I” will not be given the last quarter of the school year. Only the building administrator, for medical reasons or extenuating circumstances, can extend an incomplete. An “I” grade will be given only to a student who does not meet the course outcomes and who has shown continuous progress throughout the course. A student with an “I” grade must have:

- Attended class regularly
- Made an effort to complete assignments on time
- Shown appropriate preparation for tests; completed homework and guided practice on a regular basis
- Actively participated in class.

Any student receiving an “I” or a grade below 65 will have the opportunity to complete a course in credit recovery unless the teacher makes alternative arrangements for the “I” grade.

HONOR ROLL CRITERIA

1. Only courses flagged as “Include in Honor Roll” on the course master are reviewed.
2. Only courses flagged as “Requires a Grade” in the current marking period on the student’s schedule are reviewed.
3. All courses are considered individually – there is no marking period GPA or other average calculated.
4. There is no differentiation between course types (i.e. related arts or not).
5. Honors and/or AP courses are weighted based on numbers coded into PowerSchool/SIS.

6. The following is required for a student to make Regular Honor Roll:
 - a. No missing grades
 - b. No alpha grades of U, NR, W, W5 or I
 - c. No numeric grade less than 83
7. The following is required for a student to make Distinguished Honor Roll:
 - a. No missing grades
 - b. No alpha grades of U, NR, W, W55 or I
 - c. No numeric grade less than 92.

A student cannot make the honor roll or distinguished honor roll if any of his/her related arts class grades are below a: B/S/Pass/83.

ADVANCED PLACEMENT COURSES

Advanced Placement courses receive an additional four percentage points for the purpose of determining honor roll and class rank. The students take the A.P. test administered by the Educational Testing Service. A student must achieve a grade of 74% or higher in the Advanced Placement course to receive the four points.

HONORS COURSES

Honors Courses receive an additional two percentage points for the purpose of determining honor roll and class rank. A student must achieve a grade of 74% or higher in the honors course to receive the two points.

NATIONAL HONOR SOCIETY

1. Membership qualifications will be based upon performance in grades 10, 11, & 12.
2. Students must maintain a cumulative grade point average of 94 for sophomores, 93 for juniors and 92 for seniors.
3. A positive citizenship record is required. Suspensions, detentions, or persistent minor infractions are not acceptable.
4. Regular attendance is a mark of an honor student; therefore, to be considered, a student must exhibit exemplary attendance of 10 or fewer unexcused absences. Current members surpassing this will be placed on probation and monitored for one semester while given support to improve attendance.
5. Eligible students must submit a completed application by the designated date. On this form, students must detail their record of service, leadership, and character. Participation in at least two (2) different school activities is required. At least one of these activities must involve sustained participation such as a sport, band, chorus, SGA, etc. A one-time activity such as a spelling bee or blood drive does not qualify as sustained participation. Work experience, recognition, and awards should also be included. Community service of 20 hours is required of

sophomores, 40 hours is required of juniors, and 60 hours is required of seniors. Hours are to be acquired over the course of the high school years and are cumulative.

6. Students who meet all of the above criteria will be reviewed by their teachers, activity advisors, coaches, etc. Students must receive positive teacher recommendations; a negative comment may eliminate a student for consideration. A teacher having students for more than one (1) class or activity may make multiple recommendations.

7. Decisions of the NHS committee will be final unless a verifiable error exists.

8. The above conditions comply with the guidelines set forth by the National Honor Society.

9. A student not meeting the criteria because of grades or lack of activities may re-apply the following year. A letter detailing areas needing improvement will be provided to applicants to clarify what criteria should be the focus.

10. **REMOVAL FROM MEMBERSHIP** - Students selected for membership are expected to continue to demonstrate the qualities of scholarship, service, leadership, and character that were the basis for their selection. Any member of the Pocono Mountain Chapter of the NHS who violates the conditions required for membership will be removed. In the case of a grade point average falling below the specified requirements for each grade level, the student will be granted one (1) semester to restore the average. If the grade average remains below requirements, then removal will follow. Violations of a non-academic nature such as suspension, or failure to maintain active participation in activities, will result in removal. Active participation in the NHS requires members to regularly attend meetings and actively participate in NHS-supported community service projects. Students who do not attend meetings and do not engage in NHS-supported community service projects will have their membership revoked. Once a student's membership is revoked he/she is not eligible for membership again.

PLAGIARISM

Webster's New World Dictionary defines plagiarism as, "the taking of any idea, writing, or creative work and passing it off as one's own." Some examples of plagiarism include, but are not limited to, copying and pasting content from the internet, artificial intelligence (AI) generated content, use of a BOT (Robot), which as defined by Webster's New World Dictionary is "a software program that imitates the behavior of a human or a computer program that executes a specific task to the user's instructions," or submitting another student's work. Throughout students' education, students will be asked to complete a variety of written assignments for subject area classes. Assignments will require students to complete academic research prior to writing. Teachers will utilize class time to teach and review proper research and citation techniques. Pocono Mountain School District believes in holding all students to high ethical standards in order to maintain classroom academic integrity. **In the event of an act of plagiarism, administration and teachers reserve the right to deny a student credit for the assignment, for the course, and/or additional consequences may be assigned.** In addition,

plagiarism is a violation of the conditions for membership into the various honor societies and is grounds for removal.

IMAGINE EDGENUITY

The Pocono Mountain School District utilizes Imagine Edgenuity learning management system (LMS) for PMSD Cyber Program core course content and district credit recovery courses. According to Imagine Learning “Imagine Edgenuity is an online learning platform that provides digital curriculum and instructional services for K-12 students...and offers courses in core subjects, electives, AP, test prep, and more. Imagine Edgenuity aims to help students maximize their potential through customizable, engaging online courses.”

PROCTORIO

In order to provide additional security and assure assessment integrity the Proctorio extension will be utilized for all quizzes, tests and exams within the Imagine Edgenuity LMS. According to Proctorio Inc. “Proctorio is an online proctoring tool that provides exam security, identity verification, and plagiarism detection.”

ARISTOTLE K12

According to Sergeant Laboratories, “Aristotle K12 provides classroom management tools for teachers, enabling them to monitor student devices and online activity, manage website access, and ensure a productive learning environment. AristotleK12 is a product used for internet traffic monitoring and filtering on student devices, helping schools meet filtering and safety requirements. The platform also includes student behavior analytics and reporting features, providing insights into student online activities and potential safety concerns.”

PMSD CHROMEBOOK USAGE

All PMSD Cyber Program and PMSD Credit Recovery students will be required to complete all quizzes, tests and exams on a PMSD chromebook. All students will be assigned a chromebook and have access to a device for all Imagine Edgenuity assessments. A blank copy of the PMSD Cyber Program chromebook usage agreement is included on the last page of this student handbook.

SPECIAL EDUCATION IDENTIFICATION ACTIVITIES

Teachers or parents who feel a child is exceptional or is experiencing academic, emotional or physical difficulties may request an evaluation to determine special program needs. A parent request form is available through the guidance office in each school. Evaluations are completed

throughout the year in every school in the district.

SERVICES AND PROGRAMS AVAILABLE

Pocono Mountain School District provides students, based on their eligibility and needs, with the opportunity to receive services through academic, emotional, and physical support. Classes for Gifted Support, Learning Support, Emotional Support, and Life Skills Support are operated by the Pocono Mountain School District. In addition, Colonial Intermediate Unit #20, in cooperation with the school district, operates classes for Life Skills Support, Emotional Support, Autistic Support, Multiple Disability Support, Deaf and Hearing-Impaired Support, Blind or Visually Impaired Support, Speech and Language Support and Early Intervention for “at- risk” Preschool Students.

CONFIDENTIALITY

Confidentiality is maintained on all personally identifiable information regarding students. Parents have the right to see and obtain a copy of their child’s records. Personally identifiable information relative to an exceptional student will only be released with the permission of the parent and/or in accordance with the Family Educational Rights and Privacy Act (FERPA) and the Pennsylvania Rules, Regulations, and Standards.

SECTION II: STUDENT SERVICES

Guidance Services, available to all students, are an integral part of the educational program. The goal is to aid in developing each individual's full intellectual and social potential, while achieving maturity and self-responsibility.

1. A student who wants a conference should contact their PMSD Cyber Program School Counselor and schedule an appointment.

2. Counselors regularly meet with students concerning academic progress.

3. Parent conferences with teachers and/or counselors can be arranged by contacting the PMSD Cyber Program main office.

5. Counselors are trained to provide students with information, suggestions, or plans related to many topics including:

- Careers and future planning
- Relating with others (friends, parents, teachers, etc.)
- Study skills/time management
- Decision making and priority setting
- Test taking, skills, and achievement

Cumulative pupil records are maintained in the guidance office and, with a 24-hour notice, may be reviewed upon request by parents and guardians.

STUDENT ASSISTANCE PROGRAM (SAP)

The Student Assistance Program (SAP) helps identify students who are experiencing behavior and/or academic difficulties that pose barriers to their learning and success in school. SAP offers support to those students and their families. Participation in the Student Assistance Program is voluntary and is offered as a source of help and support for the student and family.

STUDENT SUPPORT PROGRAMS

One of the most important tasks of a student assistance team is to build a working partnership with families, focusing on the student's success as their common goal. The team may also assist families in identifying options for professional support. The goal of a family/student assistance partnership is to encourage and support student success in school.

LIBRARY

In-Building Library Media Centers provide resources and instruction to ensure that students and staff are effective users of ideas and information. If a student would like to utilize their home building library, the student must contact the PMSD Cyber Program to be connected with the specific in-building library to make an appointment. Students are encouraged to use information accurately and competently, to discover materials for leisure reading, to become independent learners, and to demonstrate social responsibility in regard to information usage.

The library contains books, audiovisual materials, and computer access for use during regular school hours on school days, and on certain weekdays after school. Books and materials signed out by students become the responsibility of the student until returned to the library. Fines and/or cost of materials may be charged if material is overdue, damaged, or lost. This includes all school-issued Chromebooks. The library catalog and web page can be accessed from the PMSD home page at www.pmsd.org.

HEALTH CARE AND CONFIDENTIALITY OF STUDENT HEALTH INFORMATION

The school nurse maintains health records for each student. Parents or guardians are responsible for notifying the school nurse, in writing, of medical needs that may affect a student while in school. Parents or guardians are expected to update this information annually or when the student's needs change. In accordance with School code section 14-1409, to the extent necessary to protect the health and safety of a student, staff members will be notified of health conditions which may adversely affect student learning or present a danger to the students. Medical information will only be disclosed by the nurse's office to school staff to the extent necessary to ensure the health and safety of a student. Unless it presents a threat to a student's health, medical information may remain confidential with the school nurse only, upon the written request of a parent or guardian.

Physical examinations are required for students entering seventh and eleventh grade. With written parental consent, these examinations will be conducted by the school physician. Consent forms are available in the Nurse's Office. Students may have their private physicians conduct these examinations at their own expense.

USE OF MEDICATION

(Refer to Board Policy 210 and Board Policy 823)

MEDICATIONS AND FIELD TRIPS

If, in order to maintain sufficient health to participate in a school sponsored field trip, students must be given medication, then the following procedure shall be adhered to:

1. Administration

- a. Whenever possible, parents shall be requested to administer the medication at home.
- b. All medications whether prescription or non-prescription that are to be dispensed during school hours or during a student's participation in a school sponsored field trip must be accompanied by a written authorization signed by the physician/provider and parent/guardian and follow all requirements of this policy.

c. When a student is to participate on a field trip and requires the administration of medication, every effort should be made to accommodate the child's parent/guardian on the trip so he/she can distribute the medication.

d. If a parent cannot attend the field trip and prescribed medication must be administered, procedures under Delegation of Responsibility must be followed.

2. Delegation of Responsibility

During a day that a student would be participating in a field trip off of school grounds, medication will be dispensed as follows:

a. By the nurse, at the regularly scheduled time, if the student is in the building either prior to or after the field trip;

b. By the parent, at the designated time, if he/she is a chaperone for the field trip;

c. By self- administration by the student (epinephrine and inhalers only) in the presence of a teacher in the absence of a nurse, health assistant, parent, or administering teacher;

d. The timing of the administration of the medications may be adjusted for the day with written consent of the physician, so the student receives his/her medication prior to or upon return from the field trip; or

e. The medication may be held for the day only with written authorization from the physician and parent.

f. The medication, and written directions and authorization for administration will be given to the school nurse prior to the field trip. The authorization will include the name of the student, date of the trip, time of the trip, dosage, name of the medication, and time to be administered.

STUDENT INJURY

In the event of a student being injured while on school property or on a school sponsored field trip, every effort will be made to contact the parent by phone. If the parent/guardian cannot be reached, then authorized persons may make whatever arrangements might be deemed necessary for transportation of the student to a hospital or available physician.

SUICIDE AWARENESS, PREVENTION AND RESPONSES

(Refer to Board Policy 819)

The Board is committed to protecting the health, safety, and welfare of its students and school community. This policy supports federal, state, and local efforts to provide education on youth suicide awareness and prevention, establish methods of prevention, intervention, and response to suicide or suicide attempts, and promote access to suicide awareness and prevention resources.

TESTING

The Pocono Mountain School District utilizes a district-wide testing program designed to provide information concerning the proficiency of all students in the district on standardized tests of academic achievement and aptitude. Test results are available in the guidance offices. Parents and students are welcome to make an appointment to discuss this information with a counselor.

The Pennsylvania System of School Assessment (PSSA) is a state-mandated standardized test for students in grades 3-8, assessing their proficiency in English language arts (ELA), mathematics, and science (for grades 5 and 8) against the Pennsylvania Academic Standards.

The Pennsylvania Department of Education has established the Keystone Exams to assess proficiency in Algebra I, Literature, and Biology. The main purpose of these assessments is to provide data for school district and state evaluation. The information gathered will be used to influence in-service training, curriculum revision, and future school programs. Students are encouraged to do their best when taking all standardized assessments.

Pennsylvania Firefly Student Progress Indicators (Firefly) is a new, high quality benchmark assessment option available in Pennsylvania schools to support student learning throughout the year. Firefly is fully aligned to Pennsylvania standards to reflect and measure the same student knowledge and skills measured by the summative end-of-year and end-of-course assessments.

The following SAT and ACT tests will also be offered for high school students. The registration packet will give specific test dates, times, and sites. The schedule listed below is subject to change:

Individual testing by the guidance staff, psychologists, and Intermediate Unit Staff members is available. This type of testing is a useful tool for situations involving problems in learning, interpersonal relations, or career choices. In many instances, a parent's permission is required before a test is administered. A conference may be scheduled following testing for sharing a further explanation to parents and students. Teachers, parents, students, or school administrators may initiate a request for individual testing.

HEARING THERAPIST

Students experiencing hearing problems are urged to make the school nurse aware of these problems. The services of a certified hearing therapist are available to students within the PMSD Cyber Program. The therapist will work closely with the school nurse, and when appropriate, with trained medical experts to help the student overcome or compensate for hearing deficiencies affecting school learning.

SPEECH THERAPIST

A certified speech therapist is available to assist students with speech problems such as stuttering or inability to pronounce words properly due to physical, emotional, or other reasons. The school nurse will cooperate with students and parents in scheduling appointments with the speech therapist.

STUDENT SEARCHES

School lockers, desks, coat closets, roadways, and parking areas are the property of the school district. The use of such property by students is a privilege, not a right. The reasonable expectation of privacy which students enjoy does not extend to lockers, desks, or vehicles parked or driven on school property. The school district expressly reserves the right to search lockers, desks, and vehicles on school property whenever deemed necessary or reasonable for the protection of health, welfare, and maintenance of discipline in the classroom or on school

grounds. This may include random, blanket, periodic or sweeping searches and may include the use of animals or mechanical means in an effort to detect the presence of illegal substances, weapons, or other prohibited articles or materials. Random, periodic or sweeping searches of all lockers will be conducted without regard for any individual suspicion.

Searches of students, student clothing, and student possessions may be conducted if the administration determines that a reasonable level of suspicion exists that a violation of school policy has occurred.

Students found in possession of illegal substances, weapons, or other prohibited articles or materials in their lockers, desks, or vehicles, and/or on their persons shall be subject to discipline in accordance with the rules, policies, and regulations of the district and shall further be subject to any fines, penalties or legal actions as may be provided for by State and Federal laws and regulations. Such evidence may be used against the student in disciplinary proceedings. Refusal to submit to a search will result in disciplinary action.

STUDENTS AND THE POLICE

(Refer to Board Policy 218 and Board Policy 226)

HOMEBOUND INSTRUCTION

The Board shall provide, pursuant to rules of the State Board of Education, individual instruction to a student confined to home or hospital for physical disability, illness or injury; or when such confinement is recommended for psychological or psychiatric reasons. Application for individual instruction shall certify the nature of the illness or disability and must be approved by the Superintendent. The Superintendent may grant such recommended requests for individual instruction and report such to the Board at its next regular meeting. The Board will provide individual instruction only for those confinements expected to last at least two weeks but such exceptions may be made as deemed advisable. The district may, in its discretion, require a written recommendation or certification from a licensed physician, psychologist or psychiatrist in support of the application for homebound instruction.

The program of individual instruction given each student shall be in accordance with the standards established by the Secretary of Education. The Board reserves the right to withhold individual instruction when:

- The instructor's presence in the place of a student's confinement presents a hazard to the health or safety of the teacher.
- A parent or other adult in authority is not at home with the student during the hours of instruction.

Students who require long-term homebound instruction may qualify to use a Distance Learning program. Arrangements for homebound instruction are made through the counselors and individual building principals.

HOMELESS STUDENTS

(Refer to Board Policy 251)

EDUCATIONAL STABILITY FOR STUDENTS IN FOSTER CARE

(Refer to Board Policy 251)

ACT 30 OF 1995

Act 30 of Special Session #1 of 1995 (PA Legislature) requires the court, through the juvenile probation department, to provide the building principal of any school with information concerning the adjudication of an enrolled child. Such reports would include a list of descriptions of delinquent acts committed by the child, disposition of the case, probation or treatment reports, prior delinquent history, the supervision plan for the student, or any other information deemed necessary. The principal is required to share this information with the child's teacher or with the principal of another school to which the child may transfer. Any such information must be maintained separately from the child's official school record. For more information, contact the Building Principal.

EXEMPTION FROM INSTRUCTION

The purpose of this policy is to comply with the requirement of the State Board of Education that school districts adopt policies that assure parents/guardians the right to have their children excused from specific instruction, which conflicts with their religious beliefs.

The rights granted by this policy are granted to parents of students enrolled in this district where the students are under the age of eighteen (18) and to the students themselves when the student is eighteen (18) or over, unless the student is incapable of making the decision due to a disability.

As used in this policy, the phrase "specific instruction" means identifiable elements of instruction by the teacher. It does not include required reading or learning outcomes.

The district shall excuse any student from specific instruction as defined in this policy upon satisfaction of and subject to the following conditions:

1. To assist the school district in ensuring that the student is excused from the correct specific instruction, the request must be made in writing and must detail the specific instruction with respect to which the student is to be excused.

2. The written request to be excused shall be sent by the qualifying parent or guardian of the student to the building principal in triplicate. One copy shall be retained in the student's

permanent school records, a copy shall be kept by the school principal, and a copy shall be submitted to the teacher from whose instruction the student is to be excused.

3. It shall not be the responsibility of the district or any of its officials to ensure that the child exercises his/her right to be excused and school employees are prohibited from initiating action to have any student leave class in accordance with a parental request. Instead, it is the responsibility of the student to request permission to leave class when the specific instruction objected to is being presented or is about to be presented. When the child seeks to be excused, the teacher is to excuse the child if:

a. The teacher has a copy of the written request or, upon checking with the principal, the principal has a copy of the written request.

b. The written request adequately describes the instruction that is taking place or about to take place.

4. The written request must contain a statement that the specific instruction described in the written request conflicts with the religious beliefs of the student or of the parents/guardians.

5. The parent and/or student shall designate on the request to be excused replacement educational activities in which the student shall engage during the time the student is excused. The only permissible educational activity for this purpose shall be in the nature of available replacement instruction that is consistent with the goals set for the course and that does not require the provision of any extra resources by the district.

6. The building principal or his/her designee shall determine where the student shall report during the time the student is excused.

7. All students excused from specific instruction shall be required to achieve the learning outcomes established by the district as are necessary for graduation.

This policy shall become void and unenforceable if the regulation of the State Board of Education, upon which it is based, (i.e. Title 22, Sec. 5.4 (d) (3)), is repealed, modified or declared invalid in whole or in part.

CODE OF CONDUCT FOR STUDENTS INVOLVED IN ALL INTERSCHOLASTIC ATHLETICS AND ALL OTHER EXTRA-CURRICULAR ACTIVITIES

(Refer to Board Policy 122 and Board Policy 122.1)

ACADEMIC REQUIREMENTS FOR CO-CURRICULAR PARTICIPATION

In order to participate in extracurricular activities (interscholastic sports, clubs, etc.) students must be passing a minimum of 4 courses as of each Thursday during a grading period. In order to be eligible to begin participating in the fall season, a student must have passed a minimum of 4 credits the preceding academic year.

Students who do not meet these requirements are not eligible to participate in any practices, games, contests, rehearsals, or performances. Students must attend tutoring sessions and raise their respective grades to passing in order to have eligibility restored.

A list of all students participating in each extracurricular activity/interscholastic sport will be distributed to all faculty for their review and reference. A weekly eligibility list will be generated by the District and reviewed by the athletic director and faculty advisors. Ineligible students and their parents will be notified of this status.

ATHLETIC ELIGIBILITY

Article VIII, Section 1A of the PIAA by-laws provides that any member of a high school team who participates in an athletic contest as an individual or as a member of a non-school team in the same sport during the same season shall be ineligible to compete in that sport for the remainder of that sport's season. The principal of the student's school can waive this rule. If the principal determines that a waiver is inappropriate and refuses to grant it, the student may then choose to forego the outside participation and retain his high school eligibility, or to surrender his high school eligibility in the interest of participating in the outside program.

Students with privileges are eligible to participate in interscholastic programs. Ninth grade students who meet the high school eligibility regulations are eligible to participate in varsity and junior varsity sports.

Maximum Age Rule

A pupil shall be ineligible for interscholastic athletic competition upon attaining the age of nineteen (19) years, with the following exception: If the age of nineteen (19) is attained on or after July 1, the pupil shall be eligible, age-wise, to compete through that school year. Attendance Students who participate in extracurricular activities are expected to attend school each day. It is also understood that on occasion students will need to see a doctor, dentist, or physical therapist. The following procedural guidelines relate to attendance and are consistent with P.I.A.A. regulations.

1. Students must be marked present in order to participate in practices, rehearsals, contests, or performances. If a student has a medical or other emergency reason for being late to school, he/she must bring a note from a physician. Additionally, if a student has an unusual occurrence, such as a funeral, college visit, armed forces testing, etc., he/she can appeal to the athletic director for a waiver of this rule

2. Students who are under the care of a physician must bring a note from the doctor giving permission for the student to participate or an indication when the student may return to practice.

3. Students who are new to the district must abide by the P.I.A.A. regulations regarding transfer and age limits.

Behavior

In order to be eligible to participate in extracurricular activities, students must maintain a satisfactory disciplinary record. The rules regarding behavior are as follows:

1. Students who are suspended in-school or out-of-school are not eligible to participate until the day of the suspension is lifted.
2. Students who are being referred to the Board of School Directors for possible expulsion are ineligible until after results of the hearing are announced.
3. Students are not allowed to drive to and from an athletic contest nor are they allowed to ride as a passenger in a private vehicle. In unusual circumstances, when a student may come or return with a parent, students may request permission from the coach for a waiver of this rule. The coach must notify the athletic director of these requests. Students who violate this rule will not be allowed to participate in the particular contest or in the case that the violation occurs following the contest, the next contest.
4. Student athletes incurring drug and alcohol violations will receive appropriate consequences as stated in the school district drug and alcohol policy.

Amendment to the Code of Conduct regarding behavior other than drugs and alcohol

The administrators and coaches of the Pocono Mountain School District believe that participation on athletic teams is a privilege reserved for those athletes whose behavior, both on and off campus during and after school hours, brings positive recognition to the athlete, team, and school district.

Behavior by an athlete, which contributes to an unfavorable impression against the team, coach, school district, or the athlete will result in disciplinary action. The off-campus and after school conduct involving the athlete will be reviewed by an athletic committee. The Athletic Review Committee, which will be composed of the High School principal, the athletic director, and the athletic coach, will discuss the matter and determine the course of action to be pursued. To resolve the issue, the following procedures will be followed:

1. When a behavior problem is brought to the attention of the coach, he or she will take appropriate disciplinary action based on team rules. Each coach must report the problem to the athletic director.
2. When a behavior problem is brought to the attention of the athletic director or an administrator, the athlete involved may be immediately, indefinitely suspended from practice and game play.
3. The athletic review committee will meet as quickly as possible. The committee will review the allegations and disciplinary actions called for by the coach's team rules. These will be approved and additional disciplinary action may be administered.
4. The committee's decision can be reviewed by the Superintendent's office.

FANS' REGULATIONS

The Eastern Pennsylvania Conference is firmly committed to the belief that athletic competition is a vital part of our educational program.

All league schools agree that:

1. Students are not permitted to stay after school as a spectator or observer for any event or activity without a parent present or without being under the direct charge of a staff member.

2. Lobby and refreshment areas are open to the public between games and during half-time.
3. Beverages and food should be consumed in the lobby.

GRADUATION CEREMONY

Each graduate participating in the ceremony has earned the right to receive his or her diploma with respect and dignity. Students and guests are expected to observe proper decorum at all times during the ceremony. All school rules and regulations apply during the ceremony. Those acting inappropriately will be subject to applicable consequences.

SECTION IV: GENERAL INFORMATION

SCHOOL CLOSING/DELAYED OPENING DUE TO INCLEMENT WEATHER

School closing and delayed openings due to inclement weather will be announced on the Pocono Mountain School District website at www.pmsd.org, district's Facebook page @Poconoeast.west, on local radio stations WSBG/WVPO, WARM, WGBI/WKRZ, WLEV; and local TV stations, WBRE (channel 28), WNEP (channel 16), and WFMZ (channel 69), BRC (channel 13).

If road conditions in a specific area of the district are, in the reasonable opinion of the parent or guardian, untreated and hazardous, parents and/or guardians should make the ultimate decision as to whether or not their child should attend school on that particular day. Such absence will be recorded as excused when a proper written excuse is presented for hazardous weather conditions.

The PMSD Cyber Program will follow all school closing/delayed opening procedures.

PARENTLINK

ParentLink is a communication tool that has been adopted by the Pocono Mountain School District. The PMSD Cyber Program utilizes the ParentLink communication system to relay information about student absences; likewise, ParentLink is a system in which parents may be informed with regard to a variety of Pocono Mountain District information via an automated voice message. The ParentLink system may be accessed by Pocono Mountain School District administrators for the purpose of informing both parents and students in situations including, but not limited to, school delays/closings, parent/teacher conference dates, as well as standardized testing date information. ParentLink is one way, among other means, that the Pocono Mountain School District attempts to keep parents and students well-informed. Families may sign up to receive ParentLink messages by going to the school's website: click on For Parents then Resources then Community Online-Alert Messages.

FIRE DRILLS

Regularly scheduled fire drills will be conducted. Students are expected to exit the building quickly and safely following the procedures from staff. In the event of a fire drill when a PMSD Cyber Program student is in attendance at the building, the student and staff will follow all building specific procedures.

LOCKDOWN

In the event that an incident creates a potential threat to the health, safety, and welfare of the students and staff, Lockdown may be called. Lockdown is a response that indicates something serious has happened, is in the process of happening, or may happen. It is imperative that all

students carefully follow the directives provided by school personnel during the lockdown. Lockdown procedures are reviewed throughout the school year.

Periodic drills will be conducted to practice various responses to these emergency situations. Students must take these exercises seriously. Behaviors that inhibit or detract from the successful completion of a lockdown drill may result in disciplinary action.

In the event of a lockdown when a PMSD Cyber Program student is in attendance at the building, the student and staff will follow all building specific procedures.

ARMED FORCE LIST ACT 10 OF 1991

Annually, the armed forces request a list of junior and senior students registered in the Pocono Mountain School District. Any senior student who wishes to have his/her name deleted from this roster should make the request in writing to the building principal within the first twenty-one (21) calendar days of the current school year.

STUDENT INVOLVEMENT WITH MEDIA

Students participate in a number of classes and school sponsored activities during the school year. Certain classes and activities may be photographed, taped or videotaped by the news media, District personnel, or other students.

From time to time, student pictures, class work or school-activities information may be posted on an individual school's website, the district's website, and/or official school/district social media sites. This may include information printed in school newsletters or released to the local media. In addition, live images may be related via cable or satellite connections to other districts or to other classrooms within our District to allow for live interactions between students and teachers at separate locations, and distance learning videotapes may be used to educate others about distance learning at seminars and other public places.

Any media interaction with students and the posting of student pictures, class work and/or school activities information on school district websites or official school/district social media sites must be approved in advance by the District Administration.

Photographs, tapes, or videotapes for commercial use are not permitted by the District. This involvement by students in classes and school-sponsored events and the sharing of education techniques and experiences, is intended to enhance and enrich the educational opportunities of all students and staff. Further, parents must complete School District Policy 815 Attachment to either consent to or prohibit the posting of their student's pictures and/or class work on school district websites. Parents must return the completed Policy 815 Attachment to the school. The posting of a student's picture, class work and/or school activities information on an individual school's website, the district's website or official school/district social media sites shall comply with the parents' wishes as indicated on the Policy 815 Attachment.

BUILDING USE

(Refer to Board Policy 707)

School facilities are available for Pocono Mountain residents to use after school hours.

Residents who request facilities should contact the principal of the school building they plan to use. The principal will then discuss the availability and rules and regulations of the facility you wish to use. It will also be necessary to complete an application for building rental use.

Residents who plan to use the high school facility are urged to contact the building principal at least six weeks before the planned activity. Copies of the district's policy on user rental are available from the main office of each of the buildings.

PARENTAL CUSTODIAL RIGHTS

Custody is legally vested in both the child's natural parents unless there is a specific court order limiting the rights of either parent. It is the parents' responsibility to furnish the district with notarized copies of such court orders each year. If no such orders are in the child's file, it will be assumed that the natural parents have joint custody and have equal access to the child's records and may both legally take the child home from school. During the school day, visits and phone calls to the child from the non-custodial parent are prohibited.

STUDENT RESIDENCY REQUIREMENTS

(Refer to Board Policy 200 and Board Policy 202)

SECTION V: ATTENDANCE

(Refer to Board Policy 204 and Board Policy 204.2)

TRUANCY AND HABITUAL TRUANCY

Attending school regularly and providing legal excuses when absences occur are vitally important. All absence excuses must be turned in to the school within three days of a student's return to school. Excuses may also be emailed to the buildings' attendance office secretaries. When excuses are not turned in, or when invalid excuses are submitted, a student may be deemed truant. Current Pennsylvania Law defines a truant student as one who is of compulsory school age and has accumulated three days of unexcused absence during the school year. Additionally, current law defines a habitually truant student as one of compulsory school age who has accumulated six days or more of unexcused absence during the school year. Actions that will be taken for students defined as truant or habitually truant are found in Policy 204.2 and include a parent-staff meeting, the development of an Attendance Improvement Plan, referral to an Attendance Improvement Program, referral to Children and Youth and/or the issuance of a citation with the local District Justice.

CREDIT FOR ASSIGNMENTS DURING ABSENCE

The Pocono Mountain School District recognizes the importance of regular student attendance with regard to the attainment of a quality education. Therefore, a procedure to encourage student attendance is in place. Upon the occasion of a student absence, a student will be given the opportunity to complete all course work that would have been completed during the time of absence. The opportunity to complete work missed shall be equal to the total number of days missed.

UNACCOUNTED ABSENCES

Children whose names are on the active membership roll, who are at any time in the school term, absent from school for 10 consecutive school days, may be removed from the active membership roll (as an IMPROPER WITHDRAWAL) unless one of the following occurs:

1. The district has been provided with evidence that the absence may be legally excused;
- or
2. Compulsory attendance prosecution has been or is being pursued.

Note: The Home and School Visitor must be asked to investigate prior to the withdrawal.

FIVE DAY RULE

It is the philosophy of the Pocono Mountain School District to provide a viable educational program through the last day of scheduled classes. The professional staff has always approached these days with a seriousness of purpose and planned worthwhile educational experiences;

therefore, students should be present each day and period during the school day during the last five days of each school year. The following procedure will be followed.

Absence for Illness must be supported by a written doctor's note or a personal parent conference. Emergencies of any other nature will be excused at the discretion of the high school administration. Each case will be determined on an individual basis.

Early Dismissals will be granted only for doctor and dental appointments, and may be verified by a phone call to the doctor's office, or for any emergency approved by administration.

Educational Trips will not be approved during this time except under the most unusual circumstances.

Any senior suspended during this time may not be able to meet graduation requirements and might not be permitted to participate in the graduation exercises. This determination shall be within the sole discretion of the building administration.

Any student suspended out of school during a scheduled exam will have the opportunity to make up examinations. Failure to make up exams at the scheduled time will result in the exam grade becoming a failing grade. The only exception will be illness, which must be verified by a doctor's excuse, or a family emergency.

USE OF SPECIAL TOOLS, EQUIPMENT, AND MATERIALS

In some curricular areas the use of specialized tools, equipment, and materials is required. To ensure the safety of all students and staff, detailed rules regarding the use and maintenance of these items are in force. It is the responsibility of the student to be familiar with these classroom-specific rules and to follow the procedures as outlined by the teacher. Although they may differ slightly per curricular area, the policies regarding these items state:

- No tool or equipment is to be removed from a classroom by a student.

Parking space is limited. Priority will be given to students enrolled in Diversified Occupation and the Cooperative Education programs. After those students have applied, permits will be issued according to need and available space. Scholastic sports, clubs, and activities will then be considered. Student attendance and/or discipline may result in the suspension or removal of a parking pass.

All students are strongly encouraged to use the afternoon activity buses. After-school employment will not be considered a priority for student parking. Students should make arrangements with their employers so that it will not be necessary to drive to school.

Students granted permission to drive to school will park only in areas designated for student parking. There will be no student parking in any other parking lots or areas.

Students may not drive vehicles to school without first having obtained a student parking permit. Parking permits must be displayed on the student's vehicle inside the left rear windshield, facing outward.

(Refer to Board Policy 113.1)

The Board directs that the district shall comply with provisions of the Individuals with Disabilities Education Act (IDEA) and state and federal regulations when disciplining students with disabilities for violations of district policy and school rules and regulations.

Suspensions

A disabled student may be suspended without parental consent for no more than 10 consecutive days or an aggregate of 15 days of school per year, regardless of whether the student's behavior is a manifestation of his/her disability.

A disabled student may be suspended only to the extent that such suspensions are consistent with discipline that is applied to students without disabilities.

During any period of disciplinary action that constitutes a change in placement for a student, the student shall continue to receive a Free and Appropriate Education (FAPE), in accordance with federal law.

Reporting Crimes to the Law Enforcement

School principals, when notifying or reporting crimes to local law enforcement officials, shall ensure that copies of the special education and discipline records of the eligible student(s) are transmitted to the appropriate authorities only to the extent such transmission is permitted by the Family Educational Rights and Privacy Act (FERPA).

Manifestation Determination

A student with a disability whose behavior is found not to be a manifestation of his/her disability may be suspended or expelled pursuant to district procedures. During the period of suspension or expulsion, the student shall continue to receive FAPE.

If the student's behavior is found to be a manifestation of a disability, the IEP team shall conduct a Functional Behavior Assessment (FBA) and implement a Behavior Support Plan (BSP), if the IEP team had not conducted one before the behavior, or review and consider revising the BSP as necessary to address the behavior. If the behavior is found to be a manifestation of the child's disability, the student shall return to his/her placement from which he/she was removed unless

the IEP team, including the parent/guardian, agrees that a change in placement is appropriate for the student.

Request for a Hearing

The district may request that a hearing officer order removal of the disabled student to an alternative setting for 45 days where the district demonstrates in a hearing by substantial evidence that maintaining the disabled student's current placement is substantially likely to result in injury to the student or others.

Students who have not been identified as disabled may be subject to the same disciplinary measures applied to students without disabilities if the district did not have knowledge of the disability. If a request for evaluation is made during the period the student is subject to disciplinary measures, the evaluation shall be expedited.

Weapons, Drugs, or Serious Bodily Injury

A disabled student who carries a weapon to school or a school function may be removed from his/her current placement regardless of whether the weapons offense is a manifestation of a disability. Pol. 218.1 According to statute, a weapon shall be defined, but not be limited to, any knife, cutting instrument, cutting tool, nunchaku, firearm, shotgun, rifle, and any other tool, instrument or implement capable of inflicting serious bodily injury, including but not limited to, sparklers, fireworks, smoke or stink bombs, explosives, live ammunition, chains, including wallet chains, bracelets, or other devices which are potential items of violence, certain rings, pipes or tubes, look-alike firearms and weapons (toy guns, knives), and any item which could or would be a threat to the student himself/herself or the school community.
