## Mission

Provides live innovative, rigorous, and individualized experiences to prepare eScholars for lifelong learning in post-secondary opportunities, careers and beyond.

Guilford eLearning University Prep K-8 (GeUP) follows the North Carolina State Standards for all core and encore subject areas. We offer all middle school core courses and various digital tools to enhance learning while offering advanced level courses such as Advanced English Language Arts and Accelerated Math. Math 1 and Math 2 can be taken through one of the district's EdOptions with one of our qualified teachers providing additional support and advisement. All eTeachers are highly qualified, certified and trained to deliver engaging instruction online.

In our eLearning environment, a wide range of online courses and curricula are used to meet or exceed North Carolina State Standards by utilizing the Guilford County School District's scope and sequence for academics. All eScholars access eLearning materials through Canvas and access daily live instruction through

## Vision

Intentionally transforms virtual education and life outcomes for all eScholars.

Microsoft Teams! eTeachers utilize a variety of resources, including Nearpod, Google Apps, Imagine Learning Classroom, Zearn, NewsELA, DiscoveryEd TechBook, and more! Our digital resources are reviewed annually for effectiveness, rigor, equity, and relevancy based on our ever- evolving educational advances. All eScholars receive a Chromebook, charger, and physical instructional materials and workbooks to support their eLearning experience.

Learn from home! eScholars follow an intentionally designed schedule based on grade-level instructional requirements to ensure access to core instruction, specials and encore, recess and movement, and eClubs! eScholars average six hours of live instruction per day following the curriculum as prescribed by the North Carolina State Board of Education with breaks built into the schedule.

## What We Offer

- Full time educational opportunity for future eScholars who wish to eLearn from home.
- Highly qualified, licensed teachers.
