

Texas School Climate Survey – Family

Start of Block: Block 1

`#{e://Field/School_name}` - Parent & Caregiver Survey

Your responses to this survey will help our school better understand how family members experience the school and community. Your answers will not be linked back to you. Instead, they will be grouped with others and used to help the school make plans and improvements. If you have more than one child attending this school, please consider the experiences of your oldest child while answering the survey questions. You can read this survey in different languages. Use the button at the top of the page to choose another language. Thank you for your time and participation!
