

Snowdon Elementary

SCHOOL IMPROVEMENT PLAN

OVERARCHING GOAL

Snowdon students will show continued growth academically, socially and emotionally, and behaviorally.

GOAL 1

100% of students will reach typical growth in math according to the spring iReady diagnostic. Students who are not proficient will reach their stretch growth.

STUDENT OUTCOMES

1. Students will actively engage in tier one math instruction, as well as reflection and goal setting with progress monitoring of their learning.
2. Fewer students will be served in tier two and three instruction.

GOAL 2

100% of students will reach typical growth in reading according to the spring iReady diagnostic. Students who are not proficient will reach their stretch growth.

STUDENT OUTCOMES

1. Students will actively engage in tier one literacy instruction, as well as reflection and goal setting with progress monitoring of their learning.
2. Fewer students will be served in tier two and three instruction.

GOAL 3

By June 2026, the percentage of behavior incident reports written during recess will not exceed the proportion of time students spend at recess compared to the total instructional day. For example, if recess comprises 10% of the school day, no more than 10% of total behavior incident reports should originate from recess.

STUDENT OUTCOMES

1. Students will experience success at recess by safely engaging with others and using strategies for conflict resolution.
