Public Comment

[Board Policy 181](#) provides an opportunity for the public to address the Committee. We value the public comment period and feedback from our stakeholders. To comply with the Open Meetings Law and to ensure consistency, public comment will have the following parameters:

- Total public comment time is limited to 15 minutes. Speakers will have up to three minutes in which to make their comments. Ms. Jonen will signal the speaker when their time is up.
- The Committee will not comment after each speaker and will reserve discussion to any items on the agenda. Speakers are welcome to stay for the meeting.
- Next steps following public comment may include: referral to the appropriate administrator for follow-up with the speaker or placement of the matter on a future Committee or Board agenda.

714: Communicable Diseases

714.01 The District shall cooperate with federal, state and local public health officials in establishing and maintaining appropriate health standards for the school environment, promoting the good health of students and staff, and educating students and staff in disease prevention methods and sound health practices. The District shall have administrative guidelines that document requirements for reporting communicable disease information to public health agencies. Schools or other District facilities may be closed for public health reasons by order of a public health officer or agency, by order of the court or as determined to be necessary by the District Administrator.

714.02 In an effort to maintain a safe and healthy school environment, the District shall provide information to students, staff and families regarding measures that can be taken to reduce the risk of contracting or transmitting communicable diseases at school, during school-sponsored activities and on school-provided transportation. District employees with occupational exposure to blood or other potentially infectious agents or materials, as well as any other employees who may be designated by the administration, shall receive specific training regarding the District's Exposure Control Plan and will be expected to comply with the precautions and procedures identified in the plan and in the related training.

714.03 Students and District employees may be excluded from school, school-sponsored activities, school-provide transportation, and/or the workplace if they are suspected of or diagnosed as having a communicable disease, including any disease identified within the [Wisconsin Childhood Communicable Diseases Chart](#) that is published by the Wisconsin Department of Health Services or any other disease expressly defined or identified as communicable by a public health agency, that poses a significant health risk to others or that renders them unable to adequately perform their jobs or be appropriately engaged in their learning. In some situations, exposure to or close contact with a source of a communicable disease may be sufficient to result in a temporary exclusion. Except as otherwise necessary to comply with a specific public health order or directive, such decisions will normally be made on an individualized basis and in consultation as needed with appropriate health care professionals, public health officials, and/or with reference to applicable public health standards. Students excluded from school pursuant to this policy may appeal their exclusion as set forth in the administrative guidelines. Employees excluded from work may appeal their exclusion pursuant to the Employee Handbook.

714.04 The District Administrator, or their designee may also exclude others from school, school-sponsored activities, school-provide transportation, and/or the workplace in connection with communicable disease management and with the purpose of mitigating any known and significant health risk to the school community consultation in consultation as needed with appropriate health care professionals, public health officials, and/or with reference to applicable public health standards. Such other persons include, as examples, contractors, employees of contracted services, authorized volunteers, parents, and other visitors.

714.05 The District recognizes that an individual's health status implicates a variety of privacy interests. Therefore, the District shall handle information regarding individuals with suspected or confirmed communicable diseases in accordance with state and federal laws and Board policies governing the confidentiality of health and medical records.
