- **Love-based obedience**

POSITIVE DISCIPLINE

FIRMNESS

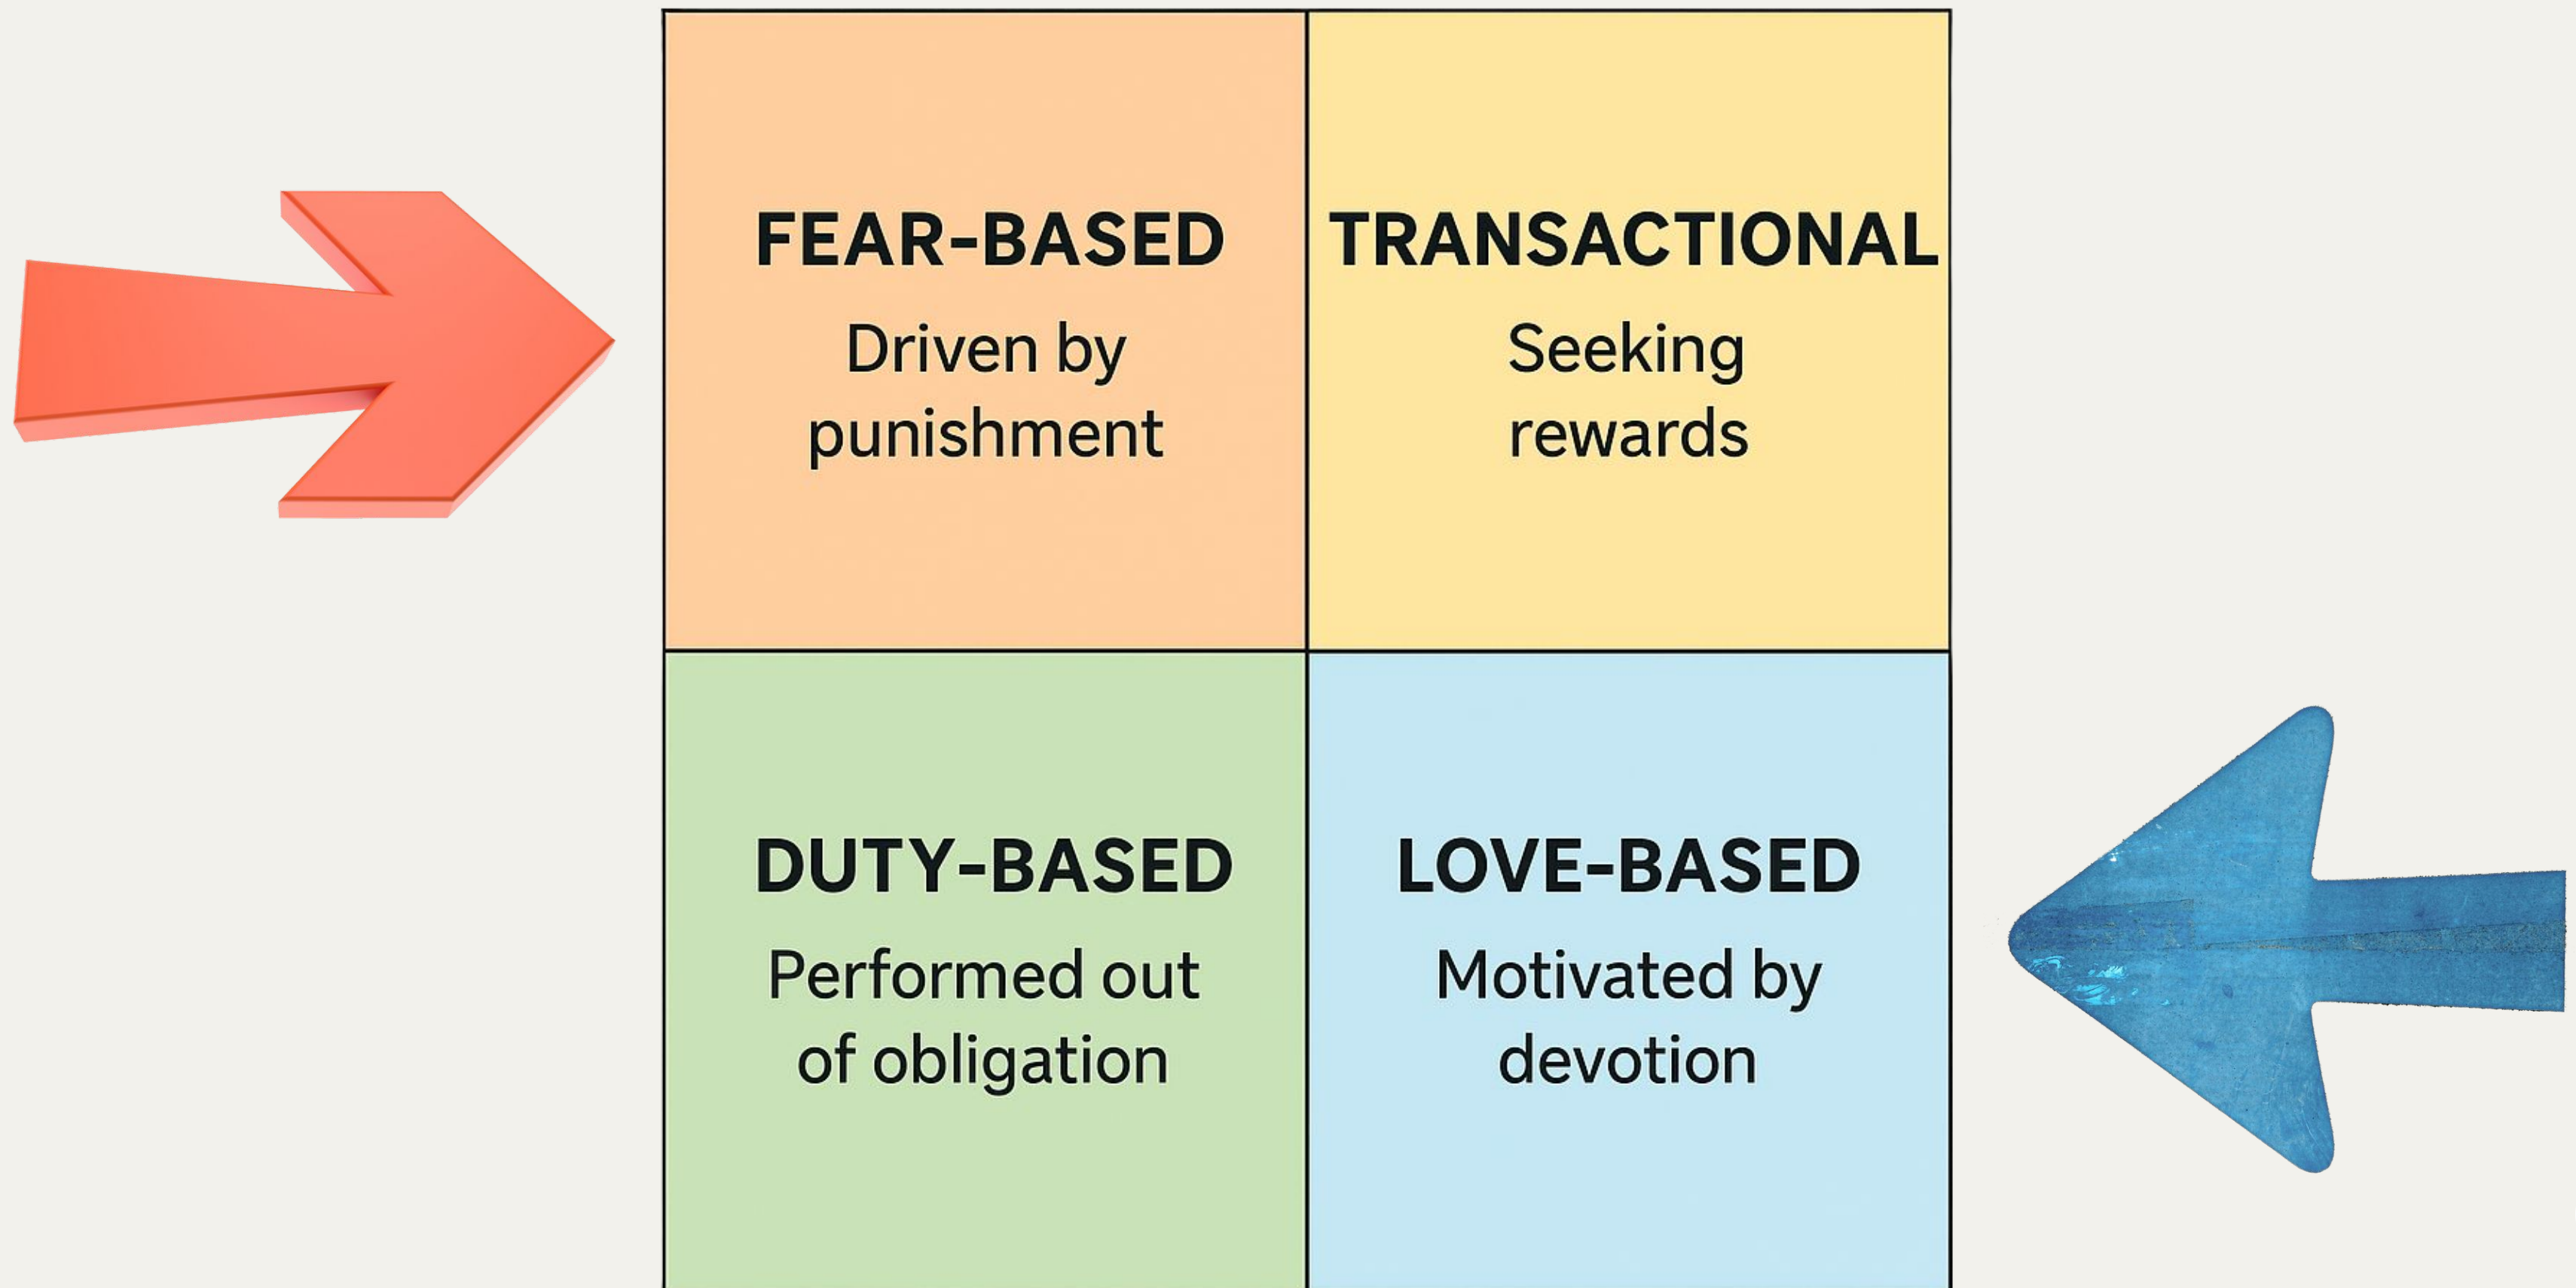

AUTHORITARIAN

- Encouragement
- Consistency
- Clarity
- Follow-through
- Respect
- Love-based obedience

- Aggressiveness
- Physical punishment
- Verbal abuse
- Perfection
- Strictness
- Fear-based obedience

Four Types of Obedience

Basic Math Operation

Basic Math Operation

**Firmness - Kindness =
Responsible with Low
Self-Esteem**

Basic Math Operation

**Strictness – Compassion
= Obedience with
Insecurity**

Basic Math

Operation

**Kindness - Firmness =
Entitlement &
Irresponsibility**

Basic Math Operation

**Compassion - Boundaries
= Privilege without
Accountability**

Basic Math Operation

**Kindness + Firmness =
Character & Life Skills**

Basic Math Operation

**Compassion + Boundaries
= Character and
Resilience**

“Connection Before Correction”

About us

Tony and Liseth Orozco founded the Disciplina Positiva Parenting Workshops in 2010, inspired by the Adlerian Philosophy. They are certified through the Positive Discipline Association, which Dr. Jane Nelsen and Lynn Lott lead. Our parenting workshops are conducted through live streams on Zoom and in-person sessions. Certified Positive Discipline Educators facilitate the workshops.

Our mission

Help families enhance their parenting skills, self-care, and emotional regulation by offering positive discipline tools. Through this training, we promote physical and cognitive development, as well as social-emotional learning in children and teenagers. Ultimately, we aim to help them succeed academically and reach their full potential.

Life Skills Every Child/Teen Should Learn:

- Problem-solving
- Self-awareness
- Self-regulation
- Self-esteem
- Time management
