Regulation 4312.6: Personnel Files

Status: DRAFT

Original Adopted Date: 03/01/2001 **| Last Revised Date:** 03/01/2016

The Superintendent or designee shall maintain personnel files for all current employees at the district's central office or at the location where the employee works.

The Superintendent or designee shall determine the types of information to be included in personnel files, including, but not limited to, records required by law, and shall process all material to be placed in such files.

Placement of Material in Personnel Files

Any supervisor or administrator who places written material or drafts written material for placement in an employee's file shall sign the material and indicate the date of the placement.

When an employee is asked to sign any material that is to be placed in his/her file, he/she shall be informed that the signature only signifies that he/she has read the material and does not necessarily indicate that he/she agrees with its contents.

Any request by an employee to include materials in his/her personnel file must be approved by the Superintendent or designee.

An employee may initiate a written reaction or response to his/her performance evaluation. The response shall be permanently attached to the evaluation and placed in the employee's personnel file.

Derogatory Information

Information of a derogatory nature shall not be entered into an employee's personnel file unless and until the employee is given notice and an opportunity to review and comment on that information. Such a review shall take place during normal business hours. The employee shall be released from duty for this purpose without a salary reduction. The employee may enter his/her own comments and have them attached to the derogatory statement. (Education Code 44031)

Persons with Authorized Access

The Superintendent or designee shall maintain the confidentiality of any personnel records which, if inappropriately disclosed, would constitute an unwarranted invasion of the employee's privacy.

Access to an employee's personnel file shall be granted only to the employee, persons authorized by the employee, district personnel, and others with a valid "right to know" or "need to know" who are authorized access by the Superintendent or designee.

Individual Board of Trustees members shall not be allowed to access personnel files, but the Board may request pertinent information from an employee's file in cases of personnel action.

Any authorized reviewer shall maintain strict confidence of the contents of a personnel file. Personnel files shall be reviewed and replaced within the shortest time possible. In no case shall a personnel file be left unattended or left unsecured overnight.

File Review by Employee

Any employee wishing to inspect his/her personnel record shall contact the Superintendent or designee.

With the exceptions noted below, all personnel records related to the employee's performance or to any grievance concerning the employee shall be made available for inspection by the employee. Noncredentialed employees shall have access to any numerical scores obtained as a result of written examinations. (Education Code 44031; Labor Code 1198.5)

The Superintendent or designee shall not be required to make available to the employee: (Education Code 44031; Labor Code 1198.5)

1. Records related to the investigation of a possible criminal offense

2. Letters of reference

3. Ratings, reports, or records that were obtained prior to the employee's employment, prepared by identifiable examination committee members, or obtained in connection with a promotional examination

Personnel records related to the employee's job performance or to any grievance concerning him/her shall be made available to the employee at reasonable intervals and at reasonable times. The Superintendent or designee shall not be required to make such records available at a time when the employee is required to render services to the district, unless the employee is required to view the file where it is stored. (Education Code 44031; Labor Code 1198.5)

The Superintendent or designee shall do one of the following: (Labor Code 1198.5)

1. Keep a copy of each employee's personnel records at the place where the employee reports to work

2. Make the employee's personnel records available at the place where the employee reports to work within a reasonable period of time following the employee's request

3. Permit the employee to inspect the personnel records at the location where the district stores the personnel records, with no loss of compensation to the employee

The employee may be accompanied by a representative of his/her choice while reviewing his/her personnel records.

Inspection shall take place in the presence of the Superintendent or designee. The Superintendent or designee shall keep a record of the date and time the file was reviewed and the name and title of the person(s) present during the review.

In no instance shall any material be removed from the records. Requests for copies of material in a personnel record must be made in writing.

Record Retention

Personnel records for current and former employees shall be retained in accordance with 5 CCR 16023.

The Superintendent or designee shall not expunge from an employee's personnel file, nor enter into an agreement that would authorize expunging from an employee's personnel file, credible complaints of, substantiated investigations into, or discipline for egregious misconduct as defined in Education Code 44932. However, such documentation may be removed if, during a hearing before the Board, an arbiter, personnel commission, Commission on Professional Competence, or administrative law judge, the employee prevailed, the allegations were determined to be false, not credible, or unsubstantiated, or a determination was made that the discipline was not warranted. (Education Code 44939.5)

Regulation 4312.61: Employment References

Status: DRAFT

Original Adopted Date: 09/01/1989 **| Last Revised Date:** 07/01/2017

The Superintendent or designee shall be responsible for processing requests for employment references, letters of recommendation, or information about the reasons for separation regarding all district employees other than himself/herself. All letters of recommendation to be issued on behalf of the district for current or former employees shall be approved by the Superintendent or designee. At his/her discretion, the Superintendent or designee may refuse to give a recommendation.

The Superintendent or designee may communicate information about the job performance or qualifications of a current or former district employee when such information is based upon credible evidence and is given to a prospective employer without malice and at the prospective employer's request. (Civil Code 47)

Any reference, letter of recommendation, or information provided about the reasons for separation issued on behalf of the district shall provide a truthful and accurate account of the employee's job performance and qualifications.

No certificated employee shall write or sign any letter or memorandum which intentionally omits significant facts, or which states as facts matters which the writer does not know of his/her own knowledge to be true, relating to the professional qualifications or personal fitness to perform certificated services of any person who the writer knows will use the letter or memorandum to obtain professional employment. (5 CCR 80332)

No certificated employee shall agree to provide a positive letter of recommendation which misrepresents facts as a condition of another employee's resigning or withdrawing action against the district. (5 CCR 80332)

Policy 4312.8: Employment Of Relatives

Status: DRAFT

Original Adopted Date: 02/01/1986 **| Last Revised Date:** 03/01/2008

The Board of Trustees desires to maximize staff and community confidence in district hiring, promotion, and other employment decisions by promoting practices that are free of conflicts of interest or the appearance of impropriety.

The Board prohibits the appointment of any person to a position for which his/her relative maintains management, supervisory, evaluation, or promotion responsibilities and prohibits an employee from participating in any decision that singularly applies to any of his/her relatives.

For purposes of this policy, relative includes the individual's spouse, domestic partner, parents, grandparents, great-grandparents, children, grandchildren, great-grandchildren, brothers, sisters, aunts, uncles, nieces, nephews, and the similar family of the individual's spouse or domestic partner.

In addition, the Superintendent or designee may determine, on a case-by-case basis, whether to appoint a person to a position in the same department or facility as an employee with whom he/she maintains a personal relationship when that relationship has the potential to create (1) an adverse impact on supervision, safety, security, or morale of other district employees or (2) a conflict of interest for the individuals involved which is greater because of the their relationship than it would be for another person.

An employee shall notify his/her supervisor within 30 days of any change in his/her circumstances that may constitute a violation of this policy.

Policy 4312.9: Employee Notifications

Status: DRAFT

Original Adopted Date: 06/01/1994 **| Last Revised Date:** 06/01/2024

The Board of Trustees believes that providing clear communications to staff is essential to establishing a professional, positive work environment and enhancing their job performance. The Superintendent or designee shall provide district employees all notifications required by law and any other notifications the Superintendent or designee believes will promote staff knowledge of the district's policies, programs, activities, and operations.

When required by law, Board policy, or administrative regulation, district employees shall be asked to sign an acknowledgment indicating receipt of the notification. Such acknowledgments shall be retained in each employee's personnel file.

Policy 4313.2: Demotion/Reassignment

Status: DRAFT

Original Adopted Date: 07/01/1986 **| Last Revised Date:** 03/01/2007

The Board of Trustees may authorize the demotion or reassignment of any administrative or supervisory employee upon the recommendation of the Superintendent or designee and when such action is determined to be in the best interest of the district.

The Superintendent or designee shall ensure that the district complies with all applicable statutory deadlines and due process procedures when an employee is to be demoted or reassigned.

Regulation 4313.2: Demotion/Reassignment

Status: DRAFT

Original Adopted Date: 07/01/1986 **| Last Revised Date:** 03/01/2007

Certificated Administrative Employees

Permanent certificated management staff are not entitled to seniority rights in their administrative positions. However, such staff shall earn and/or retain any seniority earned in service as a classroom teacher or site administrator pursuant to Education Code 44893, 44894, or 44956.5.

End of Year Release/Reassignment of Certificated Administrators

By March 15, an employee shall be notified by either registered mail or in person that he/she may be released or reassigned from his/her position for the following school year. If the notice is presented to the employee in person, the district shall obtain his/her signature acknowledging receipt of the notice on the district's copy of the written notice. (Education Code 44951)

If the March 15 notice indicates that release or reassignment is only a possibility, the Board of Trustees shall take additional action to release/reassign the employee before the new school year and shall send the employee a second notice by June 30 indicating that he/she has been released or reassigned.

If the employee is to be released or reassigned to a teaching position, the Board shall give the employee, upon his/her request, a written statement of the reasons for the release/reassignment. If the reasons include incompetence as an administrator or supervisor, the district shall have completed an evaluation of the employee within the 60-day period immediately preceding the notice date. (Education Code 44896)

Policy 4313.4: Temporary Modified/Light-Duty Assignment

Status: DRAFT

Original Adopted Date: 10/01/1995 **| Last Revised Date:** 07/01/2007

The Board of Trustees recognizes that, when employees have temporarily disabling medical conditions, temporary modified or light-duty assignments can allow the district to continue to use their valuable knowledge, skills, and abilities while minimizing time away from work. Temporary modified/light-duty assignments may also serve to facilitate the employee's transition back to his/her regular duties or full-time work.

Any employee may request a modified or light-duty assignment when he/she has a temporary medical condition which prevents the performance of the essential functions of his/her current assignment or position. The Superintendent or designee shall determine, on a case-by-case basis, whether a suitable temporary position currently exists to accommodate the physical restrictions specified by the employee's medical provider.

An employee's initial assignment to a temporary modified or light-duty position shall be for a limited duration, not to exceed 30 days. At the end of the initial assignment, the employee may request that the Superintendent or designee extend the assignment. When requesting any such extension, the employee shall submit documentation from his/her medical provider verifying that the employee is still temporarily disabled and is not medically able to return to his/her regular assignment. Temporary assignments generally shall not exceed 90 days, but may be extended at the discretion of the Superintendent or designee for an additional 90 days upon verification by the employee's medical provider that such an extension will allow the employee to return to unrestricted regular duties.

An employee who rejects a temporary modified/light-duty assignment may be subject to a loss of workers' compensation benefits in accordance with district's insurance policy.

Policy 4313.5: Working Remotely

Status: DRAFT

Original Adopted Date: 04/01/2020

The Board of Trustees recognizes that working remotely at home or at another alternative location may be necessary at times when widespread illness, natural disaster, or other emergency condition makes the school or worksite unsafe or otherwise interrupts the district's ability to effectively conduct operations at the school or worksite. A full-time, part-time, or short-term remote work arrangement may also be granted by the Superintendent or designee to an individual employee, upon request, provided that the position is suitable for remote work, the employee has consistently demonstrated the ability to work independently and meet performance expectations, and the work arrangement does not hinder district operations.

The opportunity to work remotely shall be entirely at the district's discretion, and no grievance or appeal right may arise from district denial of any employee request for remote work.

Employees approved for remote work shall comply with all district policies, administrative regulations, work schedules, and job assignments. Except when specifically agreed, approval of remote work shall not change the compensation, benefits, or other terms and conditions of employment of an employee.

Unless otherwise approved in advance by the Superintendent or designee, employees working remotely shall do so within regular work hours established for the position. Employees are entitled and expected to take appropriate, uninterrupted meal and rest breaks, and shall keep accurate records of the hours they work. Employees shall notify their supervisor when unable to perform work assignments due to illness, equipment failure, or other unforeseen circumstances.

Employees working remotely are expected to conduct their work in a location that is safe and free of obstructions, hazards, and distractions. Such employees shall report to their supervisor any serious injury or illness occurring in the home workspace or in connection with their employment as soon as practically possible in accordance with Board policy.

Work done at a remote work location is considered official public business. District records and communications shall be retained and safeguarded against damage or loss, and shall be kept confidential or made accessible to the public in accordance with law.

Any employee working remotely shall be available during work hours to the employee's supervisor and other staff, students, parents/guardians, and members of the public, as appropriate, via email, phone, or other means. Lack of responsiveness on the part of the employee may result in discipline and/or termination of remote work responsibilities. Employees shall be required to attend virtual or in-person meetings when directed by their supervisor.

Employee productivity shall be evaluated on the basis of time spent on tasks and projects, task completion, and quality of job performance in the same manner as all employees in the same position at the assigned school or office.

Remote work arrangements may be discontinued at any time at the discretion of the Superintendent or designee.

Policy 4315: Evaluation/Supervision

Status: DRAFT

Original Adopted Date: 11/01/1986 **| Last Revised Date:** 08/01/2014

The Board of Trustees believes that regular, comprehensive evaluations designed to hold administrative and supervisory staff accountable for their performance are key to improving their instructional leadership and management skills. Evaluations shall be linked to the district's vision and goals and school improvement plans.

Evaluations shall be used to recognize the exemplary skills and accomplishments of administrative and supervisory employees, serve as a criterion for contract renewals, and identify areas needing improvement. When the evaluation indicates areas needing improvement, the Board expects employees to take the initiative to improve their performance and for their supervisors to assist them in obtaining needed job skills.

Administrative and supervisory employees shall be evaluated in accordance with provisions of employee contracts and/or applicable collective bargaining agreements as appropriate.

The Superintendent or designee shall make written evaluation procedures available to all administrative and supervisory employees.

An employee shall be evaluated annually for the first and second years of employment as an administrator or supervisor in the district, and at least every two years thereafter, unless otherwise provided for in an employee contract or collective bargaining agreement. Evaluations may occur between scheduled periods at the request of the employee, his/her supervisor, or the Superintendent or designee.

The Superintendent or designee shall establish clear, objective criteria for evaluation based on the job responsibilities of each administrative or supervisory position.

Evaluation criteria for certificated school site administrators may be based on the California Professional Standards for Educational Leaders (CPSEL) and also may include, but not be limited to, evidence of: (Education Code 44671)

1. Academic growth of students, based on multiple measures which may include student work as well as student and school longitudinal data that demonstrate academic growth over time

   Assessments used for this purpose shall be valid and reliable and used for the intended purposes and for the appropriate student populations. Local and state academic assessments may include, but are not limited to, state standardized assessments and formative, summative, benchmark, end-of-chapter, end-of-course, Advanced Placement, International Baccalaureate, college entrance, and performance assessments.

2. Effective and comprehensive teacher evaluations, including, but not limited to, curricular and management leadership, ongoing professional development, teacher-principal teamwork, and professional learning communities

3. Culturally responsive instructional strategies to address and eliminate the achievement gap

4. The ability to analyze quality instructional strategies and provide effective feedback that leads to instructional improvement

5. High expectations for all students and leadership to ensure active student engagement and learning

6. Collaborative professional practices for improving instructional strategies

7. Effective school management, including personnel and resource management, organizational leadership, sound fiscal practices, a safe campus environment, and appropriate student behavior

8. Meaningful self-assessment to improve as a professional educator, which may include, but not be limited to, a self-assessment based on the CPSEL and the identification of areas of strengths and areas for professional growth to engage in activities to foster professional growth

9. Consistent and effective relationships with students, parents/guardians, teachers, staff, and other administrators

The evaluation shall be dated and signed by the employee and evaluator. The employee may respond in writing to the evaluation within a reasonable time after receiving a copy of the evaluation. The response shall be attached to the evaluation and placed in the employee's personnel file.

Policy 4317.13: Early Retirement Option

Status: DRAFT

Original Adopted Date: 03/01/2004 **| Last Revised Date:** 05/01/2016

When it is beneficial to the district, the Board of Trustees may offer certificated employees the option to retire early in accordance with law.

Two Years of Service Credit Retirement Incentive

As an incentive to early retirement for certificated employees participating in the State Teachers' Retirement System (STRS), the Board may offer such employees an additional two years of service credit. (Education Code 22714, 44929)

Before taking formal action to approve this service incentive, the Board shall determine that encouraging early retirement would be in the best interest of the district due to the curtailment of services or changes in the manner in which services are performed and that the retirement will result in a net savings to the district. The Board shall demonstrate and certify to the County Superintendent of Schools that the formal action taken would result in a net savings to the district. (Education Code 22714, 44929)

The Board may also consider the impact of the early retirement option on the staffing needs of district schools.

To be eligible for the two years of service credit option, the employee must have five or more years of service credit and must retire during a period of 60 to 120 days after the Board takes formal action to implement the option. (Education Code 22714)

In providing the early retirement option, the district shall meet all conditions as specified in Education Code 22714 and 44929.

Two + Two Retirement Incentive: 2 Years of Service Credit + 2 Years of Age Credit

As an incentive to early retirement for certificated employees participating in the State Teachers' Retirement System, the Board may offer an additional two years of service credit and two years of age credit to employees who retire within the "window period" established by the Board in a Memorandum of Understanding or by Board action prior to January 1, 2005 pursuant to repealed Education Code 22714.5.

Regulation 4317.14: Postretirement Employment

Status: DRAFT

Original Adopted Date: 11/01/2010 **| Last Revised Date:** 04/01/2014

When necessary, the Board of Trustees may hire a qualified retired certificated individual who possesses the knowledge and experience needed to perform creditable service for the district as an employee, the employee of a third party, or an independent contractor/consultant, provided that all applicable restrictions specified by the California State Teachers' Retirement System (CalSTRS) are met. Applicable CalSTRS restrictions include, but are not limited to, a requirement that a retired member be paid compensation comparable to that for active employees for comparable duties and prohibitions against the hiring of a retired member within 180 days of his/her retirement and for the classified service, except as an aide pursuant to Education Code 45134. Additional restrictions and rules may apply to other employment situations, such as when CalSTRS retired members are employed as employees of third parties, independent contractors, or consultants. The Superintendent or designee should consult legal counsel when dealing with such employment situations. (Education Code 22119.5, 22164.5, 24214, 24214.5)

Any retired member of the defined benefit program of CalSTRS who is hired by the district to perform retired member activities as defined pursuant to Education Code 22164.5 shall be paid at an annualized rate of pay that shall not be below the minimum or exceed the maximum paid to other district employees performing comparable duties. However, such a retired individual shall not make contributions to the CalSTRS retirement fund or accrue service credit based on compensation earned from the retired member activity. (Education Code 24214)

No retired member of the CalSTRS defined benefit program shall be hired by the district for at least 180 calendar days after his/her retirement from service, unless he/she has attained the normal retirement age and qualifies for an exemption to the 180-day waiting period. To seek this exemption, the Board shall, during the open session of a Board meeting, adopt a resolution which shall include the following information and findings: (Education Code 24214.5)

1. A statement expressing the Board's intent to seek an exemption to the 180-day waiting period
2. A description of the nature of the employment of the retiree
3. A finding that the retiree has reached the normal retirement age
4. A finding that the appointment of the retiree is necessary to fill a critically needed position before the 180-day waiting period has passed
5. A finding that the retired individual did not receive additional service credit pursuant to Education Code 22714 or 22715 or any financial inducement to retire. Financial inducement to retire shall include, but is not limited to, cash or any form of compensation or other payment directly or indirectly paid by any public employer to the retired individual before or after his/her retirement, if the individual retires for service on or before a specific date or range of dates established by the public employer on or before the date the inducement is offered
6. A finding that the retired individual's termination of employment with the district is not the basis for the need to acquire the services of the retired individual

The resolution shall not be adopted through the Board's consent agenda. (Education Code 24214.5)

When employing a retired individual who is eligible for exemption from the 180-day waiting period, the Superintendent or designee shall submit all required documentation to substantiate eligibility for the exemption to CalSTRS before the retired member begins performing any retired member activities. The Superintendent or designee may contact

CalSTRS to request information as to whether the retired member qualifies for the exemption after 30 days of submitting the required documentation to CalSTRS. (Education Code 24214.5)

Postretirement Compensation Limitation, Notice, and Report

All CalSTRS retirees performing creditable service for the district shall be subject to the applicable CalSTRS earnings limit. Monies earned in excess of the limit may subject the CalSTRS retiree to a reduction in his/her retirement allowance. Compensation subject to the earnings limitation includes, but is not limited to, salary or wages, deferred

compensation plans, purchase of an annuity contract, tax-deferred retirement plan or insurance program, and other plans or contributions when the cost is covered by a district. (Education Code 22119.5, 22164.5, 24214)

Whenever the district retains the services of a CalSTRS retiree as a district employee, employee of a third party, or an independent contractor, the Superintendent or designee shall: (Education Code 22461, 24214)

1. Advise the retired individual of the postretirement earnings limitation or employment restriction set forth in Education Code 22714, 24214, or 24214.5 or any other applicable law

2. Maintain accurate records of the retired individual's compensation and report it monthly to CalSTRS and the individual, regardless of the method of payment or the fund from which the payments are made

Policy 4317.2: Resignation

Status: DRAFT

Original Adopted Date: 10/01/1996 **| Last Revised Date:** 07/01/2001

Any district employee who desires to resign his/her position shall submit, in writing, a letter of resignation which indicates the date which the employee intends as his/her last day at work. The Board of Trustees encourages employees to provide advance notice that is appropriate for the position they hold.

The Board authorizes the Superintendent or designee to accept an employee's written resignation and to set its effective date. Once the Superintendent or designee has accepted and set an effective date for this resignation, the resignation may not thereafter be withdrawn by the employee.

The effective date of the resignation shall be a date not later than the close of the school year during which the resignation is received. However, an employee and the Board may agree that a resignation will be accepted at a mutually agreed upon date not later than two years beyond the close of the school year during which the resignation is received by the Board. (Education Code 44930, 45201)

Regulation 4317.5: Termination Agreements

Status: DRAFT

Original Adopted Date: 06/01/1993 **| Last Revised Date:** 10/01/1997

If a termination settlement agreement has been made with an employee, the Superintendent or designee shall inform prospective employers, upon request for an employment reference, that an agreement exists and that he/she may only provide information as provided for in the agreement.

Cash settlements made upon the termination of a contract shall never exceed an amount equal to the employee's monthly salary multiplied by the number of months, up to 18, in the unexpired term of the contract. This amount is a maximum ceiling, not to be construed as a target amount for settlement agreements. (Government Code 53260)

Settlement agreements shall not include noncash items other than health benefits, which the district may offer to continue for the unexpired term up to 18 months or until the employee finds other employment, whichever comes first. (Government Code 53261)

Copies of settlement agreements with a superintendent, deputy superintendent, assistant superintendent, associate superintendent or other similar chief administrative officer or chief executive officer shall be made available to the public upon request. (Government Code 53262)

Regulation 4317.7: Employment Status Reports

Status: DRAFT

Original Adopted Date: 11/01/2008 **| Last Revised Date:** 07/01/2019

The Superintendent shall report to the Commission on Teacher Credentialing (CTC) any change in the employment status of a certificated employee who, while working in a position requiring a credential and as a result of an allegation of misconduct or while an allegation of misconduct is pending: (Education Code 44030.5, 44242.5; 5 CCR 80303)

1. Is dismissed or nonreelected
2. Resigns
3. Is suspended or placed on unpaid administrative leave for more than 10 days as a final adverse employment action
4. Retires
5. Is otherwise terminated by a decision not to employ or reemploy

This report is not required when the change in employment status is due solely to unsatisfactory performance pursuant to Education Code 44932 or a reduction in force pursuant to Education Code 44955-44958. (Education Code 44030.5, 44242.5; 5 CCR 80303)

When required, the report of a change in employment status shall be submitted not later than 30 days after the employment action. The report shall be made using a form provided by CTC and shall include all known information about each alleged act of misconduct by the employee. The report shall contain the name and current address of the certificated employee, name of the district, last school or district assignment, an explanation of the allegation of misconduct or pending allegation of misconduct, current contact information for all persons who may have information relating to the alleged misconduct, and any and all documentation related to the case. (Education Code 44030.5; 5 CCR 80303)

Upon a change in employment status as a result of alleged misconduct or while an allegation of misconduct is pending, the Superintendent shall, in writing, inform the employee of the contents of 5 CCR 80303. (5 CCR 80303)

Additional Reports of Employee Misconduct

The Superintendent or designee shall submit a report to CTC, using a form provided by CTC and attaching all relevant documents, whenever:

1. An employee, by complaint, information, or indictment filed in court, is charged with a "mandatory leave of absence offense," defined as a sex or drug offense specified in Education Code 44940 or violation or attempted violation of Penal Code 187 (murder). (Education Code 44242.5, 44940, 44940.5)

   Not later than 10 days after receipt of such a complaint, information, or indictment regarding an employee, the Superintendent or designee shall forward a copy of the received documents to CTC. In addition, the Superintendent or designee shall report to CTC any action taken in connection with extending the employee's mandatory leave beyond the initial period. (Education Code 44940, 44940.5

   If the offense results in a change in employment status, the Superintendent shall submit an employment status report in addition to the report of the mandatory leave of absence offense.

2. An employee refuses, without good cause, to fulfill a valid employment contract, or departs from district service without the consent of the Superintendent or Board of Trustees. (Education Code 44242.5, 44420)

As appropriate, the Superintendent or designee also shall notify CTC of any of the following:

1. A complaint filed with the district regarding a certificated employee's alleged sexual misconduct (Education Code 44242.5)

   The notice to CTC shall contain all of the following information: (5 CCR 80304)

a. Name of the employee alleged to have engaged in the sexual misconduct

b. Name, age, and address of each victim of the alleged sexual misconduct

c. A summary of all information known to the district regarding the alleged sexual misconduct

d. A summary of the action, if any, taken at the district level in response to the complaint of sexual misconduct

2. An employee's knowing and willful use of school records of student data in connection with, or in implicit or explicit attempts to recruit a student to be a customer for, any business owned by the certificated employee or in which the certificated employee is an employee (Education Code 44242.5, 44421.1)

3. An employee's knowing and willful reporting of false fiscal expenditure data relative to the conduct of any educational program (Education Code 44242.5, 44421.5)

4. An employee's subversion or attempt to subvert any licensing examination or the administration of an examination (Education Code 44242.5, 44439)

Policy 4319.1: Civil And Legal Rights

Status: DRAFT

Original Adopted Date: 03/01/2004 **| Last Revised Date:** 09/01/2022

The Board of Trustees believes that the personal life of an employee is not an appropriate concern of the district, except as it may directly relate to the performance of the employee's duties.

District employees may engage in private, personal activities, including the exercise of their religious, political, cultural, social or other beliefs or activities, during personal time including when employees are not on duty or engaged in the supervision or instruction of students.

The district shall make no inquiry concerning the personal values, attitudes, and beliefs of district employees or their sexual orientation or political or religious affiliations, beliefs, or opinions except when authorized by law. In addition, no district employee shall be required to provide critical appraisals of other individuals with whom the employee has a familial relationship. However, the district reserves the right to access any publicly available information about any employee.

No employee shall be dismissed, suspended, disciplined, reassigned, transferred, or otherwise retaliated against solely for acting to protect a student engaged in conduct authorized under Education Code 48907 or 48950.

When necessary to protect the health, welfare, or safety of students and staff, school officials may search district property under an employee's control.

Whistleblower Protection

An employee shall have the right to disclose to a Board member, a school administrator, a member of the County Board of Education, the County Superintendent of Schools, or the Superintendent of Public Instruction any improper governmental activity by the district or a district employee that violates state or federal law, is economically wasteful, or involves gross misconduct, incompetency, or inefficiency. When the employee has reasonable cause to believe that the information discloses a violation of state or federal statute or a violation of or noncompliance with a state or federal rule or regulation, the employee has the right to disclose such information to a government or law enforcement agency or to refuse to participate in any such activity. (Education Code 44112, 44113; Labor Code 1102.5)

The Superintendent or designee shall prominently display in lettering larger than size 14 point type a list of employees' rights and responsibilities under the whistleblower laws, including the telephone number of the whistleblower hotline maintained by the office of the California Attorney General. (Labor Code 1102.7, 1102.8)

No employee shall use or attempt to use official authority status or influence to intimidate, threaten, coerce, or command, or attempt to intimidate, threaten, coerce, or command, another employee for the purpose of interfering with that employee's right to disclose improper governmental activity. (Education Code 44113)

An employee who has disclosed improper governmental activity and believes that acts or attempted acts of reprisal have subsequently occurred shall file a written complaint in accordance with the district's complaint procedures. After filing a complaint with the district, the employee may also file a copy of the complaint with local law enforcement and/or seek civil law remedies against the supervisor or administrator who retaliated or attempted to retaliate against the employee, in accordance with Education Code 44114.

Protection Against Liability

No employee shall be liable for harm caused by the employee's act or omission when acting within the scope of employment or district responsibilities, the employee's act or omission is in conformity with federal, state, and local laws, district policy, or administrative regulation, and the employee's act or omission is in furtherance of an effort to control, discipline, expel, or suspend a student or to maintain order or control in the classroom or school. (20 USC 7946)

The protection against liability shall not apply when: (20 USC 7946)

1. The employee acted with willful or criminal misconduct, gross negligence, recklessness, or a conscious, flagrant indifference to rights or safety of the individual harmed.

2. The employee caused harm by operating a motor vehicle or other vehicle requiring license or insurance.
3. The employee was not properly licensed, if required, by state law for such activities.
4. The employee was found by a court to have violated a federal or state civil rights law.
5. The employee was under the influence of alcohol or any drug at the time of the misconduct.
6. The misconduct constituted a crime of violence pursuant to 18 USC 16 or an act of terrorism for which the employee has been convicted in a court.
7. The misconduct involved a sexual offense for which the employee has been convicted in a court.
8. The misconduct occurred during background investigations, or other actions, involved in the employee's hiring.

Policy 4319.11: Sexual Harassment

Status: DRAFT

Original Adopted Date: 12/01/2015 **| Last Revised Date:** 07/01/2024

The following policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

The Board of Trustees is committed to providing a safe work environment that is free of discrimination, harassment, and intimidation. The Board prohibits sex discrimination, including sex-based harassment, as defined in the accompanying administrative regulation, in district programs and activities by and against district employees.

Additionally, the Board prohibits retaliatory behavior or action against any person who complains or testifies about conduct that reasonably may constitute sex discrimination, including sex-based harassment, reports such conduct, or otherwise participates or refuses to participate in the complaint process established for the purpose of this policy. (Education Code 220.1; 34 CFR 106.71)

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sex discrimination and sex-based harassment, including but not limited to:

1. Providing training to employees in accordance with law and administrative regulation

2. Publicizing and disseminating the district's sex discrimination and sex-based harassment policy to employees and others to whom the policy may apply

3. Publicizing, in accordance with 34 CFR 106.8 and as specified in Administrative Regulation 4030 - Nondiscrimination in Employment, a Title IX notice of nondiscrimination to employees, applicants for employment, and bargaining units

4. Ensuring prompt, thorough, fair, and equitable investigation of complaints through the appropriate state and/or federal procedures

5. Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address sex discrimination and sex-based harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether sex discrimination and/or sex-based harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any othaer effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to harassment policy(ies), complaint procedures, or training, as appropriate and in accordance with law.

Reports and Complaints

Any district employee who has experienced sex discrimination or sex-based harassment in the district's education program or activity may file a complaint with the district's Title IX Coordinator. (34 CFR 106.2, 106.44)

Any employee with knowledge of conduct that reasonably may constitute sex discrimination or sex-based harassment by or against another district employee, a student, or a third party in a district education program or activity shall notify the Title IX Coordinator within one workday. An employee may be subject to discipline for failure to timely report such conduct. (34 CFR 106.44)

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through Administrative Regulation 4119.12/4219.12/4319.12 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures.

The Title IX Coordinator shall offer and coordinate supportive measures to be provided to the complainant and, if the district has begun grievance procedures or offered an informal resolution process to the respondent, offer and coordinate supportive measures to be provided to the respondent as deemed appropriate under the circumstances. (34 CFR 106.44)

Upon investigation of a sex discrimination or sex-based harassment complaint, any district employee found to have engaged or participated in sex discrimination or sex-based harassment or to have aided, abetted, incited, compelled, or coerced another to commit sex discrimination or sex-based harassment in violation of this policy shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Regulation 4319.11: Sexual Harassment

Status: DRAFT

Original Adopted Date: 12/01/2016 **| Last Revised Date:** 07/01/2024

The district does not discriminate on the basis of sex in any of its programs or activities and complies with Title IX of the Education Amendments of 1972 and its implementing regulations. Sex discrimination, including sex-based harassment, is prohibited in district education programs and activities.

The following administrative regulation shall apply to all allegations of sex discrimination and sex-based harassment by and against district employees, interns, volunteers, and job applicants, but shall not be used to resolve any complaint by a student.

Definitions

Sex discrimination includes treating an employee differently based on the employee's sex, which includes differential treatment based on sex stereotypes; sex characteristics; sexual orientation; gender; gender identity; gender expression; pregnancy, childbirth, termination of pregnancy, or lactation, including related medical conditions and recovery; parental, family, or marital status; or association with a person or group with one or more of these actual or perceived characteristics.

Sex discrimination, including sex-based harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct and occurs when prohibited conduct is so severe, persistent, or pervasive that it creates an intimidating, threatening, hostile, or offensive work environment; has the effect of substantially or unreasonably interfering with an employee's term or condition of employment; or otherwise adversely affects an employee's employment opportunities.

Sex-based harassment is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex, sex stereotypes, sex characteristics, or other bases specified above. Conduct will constitute sex-based harassment when it takes the form of: (34 CFR 106.2, 106.11)

1. Quid pro quo harassment: A district employee, agent, or other individual authorized by the district to provide an aid, benefit, or service in the district's education program or activity conditioning the provision of district aid, benefit, or service on a student's participation in unwelcome sexual conduct

2. Hostile environment harassment: Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the district's education program or activity

   Any prohibited conduct that occurs off campus or outside of school-related or school-sponsored programs or activities will be regarded as sex-based harassment in violation of district policy if it has a continuing effect on a student's ability to participate in or benefit from district educational programs or activities.

3. Sexual assault, dating violence, domestic violence, or stalking, as defined in 34 CFR 106.2

Sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature, regardless of whether the conduct is motivated by sexual desire. Conduct is considered to be sexual harassment when made against another person of the same or opposite sex in the work or educational setting under any of the following conditions: (Education Code 212.5; Government Code 12940; 2 CCR 11034)

1. Submission to the conduct is made explicitly or implicitly a term or condition of the individual's employment

2. Submission to or rejection of the conduct is used as the basis for an employment decision affecting the individual

3. The conduct has the purpose or effect of having a negative impact upon the individual's work performance or of creating an intimidating, hostile, or offensive work environment

4. Submission to or rejection of the conduct is used as the basis for any decision affecting the individual regarding benefits, services, honors, programs, or activities available at or through the district

Examples of Sex Discrimination and Sex-Based Harassment

Examples of actions that might constitute sex-based harassment under state and/or federal law in accordance with the definitions above, in the work or educational setting, whether committed by a supervisor, a co-worker, or a non-employee, include, but are not limited to:

1. Unwelcome verbal conduct such as sex-based flirtations or propositions; graphic comments about an individual's body; overly personal conversations or pressure for sex-based activity; sex-based jokes or stories; unwelcome sex-based slurs, epithets, threats, innuendoes; derogatory comments; sex-based degrading descriptions; or the spreading of sex-based rumors

2. Unwelcome visual conduct such as drawings, pictures, graffiti, or gestures; sexually explicit emails or messaging; or displaying sexually suggestive objects

3. Unwelcome physical conduct such as massaging, grabbing, fondling, stroking, or brushing the body; touching an individual's body or clothes in a sexual way; or cornering, blocking, leaning over, or impeding normal movements

Title IX Coordinator/Compliance Officer

The district designates the following individual(s) as the responsible employee(s) to coordinate its efforts to comply with Title IX in accordance with Administrative Regulation 4119.12/4219.12/4319.12 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures, and oversee the district's response to discrimination complaints processed under Administrative Regulation 4030 - Nondiscrimination in Employment. The Title IX Coordinator(s) may be contacted at:

Assistant Superintendent of Human Resources
2930 Gay Ave, San Jose CA 95127
408-928-6800
hr@arusd.org

Training

The Superintendent or designee shall ensure that all employees receive training regarding sex discrimination and sex-based harassment in accordance with state and federal law.

Every two years, the Superintendent or designee shall ensure that supervisory employees receive at least two hours, and nonsupervisory employees receive at least one hour, of classroom or other effective interactive training and education regarding sexual harassment as specified in Government Code 12950.1. All newly hired employees and employees promoted to a supervisory position shall receive training within six months of their assumption of the new position. (Government Code 12950.1)

A supervisory employee is any employee having the authority, in the interest of the district, to hire, transfer, suspend, lay off, promote, discharge, assign, reward, or discipline other employees, or the responsibility to direct them, adjust their grievances, or effectively recommend such action, when the exercise of the authority is not of a merely routine or clerical nature, but requires the use of independent judgment. (Government Code 12926)

Such training may be completed by employees individually or as part of a group presentation, may be completed in shorter segments as long as the applicable hourly requirement is met, and may be provided in conjunction with other training provided to the employees. The training shall be presented by trainers or educators with knowledge and expertise in the prevention of harassment, discrimination, and retaliation. (Government Code 12950.1)

The district's sexual harassment training and education program shall include, but is not limited to, the following: (Government Code 12950.1; 2 CCR 11024)

1. Information and practical guidance regarding federal and state laws concerning the prohibition, prevention, and correction of sexual harassment

2. The types of conduct that constitute sexual harassment

3. Remedies available for victims in civil actions, and potential employer/individual exposure/liability

4. Strategies to prevent harassment in the workplace

5. Supervisors' obligation to report sexual harassment, discrimination, and retaliation of which they become aware

6. Practical examples which illustrate sexual harassment, discrimination, and retaliation using training modalities such as role plays, case studies, and group discussions, based on factual scenarios taken from case law, news and media accounts, and hypotheticals based on workplace situations and other sources

7. The limited confidentiality of the complaint process

8. Resources for victims of unlawful harassment, such as to whom they should report any alleged harassment

9. Steps necessary to take appropriate remedial measures to correct harassing behavior, which includes the district's obligation to conduct an effective workplace investigation of a harassment complaint

10. What to do if the supervisor is personally accused of harassment

11. The essential elements of the district's anti-harassment policy, and how to use the policy if a harassment complaint is filed

    Employees shall receive a copy of the district's sexual harassment policy and administrative regulations, which they shall read and acknowledge that they have received.

12. Information, including practical examples, of harassment based on gender identity, gender expression, and sexual orientation

13. Prevention of abusive conduct, including a review of the definition and elements of abusive conduct pursuant to Government Code 12950.1, the negative effects that abusive conduct has on the victim and other in the workplace, the detrimental consequences of this conduct on employee productivity and morale, and that a single act does not constitute abusive conduct unless the act is severe or egregious

Additionally, the Superintendent or designee shall ensure that all employees receive annual training related to their duties under Title IX in accordance with 34 CFR 106.8, and that a newly hired employee receive training promptly upon hire or change of position that alters the employee's duties under Title IX. (34 CFR 106.8)

The district's Title IX sex discrimination and sex-based harassment training shall include: (34 CFR 106.8)

1. The district's obligation to address sex-based discrimination, including sex-based harassment, in its education program or activity

2. The scope of conduct that constitutes sex discrimination under Title IX, including the definition of sex-based harassment

3. The notification and information requirements specified in 34 CFR 106.40 and 106.44

The district's Title IX sex-based harassment training and education program shall also include additional training required of supervisors; investigators, decisionmakers, and other persons who are responsible for implementing the district's grievance procedures or have the authority to modify or terminate supportive measures; facilitators of an informal resolution process; and Title IX Coordinators and designees. (34 CFR 106.8)

The Superintendent or designee shall retain for at least two years the records of any training provided to supervisory employees. Such records shall include the names of trained employees, date of the training, type of training, and name of the training provider. (2 CCR 11024)

Additionally, the Superintendent or designee shall retain for at least seven years the materials used to provide training as specified in 34 CFR 106.8, and to make these materials available, upon request, to members of the public. (34 CFR 106.8)

Notifications

To prevent unlawful sex discrimination and sex-based harassment, including retaliation, in district programs and activities, the Superintendent or designee shall provide notifications and implement measures to prevent discrimination and harassment as specified in Administrative Regulation 4030 - Nondiscrimination in Employment.

In addition to the measures to prevent discrimination as specified in Administrative Regulation 4030 - Nondiscrimination in Employment, the Superintendent or designee shall ensure that a copy of the Board policy and this administrative regulation:

1. Be displayed in a prominent location in the main administrative building, district office, or other area of the school where notices of district rules, regulations, procedures, and standards of conduct are posted (Education Code 231.5)

2. Be provided to every district employee at the beginning of the first quarter or semester of the school year or whenever a new employee is hired (Education Code 231.5)

3. Appear in any school or district publication that sets forth the school's or district's comprehensive rules, regulations, procedures, and standards of conduct (Education Code 231.5)

All employees shall receive a copy of an information sheet prepared by the California Civil Rights Department (CRD) or the district that contains, at a minimum, components on: (Government Code 12950)

1. The illegality of sex-based harassment

2. The definition of sex-based harassment under applicable state and federal law

3. A description of sex-based harassment, with examples

4. The district's complaint process available to the employee

5. The legal remedies and complaint process available through CRD and the Equal Employment Opportunity Commission (EEOC)

6. Directions on how to contact CRD and the EEOC

7. The protection against retaliation provided by 2 CCR 11021 for opposing harassment prohibited by law or for filing a complaint with or otherwise participating in an investigation, proceeding, or hearing conducted by CRD and the EEOC

Additionally, the district shall post, in a prominent and accessible location, the CRD poster on discrimination in employment and the illegality of sex-based harassment, and the CRD poster regarding transgender rights. (Government Code 12950)

Complaint Procedures

All complaints and allegations of sex discrimination and sex-based harassment by and against employees shall be investigated and resolved as specified in 34 CFR 106.44 and 106.45 and Administrative Regulation 4119.12/4219.12/4319.12 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures.

If sex discrimination or sex-based harassment is found following an investigation, the Title IX Coordinator, or designee in consultation with the Title IX Coordinator, shall take prompt action to stop the sex discrimination or sex-based harassment, prevent recurrence, and address any continuing effects.

Regulation 4319.12: Title IX Sexual Harassment Complaint Procedures

Status: DRAFT

Original Adopted Date: 07/01/2020 **| Last Revised Date:** 07/01/2024

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a district employee, while in an education program or activity, was subjected to conduct on or after August 1, 2024, including, but not limited to, conduct that is under the authority of the district, that constitutes sex discrimination, including sex-based harassment. For conduct that occurred prior to this date, the district should utilize its policies in place at the time the alleged sex discrimination, including sex-based harassment, occurred, so long as they are in accordance with the applicable statutes and regulations.

Sex discrimination and sex-based harassment include, but are not limited to, sex-based conduct as specified in Administrative Regulation 4119.11/4219.11/4319.11 - Sex Discrimination and Sex-Based Harassment.

Basic Requirements

When implementing Title IX grievance procedures, the district shall: (34 CFR 106.45)

1. Treat complainants and respondents equitably

2. Ensure that the Title IX Coordinator or designee, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent

   The investigator and the decisionmaker may be the same person as the Title IX Coordinator or designee.

3. Presume that the respondent is not responsible for the alleged sex discrimination, including sex-based harassment, until a determination is made at the conclusion of the grievance procedures

4. Establish reasonably prompt timeframes for the major stages of the grievance procedures, such as evaluation of whether to dismiss or investigate a complaint, investigation, decision, and appeals if any

5. Establish a process that allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay

Additionally, the district shall not disclose personally identifiable information obtained while implementing Title IX complaint procedures unless the district has obtained prior written consent from a person with the legal right to consent to the disclosure; the information is disclosed to a parent/guardian or other authorized legal representative with the legal right to receive disclosures on behalf of the person whose personally identifiable information is at issue; to take action to address conduct that reasonably may constitute sex discrimination under Title IX, including sex-based harassment, in the district's education program or activity; as required by federal law, regulations, or as a condition to a federal award; as required by state or local law; or to the extent such disclosures are not otherwise in conflict with Title IX. (34 CFR 106.44)

If the respondent is a student with a disability, the Title IX Coordinator or designee shall consult with one or more members, as appropriate, of the student's individualized education program or 504 team, to determine how to comply with the requirements of the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973.

Filing a Complaint

Upon receiving information of an allegation of sex discrimination, including sex-based harassment, the Title IX Coordinator or designee shall notify the individual(s) specified in law of the Title IX grievance procedures, and of the informal resolution process, if available and appropriate.

A *complaint* is an oral or written request that can objectively be understood by the Title IX Coordinator or designee as a request for the district to investigate and make a determination about alleged sex discrimination, including sex-based harassment. (34 CFR 106.2)

Complaints of sex discrimination and sex-based harassment may only be brought by an employee, or former employee, who was participating or attempting to participate in the district's education program or activity at the

time of the alleged sex-based harassment, or the Title IX Coordinator or designee. (34 CFR 106.45)

If the alleged victim chooses not to bring a complaint, or withdraws any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, the Title IX Coordinator or designee shall consider whether to initiate a complaint. To do so, the Title IX Coordinator or designee shall first consider the following factors: (34 CFR 106.44)

1. The victim's request not to proceed with initiation of a complaint
2. The victim's reasonable safety concerns regarding initiation of a complaint
3. The risk that additional acts of sex discrimination, including sex-based harassment, would occur if a complaint is not initiated
4. The severity of the alleged sex discrimination or sex-based harassment, including whether the discrimination, if established, would require the removal of a respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence
5. The age and relationship of the parties, including whether the respondent is an employee of the district
6. The scope of the alleged sex discrimination, including information suggesting a pattern; ongoing sex discrimination, including sex-based harassment; or sex discrimination, including sex-based harassment, alleged to have impacted multiple individuals
7. The availability of evidence to assist a decisionmaker in determining whether sex discrimination, including sex-based harassment, occurred
8. Whether the district could end the alleged sex discrimination, including sex-based harassment, and prevent its recurrence without initiating the Title IX grievance procedures

If, after considering these factors, the Title IX Coordinator determines that the alleged conduct presents an imminent and serious threat to the health and safety of the complainant or another person, or that the conduct as alleged prevents the district from ensuring equal access to a district program or activity on the basis of sex, the Title IX Coordinator may initiate a complaint.

If the Title IX Coordinator initiates a complaint, the Title IX Coordinator shall provide the alleged victim notice of the complaint as well as other notices as required by the Title IX regulations at specific points in the complaint process. The Title IX Coordinator shall also address reasonable concerns about the victim's safety or the safety of others, including providing supportive measures as described in "Supportive Measures" below, and taking other appropriate prompt and effective steps to ensure that sex discrimination, including sex-based harassment, does not continue or recur within the district. (34 CFR 106.44)

The Title IX Coordinator or designee, investigator, decisionmaker, other person who is responsible for implementing the district's grievance procedures or have the authority to modify or terminate supportive measures, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.8. (34 CFR 106.44)

In order to ensure that employees are not barred from reporting information about conduct that reasonably may constitute sex discrimination under Title IX, including sex-based harassment, the Title IX Coordinator shall monitor the district for barriers to reporting and take steps reasonably calculated to address such barriers. (34 CFR 106.44, 106.45)

Supportive Measures

Upon receipt of a report of Title IX sex discrimination or sex-based harassment, the Title IX Coordinator or designee shall offer and coordinate supportive measures. Supportive measures may vary depending on what the district determines to be reasonably available and shall not unreasonably burden either the complainant or respondent. Supportive measures shall be provided without charging a fee to the complainant or respondent and be designed to protect the safety of the complainant, respondent, and the district's educational environment, and to provide support during any grievance procedures implemented as specified in 34 CFR 106.45 or informal resolution process as

specified in 34 CFR 106.44. The district shall not impose such measures for punitive or disciplinary reasons. Supportive measures may include, but are not limited to, counseling; extensions of deadlines and other course- or work-related adjustment; changes in class, work, housing, or extracurricular or any other activity regardless of whether there is a comparable alternative; campus escort services; modifications of class or work schedules; mutual restrictions on contact; changes in class or work locations; leaves of absence; increased security; monitoring of certain areas of the campus; and, training and education programs related to sex-based harassment. (34 CFR 106.2, 106.44)

Unless there is an allegation of sex-based harassment or retaliation, the district may provide supportive measures without altering the alleged discriminatory conduct. (34 CFR 106.44)

Upon the conclusion of any grievance procedures implemented as specified in 34 CFR 106.45 or informal resolution process as specified in 34 CFR 106.44, the district may continue with the supportive measures, or modify or terminate such measures, as appropriate. (34 CFR 106.44)

The district shall provide a complainant or respondent for whom supportive measures have been implemented with a timely opportunity to seek, from an impartial employee with authority to modify or reverse the supportive measures, modification or reversal of the district's decision to provide, deny, modify, or terminate such measures, and to seek additional modification or termination of the supportive measures if circumstances materially change. (34 CFR 106.44)

The district shall not disclose information about supportive measures to any person other than the person to whom they apply, including informing one party of supportive measures provided to another party, unless the disclosure is necessary to providing the supportive measures, or restoring or preserving a party's access to the district's education program or activity. (34 CFR 106.44)

Emergency Removal

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

If the respondent is a student, the district may, on an emergency basis, remove the student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an imminent and serious threat to the health or safety of a complainant or any student, employee, or other individual arising from the allegations, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the IDEA or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

Dismissal of Complaint

The Title IX Coordinator or designee may dismiss a complaint if: (34 CFR 106.45)

1. The district is unable to identify the respondent after taking reasonable steps to do so

2. The respondent is not participating in the district's education program or activity and is not employed by the district

3. The district determines that the conduct alleged in the complaint, even if proven, would not constitute sex discrimination, including sex-based harassment, under Title IX

   Before dismissing the complaint, the Title IX Coordinator shall make reasonable efforts to clarify the allegations with the complainant.

4. The complainant voluntarily withdraws any or all of the allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, and the Title IX Coordinator determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination, including sex-based harassment, under Title IX, even if proven

The Title IX Coordinator shall determine whether to dismiss or investigate any complaint of sex discrimination, including sex-based harassment, within 45 days, unless such timeline is extended in accordance with this administrative regulation.

Upon dismissal, the Title IX Coordinator shall promptly notify the complainant of the dismissal and the reasons for the dismissal. Additionally, if the dismissal occurs after the respondent has been notified of the allegations, the Title IX Coordinator shall provide such notification to the respondent, which shall occur simultaneously to both parties if the notification is in writing. The Title IX Coordinator shall also inform the complainant, and the respondent if the dismissal occurs after the respondent has been notified of the allegations, of their right to appeal. Dismissals may be appealed on the following bases: (34 CFR 106.45)

1. A procedural irregularity that would change the outcome

2. New evidence that would change the outcome and that was not reasonably available when the dismissal was made

3. The Title IX Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome

If the dismissal is appealed, the district shall: (34 CFR 106.45)

1. Notify the parties of any appeal, including notice of the allegations, if notice was not previously provided to the respondent

2. Implement appeal procedures equally for the parties

3. Ensure that the decisionmaker for the appeal did not take part in an investigation of the allegations or dismissal of the complaint

4. Ensure that the decisionmaker for the appeal has been trained consistent with the Title IX regulations

5. Provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome

6. Notify the parties of the result of the appeal and the rationale for the result

If a complaint is dismissed, the Title IX Coordinator or designee shall offer supportive measures as described above in "Supportive Measures" to the complainant. Additionally, the respondent shall be offered supportive measures if the complaint was dismissed because the complainant voluntarily withdrew any or all of the allegations in the complaint and the district determined that without the withdrawn allegations the conduct, even if proven, would not constitute sex discrimination, including sex-based harassment, under Title IX, or if the complaint was dismissed because the district determined, after taking reasonable efforts to clarify the allegations of the complaint, that the alleged conduct would not constitute sex discrimination, including sex-based harassment, even if proven. The Title IX Coordinator shall also take other appropriate prompt and effective steps to ensure that sex discrimination, including sex-based harassment, does not continue or recur within the district's education program or activity. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to Administrative Regulation 4030 - Nondiscrimination in Employment as applicable.

Informal Resolution Process

At any time prior to determining whether sex discrimination, including sex-based harassment, occurred under the complaint procedures specified in 34 CFR 106.45, the district may offer, if it is determined to be appropriate upon receiving information about conduct that reasonably may constitute sex discrimination under Title IX or when a complaint of sex discrimination is made, an informal resolution process, such as mediation, to the complainant and respondent. However, the district shall not offer an informal resolution process if the complaint alleges that an employee engaged in sex-based harassment of an elementary or secondary school student or that such process would conflict with federal, state, or local law. (34 CFR 106.44)

The district shall not require or pressure a party to participate in the informal resolution process, or to waive the right to an investigation and determination of a complaint as a condition of employment or continuing employment, or exercise of any other right. The district may decline to offer an informal resolution process including, but not

limited to, when the district determines that the alleged conduct would present a future risk of harm to others. (34 CFR 106.44)

The district may facilitate an informal resolution process provided that the district, prior to initiating such process: (34 CFR 106.44)

1. Provides the parties with written notice disclosing the allegations; the requirements of the informal resolution process; the right to withdraw from the informal process and resume the formal complaint process; the inability to initiate or resume complaint procedures arising from the same allegations once the informal resolution process is concluded; the potential terms that may be requested or offered in an informal resolution agreement, including that the agreement would only be binding on the parties; and the information that the district will maintain and whether and how the district could disclose such information for use in Title IX grievance procedures if such procedures are initiated or resumed

2. Obtains the parties' voluntary consent to the informal resolution process

The Title IX Coordinator or designee shall ensure that the facilitator of the informal resolution process is not the same person as the investigator or decisionmaker of any ongoing or newly initiated complaint process specified in 34 CFR 106.45, does not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent, and receives training in accordance with 34 CFR 106.8. (34 CFR 106.44)

If the district facilitates an informal resolution process, the Title IX Coordinator shall, to the extent necessary, take other appropriate prompt and effective steps to ensure that sex discrimination, including sex-based harassment, does not continue or recur within the district' education program or activity. (34 CFR 106.45)

Notice of Allegations

If the district initiates a formal Title IX investigation, the Title IX Coordinator or designee shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process

2. Sufficient information, available at the time, to allow the parties to respond to the allegations, including, to the extent available, the identity of parties involved in the incident(s), the conduct allegedly constituting sex discrimination, including sex-based harassment, and the date(s) and location(s) of the alleged incidentSuch notice shall be provided with sufficient time for the parties to prepare a response before any initial interview.

   If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.

3. A statement that retaliation is prohibited

4. A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of such evidence, as specified

The above notice may also include the name of the investigator, facilitator of an informal process, and decisionmaker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator or designee.

Consolidation of Complaints

The district may consolidate complaints of sex discrimination, including sex-based harassment, against more than one respondent; by more than one complainant against one or more respondents; or by one party against another party, when the allegations of sex discrimination, including sex-based harassment, arise out of the same facts or circumstances. (34 CFR 106.45)

Investigation Procedures

The district shall provide for adequate, reliable, and impartial investigation of complaints. (34 CFR 106.45)

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible

2. Review all evidence gathered through the investigation and determine which evidence is relevant and which evidence is impermissible regardless of relevance

3. Provide each party with an equal opportunity to access evidence that is relevant, and not otherwise impermissible, to the allegations of sex discrimination, including sex-based harassment, by:

    a. Providing an equal opportunity to access either the relevant and not otherwise impermissible evidence or an accurate description of such evidence

        If an accurate description is provided, the district shall, upon request of any party, provide the parties with an equal opportunity to access the relevant and permissible evidence.

    b. Providing a reasonable opportunity to respond to the evidence or to the accurate description of the evidence

    c. Taking reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures

4. Take reasonable steps to protect the privacy of parties and witnesses which do not restrict the ability of the parties to obtain and present evidence, including, by speaking to witnesses; consulting with family members, confidential resources, or advisors; or otherwise preparing for or participating in the grievance procedures

5. Objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence, including that credibility determinations will not be based on a person's status as complainant, respondent, or witness

6. Exclude as impermissible the following types of evidence, and questions seeking that evidence:

    a. Evidence that is protected under a privilege recognized by state or federal law or evidence that is provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege

    b. A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the district obtains that party's or witness's voluntary, written consent for use in its grievance procedures

        Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment.

        The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The district shall ensure that the decisionmaker is able to question parties and witnesses adequately to assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex-based harassment. (34 CFR 106.45)

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

The investigator shall complete the investigation within 60-90 days after the Title IX Coordinator determines to proceed with an investigation, unless such timeline is extended in accordance with this administrative regulation.

Written Decision

The Superintendent shall designate an employee as the decisionmaker to determine responsibility for the alleged conduct, who may be the Title IX Coordinator or designee or the investigator so long as there is no conflict of interest or bias. (34 CFR 106.45)

Following an investigation and evaluation of all relevant and not otherwise impermissible evidence, the district shall: (34 CFR 106.45)

1. Use the preponderance of the evidence standard of proof to determine whether sex discrimination, including sex-based harassment, has occurred

2. Notify the parties in writing of the determination of whether sex discrimination, including sex-based harassment, occurred

   The notification shall include the rationale for such determination and the procedures and permissible bases for the complainant and respondent to appeal, if applicable.

The written decision shall be issued within 45 days after the investigation is completed, unless such time is extended in accordance with this administrative regulation.

Appeal of the Decision

Either party may appeal the district's decision of a complaint or any allegation in the complaint. (34 CFR 106.45)

When conducting an appeal, the district shall follow the appeal process as specified in Administrative Regulation 4030 - Nondiscrimination in Employment.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.

Extension of Timelines

Any timelines specified in this administrative regulation may be extended by the district for good cause, with written notice to the parties. The written notice shall specify the reasons for the extension. (34 CFR 106.45)

Remedies

When there is a determination that sex discrimination, including sex-based harassment, has occurred, the Title IX Coordinator shall coordinate the provision and implementation of remedies to the complainant and other persons the district identifies as having had equal access to the district's education program or activity limited or denied by sex discrimination, including sex-based harassment; coordinate the imposition of any disciplinary sanctions on a respondent as described in "Disciplinary Actions" below, including notification to the complainant of any such disciplinary sanctions; and take other appropriate prompt and effective steps to ensure that sex discrimination, including sex-based harassment, does not continue or recur within the district's education program or activity. (34 CFR 106.45)

Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44, 106.45)

When an employee is found to have committed sex discrimination, including sex-based harassment, or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.
The district shall not discipline a party, witness, or others participating in the grievance procedures for making a false

statement or for engaging in consensual sexual conduct based solely on the district's determination of whether sex discrimination, including sex-based harassment, occurred. (34 CFR 106.45)

Record-Keeping

The Superintendent or designee shall maintain, for at least a period of seven years: (34 CFR 106.45)

1. For each complaint of sex discrimination, including sex-based harassment, records documenting any informal resolution process or formal investigation procedures

2. For each notification the Title IX Coordinator or designee receives of information about conduct that reasonably may constitute sex discrimination under Title IX, including sex-based harassment, records documenting the actions taken to fulfill the district's obligations as specified in 34 CFR 106.44, including supportive measures offered and implemented

3. All materials used to train district employees; the Title IX Coordinator and designee(s); investigator(s), decisionmaker(s), and other person(s) who are responsible for implementing the district's grievance procedures or have the authority to modify or terminate supportive measures; and any person who facilitates an informal resolution process

   The district shall make such training materials available upon request by members of the public.

For complaints containing allegations of childhood sexual assault, the Superintendent or designee shall also indefinitely maintain the following: (Code of Civil Procedure340.1):

1. A record of the allegation(s)

2. A record of the investigation procedures followed

3. A record of the written determination

4. A record of the corrective action implemented, if any

5. A record of any appeals and the outcome of the same

6. All training materials addressing the prohibition and investigation of childhood sexual assault

Status: DRAFT

Original Adopted Date: 10/01/2020 **| Last Revised Date:** 07/01/2024

NOTICE OF TITLE IX NONDISCRIMINATION

The Code of Federal Regulations, Title 34, Section 106.8 requires the district to issue the following notification to employees, job applicants, and employee organizations:

The district does not discriminate on the basis of sex and prohibits sex discrimination, including sex-based harassment, in any education program or activity that it operates. The prohibition against discrimination on the basis of sex is required by federal law (20 USC 1681-1688; 34 CFR Part 106) and extends to employment. The district also prohibits retaliation against any employee for filing a complaint or exercising any right granted under Title IX.

The district is required, as specified in Title IX, to take prompt and equitable action to address any potential Title IX violations that are brought to its attention. Any inquiries about the application of Title IX, this notice, and who is protected by Title IX may be referred to the district's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The district has designated and authorized the following employee(s) as the district's Title IX Coordinator, to address concerns or inquiries regarding discrimination on the basis of sex, including sex-based harassment:

Assistant Superintendent of Human Resources
2930 Gay Ave, San Jose CA 9512
408-928-6800
hr@arusd.org

Any individual may report sex discrimination, including sex-based harassment, to the Title IX Coordinator or any other school employee at any time, including during non-business hours, by mail, phone, or email. During district business hours, reports may also be made in person. Upon receiving an allegation of sex discrimination, including sex-based harassment, the Title IX Coordinator will promptly notify the parties, in writing, of the applicable district complaint procedure.

To view an electronic copy of the district's policies and administrative regulations on sex discrimination, including sex-based harassment, including the grievance process that complies with 34 CFR 106.45, please see Board Policy/Administrative Regulation 4119.11/4219.11/4319.11 - Sex Discrimination and Sex-Based Harassment, and Administrative Regulation 4119.12/4219.12/4319.12 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures on the district's website at https://www.arusd.org/district/departments/human-resources/title-ix-complaint-procedures.

To inspect or obtain a copy of the district's sex discrimination and sex-based harassment policies and administrative regulations, please contact: Human Resources, hr@arusd.org, 408-928-6800.

Materials used to train employees; the Title IX Coordinator; investigator(s), decisionmaker(s), and other person(s) who are responsible for implementing the district's grievance procedures or have the authority to modify or terminate supportive measures; and any person(s) who facilitates an informal resolution process, are available at the district office upon request.

Policy 4319.21: Professional Standards

Status: DRAFT

Original Adopted Date: 07/01/2009 **| Last Revised Date:** 12/01/2017

The Board of Trustees expects district employees to maintain the highest ethical standards, behave professionally, follow district policies and regulations, abide by state and federal laws, and exercise good judgment when interacting with students and other members of the school community. Employees shall engage in conduct that enhances the integrity of the district, advances the goals of the district's educational programs, and contributes to a positive school climate.

The Board encourages district employees to accept as guiding principles the professional standards and codes of ethics adopted by educational or professional associations to which they may belong.

Each employee is expected to acquire the knowledge and skills necessary to fulfill his/her responsibilities and to contribute to the learning and achievement of district students.

Inappropriate Conduct

Inappropriate employee conduct includes, but is not limited to:

1. Engaging in any conduct that endangers students, staff, or others, including, but not limited to, physical violence, threats of violence, or possession of a firearm or other weapon

2. Engaging in harassing or discriminatory behavior towards students, parents/guardians, staff, or community members, or failing or refusing to intervene when an act of discrimination, harassment, intimidation, or bullying against a student is observed

3. Physically abusing, sexually abusing, neglecting, or otherwise willfully harming or injuring a child

4. Engaging in inappropriate socialization or fraternization with a student or soliciting, encouraging, or maintaining an inappropriate written, verbal, or physical relationship with a student

5. Possessing or viewing any pornography on school grounds, or possessing or viewing child pornography or other imagery portraying children in a sexualized manner at any time

6. Using profane, obscene, or abusive language against students, parents/guardians, staff, or community members

7. Willfully disrupting district or school operations by loud or unreasonable noise or other action

8. Using tobacco, alcohol, or an illegal or unauthorized substance, or possessing or distributing any controlled substance, while in the workplace, on district property or at a school-sponsored activity

9. Being dishonest with students, parents/guardians, staff, or members of the public, including, but not limited to, falsifying information in employment records or other school records

10. Divulging confidential information about students, district employees, or district operations to persons or entities not authorized to receive the information

11. Using district equipment or other district resources for the employee's own commercial purposes or for political activities

12. Using district equipment or communications devices for personal purposes while on duty, except in an emergency, during scheduled work breaks, or for personal necessity

    Employees shall be notified that computer files and all electronic communications, including, but not limited to, email and voice mail, are not private. To ensure proper use, the Superintendent or designee may monitor employee usage of district technological resources at any time without the employee's consent.

13. Causing damage to or engaging in theft of property belonging to students, staff, or the district

14. Wearing inappropriate attire

Reports of Misconduct

An employee who observes or has evidence of another employee's inappropriate conduct shall immediately report such conduct to the principal or Superintendent or designee. An employee who has knowledge of or suspects child abuse or neglect shall file a report pursuant to the district's child abuse reporting procedures as detailed in AR 5141.4 - Child Abuse Prevention and Reporting.

Any reports of employee misconduct shall be promptly investigated. Any employee who is found to have engaged in inappropriate conduct in violation of law or Board policy shall be subject to disciplinary action and, in the case of a certificated employee, may be subject to a report to the Commission on Teacher Credentialing. The Superintendent or designee shall notify local law enforcement as appropriate.

An employee who has knowledge of but fails to report inappropriate employee conduct may also be subject to discipline.

The district prohibits retaliation against anyone who files a complaint against an employee or reports an employee's inappropriate conduct. Any employee who retaliates against any such complainant, reporter, or other participant in the district's complaint process shall be subject to discipline.

Notifications

The section(s) of the district's employee code of conduct addressing interactions with students shall be provided to parents/guardians at the beginning of each school year and shall be posted on school and/or district web sites. (Education Code 44050)

Policy 4319.22: Dress And Grooming

Status: DRAFT

Original Adopted Date: 07/01/2004 **| Last Revised Date:** 10/01/2019

The Board of Trustees believes that appropriate dress and grooming by district employees contribute to a productive learning environment and model positive behavior. During school hours and at school activities, employees shall maintain professional standards of dress and grooming that demonstrate their high regard for education, present an image consistent with their job responsibilities and assignment, and do not endanger the health or safety of employees or students. All employees shall be held to the same standards unless their assignment provides for modified dress as approved by their supervisor.

The district shall allow employees to appear and dress in a manner consistent with their gender identity or gender expression. (Government Code 12949)

The district shall not discriminate against employees based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists. (Government Code 12926)

The district shall not dismiss an employee, discriminate against an employee in compensation or in terms, conditions, or privileges of employment, or refuse to hire a job applicant on the basis of religious dress or grooming practices. (Government Code 12926, 12940)

This policy shall be presented to employees upon employment, through the employee handbook or other appropriate means, and may be periodically reviewed with all employees as necessary.

Policy 4319.23: Unauthorized Release Of Confidential/Privileged Information

Status: DRAFT

Original Adopted Date: 05/01/1987 **| Last Revised Date:** 07/01/2003

The Board of Trustees recognizes the importance of keeping confidential information confidential. Staff shall maintain the confidentiality of information acquired in the course of their employment. Confidential/privileged information shall be released only to the extent authorized by law.

Disclosure of Closed Session Information

An employee shall not disclose confidential information acquired by being present during a closed session to a person not entitled to receive such information, unless the Board authorizes disclosure of that information. (Government Code 54963)

Confidential information means a communication made in a closed session that is specifically related to the basis for the Board to meet lawfully in closed session. (Government Code 54963)

An employee who willfully discloses confidential information acquired during a closed session may be subject to disciplinary action if he/she has received training or notice as to the requirements of this policy. (Government Code 54963)

The Superintendent or designee shall provide all employees who attend closed sessions a copy of this policy. New employees who may attend closed sessions shall also receive a copy of this policy.

The district shall not take disciplinary action against any employee for disclosing confidential information acquired in a closed session, nor shall the disclosure be considered a violation of the law or Board policy, when the employee is: (Government Code 54963)

1. Making a confidential inquiry or complaint to a district attorney or grand jury concerning a perceived violation of law, including disclosing facts necessary to establish the illegality or potential illegality of a Board action that has been the subject of deliberation during a closed session

2. Expressing an opinion concerning the propriety or legality of Board action in closed session, including disclosure of the nature and extent of the illegal or potentially illegal action

3. Disclosing information that is not confidential

Other Disclosures

An employee who willfully releases confidential/privileged information about the district, students or staff shall be subject to disciplinary action.

No employee shall disclose confidential information acquired in the course of his/her official duties. Confidential information includes information that is not a public record subject to disclosure under the Public Records Act, information that by law may not be disclosed, or information that may have a material financial effect on the employee.

Any action by an employee which inadvertently or carelessly results in release of confidential/privileged information shall be recorded, and the record shall be placed in the employee's personnel file. Depending on the circumstances, the Superintendent or designee may deny the employee further access to any privileged information and shall take any steps necessary to prevent any further unauthorized release of such information.

Policy 4319.24: Maintaining Appropriate Adult-Student Interactions

Status: DRAFT

Original Adopted Date: 07/01/2019

The Board of Trustees desires to provide a positive school environment that protects the safety and well-being of district students. The Board expects all adults with whom students may interact at school or in school-related activities, including employees, independent contractors, and volunteers, to maintain the highest professional and ethical standards in their interactions with students both within and outside the educational setting. Such adults shall not engage in unlawful or inappropriate interactions with students and shall avoid boundary-blurring behaviors that undermine trust in the adult-student relationship and lead to the appearance of impropriety.

Employees are prohibited from entering into or attempting to form a romantic or sexual relationship with any student or engaging in sexual harassment of a student, including sexual advances, flirtations, requests for sexual favors, inappropriate comments about a student's body or appearance, or other verbal, visual, or physical conduct of a sexual nature.

Adults shall not intrude on a student's physical or emotional boundaries unless necessary in an emergency or to serve a legitimate purpose related to instruction, counseling, student health, or student or staff safety.

Any employee who observes or has knowledge of another employee's violation of this policy shall report the information to the Superintendent or designee or appropriate agency for investigation pursuant to the applicable complaint procedures. Other adults with knowledge of any violation of this policy are encouraged to report the violation to the Superintendent or designee. The Superintendent or designee shall protect anyone who reports a violation from retaliation. Immediate intervention shall be implemented when necessary to protect student safety or the integrity of the investigation.

Employees who engage in any conduct in violation of this policy, including retaliation against a person who reports the violation or participates in the complaint process, shall be subject to discipline, up to and including dismissal. Any other adult who violates this policy may be barred from school grounds and activities in accordance with law. The Superintendent or designee may also notify law enforcement as appropriate.

The district's employee code of conduct addressing interactions with students shall be provided to parents/guardians at the beginning of each school year and shall be posted on school and/or district web sites. (Education Code 44050)

Inappropriate Conduct

Employees shall remain vigilant of their position of authority and not abuse it when relating with students. Examples of employee conduct that can undermine professional adult-student interactions or create the appearance of impropriety include, but are not limited to:

1. Initiating inappropriate physical contact

2. Being alone with a student outside of the view of others

3. Visiting a student's home or inviting a student to visit the employee's home without parent/guardian consent

4. Maintaining personal contact with a student that has no legitimate educational purpose, by phone, letter, electronic communications, or other means, without including the student's parent/guardian or the principal

   When communicating electronically with students, employees shall use district equipment or technological resources when available. Employees shall not communicate with students through any medium that is designed to eliminate records of the communications. The Superintendent or designee may monitor employee usage of district technology at any time without advance notice or consent.

5. Creating or participating in social networking sites for communication with students, other than those created by the district, without the prior written approval of the principal or designee

6. Inviting or accepting requests from students, or former students who are minors, to connect on personal social networking sites (e.g., "friending" or "following" on social media), unless the site is dedicated to school business

7. Singling out a particular student for personal attention and friendship, including giving gifts and/or nicknames to individual students
8. Addressing a student in an overly familiar manner, such as by using a term of endearment
9. Socializing or spending time with students outside of school-sponsored events, except as participants in community activities
10. Sending or accompanying students on personal errands unrelated to any legitimate educational purpose
11. Transporting a student in a personal vehicle without prior authorization
12. Encouraging students to confide their personal or family problems and/or relationships
13. Disclosing personal, family, or other private matters to students or sharing personal secrets with students

---

Policy 4319.25: Political Activities Of Employees

Status: DRAFT

Original Adopted Date: 06/01/1996 **| Last Revised Date:** 12/01/2020

The Board of Trustees recognizes the importance of political activity, voting, and civic engagement, and respects the right of district employees to engage in political discussions and activities as individuals on their own time and at their own expense. When engaging in such activities, employees shall make it clear that they are acting on their own behalf and not as representatives of the district.

District employees, as members of the community, may use school facilities for meetings, including political activities, as permitted under the Civic Center Act and district policy.

Employees shall refrain from prohibited political activities identified in law, Board policy, and administrative regulations. Employees who engage in these activities shall be subject to disciplinary action and/or criminal penalties.

Regulation 4319.25: Political Activities Of Employees

Status: DRAFT

Original Adopted Date: 06/01/1996 **| Last Revised Date:** 12/01/2020

No employee shall be prohibited from soliciting or receiving political funds or contributions to promote the support or defeat of a ballot measure during nonworking time, including before and after school, the lunch period, or other scheduled work intermittency during the school day. (Education Code 7056)

District employees shall not:

1. Use district funds, services, supplies, equipment, work hours, or other public resources to urge the support or defeat of any ballot measure or candidate, including any candidate for election to the Board of Trustees (Education Code 7054, 7056; Government Code 8314)

2. Use the district's seal in any campaign literature or mass mailing with the intent to deceive voters, including, but not limited to, the use of a reproduction or facsimile of the seal in a manner that creates a misleading, erroneous, or false impression that the document is authorized by the Board, a Board member, or the district (Elections Code 18304)

3. During working hours, solicit or receive any political funds or contributions to promote the passage or defeat of a ballot measure that would affect the rate of pay, hours of work, retirement, civil service or other working conditions (Education Code 7056)

4. During working hours, solicit or receive any political funds or contributions to promote the passage or defeat of other types of ballot measures

5. Use district equipment for the preparation or reproduction of political campaign materials

6. Post or distribute political campaign materials in classrooms, through distance learning platforms, or on district property

7. Disseminate political campaign materials through the district's mail service, e-mail, or staff mailboxes

8. Use students to write, address, or distribute political campaign materials

9. Present viewpoints on particular candidates or ballot measures in the classroom without giving equal time to the presentation of all perspectives

10. Wear buttons, hats, or other articles of clothing that express political opinions on ballot measures or candidates during instructional time

Political Activities of Employee Organizations

Employee organizations shall not use district funds, services, supplies, or equipment, such as staff mailboxes or the district mail system, to urge the support or defeat of any ballot measure or candidate, including any candidate for election to the Board. (Education Code 7054)

No employee organization or its officers, agents, or representatives shall be prohibited from soliciting or receiving political funds or contributions to promote the passage or defeat of a ballot measure during nonworking time, including before and after school, the lunch period, or other scheduled work intermittency during the school day. (Education Code 7056)

Policy 4319.41: Employees With Infectious Disease

Status: DRAFT

Original Adopted Date: 06/01/1988 **| Last Revised Date:** 07/01/2012

The Board of Trustees desires to promote the health of district students and staff in order to reduce absenteeism and enhance employee and student performance. The Superintendent or designee shall develop strategies to prevent the outbreak or spread of infectious diseases at district schools.

An infectious disease is one that is caused by a microorganism and is potentially transmittable to another individual, whether through airborne transmission, bloodborne transmission, skin-to-skin contact, foodborne transmission, or other casual or noncasual means. A communicable infectious disease, such as influenza or chicken pox, is contagious and can be readily transmitted by infectious bacteria or viral organisms.

In accordance with law, job applicants shall be required to provide evidence that they are free of tuberculosis or any other communicable infectious disease prior to beginning employment.

To prevent the outbreak or spread of infectious diseases, the Superintendent or designee may provide infection prevention supplies and information to employees, including information about recommended vaccinations. Employees also shall observe universal precautions to avoid contact with potentially infectious blood or other bodily fluids.

Plans for addressing a communicable infectious disease outbreak, including, but not limited to, plans for addressing employee shortages during such an outbreak, shall be included in the district's emergency preparedness plan.

The Superintendent or designee shall immediately report to the local health officer the presence or suspected presence of any communicable infectious disease. In addition, a school nurse or other health care provider who knows of or is in attendance on a case or suspected case of any of the diseases or conditions listed in 17 CCR 2500 shall make a report to the local health officer. If no health care provider is in attendance, any individual having knowledge of a person who is suspected to be suffering from one of the specified diseases or conditions may make a report to the local health officer. (17 CCR 2500, 2508)

Nondiscrimination/Reasonable Accommodation

The district shall not discriminate against any employee or job applicant who has an infectious disease that meets the federal or state definition of a disability under the Americans with Disabilities Act, California Fair Employment and Housing Act, or Section 504 of the Federal Rehabilitation Act. (Government Code 12900-12996; 29 USC 794; 42 USC 12101-12213)

Upon request, any qualified person with a disability shall be provided reasonable accommodation to perform the essential duties of his/her position in accordance with the criteria and processes described in AR 4032 - Reasonable Accommodation.

Policy 4319.42: Exposure Control Plan For Bloodborne Pathogens

Status: DRAFT

Original Adopted Date: 03/01/1993 **| Last Revised Date:** 05/01/2020

As part of its commitment to provide a safe and healthy work environment, the Board of Trustees recognizes the importance of protecting employees from possible infection due to contact with bloodborne pathogens, including, but not limited to, hepatitis B virus, hepatitis C virus, and human immunodeficiency virus (HIV). The Superintendent or designee shall establish a written exposure control plan in accordance with state and federal standards for dealing with potentially infectious materials in the workplace.

The exposure control plan shall be consistent with the district's injury and illness prevention program established pursuant to Labor Code 6401.7 and 8 CCR 3203. (8 CCR 5193)

The Superintendent or designee shall determine which employees have occupational exposure to bloodborne pathogens and other potentially infectious materials. In accordance with the district's exposure control plan, employees having occupational exposure shall receive training and be offered the hepatitis B vaccination. (8 CCR 5193; 29 CFR 1910.1030)

Any employee not identified by the Superintendent or designee as having occupational exposure may submit a request to the Superintendent or designee to be included in the training and hepatitis B vaccination program. The Superintendent or designee may deny a request when there is no reasonable anticipation of contact with any infectious material.

In the event that an employee has an exposure incident, the district shall implement follow-up procedures in accordance with the exposure control plan. All such incidents shall be evaluated to determine whether changes need to be made in district practices.

Regulation 4319.42: Exposure Control Plan For Bloodborne Pathogens

Status: DRAFT

Original Adopted Date: 03/01/1993 **| Last Revised Date:** 05/01/2020

Definitions

Occupational exposure means reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious materials that may result from the performance of an employee's duties. (8 CCR 5193; 29 CFR 1910.1030)

Exposure incident means a specific eye, mouth, other mucous membrane, nonintact skin, or parenteral contact with blood or other potentially infectious materials that results from the performance of an employee's duties. (8 CCR 5193; 29 CFR 1910.1030)

Parenteral contact means piercing mucous membranes or the skin barrier through such events as needlesticks, human bites, cuts, and abrasions. (8 CCR 5193; 29 CFR 1910.1030)

A sharp is any object that can be reasonably anticipated to penetrate the skin or any other part of the body and to result in an exposure incident. (8 CCR 5193)

A sharps injury is any injury caused by a sharp, including, but not limited to, cuts, abrasions, or needlesticks. (8 CCR 5193)

Work practice controls are controls that reduce the likelihood of exposure by defining the manner in which a task is performed. (8 CCR 5193; 29 CFR 1910.1030)

Engineering controls are controls, such as sharps disposal containers, needleless systems, and sharps with engineered sharps injury protection, that isolate or remove the bloodborne pathogens hazard from the workplace. (8 CCR 5193; 29 CFR 1910.1030)

Engineered sharps injury protection is a physical attribute, such as a barrier, blunting, encapsulation, withdrawal, or other effective mechanism, built into a needle device or into a non-needle sharp which effectively reduces the risk of an exposure incident. (8 CCR 5193; 29 CFR 1910.1030)

Personal protective equipment is specialized clothing or equipment worn or used by an employee for protection against a hazard, such as gloves, gowns, laboratory coats, face shields or masks. (8 CCR 5193)

Exposure Control Plan

The district's written exposure control plan for bloodborne pathogens shall contain at least the following components: (8 CCR 5193; 29 CFR 1910.1030)

1. A determination of which employees have occupational exposure to blood or other potentially infectious materials, which shall be made without regard to employees' use of personal protective equipment and shall include a list of:

    a. All job classifications in which all employees have occupational exposure

    b. Job classifications in which some employees have occupational exposure

    c. All tasks and procedures, or groups of closely related tasks and procedures, in which occupational exposure occurs and which are performed by employees listed in item #1b above

2. The schedule and method of implementing each of the following in accordance with 8 CCR 5193 and this administrative regulation:

    a. Methods of compliance required by 8 CCR 5193(d) and 29 CFR 1910.1030, including universal precautions, general and specific engineering and work practice controls, and personal protective equipment

b. Hepatitis B vaccination

c. Bloodborne pathogen post-exposure evaluation and follow-up

d. Communication of hazards to employees through information and training

e. Recordkeeping, including medical records, training records, and a log of sharps injuries

3. The district's procedure for documenting the route(s) of exposure and the circumstances under which exposure incidents occurred

4. An effective procedure for gathering information about each exposure incident involving a sharp

5. An effective procedure for periodically determining the frequency of use of the types and brands of sharps involved in exposure incidents

6. An effective procedure for identifying currently available engineering controls and selecting such controls, as appropriate, for the procedures performed by employees in their work areas or departments

7. An effective procedure for documenting instances when a licensed healthcare professional directly involved in an employee's care determines that the use of an engineering control would jeopardize the employee's safety or the success of a medical, dental, or nursing procedure involving the employee

8. An effective procedure for obtaining the active involvement of employees in reviewing and updating the exposure control plan with respect to the procedures performed by employees in their respective work areas or departments

The exposure control plan shall be reviewed and updated at least annually and whenever necessary to: (8 CCR 5193; 29 CFR 1910.1030)

1. Reflect new or modified tasks and procedures affecting occupational exposure

2. Reflect changes in technology that eliminate or reduce exposure to bloodborne pathogens and, to the extent that sharps are used in the district, document consideration and implementation of appropriate commercially available needleless systems and needle devices and sharps with engineered sharps injury protection

3. Include new or revised employee positions with occupational exposure

4. Review and evaluate the exposure incidents which occurred since the previous update

5. Review and respond to information indicating that the exposure control plan is deficient in any area

The district's exposure control plan shall be accessible to employees upon request. (8 CCR 3204(e), 5193; 29 CFR 1910.1030)

Preventive Measures

The Superintendent or designee shall use engineering controls and work practice controls, as defined above, to eliminate or minimize employee exposure to bloodborne pathogens. Engineering controls and work practice controls shall be evaluated on a regular schedule and, as applicable, maintained, replaced, or updated to ensure their effectiveness. (8 CCR 5193; 29 CFR 1910.1030)

Whenever potential occupational exposure continues to exist after institution of engineering and work practice controls, the district shall provide, at no cost to the employee, appropriate personal protective equipment. (8 CCR 5193; 29 CFR 1910.1030)

Employees shall observe universal precautions to prevent contact with blood or other potentially infectious materials, including, but not limited to, handwashing, proper use of personal protective equipment, and proper disposal or washing of contaminated garments or objects. (8 CCR 5193; 29 CFR 1910.1030)

Any use of needleless systems, needle devices, or non-needle sharps shall adhere to the specific requirements of 8

CCR 5193(d) and 29 CFR 1910.1030.

Pre-Exposure Hepatitis B Vaccination

The hepatitis B vaccination and vaccination series shall be made available at no cost to all employees who have occupational exposure. The hepatitis B vaccination shall be made available after an employee with occupational exposure has received the required training and within 10 working days of initial assignment, unless the employee has previously received the complete hepatitis B vaccination series, antibody testing has revealed that the employee is immune, or vaccination is contraindicated for medical reasons. (8 CCR 5193; 29 CFR 1910.1030)

Employees who decline to accept the vaccination shall sign the hepatitis B declination statement. (8 CCR 5193; 29 CFR 1910.1030)

The Superintendent or designee may exempt from the pre-exposure hepatitis B vaccine designated first aid providers whose primary job assignment is not the rendering of first aid, provided that the district implements the procedures in its exposure control plan for providing hepatitis B vaccine to all unvaccinated first aid providers who have rendered assistance in any situation involving the presence of blood or other potentially infectious materials and provides appropriate follow-up for those who experience an exposure incident. (8 CCR 5193)

Training

The Superintendent or designee shall ensure that all employees with occupational exposure participate in a training program at the time of initial assignment to tasks where occupational exposure may take place and at least annually thereafter. The training shall be offered during working hours and at no cost to the employee. (8 CCR 5193; 29 CFR 1910.1030)

The training shall address, at a minimum: (8 CCR 5193; 29 CFR 1910.1030)

1. The exposure control standard contained in 8 CCR 5193 and 29 CFR 1910.1030
2. The epidemiology and symptoms of bloodborne diseases
3. Modes of transmission of bloodborne pathogens
4. The district's exposure control plan and the means by which employees may obtain a copy of the written plan
5. Appropriate methods for recognizing tasks and other activities that may involve exposure to blood and other potentially infectious materials
6. The use and limitations of methods to prevent or reduce exposure, including appropriate engineering controls, administrative or work practice controls, and personal protective equipment
7. The types, proper use, location, removal, handling, decontamination, and disposal of personal protective equipment
8. The basis for selecting personal protective equipment
9. The hepatitis B vaccine, including its efficacy, safety, and method of administration; the benefits of being vaccinated; and that the vaccine will be offered free of charge
10. Appropriate actions to take and persons to contact in an emergency or exposure incident involving blood or other potentially infectious materials
11. The post-exposure evaluation and follow-up that the district is required to provide for the employee following an exposure incident

Additional training shall be provided to affected employees whenever a change, such as the introduction or modification of tasks or procedures or the introduction of new engineering, administrative, or work practice controls, affects the employee's exposure. The additional training may be limited to addressing the new exposures created. (8 CCR 5193; 29 CFR 1910.1030)

Designated first aid providers shall receive training that includes the specifics of reporting first-aid incidents which involve blood or body fluids which are potentially infectious. (8 CCR 5193)

Reporting Incidents

All exposure incidents shall be reported as soon as possible to the Superintendent or designee.

Unvaccinated designated first aid providers must report any first aid incident involving the presence of blood or other potentially infectious material, regardless of whether an exposure incident occurred, by the end of the work shift. The full hepatitis B vaccination series shall be made available to such employees no later than 24 hours after the first aid incident. (8 CCR 5193)

Sharps Injury Log

The Superintendent or designee shall establish and maintain a log recording each exposure incident involving a sharp. (8 CCR 5193; 29 CFR 1910.1030)

The exposure incident shall be recorded within 14 working days of the date the incident is reported to the district. (8 CCR 5193)

The information recorded shall include the following, if known or reasonably available: (8 CCR 5193; 29 CFR 1910.1030)

1. Date and time of the exposure incident
2. Type and brand of sharp involved in the exposure incident
3. A description of the exposure incident, including:
    a. Job classification of the exposed employee
    b. Department or work area where the exposure incident occurred
    c. The procedure that the exposed employee was performing at the time of the incident
    d. How the incident occurred
    e. The body part involved in the incident
    f. If the sharp had engineered sharps injury protection, whether the protective mechanism was activated and whether the injury occurred before, during, or after the protective mechanism was activated
    g. If the sharp had no engineered sharps injury protection, the injured employee's opinion as to whether and how such a mechanism could have prevented the injury
    h. The employee's opinion about whether any other engineering, administrative, or work practice could have prevented the injury

Post-Exposure Evaluation and Follow-up

Following a report of an exposure incident, the Superintendent or designee shall immediately make available to the exposed employee, at no cost, a confidential medical evaluation, post-exposure evaluation, and follow-up. The Superintendent or designee shall, at a minimum: (8 CCR 5193; 29 CFR 1910.1030)

1. Document the route(s) of exposure and the circumstances under which the exposure incident occurred
2. Identify and document the source individual, unless that identification is not feasible or is prohibited by law
3. With the consent of the exposed employee, provide for the collection and testing of the employee's blood for hepatitis B, hepatitis C, and HIV serological status

4. Provide for post-exposure prophylaxis, when medically indicated, as recommended by the U.S. Public Health Service

5. Provide for counseling and evaluation of reported illnesses

The Superintendent or designee shall provide the health care professional responsible for the employee's hepatitis B vaccination with a copy of 8 CCR 5193 and 29 CFR 1910.1030; a description of the employee's duties as they relate to the exposure incident; documentation of the route(s) of exposure and circumstances under which exposure occurred; results of the source individual's blood testing, if available; and all medical records maintained by the district relevant to the appropriate treatment of the employee, including vaccination status. (8 CCR 5193; 29 CFR 1910.1030)

The district shall maintain the confidentiality of the affected employee and the exposure source during all phases of the post-exposure evaluation. (8 CCR 5193)

Records

Upon an employee's initial employment and at least annually thereafter, the Superintendent or designee shall inform employees with occupational exposure of the existence, location, and availability of related records; the person responsible for maintaining and providing access to records; and the employee's right of access to these records. (8 CCR 3204)

The district shall maintain a medical record of each employee with occupational exposure, including the employee's hepatitis B vaccination status, the results of any post-exposure medical examinations and follow-up procedures, a copy of the information provided to the health care professional, and a copy of the health care professional's written opinion. The medical record shall be kept confidential and not disclosed or reported without the employee's written consent to any person within or outside the workplace except as required by law. (8 CCR 5193; 29 CFR 1910.1030)

Upon request by an employee, or a designated representative with the employee's written consent, the Superintendent or designee shall provide access to a record in a reasonable time, place, and manner, no later than 15 days after the request is made. (8 CCR 3204)

Records shall be maintained as follows: (8 CCR 3204, 5193; 29 CFR 1910.1030)

1. The medical records of each employee with occupational exposure shall be maintained for the duration of employment plus 30 years.

2. Training records shall be maintained for three years from the date of training.

3. The sharps injury log shall be maintained five years from the date the exposure incident occurred.

4. Exposure records shall be maintained for at least 30 years.

5. Each analysis using medical or exposure records shall be maintained for at least 30 years.

Exhibit 4319.42-E(1): Exposure Control Plan For Bloodborne Pathogens

Status: DRAFT

Original Adopted Date: 03/01/1993 **| Last Revised Date:** 05/01/2020

HEPATITIS B VACCINE DECLINATION

In accordance with 8 CCR 5193 and 29 CFR 1910.1030, the district makes the hepatitis B vaccine available to employees who may reasonably be expected to have contact with blood or other potentially infectious materials in the performance of their duties. Any employee who declines this vaccine is required to read and sign the following statement:

I understand that, due to my occupational exposure to blood or other potentially infectious materials, I may be at risk of acquiring hepatitis B virus (HBV) infection. I have been given the opportunity to be vaccinated with hepatitis B vaccine, at no charge to myself. However, I decline hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with hepatitis B vaccine, I can receive the vaccination series at no charge to myself.

Policy 4319.43: Universal Precautions

Status: DRAFT

Original Adopted Date: 03/01/1993 **| Last Revised Date:** 05/01/2020

In order to protect all employees from contact with potentially infectious blood or other body fluids, the Board of Trustees requires that universal precautions be observed throughout the district. Universal precautions are appropriate for preventing the spread of all infectious diseases and shall be used regardless of whether bloodborne pathogens are known to be present.

The Superintendent or designee shall distribute to employees information provided by the California Department of Education (CDE) regarding acquired immune deficiency syndrome (AIDS), AIDS-related conditions, and hepatitis B. This information shall include, but not be limited to, any appropriate methods employees may use to prevent exposure to AIDS and hepatitis B, including information concerning the availability of a vaccine to prevent contraction of hepatitis B, and that the cost of this vaccination may be covered by the health plan of the employees. Information shall be distributed annually, or more frequently if there is new information supplied by CDE. (Health and Safety Code 120875, 120880)

Information regarding universal precautions may be included in employee handbooks.

Employees shall immediately report any exposure incident or first aid incident in accordance with the district's exposure control plan for bloodborne pathogens or other safety procedures.

Regulation 4319.43: Universal Precautions

Status: DRAFT

Original Adopted Date: 03/01/1993 **| Last Revised Date:** 05/01/2020

Definitions

Universal precautions are an approach to infection control. All human blood and certain human body fluids, including, but not limited to semen, vaginal secretions, and any body fluid that is visibly contaminated with blood, are treated as if known to be infectious for human immunodeficiency virus (HIV), hepatitis B virus (HBV), hepatitis C virus (HCV), and other bloodborne pathogens. (8 CCR 5193; 29 CFR 1910.1030)

Occupational exposure means reasonably anticipated contact with blood or other potentially infectious materials that may result from the performance of an employee's duties. (8 CCR 5193; 29 CFR 1910.1030)

A sharp is any object that can be reasonably anticipated to penetrate the skin or any other part of the body and to result in an exposure incident. (8 CCR 5193)

Infection Control Practices

For the prevention of infectious disease, the district shall:

1. Effectively maintain the worksite in a clean and sanitary condition, and implement an appropriate written schedule for cleaning and decontamination of the worksite

2. When necessary for employees with occupational exposure to bloodborne pathogens, provide appropriate personal protective equipment, such as gloves, masks, and outer garments, at no cost to the employee (8 CCR 5193)

3. Provide handwashing facilities which are readily accessible to employees, or, if not feasible, provide an appropriate antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes

Any employee who has contact with blood or other body fluid, regardless of whether bloodborne pathogens are known to be present, shall:

1. Use personal protective equipment as appropriate.

2. Wash hands and other skin surfaces thoroughly with soap and running water:

    a. Immediately or as soon as feasible following contact with blood or other potentially infectious materials

    b. Immediately after removing gloves or other personal protective equipment

3. When handwashing facilities are not available, use antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. In such instances, hands shall be washed with soap and running water as soon as feasible.

4. Refrain from eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses in work areas with a reasonable likelihood of occupational exposure to bloodborne pathogens.

5. Clean and decontaminate all equipment and environmental and work surfaces after contact with blood or other potentially infectious material, no later than the end of the shift or more frequently as required by state regulations.

6. Rather than using the hands directly, use mechanical means such as a brush and dust pan, tongs, or forceps to clean up broken glassware which may be contaminated.

7. Use effective techniques designed to minimize the risk of a sharps injury in all procedures involving the use of sharps.

8. Handle, store, treat, and dispose of regulated waste in accordance with Health and Safety Code 117600-118360 and other applicable state and federal regulations.

a. Immediately or as soon as possible after use, contaminated sharps shall be placed in containers meeting the requirements of 8 CCR 5193.

b. Specimens of blood or other potentially infectious material shall be placed in a container which prevents leakage during collection, handling, processing, storage, transport, or shipping.

Policy 4327: Temporary Athletic Team Coaches

Status: DRAFT

Original Adopted Date: 03/01/2010 **| Last Revised Date:** 06/01/2024

The Board of Trustees acknowledges that well-trained coaches are vital to the success of the experience of students in sports and interscholastic athletic activities, and therefore desires to employ highly qualified coaches for the district's interscholastic athletic activities in order to enhance the knowledge, skills, motivation, and safety of participating students.

The Superintendent or designee may hire a certificated or noncertificated employee, other than a substitute employee, to supervise or instruct interscholastic athletic activities as a temporary employee in a limited assignment capacity. Interscholastic athletic activities include any activities in which student teams participate in interscholastic competition. (5 CCR 5590)

When hiring a person to fill a position as a temporary athletic activity team coach, the position shall first be made available to qualified certificated teachers currently employed by the district. (Education Code 44919)

All coaches shall be subject to applicable law, Board policies, administrative regulations, and California Interscholastic Federation bylaws and codes of ethical conduct.

Noncertificated coaches shall have no authority to assign grades to students. (5 CCR 5591)

Qualifications and Training

The Superintendent or designee shall establish qualification criteria for all athletic coaches in accordance with law and district standards. These criteria shall ensure that coaches possess an appropriate level of competence, knowledge, and skill.

Any noncertificated employee or volunteer who works with students in a district-sponsored interscholastic athletic activity shall, prior to beginning the individual's duties, submit to the Superintendent or designee either an Activity Supervisor Clearance Certificate issued by the Commission on Teacher Credentialing or a Department of Justice and Federal Bureau of Investigation criminal background clearance. (Education Code 49024)

Following the selection of a temporary athletic team coach, the Superintendent or designee shall certify to the Board, at the next regular Board meeting or within 30 days, whichever is sooner, that the coach meets the qualifications and competencies required by 5 CCR 5593. By April 1 of each year, the Board shall certify to the State Board of Education that the provisions of 5 CCR 5593 have been met. (5 CCR 5594)

In addition, the Superintendent or designee shall regularly report to the Board regarding the extent to which the district's coaches have completed the trainings required by law, including those required pursuant to Education Code 33479.6, 35179.1, and 49032, and by district policy.

Regulation 4327: Temporary Athletic Team Coaches

Status: DRAFT

Original Adopted Date: 03/01/2010 **| Last Revised Date:** 06/01/2024

Qualifications

Minimum qualifications for temporary athletic team coaches shall include, but are not necessarily limited to, competencies in the following areas: (5 CCR 5593)

1. Care and prevention of athletic injuries, basic sports injury first aid, and emergency procedures, as evidenced by one or more of the following:
    a. Completion of a college-level course in the care and prevention of athletic injuries and possession of a valid cardiopulmonary resuscitation (CPR) card
    b. A valid sports injury certificate or first aid card, and a valid CPR card
    c. A valid Emergency Medical Technician (EMT) I or II card
    d. A valid trainer's certification issued by the National or California Athletic Trainers' Association (NATA/CATA)
    e. Possession of both valid CPR and first aid cards and practical experience under the supervision of an athletic coach or trainer or experience assisting in team athletic training and conditioning
2. Coaching theory and techniques in the sport or game being coached, as evidenced by one or more of the following:
    a. Completion of a college course in coaching theory and techniques
    b. Completion of in-service programs arranged by a school district or county office of education
    c. Prior service as a student coach or assistant athletic coach in the sport or game being coached
    d. Prior coaching in community youth athletic programs in the sport being coached
    e. Prior participation in organized competitive athletics at the high school level or above in the sport being coached
3. Knowledge of the rules and regulations pertaining to the sport or game being coached, the league rules, and, at the high school level, regulations of the California Interscholastic Federation (CIF)
4. Knowledge of child or adolescent psychology, as appropriate, as it relates to sport participation, as evidenced by one or more of the following:
    a. Completion of a college-level course in child psychology for elementary school positions and adolescent or sports psychology for secondary school positions
    b. Completion of a seminar or workshop on human growth and development of youth
    c. Prior active involvement with youth in school or community sports program

The Superintendent or designee may waive competency requirements for persons enrolled in appropriate training courses leading to acquisition of the competency, provided such persons serve under the direct supervision of a fully qualified coach until the competencies are met. (5 CCR 5593)

Volunteers who supervise or direct an athletic program shall meet the qualification criteria specified in 5 CCR 5593 required for temporary athletic team coaches employed by the district. Any volunteer who does not meet such criteria shall serve only under the supervision of a fully qualified coach and shall not be given charge of an athletic program.

Additional Qualifications of Noncertificated Personnel and Volunteers

In addition to the qualifications listed above, any noncertificated employee or volunteer assigned as a temporary athletic team coach shall: (5 CCR 5592)

1. Be free from tuberculosis and any other contagious disease that would prohibit certificated teachers from teaching, as verified by a written statement, renewable every four years, from a licensed physician or other person approved by the district

2. Not have been convicted of any offense referred to in Education Code 44010, 44011, or 44424, or any offense involving moral turpitude or evidencing unfitness to associate with children

Any noncertificated employee or volunteer assigned as a temporary athletic team coach shall obtain an Activity Supervisor Clearance Certificate or a criminal background check in accordance with Board policy. (Education Code 49024)

In addition, prior to coaching an athletic activity and every two years thereafter, athletic coaches shall complete an approved training course on the nature and warning signs of sudden cardiac arrest. (Education Code 33479.2, 33479.6, 33479.7)

Code of Ethical Conduct

Employees providing supervisory or instructional services in interscholastic athletic activities shall: (5 CCR 5596)

1. Show respect for players, officials, and other coaches

2. Respect the integrity and judgment of game officials

3. Establish and model fair play, sportsmanship, and proper conduct

4. Establish player safety and welfare as the highest priority

5. Provide proper supervision of students at all times

6. Use discretion when providing constructive criticism and when reprimanding players

7. Maintain consistency in requiring all players to adhere to the established rules and standards of the game

8. Properly instruct players in the safe use of equipment

9. Avoid exerting undue influence on a student's decision to enroll in an athletic program at any public or private postsecondary educational institution

10. Avoid exerting undue influence on students to take lighter academic course(s) in order to be eligible to participate in athletics

11. Avoid suggesting, providing, or encouraging any athlete to use nonprescription drugs, anabolic steroids, or any substance to increase physical development or performance that is not approved by the U.S. Food and Drug Administration, U.S. Surgeon General, or the American Medical Association

12. Avoid recruitment of athletes from other schools

13. Follow the rules of behavior and the procedures for crowd control as established by the district and the league in which the district participates

Policy 4331: Staff Development

Status: DRAFT

Original Adopted Date: 10/01/1998 **| Last Revised Date:** 12/01/2013

The Board of Trustees recognizes that professional development enhances employee effectiveness and contributes to personal growth. Staff development for administrative and supervisory personnel shall be designed to guide institutional improvement, build leadership skills, and enhance overall management efficiency.

The Superintendent or designee shall develop a plan for administrator support and development activities that is based on a systematic assessment of the needs of district students and staff and is aligned to the district's vision, goals, local control and accountability plan, ~~and~~ strategic plan, and ~~other~~ comprehensive plans.

The district's staff development program for district and school administrators may include, but is not limited to, the following topics:

1. Personnel management, including best practices on hiring, recruitment, assignment, and retention of staff
2. Effective fiscal management and accountability practices
3. Universal course expectations, academic standards and standards-aligned curriculum and instructional materials
4. Leadership training to improve the academic achievement of all students, including capacity building in pedagogies of learning, instructional strategies that meet the varied learning needs of students, and student motivation
5. The use of and development of student assessments, including analysis of disaggregated assessment results to identify needs and progress of student subgroups
6. The use of technology to improve student performance and district operations
7. Creation of safe and inclusive school environments
8. Parental involvement and community collaboration
9. Employee relations
10. Effective school and district planning processes

The district's staff evaluation process may be used to recommend additional staff development for individual employees.

The Superintendent or designee shall evaluate the benefit to staff and students of professional development activities.

Policy 4332: Publication Or Creation Of Materials

Status: DRAFT

Original Adopted Date: 01/01/1985 **| Last Revised Date:** 07/01/2008

The Board of Trustees recognizes the importance of creating a work environment that encourages employee innovation in creating and developing high-quality materials to improve student achievement and the efficiency of district operations.

The Superintendent or designee shall oversee the development of instructional materials, computer programs, and other copyrightable materials by employees, independent contractors, and consultants. An employee, independent contractor, or consultant shall notify the Superintendent or designee of his/her intent to publish or register a work developed in whole or in part within the scope of his/her employment.

Instructional materials, computer programs, and other copyrightable materials developed by an employee within the scope of his/her employment shall be the property of the district.

If an employee has developed copyrightable material during both work and non-working hours, and the work was within the scope of his/her employment, the Superintendent or designee shall negotiate a contract with the employee to protect the district's right as to the ownership or partial ownership of the copyright.

The Superintendent or designee shall ensure that any contract with an independent contractor or consultant contains a provision specifying the district's right to ownership of the copyright of any work produced by the contractor or consultant for the district.

The Superintendent or designee may secure copyrights in the name of the district for all copyrightable works developed by the district. All royalties or revenues from these copyrights shall be used for the benefit of the district. (Education Code 35170)

Policy 4335: Soliciting And Selling

Status: DRAFT

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 07/01/2003

Employees shall not solicit district staff, students or their families with the intent to sell general merchandise, books, equipment or services for their own personal profit or benefit. Solicitation of students and staff on behalf of the school or other charitable organizations shall be conducted in accordance with applicable Board policy and administrative regulation.

Staff members shall respect the confidentiality of district employees and students and shall not use their status as district employees to secure information such as names, addresses, e-mail addresses, and telephone numbers for solicitations or use in personal profit-making or beneficial ventures.

Educational tours may be promoted on school premises only if they are sponsored by the district. Employees engaged in planning, organizing or leading tours as private, non-district-sponsored businesses shall make it clear that they do not represent the school or district. All activities related to such tours must be carried on outside of school hours and off school premises.

Staff participation in "flower funds," "anniversary funds" or other similar funds shall be voluntary.

Policy 4336: Nonschool Employment

Status: DRAFT

Original Adopted Date: 09/01/1991 **| Last Revised Date:** 07/01/2008

In order to help maintain public trust in the integrity of district operations, the Board of Trustees expects all employees to give the responsibility of their positions precedence over any other outside employment. A district employee may receive compensation for outside activities as long as these activities are not inconsistent, incompatible, in conflict with, or inimical to his/her district duties.

An outside activity shall be considered inconsistent, incompatible, or inimical to district employment when such activity: (Government Code 1126)

1. Requires time periods that interfere with the proper, efficient discharge of the employee's duties
2. Entails compensation from an outside source for activities which are part of the employee's regular duties
3. Involves using the district's name, prestige, time, facilities, equipment, or supplies for private gain
4. Involves service which will be wholly or in part subject to the approval or control of another district employee or Board member

An employee wishing to accept outside employment that may be inconsistent, incompatible, in conflict with, or inimical to the employee's duties shall file a written request with his/her immediate supervisor describing the nature of the employment and the time required. The supervisor shall evaluate each request based on the employee's specific duties within the district and determine whether to grant authorization for such employment.

The supervisor shall inform the employee whether the outside employment is prohibited. The employee may appeal a supervisor's denial of authorization to the Superintendent or designee. An employee who continues to pursue a prohibited activity may be subject to disciplinary action.

Tutoring

A certificated employee shall not accept any compensation or other benefit for tutoring a student enrolled in his/her class(es). An employee who wishes to tutor another district student shall first request authorization from his/her supervisor in accordance with this Board policy. If authorization is granted, the employee shall not use district facilities, equipment, or supplies when providing the tutoring service.

Policy 4340: Bargaining Units

Status: DRAFT

Original Adopted Date: 11/01/2011 **| Last Revised Date:** 03/01/2024

The Board of Trustees recognizes the right of district employees to form a bargaining unit and to select an employee organization as the exclusive representative for the employees in the employees' employment relationship with the district. The Board is committed to negotiating in good faith with the exclusive representative and respecting the rights of employees and employee organizations.

The district shall not dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it. (Government Code 3543.5)

Employees shall not be prohibited from wearing union buttons, insignia, or other pictorial or written messages that favor or oppose the formation of a bargaining unit or any matter that is the subject of negotiations.

Formation of Bargaining Units

Certificated and classified employees shall not be included in the same bargaining unit. (Government Code 3545)

A bargaining unit of certificated or classified supervisory employees may only be recognized if the bargaining unit includes all certificated or classified supervisory employees, respectively, and is not represented by the same employee organization that represents district employees who are supervised by the supervisory employees. (Government Code 3545)

For this purpose, supervisory employee means any employee, regardless of job description, having authority, in the interest of the district, to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, or discipline other employees, or the responsibility to assign work to, direct, or adjust grievance of other employees, or effectively recommend that action, when the exercise of that authority is not of a merely routine or clerical nature, but requires the use of independent judgment. (Government Code 3540.1)

Employees serving in management, senior management, or confidential positions shall not be represented by an exclusive representative. In the employment relationship with the district, employees who serve in a management, senior management, or confidential position may represent themselves or be represented by an employee organization whose membership is composed entirely of employees designated as holding those positions. However, an employee organization representing management, senior management, or confidential employees shall not be permitted to meet and negotiate with the district on behalf of the employees. (Education Code 45100.5, Government Code 3543.4)

Management employee means an employee in a position having significant responsibilities for formulating district policies or administering district programs. (Government Code 3540.1)

Confidential employee means any employee who is required to develop or present management positions with respect to employer-employee relations or whose duties normally require access to confidential information that is used to contribute significantly to the development of management positions. (Government Code 3540.1)

Membership

The district shall not deter or discourage employees or job applicants from becoming or remaining members of an employee organization, authorizing representation by an employee organization, or authorizing dues or fee deductions to an employee organization. In addition, the district shall not impose or threaten to impose reprisals on employees, discriminate or threaten to discriminate against employees, or otherwise interfere with, restrain, or coerce employees because of their membership or nonmembership in an employee organization. (Government Code 3543.5, 3550, 3551.5)

District Communications to Employees

The Superintendent or designee may communicate with district employees regarding their rights to join and/or support or to refrain from joining or supporting an officially recognized employee organization. Such communications shall be factual and accurate and may not promise a benefit, threaten a reprisal, or in any way deter or discourage employees from joining an employee organization or paying dues.

The district may disseminate written documents, recorded messages, or other mass communications to actual or prospective employees represented by an exclusive representative concerning their rights to join and/or support, or refrain from joining and/or supporting, an employee organization only after the Superintendent or designee meets and confers with the exclusive representative concerning the content of the mass communication. If the district and exclusive representative do not come to agreement on the content of the mass communication and the district still chooses to disseminate it, the Superintendent or designee shall request that the exclusive representative provide a communication of reasonable length to the district that shall be disseminated to the employees at the same time as the district's own mass communication. (Government Code 3553)

Access to New Employee Orientations

The district shall permit each exclusive representative access to new employee orientation or onboarding process where newly hired employees represented by the exclusive representative are advised, whether in person, online, or through other means or mediums, of their employment status, rights, benefits, duties, responsibilities, or any other employment-related matters. The district shall provide the exclusive representative at least 10 days' notice in advance of an orientation, except that a shorter notice may be provided where there is an urgent need critical to the district's operations that was not reasonably foreseeable. (Government Code 3556)

Following a request to negotiate by either party, the structure, time, and manner of access to new employee orientations shall be determined by mutual agreement of the district and the exclusive representative. If the district and exclusive representative fail to reach an agreement, the structure, time, and manner of access to the new employee orientation shall be subject to compulsory interest arbitration. The district and the exclusive representative may mutually agree to submit any dispute to compulsory interest arbitration at any time. In addition, if any dispute arises during negotiations and is not resolved within 45 days after the first meeting or within 60 days after the initial request to negotiate, whichever is earlier, either party may make a demand for compulsory interest arbitration. When any such dispute arises during the summer when the district's administrative office is closed, the timeline shall commence on the first day the administrative office reopens. The arbitrator's decision shall be issued within 10 days and shall be final and binding on the parties. (Government Code 3556, 3557)

The date, time, and place of a new employee orientation shall not be disclosed to anyone other than employees, the exclusive representative, or a vendor that is contracted to provide a service for purposes of the orientation. (Government Code 3556)

Until June 30, 2025, unless the district and the exclusive representative have agreed otherwise, when the district has not conducted an in-person orientation within 30 days of hiring a new employee, the Superintendent or designee shall permit the exclusive representative to schedule an in-person meeting during employment hours at the new employee's worksite, during which the new employee shall have the opportunity to attend and shall be relieved of other duties for the purpose of attending the meeting. The district shall provide appropriate space at the worksite within seven calendar days of receiving a request from the exclusive representative. (Government Code 3556, 3557)

During this meeting, the exclusive representative shall be permitted to communicate directly with the new employees for up to 30 minutes of paid time. (Government Code 3556)

Access to Employee Contact Information

The Superintendent or designee shall provide an exclusive representative with the name, job title, department, work location, telephone numbers (work, home, and personal cell phone), of all employees represented by the exclusive representative on file with the district. An employee's personal email address shall only be disclosed if it used by the employee to conduct district business.

Such information shall be provided within 30 days of hire or by the first pay period of the month following hire for all new employees represented by the exclusive representative, unless the exclusive representative has agreed to a different interval for the provision of the information. Additionally, the Superintendent or designee shall provide the exclusive representative with the same information for all employees represented by the exclusive representative every 120 days, unless more frequent disclosure is required by agreement with the exclusive representative. (Government Code 3558, 7928.300)

However, the Superintendent or designee shall not disclose: (Government Code 3558, 6205-6210, 6215-6216, 7928.300)

1. The home address and any phone numbers on file for employees performing law enforcement-related functions

2. The home address, home telephone or personal cell phone number(s), or personal email address(es) of any employee who is a participant in the Safe at Home address confidentiality program pursuant to Government Code 6205-6210 and 6215-16

3. The employee's home address, home telephone and personal cell phone numbers, and personal email address of an employee not performing law enforcement related functions if the employee has submitted a written request to the district to keep such information private. In such instances, the Superintendent or designee shall also remove the employee's home address, home telephone number, and personal cell phone number from any mailing list maintained by the district unless the list is only used by the district to contact the employee.

Within 20 calendar days after an exclusive representative notifies the Superintendent or designee that a list of employees provided by the district is inaccurate or incomplete, the Superintendent or designee shall take steps to correct the list and provide a new list of employees to the exclusive representative. (Government Code 3558)

The Superintendent or designee shall review the list of contact information for district employees at the beginning of each school year, or more often as appropriate.

Communications with Employees by Employee Organizations

Subject to reasonable regulation by the district, employee organizations shall have access, at reasonable times, to the work areas of employees represented by the employee organization and to district facilities for the purpose of meeting with employees represented by the employee organization. Access may be limited in instances where it would be disruptive to district operations. (Government Code 3543.1)

Additionally, subject to reasonable regulation by the district, employee organizations shall have the ability to use institutional bulletin boards, mailboxes, and other means of communication to communicate with employees represented by the employee organization. (Government Code 3543.1)

Membership Dues or Other Payments to an Employee Organization

When drawing an order for the salary or wage payment of a bargaining unit employee of an employee organization, the district shall deduct any amount that has been requested by the employee in a revocable written authorization for the purpose of paying dues or other payments for any service, program, or committee provided or sponsored by the employee organization. (Education Code 45060, 45168)

When an employee organization has certified to the district that it has and will maintain individual employee authorizations for payroll deductions, the district shall rely on information from the employee organization regarding the amounts of such payroll deductions and the employees to whom they apply and shall not handle or process employee written authorizations for the employees represented by such employee organization. The district also shall not require a copy of the written authorization to be submitted by the employee organization, except when there is a dispute about the existence or terms of the written authorization. (Education Code 45060, 45168)

A written authorization shall remain in effect until expressly revoked in writing by the employee and pursuant to the terms of the written authorization. Employee requests to cancel or change authorizations for payroll deductions for employee organizations shall be directed to the employee organization that represents the employee rather than the district. The employee organization shall be responsible for processing these requests. The district shall rely on the information provided by the employee organization regarding whether deductions for an employee organization were properly canceled or changed. The employee organization shall be required to indemnify the district for any claims made by an employee for deductions made by the district in reliance on information from the employee organization. (Education Code 45060, 45168)

When an employee organization has declined to certify that it will handle and process written authorizations from employee(s) represented by the employee organization and makes a request for payroll deductions, the district shall request a copy of the written authorization for an employee before making the payroll deductions for that employee. (Education Code 45060, 45168)

Policy 4344: Complaints

Status: DRAFT

Original Adopted Date: 06/01/1990 **| Last Revised Date:** 03/01/2008

The Board of Trustees recognizes the need to establish a process to allow employees and job applicants to have their concerns heard in an expeditious and unbiased manner. The Board expects that employees will make every effort to resolve complaints and disagreements informally before filing a formal complaint.

The Board prohibits retaliation against complainants. The Superintendent or designee may keep a complainant's identity confidential, except to the extent necessary to investigate the complaint.

All matters related to a complaint shall be kept confidential and any document, communication, or record regarding the complaint shall be placed in a separate file and shall not be placed in an employee's personnel file.

Regulation 4344: Complaints

Status: DRAFT

Original Adopted Date: 06/01/1990 **| Last Revised Date:** 12/01/2017

The procedure specified in this administrative regulation shall be used to investigate and resolve any complaint by an employee alleging misapplication of the district's policies, regulations, rules, or procedures or for "whistleblower" complaints by an employee or job applicant regarding an improper district activity including, but not limited to, an allegation of gross mismanagement, a significant waste of funds, an abuse of authority, or a specific danger to public health or safety.

Any of the time limits specified in the following procedure may be extended by written agreement between the district and complainant.

Step 1: Informal Complaint Process

Prior to instituting a formal, written complaint, the employee shall first discuss the issue with his/her supervisor or the principal of the school where the alleged act took place. Formal complaint procedures shall not be initiated until the employee has first attempted to resolve the complaint informally.

Step 2: Site Level Formal Complaint Process

If a complaint has not been satisfactorily resolved through the informal process in Step 1, the complainant may file a written complaint with his/her immediate supervisor or principal within 60 days of the act or event which is the subject of the complaint. If an employee fails to file a written complaint within 60 days, the complaint shall be considered resolved on the basis of the preceding step.

In the written complaint, the employee shall specify the nature of the problem, including names, dates, locations, witnesses, the remedy sought by the employee, and a description of informal efforts to resolve the issue.

Within 10 working days of receiving the complaint, the immediate supervisor or principal shall conduct any necessary investigation and meet with the complainant in an effort to resolve the complaint. Within five working days after the meeting, he/she shall prepare and send a written response to the complainant.

Step 3: District Level Appeal

If a complaint has not been satisfactorily resolved at Step 2, the complainant may file the written complaint with the Superintendent or designee within five working days of receiving the written response from the immediate supervisor or the principal. The complainant shall include all information presented to the immediate supervisor or principal at Step 2.

Within 10 working days of receiving the complaint, the Superintendent or designee shall conduct any necessary investigation, including reviewing the investigation and written response by the immediate supervisor or principal at Step 2, and shall meet with the complainant in an effort to resolve the complaint. Within five working days after the meeting, he/she shall prepare and send a written response to the complainant.

Step 4: Appeal to the Board of Trustees

If a complaint has not been satisfactorily resolved at Step 3, the complainant may file a written appeal to the Board within five working days of receiving the Superintendent or designee's response. All information presented at Steps 1, 2, and 3 shall be included with the appeal, and the Superintendent or designee shall submit to the Board a written report describing attempts to resolve the complaint and the district's response.

The Board may uphold the findings by the Superintendent or designee without hearing the complaint or the Board may hear the complaint at a regular or special Board meeting. The hearing shall be held in closed session if the complaint relates to matters that may be addressed in closed session in accordance with law.

The Board shall make its decision within 30 days of the hearing and shall send its decision to all concerned parties. The Board's decision shall be final.

Alternate Procedures

Complaints alleging unlawful discrimination on any basis specified in the district's nondiscrimination policies, including complaints of sexual harassment, shall be resolved in accordance with the district's procedure in BP/AR 4030 - Nondiscrimination in Employment.

Complaints regarding unlawful discrimination in district programs or the district's failure to comply with state or federal laws regarding educational programs shall be resolved in accordance with BP/AR 1312.3 - Uniform Complaint Procedures. Complaints regarding sufficiency of textbook materials, teacher vacancy or misassignment, or an urgent or emergency facility condition shall be resolved in accordance with AR 1312.4 - Williams Uniform Complaint Procedures. (Education Code 35186; 5 CCR 4621)

For complaints regarding working conditions or other subjects of negotiation, the employee shall use the grievance procedure specified in the applicable collective bargaining agreement.

Policy 4351: Employee Compensation

Status: DRAFT

Original Adopted Date: 02/01/1997 **| Last Revised Date:** 03/01/2025

In order to recruit and retain employees committed to the district's goals for student learning, the Board of Trustees recognizes the importance of offering a competitive compensation package that includes salaries and health and welfare benefits.

The Board shall adopt separate salary schedules for certificated, classified, and supervisory and administrative personnel that comply with law and applicable collective bargaining agreements. (Education Code 45022, 45160, 45162, 45268)

Each certificated employee, except an employee in an administrative or supervisory position, shall be classified on the salary schedule on the basis of uniform allowance for education level and years of experience, unless the Board and employee organization negotiate and mutually agree to a salary schedule based on different criteria. Certificated employees shall not be placed in different classifications on the schedule, nor paid different salaries, solely on the basis of the grade levels at which they teach. (Education Code 45028)

Salary schedules for staff who are not a part of a bargaining unit shall be determined by the Board at the recommendation of the Superintendent or designee.

The salary schedules adopted by the Board shall be printed and made available for review at the district office. (Education Code 45023)

Additionally, by January 31, 2026, and annually thereafter, the Superintendent or designee shall complete the Salary and Benefit Schedule for Bargaining Units (Form J-90) for classified and certificated staff assigned to a district school site and report the Form J-90 to the California Department of Education. (Education Code 42238.016)

Unless otherwise provided for in any applicable collective bargaining agreement, district employees shall be paid monthly and in 10, 11 or 12 equal payments over the year. However, if the district participates in the Classified School Employee Summer Assistance Program, eligible classified employees may elect to have up to 10 percent of the employee's monthly salary withheld and paid out during the summer recess in either one or two payments. (Education Code 45038, 45039, 45048, 45165, 45500)

The Superintendent or designee shall post a notice explaining the Fair Labor Standards Act's wage and hour provisions in a conspicuous place at each work site. (29 CFR 516.4)

Overtime Compensation

District employees shall be paid an overtime rate of not less than one and one-half times their regular rate of pay for any hours worked in excess of eight hours in one day and/or 40 hours in one work week. However, teachers, school administrators, and other employees in positions established by the Board as executive, administrative, or professional shall be exempt from overtime rules. (Education Code 45128, 45130; 29 USC 213; 29 CFR 541.204, 541.303, 541.600 , 553.27, 553.32)

If the district requires a classified employee in an exempt position to work on a holiday designated in law or by the Board, the employee shall be paid the regular pay for that day plus compensation or compensatory time off at a rate not less than the employee's normal rate of pay. (Education Code 45130)

When authorized in a collective bargaining agreement or other agreement between the district and employees, an employee may take compensatory time off in lieu of overtime compensation, provided the employee has not accrued compensatory time in excess of the limits specified in 29 USC 207. An employee who has requested the use of compensatory time shall be allowed to use such time within 12 calendar months following the month the overtime was worked if the use of the compensatory time does not unduly disrupt district operations. (Education Code 45129; 29 USC 207; 29 CFR 553.20-553.25)

For each nonexempt employee, the Superintendent or designee shall maintain records on the employee's wages, hours, and other information specified in 29 CFR 516.5-516.6.

Wage Overpayment

If the district determines an employee has been overpaid, the district shall notify the employee in writing of the overpayment, afford the employee an opportunity to respond before commencing any recoupment actions, and inform the employee of the employee's rights to dispute the existence or amount of the claimed overpayment. If the employee agrees there was an overpayment in the claimed amount, reimbursement shall be made to the district through one of the methods described in Education Code 44042.5, as mutually agreed upon by the employee and the district. (Education Code 44042.5)

If a mutual agreement on a method of reimbursement is not reached, within 30 days of the employee verifying the overpayment amount, the district shall recoup the overpayment through payroll deductions in accordance with Education Code 44042.5.

If the employee does not respond or disputes the existence or amount of the district's claimed overpayment, the district may only recover the overpayment after pursuing appropriate legal action. (Education Code 44042.5)

If the employee separates from the district before the overpayment is fully repaid, the district shall withhold the remaining balance due from any money owed to the employee upon separation, provided that the state minimum wage is still paid to the employee as required by Education Code 44042.5. The Superintendent or designee may consult with legal counsel to calculate the amount to withhold.

If an outstanding overpayment balance still remains, the district may exercise any legal means to recover the remaining amount owed by the employee. (Education Code 44042.5)

Legal action to recover any overpayment under this policy shall be initiated within three years from the date of the overpayment, which for leave credits is the date that the employee receives compensation in exchange for leave erroneously credited to the employee. (Education Code 44042.5)

Policy 4354: Health And Welfare Benefits

Status: DRAFT

Original Adopted Date: 07/01/2009 **| Last Revised Date:** 10/01/2015

The Board of Trustees recognizes that health and welfare benefits are essential to promote employee health and productivity and are an important part of the compensation offered to employees. The district shall provide health and welfare benefits for employees in accordance with state and federal law and subject to negotiated employee agreements.

Certificated management, Classified management, administrative, and supervisory employees who are not in bargaining units shall receive the same health and welfare benefits as those specified in the collective bargaining agreement for certificated employees.

For purposes of granting benefits, a registered domestic partner and his/her child shall have the same rights, protections, and benefits as a spouse and spouse's child. (Family Code 297.5, 300)

The district shall offer full-time employees who work an average of 30 hours or more per week and their dependents up to age 26 years a health insurance plan that includes coverage for essential health benefits, pays at least 60 percent of the medical expenses covered under the terms of the plan, and meets all other requirements of the federal Patient Protection and Affordable Care Act.

With respect to eligibility to participate in the health benefits plan or the level of health benefits provided, the district shall not discriminate in favor of employees who are among the highest paid 25 percent of all district employees. (26 USC 105; 42 USC 300gg-16)

Continuation of Coverage

Retired certificated employees, other employees who would otherwise lose coverage due to a qualifying event specified in law and administrative regulation, and their qualified beneficiaries may continue to participate in the district's group health and welfare benefits in accordance with state and federal law.

Unless otherwise provided for in the applicable collective bargaining agreement, covered employees and their qualified beneficiaries may receive continuation coverage by paying the premiums, dues, and other charges, including any increases in premiums, dues, and costs incurred by the district in administering the program.

Confidentiality

The Superintendent or designee shall not use or disclose any employee's medical information the district possesses without the employee's authorization obtained in accordance with Civil Code 56.21, except for the purpose of administering and maintaining employee benefit plans and for other purposes specified in law. (Civil Code 56.20)

Policy 4356.2: Awards And Recognition

Status: DRAFT

Original Adopted Date: 01/01/1985 **| Last Revised Date:** 07/01/2010

The Board of Trustees values its instructional and noninstructional staff and desires to recognize their outstanding service in order to increase employee morale and encourage creative and innovative performance.

The Board encourages recognition of all staff during days of significance designated by the Board, state law, or state resolution.

The Board authorizes awards to individual employees who: (Education Code 44015)

1. Propose procedures or ideas that result in eliminating or reducing district expenditures or improving district operations

2. Perform special acts or services in the public interest

3. By their superior accomplishments, make exceptional contributions to the efficiency, economy, or other improvement in district operations

As the district budget permits, the Superintendent or designee may recognize such employees by issuing service pins, certificates, plaques, and/or other mementos. In addition, he/she may recommend employees to the Board for recognition at a public Board meeting.

The Superintendent or designee shall establish procedures for the selection of individual employees to receive awards.

The Superintendent or designee may appoint one or more merit award committees consisting of Board members, district employees, and/or private citizens to review employee contributions and recommend awards.

Monetary awards to employees shall not exceed $200 unless expressly approved by the Board. (Education Code 44015)

Policy 4357: Employee Safety

Status: DRAFT

Original Adopted Date: 06/01/1991 **| Last Revised Date:** 03/01/2024

The Board of Trustees is committed to maximizing employee safety and believes that workplace safety is the responsibility of every employee. Working conditions and equipment shall comply with standards prescribed by federal, state, and local laws and regulations.

No employee shall be required or permitted to be in any place of employment which is unsafe or unhealthful. (Labor Code 6402)

The Superintendent or designee shall promote safety and correct any unsafe work practices through education and enforcement.

All employees are expected to use safe work practices and, to the extent possible, correct any unsafe conditions that may occur. If an employee is unable to correct an unsafe condition, the employee shall immediately report the problem to the Superintendent or designee.

The Superintendent or designee shall establish and implement a written injury and illness prevention program that includes a workplace violence prevention plan and that provides employees with access to such program in accordance with law. (Labor Code 6401.7; 8 CCR 3203)

The Superintendent or designee shall make first aid materials readily available at district workplaces and shall make effective provisions to prepare for prompt medical treatment in the event of an employee's serious injury or illness. (8 CCR 3400)

No employee shall be discharged or discriminated against for exercising any right regarding employee safety or health specified in Labor Code 6310, including:

1. Making a report or complaint
2. Instituting proceedings or causing proceedings to be instituted
3. Testifying with regard to employee safety or health
4. Participating in any occupational health and safety committee established pursuant to Labor Code 6401.7
5. Requesting access to injury or illness reports and records
6. Exercising any other right protected by the Occupational Safety and Health Act

Regulation 4357: Employee Safety

Status: DRAFT

Original Adopted Date: 06/01/1991 **| Last Revised Date:** 03/01/2024

The Superintendent or designee shall provide safety devices and implement safeguards, methods, and processes that are reasonably necessary for the safety and health of employees in the workplace. (Labor Code 6401)

If the Department of Industrial Relations Division of Occupational Safety and Health (Cal/OSHA) prohibits entry into any district workplace or performance of a district operation or process based on a determination that the workplace exposes employees to the risk of an imminent hazard, including a machine, device, apparatus, or equipment that is in a dangerous condition or is dangerously placed, the Superintendent or designee shall post a notice of the hazard provided by Cal/OSHA in a conspicuous place at the work site. This notice shall not be removed except by an authorized representative of Cal/OSHA and only when the workplace, operation, or process is made safe, and the required safeguards, safety appliances, or devices are provided. (Labor Code 6325)

Injury and Illness Prevention Program

The district's injury and illness prevention program shall cover all district employees and all other workers whom the district controls or directs and directly supervises on the job to the extent that the workers are exposed to hazards specific to their worksite and job assignment. The obligation of contractors or other employers who control or direct and supervise their own employees on the job shall not be affected by the district's injury and illness prevention program. (Labor Code 6401.7)

The district's injury and illness prevention program shall include: (Labor Code 6401.7; 8 CCR 3203)

1. The name/position of the person(s) with authority and responsibility for implementing the program
2. A system for ensuring that employees comply with safe and healthful work practices, which may include, but are not limited to:
    a. Recognition of employees who follow safe and healthful work practices
    b. Training and retraining programs
    c. Disciplinary actions
3. A system for communicating with employees in a form readily understandable by all employees on matters related to occupational health and safety, including provisions designed to encourage employees to report hazards at the worksite without fear of reprisal. The communications system may include, but is not limited to:
    a. Meetings
    b. Training programs
    c. Posting
    d. Written communications
    e. A system of anonymous notification by employees about hazards
    f. A labor/management safety and health committee
4. Procedures for identifying and evaluating workplace hazards, including scheduled periodic inspections to identify unsafe conditions and work practices. Such inspections shall be made:
    a. Whenever new substances, processes, procedures, or equipment that represents a new occupational safety or health hazard is introduced into the workplace
    b. Whenever the district is made aware of a new or previously unrecognized hazard

5. A procedure for investigating occupational injury or illness

6. Methods and/or procedures for correcting unsafe or unhealthful conditions, work practices, and work procedures in a timely manner, based on the severity of the hazard, when the hazard is observed or discovered

   When an imminent hazard exists that cannot be immediately abated without endangering employee(s) and/or property, these procedures shall call for the removal of all exposed staff from the area except those necessary to correct the hazardous condition. Employees needed to correct the condition shall be provided with the necessary safeguards.

7. Provision of training and instruction as follows:

   a. To all new employees

   b. To all employees given new job assignments for which training has not previously been received

   c. Whenever new substances, processes, procedures, or equipment are introduced into the workplace and represent a new hazard

   d. Whenever the district is made aware of a new or previously unrecognized hazard

   e. To supervisors, to familiarize them with the safety and health hazards to which employees under their immediate direction and control may be exposed

8. A written workplace violence prevention plan developed and implemented in accordance with Labor Code 6401.9 (Labor Code 6401.7)

   The plan, which shall be easily accessible to all employees at all times, shall be in effect at all times and in all work areas, and be specific to the hazards and corrective measures for each work area and operation. (Labor Code 6401.9)

   The Superintendent or designee shall provide training to all employees when the plan is first established and annually thereafter in accordance with Labor Code 6401.9. Training materials shall be appropriate in content and vocabulary to employees' educational level, literacy, and language. (Labor Code 6401.9)

The Superintendent or designee shall provide employees, or their representative designated pursuant to 8 CCR 3203, with either of the following: (8 CCR 3203)

1. Access to the district's injury and illness prevention program in a reasonable time, place, and manner, but in no event later than five business days after the request for access is received from an employee or a designated representative of the employee.

   When an employee or designated representative requests a copy of the district's injury and illness prevention program, the Superintendent or designee shall provide the requester a printed copy unless the employee or designated representative agrees to receive an electronic copy.

   The Superintendent or designee shall provide one printed copy free of charge. If the employee or designated representative requests additional copies within one year of the previous request and the district's injury and illness prevention program has not been updated with new information since the prior copy was provided, the district may charge reasonable reproduction costs pursuant to 8 CCR 3204 for the additional copies.

2. Unobstructed access to the district's injury and illness prevention program through the district's server or website that allows an employee to review, print, and email the current version of the district's injury and illness prevention program.

The Superintendent or designee shall communicate the right and procedure to access the district's injury and illness prevention program to all employees. (8 CCR 3203)

Labor/Management Safety and Health Committee

The district's labor/management safety and health committee shall: (8 CCR 3203)

1. Meet regularly, but not less than quarterly.

2. Prepare and make available to affected employees written records of the safety and health issues discussed at committee meetings and maintained for review by Cal/OSHA upon request. These records shall be maintained for at least one year.

3. Review results of the periodic, scheduled worksite inspections.

4. Review investigations of occupational accidents and causes of incidents resulting in occupational injury or illness or exposure to hazardous substances. As appropriate, the committee may submit suggestions to the Superintendent or designee regarding the prevention of future incidents.

5. Review investigations of alleged hazardous conditions brought to the attention of any committee member. When determined necessary by the committee, it may conduct its own inspection and investigation to assist in remedial solutions.

6. Submit recommendations to assist in the evaluation of employee safety suggestions.

7. Upon request of Cal/OSHA, verify abatement action taken by the district to abate citations issued by Cal/OSHA.

Hearing Protection

Whenever employee noise exposure equals or exceeds the standards specified by law, the Superintendent or designee shall implement a hearing conservation program in accordance with state and federal regulations, including, when required, monitoring of sound levels, audiogram evaluation and audiometric testing of affected employees, the provision of hearing protectors, and employee training. (8 CCR 5095-5100; 29 CFR 1910.95)

Eye Safety Devices

Employees shall wear eye safety devices whenever they are engaged in or observing an activity involving hazards or hazardous substances likely to cause eye injury. (Education Code 32030-32034)

First Aid and Medical Services

The Superintendent or designee shall ensure the ready availability of medical personnel for advice and consultation on matters of industrial health or injury. Whenever a district facility or district grounds are not in close proximity to an infirmary, clinic, or hospital where all injured employees may be treated, the Superintendent or designee shall ensure that at least one employee is adequately trained to provide first aid. (8 CCR 3400)

The Superintendent or designee shall make adequate first aid materials readily available for employees at every worksite. Such materials shall be approved by a consulting physician and shall be kept in a sanitary and usable condition. The Superintendent or designee shall frequently inspect all first aid materials and replenish them as necessary. (8 CCR 3400)

The Superintendent or designee shall ensure that suitable facilities for quick drenching or flushing of the eyes and body are provided within the work area for immediate emergency use when the eyes or body or any person may be exposed to injurious corrosive materials. (8 CCR 3400)

To avoid unnecessary delay in medical treatment in the event of an employee's serious injury or illness, the Superintendent or designee shall use one or more of the following: (8 CCR 3400)

1. A communication system for contacting a physician or emergency medical service, such as access to 911 or equivalent telephone system. The communication system or the employees using the system shall have the ability to direct emergency services to the location of the injured or ill employee.

2. Readily accessible and available on-site treatment facilities suitable for treatment of reasonably anticipated injury and illness

3. Proper equipment for prompt medical transport when transportation of injured or ill employees is necessary and appropriate

Protection from Communicable Diseases and Infections

The Superintendent or designee shall develop an exposure control plan for bloodborne pathogens that is consistent with the district's injury and illness prevention program. The plan shall include a determination of which job classifications have occupational exposure to blood or other potentially infectious materials; precautions to be implemented, including universal precautions, engineering and work practice controls, and personal protective equipment; availability of the hepatitis B vaccination; provision of information and training to employees; and follow-up actions to be taken if exposure occurs. The district shall ensure that a copy of the exposure control plan is accessible to employees in accordance with law. (8 CCR 5193; 29 CFR 1910.1030)

Strategies to prevent and mitigate the outbreak or spread of infectious diseases shall be followed for diseases that are communicated through airborne transmission, skin-to-skin contact, foodborne transmission, or other casual or noncasual means. Such strategies shall include, but are not limited to, communication and training about the disease(s); campus closures and alternative means of instruction when necessary; preventative measures, such as social distancing, personal protective equipment, temperature checks, and/or any other health screening allowed by law; and cleaning and sanitization of district facilities and equipment.

The Superintendent or designee shall immediately report to the local health officer the presence or suspected presence of any communicable disease. (17 CCR 2508)

Regulation 4357.1: Work-Related Injuries

Status: DRAFT

Original Adopted Date: 10/01/1995 **| Last Revised Date:** 03/01/2024

In order to provide medical benefits, temporary or permanent disability benefits, wage replacement, retraining or skill enhancement, and/or death benefits in the event that an employee becomes injured or ill in the course of employment, the district shall provide all employees with insurance and workers' compensation benefits in accordance with law. The Superintendent or designee shall develop an efficient claims handling process that reduces costs and facilitates employee recovery.

The Superintendent or designee shall notify every new employee, at the time of hire or by the end of the first pay period, of the employee's right to receive workers' compensation benefits if injured at work. (Labor Code 3551; 8 CCR 15596)

In addition, a notice regarding workers' compensation benefits shall be posted in a conspicuous location frequented by employees, where the notice may be easily read during the workday. (Labor Code 3550)

In the event that an employee is injured or becomes ill in the course of employment, the employee shall report the work-related injury or illness to the Superintendent or designee as soon as practicable. The employee and appropriate district staff shall also promptly document the date and time of any incident, a description of the incident, and any persons present.

Within one working day of receiving notice or knowledge of any injury to an employee in the course of employment, the Superintendent or designee shall provide a claim form and notice of potential eligibility for workers' compensation benefits to the employee or, in the case of the employee's death, to the employee's dependents. The claim form and notice shall be provided personally or by first class mail. (Labor Code 5401)

The Superintendent or designee shall ensure that all employee notices described above are in the form prescribed by the Department of Industrial Relations (DIR), Division of Workers Compensation.

The Superintendent or designee shall additionally ensure that any employee who is a victim of a crime that occurred at the place of employment is given written notice personally or by first class mail within one working day of the crime, or when the district reasonably should have known of the crime, that the employee is eligible for workers' compensation benefits for injuries, including psychiatric injuries, that may have resulted from the crime. (Labor Code 3553)

Upon learning of a work-related injury or illness, or injury or illness alleged to have arisen out of and in the course of employment, the Superintendent or designee shall report the incident to the district's insurance carrier or DIR, as applicable, within five days after obtaining knowledge of the injury or illness. If a subsequent death arises as a result of the reported injury or illness, an amended report indicating the death shall be filed within five days after being notified of or learning about the death. (Labor Code 6409.1)

In addition, in every case involving death or serious injury or illness, the Superintendent or designee shall immediately make a report to the Division of Occupational Safety and Health (Cal/OSHA) by telephone or through an online mechanism made available by Cal/OSHA. (Labor Code 6409.1)

For the purpose of this report, serious injury or illness means any injury or illness occurring in a place of employment or in connection with any employment that requires inpatient hospitalization for other than medical observation or diagnostic testing, or in which an employee suffers an amputation, the loss of an eye, or any serious degree of permanent disfigurement. (Labor Code 6302)

Regulation 4357.2: Ergonomics

Status: DRAFT

Original Adopted Date: 10/01/1997 **| Last Revised Date:** 07/01/2018

The Superintendent or designee shall implement an ergonomics program to identify risk factors in the work environment that may result in injuries or illnesses to employees and shall design measures to mitigate such risk factors. The program shall include a study of body movements and positions used during work, the tools and equipment used, the physical environment (such as temperature, noise, and lighting), and the organizational environment (such as deadlines, teamwork, and supervision) in order to identify potential causes of stress on the body over time, such as exertion or strain, awkward or sustained posture, or repeated motions.

An employee who experiences pain, numbness, stiffness, swelling, tingling, weakness, or other symptom(s) of a repetitive motion injury (RMI) or other musculoskeletal disorder that may be caused or aggravated by workplace conditions shall report the problem to his/her supervisor.

When an RMI which is objectively identified and diagnosed by a licensed physician to be a musculoskeletal injury has been reported by two or more district employees within a 12-month period, and is determined to be predominantly caused by a repetitive job, process, or operation of an identical work activity, the Superintendent or designee shall: (8 CCR 5110)

1. Evaluate each job, process, or operation of identical work activity at the work site, or a representative number of such jobs, processes, or operations of identical work activities, for exposures which have caused RMIs

2. Correct in a timely manner, or minimize to the extent feasible if correction is not possible, any exposures that have caused RMIs, taking into consideration engineering controls such as work station redesign, adjustable fixtures, or tool redesign, and administrative controls such as job rotation, work pacing, or work breaks

3. Provide staff training that includes an explanation of:

    a. The district's ergonomics program

    b. The exposures that have been associated with RMIs

    c. The symptoms and consequences of injuries caused by repetitive motion

    d. The importance of reporting symptoms and injuries to the district

    e. Methods used by the district to minimize RMIs

Strategies adopted for identifying and correcting workplace conditions or practices that may increase employees' risk of RMIs may be incorporated into the district's injury and illness prevention program developed pursuant to Labor Code 6401.7 and 8 CCR 3203.

Policy 4358: Employee Security

Status: DRAFT

Original Adopted Date: 07/01/2001 **| Last Revised Date:** 03/01/2025

The Board of Trustees desires to provide a safe and orderly work environment for all employees. As part of the district's comprehensive safety plan, the Superintendent or designee shall develop strategies for protecting employees from potentially dangerous persons and situations and for providing necessary assistance and support when emergency situations occur.

Any person who threatens the safety of others at any district facility may be removed by the Superintendent or designee in accordance with Administrative Regulation 3515.2 - Disruptions.

Any employee against whom harassment, violence, or any threat of violence has been directed in the workplace shall notify the Superintendent or designee immediately. As appropriate, the Superintendent or designee shall initiate legal and security measures to protect the employee and others in the workplace. Such measures may include seeking a temporary restraining order (TRO) on behalf of the employee pursuant to Code of Civil Procedure 527.8 and/or a gun violence restraining order pursuant to Penal Code 18150 and 18170.

Additionally, a collective bargaining representative may seek a TRO on behalf of a district employee against whom harassment, violence, or credible threat of violence has been directed in the workplace, if the collective bargaining representative serves that employee in employment or labor matters at the employee's workplace. (Code of Civil Procedure 527.8)

Upon request by an employee who is a victim of domestic violence, sexual assault, or stalking, the Superintendent or designee shall provide reasonable accommodations in accordance with Government Code 12945.8 and the accompanying administrative regulation to protect the employee's safety while at work.

The Superintendent or designee may pursue legal action on behalf of an employee against a student or the student's parent/guardian to recover damages for injury to the employee's person or property caused by the student's willful misconduct that occurred on district property, at a school or district activity, or in retaliation for lawful acts of the employee in the performance of the employee's duties. (Education Code 48904, 48905)

The Superintendent or designee shall provide staff development in crisis prevention and intervention techniques, which may include training in classroom management, effective communication techniques, procedures for responding to an active shooter situation, and crisis resolution.

In accordance with law, the Superintendent or designee shall inform teachers, administrators, and/or counselors of crimes and offenses committed by students who may pose a danger in the classroom. (Education Code 48201, 49079; Welfare and Institutions Code 827)

The Superintendent or designee may make available at appropriate locations, including, but not limited to, district and school offices, gyms, and classrooms, communication devices that would enable two-way communication with law enforcement and others when emergencies occur.

Reporting of Injurious Objects

Employees shall take immediate action upon being made aware that any person is in possession of a weapon or unauthorized injurious object on district property or at a district related or school-sponsored activity. Employees shall exercise their best judgment as to the potential danger involved and do one of the following:

1. Confiscate the object and deliver it to the principal immediately

2. Immediately notify the principal or supervisor, who shall take appropriate action

3. Immediately call 911 and the principal or supervisor

When informing the principal about the possession or seizure of a weapon or dangerous device, an employee shall report the name(s) of persons involved, witnesses, location, and the circumstances of any seizure.

Regulation 4358: Employee Security

Status: DRAFT

Original Adopted Date: 11/01/2000 **| Last Revised Date:** 03/01/2025

An employee may use reasonable and necessary force for self-defense or defense of another person, to quell a disturbance threatening physical injury to others or damage to property, or to obtain possession of weapons or other dangerous objects within the control of a student. (Education Code 44807, 49001)

An employee shall promptly report to the principal or other immediate supervisor any attack, assault, or physical threat made against the employee by a student or by any other individual in relation to the performance of the employee's duties, and any action the employee took in response.

Additionally, the employee and the principal or other immediate supervisor shall promptly report to local law enforcement authorities an attack, assault, or physical threat made against the employee by a student. Reports of an attack, assault, or physical threat shall be forwarded immediately to the Superintendent or designee. (Education Code 44014)

Notice Regarding Student Offenses

When a student commits certain offenses that may endanger staff or others, the following procedures shall be implemented to notify staff members as appropriate:

1. Acts That Are Grounds for Suspension or Expulsion

    a. The Superintendent or designee shall inform the teacher(s) of each student who, during the previous three school years, has engaged in or is reasonably suspected to have engaged in any act, except the possession or use of tobacco products, that would constitute a ground for suspension or expulsion as specified in Administrative Regulation 5144.1 - Suspension and Expulsion/Due Process (Education Code 49079)

    This information shall be based upon district records maintained in the ordinary course of business or records received from a law enforcement agency. (Education Code 49079)

    b. Upon receiving a transfer student's record regarding acts committed by the student that resulted in suspension or expulsion, the Superintendent or designee shall inform the student's teacher(s) that the student was suspended from school or expelled from the former district and of the act that resulted in the suspension or expulsion (Education Code 48201)

    c. Information received by teacher(s) shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher (Education Code 48201, 49079)

2. Offenses Reported to the District by a Court

    a. When informed by a court that a minor student has been found by the court to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Penal Code 290, assault or battery, larceny, vandalism, or graffiti, the Superintendent or designee shall expeditiously notify the school principal or designee (Welfare and Institutions Code 827)

    b. The principal or designee shall expeditiously disseminate this information to any counselor who directly supervises or reports on the student's behavior or progress and to any teacher or administrator directly supervising or reporting on the student's behavior or progress whom the principal or designee thinks may need the information in order to work with the student appropriately, to avoid being needlessly vulnerable, or to protect others from vulnerability (Welfare and Institutions Code 827)

    c. Any court-initiated information that a teacher, counselor, or administrator receives shall be kept confidential and used only to rehabilitate the student and protect other students and staff (Welfare and Institutions Code 827)

    The information shall be further disseminated only when communication with the student,

parent/guardian, law enforcement staff, and probation officer is necessary to rehabilitate the student or to protect students and staff. (Welfare and Institutions Code 827)

d. When a student is removed from school as a result of an offense, the Superintendent shall hold the court's information in a separate confidential file until the student is returned to the district (Welfare and Institutions Code 827)

   If the student is returned to a different district, the Superintendent shall transmit the information provided by the student's parole or probation officer to the superintendent of the new district of attendance. (Welfare and Institutions Code 827)

e. Any confidential file of court-initiated information shall be kept until the student becomes 18, graduates from high school, or is released from juvenile court jurisdiction, whichever occurs first, and shall then be destroyed (Welfare and Institutions Code 827)

Accommodations for Victims of Domestic Violence, Sexual Assault, Stalking, or Other Qualifying Acts of Violence

When requested by an employee who is a victim of domestic violence, sexual assault, stalking, or other qualifying acts of violence, the district shall provide the employee reasonable accommodations which may include the implementation of safety measures, including, but not limited to: (Government Code 12945.8)

1. A transfer, reassignment, or modified schedule
2. A changed work telephone or work station, including the permission to carry a telephone at work
3. An installed lock
4. Assistance in documenting domestic violence, sexual assault, stalking, or other qualifying act of violence that occurs in the workplace
5. Referral to a victim assistance organization
6. Another safety procedure or adjustment to a job structure, workplace facility, or work requirement in response to domestic violence, sexual assault, stalking, or other qualifying act of violence

The Superintendent or designee shall engage in a timely, good faith, and interactive process with the employee to determine effective reasonable accommodations that do not pose an undue hardship on the district. In determining whether an accommodation is reasonable, the Superintendent or designee shall consider any exigent circumstance or danger facing the employee or their family member. (Government Code 12945.8)

Upon the request of the Superintendent or designee, an employee requesting a reasonable accommodation shall provide a written statement, signed by the employee or an individual acting on the employee's behalf, certifying that the accommodation is for an authorized purpose. The Superintendent or designee may also request that the employee provide certification of the employee's status as a victim of domestic violence, sexual assault, stalking, or other qualifying act of violence. Such certification may include: (Government Code 12945.8)

1. A police report indicating that the employee, or a family member of the employee, was a victim
2. A court order protecting or separating the employee, or family member of the employee, from the perpetrator of the crime or abuse, or other evidence from the court or prosecuting attorney that the employee has appeared in court
3. Documentation from a licensed medical professional or health care provider, domestic violence or sexual assault counselor, victim advocate, or counselor that the employee, or family member of the employee, was undergoing treatment or receiving services for physical or mental injuries or abuse resulting in victimization from the crime or abuse
4. Any other form of documentation that reasonably verifies that the crime or abuse occurred, including, but not limited to, a written statement signed by the employee or by an individual acting on the employee's behalf

Any verbal or written statement, police or court record, or other documentation identifying an employee, or a family

member of the employee, as a victim shall be confidential and shall not be disclosed by the district except as required by federal or state law or as necessary to protect the employee's safety in the workplace. The employee shall be notified before any authorized disclosure. (Government Code 12945.8)

Every six months after the date of the certification, the Superintendent or designee may request recertification of the employee's status as a victim of domestic violence, sexual assault, stalking, other specified offense, or ongoing circumstances related to the crime or abuse. The employee shall notify the Superintendent or designee if, due to changing circumstances, the employee needs a new accommodation or no longer needs an accommodation. If a new accommodation is needed, the Superintendent or designee shall follow the procedures described above when making the initial determination regarding effective reasonable accommodations. (Government Code 12945.8)

The district shall not discharge or retaliate against an employee because of the employee's status as a victim of crime or abuse or for requesting a reasonable accommodation, regardless of whether the request was granted. (Government Code 12945.8)

Use of Pepper Spray

The Superintendent or designee shall notify employees of the district's policy prohibiting the possession of pepper spray on school property or at school-related activities without prior approval of the Superintendent or designee. Employees wishing to carry pepper spray shall submit to the Superintendent or designee a written request setting forth the need to carry or possess pepper spray and for how long the need is anticipated to last. The Superintendent or designee shall notify the employee in writing as to whether the request was approved or denied.

When approving an employee's request, the Superintendent or designee shall inform the employee of the following conditions:

1. The pepper spray shall be used only in self-defense pursuant to Penal Code 22810

2. An employee who uses pepper spray other than in self-defense shall be subject to disciplinary action by the district and, in accordance with law, a fine and/or imprisonment

3. The pepper spray must be stored in a secure place and not be accessible to students or other individuals

   Negligent storage or use of the pepper spray may subject the employee to disciplinary action.

Policy 4359: Employee Assistance Programs

Status: DRAFT

Original Adopted Date: 07/01/1986 **| Last Revised Date:** 07/01/2002

The Board of Trustees recognizes that school district employees may have problems which can have detrimental effects upon job performance and student safety. The Board encourages employees to seek help when such problems exist and to take advantage of the resources that are available to assist them.

Employees shall have confidential access to information about the district's employee assistance program. This information shall be available to all employees and their spouses and dependents.

Management and supervisory staff shall be knowledgeable about the district's employee assistance program and may counsel employees about the program, as appropriate.

Participation in the assistance program shall not jeopardize an employee's employment or career advancement, nor will it protect the employee from disciplinary action for substandard job performance.

Policy 4361: Leaves

Status: DRAFT

Original Adopted Date: 12/01/1988 **| Last Revised Date:** 06/01/2024

The Board of Trustees shall provide for paid and unpaid leaves of absence for employees in accordance with law, Board policy, administrative regulation, collective bargaining agreements, and merit system rules, as applicable.

Employees have the right to take leaves as authorized by law and/or collective bargaining agreements, including, but not limited to:

1. Personal illness or injury
2. Industrial accident or illness
3. Family care and medical leave
4. Military service
5. Personal necessity and personal emergencies
6. Disability leave for certificated employees in accordance with Education Code 44986
7. Vacations for classified staff and certificated management staff, as applicable
8. Sabbaticals for purposes of study or training related to the employee's job duties
9. Attendance at work-related meetings and staff development opportunities
10. Compulsory leave
11. Maternity, parental leave, and reproductive loss leave for both certificated and classified staff, as applicable under state law
12. Bereavement

Long-Term Leaves

With Board approval, an employee may receive a leave of absence, without pay and without accruing seniority or service credit, for a period of up to one school year. Applications for long-term leave shall be made in writing and shall state the purpose for which leave is requested. All long-term leave agreements shall be in writing and shall state the terms and conditions of the leave, including the conditions governing the employee's return.

At the end of a long-term leave, the employee shall be reinstated to a similar position as that employee held at the time leave was granted, unless otherwise agreed upon.

The Board shall consider any written request by an employee to return to work prior to the expiration date of the leave.

Administrative and Supervisory Personnel

Certificated administrative and supervisory employees who are not subject to the district's bargaining agreement for certificated employees shall generally be entitled to those leave provisions provided in the bargaining agreement for other certificated employees unless otherwise specified in individual contract, memorandums of understanding, Board policy, administrative regulation, or law.

Classified administrative and supervisory employees who are not subject to the district's bargaining agreement for classified employees shall generally be entitled to those leave provisions provided in the bargaining agreement for other classified employees unless otherwise specified in individual contract, memoranda of understanding, Board policy, administrative regulation, or law.

Regulation 4361: Leaves

Status: DRAFT

Original Adopted Date: 12/01/1988 **| Last Revised Date:** 06/01/2024

Failure to Return to Service After Leave

The district may terminate the employment of a certificated employee who was on leave of absence for 20 or more consecutive working days after April 30 of the previous school year if all of the following circumstances exist: (Education Code 44842)

1. The employee fails to report for duty, without good cause, at the beginning of the school year after having notified the Board of Trustees of the intention to remain in service with the district in accordance with Education Code 44842

2. The district had specifically notified the employee, at least five days in advance, of the time and place at which the employee was to report to work

3. The employee continues to be absent from work for 20 consecutive working days, beginning from the date the employee was to report to work.

4. The employee did not request or was not granted a leave of absence authorized by the Board

Use of Leaves by Classified Employees

A classified employee may interrupt or terminate vacation leave in order to begin another type of paid leave without a return to active service, as long as the employee provides adequate notice and relevant supporting information regarding the basis for such interruption or termination. (Education Code 45200)

Regulation 4361.1: Personal Illness/Injury Leave

Status: DRAFT

Original Adopted Date: 03/01/2017 **| Last Revised Date:** 06/01/2024

The following administrative regulation applies to certificated employees, including certificated management. For classified employees, including classified management, see Administrative Regulation 4261.1 – Personal Illness/Injury Leave.

Certificated employees employed five school days per week are entitled to 10 days leave of absence with full pay for personal illness or injury (sick leave) per school year of service. Employees who work less than five school days per week (part-time employees) shall be granted sick leave in proportion to the time they work. However, any part-time employees who are entitled to less than three days of paid sick leave per year due to the amount of time worked shall be granted sick leave pursuant to Labor Code 246, if they are eligible. (Education Code 44978; Labor Code 245-249)

Use of Sick Leave

A certificated employee may use sick leave for absences as authorized by law and/or collective bargaining agreement, including, but not limited to:

1. Accident or illness, whether or not the absence arises out of and in the course of employment; quarantine which results from contact in the course of employment with other persons having a contagious disease; or temporary inability to perform assigned duties because of illness, accident, or quarantine (Education Code 44964)

2. Pregnancy, miscarriage, childbirth, and related recovery, as well as reproductive loss (Education Code 44965, 44978; Government Code 12945.6)

3. Personal necessity (Education Code 44981)

4. Industrial accidents or illnesses when leave granted specifically for that purpose has been exhausted (Education Code 44984)

5. Need of the employee to bond with a child within one year of the child's birth, adoption, or foster care placement (parental leave) (Education Code 44977.5; Government Code 12945.2; 29 USC 2612; 29 CFR 825.112)

6. Need of the employee or employee's family member, including a designated person, as defined in Labor Code 245.5, for the diagnosis, care, or treatment of an existing health condition or for preventive care (Government Code 12945.2; Labor Code 233, 246.5)

7. Need of the employee to seek or obtain any relief or medical attention specified in Labor Code 230(c) and 230.1(a) for the health, safety, or welfare of the employee or the employee's child, when the employee has been a victim of domestic violence, sexual assault, or stalking (Labor Code 233, 246.5)

8. Bereavement leave, as specified in Administrative Regulation 4161.2/4261.2/4361.2 - Personal Leaves (Education Code 44985; Government Code 12945.7)

For the purposes specified in Items #7-8, an employee may use, in any calendar year, the amount of sick leave that would be accrued during six months at the employee's then current rate of entitlement. (Labor Code 233)

An employee may take sick leave at any time during the school year, even if credit for sick leave has not yet been accrued. (Education Code 44978)

Unused days of sick leave shall be accumulated from year to year without limitation. (Education Code 44978)

An employee shall reimburse the district for any unearned sick leave used as of the date of termination, in accordance with Education Code 44042.5.

At the beginning of each school year, employees shall be notified of the amount of sick leave they have accumulated.

The district shall not require new employees to waive leave accumulated in a previous district. (Education Code 44979, 44980)

The Superintendent or designee shall notify any certificated employee who leaves the district after at least one school year of employment that if the employee accepts a certificated position in another district, county office of education, or community college district within one year, the employee may request that the district transfer any accumulated sick leave to the new employer. (Education Code 44979, 44980)

Additional Leave for Disabled Military Veterans

In addition to any other entitlement for sick leave with pay, a certificated employee who is a former active duty member of the U.S. Armed Forces or a former or current member of the California National Guard or a federal reserve component shall be entitled to sick leave with pay of up to 10 days for the purpose of undergoing medical treatment, including mental health treatment, for a military service-connected disability rated at 30 percent or more by the U.S. Department of Veterans Affairs. An eligible employee who works less than five days per week shall be entitled to such leave in proportion to the time worked. (Education Code 44978.2)

The amount of leave shall be credited to the employee either on the date the employee receives confirmation of the submission of the disability application to the U.S. Department of Veterans Affairs or on the first day the employee begins or returns to employment after active duty, whichever is later. When the employee receives the disability rating decision, the employee shall report that information to the Superintendent or designee. If the disability rating decision makes the employee eligible for the leave, the time used before the decision shall be counted toward the 10-day maximum leave. If the disability rating decision makes the employee ineligible for the leave, the district may change the sick leave time used before the disability rating decision to an alternative leave balance. (Education Code 44978.2)

The Superintendent or designee may require verification, in accordance with the section "Verification Requirements" below, that the employee used the leave to obtain treatment of a military service-connected disability.

Leave for military-service connected disability shall be available for 12 months following the first date that the leave was credited. Leave not used during the 12-month period shall not be carried over and shall be forfeited. (Education Code 44978.2)

Notification of Absence

An employee shall notify the Superintendent or designee of the need to be absent as soon as such need is known, so that substitute services may be secured. This notification shall include an estimate of the expected duration of absence. If the absence becomes longer than estimated, the employee shall so notify the district. If the duration of absence becomes shorter than estimated, the employee shall notify the district not later than three o'clock in the afternoon of the day preceding the day on which the employee intends to return to work. If the employee fails to notify the district and the failure results in a substitute being secured, the cost of the substitute shall be deducted from the employee's pay.

Continued Absence After Available Sick Leave Is Exhausted/Differential Pay

During each school year, when a certificated employee has exhausted all available sick leave, including all accumulated sick leave, and, due to illness or accident, continues to be absent for an additional period of up to five school months, the district shall deduct from the employee's regular salary for that period the actual cost of a substitute to fill the position. If the district has made every reasonable effort to secure the services of a substitute and has been unable to do so, the amount that would have been paid to a substitute shall be deducted from the employee's salary. (Education Code 44977)

An employee shall not be provided more than one five-month period per illness or accident. However, if the school year ends before the five-month period is exhausted, the employee may take the balance of the five-month period in a subsequent school year. (Education Code 44977)

Absence Beyond Five-Month Period/Reemployment List

If a certificated employee is not medically able to return to work after the five-month period provided pursuant to Education Code 44977, the employee shall be placed either in another position or on a reemployment list. Placement on the reemployment list shall be for 24 months for probationary employees or 39 months for permanent

employees and shall begin at the expiration of the five-month period. If during this time the employee becomes medically able, the employee shall be returned to employment in a position for which the employee is credentialed and qualified. (Education Code 44978.1)

Parental Leave

During each school year, a certificated employee may use all available sick leave, including accumulated sick leave, for the purpose of parental leave for a period of up to 12 work weeks. The 12-week period shall be reduced by any period of sick leave, including accumulated sick leave, taken during a period of such parental leave. (Education Code 44977.5)

Eligibility for such leave shall not require 1,250 hours of service with the district during the previous 12 months. (Education Code 44977.5)

An employee who has exhausted all available sick leave, including accumulated sick leave, and continues to be absent on account of parental leave shall receive differential pay of at least 50 percent of the employee's regular salary for the remainder of the 12 work weeks. (Education Code 44977.5)

Parental leave taken pursuant to Education Code 44977.5 shall run concurrently with the parental leave taken pursuant to Government Code 12945.2 or 12945.6, and the aggregate amount of parental leave shall not exceed 12 work weeks in a 12-month period. (Education Code 44977.5; Government Code 12945.2, 12945.6)

Verification Requirements

After any absence due to illness or injury, the employee shall verify the absence by submitting a completed and signed district absence form to the employee's immediate supervisor.

The Superintendent or designee may require verification whenever an employee's absence record shows chronic absenteeism or a pattern of absences immediately before or after weekends and/or holidays or whenever available evidence clearly indicates that an absence is not related to illness or injury.

In addition, the Superintendent or designee may require an employee to visit a physician selected by the district, at district expense, in order to receive a report on the employee's need for further leave of absence and a prognosis as to when the employee will be able to return to work. If the report concludes that the employee's condition does not warrant continued absence, the Superintendent or designee may, after giving notice to the employee, deny further leave.

Any district request for additional verification by an employee's physician or a district-selected physician shall be in writing and shall specify that the report to be submitted to the district should not contain the employee's genetic information. Any genetic information received by the district on behalf of an employee shall be treated as a confidential medical record, maintained in a file separate from the employee's personnel file, and not be disclosed except in accordance with 29 CFR 1635.9.

Before returning to work, an employee who has been absent for surgery, hospitalization, or extended medical treatment may be asked to submit a letter from a physician stating that the employee is able to return to duty and stipulating any necessary restrictions or limitations.

Healthy Workplaces, Healthy Families Act Requirements

No employee shall be denied the right to use accrued sick days, and the district shall not in any manner discriminate or retaliate against an employee for using or attempting to use sick leave, filing a complaint with the Labor Commissioner, or alleging district violation of Labor Code 245-249.

To ensure the district's compliance with Labor Code 245-249, the Superintendent or designee shall:

1. At a conspicuous location in each workplace, display a poster on paid sick leave that includes the following information:

    a. That an employee is entitled to accrue, request, and use paid sick days

    b. The number of sick days provided by Labor Code 245-249

c. The terms of use of paid sick days

d. That discrimination or retaliation against an employee for requesting and/or using sick leave is prohibited by law and that an employee has the right to file a complaint with the Labor Commissioner if the district discriminates or retaliates against the employee

2. Provide at least 40 hours or five days of paid sick leave to each eligible employee to use per year and allow eligible employees to use accrued sick leave upon reasonable request

3. Provide eligible employees written notice, on their pay stub or other document issued with their pay check, of the amount of paid sick leave they have available

4. Keep a record documenting the hours worked and paid sick days accrued and used by each eligible employee for three years

Regulation 4361.11: Industrial Accident/Illness Leave

Status: DRAFT

Original Adopted Date: 10/01/1998 **| Last Revised Date:** 10/01/2015

An eligible employee shall be entitled to a leave of absence for an industrial accident or illness arising in the course of his/her assigned duties. (Education Code 44984, 45192)

For such leave, the employee shall be granted no more than 60 working days in any one fiscal year for the same industrial accident or illness.

To be eligible for industrial accident or illness leave, a classified employee shall have served in the district continuously for at least three years.

Allowable industrial accident or illness leave shall not be accumulated from year to year. (Education Code 44984, 45192)

When an employee is absent from his/her duties because of an industrial accident or illness: (Education Code 44043, 44044, 44984, 45192)

1. The leave shall start on the first day of absence.

2. During the period of absence, the employee shall be paid such portion of his/her wage or salary that, when added to the award granted under state workers' compensation laws, will not exceed his/her normal wage or salary.

3. The leave shall be reduced by one day for each day of authorized absence, regardless of an award granted under workers' compensation laws.

4. When the leave overlaps into the next fiscal year, the employee is entitled to only the amount of unused leave due the employee for the same illness or injury.

During any paid leave of absence, the employee shall endorse to the district any workers' compensation checks received on account of an industrial accident or illness. The Superintendent or designee shall then issue payment of the employee's normal wage or salary less any appropriate deductions, including, but not limited to, employee retirement contributions. (Education Code 44043)

Absence for industrial accident or illness shall not be considered a break in service of the employee. An employee using such leave shall retain all status and benefits to which he/she would otherwise be entitled.

When available industrial accident or illness leave has been exhausted, the employee shall be so notified in writing and shall be offered an opportunity to request any additional paid or unpaid leave available to the employee. (Education Code 45192)

Upon expiration of allowable leave for an industrial accident or illness, the employee may use personal illness and injury leave provided pursuant to Education Code 44977, 44978, 44983, or 45191, as applicable, provided that such leave, when added to any continuing workers' compensation award, does not result in a payment to the employee of more than his/her full wage or salary. (Education Code 44984, 45192)

If a certificated employee is unable to resume the duties of his/her position after exhausting all accumulated sick leave, including the consecutive five-month period provided by Education Code 44977, he/she shall, if not placed in another position, be placed on a reemployment list for a period of 24 months if he/she is a probationary employee or 39 months if he/she is a permanent employee. If the employee becomes medically able to resume duties during the period of reemployment eligibility, he/she shall be returned to employment in a position for which he/she is credentialed and qualified. (Education Code 44978.1)

If a classified employee has exhausted all available leaves of absence, paid or unpaid, and is not medically able to resume the duties of his/her position, he/she shall, if not placed in another position, be placed on a reemployment list for a period of 39 months. If he/she becomes medically able to resume duties during the period of reemployment eligibility, he/she shall be employed in a vacant position in the class of his/her previous assignment over all other candidates except those on a reemployment list established because of lack of work or lack of funds, in which case the employee shall be listed in accordance with seniority regulations. If the employee is medically released to return

to duty but fails to accept an appropriate assignment, he/she shall be dismissed. (Education Code 45192)

Regulation 4361.2: Personal Leaves

Status: DRAFT

Original Adopted Date: 11/01/2012 **| Last Revised Date:** 06/01/2024

Personal leaves granted to district employees shall be used as permitted in law, this administrative regulation, other Board of Trustees-approved policy or district regulation, or applicable collective bargaining agreement, or as otherwise required by law.

For the purpose of any personal leave offered pursuant to state law, a registered domestic partner shall have the same rights, protections, and benefits as a spouse and any protections provided to a spouse's child shall also apply to a child of a registered domestic partner. (Family Code 297.5)

Whenever possible, employees shall request personal leaves in advance and prepare suitable instructions, including lesson plans as applicable, for a substitute employee.

Bereavement

Employees are entitled to a leave of up to five days upon the death of any member of the employee's immediate family, as defined in Education Code 44985 and 45194.

"Immediate family" means a parent, parent-in-law, grandparent, or grandchild of the employee or of the spouse of the employee, and the spouse, domestic partner, child, child-in-law, sibling, or sibling-in-law of the employee, or any relative living in the immediate household of the employee. (Education Code 44985, 45194; Government Code 12945.7)

No deduction shall be made from the employee's salary for any authorized paid bereavement leave as specified in the collective bargaining agreement or as otherwise established by this policy, nor shall such leave be deducted from any other leave to which the employee is entitled unless requested by the employee. (Education Code 44985, 45194; Government Code 12945.7)

At the employee's request, bereavement leave may be extended under personal necessity leave provisions as provided in the section "Personal Necessity" below. (Education Code 44981, 45207)

Reproductive Loss

Upon request by any employee who has experienced a reproductive loss event, defined as the day or, for a multiple-day event, the final day of a failed adoption, failed surrogacy, miscarriage, stillbirth, or an unsuccessful assisted reproduction, the district shall grant the employee up to five days of reproductive loss leave, to be taken consecutively or non-consecutively. The employee shall take the leave within three months following the event. If the employee is on another type of leave at the time of the reproductive loss event, or chooses to take another type of leave immediately following a reproductive loss event, then the reproductive loss leave shall be completed within three months of the end date of the other leave. (Government Code 12945.6)

Reproductive loss leave will be unpaid unless the employee chooses to use vacation, personal leave, accrued and available sick leave, or compensatory time off that is otherwise available to the employee. (Government Code 12945.6)

Any request or inquiry or information provided by an employee related to reproductive loss leave and/or a reproductive loss shall remain confidential, except to internal personnel or counsel as necessary or as required by law.

Personal Necessity

Employees may use a maximum of seven days of accrued personal illness/injury leave (sick leave) during each school year for reasons of personal necessity. (Education Code 44981, 45207)

Acceptable reasons for the use of personal necessity leave include:

1. Death of a member of the employee's immediate family when the number of days of absence exceeds the limits set by bereavement leave provisions (Education Code 44981, 45207; Government Code 12945.7)

2. An accident involving the employee or the employee's property, or the person or property of a member of the employee's immediate family (Education Code 44981, 45207)

3. Illness, preventive care, or other need of a member of the employee's family, as defined in Labor Code 245.5 (Education Code 44981; Government Code 12945.2; Labor Code 246.5)

4. A classified employee's appearance in any court or before any administrative tribunal as a litigant, party, or witness under subpoena or other order (Education Code 45207)

5. Fire, flood, or other immediate danger to the home of the employee

6. Personal business of a serious nature which the employee cannot disregard

Leave for personal necessity may be allowed for other reasons at the discretion of the Superintendent or designee. However, personal necessity leave shall not be granted for purposes of personal convenience, for the extension of a holiday or vacation, or for matters which can be taken care of outside of working hours. The Superintendent or designee shall have final discretion as to whether a request reflects personal necessity.

Advance permission shall not be required of an employee in any case involving the death of a member of the employee's immediate family, an accident involving the employee's person or property or the person or property of a member of the employee's immediate family, or the illness, preventive care, or other need of a member of the employee's family. (Education Code 44981, 45207)

For any leave that is planned, or for which the need is foreseeable, an employee shall notify the Superintendent or designee in advance. In all other circumstances, the employee shall notify the Superintendent or designee of the need for the leave as soon as practicable.

After any absence due to personal necessity, the employee shall verify the absence by submitting a completed and signed district absence form to the employee's immediate supervisor.

Leave to Perform Legal Duties

An employee may take time off work in order to: (Labor Code 230)

1. Serve on an inquest jury or trial jury

2. Comply with a subpoena or other court order to appear as a witness

Notices, summons, and subpoenas for court appearances shall be submitted to the district office when requesting leave.

A classified employee called for jury duty shall be granted leave with pay up to the amount of the difference between the employee's regular earnings and any amount received for jury fees. (Education Code 44037)

A certificated employee who is called for jury duty also shall be granted leave with pay up to the difference between the employee's regular earnings and any jury fees received. (Education Code 44036)

A certificated employee shall be granted leave with pay to appear in court as a witness other than as a litigant or to respond to an official order from another governmental jurisdiction for reasons not brought about through the connivance or misconduct of the employee. Such an employee shall receive the difference between the employee's regular earnings and any witness fees received. (Education Code 44036)

Leaves for Crime Victims for Judicial Proceedings

An employee who is a victim of a crime or an immediate family member, registered domestic partner, or child of a registered domestic partner of such victim may be absent from work in order to attend related judicial proceedings, if the crime is any of the following: (Labor Code 230.2)

1. A violent felony as defined in Penal Code 667.5(c)

2. A serious felony as defined in Penal Code 1192.7(c)

3. A felony provision of law proscribing theft or embezzlement

For these purposes, the employee may use vacation, personal leave, personal illness/injury leave, unpaid leave, or compensatory time off that is otherwise available to the employee. (Labor Code 230.2)

Prior to taking time off, an employee shall give the Superintendent or designee a copy of the notice of each scheduled proceeding that is provided by the responsible agency, unless advance notice is not feasible. When advance notice is not feasible or an unscheduled absence occurs, the employee shall, within a reasonable time after the absence, provide documentation evidencing the judicial proceeding from the court or government agency setting the hearing, the district attorney or prosecuting attorney's office, or the victim/witness office that is advocating on behalf of the victim. (Labor Code 230.2)

The district shall keep confidential any records pertaining to the employee's absence from work by reason of this leave. (Labor Code 230.2)

Leaves for Victims of Crime or Abuse

An employee who is a victim of domestic violence, sexual assault, stalking, or a crime that caused physical injury or mental injury with a threat of physical injury or an employee whose immediate family member, as defined, is deceased as the direct result of a crime may use vacation, sick leave, personal leave, or compensatory time off that is otherwise available to the employee to attend to the following activities: (Labor Code 230, 230.1, 246.5)

1. Obtain or attempt to obtain any relief, including, but not limited to, a temporary restraining order, restraining order, or other injunctive relief to help ensure the health, safety, or welfare of the employee or the employee's child

2. Seek medical attention for injuries caused by crime or abuse

3. Obtain services from a domestic violence shelter, program, rape crisis center, or victim services organization or agency as a result of the crime or abuse

4. Obtain psychological counseling or mental health services related to an experience of crime or abuse

5. Participate in safety planning and take other actions to increase safety from future crime or abuse, including temporary or permanent relocation

Prior to taking time off, an employee shall give reasonable notice to the Superintendent or designee, unless advance notice is not feasible. When an unscheduled absence occurs, the employee shall provide, within a reasonable period of time, certification of the absence in the form of any of the following: (Labor Code 230, 230.1)

1. A police report indicating that the employee was a victim

2. A court order protecting or separating the employee from the perpetrator of the crime or abuse, or other evidence from the court or prosecuting attorney that the employee has appeared in court

3. Documentation from a domestic violence or sexual assault counselor as defined in Evidence Code 1037.1 or 1035.2, licensed medical professional or health care provider, victim advocate, or counselor that the employee was undergoing treatment or receiving services for physical or mental injuries or abuse resulting in victimization from the crime or abuse

4. Any other form of documentation that reasonably verifies that the crime or abuse occurred, including, but not limited to, a written statement signed by the employee or by an individual acting on the employee's behalf certifying that the absence is for a purpose authorized under Labor Code 230 or 230.1

The district shall maintain the confidentiality of such an employee to the extent authorized by law. (Labor Code 230, 230.1)

The Superintendent or designee shall inform employees of the rights provided employees pursuant to Labor Code 230 and 230.1 using a form developed by the Labor Commissioner or a substantially similar form developed by the

district. Such information shall be provided to new employees upon hire and to other employees upon request. (Labor Code 230.1)

Personal Leave for Child-Related Activities

Any employee who is a parent/guardian of one or more children of an age to attend any of grades K-12 or a program offered by a licensed child care provider may use up to 40 hours of personal leave, vacation, or compensatory time off each school year in order to: (Labor Code 230.8)

1. Find, enroll, or reenroll a child in a school or with a licensed child care provider or to participate in activities of the school or child care provider, provided the employee gives reasonable advance notice of the absence. Time off for this purpose shall not exceed eight hours in any calendar month.

2. Address a school or child care emergency, provided the employee gives notice. An emergency exists when the child cannot remain in school or with a child care provider due to one of the following circumstances:

    a. A request by the school or child care provider that the child be picked up

    b. An attendance policy, excluding planned holidays, that prohibits the child from attending or requires that the child be picked up from the school or child care provider

    c. Behavioral or discipline problems

    d. Closure or unexpected unavailability of the school or child care provider, excluding planned holidays

    e. A natural disaster, including, but not limited to, fire, earthquake, or flood

For purposes of this leave, parent/guardian includes a parent, guardian, stepparent, foster parent, grandparent, or person who stands in loco parentis to a child. (Labor Code 230.8)

In lieu of using vacation, personal leave, or compensatory time off, eligible employees may take unpaid leave for this purpose.

If two or more parents/guardians of a child are employed at the same work site, this leave shall be allowed for the parent/guardian who first gives notice to the district. Simultaneous absence by another parent/guardian of the child may be granted by the Superintendent or designee. (Labor Code 230.8)

Upon request by the Superintendent or designee, the employee shall provide documentation from the school or licensed child care provider that the employee engaged in permitted child-related activities on a specific date and at a particular time. (Labor Code 230.8)

Service on Education Boards and Committees

Upon request, a certificated employee shall be granted up to 20 school days of paid leave per school year for service performed within the state on any education board, commission, committee, or group authorized by Education Code 44987.3 provided that all of the following conditions are met: (Education Code 44987.3)

1. The service is performed within the state

2. The board, commission, organization, or group informs the district in writing of the service

3. The board, commission, organization, or group agrees, prior to the service, to reimburse the district, upon the district's written request, for compensation paid to the employee's substitute and for actual related administrative costs

Employee Organization Activities

Upon request, any certificated or classified employee shall be granted a leave of absence without loss of compensation, to serve as an elected officer of a district employee organization or any statewide or national employee organization with which the employee organization is affiliated. Such leave shall be in addition to any other leave to which the employee may be entitled by other laws or a memorandum of understanding or collective

bargaining agreement. (Education Code 44987, 45210)

The leave shall include, but is not limited to, absence for purposes of attending periodic, stated, special, or regular meetings of the body of the organization on which the employee serves as an officer. (Education Code 44987, 45210)

Upon request of an employee organization in the district or its state or national affiliate, a reasonable number of unelected classified employees shall be granted a leave of absence without loss of compensation for the purpose of attending important organizational activities authorized by the employee organization. The employee organization shall provide reasonable notification to the Superintendent or designee when requesting a leave of absence for employees for this purpose. (Education Code 45210)

When leave is granted for any of the above purposes, the employee organization shall reimburse the district within 10 days after receiving the district's certification of payment of compensation to the employee. (Education Code 44987, 45210)

Religious Leave

The Superintendent or designee may grant an employee up to three days of leave per year for religious purposes, provided that the leave is requested in advance and that it does not cause additional district expenditures, the neglect of assigned duties, or any other unreasonable hardship on the district.

The Superintendent or designee shall deduct the cost of hiring a substitute, when required, from the wages of the employee who takes religious leave.

No employee shall be discriminated against for using this leave or any additional days of unpaid leave granted for religious observances at the discretion of the Superintendent or designee.

Spouse on Leave from Military Deployment

An employee who works an average of 20 hours or more per week and whose spouse is a member of the United States Armed Forces, National Guard, or reserves may take up to 10 days of unpaid leave during a period that the employee's spouse is on leave from deployment during a military conflict, as defined in Military and Veterans Code 395.10. (Military and Veterans Code 395.10)

Within two business days of receiving official notice that the employee's spouse will be on leave from deployment, the employee shall provide the Superintendent or designee with notice of the intention to take the leave. The employee shall submit written documentation certifying that the employee's spouse will be on leave from deployment during the time that the leave is requested. (Military and Veterans Code 395.10)

Leave for Emergency Duty

An employee may take time off to perform emergency duty as a volunteer firefighter, a reserve peace officer, or emergency rescue personnel. (Labor Code 230.3)

Any employee who performs duty as a volunteer firefighter, reserve peace officer, or emergency rescue personnel shall be permitted to take temporary leaves of absence, not to exceed an aggregate total of 14 days per calendar year, for the purpose of engaging in fire, law enforcement, or emergency rescue training. (Labor Code 230.4)

Civil Air Patrol Leave

An employee may take up to 10 days of unpaid leave per calendar year, beyond any leave otherwise available to the employee, to respond to an emergency operational mission of the California Civil Air Patrol, provided that the employee has been employed by the district for at least a 90-day period immediately preceding the leave. Such leaves shall not exceed three days for a single mission, unless an extension is granted by the governmental entity authorizing the mission and is approved by the Superintendent or designee. (Labor Code 1501, 1503)

The employee shall give the district as much advance notice as possible of the intended dates of the leave. The Superintendent or designee may require certification from the proper Civil Air Patrol authority to verify the eligibility of the employee for the leave and may deny the leave if the employee fails to provide the required certification. (Labor Code 1503)

Regulation 4361.5: Military Leave

Status: DRAFT

Original Adopted Date: 03/01/2004 **| Last Revised Date:** 09/01/2022

Military leave shall be granted in accordance with applicable state and federal law to employees performing military duties on a voluntary or involuntary basis in a uniformed service, including active duty, active duty for training, initial active duty for training, inactive duty training, full-time National Guard duty, examination to determine fitness for duty, and performance of funeral honors duty. (Education Code 44800; Military and Veterans Code 395, 395.01, 395.02, 395.05, 395.1, 395.2, 395.9; 38 USC 4301, 4303, 4316)

Any district employee who needs to be absent from the district service to fulfill military service shall provide advance written or verbal notice to the Superintendent or designee, unless the giving of such notice is precluded by military necessity or is otherwise impossible or unreasonable. (38 USC 4312; 20 CFR 1002.85, 1002.86)

Salary/Compensation

The district shall pay an employee's salary or compensation for the first 30 days of any one absence for military leave or during one fiscal year, under any of the following conditions:

1. Active Military Training or Exercises: The employee is granted a temporary military leave of absence to engage in ordered military duty for purposes of active military training, encampment, naval cruises, special exercises, or like activity as a member of the reserve corps or force of the United States Armed Forces, National Guard, or Naval Militia, provided that: (Military and Veterans Code 389, 395, 395.01)

    a. The employee has been employed by the district for at least one year immediately prior to the day the military leave begins.

    b. The ordered duty does not exceed 180 days, including time involved in going to and returning from such duty.

2. Active Military Duty: The employee is on military leave, other than a temporary military leave, to engage in active military duty as a member of the reserve corps or force of the United States Armed Forces, the National Guard, or the Naval Militia, provided that the employee has been employed by the district for at least one year immediately prior to the day the military leave begins. (Military and Veterans Code 389, 395.02)

3. War or Other Emergency: The employee, however long employed by the district, is a member of the National Guard who is engaged in military or naval duty during a state of extreme emergency as declared by the Governor, or during such time as the National Guard may be on active duty in situations described in Military and Veterans Code 146, including travel time to and from such duty. (Military and Veterans Code 395.05)

4. Inactive Duty Training: The employee is a member of the reserve corps or force of the United States Armed Forces, National Guard, or Naval Militia who is engaged in temporary inactive duty training, provided that the employee has been employed by the district for at least one year immediately prior to the day the military leave begins and the ordered duty does not exceed 180 days, including time involved in going to and returning from such duty.

In determining the length of district employment when necessary to determine eligibility for compensation for military leave, all recognized military service performed during and prior to district employment shall be included.

For classified employees, 30 days' compensation shall be one month's salary. For certificated employees, 30 days' compensation shall be one-tenth of the employee's annual salary. (Education Code 45059)

During the period of military leave, an employee may request to use any vacation or similar paid leave accrued before the commencement of the military leave in order to continue receiving compensation for the employee's employment with the district. The district shall not require the employee to use such leave. (38 USC 4316; 20 CFR 1002.153)

Benefits

An employee may elect to continue health plan coverage during the military leave. The maximum period of coverage for the employee and any dependents shall be either 24 months from the beginning of the leave or until the day after

the employee fails to apply for or return to employment, whichever is less. (38 USC 4317; 20 CFR 1002.164)

An employee on military leave may be required to pay the employee cost, if any, of any funded benefit to the extent that other employees on leave are so required. (38 USC 4316)

An employee absent for 30 days or fewer shall not be required to pay more than the employee share for such coverage. An employee absent for 31 days or more may be required to pay not more than 102 percent of the full premium under the plan. (38 USC 4317; 20 CFR 1002.166)

Any employee called into active military duty as a member of the California National Guard or a United States Military Reserve organization shall receive, for up to 180 days, the difference between the amount of the employee's military pay and the amount the employee would have received from the district and all benefits that the employee would have received had the employee not been called to active military duty, unless the benefits are prohibited or limited by vendor contracts. (Education Code 44018)

Vacation and Sick Leave Accrual

An employee on temporary military leave under the conditions described in Item #1 in the section entitled "Salary/Compensation" above, shall continue to accrue the same vacation, sick leave, and holiday privileges to which the employee would otherwise be entitled if not absent. (Military and Veterans Code 395)

An employee on military leave who is serving in active duty in time of war, national emergency, or United Nations military or police operation shall not accrue sick leave or vacation leave during the period of such leave. (Military and Veterans Code 395.1)

However, an employee who is a National Guard member on active duty as described in Item #3 in the section entitled "Salary/Compensation" above, shall not suffer any loss or diminution of vacation or holiday privileges because of the employee's leave of absence. (Military and Veterans Code 395.05)

Pension Plan Service Credit

Pension plan service credit and vesting shall continue during an employee's military leave as though no break in service had occurred. Payment of employer and employee contributions shall be made in accordance with law for members of the State Teachers' Retirement System or Public Employees' Retirement System. (Education Code 22850-22856; Government Code 20990-21013)

Employment Status

Absence for military leave shall not affect the classification of any employee. In the case of a probationary employee, the period of such absence shall not count as part of service required to obtain permanent status, but shall not be construed as a break in the continuity of service for any purpose. (Education Code 44800; Military and Veterans Code 395; 20 CFR 1002.149)

Reinstatement Rights

At the conclusion of the military duty, an employee shall be promptly reinstated in the position held at the beginning of the leave, at the salary to which the employee would otherwise have been entitled, except under the conditions noted below in this section. (Education Code 44800; Military and Veterans Code 395, 395.2; 38 USC 4304, 4313; 20 CFR 1002.180-1002.181)

Any employee who performs active military duty in time of war, national emergency, or United Nations military or police operation has a right to return to the position held prior to the military service, during terminal leave prior to the employee's discharge, separation, or release from the armed forces, or within six months of the employee's release, separation, honorable discharge, or placement on inactive duty. Reinstatement rights shall not be extended to any such employee who fails to return within 12 months after the first date upon which the employee could terminate or could cause to have terminated active service. (Education Code 44800; Military and Veterans Code 395.1)

When an employee has been on military leave for reasons other than war or national emergency, the time frame for seeking reinstatement shall depend on the length of military service as follows: (38 USC 4312; 20 CFR 1002.115, 1002.118)

1. For a leave of 30 days or fewer, the employee shall report for duty no later than the beginning of the first full work day following the completion of the military service plus a period of eight hours of rest following a period for safe transportation to the employee's residence.

2. For a leave of 31-180 days, the employee shall submit a written or verbal application for reinstatement not later than 14 days after the completion of military service.

3. For a leave of more than 180 days, the employee shall submit a written or verbal application for reinstatement within 90 days after the completion of military service.

Where an employee's reporting or application for reinstatement within the periods specified in Items #1 and #2 above is impossible or unreasonable through no fault of the employee, the report or application shall be made as soon as possible after the expiration of the period. In the case of Items #2 and #3 where an application is required, the employee's application may be made orally or in writing and need not follow any particular format. (38 USC 4312; 20 CFR 1002.115, 1002.117, 1002.118)

An employee who is hospitalized for, or convalescing from, an illness or injury incurred in or aggravated during the performance of military service shall report for duty or submit an application for reinstatement at the end of the period that is necessary to recover from such illness or injury, but no more than two years after the completion of military service unless circumstances beyond the employee's control make reporting within the two-year period impossible or unreasonable. (38 USC 4312; 20 CFR 1002.116)

Upon receiving an application for reinstatement, the Superintendent or designee shall reinstate the employee as soon as practicable under the circumstances of the case, but within a time period not to exceed two weeks, absent unusual circumstances. (20 CFR 1002.181)

If the employee's previous position has been abolished, the district shall reinstate the employee in a position of like seniority, status, and pay, if such position exists, or to a comparable vacant position for which the employee is qualified. (Military and Veterans Code 395, 395.1; 38 USC 4313; 20 CFR 1002.192)

An employee who fails to report or apply for reinstatement within the appropriate period does not automatically forfeit the entitlement to reinstatement but shall be subject to the district's rules and/or practices governing unexcused absences. (38 USC 4312)

The Superintendent or designee may elect not to reinstate an employee following military leave if any of the following conditions exists:

1. The district's circumstances have so changed as to make such re-employment impossible or unreasonable, such as a reduction in force that would have included the employee. (38 USC 4312; 20 CFR 1002.139)

2. The accommodation, training, or effort described in 38 USC 4313(a)(3), (a)(4), or (b)(2)(B) would impose an undue hardship on the district as defined in 20 CFR 1002.5 or 1002.198. (38 USC 4312; 20 CFR 1002.139)

3. The employee's position was for a brief, nonrecurrent period and there was no reasonable expectation that such employment will continue indefinitely or for a significant period. (38 USC 4312; 20 CFR 1002.139)

4. The employee's cumulative length of absence and length of all previous military leave while employed with the district exceeds five years, excluding those training and service obligations specified in 38 USC 4312(c). (38 USC 4312; 20 CFR 1002.99-1002.103)

5. The employee was separated from military service with a disqualifying discharge or under other than honorable conditions. (Military and Veterans Code 395.1; 20 USC 4304, 4312; 20 CFR 1002.134-1002.138)

Notices

The Superintendent or designee shall provide employees a notice of the rights, benefits, and obligations of employees granted military leave and of the district under the Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 USC 4301-4334. (38 USC 4334)

This requirement may be met by posting the notice where the district customarily places notices for employees. (38 USC 4334)

Regulation 4361.8: Family Care And Medical Leave

Status: DRAFT

Original Adopted Date: 07/01/2015 **| Last Revised Date:** 06/01/2023

The district shall not deny any eligible employee the right to family care or medical leave pursuant to the Family and Medical Leave Act (FMLA) or the California Family Rights Act (CFRA), or to Pregnancy Disability Leave (PDL), when an employee is disabled by a pregnancy, childbirth, or related medical condition. The district shall not interfere with, restrain, or deny the exercise of an employee's right to any such leave, nor shall the district discharge, discriminate against, or retaliate against an employee for taking such leave, opposing or challenging an unlawful employment practice in relation to any of these laws, or being involved in any related inquiry or proceeding. (Government Code 12945, 12945.2; 2 CCR 11094; 29 USC 2615)

Definitions

The words and phrases defined below shall have the same meaning throughout this administrative regulation except where a different meaning is otherwise specified.

Child means a biological, adopted, or foster child; a stepchild; a legal ward; or a person to whom the employee stands in loco parentis. For purposes of CFRA leave, child also includes a child of a registered domestic partner. (Government Code 12945.2; 2 CCR 11087; 29 USC 2611)

Designated person, for CFRA purposes, means any individual related by blood, or whose association with the employee is the equivalent of a family relationship. (Government Code 12945.2)

Eligible employee, for FMLA and CFRA purposes, means an employee who has been employed with the district for at least 12 months and who has at least 1,250 hours of service with the district during the 12 months immediately preceding the leave. However, these requirements shall not apply when an employee applies for PDL. (Government Code 12945.2; 2 CCR 11087; 29 USC 2611; 29 CFR 825.110)

Eligible family member means an employee's child, parent, or spouse. For purposes of leave to care for a family member with a serious health condition pursuant to CFRA, eligible family member includes an employee's child, parent, parent-in-law, spouse, registered domestic partner, grandparent, grandchild, sibling, or designated person. (Government Code 12945.2; 2 CCR 11087; 29 USC 2612)

Employee disabled by pregnancy means an employee whose health care provider states that the employee is: (2 CCR 11035)

1. Unable because of pregnancy to perform any one or more of the essential functions of the job or to perform any of them without undue risk to the employee or other persons or to the pregnancy's successful completion

2. Suffering from severe "morning sickness" or needs to take time off for prenatal or postnatal care, bed rest, gestational diabetes, pregnancy-induced hypertension, preeclampsia, postpartum depression, childbirth, loss or end of pregnancy, recovery from childbirth or loss or end of pregnancy, or any other pregnancy-related condition

Parent means a biological, foster, or adoptive parent; a parent-in-law; a stepparent; a legal guardian; or another person who stood in loco parentis to the employee when the employee was a child. However, for FMLA purposes, parent does not include a spouse's parents. (Government Code 12945.2; 2 CCR 11087; 29 USC 2611; 29 CFR 825.122)

Serious health condition means an illness, injury (including, but not limited to, on-the-job injuries), impairment, or physical or mental condition of the employee or an eligible family member of the employee that involves either inpatient care or continuing treatment, including treatment for substance abuse, as follows: (Government Code 12945.2; 2 CCR 11087, 11097; 29 USC 2611, 2612; 29 CFR 825.113-825.115)

1. Inpatient care in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity.

   A person is considered an inpatient when formally admitted to a health care facility with the expectation of remaining overnight and occupying a bed, even if it later develops that the person can be discharged or transferred to another facility and does not actually remain overnight.

Incapacity means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.

2. Continuing treatment or continuing supervision by a health care provider, including one or more of the following:

    a. A period of incapacity of more than three consecutive full days

    b. Any period of incapacity or treatment for such incapacity due to a chronic serious health condition

    c. Any period of incapacity due to pregnancy or for prenatal care under FMLA

    d. Any period of incapacity which is permanent or long term due to a condition for which treatment may not be effective

    e. Any period of absence to receive multiple treatments, including recovery, by a health care provider

Spouse means a partner in marriage as defined in Family Code 300, including same sex partners in marriage. For purposes of CFRA leave, spouse also includes a registered domestic partner within the meaning of Family Code 297-297.5. (Family Code 297, 297.5, 300; 2 CCR 11087; 29 CFR 825.122)

Eligibility/Purposes of Leave

The district shall grant FMLA or CFRA leave to eligible employees for any of the following reasons: (Government Code 12945.2; 29 USC 2612; 29 CFR 825.112, 825.126, 825.127)

1. The birth of a child of the employee or placement of a child with the employee in connection with the employee's adoption or foster care of the child (parental leave)

2. The care of an eligible family member with a serious health condition

3. The employee's own serious health condition that makes the employee unable to perform the job functions of the position

4. A qualifying exigency arising out of the fact that the employee's spouse, child, parent, or, for CFRA leave only, a registered domestic partner, is a military member on covered active duty or call to covered active duty (or has been notified of an impending call or order to covered active duty)

5. The care of a covered servicemember with a serious injury or illness when the employee is a spouse, child, parent, or next of kin of the covered servicemember

In addition, the district shall grant PDL to any employee who is disabled by pregnancy, childbirth, or other related medical condition. (Government Code 12945; 2 CCR 11037)

Terms of Leave

An eligible employee shall be entitled to a total of 12 work weeks of FMLA or CFRA leave during any 12-month period, except in the case of leave to care for a covered servicemember as provided under "Military Caregiver Leave" below. To the extent allowed by law, CFRA and FMLA leaves shall run concurrently. (Government Code 12945.2; 29 USC 2612)

The 12-month period shall be a rolling period measured backward from the date an employee uses any family care and medical leave, as defined in 29 CFR 825.200. (29 CFR 825.200)

In addition, any employee who is disabled by pregnancy, childbirth, or other related condition shall be entitled to PDL for the period of the disability not to exceed four months. For a part-time employee, the four months shall be calculated on a proportional basis. (Government Code 12945; 2 CCR 11042)

PDL shall run concurrently with FMLA leave for disability caused by an employee's pregnancy. At the end of the employee's FMLA leave for disability caused by pregnancy, or at the end of four months of PDL, whichever occurs

first, a CFRA-eligible employee may request to take CFRA leave of up to 12 work weeks, for the reason of the birth of a child or to bond with or care for the child. (Government Code 12945, 12945.2; 2 CCR 11046, 11093)

Leave taken for the birth or placement of a child must be concluded within the 12-month period beginning on the date of the birth or placement of the child. Such leave does not need to be taken in one continuous period of time. (2 CCR 11090; 29 USC 2612)

Each eligible employee shall be granted up to 12 work weeks for family care and medical leave related to the birth or placement of a child, regardless of whether both parents of the child work for the district.

Use/Substitution of Paid Leave

During any otherwise unpaid period of FMLA or CFRA leave, except leave for an employee's own serious health condition, an employee shall use accrued paid leave, including, but not limited to, vacation leave, personal leave, or family leave. If the leave is for the employee's own serious health condition, the employee shall use accrued paid leave, including but not limited to, vacation leave, personal leave, or sick leave. During an unpaid period of PDL, the employee shall use any accrued sick leave and may elect to use any vacation time or other accrued personal time off. (Government Code 12945, 12945.2; 2 CCR 11044, 11092; 29 USC 2612)

The district and employee may also come to agreement regarding the use of any additional paid or unpaid time off instead of using the employee's CFRA leave. (2 CCR 11092)

Intermittent Leave/Reduced Work or Leave Schedule

PDL and family care and medical leave for the serious health condition of an employee or eligible family member may be taken intermittently or on a reduced work or leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition. However, the district shall limit leave increments to the shortest period of time that the district's payroll system uses to account for absences or use of leave provided it is not to be greater than one hour. (Government Code 12945.2; 2 CCR 11042, 11090; 29 USC 2612)

The basic minimum duration of leave for the birth, adoption, or foster care placement of a child shall be two weeks. However, the district shall grant a request for such leave of less than two weeks on any two occasions. (2 CCR 11090; 29 USC 2612)

The district may require an employee to transfer temporarily to an available alternative position under any of the following circumstances: (2 CCR 11041, 11090; 29 USC 2612)

1. The employee needs intermittent leave or leave on a reduced work schedule that is foreseeable based on a planned medical treatment for the employee or family member

2. A medical certification is provided by the employee's health care provider that, because of pregnancy, the employee has a medical need to take intermittent leave or leave on a reduced work schedule

3. The district agrees to permit intermittent leave or leave on a reduced work schedule due to the birth, adoption, or foster care placement of the employee's child

The alternative position must have equivalent pay and benefits and must better accommodate recurring periods of leave than the employee's regular job, and the employee must be qualified for the position. Transfer to an alternative position may include altering an existing job to better accommodate the employee's need for intermittent leave or a reduced work or leave schedule. (2 CCR 11041, 11090; 29 USC 2612)

Request for Leave

The district shall consider an employee's request for PDL or family care and medical leave only if the employee provides at least verbal notice sufficient to make the district aware of the need to take the leave and the anticipated timing and duration of the leave. (2 CCR 11050, 11091)

For family care and medical leave, the employee need not expressly assert or mention FMLA/CFRA to satisfy this requirement. However, the employee must state the reason the leave is needed (e.g., birth of child, medical treatment). If more information is necessary to determine whether the employee is eligible for family care and

medical leave, the Superintendent or designee shall inquire further and obtain the necessary details of the leave to be taken. (2 CCR 11091)

The district shall respond to requests for leave as soon as practicable, but no later than five business days after receiving the employee's request. (2 CCR 11091)

Based on the information provided by the employee, the Superintendent or designee shall designate the leave, paid or unpaid, as FMLA/CFRA qualifying leave and shall give notice of such designation to the employee. Failure of an employee to respond to permissible inquiries regarding the leave request may result in denial of CFRA protection if the district is unable to determine whether the leave is CFRA qualifying. (2 CCR 11091; 29 CFR 825.300)

When an employee is able to foresee the need for PDL or family care and medical leave at least 30 days in advance of the leave, the employee shall provide the district with at least 30 days advance notice before the leave. When the 30 days' notice is not practicable because of a lack of knowledge of when leave will be required to begin, a change in circumstances, a medical emergency, or other good cause, the employee shall provide the district with notice as soon as practicable. Failure of an employee to provide required notice may result in a denial of leave. (2 CCR 11050, 11091)

In all instances, the employee shall consult with the Superintendent or designee and make a reasonable effort to schedule, subject to the health care provider's approval, any planned appointment or medical treatment or supervision so as to minimize disruption to district operations. (Government Code 12945.2; 2 CCR 11050, 11091)

An eligible employee may request CFRA leave to care for a designated person with a serious health condition. The employee may identify the designated person at the time of the employee's request for the leave. The district may limit an employee to using CFRA leave to care for one designated person per 12-month period. (Government Code 12945.2; Labor Code 245.5)

Certification of Health Condition

Within five business days of an employee's request for family care and medical leave for the serious health condition of the employee or an eligible family member, the Superintendent or designee shall request that the employee provide certification by a health care provider of the need for leave. Upon receiving the district's request, the employee shall provide the certification within 15 calendar days, unless either the Superintendent or designee provides additional time or it is not practicable under the particular circumstances, despite the employee's diligent, good faith efforts. (2 CCR 11087, 11091; 29 CFR 825.305)

The certification shall include the following: (Government Code 12945.2; 2 CCR 11087; 29 USC 2613)

1. The date on which the serious health condition began

2. The probable duration of the condition

3. If the employee is requesting leave to care for an eligible family member with a serious health condition, both of the following:

    a. Statement that the serious health condition warrants the participation of the employee to provide care, such as by providing psychological comfort, arranging for third party care, or directly providing or participating in the medical care of the eligible family member during a period of the treatment or supervision

    b. Estimated amount of time the health care provider believes the employee needs to care for the eligible family member

4. If the employee is requesting leave because of the employee's own serious health condition, a statement that due to the serious health condition, the employee is unable to work at all or is unable to perform one or more essential job functions of the position

5. If the employee is requesting leave for intermittent treatment or on a reduced work or leave schedule for planned medical treatment, a statement of the medical necessity for the leave, the dates on which treatment is expected to be given, the duration of such treatment, and the expected duration of the leave

The Superintendent or designee shall not request any genetic information related to an employee except as authorized by law in accordance with the California Genetic Information Nondiscrimination Act of 2011. (Government Code 12940)

When an employee has provided sufficient medical certification to enable the district to determine whether the employee's leave request is FMLA/CFRA-eligible, the Superintendent or designee shall notify the employee within five business days whether the leave is FMLA/CFRA-eligible. The Superintendent or designee may also retroactively designate leave as FMLA/CFRA leave as long as appropriate notice is given to the employee and there is no harm or injury to the employee. (2 CCR 11091; 29 CFR 825.301)

If the Superintendent or designee has a good faith objective reason to doubt the validity of a certification that accompanies a request for leave for the employee's own serious health condition, the Superintendent or designee may require the employee to obtain a second opinion from a district-approved health care provider, at district expense. If the second opinion is contrary to the first, the Superintendent or designee may require the employee to obtain a third medical opinion from a third health care provider approved by both the employee and the district, again at district expense. The opinion of the third health care provider shall be final and binding. (Government Code 12945.2; 2 CCR 11091; 29 USC 2613)

Release to Return to Work

Upon expiration of an employee's PDL or family care and medical leave taken for the employee's own serious health condition, the employee shall present certification from the health care provider of the employee's ability to resume work. The certification shall address the employee's ability to perform the essential job functions of the position.

Rights to Reinstatement

Upon granting an employee's request for PDL or FMLA/CFRA leave, the Superintendent or designee shall guarantee to reinstate the employee in the same or a comparable position when the leave ends. (Government Code 12945.2; 2 CCR 11043, 11089; 29 USC 2614)

The district may refuse to reinstate an employee to the same or a comparable position if the FMLA/CFRA leave was fraudulently obtained by the employee. (2 CCR 11089; 29 CFR 825.216)

The district may refuse to reinstate an employee to the same position after taking PDL if, at the time the reinstatement is requested, the employee would not otherwise have been employed in that position for legitimate business reasons unrelated to the employee's PDL. (2 CCR 11043)

Maintenance of Benefits/Failure to Return from Leave

During the period when an employee is on PDL or family care and medical leave, the employee shall maintain employee status with the district and the leave shall not constitute a break in service for purposes of longevity, seniority under any collective bargaining agreement, or any employee benefit plan. (Government Code 12945.2; 2 CCR 11092; 29 USC 2614)

For up to a maximum of four months for PDL and 12 work weeks for other family care and medical leave, the district shall continue to provide an eligible employee the group health plan coverage that was in place before the employee took the leave. The employee shall reimburse the district for premiums paid during the leave if the employee fails to return to district employment after the expiration of all available leaves and the failure is for a reason other than the continuation, recurrence, or onset of a serious health condition or other circumstances beyond the employee's control. (Government Code 12945.2; 2 CCR 11044, 11092; 29 USC 2614; 29 CFR 825.213)

In addition, during the period when an employee is on PDL or family care and medical leave, the employee shall be entitled to continue to participate in other employee benefit plans including life insurance, short-term or long-term disability insurance, accident insurance, pension and retirement plans, and supplemental unemployment benefit plans to the same extent and under the same conditions as would apply to an unpaid leave taken for any other purpose. However, for purposes of pension and retirement plans, the district shall not make plan payments for an employee during any unpaid portion of the leave period and the leave period shall not be counted for purposes of time accrued under the plan. (Government Code 12945.2; 2 CCR 11044, 11092)

Military Family Leave Resulting from Qualifying Exigencies

An eligible employee may take up to 12 work weeks of unpaid FMLA/CFRA leave, during each 12-month period established by the district in the section entitled "Terms of Leave" above, for one or more qualifying exigencies while the employee's child, parent, spouse, or, for purposes of CFRA leave, registered domestic partner, who is a military member is on covered active duty or on call to covered active duty status. (Government Code 12945.2; 29 USC 2612; 29 CFR 825.126)

Covered active duty means, for members of the Regular Armed forces, duty during the deployment of a member of the regular Armed Forces to a foreign country or, for members of the Reserve components of the Armed forces, duty during the deployment of a member of the National Guard or Reserves to a foreign country under a call or an order to active duty in support of a contingency operation pursuant to law. Deployment to a foreign country includes deployment to international waters. (29 USC 2611; 29 CFR 825.126)

Qualifying exigencies include time needed to: (29 CFR 825.126)

1. Address issues arising from short notice deployment of up to seven calendar days from the date of receipt of call or order of short notice deployment

2. Attend military events and related activities, such as any official ceremony or family assistance program related to the covered active duty or call to covered active duty status

3. Arrange child care or attend school activities arising from the covered active duty or call to covered active duty, such as arranging for alternative child care, enrolling or transferring a child to a new school, or attending meetings

4. Make or update financial and legal arrangements to address a military member's absence

5. Attend counseling provided by someone other than a health care provider

6. Spend time (up to 15 calendar days of leave per instance) with a military member who is on short-term, temporary, rest and recuperation leave during deployment

7. Attend to certain post-deployment activities, such as arrival ceremonies or reintegration briefings

8. Care for a military member's parent who is incapable of self-care when the care is necessitated by the military member's covered active duty

9. Address any other event that the employee and district agree is a qualifying exigency

The employee shall provide the Superintendent or designee with notice of the need for the qualifying exigency leave as soon as practicable, regardless of how far in advance such leave is foreseeable. (29 CFR 825.302)

An employee who is requesting leave for qualifying exigencies shall provide the Superintendent or designee with a copy of the military member's active duty orders, or other documentation issued by the military, and the dates of the service. In addition, the employee shall provide the Superintendent or designee with certification of the qualifying exigency necessitating the leave. The certification shall contain the information specified in 29 CFR 825.309.

The employee's qualifying exigency leave may be taken on an intermittent or reduced work or leave schedule basis. (29 CFR 825.302)

During the period of qualified exigency leave, the district's rule regarding an employee's use of accrued vacation leave and any other accrued paid or unpaid time off, as specified in the section "Use/Substitution of Paid Leave" above, shall apply.

Military Caregiver Leave

The district shall grant an eligible employee up to a total of 26 work weeks of leave during a single 12-month period, measured forward from the first date the leave is taken, to care for a covered servicemember with a serious illness or injury. In order to be eligible for such military caregiver leave, the employee must be the spouse, child, parent, or next of kin of the covered servicemember. This 26-week period is inclusive of the 12 work weeks of leave that may be taken for other FMLA qualifying reasons. (29 USC 2611, 2612; 29 CFR 825.127)

Covered servicemember may be: (29 CFR 825.127)

1. A current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy; is otherwise in outpatient status; or is otherwise on the temporary disability retired list for a serious injury or illness

2. A veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran

Child of a covered servicemember means the covered servicemember's biological, adopted, or foster child, stepchild, legal ward, or child for whom the covered servicemember stood in loco parentis, and who is of any age. (29 CFR 825.127)

Parent of a covered servicemember means the covered servicemember's biological, adopted, step, or foster parent, or any other individual who stood in loco parentis to the covered servicemember (except "parents-in-law"). (29 CFR 825.127)

Next of kin means the nearest blood relative to the covered servicemember, other than the spouse, parent, or child, unless designated in writing by the covered servicemember. (29 USC 2611, 2612; 29 CFR 825.127)

Outpatient status means the status of a member of the Armed Forces assigned to a military medical treatment facility as an outpatient or a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients. (29 USC 2611; 29 CFR 825.127)

Serious injury or illness means: (29 USC 2611; 29 CFR 825.127)

1. For a current member of the Armed Forces, an injury or illness incurred by the member in the line of duty on active duty, or that existed before the beginning of the member's active duty and was aggravated by the member's service in the line of duty while on active duty in the Armed Forces, and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating

2. For a veteran, an injury or illness incurred or aggravated by the member's service in the line of duty on active duty in the Armed Forces, including the National Guard or Reserves, that manifested itself before or after the member became a veteran and that is at least one of the following:

    a. A continuation of a serious injury or illness incurred or aggravated while the veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating

    b. A physical or mental condition for which the veteran has received a U.S. Department of Veterans Affairs (VA) Service-Related Disability Rating of 50 percent or greater, based wholly or partly on that physical or mental condition

    c. A physical or mental condition that substantially impairs the veteran's ability to secure or follow a substantially gainful occupation by reason of one or more disabilities related to the servicemember's military service or that would do so but for treatment received by the veteran

    d. An injury, including a psychological injury, on the basis of which the veteran has been enrolled in the VA's Program of Comprehensive Assistance for Family Caregivers

The employee shall provide reasonable and practicable notice of the need for the leave in accordance with the procedures in the section entitled "Request for Leave" above.

An employee requesting leave to care for a covered servicemember with a serious injury or illness shall provide the Superintendent or designee with certification from an authorized health care provider of the servicemember that contains the information specified in 29 CFR 825.310.

The leave may be taken intermittently or on a reduced work or leave schedule when medically necessary. An employee taking military caregiver leave in combination with other family care and medical leaves pursuant to this administrative regulation shall be entitled to a combined total of 26 work weeks of leave during a single 12-month period. When both spouses work for the district and both wish to take such leave, the spouses are limited to a

maximum combined total of 26 work weeks during a single 12-month period. (29 USC 2612)

During the period of military caregiver leave, the district's rule regarding an employee's use of accrued vacation leave and other accrued paid or unpaid time off, as specified in the section "Use/Substitution of Paid Leave" above, shall apply.

Notifications

The Superintendent or designee shall provide the following notifications regarding state and federal law related to PDL or FMLA/CFRA leave:

1. General Notice: Information explaining the provisions of the Fair Employment and Housing Act/PDL and FMLA/CFRA and employees' rights and obligations shall be posted in a conspicuous place on district premises, or electronically, and shall be included in employee handbooks. (2 CCR 11049, 11095; 29 USC 2619)

2. The general notice shall also explain an employee's obligation to provide the Superintendent or designee with at least 30 days' notice of the need for the requested leave, when the need is reasonably foreseeable at least 30 days prior to the start of the leave. (2 CCR 11049, 11050, 11091)

3. Eligibility Notice: When an employee requests leave, including PDL, or when the Superintendent or designee acquires knowledge that an employee's leave may be for an FMLA/CFRA qualifying reason, the Superintendent or designee shall, within five business days, provide notification to the employee of eligibility to take such leave. (2 CCR 11049, 11091; 29 CFR 825.300)

4. Rights and Responsibilities Notice: Each time the eligibility notice is provided to an employee, the Superintendent or designee shall provide written notification explaining the specific expectations and obligations of the employee, including any consequences for a failure to meet those obligations. Such notice shall include, as applicable: (29 CFR 825.300)

    a. A statement that the leave may be designated and counted against the employee's annual FMLA/CFRA leave entitlement and the appropriate 12-month entitlement period, if qualifying

    b. Any requirements for the employee to furnish medical certification of a serious health condition, serious injury or illness, or qualifying exigency arising out of active duty or call to active duty status and the consequences of failing to provide the certification

    c. The employee's right to use paid leave, whether the district will require use of paid leave, conditions related to any use of paid leave, and the employee's entitlement to take unpaid leave if the employee does not meet the conditions for paid leave

    d. Any requirements for the employee to make premium payments necessary to maintain health benefits, the arrangement for making such payments, and the possible consequences of failure to make payments on a timely basis

    e. The employee's right to maintenance of benefits during the leave and restoration to the same or an equivalent job upon return from leave

    f. The employee's potential liability for health insurance premiums paid by the district during the employee's unpaid FMLA leave should the employee not return to service after the leave

    Any time the information provided in the above notice changes, the Superintendent or designee shall, within five business days of receipt of an employee's first notice of need for leave, provide the employee with a written notice referencing the prior notice and describing any changes to the notice. (29 CFR 825.300)

5. Designation Notice: When the Superintendent or designee has information (e.g., sufficient medical certification) to determine whether the leave qualifies as FMLA/CFRA leave, the Superintendent or designee shall, within five business days, provide written notification designating the leave as FMLA/CFRA qualifying or, if the leave will not be so designated, the reason for that determination. (2 CCR 11091; 29 CFR 825.300)

    If the amount of leave needed is known, the notice shall include the number of hours, days, or weeks that will

be counted against the employee's FMLA/CFRA entitlement. If it is not possible to provide that number at the time of the designation notice, notification shall be provided of the amount of leave counted against the employee's entitlement upon request by the employee and at least once in every 30-day period if leave was taken in that period. (29 CFR 825.300)

6. If the district requires paid leave to be used during an otherwise unpaid family care and medical leave, the notice shall so specify. If the district requires an employee to present a release to return to work certification that addresses the employee's ability to perform the essential functions of the job, the notice shall also specify that requirement. (2 CCR 11091, 11097; 29 CFR 825.300)

   Any time the information provided in the designation notice changes, the Superintendent or designee shall, within five business days, provide the employee with written notice referencing the prior notice and describing any changes to the notice. (29 CFR 825.300)

Records

The Superintendent or designee shall maintain records pertaining to an individual employee's use of FMLA or CFRA leave or PDL in accordance with law. (Government Code 12946; 29 USC 2616; 42 USC 2000ff-1; 29 CFR 825.500)

Policy 4361.9: Catastrophic Leave Program

Status: DRAFT

Original Adopted Date: 03/01/1992 **| Last Revised Date:** 05/01/2018

The Board of Trustees recognizes that district employees may desire to assist other employees who have an urgent need for a leave of absence but do not have sufficient accrued leave to cover their absence. The Superintendent or designee shall establish a catastrophic leave program by which employees may donate accrued vacation and/or sick leave credits, which shall be placed into a pool for use by eligible employees.

Donations made under the catastrophic leave program shall be strictly voluntary.

The district's policy and procedures regarding catastrophic leave shall be included in the employee handbook or the collective bargaining agreement as applicable. The Superintendent or designee may notify employees annually, or more frequently if the need arises, of the process for donating leave for this purpose.

An employee may apply to use donated leave credits in accordance with the accompanying administrative regulation when he/she has exhausted all applicable paid leaves of absence and a catastrophic illness or injury incapacitates the employee or a member of his/her family for an extended period of time. (Education Code 44043.5)

Regulation 4361.9: Catastrophic Leave Program

Status: DRAFT

Original Adopted Date: 03/01/1992 **| Last Revised Date:** 05/01/2018

Donations to Catastrophic Leave Program

An employee who chooses to donate accrued vacation and/or sick leave credits to the district's catastrophic leave program shall provide written notice to the Superintendent or designee of the amount and type of leave he/she wishes to donate. The Superintendent or designee shall review the donor's available leave and transfer the leave credits to a district pool of leave credits designated for this purpose.

Donations shall be at a minimum of eight hours, and in hour increments thereafter. (Education Code 44043.5)

All transfers of eligible leave credit shall be irrevocable. (Education Code 44043.5)

Employees should be cautious in making large donations of leave that they may need for their own use in the future.

The Superintendent or designee shall ensure that all donations are confidential.

Requests for Catastrophic Leave

A full-time or part-time employee may apply to the Superintendent or designee to use paid leave from the catastrophic leave program if he/she earns paid time off but has exhausted all his/her accrued paid leave and needs to take time off from work for an extended period of time due to his/her or a family member's catastrophic illness or injury. If the employee is incapacitated, a family member or caretaker may apply on his/her behalf.

The employee shall provide verification of the illness or injury. (Education Code 44043.5)

Verification shall be made by means of a letter, dated and signed by the individual's health care provider, indicating the incapacitating nature and probable duration of the illness or injury.

An employee may apply to receive up to 20 days of paid leave from the catastrophic leave program per school year. At the end of the 20-day period, he/she may apply for up to 20 days of additional leave credits. This section is subject to the applicable collective bargaining agreement.

Employees receiving compensation under worker's compensation provisions are not eligible to receive leave from the catastrophic leave program until exhausting such benefit.

An employee who is the recipient of donated leave credits shall use those credits within 12 consecutive months. (Education Code 44043.5)

If donated leave credits are not used by the employee within 12 consecutive months, the credits shall be returned to the pool of catastrophic leave for use by other eligible employees.

An employee who receives catastrophic leave shall use any leave credits that he/she continues to accrue on a monthly basis before receiving paid leave pursuant to this program. (Education Code 44043.5)

Policy 5000: Concepts And Roles

Status: DRAFT

Original Adopted Date: 05/01/1985 **| Last Revised Date:** 10/01/1996

The Board of Trustees shall make every effort to maintain a safe, positive school environment and student services that promote student welfare and academic achievement. The Board expects students to make good use of learning opportunities by demonstrating regular attendance, appropriate conduct and respect for others.

The Board is fully committed to providing equal educational opportunities and keeping the schools free from discriminatory practices. The Board shall not tolerate the intimidation or harassment of any student for any reason.

The Superintendent or designee shall establish and keep parents/guardians and students well informed about school and district rules and regulations related to attendance, health examinations, records, grades and student conduct. When conducting hearings related to discipline, attendance and other student matters, the Board shall afford students their due process rights in accordance with law.

Policy 5020: Parent Rights And Responsibilities

Status: DRAFT

Original Adopted Date: 02/01/1999 **| Last Revised Date:** 11/01/2002

The Board of Trustees recognizes that parents/guardians of district students have certain rights as well as responsibilities related to the education of their children.

The Board believes that the education of the district's students is a shared responsibility. The Superintendent or designee shall work with parents/guardians, including parents/guardians of English learners, to determine appropriate roles and responsibilities of parents/guardians, school staff and students for continuing the intellectual, physical, emotional and social development and well-being of students at each school site, including the means by which the schools and parents/guardians can help students achieve academic and other standards of the school.

Within this framework, the school's primary responsibility shall be to provide a high-quality curriculum and instructional program in a supportive and effective learning environment that enables all students to meet the academic expectations of the school.

Parents/guardians shall have the opportunity to work with schools in a mutually supportive and respectful partnership and to help their children succeed in school. (Education Code 51100)

The Superintendent or designee shall ensure that district staff understand the rights of parents/guardians afforded by law and Board policy and follow acceptable practices that respect those rights.

The Superintendent or designee shall ensure that parents/guardians receive notification regarding their rights in accordance with law.

The Superintendent or designee shall take all reasonable steps to ensure that all parents/guardians who speak a language other than English are properly notified in English, and in their home language of the rights and opportunities available to them pursuant to Education Code 48985. (Education Code 51101.1)

Regulation 5020: Parent Rights And Responsibilities

Status: DRAFT

Original Adopted Date: 11/01/2002 | **Last Revised Date:** 12/01/2014

Parent/Guardian Rights

The rights of parents/guardians of district students include, but are not limited to, the following:

1. To observe, within a reasonable period of time after making the request, the classroom(s) in which their child is enrolled or for the purpose of selecting the school in which their child will be enrolled (Education Code 51101)

   Parents/guardians may observe instructional and other school activities that involve their child in accordance with Board policy and administrative regulations adopted to ensure the safety of students and staff, prevent undue interference with instruction or harassment of school staff, and provide reasonable accommodation to parents/guardians. Upon written request by a parent/guardian, the Superintendent or designee shall arrange for parental observation of a class or activity in a reasonable time frame and in accordance with Board policy and administrative regulations. (Education Code 49091.10)

2. To meet, within a reasonable time of their request, with their child's teacher(s) and the principal (Education Code 51101)

3. Under the supervision of district employees, to volunteer their time and resources for the improvement of school facilities and school programs, including, but not limited to, providing assistance in the classroom with the approval, and under the direct supervision, of the teacher (Education Code 51101)

4. To be notified on a timely basis if their child is absent from school without permission (Education Code 51101)

5. To receive the results of their child's performance and the school's performance on standardized tests and statewide tests (Education Code 51101)

   For parents/guardians of English learners, this right shall include the right to receive the results of their child's performance on the English language development test. (Education Code 51101.1)

6. To request a particular school for their child and to receive a response from the district (Education Code 51101)

7. To have a school environment for their child that is safe and supportive of learning (Education Code 51101)

8. To examine the curriculum materials of the class(es) in which their child is enrolled (Education Code 51101; 20 USC 1232h)

   Parents/guardians may inspect, in a reasonable time frame, all primary supplemental instructional materials and assessments stored by the classroom teacher, including textbooks, teacher's manuals, films, audio and video recordings, and software. (Education Code 49091.10)

   Each school site shall make available to parents/guardians and others, upon request, a copy of the prospectus for each course, including the titles, descriptions and instructional aims of the course. (Education Code 49091.14)

   The school may charge an amount not to exceed the cost of duplication. (Education Code 49091.14)

9. To be informed of their child's progress in school and of the appropriate school personnel whom they should contact if problems arise with their child (Education Code 51101)

10. For parents/guardians of English learners, to support their child's advancement toward literacy (Education Code 51101.1)

    The Superintendent or designee may make available, to the extent possible, surplus or undistributed instructional materials to parents/guardians pursuant to Education Code 60510. (Education Code 51101.1)

11. For parents/guardians of English learners, to be informed, through the school accountability report card, about statewide and local academic standards, testing programs, accountability measures and school improvement efforts (Education Code 51101.1)

12. To have access to the school records of their child (Education Code 51101)

13. To receive information concerning the academic performance standards, proficiencies or skills their child is expected to accomplish (Education Code 51101)

14. To be informed in advance about school rules, including disciplinary rules and procedures in accordance with Education Code 48980, attendance policies, dress codes and procedures for visiting the school (Education Code 51101)

15. To be notified, as early in the school year as practicable pursuant to Education Code 48070.5, if their child is identified as being at risk of retention and of their right to consult with school personnel responsible for a decision to promote or retain their child and to appeal such a decision (Education Code 51101)

16. To receive information about any psychological testing the school does involving their child and to deny permission to give the test (Education Code 51101)

17. To refuse to submit or to participate in any assessment, analysis, evaluation or monitoring of the quality or character of the student's home life, any form of parental screening or testing, any nonacademic home-based counseling program, parent training, or any prescribed family education service plan and to inspect any survey collecting personal information (Education Code 49091.18; 20 USC 1232h)

18. To participate as a member of a parent advisory committee, school site council or site-based management leadership team in accordance with any rules and regulations governing membership in these organizations (Education Code 51101)

    For parents/guardians of English learners, this right shall include the right to participate in school and district advisory bodies in accordance with federal and state law and regulations. (Education Code 51101.1)

19. To question anything in their child's record that the parent/guardian feels is inaccurate or misleading or is an invasion of privacy and to receive a response from the school (Education Code 51101)

20. To provide informed, written parental consent before their child is tested for a behavioral, mental or emotional evaluation. A general consent, including medical consent used to approve admission to or involvement in a special education or remedial program or regular school activity, shall not constitute written consent for these purposes. (Education Code 49091.12)

Parent Responsibilities

Parents/guardians may support the learning environment of their child by: (Education Code 51101)

1. Monitoring attendance of their child

2. Ensuring that homework is completed and turned in on time

3. Encouraging their child to participate in extracurricular and cocurricular activities

4. Monitoring and regulating the television viewed by their child

5. Working with their child at home in learning activities that extend the classroom learning

6. Volunteering in their child's classroom(s) or for other school activities

7. Participating in decisions related to the education of their own child or the total school program as appropriate

Policy 5021: Noncustodial Parents

Status: DRAFT

Original Adopted Date: 06/01/1995 **| Last Revised Date:** 07/01/2009

The Board of Trustees recognizes the right of parents/guardians to be involved in the education of their children and desires to balance that right with the district's need to ensure the safety of students while at school.

The parent/guardian who enrolls a child in a district school shall be presumed to be the child's custodial parent/guardian and shall be held responsible for the child's welfare.

School officials shall presume that both parents/guardians have equal rights regarding their child, including, but not limited to, picking the student up after school or otherwise removing the student from school, accessing student records, participating in school activities, or visiting the school. When a court order restricts access to the child or to his/her student information, a parent/guardian shall provide a copy of the certified court order to the principal or designee upon enrollment or upon a change in circumstances.

In the event of an attempted violation of a court order that restricts access to a student, the principal or designee shall contact the custodial parent and local law enforcement officials and shall make the student available only after one or both of these parties consent.

Policy 5022: Student And Family Privacy Rights

Status: DRAFT

Original Adopted Date: 11/01/2002 **| Last Revised Date:** 03/01/2018

The Board of Trustees respects the rights of district students and their parents/guardians with regard to the privacy of their personal beliefs and the confidentiality of their personal information.

The Superintendent or designee may collect, disclose, or use students' personal information for the exclusive purpose of developing, evaluating, or providing educational products or services for or to students or educational institutions, such as the following: (20 USC 1232h)

1. College or other postsecondary education recruitment or military recruitment
2. Book clubs, magazines, and programs providing access to low-cost literary products
3. Curriculum and instructional materials used by elementary and secondary schools
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments
5. The sale by students of products or services to raise funds for school-related or education-related activities
6. Student recognition programs

The Superintendent or designee is prohibited from collecting, disclosing, or using a student's individually identifiable information, including his/her name, parent/guardian's name, home or other physical address, telephone number, or social security number, for the purpose of marketing or selling that information or providing the information to others for that purpose.

The Superintendent or designee shall consult with parents/guardians regarding the development of regulations pertaining to other uses of personal information, which shall, at a minimum, address the following: (20 USC 1232h)

1. Arrangements for protecting student privacy when collecting, disclosing, or using students' individually identifiable information for any purpose
2. Arrangements to protect student privacy in the administration of surveys that may request information about the personal beliefs and practices of students and their families
3. The rights of parents/guardians to inspect the following, and any applicable procedures for granting reasonable access to the following in a reasonable period of time:
    a. Survey instruments requesting information about their personal beliefs and practices or those of their children
    b. Instructional materials used as part of their children's educational curriculum
    c. Instruments used in the collection of personal information for the purpose of marketing or sale
4. Any nonemergency physical examinations or screenings that the school may administer

The Superintendent or designee shall notify parents/guardians of the adoption or continued use of the district's policy pertaining to the rights specified in items #1-4 above. (20 USC 1232h)

Regulation 5022: Student And Family Privacy Rights

Status: DRAFT

Original Adopted Date: 03/01/2004 **| Last Revised Date:** 03/01/2018

Surveys Requesting Information about Beliefs and Practices

A student's parent/guardian, or a student who is an adult or emancipated minor, shall provide prior written consent before the student is required to participate in a survey inquiring about one or more of the following: (Education Code 51513; 20 USC 1232h)

1. Political affiliations or beliefs of the student or his/her parent/guardian
2. Mental or psychological problems of the student or his/her family
3. Sexual behavior or attitudes or personal beliefs and practices in family life or morality
4. Illegal, anti-social, self-incriminating, or demeaning behavior
5. Critical appraisals of other individuals with whom the student has close family relationships
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, or ministers
7. Religious practices, affiliations, or beliefs of the student or his/her parent/guardian
8. Income, except to the extent that income is required to be disclosed by law for participation in a program or for receiving financial assistance under such a program

If a student participates in such a survey requesting information about personal beliefs and practices, school officials and staff members shall not request or disclose the student's identity.

Notwithstanding the above requirements for prior written consent, the district may administer to students in grades 7-12 anonymous, voluntary, and confidential research and evaluation tools to measure student health risks and behaviors, including tests and surveys about student attitudes or practices related to sex as long as parents/guardians are provided written notice and given an opportunity to request, in writing, that their child not participate. (Education Code 51938)

If the district administers a voluntary survey that already includes questions pertaining to sexual orientation and/or gender identity, the Superintendent or designee shall not remove such questions. (Education Code 51514)

Parent/Guardian Access to Surveys and Instructional Materials

The parent/guardian of any district student, upon his/her request, shall have the right to inspect: (Education Code 51938; 20 USC 1232h)

1. A survey or other instrument to be administered or distributed to his/her child that either collects personal information for marketing or sale or requests information about beliefs and practices
2. Any instructional material to be used as part of his/her child's educational curriculum

Within a reasonable period of time after receiving a parent/guardian's request, the principal or designee shall permit the parent/guardian to view the survey or other document he/she requested. A parent/guardian may view the document any time during normal business hours.

No student shall be subject to penalty for his/her parent/guardian's exercise of any of the rights stated above.

Health Examinations

Authorized school officials may administer to any student any physical examination or screening permitted under California law. However, no student shall be subjected to a nonemergency, invasive physical examination without prior written notice to his/her parent/guardian, unless an applicable state law authorizes the student to provide consent without parent/guardian notification. (20 USC 1232h)

Invasive physical examination means any medical examination that involves the exposure of private body parts or any act during such examination that includes incision, insertion, or injection into the body, but does not include a properly authorized hearing, vision, or scoliosis screening. (20 USC 1232h)

Notifications

At the beginning of the school year, the Superintendent or designee shall notify parents/guardians of: (20 USC 1232h)

1. The district's policy regarding student privacy

2. The process to opt their children out of participation in any activity described in this administrative regulation and the accompanying Board policy

3. The specific or approximate dates during the school year when the following activities are scheduled:

    a. Survey requesting personal information

    b. Physical examinations or screenings

    c. Collection of personal information from students for marketing or sale

Prior to administering any anonymous and voluntary survey regarding health risks and behaviors to students in grades 7-12, the district shall provide parents/guardians with written notice that the survey is to be administered. (Education Code 51938)

Parents/guardians shall also be notified of any substantive change to this policy and administrative regulation within a reasonable period of time after adoption of the change. (20 USC 1232h)

Policy 5030: Student Wellness

Status: DRAFT

Original Adopted Date: 07/01/2011 **| Last Revised Date:** 12/01/2016

The Board of Trustees recognizes the link between student health and learning and desires to provide a comprehensive program promoting healthy eating and physical activity for district students. The Superintendent or designee shall coordinate and align district efforts to support student wellness through health education, physical education and activity, health services, nutrition services, psychological and counseling services, and a safe and healthy school environment. In addition, the Superintendent or designee shall develop strategies for promoting staff wellness and for involving parents/guardians and the community in reinforcing students' understanding and appreciation of the importance of a healthy lifestyle.

School Wellness Council

The Superintendent or designee shall encourage parents/guardians, students, food service employees, physical education teachers, school health professionals, Board members, school administrators, and members of the public to participate in the development, implementation, and periodic review and update of the district's student wellness policy. (42 USC 1758b; 7 CFR 210.31)

To fulfill this requirement, the Superintendent or designee may appoint a school wellness council or other district committee and a wellness council coordinator. The council may include representatives of the groups listed above, as well as health educators, curriculum directors, counselors, before- and after-school program staff, health practitioners, and/or others interested in school health issues.

The Superintendent or designee may make available to the public and school community a list of the names, position titles, and contact information of the wellness council members.

The wellness council shall advise the district on health-related issues, activities, policies, and programs. At the discretion of the Superintendent or designee, the duties of the council may also include the planning, implementation, and evaluation of activities to promote health within the school or community.

Goals for Nutrition, Physical Activity, and Other Wellness Activities

The Board shall adopt specific goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness. In developing such goals, the Board shall review and consider evidence-based strategies and techniques. (42 USC 1758b; 7 CFR 210.31)

The district's nutrition education and physical education programs shall be based on research, shall be consistent with the expectations established in the state's curriculum frameworks and content standards, and shall be designed to build the skills and knowledge that all students need to maintain a healthy lifestyle.

The nutrition education program shall include, but is not limited to, information about the benefits of healthy eating for learning, disease prevention, weight management, and oral health. Nutrition education shall be provided as part of the health education program and, as appropriate, shall be integrated into other academic subjects in the regular educational program, before- and after-school programs, summer learning programs, and school garden programs.

All students shall be provided opportunities to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity shall be provided through physical education and recess and may also be provided through school athletic programs, extracurricular programs, before- and after-school programs, summer learning programs, programs encouraging students to walk or bicycle to and from school, in-class physical activity breaks, and other structured and unstructured activities.

The Board may enter into a joint use agreement or memorandum of understanding to make district facilities or grounds available for recreational or sports activities outside the school day and/or to use community facilities to expand students' access to opportunity for physical activity.

Professional development may be regularly offered to the nutrition program director, managers, and staff, as well as health education teachers, physical education teachers, coaches, activity supervisors, and other staff as appropriate to enhance their knowledge and skills related to student health and wellness.

In order to ensure that students have access to comprehensive health services, the district may provide access to health services at or near district schools and/or may provide referrals to community resources.

The Board recognizes that a safe, positive school environment is also conducive to students' physical and mental health and thus prohibits bullying and harassment of all students, including bullying on the basis of weight or health condition.

The Superintendent or designee shall encourage staff to serve as positive role models for healthy eating and physical fitness. He/she shall promote work-site wellness programs and may provide opportunities for regular physical activity among employees.

Nutrition Guidelines for All Foods Available at School

For all foods and beverages available on each campus during the school day, the district shall adopt nutrition guidelines which are consistent with 42 USC 1758, 1766, 1773, and 1779 and federal regulations and which support the objectives of promoting student health and reducing childhood obesity. (42 USC 1758b)

In order to maximize the district's ability to provide nutritious meals and snacks, all district schools shall participate in available federal school nutrition programs, including the National School Lunch and School Breakfast Programs and after-school snack programs, to the extent possible. When approved by the California Department of Education, the district may sponsor a summer meal program.

The Superintendent or designee shall provide access to free, potable water in the food service area during meal times in accordance with Education Code 38086 and 42 USC 1758, and shall encourage students' consumption of water by educating them about the health benefits of water and by serving water in an appealing manner.

The Board believes that all foods and beverages sold to students at district schools, including those available outside the district's reimbursable food services program, should support the health curriculum and promote optimal health. Nutrition standards adopted by the district for foods and beverages provided through student stores, vending machines, or other venues shall meet or exceed state and federal nutrition standards.

The Superintendent or designee shall encourage school organizations to use healthy food items or non-food items for fundraising purposes.

He/she also shall encourage school staff to avoid the use of non-nutritious foods as a reward for students' academic performance, accomplishments, or classroom behavior.

School staff shall encourage parents/guardians or other volunteers to support the district's nutrition education program by considering nutritional quality when selecting any snacks which they may donate for occasional class parties. Class parties or celebrations shall be held after the lunch period when possible.

To reinforce the district's nutrition education program, the Board prohibits the marketing and advertising of foods and beverages that do not meet nutrition standards for the sale of foods and beverages on campus during the school day. (Education Code 49431.9; 7 CFR 210.31)

Program Implementation and Evaluation

The Superintendent designates the individual(s) identified below as the individual(s) responsible for ensuring that each school site complies with the district's wellness policy. (42 USC 1758b; 7 CFR 210.31)

Director of Child Nutrition Services
408-928-6800

The Superintendent or designee shall assess the implementation and effectiveness of this policy at least once every three years. (42 USC 1758b; 7 CFR 210.31)

The assessment shall include the extent to which district schools are in compliance with this policy, the extent to which this policy compares to model wellness policies available from the U.S. Department of Agriculture, and a description of the progress made in attaining the goals of the wellness policy. (42 USC 1758b)

The Superintendent or designee shall invite feedback on district and school wellness activities from food service

personnel, school administrators, the wellness council, parents/guardians, students, teachers, before- and after-school program staff, and/or other appropriate persons.

The Board and the Superintendent or designee shall establish indicators that will be used to measure the implementation and effectiveness of the district activities related to student wellness. Such indicators may include, but are not limited to:

1. Descriptions of the district's nutrition education, physical education, and health education curricula and the extent to which they align with state academic content standards and legal requirements

2. An analysis of the nutritional content of school meals and snacks served in all district programs, based on a sample of menus and production records

3. Student participation rates in all school meal and/or snack programs, including the number of students enrolled in the free and reduced-price meals program compared to the number of students eligible for that program

4. Extent to which foods and beverages sold on campus outside the food services program, such as through vending machines, student stores, or fundraisers, comply with nutrition standards

5. Extent to which other foods and beverages that are available on campus during the school day, such as foods and beverages for classroom parties, school celebrations, and rewards/incentives, comply with nutrition standards

6. Results of the state's physical fitness test at applicable grade levels

7. Number of minutes of physical education offered at each grade span, and the estimated percentage of class time spent in moderate to vigorous physical activity

8. A description of district efforts to provide additional opportunities for physical activity outside of the physical education program

9. A description of other districtwide or school-based wellness activities offered, including the number of sites and/or students participating, as appropriate

As feasible, the assessment report may include a comparison of results across multiple years, a comparison of district data with county, statewide, or national data, and/or a comparison of wellness data with other student outcomes such as academic indicators or student discipline rates.

In addition, the Superintendent or designee shall prepare and maintain the proper documentation and records needed for the administrative review of the district's wellness policy conducted by the California Department of Education (CDE) every three years.

The assessment results of both the district and state evaluations shall be submitted to the Board for the purposes of evaluating policy and practice, recognizing accomplishments, and making policy adjustments as needed to focus district resources and efforts on actions that are most likely to make a positive impact on student health and achievement.

Notifications

The Superintendent or designee shall inform the public about the content and implementation of the district's wellness policy and shall make the policy, and any updates to the policy, available the public on an annual basis. He/she shall also inform the public of the district's progress towards meeting the goals of the wellness policy, including the availability of the triennial district assessment. (Education Code 49432; 42 USC 1758b; 7 CFR 210.31)

The Superintendent or designee shall distribute this information through the most effective methods of communication, including district or school newsletters, handouts, parent/guardian meetings, district and school web sites, and other communications. Outreach to parents/guardians shall emphasize the relationship between student health and wellness and academic performance.

Each school may post a summary of nutrition and physical activity laws and regulations prepared by the CDE.

Records

The Superintendent or designee shall retain records that document compliance with 7 CFR 210.31, including, but not limited to, the written student wellness policy, documentation of the triennial assessment of the wellness policy for each school site, and documentation demonstrating compliance with the community involvement requirements, including requirements to make the policy and assessment results available to the public. (7 CFR 210.31)

Policy 5111: Admission

Status: DRAFT

Original Adopted Date: 04/01/2015 **| Last Revised Date:** 03/01/2022

The Board of Trustees encourages the enrollment and appropriate placement of all children who are eligible for enrollment in school. The Superintendent or designee shall inform parents/guardians of children seeking admission to a district school about admission requirements and shall assist them with enrollment procedures.

The Superintendent or designee shall announce and publicize the timeline and process for registration of students at district schools. Applications for intradistrict or interdistrict enrollment shall be subject to the timelines specified in applicable Board policies and administrative regulations.

All appropriate staff shall receive training on district admission policies and procedures, including information regarding the types of documentation that can and cannot be requested.

Verification of Admission Eligibility

Before enrolling any child in a district school, the Superintendent or designee shall verify the child's age, residence within the district, immunization, and other applicable eligibility criteria specified in law, the accompanying administrative regulation, or other applicable Board policy or administrative regulation.

The district shall not inquire into or request documentation of a student's social security number or the last four digits of the social security number or the citizenship or immigration status of the student or the student's family members. (Education Code 234.7, 49076.7)

However, such information may be collected when required by state or federal law or to comply with requirements for special state or federal programs. In any such situation, the information shall be collected separately from the school enrollment process and the Superintendent or designee shall explain the limited purpose for which the information is collected. Enrollment in a district school shall not be denied on the basis of any such information of the student or the student's parents/guardians obtained by the district, or the student's or parent/guardian's refusal to provide such information to the district.

School registration information shall list all possible means of documenting a child's age for entry into grades K-1 as authorized by Education Code 48002 or otherwise prescribed by the Board. Any alternative document allowed by the district shall be one that all persons can obtain regardless of immigration status, citizenship status, or national origin and shall not reveal information related to citizenship or immigrant status.

The Superintendent or designee shall immediately enroll a homeless student, foster youth, student who has had contact with the juvenile justice system, or a child of a military family regardless of outstanding fees or fines owed to the student's last school, lack of clothing normally required by the school, such as school uniforms, or an inability to produce previous academic, medical, or other records normally required for enrollment. (Education Code 48645.5, 48850, 48852.7, 48853.5, 49701; 42 USC 11432)

Regulation 5111: Admission

Status: DRAFT

Original Adopted Date: 11/01/2011 **| Last Revised Date:** 03/01/2022

Age of Admittance to Transitional Kindergarten, Kindergarten and First Grade

At the beginning of each school year, the Superintendent or designee shall enroll any eligible child whose fifth or sixth birthday is on or before September 1 of that year into kindergarten or first grade, as applicable. (Education Code 48000, 48010)

Admission into transitional kindergarten shall be in accordance with law and as specified in BP 6170.1 - Transitional Kindergarten. (Education Code 48000)

On a case-by-case basis, and with the approval of the child's parent/guardian, a child who will turn five years old in a given school year may be enrolled in kindergarten at any time during that school year provided that: (Education Code 48000)

1. The Board of Trustees determines that admittance is in the best interest of the child.

2. The parent/guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

The Superintendent or designee shall make a recommendation to the Board regarding whether a child should be granted early entry to kindergarten, as appropriate. In doing so, the Superintendent or designee shall consider various factors including the availability of classroom space and any negotiated maximum class size.

Documentation of Age/Grade

Prior to the admission of a child to kindergarten or first grade, the parent/guardian shall present proof of the child's age. (Education Code 48002)

Evidence of the child's age may include: (Education Code 48002)

1. A certified copy of a birth certificate or a statement by the local registrar or county recorder certifying the date of birth

2. A duly attested baptism certificate

3. A passport

4. When none of the above documents is obtainable, an affidavit of the parent/guardian

5. Other means prescribed by the Board

Policy 5111.1: District Residency

Status: DRAFT

Original Adopted Date: 12/01/2015 **| Last Revised Date:** 05/01/2018

The Board of Trustees desires to admit all students who reside within district boundaries or who fulfill the district residency requirements through other means as allowed by law. The Superintendent or designee shall develop procedures to facilitate the receipt and verification of students' proof of residency.

The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the district, including, but not limited to, all options for meeting residency requirements for school attendance. (Education Code 48980)

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency upon admission to a district school. A copy of the document or written statement offered as verification of residency shall be maintained in the student's mandatory permanent record. (5 CCR 432)

When establishing students' residency for enrollment purposes, the Superintendent or designee shall not inquire into the citizenship or immigration status of students or their family members.

A student's enrollment may be denied when the submitted documentation is insufficient to establish district residency. In any such case, the Superintendent or designee shall notify the parent/guardian in writing, including specific reasons for the denial.

Investigation of Residency

When the Superintendent or designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets district residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency. (Education Code 48204.1, 48204.2)

The Superintendent or designee may assign a trained district employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the district. (Education Code 48204.2)

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view. (Education Code 48204.2)

Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation. (Education Code 48204.2)

Appeal of Enrollment Denial

If the Superintendent or designee, upon investigation, determines that a student does not meet district residency requirements and denies the student's enrollment in the district, he/she shall provide the student's parent/guardian an opportunity to appeal that determination. (Education Code 48204.2)

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the district's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the district's determination to deny enrollment should be overruled. (Education Code 48204.2)

A student who is currently enrolled in the district shall be allowed to remain in attendance at his/her school pending

the results of the appeal. A student who is not currently enrolled in the district shall not be permitted to attend any district school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that district residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the district's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.

Enrollment Not Requiring District Residency

When approved by the Board and the appropriate agency, the district may enroll students from other countries who are in the United States on an F-1 visa or are participating in an international exchange program under the sponsorship of a government-approved agency.

The district may enroll a nonresident student living in an adjoining state or foreign country in accordance with Education Code 48050-48052.

District residency is not required for enrollment in a regional occupational center or program if there are openings in the program or class. (Education Code 52317)

Regulation 5111.1: District Residency

Status: DRAFT

Original Adopted Date: 12/01/2015 **| Last Revised Date:** 05/01/2018

Criteria for Residency

A student shall be deemed to have complied with district residency requirements for enrollment in a district school if he/she meets any of the following criteria:

1. The student's parent/guardian resides within district boundaries. (Education Code 48200)
2. The student is placed within district boundaries in a regularly established licensed children's institution, a licensed foster home, or a family home pursuant to a court-ordered commitment or placement. (Education Code 48204)
3. The student is admitted through an interdistrict attendance option. (Education Code 46600, 48204, 48301, 48356)
4. The student is an emancipated minor residing within district boundaries. (Education Code 48204)
5. The student lives with a caregiving adult within district boundaries and the caregiving adult submits an affidavit to that effect. (Education Code 48204)
6. The student resides in a state hospital located within district boundaries. (Education Code 48204)
7. The student is confined to a hospital or other residential health facility within district boundaries for treatment of a temporary disability. (Education Code 48204, 48207)
8. The student's parent/guardian resides outside district boundaries but is employed within district boundaries and lives with the student at the place of employment for a minimum of three days during the school week. (Education Code 48204)
9. The student's parent/guardian, while on active military duty pursuant to an official military order, is transferred or is pending transfer to a military installation within the state. (Education Code 48204.3)
10. The student's parent/guardian was a resident of California who departed the state against his/her will due to a transfer by a government agency that had custody of the parent/guardian, a lawful order from a court or government agency authorizing his/her removal, or removal or departure pursuant to the federal Immigration and Nationality Act, and the student lived in California immediately before moving out of state as a result of his/her parent/guardian's departure. (Education Code 48204.4)

Residency Based on Parent/Guardian Employment (Allen Bill Transfers)

District residency status may be granted to a student if at least one of his/her parents/guardians is physically employed within district boundaries for a minimum of 10 hours during the school week. No student seeking residency on this basis shall be denied enrollment based on race, ethnicity, sex, parental income, scholastic achievement, or any of the individual characteristics set forth in Education Code 220. However, the Superintendent or designee may deny enrollment into the district if any of the following circumstances is present: (Education Code 48204)

1. The additional cost of educating the student would exceed the amount of additional state aid received as a result of the transfer.
2. Enrollment of the student would adversely affect the district's court-ordered or voluntary desegregation plan as determined by the Board of Trustees.
3. Other circumstances exist that are not arbitrary.

   Such circumstances may include, but are not limited to, overcrowding of school facilities at the relevant grade level.

Once a student establishes residency on this basis, he/she shall not be required to reapply for enrollment in subsequent years. The student may continue to attend school in the district through the highest grade level offered by the district if the parent/guardian so chooses and if at least one parent/guardian of the student continues to be physically employed by an employer situated within district boundaries, subject to the exceptions in items #1-3 above. (Education Code 48204)

The Superintendent or designee may deny a transfer out of the district by a student whose parent/guardian is employed within the boundaries of another district if the difference between the number of students entering and exiting the district on the basis of parent/guardian employment exceeds the limits prescribed in Education Code 48204. (Education Code 48204)

The District considers the decision to deny Allen Bill requests final as there is no right within the Education Code to appeal a determination regarding residency under the Allen Bill.

Proof of Residency

The district shall not solicit or collect information or documents regarding the citizenship or immigration status of students or their family members for the purpose of determining residency within the district. (Education Code 234.7)

Evidence of residency may be established by documentation showing the name and address of the parent/guardian within the district, including, but not limited to, any of the following: (Education Code 48204.1)

1. Property tax payment receipt
2. Rental property contract, lease, or payment receipt
3. Utility service contract, statement, or payment receipt
4. Pay stub
5. Voter registration
6. Correspondence from a government agency
7. Declaration of residency executed by the student's parent/guardian
8. If the student is an unaccompanied youth as defined in 42 USC 11434a, a declaration of residency executed by the student
9. If the student is residing in the home of a caregiving adult within district boundaries, an affidavit executed by the caregiving adult in accordance with Family Code 6552

A parent/guardian seeking residency status on the basis of his/her employment within district boundaries shall submit proof of the employment which may include, but not be limited to, a paycheck stub or letter from his/her employer listing a physical address within district boundaries. Such evidence shall also indicate the number of hours or days per school week that the parent/guardian is employed at that location.

A parent/guardian who is transferred or pending transfer into a military installation within the state shall provide proof of residence in the district within 10 days after the published arrival date provided on official documentation. For this purpose, he/she may use as his/her address a temporary on-base billeting facility, a purchased or leased home or apartment, or federal government or public-private venture off-base military housing. (Education Code 48204.3)

A student whose parent/guardian's departure from the state occurred against his/her will pursuant to item #10 in the section "Criteria for Residency" above shall be in compliance with district residency requirements if he/she provides official documentation of the parent/guardian's departure and evidence demonstrating that the student was enrolled in a public school in California immediately before moving outside the state. (Education Code 48204.4)

Any homeless or foster youth or student who has had contact with the juvenile justice system shall be immediately enrolled in school even if he/she is unable to provide proof of residency. (Education Code 48645.5, 48852.7,

48853.5; 42 USC 11432)

Safe at Home/Confidential Address Program

When a student or parent/guardian participating in the Safe at Home program requests that the district use the substitute address designated by the Secretary of State, the Superintendent or designee may request the actual residence address for the purpose of establishing residency within district boundaries but shall use the substitute address for all future communications and correspondence and shall not include the actual address in the student's file or any other public record. (Government Code 6206, 6207)

Regulation 5111.2: Nonresident Foreign Students

Status: DRAFT

Original Adopted Date: 06/01/1997 **| Last Revised Date:** 08/01/2013

The Superintendent or designee shall, on behalf of the district, seek and obtain from the U.S. Department of Homeland Security's (DHS) Student and Exchange Visitor Program (SEVP) certification of eligibility to enroll nonimmigrant foreign students in district schools and recertification for the continuing eligibility of the district every two years. (8 CFR 214.3)

On a case-by-case basis, the Superintendent or designee may accept for admission into any of grades 9-12 any nonimmigrant foreign student with or seeking an F-1 visa. Any such student shall be admitted for a maximum of one year and shall pay the district the full, unsubsidized per-student cost of attendance at the school. (8 USC 1184)

In determining whether to admit a student, the Superintendent or designee shall consider whether the following conditions exist: (8 CFR 214.3; 22 CFR 41.61)

1. A suitable program exists at the school the student has selected.
2. The student's English proficiency is sufficient for successful study at that school.
3. Space is available at the school.
4. The student has provided proof of financial responsibility.

In addition to fulfilling all other requirements for school entry, the student shall submit evidence that he/she has been fully immunized in accordance with California law.

In accordance with law, the Superintendent or designee shall retain and, when required, report to DHS any records for nonimmigrant foreign students required for the operation of the SEVP. Upon request, he/she also shall furnish to DHS representatives other records maintained by the district for nonimmigrant foreign students. (8 CFR 214.3)

The Superintendent or designee shall ensure that any individual dealing with enrollment of nonimmigrant foreign students is trained on the use of the Student Exchange Visitor Information System.

Policy 5112.1: Exemptions From Attendance

Status: DRAFT

Original Adopted Date: 06/01/1998 **| Last Revised Date:** 07/01/2008

Each student between the ages of 6 and 18 shall be subject to compulsory full-time education. (Education Code 48200)

However, the Superintendent or designee may grant exemptions from compulsory attendance to a student as allowed by law and in the best interest of the student. Exemptions shall not be used to remove a student from the school for disciplinary purposes.

As needed, the Superintendent or designee may require a student or his/her parent/guardian to submit written documentation that the student fulfills one of the conditions specified in law and administrative regulation for which exemption is authorized.

Regulation 5112.1: Exemptions From Attendance

Status: DRAFT

Original Adopted Date: 06/01/1998 **| Last Revised Date:** 07/01/2008

Exemptions from Regular Education Program

A student may be exempted from full-time attendance in the district's regular education program if he/she:

1. Is being instructed in a private full-time school and the Superintendent or designee verifies that the private school has filed an affidavit pursuant to Education Code 33190 (Education Code 48222, 48223)

2. Is being instructed by a private tutor who holds a valid state credential for the grade taught, provided that the instruction consists of study and recitation for at least three hours a day for 175 days of each calendar year (Education Code 48224)

3. Holds a work permit to work temporarily in the entertainment or allied industries (Education Code 48225, 48225.5)

4. Holds a work permit and attends part-time classes (Education Code 48230)

5. Is between the ages of 12 and 18 and enters a school attendance area from another state within 10 days of the end of the school term, with the exemption applicable for the remainder of the term (Education Code 48231)

6. Is at least age 15 and is taking a leave of absence for up to one semester for the purpose of supervised travel, study, training, or work not available to the student under another educational option (Education Code 48232)

7. Attends a community college as a special full-time student on the grounds that he/she would benefit from advanced scholastic or vocational work (Education Code 48800.5)

Exemptions from Continuation Education

A student who would otherwise be subject to compulsory continuation education pursuant to Education Code 48400 or 48402 may be exempted if he/she: (Education Code 48410)

1. Has graduated from a public high school maintaining a four-year course above grade 8 or has had an equal amount of education in a private school or from a private tutor

   In the case of a private school, the exemption shall be granted only if the Superintendent or designee has verified that the private school has filed an affidavit pursuant to Education Code 33190. (Education Code 48415)

2. Has successfully demonstrated proficiency equal to or greater than standards established by the California Department of Education and has verified approval submitted by his/her parent/guardian

3. Is attending a public or private full-time day school or satisfactory part-time classes maintained by other agencies

4. Is attending adult school for not less than four hours per calendar week

5. Is attending a regional occupational program or center pursuant to Education Code 48432

6. Is disqualified because of his/her physical or mental condition or because of personal services that must be rendered to his/her dependents

7. Is between the ages of 12 and 18 and enters a school attendance area from another state within 10 days of the end of the school term, with the exemption applicable for the remainder of the term pursuant to Education Code 48231

Regulation 5112.2: Exclusions From Attendance

Status: DRAFT

Original Adopted Date: 10/01/1995 **| Last Revised Date:** 10/01/2015

The Superintendent or designee shall ensure that each child entering a district school at any grade level adheres to district admission requirements and enrollment procedures.

Mandatory Exclusions

The Superintendent or designee shall not unconditionally admit any student to an elementary or secondary school, preschool, or child care and development program for the first time, nor, after July 1, 2016, admit or advance any student to grade 7 unless the student has been fully immunized in accordance with Health and Safety Code 120335 and BP/AR 5141.31 - Immunizations or is exempted by law.

If a conditionally admitted student has not received required immunizations within 10 days after his/her parent/guardian has been notified of the need to do so, the student shall be excluded until he/she provides written evidence that he/she has received the vaccines due at that time. (Education Code 48216; Health and Safety Code 120335, 120370; 17 CCR 6055)

The Superintendent or designee shall not admit a student who is reasonably suspected of having active tuberculosis. He/she shall be denied admission until the local health officer or licensed medical practitioner informs the district, in writing, that the student is no longer at risk of developing or transmitting the disease. (Health and Safety Code 121485, 121495, 121505)

The Superintendent or designee shall exclude a student who is infected with any contagious or infectious disease. The student shall be permitted to return to school when a medical provider informs the Superintendent or designee in writing that he/she is satisfied that the contagious or infectious disease no longer exists. (Education Code 49451; 5 CCR 202)

The Superintendent or designee shall exclude a student who resides where any contagious, infectious, or communicable disease subject to quarantine exists or has recently existed and who is subject to strict isolation or quarantine of contacts, unless written permission of the health officer is provided. (Health and Safety Code 120230)

Permissive Exclusions

A student may be excluded from attendance at a district school under either of the following circumstances:

1. If there is good cause to believe that the student has been exposed to any disease stated in Health and Safety Code 120335 and his/her documentation of immunization does not show proof of immunization against that disease, the student may be temporarily excluded from the school until the local health officer is satisfied that the student is no longer at risk of developing or transmitting the disease. (Health and Safety Code 120335, 120370)

2. If the student has not had the health screening specified in Health and Safety Code 124040 before or within the first 90 days of attending first grade, he/she may be excluded for up to five days unless the parent/guardian has presented a waiver or the district has exempted the student from this requirement in accordance with law. (Health and Safety Code 124105)

Notifications to Parents/Guardians

The Superintendent or designee may exclude a student without prior notice to the parent/guardian if the student is excluded for any of the following reasons: (Education Code 48213)

1. He/she resides in an area subject to quarantine pursuant to Health and Safety Code 120230.

2. He/she is exempt from a medical examination but suffers from a contagious or infectious disease pursuant to Education Code 49451.

3. The Superintendent or designee determines that the presence of the student would constitute a clear and present danger to the safety or health of other students or school personnel.

However, in such cases, the Superintendent or designee shall send a notice as soon as reasonably possible after the exclusion. (Education Code 48213)

In all other cases, the Superintendent or designee shall send a notice to the student's parent/guardian stating the facts leading to the exclusion, prior to excluding the student from attendance.

Appeals from Exclusion

Upon exclusion of his/her child, a parent/guardian may meet with the Superintendent or designee to discuss the exclusion. If the parent/guardian disagrees with the decision of the Superintendent or designee to exclude his/her child, he/she may appeal the decision to the Board of Trustees.

The parent/guardian shall have an opportunity to inspect all documents upon which the district is basing its decision, to challenge any evidence and question any witness presented by the district, to present oral and documentary evidence on the student's behalf, and to have one or more representatives present at the meeting.

Policy 5112.3: Student Leave Of Absence

Status: DRAFT

Original Adopted Date: 12/01/1988 **| Last Revised Date:** 07/01/2012

The Board of Trustees recognizes the importance of regular school attendance in promoting student achievement. However, the Board also recognizes that, in rare circumstances, it may be beneficial for a student to participate in opportunities outside the school which contribute to his/her educational experience.

The Superintendent or designee may grant student leaves of absence for the purpose of supervised travel, study, training, or work not available to the student under another educational option. Such leave may be granted to a student 15 years of age or older in the regular program and to a student age 16-18 in the continuation education program. (Education Code 48232, 48416)

No more than one percent of the students enrolled and attending a school shall be granted a leave of absence during any school year. (Education Code 48232, 48416)

Regulation 5112.3: Student Leave Of Absence

Status: DRAFT

Original Adopted Date: 12/01/1988 **| Last Revised Date:** 07/01/2012

Upon request, the Superintendent or designee may grant a student a leave of absence from school for the purpose of supervised travel, study, training, or work. To be eligible for such leave, the student shall, at the time the leave of absence is to begin, be at least 15 years of age or, if he/she is enrolled in continuation education classes or exempted from continuation education classes pursuant to Education Code 48410, be 16-18 years of age. (Education Code 48232, 48416)

A written agreement shall be entered into that is signed by the student's parent/guardian, the principal or designee of the school which the student would otherwise attend, a classroom teacher familiar with the student's academic progress, and the district's supervisor of child welfare and attendance. In the case of a continuation education student, the student also shall sign the written agreement. The agreement shall include: (Education Code 48232, 48416)

1. The purpose of the leave
2. The length of the leave
3. Provision for a meeting or contact between the student and a designated school official at least once a month while the student is on leave
4. A statement that the leave is for the purpose of supervised travel, study, training, or work not available to the student under another educational option

The length of the leave may be up to one semester, or up to two semesters for a continuation education student. The leave may be extended for an additional semester upon approval of all parties to the written agreement and the local school attendance review board. No leave of absence may be taken that would continue past the end of the school year in which the leave is taken. (Education Code 48232, 48416)

The student shall be permitted to return to school at any time and shall not be prevented from completing his/her academic requirements within a time period equal to that of his/her classmates who did not take leave, plus a period of time equal to the leave of absence. If the student re-enrolls at a time other than the beginning of a semester, the school shall not be required to provide make-up sessions for classes missed. (Education Code 48232, 48416)

If the student does not contact the designated school official as required by the written agreement, the leave shall be nullified. The agreement also may be nullified for cause at any time by any party to the agreement. (Education Code 48232, 48416)

Policy 5112.5: Open/Closed Campus

Status: DRAFT

Original Adopted Date: 12/01/1987 **| Last Revised Date:** 07/01/2018

Closed Campus

In order to keep students in a supervised, safe, and orderly environment, the Board of Trustees establishes a closed campus at all district schools.

Students shall not leave school grounds at any time during the school day without express permission of school authorities. Students who leave school without authorization shall be considered to have an unexcused absence and be subject to disciplinary action.

Student handbooks shall fully explain all rules and disciplinary procedures involved in the maintenance of the closed campus.

Policy 5113: Absences And Excuses

Status: DRAFT

Original Adopted Date: 11/01/1999 **| Last Revised Date:** 06/01/2024

The Board of Trustees believes that regular attendance plays an important role in student achievement. The Board shall work with parents/guardians and students to ensure their compliance with all state attendance laws and may use appropriate legal means to correct problems of chronic absence or truancy.

In accordance with law, Board policy, and administrative regulation, absence from school shall be excused only for health reasons, family emergencies, and justifiable personal reasons as specified in Education Code 48205, and work in the entertainment or allied industry as permitted pursuant to Education Code 48225.5.

When a student's absence from school is excused, the student's teacher shall determine identical or reasonably equivalent assignments and tests to those missed during the absence which the student shall be permitted to complete for full credit within a reasonable amount of time as determined by the teacher. (Education Code 48205, 48225.5)

Student absence for religious instruction or participation in religious exercises away from school property may be considered excused subject to law and administrative regulation. (Education Code 46014)

Inasmuch as school attendance and class participation are integral to students' learning experiences, parents/guardians and students shall be encouraged to schedule medical and other appointments during non-school hours.

Students shall not be absent from school without their parents/guardians' knowledge or consent, except in cases of medical emergency or, as authorized pursuant to Education Code 46010.1, for a confidential medical appointment.

The Board shall, by resolution entered into its minutes, approve reasonable methods that may be used to verify student absences due to illness or quarantine. (5 CCR 421)

Regulation 5113: Absences And Excuses

Status: DRAFT

Original Adopted Date: 11/01/2011 **| Last Revised Date:** 06/01/2024

Excused Absences

Subject to any applicable limitation, condition, or other requirement specified in law, a student's absence shall be excused for any of the following reasons:

1. Personal illness, including absence for the benefit of the student's mental or behavioral health (Education Code 48205)
2. Quarantine under the direction of a county or city health officer (Education Code 48205)
3. Medical, dental, optometrical, or chiropractic service or appointment (Education Code 48205)
4. Attendance at funeral services for or grieving the death of a member of the student's immediate family or, as determined by the student's parent/guardian, a person so closely associated with the student as to be considered the student's immediate family (Education Code 48205)

   A student may be excused for this reason for up to five days for each incident. (Education Code 48205)
5. Jury duty in the manner provided for by law (Education Code 48205)
6. Illness or medical appointment of a child to whom the student is the custodial parent (Education Code 48205)
7. Upon advance written request by the parent/guardian and the approval of the principal or designee, justifiable personal reasons including, but not limited to: (Education Code 48205)
   a. Attendance or appearance in court
   b. Attendance at a funeral service
   c. Observance of a religious holiday or ceremony
   d. Attendance at religious retreats for no more than one school day each semester
   e. Attendance at an employment conference
   f. Attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization
8. Service as a member of a precinct board for an election pursuant to Elections Code 12302 (Education Code 48205)
9. To spend time with an immediate family member who is an active duty member of the uniformed services, as defined in Education Code 49701, and has been called to duty for deployment to a combat zone or a combat support position or is on leave from or has immediately returned from such deployment (Education Code 48205)

   Such absence shall be granted for a period of time to be determined at the discretion of the Superintendent or designee. (Education Code 48205)
10. Attendance at the student's naturalization ceremony to become a United States citizen (Education Code 48205)
11. Participation in a cultural ceremony or event which relates to the habits, practices, beliefs, and traditions of a certain group of people (Education Code 48205)
12. For a middle school or high school student, engagement in a civic or political event, provided that the student

notifies the school ahead of the absence (Education Code 48205)

Unless otherwise permitted by the Superintendent or designee, students shall be limited to one such school day-long absence each school year (Education Code 48205)

13. When a student's immediate family member or, as determined by the student's parent/guardian, a person so closely associated with the student as to be considered the student's immediate family has died: (Education Code 48205)

    a. To access services from a victim services organization or agency

    b. To access grief support services

    c. To participate in safety planning or take other actions, including, but not limited to, temporary or permanent relocation, to increase the safety of the student, an immediate family member of the student, or a person determined by the student's parent/guardian to be in such close association with the student as to be considered immediate family.

    Such absence shall be excused for not more than three days for each incident. (Education Code 48205)

14. Participation in religious exercises or to receive moral and religious instruction at the student's place of worship or other suitable place away from school property as designated by the religious group, church, or denomination (Education Code 46014)

    Absence for student participation in religious exercises or instruction shall not be considered an absence for the purpose of computing average daily attendance if the student attends at least the minimum school day as specified in Administrative Regulation 6112 - School Day, and is not excused from school for this purpose on more than four days each school month. (Education Code 46014)

15. For a student who holds a work permit authorizing work in the entertainment or allied industries for a period of not more than five consecutive days, work in such industry (Education Code 48225.5)

    For this purpose, student absence shall be excused for a maximum of up to five absences each school year. (Education Code 48225.5)"

16. Participation with a nonprofit performing arts organization in a performance for a public school audience (Education Code 48225.5)

    A student may be excused for up to five such absences each school year provided that the student's parent/guardian provides a written explanation of such absence to the school. (Education Code 48225.5)

17. Other reasons authorized at the discretion of the principal or designee based on the student's specific circumstances (Education Code 48205, 48260)

For the purpose of the absences described above, immediate family means the student's parent/guardian, sibling, grandparent, or any other relative living in the student's household. (Education Code 48205)

Method of Verification

Student absence to care for a child for whom the student is the custodial parent shall not require a physician's note. (Education Code 48205)

For other absences, the student shall, upon returning to school following the absence, present a satisfactory explanation, either in person or by written note, verifying the reason for the absence. Absences shall be verified by the student's parent/guardian, other person having charge or control of the student, or the student if age 18 or older. (Education Code 46012; 5 CCR 306)

When an absence is planned, the principal or designee shall be notified prior to the date of the absence when possible.

The following methods may be used to verify student absences:

1. Written, digital, or audio message from parent/guardian or parent representative

2. Conversation, in person or by telephone, between the verifying employee and the student's parent/guardian or parent representative

   The employee shall subsequently record the following:

   a. Name of student

   b. Name of parent/guardian or parent representative

   c. Name of verifying employee

   d. Date(s) of absence

   e. Reason for absence

3. Visit to the student's home by the verifying employee, or any other reasonable method which establishes the fact that the student was absent for the reasons stated

   The employee shall document the verification and include the information specified in Item #2 above.

4. Physician's verification

   a. When excusing students for confidential medical services or verifying such appointments, district staff shall not ask the purpose of such appointments but may request a note from the medical office to confirm the time of the appointment

   b. If a student shows a pattern of chronic absenteeism due to illness, district staff may require physician verification of any further student absences

Parental Notifications

At the beginning of each school year, the Superintendent or designee shall:

1. Notify parents/guardians of the right to excuse a student from school in order to participate in religious exercises or to receive moral and religious instruction at their places of worship, or at other suitable places away from school property designated by a religious group, church, or denomination (Education Code 46014, 48980)

2. Notify students in grades 7-12 and the parents/guardians of all students enrolled in the district that school authorities may excuse any student from school to obtain confidential medical services without the consent of the student's parent/guardian (Education Code 46010.1)

3. Notify parents/guardians that a student shall not have a grade reduced or lose academic credit for any excused absence if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time (Education Code 48980)

   Such notice shall include the full text of Education Code 48205. (Education Code 48980)

Policy 5113.1: Chronic Absence And Truancy

Status: DRAFT

Original Adopted Date: 11/01/2012 **| Last Revised Date:** 12/01/2024

The Board of Trustees believes that absenteeism, whatever the cause, may be an early warning sign of poor academic achievement and may put students at risk of dropping out of school. The Board desires to ensure that all students attend school in accordance with the state's compulsory education law and take full advantage of educational opportunities provided by the district, and that students who are identified as chronically absent or truant receive appropriate support services and interventions as early as possible.

The Superintendent or designee shall establish a system to accurately track student attendance in order to identify individual students who are chronic absentees and truants, as defined in law and administrative regulation, and to identify patterns of absence throughout the district.

The Superintendent, attendance supervisor, or designee shall consult with students, parents/guardians, school staff, and community agencies, as appropriate, to identify factors contributing to chronic absence and truancy, including in relation to grade level and student subgroup patterns of chronic absence and truancy.

The Superintendent, attendance supervisor, or designee shall develop a tiered approach to reducing chronic absence. Such an approach shall include strategies for preventing attendance problems, which may include, but are not limited to, efforts to provide a safe and positive school environment; relevant and engaging learning experiences; school activities that help develop students' feelings of connectedness with the school, including personalized relationships between students and teachers and/or support staff; school-based health services; letters alerting parents/guardians to the value of regular school attendance, including the use of bilingual aides and communication in the primary language used by parents/guardians; and incentives and rewards to recognize students who achieve excellent attendance or demonstrate significant improvement in attendance.

The tiered approach shall also provide for early outreach to students as soon as they show signs of poor attendance or if they were chronically absent in the prior school year. Early intervention may include personalized outreach, individual attendance plans, and/or mentoring to students with moderate levels of chronic absence, with additional intensive, interagency wrap-around services for students with the highest level of absence.

Students with serious attendance problems shall be provided with interventions specific to their needs, which may include, but are not limited to, health care referrals; transportation assistance; counseling, including trauma-informed practices, for mental or emotional difficulties; academic supports; efforts to address school or community safety concerns; discussions with the student and parent/guardian about their attitudes regarding schooling; or other strategies to remove identified barriers to school attendance. The Superintendent, attendance supervisor, or designee may collaborate with child welfare services, law enforcement, courts, public health care agencies, other government agencies, and/or medical, mental health, and oral health care providers to make alternative educational programs and support services available for students and families.

The Superintendent or designee shall ensure that staff assigned to fulfill attendance-related duties are trained in implementing a trauma-informed approach to chronic absence and receive information about the high correlation between chronic absence and exposure to adverse childhood experiences.

Students who are identified as chronically absent or truant shall be subject to the interventions specified in law and administrative regulation.

To provide students with an opportunity to make up lost instructional time and offset absences, the Superintendent or designee may implement an attendance recovery program for students in grades transitional kindergarten-12. Any such attendance recovery program shall be operated in accordance with Education Code 46211 and as specified in the accompanying administrative regulation.

A student's truancy, tardiness, or other absence from school shall not be the basis for suspension or expulsion. Alternative strategies and positive reinforcement for attendance shall be used whenever possible.

The Superintendent, attendance supervisor, or designee shall periodically report to the Board regarding student attendance patterns in the district, including rates of chronic absence and truancy districtwide and for each school, grade level, and numerically significant student subgroup as defined in Education Code 52052. Such information shall be used to evaluate the effectiveness of strategies implemented to reduce chronic absence and truancy and to

develop annual goals and specific actions for student attendance and engagement to be included in the district's local control and accountability plan and other applicable school and district plans. As appropriate, the Superintendent or designee shall engage school staff in program evaluation and improvement and in the determination of how to best allocate available community resources.

Regulation 5113.1: Chronic Absence And Truancy

Status: DRAFT

Original Adopted Date: 11/01/2010 **| Last Revised Date:** 12/01/2024

Definitions

Chronic absentee means a student who is absent for any reason on 10 percent or more of the school days in the school year, when the total number of days the student is absent is divided by the total number of days the student is enrolled and school was actually taught in the regular schools of the district, exclusive of Saturdays and Sundays. (Education Code 60901)

Truant means a student who is absent from school without a valid excuse three full days in one school year, or tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof. (Education Code 48260)

Habitual truant means a student who has been reported as a truant three or more times within the same school year, provided the district has made a conscientious effort to hold at least one conference with the student and the student's parent/guardian after either of the two previous reports. (Education Code 48262, 48264.5)

Chronic truant means a student who has been absent from school without a valid excuse for 10 percent or more of the school days in one school year, from the date of enrollment to the current date, provided the district has met the requirements of Education Code 48260, 48260.5, 48261, 48262, 48263, and 48291. (Education Code 48263.6)

For purposes of classifying a student as a truant, a valid excuse includes, but is not limited to, the reasons for which a student shall be excused from school pursuant to Education Code 48205 and 48225.5, and Administrative Regulation 5113 - Absences and Excuses. A valid excuse may include other reasons that are within the discretion of school administrators and, based on the facts of the student's circumstances, are deemed to constitute a valid excuse. (Education Code 48260)

Addressing Chronic Absence

When a student is identified as a chronic absentee, the Superintendent, attendance supervisor, or designee shall communicate with the student and the student's parents/guardians to determine the reason(s) for the excessive absences, ensure the student and parents/guardians are aware of the adverse consequences of poor attendance, and jointly develop a plan for improving the student's school attendance.

The student may be referred to a student success team or school-site attendance review team to assist in evaluating the student's needs and identifying strategies and programs to assist the student. When necessary, the student may be referred to a school attendance review board (SARB) program, a truancy mediation program established by the district attorney or the probation officer, or a comparable program deemed acceptable by the Superintendent or designee, in accordance with Education Code 48263 and Item #3 in "Addressing Truancy" below.

A student who is struggling academically may be offered tutoring or other supplemental instruction, expanded learning opportunities, and/or alternative educational options as appropriate.

Students who are absent shall be given an opportunity to make up missed assignments or assessments and shall receive full credit for satisfactory completion of the work. Students with excessive absences shall be supported to the extent possible to limit the impact of absences on the student's grades.

Whenever chronic absenteeism is linked to a health, social-emotional, family, or other nonschool issue, the Superintendent or designee may recommend school or community resources and/or collaborate with community agencies and organizations to address the needs of the student and the student's family.

Addressing Truancy

An attendance supervisor or designee, peace officer, probation officer, or school administrator or designee may, as applicable, arrest or assume temporary custody during school hours of any minor student found away from home who is absent from school without a valid excuse. Any person arresting or assuming temporary custody of a minor student shall deliver the student and make reports in accordance with Education Code 48265 and 48266. (Education Code 48264, 48265, 48266)

The Superintendent, attendance supervisor, or designee shall investigate a complaint from any person that a parent/guardian has violated the state compulsory education laws contained in Education Code 48200-48341. (Education Code 48290)

When a student has been identified as a truant as defined above, the following steps shall be implemented based on the number of truancies the student has committed:

1. Initial truancy

    a. The student shall be reported to the Superintendent, attendance supervisor, or designee (Education Code 48260)

    b. The student's parent/guardian shall be notified, by the most cost-effective method possible, which may include email or a telephone call, that: (Education Code 48260.5)

        i. The student is truant

        ii. The parent/guardian is obligated to compel the student to attend school

        iii. Alternative educational programs are available in the district

        iv. The parent/guardian has the right to meet with appropriate school personnel to discuss solutions to the student's truancy

        v. Mental health and supportive services may be available to the student and the family

        vi. School personnel are available to meet with the student and family to develop strategies to support the student's attendance at school

        vii. Research shows that missing 10 percent of school for any reason can translate into students having difficulty learning to read by third grade, achieving in middle school, and graduating from high school

    c. The student may be required to attend makeup classes on one day of a weekend pursuant to Education Code 37223 (Education Code 48264.5)

    d. The student and, as appropriate, the student's parent/guardian may be requested to attend a meeting with a school counselor or other school designee to discuss the root causes of the attendance issue and develop a joint plan to improve the student's attendance (Education Code 48264.5)

    e. The Superintendent, attendance supervisor, or designee may notify the district attorney and/or probation officer of the student's name and the name and address of the student's parents/guardians (Education Code 48260.6)

2. Second truancy

    a. Any student who has once been reported as a truant shall again be reported to the Superintendent, attendance supervisor, or designee as a truant if the student is absent from school without a valid excuse one or more days or is tardy on one or more days during the school year (Education Code 48261)

    b. The student may be required to attend makeup classes on one day of a weekend pursuant to Education Code 37223 (Education Code 48264.5)

    c. The student may be assigned to an after-school or weekend study program within the county and, if the student fails to successfully complete this study program, the student shall be subject to Item #3 below (Education Code 48264.5)

    d. An appropriate district staff member shall make a conscientious effort to hold at least one conference with the student and the student's parent/guardian by communicating with the parent/guardian at least once using the most cost-effective method possible, which may include email or a telephone call

(Education Code 48262)

e. The student may be given a written warning by a peace officer

   A record of that warning may be kept at the school for not less than two years or until the student graduates or transfers from the school. If the student transfers, the record may be forwarded to the new school. (Education Code 48264.5)

f. The Superintendent or designee may notify the district attorney and/or probation officer when the student continues to be classified as a truant after the parents/guardians have been notified in accordance with Item #1b above (Education Code 48260.6)

3. Third truancy (habitual truancy)

   a. A student who is habitually truant, a chronic absentee, or habitually insubordinate or disorderly during attendance at school may be referred to, and required to attend, a SARB program, a truancy mediation program established by the district attorney or the probation officer, or a comparable program deemed acceptable by the Superintendent or designee (Education Code 48263, 48264.5)

   b. Upon making a referral to the SARB or the probation department, the Superintendent, attendance supervisor, or other person designated to make the referral shall provide the student, the student's parent/guardian, and SARB or probation department with documentation of the interventions undertaken at the school

      Additionally, the attendance supervisor or designee shall provide the student and the student's parent/guardian, in writing, the name and address of the SARB or probation department and the reason for the referral. This notice shall indicate that the student and the student's parent/guardian shall be required, along with the district staff person making the referral, to meet with the SARB or a probation officer to consider a proper disposition of the referral. (Education Code 48263)

   c. If the student does not successfully complete the truancy mediation program or other similar program, the student shall be subject to Item #4 below (Education Code 48264.5)

   d. If the Superintendent or designee determines that available community services cannot resolve the problem of the truant or insubordinate student or if the student and/or the student's parents/guardians have failed to respond to the directives of the district or to services provided, the Superintendent or designee may so notify the district attorney and/or the probation officer (Education Code 48263)

4. Fourth truancy

   a. Upon the fourth truancy within the same school year, the student may be referred to the jurisdiction of the juvenile court (Education Code 48264.5; Welfare and Institutions Code 601)

   b. If a student has been adjudged by the county juvenile court to be a habitual truant, the Superintendent or designee shall notify the juvenile court and the student's probation or parole officer whenever the student is truant or tardy on one or more days without a valid excuse in the same or succeeding school year, or is habitually insubordinate or disorderly at school

      The juvenile court and probation or parole officer shall be notified within 10 days of the violation. (Education Code 48267)

Attendance Recovery Program

Beginning July 1, 2025, the district may implement an attendance recovery program for students to make up a maximum of 10 days of attendance for lost instructional time and offset absences incurred during the school year. Any student participating in the program shall not be credited with more than five days of attendance per school week or more than one day of attendance for any calendar day of participation in the program. (Education Code 46211)

The district's program may be operated before or after school, on weekends, or during intersessional periods. The district shall offer access to an attendance recovery program throughout the school year, including, at least once

during each term. (Education Code 46211)

The program shall be provided only as a limited-term option for a classroom-based, regular educational program. Students otherwise enrolled in a nonclassroom-based program, such as independent study, shall not participate in an attendance recovery program. (Education Code 46211)

A student shall not be required to participate in the program. Students concurrently participating in both an attendance recovery program and an Expanded Learning Opportunities Program (ELO) pursuant to Education Code 46120, shall retain the ability to participate in the entirety of the ELO's offerings for the duration of the school year. (Education Code 46211)

The district's attendance recovery program shall be composed of students engaged in educational activities and content aligned to grade level standards that are substantially equivalent to the students' regular instructional program, which may include one-on-one or small group tutoring, and shall be under the immediate supervision and control of a certificated teacher who is also an employee of the district and who possesses a valid certification document. (Education Code 46211)

The district's attendance recovery program shall not exceed a student-to-certificated teacher ratio of 10 to 1 for TK and kindergarten or 20 to 1 for grades 1 to 12. The district shall maintain documentation demonstrating how the attendance recovery program met these applicable ratios. (Education Code 46211)

Records

The Superintendent, attendance supervisor, or designee shall maintain accurate attendance records for students identified as habitual or chronic truants. In addition, the attendance supervisor, designee, and/or the staff persons who have direct contact with the student or parent/guardian shall document all their contacts regarding the student's attendance, including a summary of all conversations and a record of all intervention efforts.

The Superintendent, attendance supervisor, or designee shall gather and transmit to the County Superintendent of Schools the number and types of referrals made to the SARB and of requests for petitions made to the juvenile court. (Education Code 48273)

Additionally, in regard to the district's attendance recovery program, the Superintendent or designee shall maintain documentation demonstrating how the attendance recovery program met the student-to-teacher ratios specified in Education Code 46211.

Regulation 5113.11: Attendance Supervision

Status: DRAFT

Original Adopted Date: 10/01/2017 **| Last Revised Date:** 10/01/2020

The Superintendent or designee shall appoint an attendance supervisor and any assistant attendance supervisor(s) as may be necessary to supervise the attendance of district students. (Education Code 48240, 48242)

Any person appointed as an attendance supervisor shall be appropriately certificated to perform the work. (Education Code 48241, 48245)

Such supervisors shall perform duties related to compulsory full-time education, truancy, compulsory continuation education, work permits, and any additional duties prescribed by the Superintendent or designee. (Education Code 48240)

The attendance supervisor shall promote a culture of attendance and establish a system to accurately track student attendance in order to achieve all of the following:

1. Raise the awareness of school personnel, parents/guardians, caregivers, community partners, and local businesses of the effects of chronic absenteeism and truancy and other challenges associated with poor attendance

2. Identify and respond to grade level or student subgroup patterns of chronic absenteeism or truancy

3. Identify and address factors contributing to chronic absenteeism and habitual truancy, including suspension and expulsion

4. Ensure that students with attendance problems are identified as early as possible to provide applicable support services and interventions

5. Evaluate the effectiveness of strategies implemented to reduce chronic absenteeism rates and truancy rates

The attendance supervisor may provide support services and interventions, including, but not limited to, the following: (Education Code 48240)

1. A conference between school personnel, the student's parent/guardian, and the student

2. Promotion of cocurricular and extracurricular activities that increase student connectedness to school, such as tutoring, mentoring, the arts, service learning, or athletics

3. Recognition of students who achieve excellent attendance or demonstrate significant improvement in attendance

4. Referral of the student to a school nurse, school counselor, school psychologist, school social worker, and other student support personnel for case management and counseling

5. Collaboration with child welfare services, law enforcement, courts, public health care agencies, government agencies, or medical, mental health, and oral health care providers to receive necessary services

6. Collaboration with school study teams, guidance teams, school attendance review teams, or other intervention-related teams to assess the attendance or behavior problem in partnership with the student and the student's parents/guardians or caregivers

7. In schools with significantly higher rates of chronic absenteeism, identification of barriers to attendance that may require schoolwide strategies rather than case management

8. Referral of the student for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program for a student with disabilities or creating a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973

9. Referral of the student to a school attendance review board (SARB) established pursuant to Education Code 48321 or to the probation department pursuant to Education Code 48263

10. Referral of the student to a truancy mediation program operated by the county's district attorney or probation officer pursuant to Education Code 48260.6

Upon receiving any complaint that a parent/guardian or other person having control or charge of a student has violated Education Code 48200-48341, the state compulsory education laws, the attendance supervisor shall investigate the matter and, if a violation is found, shall recommend referral to a SARB. If the district is subsequently notified by the SARB that the parent/guardian continually and willfully has failed to respond to directives of the SARB or the services provided, the attendance supervisor shall refer the matter for possible prosecution in court in accordance with Education Code 48291-48292, as applicable. (Education Code 48290-48292)

The attendance supervisor shall gather and transmit to the County Superintendent of Schools the number and types of referrals made to the SARB and of requests for petitions made to the juvenile court. (Education Code 48273)

The attendance supervisor shall annually report student attendance data to the Superintendent or designee and the Board of Trustees. Such data shall include, by school, grade level, and each numerically significant student subgroup as defined in Education Code 52052, rates of school attendance, chronic absence in which students are absent on 10 percent of more of the school days in the school year, and dropout.

Policy 5113.12: District School Attendance Review Board

Status: DRAFT

Original Adopted Date: 10/01/2017

The Board of Trustees recognizes that poor school attendance and behavior problems negatively impact student achievement and put students at greater risk of dropping out of school. The Superintendent or designee shall establish a comprehensive and integrated system for the early identification of attendance problems and shall implement strategies to encourage students' attendance. After other interventions have been exhausted, students with a pattern of unexcused absences may be referred to a school attendance review board (SARB), in accordance with applicable law, in order to receive intensive guidance and assistance.

The SARB shall maintain a continuing inventory of community resources, including alternative educational programs.

The Superintendent or designee shall collaborate with the SARB and appropriate community agencies, including, but not limited to, law enforcement agencies, child welfare agencies, and health services, to provide school-based and/or community-based interventions tailored to the specific needs of the student.

The Board shall appoint members to the district's SARB, who may include a parent/guardian as well as representatives of various agencies including, but not limited to, school districts; the county probation department; the county welfare department; the County Superintendent of Schools; law enforcement agencies; community-based youth service centers; school guidance personnel; child welfare and attendance personnel; school or county health care personnel; school, county, or community mental health personnel; the county district attorney's office; and the county public defender's office. (Education Code 48321)

The district's SARB shall provide support to improve student attendance and behavior through proactive efforts focused on building positive school environments and improved school connectedness, early identification and immediate intervention to re-engage students with poor attendance or behavior, and intensive intervention with students and families to address severe or persistent attendance or behavior issues.

The district's SARB shall operate in accordance with Education Code 48320-48325, the Brown Act (Government Code 54950-54963), and the bylaws of the SARB.

The SARB shall collect data and annually report outcomes on SARB referrals to the Board of Trustees, Superintendent or designee, and County Superintendent of Schools. (Education Code 48273)

Regulation 5113.12: District School Attendance Review Board

Status: DRAFT

Original Adopted Date: 10/01/2017

Upon receiving a referral of a student with attendance and/or behavior problems, a designated member of the school attendance review board (SARB) shall review the case and may meet with school personnel to determine whether the school has provided sufficient information about the student's attendance record or behavior. If the referral is complete and is an appropriate matter for the SARB to consider, the SARB chairperson shall provide written notification to the student's parents/guardians stating the reasons a referral has been made, explaining the SARB process, advising whether additional information is needed, and describing school-level interventions that have previously been attempted.

The SARB shall meet with the student and his/her parents/guardians, give them an opportunity to present their understanding of the problem, and discuss the school and/or community resources appropriate for the student's circumstances.

Any SARB meeting to consider matters related to an individual student shall be held in closed session unless the parent/guardian requests, in writing, that the meeting be held in open session.

The SARB shall have access to relevant student records, but shall not provide access to others without written consent of the student's parent/guardian. (Education Code 49076)

For the limited purpose of making a proper disposition of the referral of a student, the SARB may issue subpoenas pursuant to Code of Civil Procedure 1985-1997 or may request the juvenile court to issue subpoenas to require the attendance of the student, parents/guardians or other person having control of the student, the school authority referring the student, or any other person who has pertinent or material information concerning the matter. The SARB shall not issue any subpoena that includes a request for production of written materials, but may request a juvenile court to issue such subpoena for the production of written materials. (Education Code 48263, 48321.5)

The SARB shall issue written directives stating the responsibilities of all persons involved, detailed resource referrals, and follow-up dates for the school's reports on the student's progress. The written directives shall include an agreement that the student will attend school or improve classroom behavior as applicable, and shall be signed by the student, his/her parents/guardians, the SARB chairperson, and the Superintendent or designee.

When referred by the SARB, a student may be assigned to a community day school or a county community school. (Education Code 1981, 48662)

At any time it deems proper, the SARB may require the student or his/her parents/guardians to furnish satisfactory evidence of participation in any available community services that the student or parents/guardians have been directed to use. (Education Code 48263)

Based on progress reports submitted by the school, the SARB may terminate the agreement upon the successful completion of the terms of the agreement, extend the time for completion of the agreement, or schedule another meeting with the student and his/her parents/guardians.

If the student's attendance or behavior problems cannot be resolved by the SARB, or if the student and/or the student's parents/guardians continually and willfully fail to respond to SARB directives or the services provided, the student or parents/guardians shall be referred to the appropriate agency, including law enforcement agencies when necessary. (Education Code 48263, 48290-48291)

Policy 5113.2: Work Permits

Status: DRAFT

Original Adopted Date: 06/01/1995 **| Last Revised Date:** 12/01/2020

The Board of Trustees recognizes that part-time employment can provide students with income, job experience, and valuable life skills and should be permitted to the extent that such employment does not interfere with a student's education. Before accepting any offer of employment, district students who are minors shall obtain work permits from the Superintendent or designee, regardless of whether the employment will occur when school is in session and/or not in session, unless otherwise exempted by law.

In determining whether to grant or continue a work permit, the Superintendent or designee shall consider whether employment is likely to significantly interfere with the student's schoolwork. Students granted work permits shall be required to demonstrate and maintain a 2.0 grade point average and satisfactory school attendance, except during periods of extended school closure due to an emergency as described in Education Code 49200 and the accompanying administrative regulation. On a case-by-case basis, the Superintendent or designee may approve a maximum work hour limit that is lower than the limit specified in law and administrative regulation.

Students with work permits may be exempted from attendance in a full-time day school provided they attend part-time classes. (Education Code 48230)

Work permits shall be limited to part-time employment as defined by law, except when the Superintendent or designee determines that circumstances warrant the granting of a permit for full-time employment.

Any student authorized to work full time when school is in session shall be enrolled in part-time continuation classes. A student age 14 or 15 who receives a permit to work full time shall also be enrolled in a work experience education program. (Education Code 49130, 49131, 49135)

Regulation 5113.2: Work Permits

Status: DRAFT

Original Adopted Date: 11/01/2004 | **Last Revised Date:** 12/01/2020

Before accepting employment, a student under the age of 18 who is subject to the state's compulsory attendance law, including a student who has not yet graduated from high school or has not received a certificate of proficiency, shall obtain a work permit.

The district may issue a permit authorizing employment while school is in session, including employment connected with a work experience education program pursuant to Education Code 51760-51769.5, to a student 14-17 years of age. The district also may issue a permit to any student 12-17 years of age to be employed during a regular school holiday, during a regular or specified occasional public school vacation, and when the student is exempt from compulsory school attendance pursuant to Education Code 48231 because the student arrived from another state within 10 days before the end of the school term. (Education Code 49111, 49113, 49160)

If a student has obtained an offer of employment in the entertainment industry, the student shall request a work permit from the California Department of Industrial Relations, Division of Labor Standards Enforcement, pursuant to Labor Code 1308.5 and 8 CCR 11752-11753.

A work permit shall not be required for a student who is not receiving pay or financial reimbursement for services rendered in volunteer services or educational purposes, is not in an employer-employee relationship in accordance with the Fair Labor Standards Act, is serving as an unpaid trainee or volunteer or in an in-school placement, and has submitted written parent/guardian permission. (5 CCR 10121)

In addition, a student shall not be required to obtain a work permit if the student is self-employed; is working at odd jobs such as yard work and babysitting in private homes where the student is not regularly employed; is a self-employed news carrier delivering newspapers to consumers on a regular route; is employed in agricultural, horticultural, viticultural, or domestic labor during non-school hours when the work is performed for or under the control of the parent/guardian and is performed upon or in connection with premises the parent/guardian owns, operates, or controls; or is otherwise exempted by law.

Persons Authorized to Issue Work Permits

The following individuals are authorized to issue a work permit to a student in the district: (Education Code 49110)

1. The Superintendent

2. An employee holding a services credential with a specialization in pupil personnel services or a certificated work experience education teacher or coordinator, when authorized by the Superintendent in writing

3. A principal, or another school administrator designated by the principal, provided that the principal or designee:

    a. Provides a self-certification that the principal or designee understands the requirements of law for issuing a work permit

    b. Does not issue a work permit to the principal's or designee's own child

If the person designated to issue work permits is not available and delay in issuing a permit would jeopardize a student's ability to secure work, the Superintendent may temporarily authorize another person to issue the permit. (Education Code 49110)

Application

The student's parent/guardian, foster parent, caregiver with whom the student resides, or residential shelter services provider shall file a written request for a work permit. (Education Code 49110)

The request for a work permit shall be submitted to the Superintendent or designee on a form approved by the California Department of Education (CDE).

If the student is applying for a full-time work permit, the student and the student's parent/guardian shall generally be

required to appear before, and submit the application to, the Superintendent or designee. (Education Code 49132)

In the event of an extended physical closure of the campus due to a natural disaster, pandemic, or other emergency, the required documentation, including signatures, may be collected electronically. In addition, if the application is for a full-time work permit, the student and parent/guardian shall not be required to appear in person before the Superintendent or designee if the completed application has been successfully submitted electronically and the student and parent/guardian have attended a video conference with the person issuing the work permit. (Education Code 49132, 49200)

Approval Process

The Superintendent or designee shall have discretion to determine whether or not to issue the work permit.

In determining whether to approve a work permit, the Superintendent or designee shall verify the student's date of birth, the type of work permit to be issued, and whether the student meets any other criteria established by the Board of Trustees. The Superintendent or designee may inspect the student's records and/or may confer with at least one of the student's teachers for evidence of satisfactory grades and school attendance and to determine whether the student possesses the motivation and maturity to maintain academic progress while working.

However, a work permit shall not be denied based on a student's grades, grade point average, or school attendance under either of the following circumstances: (Education Code 49120, 49200)

1. The student's school has been physically closed for an extended time due to a natural disaster, pandemic, or other emergency.

2. The student is applying for a work permit in order to participate in a government-administered employment and training program that will occur during the regular summer recess or vacation of the student's school.

Students shall not be approved to work in environments declared hazardous or dangerous for young workers or otherwise prohibited by child labor laws. (Labor Code 1290-1298; 29 CFR 570.33, 570.50-570.72)

The Superintendent or designee shall ensure that the requested work hours do not exceed the maximum work hours specified in law based on the student's age and whether the employment will occur while school is in session and/or not in session. (Education Code 49111, 49112, 49116; Labor Code 1391-1391.1; 29 CFR 570.35)

Full-time employment may be authorized for students 14-17 years of age in accordance with Education Code 49130-49135.

All work permits shall be issued on forms provided by or authorized by CDE. (Education Code 49117)

Each permit shall authorize work for a specific employer. Whenever a student changes employers, the student shall request a new permit.

The student may be issued more than one work permit if the student works concurrently for more than one employer, provided that the total number of hours worked does not exceed the total number of hours allowed by law and the district.

Whenever a work permit is issued by a principal or other designated school administrator, the principal or designee shall submit to the Superintendent a copy of each work permit issued, along with a copy of the application. (Education Code 49110)

The Superintendent or designee shall periodically inspect the grades and attendance records of students granted work permits to ensure maintenance of academic progress and any additional criteria established in Board policy.

Expiration of Work Permits

Work permits issued during the school year shall expire five days after the opening of the next succeeding school year. (Education Code 49118)

Before the work permit expires, a student may apply for a renewed work permit in accordance with the procedures specified in the section "Approval Process" above.

Revocation of Work Permits

The Superintendent or designee shall revoke a student's work permit whenever the Superintendent or designee determines that the employment is impairing the health or education of the student, any provision or condition of the permit is being violated, the student is performing work in violation of law, or any condition for the issuance of the permit no longer exists or never existed. (Education Code 49116, 49164; Labor Code 1300)

The Superintendent may revoke a work permit issued by a principal of a public or private school located within the district if the Superintendent becomes aware of any grounds upon which the student may be deemed ineligible for a work permit under law. (Education Code 49110)

Retention of Records

The Superintendent or designee shall retain a copy of the work permit application and the work permit until the end of the fourth year after the work permit was issued. (5 CCR 16026)

Policy 5116: School Attendance Boundaries

Status: DRAFT

Original Adopted Date: 09/01/1990 **| Last Revised Date:** 07/01/2006

The Board of Trustees shall establish school attendance boundaries in order to maximize the efficient use of district facilities and effective administration of district schools. The Superintendent or designee shall periodically review school attendance boundaries and, as necessary, make recommendations to the Board for boundary adjustments.

When reviewing school attendance boundaries, the Superintendent or designee shall consider the following factors:

1. School enrollment data, including declining enrollment patterns
2. Facility capacity and design, including potential commercial and residential developments
3. School feeder patterns, including maintaining, to the extent practicable, continuity of student attendance
4. Federal, state, or court mandates
5. Community input
6. Student safety
7. Transportation capacity
8. Community and neighborhood identity
9. Geographic features of the district, including traffic patterns
10. Educational programs, such as magnet schools and charter schools
11. Consistency between municipal boundaries and high school boundaries
12. Other factors

Students residing in a community facilities district shall have priority, to the extent provided by law, for attendance at schools financed in whole or in part by the community facilities district. The degree of priority must reflect the proportion of each school's financing provided through the community facilities district. (Government Code 53312.7)

In order to alleviate overcrowding, the Superintendent or designee may place some students in a school outside of their attendance area. Parents/guardians of students who are attending schools outside of their attendance area shall be notified of the school their child will be attending as soon as possible. If available, transportation shall be provided for such students.

Policy 5116.1: Intradistrict Open Enrollment

Status: DRAFT

Original Adopted Date: 11/01/2008 **| Last Revised Date:** 12/01/2019

The Board of Trustees desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities and resources. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. (Education Code 35160.5)

The Board shall annually review this policy. (Education Code 35160.5, 48980)

Enrollment Priorities

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area. (Education Code 35160.5)

The Superintendent or designee shall grant priority for the enrollment of a student in a district school outside of the student's attendance area, if the student:

1. Is enrolled in a district school designated by the California Department of Education (CDE) as "persistently dangerous" (20 USC 7912; 5 CCR 11992)

2. Is a victim of a violent crime while on school grounds (20 USC 7912)

3. Is a victim of an act of bullying committed by another district student, as determined through an investigation following the parent/guardian's submission of a written complaint with the school, district, or local law enforcement agency pursuant to Education Code 234.1 (Education Code 46600)

   If the district school requested by the student is at maximum capacity, the Superintendent or designee shall accept an intradistrict transfer request for another district school. (Education Code 46600)

4. Is currently enrolled in a district school identified by CDE for comprehensive support and improvement, with priority given to the lowest academically achieving students from low-income families as determined pursuant to 20 USC 6313(a)(3) (20 USC 6311)

5. Is experiencing special circumstances that might be harmful or dangerous to the student in the current attendance area, including, but not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers. To grant priority under these circumstances, the Superintendent or designee must have received either: (Education Code 35160.5)

   a. A written statement from a representative of an appropriate state or local agency, including, but not necessarily limited to, a law enforcement official or a social worker, or a properly licensed or registered professional, including, but not necessarily limited to, a psychiatrist, psychologist, marriage and family therapist, clinical social worker, or professional clinical counselor

   b. A court order, including a temporary restraining order and injunction

6. Is a sibling of another student already attending that school

7. Has a parent/guardian whose primary place of employment is that school

Application and Selection Process

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space. (Education Code 35160.5)

Except for the enrollment priorities listed above, the Superintendent or designee shall use a random, unbiased

selection process to determine which students shall be admitted whenever a district school receives admission requests that are in excess of the school's capacity. (Education Code 35160.5)

Enrollment decisions shall not be based on a student's academic or athletic performance. However, existing entrance criteria may be used for enrolling students in specialized schools or programs, provided that the criteria are uniformly applied to all applicants. In addition, academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students. (Education Code 35160.5)

Transportation

In general, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.

However, upon parent/guardian request, the district shall provide transportation assistance to any student who is eligible for free or reduced-price meals and whose enrollment in a district school outside the student's attendance area is a result of being a victim of bullying. (Education Code 46600)

Regulation 5116.1: Intradistrict Open Enrollment

Status: DRAFT

Original Adopted Date: 11/01/2008 **| Last Revised Date:** 12/01/2019

Transfers for Victims of a Violent Criminal Offense

Within a reasonable amount of time, not to exceed 10 school days, after it has been determined that a student has been the victim of a violent criminal offense while on school grounds, the student's parents/guardians shall be offered an option to transfer their child to an eligible school identified by the Superintendent or designee. In making the determination that a student has been a victim of a violent criminal offense, the Superintendent or designee shall consider the specific circumstances of the incident and consult with local law enforcement as appropriate. Examples of violent criminal offenses include, but are not limited to, attempted murder, battery with serious bodily injury, assault with a deadly weapon, rape, sexual battery, robbery, extortion, or hate crimes.

The Superintendent or designee shall consider the needs and preferences of the affected student and parent/guardian in making the offer. If the parent/guardian elects to transfer the student, the transfer shall be completed as soon as practicable.

Transfers from a "Persistently Dangerous" School

Upon receipt of notification from the California Department of Education (CDE) that a district school has been designated as "persistently dangerous," intradistrict transfers shall be granted as follows:

1. Within 10 days of receipt of the notification from CDE, the Superintendent or designee shall provide parents/guardians of students attending the school with notice of the school's designation. Along with this notification, or at least 10 school days before the start of the school year, the Superintendent or designee shall provide a list of other district schools to which any student of the school that is designated as persistently dangerous may transfer.

2. Parents/guardians who desire to transfer their child out of the school shall provide a written response to the Superintendent or designee and shall rank-order their preferences from among all schools identified by the Superintendent or designee as eligible to receive transfer students.

3. The Superintendent or designee shall consider the needs and preferences of students and parents/guardians before making an assignment, but is not obligated to accept the parent/guardian's preference if the assignment is not feasible due to space constraints or other considerations. The Superintendent or designee shall notify the parents/guardians of the assigned school.

4. For students whose parents/guardians accept the offer, the transfer shall be made as quickly as possible. If the parents/guardians decline the assigned school, the student may remain in the current school.

The transfer shall remain in effect as long as the student's school of origin is identified as "persistently dangerous." The Superintendent or designee may choose to make the transfer permanent based on the educational needs of the student, parent/guardian preferences, and other factors affecting the student's ability to succeed if returned to the school of origin.

The Superintendent or designee shall cooperate with neighboring districts to develop an interdistrict transfer program in the event that space is not available in a district school.

Other Intradistrict Open Enrollment

Except for transfers for victims of a violent crime and from a "persistently dangerous school," the following procedures shall apply to intradistrict open enrollment:

1. The Superintendent or designee shall identify those schools which may have space available for additional students. A list of those schools and open enrollment applications shall be available at each school site, the district office, and on the district's web site.

2. After the enrollment priorities have been applied in accordance with Board policy, if there are more requests for a particular school than there are spaces available, a random drawing shall be held from the applicant pool. A waiting list shall be established to indicate the order in which applicants may be accepted if openings occur

during the year. Late applicants shall not be added to the waiting list for the current year but shall instead wait for a subsequent lottery.

3. The Superintendent or designee shall provide written notification to applicants as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated.

4. Approved applicants must confirm their enrollment within 10 school days.

Any student who is granted a transfer out of a school that had been identified by CDE for comprehensive support and improvement shall be allowed to remain in the school of enrollment until completing the highest grade offered at that school. (20 USC 6311)

A student granted intradistrict enrollment under other circumstances shall not be required to reapply for readmission but may be subject to displacement due to excessive enrollment.

Any complaints regarding the open enrollment process shall be submitted in accordance with the applicable complaint procedure.

Notifications

Notifications shall be sent to parents/guardians at the beginning of each school year describing all current statutory attendance options and local attendance options available in the district. Such notification shall include: (Education Code 35160.5, 48980)

1. All options for meeting residency requirements for school attendance

2. Program options offered within local attendance areas

3. A description of any special program options available on both an interdistrict and intradistrict basis

4. A description of the procedure for application for alternative attendance areas or programs and the appeals process available, if any, when a change of attendance is denied

5. A district application form for requesting a change of attendance

6. The explanation of attendance options under California law as provided by CDE

Policy 5116.2: Involuntary Student Transfers

Status: DRAFT

Original Adopted Date: 12/01/2016 **| Last Revised Date:** 12/01/2023

While the Board of Trustees desires to enroll students in the district school of their choice, it recognizes that circumstances sometimes necessitate the involuntary transfer of a student to another school or program in the district.

The Superintendent or designee shall develop procedures to facilitate the involuntary transfer of such students.

As applicable and as permitted by law, the Superintendent or designee shall review all educational options for which the student is eligible, the student's academic progress and needs, the enrollment capacity at the schools or programs to which the student could be involuntary transferred, and the availability of support services and other resources.

The Superintendent or designee shall ensure that involuntary transfers are made in a non-discriminatory manner as specified in Board Policy 0410 - Nondiscrimination In District Programs And Activities.

Involuntary Transfer of a Student Convicted of Violent Felony or Misdemeanor Related to Possession of Firearms

A student may be transferred to another district school if the student is convicted of a violent felony, as defined in Penal Code 667.5(c), or a misdemeanor listed in Penal Code 29805 and is enrolled at the same school as the victim of the crime for which the students was convicted. However, before recommending such a transfer, the Superintendent, the principal, or other designee shall notify the student and the student's parent(s)/guardian(s) of the right to request a meeting with the principal or designee and shall attempt to resolve the conflict using restorative justice, counseling, or other such services. Participation of the victim in any conflict resolution program shall be voluntary, and the victim shall not be subjected to any disciplinary action for refusing to participate. (Education Code 48929)

If the attempt to resolve the conflict using restorative justice, counseling, or other such services is not successful or the victim elects not to participate, the principal or designee may submit to the Superintendent or designee a recommendation that the student should be involuntarily transferred. If the Superintendent or designee agrees with the recommendation, the Superintendent shall submit such recommendation to the Board for approval. The Superintendent's recommendation to the Board shall include the date by which the Superintendent or designee will review the involuntary transfer to determine whether to recommend to the Board that the student be permitted to transfer back to the student's original school.

The Board shall, in accordance with Board Bylaw 9321 - Closed Session, deliberate and vote on the recommendation, as well as any subsequent recommendation to permit the student to transfer back to the student's original school, in closed session to maintain the confidentiality of student information, unless a parent/guardian or adult student submits a written request that the matter be addressed in open session and doing so would not violate the privacy rights of any other student. The Board's decisions in these instances shall be final.

Involuntary Transfers to a Continuation Education Program or Class within the District

The Superintendent or designee may involuntarily transfer a high school student to a continuation education program or class in the district if the student commits an act enumerated in Education Code 48900 or is habitually truant or irregular in school attendance and either of the following conditions are met: (Education Code 48432.5)

1. Other means to improve the student's behavior have failed

2. It is the first time the student committed an act enumerated in Section 48900 and the principal of the student's school determines that the student's presence causes a danger to person(s) or property or threatens to disrupt the instructional process.

Prior any final decision to involuntarily transfer a student, the Superintendent or designee shall notify the student and the student's parent(s)/guardian(s) of the right to request a hearing with the Superintendent or designee. If such a hearing is requested, the Superintendent or designee shall provide the specific facts and reasons for the proposed transfer, including all documents relied upon. At the hearing, the Superintendent or designee shall also allow the student or the student's parent(s)/guardian(s) to question any evidence or witnesses presented and present evidence, including witnesses, on the student's behalf. The student shall be allowed to bring one or more representatives to

present at the hearing. (Education Code 48432.5)

If the Superintendent or designee decides to involuntarily transfer the student, the Superintendent or designee shall provide the decision to the student and the student's parent(s)/guardian(s) in writing. The decision shall include the facts and reasons for the decision and whether the decision is subject to periodic review and the periodic review procedure. (Education Code 48432.5)

The decision shall also include the date by which the student may transfer back to the student's original school, which shall be no longer than the end of the semester following the semester during which the acts leading directly to the involuntary transfer occurred. (Education Code 48432.5)

The final decision to involuntarily transfer the student may not involve a member of the staff of the school in which the student is enrolled at the time that the decision is made. (Education Code 48432.5)

Involuntary Transfers to a Community Day School within the District

If a student is expelled from school for any reason in accordance with Board Policy 5144.1 - Suspension And Expulsion/Due Process, is probation-referred pursuant to Welfare and Institutions Code 300 or 602, or is referred by a school attendance review board or another formal district process, the student may be transferred to a district community day school as specified in Board Policy 6185 - Community Day School. (Education Code 48662)

Notice, Information, and Reports

The Superintendent or designee shall include notice of this policy in the annual notification to parents/guardians in accordance with Education Code 48980. (Education Code 48929)

Whenever 15 percent or more of the students enrolled in a district school speak a single primary language other than English, as determined from the California Department of Education census data collected pursuant to Education Code 52164, all notices and reports sent to the parent(s)/guardian(s) of any such student shall, in addition to being written in English, be written in the primary language, and may be responded to either in English or the primary language. (Education Code 48981, 48985)

Whenever an employee learns that a student's parent/guardian is unable to understand the district's printed notifications or reports for any reason, the employee shall inform the principal or designee, who shall work with the parent/guardian to establish other appropriate means of communication.

When a foster youth or American Indian Student, as defined in Welfare and Institutions Code 224.1, is being considered for an involuntary transfer, all notices, documents, and information that would be provided to parents/guardians shall be provided to the foster youth's educational rights holder, attorney, and county social worker and the American Indian Student's tribal social worker and, if applicable, county social worker. (Education Code 48853.5)

Policy 5117: Interdistrict Attendance

Status: DRAFT

Original Adopted Date: 12/01/2015 **| Last Revised Date:** 06/01/2023

Interdistrict Attendance Agreements and Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts. (Education Code 46600)

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed upon by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Instruction Collaboration Agreements

The Superintendent or designee may, with board approval, enter into an instruction collaboration agreement (ICA) with another school district, county office of education or charter school to offer the same or similar courses and coursework to students who have been impacted by any of the following: (Education Code 48345)

1. Disruptions or cancellations in science, technology, engineering, and mathematics (STEM) classes
2. Disruptions or cancellations in dual language immersion programs
3. Teacher shortages in STEM classes or dual language immersion programs

Prior to accepting students for classes for any of the reasons specified in Items #1-3 above, the Superintendent or designee shall, with Board Approval, determine the maximum number of students that the district can accept for these purposes. The district shall accept students who apply until the district is at maximum capacity.

Students shall be admitted to this program through an unbiased process that prohibits an inquiry into, or evaluation or consideration of, whether a student should be authorized to participate in the course or coursework based upon the student's current academic or athletic performance, proficiency in English, physical condition, any of the individual characteristics specified in Education Code 200, or family income. If the number of applicants exceeds the number of seats available, the approval for participation shall be determined by a random public drawing at a regularly scheduled Board meeting. (Education Code 48345)

The Superintendent or designee shall publicly post information, including, but not limited to, applicable forms and timelines for submission pursuant to the ICA, to ensure that students and their families are aware of the opportunities to participate. (Education Code 48345)

When negotiating the ICA, the Superintendent or designee shall collaborate with the other participating LEA(s) to agree upon an appropriate shared cost structure. (Education Code 48345)

Regulation 5117: Interdistrict Attendance

Status: DRAFT

Original Adopted Date: 07/01/2012 **| Last Revised Date:** 12/01/2019

Interdistrict Attendance Agreements and Permits

In accordance with an agreement between the Board of Trustees and the board of another district, a permit authorizing a student of either district to enroll in the other district may be issued upon approval of both districts.

The district shall post on its website the procedures and timelines for requesting an interdistrict transfer permit, including a link to BP 5117 - Interdistrict Attendance. The posted information shall include, but is not limited to: (Education Code 46600.1, 46600.2)

1. The date upon which the district will begin accepting and processing interdistrict transfer requests for the following school year

2. The reasons for which the district may approve or deny a request, and any information or documents that must be submitted as supporting evidence

3. If applicable, the process and timelines by which a denial of a request may be appealed within the district before the district renders a final decision

4. A statement that failure of a parent/guardian to meet any timelines established by the district shall be deemed an abandonment of the request

5. Applicable timelines for processing a request, including the following statements:

    a. For an interdistrict transfer request received by the district 15 or fewer calendar days before the commencement of instruction in the school year for which the transfer is sought, the district will notify the parent/guardian of its final decision within 30 calendar days from the date the request was received.

    b. For an interdistrict transfer request received by the district more than 15 days before the commencement of instruction in the school year for which the interdistrict transfer is sought, the district will notify the parent/guardian of its final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction in the school year for which transfer is sought.

6. The conditions under which an existing interdistrict transfer permit may be revoked or rescinded

Priority for interdistrict attendance shall be given to a student who has been determined, through an investigation by either the district of residence or district of proposed enrollment, to be a victim of an act of bullying, as defined in Education Code 48900(r), committed by a student of the district of residence. (Education Code 46600)

Until the district is at maximum capacity, the district shall accept any student whose interdistrict transfer application is based on being the victim of an act of bullying or a child of an active duty military parent/guardian. The district shall ensure that such students are admitted through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a student should be enrolled based on academic or athletic performance, physical condition, proficiency in English, family income, or any of the individual characteristics set forth in Education Code 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status. (Education Code 46600)

In addition, the Superintendent or designee may approve an interdistrict attendance permit for a student for any of the following reasons when stipulated in the agreement:

1. To meet the child care needs of the student, only as long as the student's child care provider remains within district boundaries

2. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel

3. When the student has a sibling attending school in the receiving district, to avoid splitting the family's attendance

4. To allow the student to complete a school year when the student's parents/guardians have moved out of the district during that year

5. To allow the student to remain with a class graduating that year from an elementary, middle, or senior high school

6. To allow a high school senior to attend the same school attended as a junior, even if the student's family moved out of the district during the junior year

7. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the school year in the district

8. When the student will be living out of the district for one year or less

9. When recommended by the school attendance review board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence

10. When there is valid interest in a particular educational program not offered in the district of residence

11. To provide a change in school environment for reasons of personal and social adjustment

The Superintendent or designee may deny initial requests for interdistrict attendance permits due to limited district resources, overcrowding of school facilities at the relevant grade level, or other considerations that are not arbitrary. However, once a student is admitted, the district shall not deny continued attendance because of overcrowded facilities at the relevant grade level.

If the transfer request is for a school year that begins within 15 calendar days of the receipt of the request, the Superintendent or designee shall notify the parent/guardian of the final decision within 30 calendar days of receiving the request. If the transfer request is for a school year that begins more than 15 calendar days after the receipt of the request, the parent/guardian shall be notified of the final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction during that school year. (Education Code 46600.2)

If a student's interdistrict transfer request is denied, the Superintendent or designee shall, in writing, notify the parents/guardians of their right to appeal to the County Board of Education within 30 calendar days from the date of the final denial. (Education Code 46600.2)

All notices to parents/guardians regarding the district's decision on any request for interdistrict transfer shall conform to the translation requirements of Education Code 48985, and may be provided by regular mail, electronic format if the parent/guardian provides an email address, or by any other method normally used to communicate with parents/guardians in writing. (Education Code 46600.2)

Pending a decision by the two districts or by the County Board on appeal, the Superintendent or designee may provisionally admit a student who resides in another district for a period not to exceed two school months, provided the district is the district of proposed enrollment. If the decision has not been rendered by the conclusion of two school months and the districts or County Board is still operating within the prescribed timelines, the student shall not be allowed to continue attending the district school to which the student was provisionally admitted. (Education Code 46603)

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or rescissions while expulsion proceedings are pending or during the term of the expulsion. (Education Code 46601)

Once a student is admitted to a school on the basis of an interdistrict attendance permit, the student shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school of enrollment, unless reapplication standards are otherwise specified in the interdistrict attendance agreement. Existing interdistrict attendance permits shall not be rescinded after June 30 following a student's completion of grade 10 or for any student entering grade 11 or 12 in the subsequent school year. (Education Code 46600)

Transfers Out of the District

A student whose parent/guardian is in active military duty shall not be prohibited from transferring out of the district, provided the school district of proposed enrollment approves the application for transfer. (Education Code 46600, 48307)

If the district is unable to provide an intradistrict transfer to a student who is a victim of an act of bullying, as defined in Education Code 46600, the district shall not prohibit the student from transferring out of the district if the district of proposed enrollment approves the application for transfer. (Education Code 46600)

The district may limit transfers out of the district to a school district of choice under any of the following circumstances: (Education Code 48307)

1. The number of student transfers out of the district to a school district of choice has reached the limit specified in Education Code 48307 based on the district's average daily attendance.

2. The County Superintendent of Schools has given the district a negative budget certification or has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice.

3. The Board determines that the transfer would negatively impact any of the following: (Education Code 48307)

    a. A court-ordered desegregation plan

    b. A voluntary desegregation plan of the district, consistent with the California Constitution, Article 1, Section 31

    c. The racial and ethnic balance of the district, consistent with the California Constitution, Article 1, Section 31

Policy 5119: Students Expelled From Other Districts

Status: DRAFT

Original Adopted Date: 02/01/1994 **| Last Revised Date:** 03/01/2007

The Board of Trustees may grant admission to students expelled from other districts in accordance with law and when consistent with the Board's goal to provide a safe and secure environment for students and staff.

If a student expelled from another district is granted enrollment, in accordance with the procedures specified below, he/she shall either establish legal residence in this district or enroll pursuant to an interdistrict attendance agreement. (Education Code 48915.1, 48915.2)

Enrollment During the Term of the Expulsion

The district shall not enroll a student expelled by another district for any of the offenses listed in Education Code 48915(a) or (c) (mandatory expulsion offenses) during the term of the student's expulsion, unless the enrollment is at a community day school. (Education Code 48915.2)

Upon receiving a request for enrollment from a student expelled from another district for acts other than those specified in Education Code 48915(a) or (c), the Board shall hold a hearing to determine whether the student poses a continuing danger to students or staff. The hearing shall be conducted and notice shall be provided in accordance with procedures governing expulsion of students described in Education Code 48918. (Education Code 48915.1)

If the student or parent/guardian neglects to inform the district that the student was expelled from his/her previous district for an act other than those listed in Education Code 48915(a) or (c), the Board shall record and discuss this lack of compliance during the hearing. (Education Code 48915.1)

If the Board finds that a student expelled for acts other than those specified in Education Code 48915(a) or (c) does not pose a continuing danger to students or staff, the student may be admitted or conditionally admitted during the term of expulsion. If the Board determines that the student does pose a continuing danger to students or staff, the student shall not be admitted. (Education Code 48915.1)

Enrollment After the Term of the Expulsion

A student expelled for an act specified in Education Code 48915(a) or (c) may enroll in the district after the term of his/her expulsion if the Board finds, at a hearing, that the student does not pose a continuing danger to students or staff. The hearing shall be conducted and notice shall be provided in accordance with procedures governing expulsion of students described in Education Code 48918. (Education Code 48915.2)

A student expelled for any act other than those specified in Education Code 48915(a) or (c) may request enrollment after the term of his/her expulsion in accordance with the district's procedures for establishing residency or interdistrict transfer.

Policy 5121: Grades/Evaluation Of Student Achievement

Status: DRAFT

Original Adopted Date: 11/01/2003 **| Last Revised Date:** 07/01/2016

The Board of Trustees believes that grades serve a valuable instructional purpose by helping students and parents/guardians understand performance expectations and identifying the student's areas of strength and those areas needing improvement. Parents/guardians and students have the right to receive course grades that represent an accurate evaluation of the student's academic performance.

The Superintendent or designee shall establish a uniform grading system that shall be applied to all students in that course and grade level. Teachers shall inform students and parents/guardians how academic performance will be evaluated in the classroom.

A teacher shall base a student's grades solely on the quality of the student's academic work and his/her mastery of course content based on district standards. Students shall have the opportunity to demonstrate this mastery through a variety of methods, including, but not limited to, tests, projects, portfolios, and/or class discussion as appropriate. Other elements that are not a direct measure of knowledge and understanding of course content, such as attendance, effort, student conduct, and work habits, shall not be factored into the academic grade but may be reported separately.

Any failing grade for a newcomer student shall be accompanied with proper documentation of support and scaffolding provided to the student's language level.

Whenever a student misses an assignment or assessment due to either an excused or unexcused absence, he/she shall be given full credit for subsequent satisfactory completion of the assignment or assessment.

Students in grades TK-5 shall receive report cards with numerical ratings at the end of each grading period rather than letter grades.

At all grade levels, report cards may include reports of student progress on specific academic standards applicable to the course and grade level.

When reporting student performance to parents/guardians, teachers may add narrative descriptions, observational notes, and/or samples of classroom work in order to better describe student progress in specific skills and subcategories of achievement.

A report card for a student with a disability may contain information about his/her disability, including whether that student received special education or related services, provided that the report card informs parents/guardians about their child's progress or level of achievement in specific classes, course content, or curriculum. However, transcripts that may be used to inform postsecondary institutions or prospective employers of the student's academic achievements shall not contain information disclosing the student's disability.

A grade assigned by the teacher shall not be changed by the Board or the Superintendent except as provided by law, Board policy, or administrative regulation. (Education Code 49066)

The Superintendent or designee shall determine the methodology to be used in calculating students' grade point average (GPA), including the courses to be included within the GPA and whether extra grade weighting shall be applied to Advanced Placement, International Baccalaureate, honors, and/or concurrent postsecondary courses.

Policy 5123: Promotion/Acceleration/Retention

Status: DRAFT

Original Adopted Date: 12/01/2013 **| Last Revised Date:** 07/01/2019

The Board of Trustees expects students to progress through each grade level within one school year. Toward this end, instruction shall be designed to accommodate the variety of ways that students learn and provide strategies for addressing academic deficiencies as needed.

Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards of expected student achievement.

The promotion of English Language Learners shall be based upon the student's rate of English language acquisition rather than on meeting the grade-level standards of expected student achievement for English proficient students.

Special Education students shall be assessed according to the specific set of criteria in their IEP for decisions related to retention.

When high academic achievement is evident, the teacher may recommend a student for acceleration to a higher grade level. The student's maturity level shall be taken into consideration in making a determination to accelerate a student.

Teachers shall identify students who should be retained or who are at risk of being retained at their current grade level as early as possible in the school year and as early in their school careers as practicable. Such students shall be identified at the following grade levels: (Education Code 48070.5)

1. Between grades 2 and 3
2. Between grades 3 and 4
3. Between grades 4 and 5
4. Between the end of the intermediate grades and the beginning of the middle school grades
5. Between the end of the middle school grades and the beginning of the high school grades

Students shall be identified for retention on the basis of failure to meet minimum levels of proficiency, as indicated by grades and the following additional indicators of academic achievement:
A student shall be retained based on the student's assessment results and if the SST (Student Study Team) determines, in writing, that retention is the appropriate intervention for the student's academic deficiencies.

Likewise, a student shall not be retained if the student's regular classroom teacher or SST determines, in writing, that retention is not an appropriate intervention for the student's academic deficiencies.

If the student does not have a single classroom teacher, the principal, or designee shall specify the teacher responsible for the decision. Either determination shall specify the reasons that retention is or is not appropriate and shall include recommended interventions.

Each recommendation for retention should include a rationale with supporting data. The student's social and emotional growth and developmental level shall be taken into consideration in making a determination to retain a student. Students shall not be retained more than once during the elementary grades (K-8).

Students between grades 2 and 3 and grades 3 and 4 shall be identified primarily on the basis of their level of proficiency in reading. Proficiency in reading, English language arts, and mathematics shall be the basis for identifying students between grades 4 and 5, between intermediate and middle school grades, and between middle school grades and high school grades. (Education Code 48070.5)

If a student does not have a single regular classroom teacher, the Superintendent or designee shall specify the teacher(s) responsible for the decision to promote or retain the student. (Education Code 48070.5)

The teacher's decision to promote or retain a student may be appealed in accordance with AR 5123 - Promotion/Acceleration/Retention.

When any student in grades 2-8 is recommended for retention or is identified as being at risk for retention, the Superintendent or designee shall offer an appropriate program of remedial instruction to assist the student in meeting grade-level expectations. (Education Code 48070.5)

Regulation 5123: Promotion/Acceleration/Retention

Status: DRAFT

Original Adopted Date: 03/01/2000 **| Last Revised Date:** 12/01/2013

Acceleration from Kindergarten to First Grade

Any student who meets the age eligibility requirement and has completed one year of kindergarten shall be admitted to first grade unless the parent/guardian and the Superintendent or designee agree that the student shall continue in kindergarten. (Education Code 48010, 48011)

A student who does not meet the age eligibility requirement may be admitted to first grade at the discretion of the Superintendent or designee and with the consent of the parent/guardian upon determination that the student is ready for first-grade work, subject to the following minimum criteria: (Education Code 48011; 5 CCR 200)

1. The student is at least five years of age.
2. The student has attended a public school kindergarten for a long enough time to enable school personnel to evaluate his/her ability.
3. The student is in the upper five percent of his/her age group in terms of general mental ability.
4. The physical development and social maturity of the student are consistent with his/her advanced mental ability.
5. The parent/guardian of the student has filed a written statement with the district approving the placement in first grade.

Continuation in Kindergarten

Whenever the Superintendent or designee and the parents/guardians agree that a student shall continue in kindergarten for an additional year, the Superintendent or designee shall secure an agreement, signed by the parent/guardian, stating that the student shall continue in kindergarten for not more than one additional school year. (Education Code 46300, 48011)

The Superintendent or designee shall not approve a student's continuation in kindergarten until the student has been enrolled in kindergarten for close to one school year.

Retention at Other Grade Levels

If a student is identified as performing below the minimum standard for promotion to the next grade level based on the indicators specified in Board policy, the student shall be retained in his/her current grade level unless the student's regular classroom teacher determines, in writing, that retention is not the appropriate intervention for the student's academic deficiencies. This determination shall specify the reasons that retention is not appropriate for the student and shall include recommendations for interventions other than retention that, in the opinion of the teacher, are necessary to assist the student in attaining acceptable levels of academic achievement. (Education Code 48070.5)

If the teacher's recommendation to promote is contingent on the student's participation in a summer school or interim session remediation program, the student's academic performance shall be reassessed at the end of the remediation program, and the decision to retain or promote the student shall be reevaluated at that time. The teacher's evaluation shall be provided to and discussed with the student's parents/guardians and the principal before any final determination of retention or promotion. (Education Code 48070.5)

When a student is identified as being at risk of retention, the Superintendent or designee shall so notify the student's parent/guardian as early in the school year as practicable. The student's parent/guardian shall be provided an opportunity to consult with the teacher(s) responsible for the decision to promote or retain the student. (Education Code 48070.5)

The Superintendent or designee shall also provide a copy of the district's promotion/retention policy and administrative regulation to those parents/guardians who have been notified that their child is at risk of retention.

Appeal Process

Whenever a student's parent/guardian appeals the teacher's decision to promote or retain a student, the burden shall be on the parent/guardian to show why the teacher's decision should be overruled. (Education Code 48070.5)

To appeal a teacher's decision, the parent/guardian shall submit a written request to the Superintendent or designee specifying the reasons that the teacher's decision should be overruled. The appeal must be initiated within 10 school days of the determination of retention or promotion.

The teacher shall be provided an opportunity to state orally and/or in writing the criteria on which his/her decision was based.

Within 30 days of receiving the request, the Superintendent or designee shall determine whether or not to overrule the teacher's decision. Prior to making this determination, the Superintendent or designee may meet with the parent/guardian and the teacher. If the Superintendent or designee determines that the parent/guardian has overwhelmingly proven that the teacher's decision should be overruled, he/she shall overrule the teacher's decision.

The Superintendent or designee's determination may be appealed by submitting a written appeal to the Board of Trustees within 15 school days. Within 30 days of receipt of a written appeal, the Board shall meet in closed session to decide the appeal. The Board's decision may be made on the basis of documentation prepared as part of the appeal process or, at the discretion of the Board, the Board may also meet with the parent/guardian, the teacher, and the Superintendent or designee to decide the appeal. The decision of the Board shall be final.

If the final decision is unfavorable to the parent/guardian, he/she shall have the right to submit a written statement of objections which shall become part of the student's record.

Policy 5125: Student Records

Status: DRAFT

Original Adopted Date: 03/01/2009 **| Last Revised Date:** 03/01/2025

The Board of Trustees recognizes the importance of keeping accurate, comprehensive student records as required by law. The Superintendent or designee shall establish administrative regulations governing the identification, collection, retention, disclosure, and security of student records. These regulations shall ensure the rights of authorized persons to have timely access to student records while maintaining the confidentiality of student records in accordance with state and federal law.

The Superintendent or designee shall designate a certificated employee to serve as custodian of records with responsibility for student records at the district level. At each school, the principal or a certificated employee shall be designated as custodian of records for students enrolled at that school. The custodian of records shall be responsible for implementing Board policy and administrative regulation regarding student records. (5 CCR 431)

If student records containing covered information which is not subject to the California Consumer Privacy Act are under the control of the operator of a website, online service or application, or mobile application, and the student's parent/guardian , requests deletion of such records, the Superintendent or designee shall provide documentation to the operator that the student has not been enrolled in the district for at least 60 days. (Business and Professions Code 22584)

All appropriate personnel shall receive training regarding district policies and procedures for gathering and handling sensitive student information, including which information should not be solicited.

The district shall not collect or solicit social security numbers or the last four digits of social security numbers of students or their parents/guardians, unless otherwise required to do so by state or federal law. (Education Code 49076.7)

No information or documents regarding the citizenship or immigration status of students or their family members shall be collected, except as required by state or federal law or as required to administer a state or federally supported educational program. In accordance with Board Policy 5145.13 - Response to Immigrant Enforcement, the Superintendent or designee shall not disclose student records to a person, agency, or organization for immigration enforcement purposes without parental consent, a court order, or a judicial subpoena/warrant. If a district employee receives such a request, the employee shall respond in accordance with Board Policy 5145.13 - Response to Immigrant Enforcement. The Superintendent shall report the request to the Board in a timely manner that ensures the confidentiality and privacy of any potentially identifying information. (Education Code 234.7)

The district or any district employee shall not compile a list, registry, or database based on students' national origin, ethnicity, or religious belief, practice, or affiliation, or disclose student information to federal government authorities for the purpose of compiling such a list, registry, or database for purposes of immigration enforcement. This prohibition does not apply to information that is aggregated and is not personally identifiable. (Government Code 8310.3)

The Superintendent or designee shall develop protocols to comply with a court's restraining order that prohibits a party from accessing specified records and information pertaining to a student. (Family Code 6323.5)

Student Records from Social Media

The Superintendent or designee may gather and maintain information from the social media of any district student, provided that the district first notifies students and parents/guardians about the proposed program, offers an opportunity for public comment at a regularly scheduled Board meeting, and gathers only information that directly pertains to school safety or student safety. (Education Code 49073.6)

Retention, Disclosure, and Security of Student Records

The Superintendent or designee shall ensure the confidentiality of student records as required by law and shall establish processes and procedures to safeguard data against damage, loss, or theft, including damage, loss, or theft, which may be caused by the use of technology, including artificial intelligence and breaches to the district's digital infrastructure, in the retention or disclosure of student records. Additionally, in accordance with Board Policy 5145.13 - Response to Immigration Enforcement, all district staff shall avoid the disclosure of information that may

indicate a student's or family's citizenship or immigration status if the disclosure is not authorized by law.

The Superintendent or designee shall ensure that employees receive information and training about cybersecurity, including ways to protect student records from breaches to the district's digital infrastructure.

If the district experiences a cyberattack that impacts more than 500 students or personnel, the Superintendent or designee shall report the cyberattack to the California Cybersecurity Integration Center. (Education Code 35266)

The Superintendent or designee may enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or to authorize a third party provider of digital software to access, store, and use student records, provided that the contract meets the requirements of Education Code 49073.1 and other applicable state and federal laws.

Regulation 5125: Student Records

Status: DRAFT

Original Adopted Date: 12/01/2014 **| Last Revised Date:** 03/01/2025

Definitions

Access means a personal inspection and review of a record or an accurate copy of a record, or receipt of an accurate copy of a record or an oral description or communication of a record, and a request to release a copy of any record. (Education Code 49061)

Attendance includes, but is not limited to, attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunication technologies for students who are not physically present in the classroom, and the period during which a person is working under a work-study program. (34 CFR 99.3)

Contractor or consultant is anyone with a formal written agreement or contract with the district regarding the provision of services or functions outsourced by the district. Contractor or consultant shall not include a volunteer or other party. (Education Code 49076)

County placing agency means the county social service department or county probation department. (Education Code 49061)

Custodian of records is the employee responsible for the security of student records maintained by the district and for devising procedures for assuring that access to such records is limited to authorized persons. (5 CCR 433)

Disclosure means to permit access to, or the release, transfer, or other communication of, personally identifiable information contained in student records to any party, except the party that provided or created the record, by any means including oral, written, or electronic. (34 CFR 99.3)

Legitimate educational interest is an interest held by any school official, employee, contractor, or consultant whose official duties, responsibilities, or contractual obligations to the district, whether routine or as a result of special circumstances, require access to information contained in student records.

Mandatory interim student records are those records which the schools are directed to compile and maintain for specified periods of time and are then destroyed in accordance with state law, regulation, or administrative directive. (5 CCR 430)

Mandatory permanent student records are those records which are maintained in perpetuity and which schools have been directed to compile by state law, regulation, or administrative directive. (5 CCR 430)

Parent/guardian means a natural parent, an adopted parent, legal guardian, surrogate parent, or foster parent. (Education Code 49061, 56050, 56055)

Permitted student records are those records having clear importance only to the current educational process of the student. (5 CCR 430)

Personally identifiable information includes, but is not limited to: (34 CFR 99.3)

1. The student's name
2. The name of the student's parent/guardian or other family members
3. The address of the student or student's family
4. A personal identifier, such as the student's social security number, student number, or biometric record (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting)
5. Other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name
6. Other information that, alone or in combination, is linked or linkable to a specific student that would allow a

reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty

7. Information requested by a person who the district reasonably believes knows the identity of the student to whom the student record relates

School officials and employees are officials or employees, including teachers, whose duties and responsibilities to the district, whether routine or as a result of special circumstances, require access to student records. (34 CFR 99.31)

Student means any individual who is or has been in attendance at the district and regarding whom the district maintains student records. (34 CFR 99.3)

Student records are any items of information (in handwriting, print, tape, film, computer, or other medium) gathered within or outside the district that are directly related to an identifiable student and maintained by the district, required to be maintained by an employee in the performance of the employee's duties, or maintained by a party acting for the district. Any information maintained for the purpose of second-party review is considered a student record. Student records include the student's health record. (Education Code 49061, 49062; 5 CCR 430; 34 CFR 99.3)

Student records do not include: (Education Code 49061, 49062; 34 CFR 99.3)

1. Directory information

2. Informal notes compiled by a school officer or employee which remain in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a substitute employee

3. Records of the law enforcement unit of the district, as specified in 34 CFR 99.8

4. Records created or received by the district after an individual is no longer a student and that are not directly related to the individual's attendance as a student

5. Grades on peer-graded papers before they are collected and recorded by a teacher

Persons Granted Absolute Access

In accordance with law, absolute access to any student records shall be granted to:

1. Parents/guardians of students younger than age 18 years, including the parent who is not the student's custodial parent (Education Code 49069.7; Family Code 3025)

   However, the district shall not disclose student records to a party, including a parent/guardian, who is legally prohibited from accessing records and information of a student pursuant to a restraining order. (Family Code 6323.5)

2. An adult student, or a student under the age of 18 years who attends a postsecondary institution, in which case the student alone shall exercise rights related to the student's records and grant consent for the release of records (34 CFR 99.3, 99.5)

3. Parents/guardians of an adult student with exceptional needs who is age 18 years or older and has been declared incompetent under state law (Education Code 56041.5)

Access for Limited Purpose/Legitimate Educational Interest

The following persons or agencies shall have access to those particular records that are relevant to their legitimate educational interest or other legally authorized purpose:

1. School officials and employees, consistent with the definition provided in "Definitions," above (Education Code 49076; 34 CFR 99.31)

2. Members of a school attendance review board (SARB) appointed pursuant to Education Code 48321 who are authorized representatives of the district and any volunteer aide age 18 or older who has been investigated,

selected, and trained by the SARB to provide follow-up services to a referred student (Education Code 49076)

3. Officials and employees of other public schools, school systems, or postsecondary institutions where the student intends or is directed to enroll, including local, county, or state correctional facilities where educational programs leading to high school graduation are provided, or where the student is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer (Education Code 49076; 34 CFR 99.31)

   Unless the annual parent/guardian notification issued pursuant to Education Code 48980 includes a statement that the district may disclose students' personally identifiable information to officials of another school, school system, or postsecondary institution where the student seeks or intends to enroll, the Superintendent or designee shall, when such a disclosure is made, make a reasonable attempt to notify the parent/guardian or adult student at the last known address, provide a copy of the record that is disclosed, and give the parent/guardian or adult student an opportunity for a hearing to challenge the record. (34 CFR 99.34)

6. Federal, state, and local officials, as needed for an audit or evaluation of, or compliance with, a state or federally funded education program and in accordance with a written agreement developed pursuant to 34 CFR 99.35 (Education Code 49076; 34 CFR 99.3, 99.31, 99.35)

7. Any county placing agency acting as an authorized representative of a state or local educational agency which is required to audit or evaluate a state or federally supported education program pursuant to Item #8 above (Education Code 49076)

8. Any person, agency, or organization authorized in compliance with a court order or lawfully issued subpoena (Education Code 49077; 5 CCR 435; 34 CFR 99.31)

   Unless otherwise instructed by the court, the Superintendent or designee shall, prior to disclosing a record pursuant to a court order or subpoena, give the parent/guardian or adult student at least three days' notice of the name of the requesting agency and the specific record requested, if lawfully possible within the requirements of the judicial order. (Education Code 49077; 5 CCR 435; 34 CFR 99.31)

9. Any district attorney who is participating in or conducting a truancy mediation program or participating in the presentation of evidence in a truancy petition (Education Code 49076)

10. A district attorney's office for consideration against a parent/guardian for failure to comply with compulsory education laws (Education Code 49076)

11. Any probation officer, district attorney, or counsel of record for a student who is a minor for the purposes of conducting a criminal investigation or an investigation in regards to declaring the minor a ward of the court or involving a violation of a condition of probation, subject to evidentiary rules specified in Welfare and Institutions Code 701 (Education Code 49076)

    When disclosing records for these purposes, the Superintendent or designee shall obtain written certification from the recipient of the records that the information will not be disclosed to another party without prior written consent of the student's parent/guardian or the holder of the student's educational rights, unless specifically authorized by state or federal law. (Education Code 49076)

12. Any judge or probation officer for the purpose of conducting a truancy mediation program for a student or for the purpose of presenting evidence in a truancy petition pursuant to Welfare and Institutions Code 681 (Education Code 49076)

    In such cases, the judge or probation officer shall certify in writing to the Superintendent or designee that the information will be used only for truancy purposes. Upon releasing student information to a judge or probation officer, the Superintendent or designee shall inform, or provide written notification to, the student's parent/guardian within 24 hours. (Education Code 49076)

13. A foster family agency with jurisdiction over a currently enrolled or former student; short-term residential treatment program staff responsible for the education or case management of a student; or a caregiver who has direct responsibility for the care of a student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, as defined (Education Code 49076)

Such individuals shall have access to the student's current or most recent records of grades, transcripts, attendance, discipline, online communication on platforms established by schools for students and parents/guardians, and any individualized education program or Section 504 plan developed and maintained by the district. (Education Code 49069.3)

14. A student age 14 years or older who is an unaccompanied minor experiencing homelessness as defined in 42 USC 11434a (Education Code 49076)

15. An individual who completes items #1-4 of the Caregiver's Authorization Affidavit pursuant to Family Code 6552 and signs the affidavit for the purpose of enrolling a minor in school (Education Code 49076)

16. A caseworker or other representative of a state or local child welfare agency or tribal organization that has legal responsibility in accordance with state or tribal law for the care and protection of a student, provided that the individual is authorized by the agency or organization to receive the records and the information requested is directly related to providing assistance to address the student's educational needs (Education Code 49076; 20 USC 1232g)

17. Appropriate law enforcement authorities, in circumstances where Education Code 48902 requires that the district provide special education and disciplinary records of a student with exceptional needs who is suspended or expelled for committing an act violating Penal Code 245 (Education Code 48902, 49076)

    When disclosing such records, the Superintendent or designee shall obtain written certification by the recipient of the records as described in Item #13 above. (Education Code 49076)

18. Designated peace officers or law enforcement agencies in cases where the district is authorized by law to assist law enforcement in investigations of suspected criminal conduct or kidnapping and a written parental consent, lawfully issued subpoena, or court order is submitted to the district, or information is provided to it indicating that an emergency exists in which the student's information is necessary to protect the health or safety of the student or other individuals (Education Code 49076.5)

    In such cases, the Superintendent or designee shall provide information about the identity and location of the student as it relates to the transfer of that student's records to another public school district in California or any other state or to a California private school. (Education Code 49076.5)

When disclosing records for the above purposes, the Superintendent or designee shall obtain the necessary documentation to verify that the person, agency, or organization is a person, agency, or organization that is permitted to receive such records.

Any person, agency, or organization granted access is prohibited from releasing information to another person, agency, or organization without written permission from the parent/guardian or adult student unless specifically allowed by state law or the federal Family Educational Rights and Privacy Act (FERPA). (Education Code 49076; 20 USC 1232g; 34 CFR 99.1-99.8)

In addition, the parent/guardian or adult student may provide written consent for access to be granted to persons, agencies, or organizations not afforded access rights by law. The written consent shall specify the records to be released and the party or parties to whom they may be released. (Education Code 49061, 49075)

Only a parent/guardian having legal custody of the student may consent to the release of records to others. Either parent/guardian may grant consent if both parents/guardians notify the district, in writing, that such an agreement has been made. (Education Code 49061)

Discretionary Access

At the discretion of the Superintendent or designee, information may be released from a student's records to the following:

1. Appropriate persons, including parents/guardians of a student, in connection with an emergency if the knowledge of the information is necessary to protect the health or safety of the student or other persons (Education Code 49076; 34 CFR 99.31, 99.32, 99.36)

    When releasing information to any such appropriate person, the Superintendent or designee shall record

information about the threat to the health or safety of the student or any other person that formed the basis for the disclosure and the person(s) to whom the disclosure was made. (Education Code 49076; 34 CFR 99.32)

Unless it would further endanger the health or safety of the student or other persons, the Superintendent or designee shall inform the parent/guardian or adult student within one week of the disclosure that the disclosure was made, of the articulable and significant threat to the health or safety of the student or other individuals that formed the basis for the disclosure, and of the parties to whom the disclosure was made.

2. Accrediting associations in order to carry out their accrediting functions (Education Code 49076; 34 CFR 99.31)

3. Organizations conducting studies on behalf of educational institutions or agencies for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction, provided that: (Education Code 49076; 34 CFR 99.31)

    a. The study is conducted in a manner that does not permit personal identification of students or parents/guardians by individuals other than representatives of the organization who have legitimate interests in the information

    b. The information is destroyed when no longer needed for the purposes for which the study is conducted

    c. The district enters into a written agreement with the organization that complies with 34 CFR 99.31

4. Officials and employees of private schools or school systems where the student is enrolled or intends to enroll, subject to the rights of parents/guardians as provided in Education Code 49068 and in compliance with 34 CFR 99.34 (Education Code 49076; 34 CFR 99.31, 99.34)

5. Local health departments operating countywide or regional immunization information and reminder systems and the California Department of Public Health, unless the parent/guardian has requested that no disclosures of this type be made (Health and Safety Code 120440)

6. Contractors and consultants having a legitimate educational interest based on services or functions which have been outsourced to them through a formal written agreement or contract with the district, excluding volunteers or other parties (Education Code 49076)

7. Agencies or organizations in connection with the student's application for or receipt of financial aid, provided that information permitting the personal identification of a student or the student's parents/guardians for these purposes is disclosed only as may be necessary to determine the eligibility of the student for financial aid, determine the amount of financial aid, determine the conditions which will be imposed regarding the financial aid, or enforce the terms or conditions of the financial aid (Education Code 49076; 34 CFR 99.31)

When disclosing records for the above purposes, the Superintendent or designee shall obtain the necessary documentation to verify that the person, agency, or organization is a person, agency, or organization that is permitted to receive such records.

Any person, agency, or organization granted access is prohibited from releasing information to another person, agency, or organization without written permission from the parent/guardian or adult student unless specifically allowed by state law or FERPA. (Education Code 49076; 20 USC 1232g; 34 CFR 99.1-99.8)

De-identification of Records

When authorized by law for any program audit, educational research, or other purpose, the Superintendent or designee may release information from a student record without prior consent of the parent/guardian or adult student after the removal of all personally identifiable information. Prior to releasing such information, the Superintendent or designee shall make a reasonable determination that the student's identity is not personally identifiable, whether through single or multiple releases and taking into account other reasonably available information. (Education Code 49074, 49076; 20 USC 1232g; 34 CFR 99.31)

Process for Providing Access to Records

Student records shall be maintained in a central file at the school attended by the student or, when records are

maintained at different locations, a notation shall be placed in the central file indicating where other records may be found. Parents/guardians and adult students shall be notified of the location of student records if not centrally located. (Education Code 49069.7; 5 CCR 433)

The custodian of records shall be responsible for the security of student records and shall ensure that access is limited to authorized persons. (5 CCR 433)

The custodian of records shall develop reasonable methods, including physical, technological, and administrative policy controls, to ensure that school officials and employees obtain access to only those student records in which they have legitimate educational interests. (Education Code 49076; 5 CCR 431; 34 CFR 99.31)

To inspect, review, or obtain copies of student records, authorized persons shall submit a request to the custodian of records. Prior to granting the request, the custodian of records shall authenticate the individual's identity. For any individual granted access based on a legitimate educational interest, the request shall specify the interest involved.

Within five business days following the date of request, the authorized person shall be granted access to inspect, review, and obtain copies of student records during regular school hours. (Education Code 49069.7; 5 CCR 431)

When required by law, a student's parent/guardian or an adult student shall provide written, signed, and dated consent before the district discloses the student record. Such consent may be given through electronic means in those cases where it can be authenticated. The district's consent form shall specify the records that may be disclosed, state the purpose of the disclosure, and identify the party or class of parties to whom the disclosure may be made. Upon request by the parent/guardian or adult student, the district shall provide a copy of the records disclosed. (34 CFR 99.30)

If the parent/guardian or adult student refuses to provide written consent for the release of student information, the Superintendent or designee shall not release the information, unless it is otherwise subject to release based on a court order or a lawful subpoena.

Qualified certificated personnel shall be available to interpret records when requested. (Education Code 49069.7)

The custodian of records or the Superintendent or designee shall prevent the alteration, damage, or loss of records during inspection. (5 CCR 435)

Access Log

A log shall be maintained for each student's record which lists all persons, agencies, or organizations requesting or receiving information from the record and the legitimate educational interest of the requester. (Education Code 49064)

In every instance of inspection by persons who do not have assigned educational responsibility, the custodian of records shall make an entry in the log indicating the record inspected, the name of the person granted access, the reason access was granted, and the time and circumstances of inspection. (5 CCR 435)

The custodian of records shall also make an entry in the log regarding any request for record(s) that was denied and the reason for the denial.

The log shall include requests for access to records by:

1. Parents/guardians or adult students

2. Parties obtaining district-approved directory information

3. Parties who provide written parental consent, in which case the consent notice shall be filed with the record pursuant to Education Code 49075

4. School officials and employees who have a legitimate educational interest

5. Law enforcement personnel seeking immigration-related information

The log shall be open to inspection only by the parent/guardian, adult student, dependent adult student, custodian of

records, and certain state or federal officials specified in Education Code 49064. (Education Code 49064; 5 CCR 432)

Duplication of Student Records

To provide copies of any student record, the district may charge a reasonable fee not to exceed the actual cost of providing the copies. No charge shall be made for providing up to two transcripts or up to two verifications of various records for any former student. No charge shall be made to locate or retrieve any student record. (Education Code 49065)

Changes to Student Records

Any request to change a student's legal name in the student's mandatory permanent student record shall be accompanied with appropriate documentation.

Any challenge to the content of a student's record shall be filed in accordance with Education Code 49070 and the process specified in Administrative Regulation 5125.3 - Challenging Student Records.

Retention and Destruction of Student Records

All anecdotal information and assessment reports maintained as student records shall be dated and signed by the individual who originated the data. (5 CCR 431)

The following mandatory permanent student records shall be kept indefinitely: (5 CCR 432, 437)

1. Legal name of student
2. Date and place of birth and method of verifying birth date
3. Sex of student
4. Name and address of parent/guardian of minor student
    a. Address of minor student if different from the above
    b. Annual verification of parent/guardian's name and address and student's residence
5. Entrance and departure dates of each school year and for any summer session or other extra session
6. Subjects taken during each year, half-year, summer session, or quarter, and marks or credits given towards graduation
7. Verification of or exemption from required immunizations

Mandatory interim student records, unless forwarded to another district, shall be maintained subject to destruction during the third school year after the school year in which they originated, following a determination that their usefulness has ceased or the student has left the district. These records include: (Education Code 48918, 51747; 5 CCR 432, 437, 16027)

1. Expulsion orders and the causes therefor
2. A log identifying persons or organizations who request or receive information from the student record
3. Health information, including verification or waiver of the health screening for school entry
4. Information on participation in special education programs, including required tests, case studies, authorizations, and actions necessary to establish eligibility for admission or discharge
5. Language training records
6. Progress slips/notices required by Education Code 49066 and 49067

7. Parental restrictions/stipulations regarding access to directory information
8. Parent/guardian to challenged records and to disciplinary action
9. Parent/guardian authorization or prohibition of student participation in specific programs
10. Results of standardized tests administered within the past three years
11. Written findings resulting from an evaluation conducted after a specified number of missed assignments to determine whether it is in a student's best interest to remain in independent study

Permitted student records may be destroyed six months after the student completes or withdraws from the educational program and their usefulness ceases, including: (5 CCR 432, 437)

1. Objective counselor and/or teacher ratings
2. Standardized test results older than three years
3. Routine discipline data
4. Verified reports of relevant behavioral patterns
5. All disciplinary notices
6. Supplementary attendance records

Records shall be destroyed in a way that assures they will not be available to possible public inspection in the process of destruction. (5 CCR 437)

Transfer of Student Records

When a student transfers into this district from any other school district or a private school, the Superintendent or designee shall inform the student's parent/guardian of rights regarding student records, including a parent/guardian's right to review, challenge, and receive a copy of student records. (Education Code 49068; 5 CCR 438)

When a student transfers into this district from another district, the Superintendent or designee shall request that the student's previous district provide any records, either maintained by that district in the ordinary course of business or received from a law enforcement agency, regarding acts committed by the transferring student that resulted in the student's suspension or expulsion. (Education Code 48201)

When a student transfers from this district to another school district or to a private school, the Superintendent or designee shall forward a copy of the student's mandatory permanent record within 10 school days of the district's receipt of the request for the student's records. The original record or a copy shall be retained permanently by this district. If the transfer is to another California public school, the student's entire mandatory interim record shall also be forwarded. If the transfer is out of state or to a private school, the mandatory interim record may be forwarded. Permitted student records may be forwarded to any other district or private school. (Education Code 48918, 49068; 5 CCR 438)

Upon receiving a request from a county placing agency to transfer a student in foster care out of a district school, the Superintendent or designee shall transfer the student's records to the next educational placement within two business days. (Education Code 49069.5)

Additionally, when a student in foster care is enrolling in a district school, the district's liaison for foster youth shall contact, within two business days of the student's request for enrollment, the school last attended by the student to obtain all academic and other records. (Education Code 48853.5)

All student records shall be updated before they are transferred. (5 CCR 438)

Student records shall not be withheld from the requesting district because of any charges or fees owed by the student or parent/guardian. (5 CCR 438)

If the district is withholding grades, or transcripts from the student because of damage or loss of school property, this information shall be sent to the requesting district along with the student's records.

Notification of Parents/Guardians

Upon any student's initial enrollment, and at the beginning of each school year thereafter, the Superintendent or designee shall notify parents/guardians and eligible students, in writing, of their rights related to student records. If 15 percent or more of the students enrolled in the district speak a single primary language other than English, then the district shall provide these notices in that language. Otherwise, the district shall provide these notices in the student's home language insofar as practicable. The district shall effectively notify parents/guardians or eligible students with exceptional needs. (Education Code 48985, 49063; 5 CCR 431; 34 CFR 99.7)

The notice shall include: (Education Code 49063, 60900.5; 34 CFR 99.7, 99.34)

1. The types of student records kept by the district and the information contained therein
2. The title(s) of the official(s) responsible for maintaining each type of record
3. The location of the log identifying those who request information from the records
4. District criteria for defining school officials and employees and for determining legitimate educational interest
5. District policies for reviewing and expunging student records
6. The right to inspect and review student records and the procedures for doing so
7. The right to challenge and the procedures for challenging the content of a student record that the parent/guardian or student believes to be inaccurate, misleading, or otherwise in violation of the student's privacy rights
8. The cost, if any, charged for duplicating copies of records
9. The categories of information defined as directory information pursuant to Education Code 49073
10. The right to consent to disclosures of personally identifiable information contained in the student's records except when disclosure without consent is authorized by law
11. Availability of the curriculum prospectus developed pursuant to Education Code 49091.14 containing the titles, descriptions, and instructional aims of every course offered by the school
12. Any other rights and requirements set forth in Education Code 49060-49085, and the right of parents/guardians to file a complaint with the U.S. Department of Education concerning an alleged failure by the district to comply with 20 USC 1232g
13. A statement that the district forwards education records to other agencies or institutions that request the records and in which the student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student's enrollment

In addition, the annual parental notification shall include a statement that a student's citizenship status, immigration status, place of birth, or any other information indicating national origin will not be released without parental consent or a court order.

Student Records from Social Media

For the purpose of gathering and maintaining records of students' social media activity, the Superintendent or designee shall: (Education Code 49073.6)

1. Gather or maintain only information that pertains directly to school safety or student safety
2. Provide a student with access to any information that the district obtained from the student's social media

activity and an opportunity to correct or delete such information

3. Destroy information gathered from social media and maintained in student records within one year after a student turns 18 years of age or within one year after the student is no longer enrolled in the district, whichever occurs first

4. Notify each parent/guardian that the student's information is being gathered from social media and that any information maintained in the student's records shall be destroyed as provided in Item #3 above

   The notification shall also include, but is not limited to, an explanation of the process by which a student or the student's parent/guardian may access the student's records for examination of the information gathered or maintained and the process by which removal of the information may be requested or corrections to the information may be made. The notification may be provided as part of the annual parental notification required pursuant to Education Code 48980.

5. If the district contracts with a third party to gather information on a student from social media, ensure that the contract:

   a. Prohibits the third party from using the information for purposes other than those specified in the contract or from selling or sharing the information with any person or entity other than the district, the student, or the student's parent/guardian

   b. Requires the third party to destroy the information immediately upon satisfying the terms of the contract, or when the district notifies the third party that the student has turned 18 years of age or is no longer enrolled in the district, whichever occurs first

Updating Name and/or Gender of Former Students

When a former student submits a state-issued driver's license, birth certificate, passport, social security card, court order, or other government-issued documentation demonstrating that the former student's legal name and/or gender has changed, the district shall update the former student's records to include the updated legal name and/or gender. Upon request by the former student, the district shall reissue any documents conferred upon the former student, including, but not limited to, a transcript, a high school diploma, a high school equivalency certificate, or other similar documents. (Education Code 49062.5)

If the former student's name or gender is changed and the requested records are reissued, a new document shall be added to the former student's file that includes all of the following information: (Education Code 49062.5)

1. The date of the request

2. The date the requested records were reissued to the former student

3. A list of the records that were requested by and reissued to the former student

4. The type of documentation, if any, provided by the former student to demonstrate a legal change to the student's name and/or gender

5. The name of the employee who completed the request

6. The current and former names and/or genders of the student

Any former student who submits a request to change the legal name and/or gender on the student's records but is unable to provide any government-issued documentation demonstrating the legal name or gender change, may request a name or gender change through the process described in Education Code 49070 and Administrative Regulation 5125.3 - Challenging Student Records. (Education Code 49062.5)

Policy 5125.1: Release Of Directory Information

Status: DRAFT

Original Adopted Date: 11/01/2001 **| Last Revised Date:** 07/01/2005

The Board of Trustees recognizes the importance of maintaining the confidentiality of directory information and therefore authorizes the release of such information only in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee may release student directory information to representatives of the news media or nonprofit organizations in accordance with Board policy and administrative regulation.

The Superintendent or designee may limit or deny the release of specific categories of directory information to any public or private nonprofit organization based on his/her determination of the best interests of district students. (Education Code 49073)

Under no circumstances shall directory information be disclosed to a private profit-making entity, except for representatives of the news media and prospective employers, in accordance with Board policy.

Regulation 5125.1: Release Of Directory Information

Status: DRAFT

Original Adopted Date: 11/01/2011 **| Last Revised Date:** 05/01/2018

Definition

Directory information means information contained in a student record that would not generally be considered harmful or an invasion of privacy if disclosed. Such student information includes: (Education Code 49061; 20 USC 1232g; 34 CFR 99.3)

1. Name
2. Address
3. Telephone number
4. Email address
5. Date of birth
6. Major field of study
7. Participation record in officially recognized activities and sports
8. Weight and height of athletic team members
9. Dates of attendance
10. Degrees and awards received
11. Most recent previous school attended

Directory information does not include a student's social security number or student identification number. However, for purposes of accessing or communicating in electronic systems, directory information may include a student identification number, user identification, or other personal identifier used by the student provided that the identifier cannot be used to gain access to education records except when used in conjunction with a personal identification number, password, or other factor known or possessed only by the authorized user. (34 CFR 99.3)

Directory information also does not include a student's citizenship status, immigration status, place of birth, or any other information indicating national origin.

Notification to Parents/Guardians

At the beginning of each school year, all parents/guardians shall be notified as to the categories of directory information the district plans to release and the recipients of the information. The notification shall also inform parents/guardians of their right to refuse to let the district designate any or all types of information as directory information, how to refuse release, and the period of time within which a parent/guardian must notify the district in writing that he/she does not want a certain category of information designated as directory information. (Education Code 49063, 49073; 20 USC 1232g; 34 CFR 99.37)

In addition, the annual parental notification shall include a statement that directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national origin and that the district will not release such information without parental consent or a court order.

The Superintendent or designee shall notify parents/guardians that they may request that the district not release the name, address, and telephone number of their child to military recruiters, employers, or institutions of higher education without prior written consent. (20 USC 7908)

Parent/Guardian Consent

No directory information of a student identified as a homeless child or youth as defined in 42 USC 11434a shall be

released, unless the parent/guardian, or the student if he/she is 18 years or older, has provided written consent that directory information may be released. For any other student, directory information shall not be released if his/her parent/guardian notifies the district in writing that such information not be disclosed without the parent/guardian's prior consent. (Education Code 49073; 20 USC 1232g, 7908)

For a former student, the district shall continue to honor any valid request to opt out of the disclosure of directory information made while the student was in attendance at the district, unless the opt-out request has been rescinded. (34 CFR 99.37)

Exhibit 5125.1-E(1): Release Of Directory Information

Status: DRAFT

Original Adopted Date: 07/01/2005 | **Last Revised Date:** 05/01/2018

PARENT/GUARDIAN NOTICE
RELEASE OF DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that Alum Rock Union School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the district may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the district to include this type of information from your child's education records in certain school and/or district publications. Examples include:

- a playbill, showing your child's role in a drama production
- the annual yearbook
- honor roll or other recognition lists
- graduation programs
- sports activity sheets, such as for wrestling, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent/guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA), as amended, to provide military recruiters, upon request, with students' names, addresses, and telephone listings, unless parents/guardians have advised the district that they do not want their child's information disclosed without their prior written consent.

If you do not want the district to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing on or before the tenth day of the school year and or within 10 days of when a new student enrolls . The district has designated the following information as directory information:

1. Name
2. Address
3. Telephone number
4. Email address
5. Date of birth
6. Major field of study
7. Participation in officially recognized activities and sports
8. Weight and height of athletic team members
9. Dates of attendance
10. Degrees and awards received
11. Most recent previous school attended

The district also may disclose your child's student identification number, user identification, or other unique personal identifier used to communicate in electronic systems, provided it cannot be used to access education records without a personal identification number (PIN), password, or other factor that only the authorized user knows. Your child's social security number will not be used for this purpose.

Directory information does not include your child's citizenship status, immigration status, place of birth, or any other

information indicating national origin. The district will not disclose such information without your consent or a court order.

Regulation 5125.2: Withholding Grades, Diploma Or Transcripts

Status: DRAFT

Original Adopted Date: 12/01/1991 **| Last Revised Date:** 03/01/2019

When a minor student willfully cuts, defaces, or otherwise injures real or personal property of the district or willfully does not return district property that has been loaned to the student, the student's parents/guardians may be required to pay the costs of all damages within the limits established pursuant to Education Code 48904. Until the student's parents/guardians have paid for the damages or the student has completed voluntary work or other nonmonetary alternative offered by the district in lieu of monetary damages, the Superintendent or designee may withhold the student's grades, diploma, and/or transcripts. (Education Code 48904, 49014)

This administrative regulation shall not apply to a student who is a current or former homeless or foster youth. (Education Code 49014)

Before withholding a student's grades, diploma, and/or transcripts, the Superintendent or designee shall inform the student's parents/guardians in writing of the student's alleged misconduct. (Education Code 48904)

The student shall be afforded due process consistent with procedures established for the expulsion of students. (Education Code 48904)

When a student who is transferring into the district has had grades, a diploma, and/or transcripts withheld by the previous district, the Superintendent or designee shall continue to withhold the student's grades, diploma, and/or transcripts until notified by the previous district that the decision to withhold has been rescinded. (Education Code 48904.3)

Upon receiving notice that a student whose grades, diploma, and/or transcripts have been withheld by this district has transferred to another district in California, the Superintendent or designee shall provide the student's records to the new district and notify the new district that the student's grades, diploma, and/or transcripts are being withheld from the student and parents/guardians pursuant to Education Code 48904.

The Superintendent or designee shall also notify the student's parents/guardians in writing that the decision to withhold the student's grades, diploma, and/or transcripts will be enforced by the new district. (Education Code 48904.3)

Regulation 5125.3: Challenging Student Records

Status: DRAFT

Original Adopted Date: 02/01/1995 **| Last Revised Date:** 10/01/2016

At the beginning of each school year or, for a student enrolled after the beginning of the school year, at the time of enrollment, parents/guardians shall be notified of the availability of the following procedures for challenging the contents of student records.

Procedures for Challenging Records

The custodial parent/guardian of any student may submit to the Superintendent or designee a written request to correct or remove from his/her child's records any information concerning the child which he/she alleges to be any of the following: (Education Code 49070; 34 CFR 99.20)

1. Inaccurate
2. An unsubstantiated personal conclusion or inference
3. A conclusion or inference outside of the observer's area of competence
4. Not based on the personal observation of a named person with the time and place of the observation noted
5. Misleading
6. In violation of the privacy or other rights of the student

Within 30 days of receiving a request to correct or remove any information from a record, the Superintendent or designee shall meet with the parent/guardian and the district employee who recorded that information, if he/she is presently employed by the district. (Education Code 49070)

If the challenge involves a student's grade, the teacher who gave the grade shall be given an opportunity to state, orally and/or in writing, the reasons for which the grade was given. Insofar as practicable, the teacher shall be included in all discussions related to any grade change. In the absence of clerical or mechanical error, fraud, bad faith, or incompetency, a student's grade as determined by the teacher shall be final. (Education Code 49066)

Resolution of Challenge/Appeals

After considering all relevant information, the Superintendent or designee shall sustain or deny the parent/guardian's allegations. (Education Code 49070)

If the parent/guardian's allegations are sustained, the Superintendent or designee shall order the correction or removal and destruction of the information. (Education Code 49070)

If the Superintendent or designee denies the allegations, the parent/guardian may, within 30 days, appeal the decision in writing to the Board of Trustees. Within 30 days of receiving the written appeal, the Board shall meet in closed session with the parent/guardian and the district employee who recorded the information, if he/she is presently employed by the district. The Board shall then decide whether to sustain or deny the allegations. The decision of the Board shall be final. (Education Code 49070)

If the Board sustains any or all of the allegations, the Superintendent or designee shall immediately order the correction or removal and destruction of the pertinent information from the student's records and shall inform the parent/guardian in writing that the information has been corrected or destroyed. (Education Code 49070)

If the parent/guardian does not file an appeal, or if the appeal is denied by the Board, the parent/guardian shall be informed of his/her right to submit a written objection to the information. Any statement submitted by the parent/guardian shall be maintained with the contested part of the record for as long as the record is maintained and shall be disclosed whenever the related part of the record is disclosed. (Education Code 49070; 34 CFR 99.21)

Hearing Panel

The Superintendent or designee and/or the Board may appoint a hearing panel to assist in making determinations

regarding a challenge to student records or an appeal, as applicable, provided that the parent/guardian gives written consent to releasing relevant student record information to the panel members. Such a hearing panel shall consist of the following persons: (Education Code 49071)

1. A chairperson who is a principal of a public school other than the school at which the record is on file

2. A certificated employee appointed by the district's certificated employee council or, if no such council exists, by a parent/guardian

3. A parent/guardian appointed by the Superintendent or designee or the Board, whoever convenes the panel

If possible, the members of the hearing panel shall not be acquainted with the student, his/her parent/guardian, or the employee who recorded the information, except when the parent/guardian appoints the certificated employee pursuant to item #2 above. (Education Code 49071)

The panel shall be provided with verbatim copies of the information that is the subject of the controversy. The panel shall, in closed session, hear the parent/guardian's objections to the student record and, if the employee is presently employed by the district, the employee's testimony. The proceedings of the hearing shall not be disclosed or discussed by panel members except in their official capacities. The panel shall submit, to the Superintendent or designee or the Board as applicable, its written findings setting forth the facts and decisions of the panel. (Education Code 49071)

Policy 5126: Awards For Achievement

Status: DRAFT

Original Adopted Date: 03/01/2009 **| Last Revised Date:** 03/01/2024

The Board of Trustees encourages excellence as a goal for all students and wishes to publicly recognize students for exemplary achievement in academic, artistic, extracurricular, athletic, and community service activities.

No fee or other cost shall be charged to any student in relation to any requirements in qualifying for or receiving any district achievement awards.

District/School Awards

Student awards may include verbal recognition, a letter, a certificate, a Board resolution, public ceremony, trophy, gift, plaque, or monetary gift. The Board shall establish a budget for this purpose. (Education Code 44015)

The Superintendent or designee shall develop criteria for the selection of student award recipients.

District Awards for Biliteracy

In order to affirm the value of bilingualism and encourage students' enrollment in world language or dual immersion programs, the Superintendent or designee may present awards at appropriate grade levels to recognize the pursuit and/or attainment of grade-level proficiency in one or more languages in addition to English. The Superintendent or designee may also present awards to English learners who are reclassified as fluent English proficient to recognize proficiency in both English and the student's native language.

Policy 5131: Conduct

Status: DRAFT

Original Adopted Date: 03/01/2010 **| Last Revised Date:** 03/01/2025

The Board of Trustees believes that all students have the right to be educated in a safe and positive learning environment free from disruptions. Students shall be expected to exhibit appropriate conduct that does not infringe upon the rights of others or interfere with the school program while on school grounds, going to or coming from school, at school activities, or using district transportation.

The Superintendent or designee shall ensure that each school develops standards of conduct and discipline consistent with Board policies and administrative regulations. Students and parents/guardians shall be notified of district and school rules related to conduct.

Prohibited student conduct includes, but is not limited to:

1. Conduct that endangers students, staff, or others, including, but not limited to, physical violence, possession of a firearm or other weapon, and terrorist threats
2. Discrimination, harassment, intimidation, or bullying of students or staff, including sexual harassment, hate-motivated behavior, cyberbullying, hazing or initiation activity, extortion, or any other verbal, written, or physical conduct that causes or threatens to cause violence, bodily harm, or substantial disruption to the school program
3. Conduct that disrupts the orderly classroom or school environment
4. Willful defiance of staff's authority
5. Damage to or theft of property belonging to students, staff, or the district
6. Obscene acts or use of profane, vulgar, or abusive language
7. Possession, use, or being under the influence of tobacco, alcohol, or other prohibited substances
8. Possession or use of a laser pointer, unless for a valid instructional or other school-related purpose with prior permission of the principal or designee (Penal Code 417.27)
9. Use of a smartphone or other mobile communication device in an unauthorized manner
10. Plagiarism or dishonesty on school work or tests
11. Wearing of any attire that violates district or school dress codes, including gang-related apparel
12. Tardiness or unexcused absence from school
13. Failure to remain on school premises in accordance with school rules
14. Other conduct prohibited by Education Code 48900-48915-48915

Employees are expected to enforce standards of conduct and when they observe or receive a report of a violation of these standards, to appropriately intervene, or seek assistance. As necessary, the employee shall refer the matter to a supervisor or the principal or designee.

When a school employee suspects that a search of a student or a student's belongings will turn up evidence of the student's violation of the law or school rules, such a search shall be conducted in accordance with Board Policy and Administrative Regulation 5145.12 - Search and Seizure.

When a student uses any prohibited device, or uses a permitted device in an unauthorized manner, a district employee may confiscate the device. The employee shall store the device securely until it is returned to the student or turned over to the principal or designee, as appropriate.

Students who violate district or school rules and regulations may be subject to discipline including, but not limited to,

suspension, expulsion, transfer to alternative programs, referral to a student success team or counseling services, or denial of participation in extracurricular or cocurricular activities or other privileges in accordance with Board policy and administrative regulation. The Superintendent or designee shall notify local law enforcement as appropriate.

Students also may be subject to discipline, in accordance with law, Board policy, or administrative regulation, for any off-campus conduct during nonschool hours which poses a threat or danger to the safety of students, staff, or district property, or substantially disrupts school activities.

Policy 5131.1: Bus Conduct

Status: DRAFT

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 07/01/2008

In order to help ensure the safety and well-being of students, bus drivers, and others, the Board of Trustees expects students to exhibit appropriate and orderly conduct at all times when using school transportation, including while preparing to ride, riding, or leaving the bus.

The Superintendent or designee shall establish regulations related to student conduct on buses, bus driver authority, and the suspension of riding privileges. He/she shall make these rules available to parents/guardians, students, and other interested parties. (5 CCR 14103)

Students found to be in violation of the district's bus conduct rules shall be subject to discipline in accordance with Board policy and administrative regulation.

The Superintendent or designee may deny a student the privilege of using school transportation upon the student's continued disorderly conduct or his/her persistent refusal to submit to the authority of the driver. (5 CCR 14103)

Bus Surveillance Systems

The Board believes that the use of surveillance systems on school buses will help to deter misconduct and improve discipline, ensure the safety of students and bus drivers, and prevent vandalism. Therefore, surveillance systems may be installed and used on school buses to monitor student behavior while traveling to and from school and school activities.

The Superintendent or designee shall notify students, parents/guardians, and staff that surveillance may occur on any school bus and that the contents of a recording may be a student record and, as such, may be used in student disciplinary proceedings or referred to local law enforcement, as appropriate. In addition, a prominent notice shall be placed in each bus stating that the bus is equipped with a surveillance monitoring system.

Regulation 5131.1: Bus Conduct

Status: DRAFT

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 07/01/2008

Bus Rider Rules

The following rules apply at all times when students are riding a school bus, including when on school activity trips:

1. Riders shall follow the instructions and directions of the bus driver at all times.
2. Riders should arrive at their designated bus stop on time and stand in a safe place at the stop to wait quietly for the bus.
3. Riders shall enter the bus in an orderly manner and go directly to their seats.
4. Riders shall sit down and fasten any passenger restraint systems. Riders shall remain seated while the bus is in motion.
5. Riders shall not block the aisle or emergency exit with their body or personal belongings. Riders may bring large or bulky items, such as class projects or musical instruments, on the bus only if the item does not displace any other rider or obstruct the driver's vision.
6. Riders should be courteous to the driver and to fellow passengers. Vulgarity, rude, or abusive behavior is prohibited.
7. Any noise or behavior that could distract the driver, such as loud talking, scuffling or fighting, throwing objects, or standing or changing seats, is prohibited and may lead to suspension of riding privileges.
8. Riders shall not use tobacco products, eat, or drink while riding the bus.
9. Riders may bring electronic devices onto the bus only if such devices are permitted at school. If the use of cellular telephones or similar devices disrupts the safe operation of the school bus, the bus driver may direct the student to no longer use the device on the bus.
10. Riders shall not put any part of the body out of the window nor throw any item from the bus.
11. Riders shall help keep the bus and the area around the bus stop clean. Riders shall not damage or deface the bus or tamper with bus equipment.
12. Service animals are permitted on school transportation services; all other animals are prohibited. (Education Code 39839; 13 CCR 1216)
13. Upon reaching their destination, riders shall remain seated until the bus comes to a complete stop and upon the signal from the driver, unfasten any restraint system, enter the aisle, and go directly to the exit.
14. Riders should be alert for traffic when leaving the bus and shall follow the district's transportation safety plan when crossing the road and exiting the bus.

The driver or any passenger shall report any violation of the district's bus rules to the principal or designee. The principal or designee shall notify the student's parent/guardian of the misbehavior, determine the severity of the misconduct, and take action accordingly. In instances of a severe violation or repeated offenses, the rider may be denied transportation for a period of time determined appropriate by the principal or designee.

Bus drivers shall not deny transportation services except as directed by the principal or designee.

Bus Surveillance Systems

The Superintendent or designee shall monitor the use and maintenance of the district's bus surveillance system. Students are prohibited from tampering with the bus surveillance system. Any student found tampering with the system shall be subject to discipline and shall be responsible for the costs of any necessary repairs or replacement.

Camera supports may be installed in all buses. Cameras may be rotated among the buses and activated at the discretion of the Superintendent or designee.

The content of any recording is a student record and may only be accessed in accordance with the district's policy and administrative regulation concerning student records.

Policy 5131.2: Bullying

Status: DRAFT

Original Adopted Date: 07/01/2015 **| Last Revised Date:** 12/01/2023

This policy shall apply to all acts constituting bullying related to school activity or to school attendance occurring within a district school, to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school, and to all acts of the Board of Trustees and the Superintendent in enacting policies and procedures that govern the district.

The Board recognizes the harmful effects of bullying on student well-being, student learning, and school attendance and desires to provide a welcoming, safe, and supportive school environment that protects students from physical, mental, and emotional harm. No individual or group shall, through physical, written, verbal, visual, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

The Superintendent or designee shall develop strategies for addressing bullying in district schools with the involvement of students, parents/guardians, and staff. As appropriate, the Superintendent or designee may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

Such strategies shall be incorporated into the comprehensive safety plan and, to the extent possible, into the local control and accountability plan and other applicable district and school plans.

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the district's uniform complaint procedures specified in Administrative Regulation 1312.3. If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

If the Superintendent or designee believes it is in the best interest of a student who has been the victim of an act of bullying, as defined in Education Code 48900, the Superintendent or designee shall advise the student's parents/guardians that the student may transfer to another school. If the parents/guardians of a student who has been the victim of an act of bullying requests a transfer for the student pursuant to Education Code 46600, the Superintendent or designee shall allow the transfer in accordance with law and district policy on intradistrict or interdistrict transfer, as applicable.

District families are encouraged to model respectful behavior, contribute to a safe and supportive learning environment, and monitor potential causes of bullying.

Any employee who permits or engages in bullying or retaliation related to bullying shall be subject to disciplinary action, up to and including dismissal.

Regulation 5131.2: Bullying

Status: DRAFT

Original Adopted Date: 05/01/2019 **| Last Revised Date:** 12/01/2023

Examples of Prohibited Conduct

Bullying is an aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational and may involve a single severe act or repetition or potential repetition of a deliberate act. Bullying includes, but is not limited to, any act described in Education Code 48900(r).

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images, which may be shared, sent, or posted publicly. Cyberbullying may include, but is not limited to, personal or private information that causes humiliation, false or negative information to discredit or disparage, or threats of physical harm. Cyberbullying may also include breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to:

1. Physical bullying: An act that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures

2. Verbal bullying: An act that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm

3. Social/relational bullying: An act that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public

4. Cyberbullying: An act that occurs on electronic devices such as computers, tablets, or cell phones, such as sending demeaning or hateful text messages, direct messages or public posts on social media apps, gaming forums, or emails, spreading rumors by email or by posting on social networking sites, shaming or humiliating by allowing others to view, participate in, or share disparaging or harmful content, or posting or sharing embarrassing photos, videos, website, or fake profiles

Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

1. Developing a strategic plan for school connectedness and social skills with benchmark tracking, which may include providing regular opportunities and spaces for students to develop social skills and strengthen relationships and promoting adult support from family and school staff, peer-led programs, and partnerships with key community groups, implementing socially based educational techniques such as cooperative learning projects that can improve educational outcomes as well as peer relations, creating a supportive school environment that fosters belonging through equitable classroom management, mentoring, and peer support groups that allow students to lean on each other and learn from each other's experiences, and building social connection into health education courses including information on the consequences of social connection on physical and mental health, key risk and protective factors, and strategies for increasing social connection

2. Ensuring that each school establishes clear rules for student and staff conduct and implements strategies to promote a positive, supportive, and collaborative school climate

3. Providing information to students, through student handbooks, district and school websites and social media, and other age-appropriate means, about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying

4. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially

and anonymously

5. Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as playgrounds, hallways, restrooms, and cafeterias

6. Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so

Staff Development

The Superintendent or designee shall annually make available to all certificated staff and to other employees who have regular interaction with students the California Department of Education (CDE) online training module on the dynamics of bullying and cyberbullying, including the identification of bullying and cyberbullying and the implementation of strategies to address bullying. (Education Code 32283.5)

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences

2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims

3. Identify the signs of bullying or harassing behavior

4. Take immediate corrective action when bullying is observed

5. Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior

Information and Resources

The Superintendent or designee shall post on the district's website, in a prominent location and in a manner that is easily accessible to students and parents/guardians, information on bullying and harassment prevention which includes the following: (Education Code 234.6)

1. The district's policy on student suicide prevention, including a reference to the policy's age appropriateness for students in grades K-6

2. The definition of sex discrimination and harassment as described in Education Code 230, including the rights set forth in Education Code 221.8

3. Title IX information included on the district's website pursuant to Education Code 221.61, and a link to the Title IX information included on CDE's website pursuant to Education Code 221.6

4. District policies on student sexual harassment, prevention and response to hate violence, discrimination, harassment, intimidation, bullying, and cyberbullying

5. A section on social media bullying that includes all of the references described in Education Code 234.6 as possible forums for social media

6. A link to statewide resources, including community-based organizations, compiled by CDE pursuant to Education Code 234.5

7. Any additional information the Superintendent or designee deems important for preventing bullying and harassment

Student Instruction

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character development, respect for cultural and individual differences, self-esteem development, assertiveness skills, digital and media literacy skills, and appropriate online behavior.

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff are responsible for teaching and modeling respectful behavior and building safe and supportive learning environments, and are expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with Administrative Regulation 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Within one business day of receiving such a report, a staff member shall notify the principal of the report, regardless of whether a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report such observation to the principal or a district compliance officer, regardless of whether the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in Administrative Regulation 1312.3.

Any individuals with information about cyberbullying activity shall save and print any electronic or digital messages that they feel constitute cyberbullying and shall notify a teacher, the principal, or other employee so that the matter may be investigated. When an investigation concludes that a student used a social networking site or service to bully or harass another student, the Superintendent or designee may report the cyberbullying to the social media platform and may request the material be removed.

Discipline/Corrective Actions

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention, and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.

When a student has been suspended, or other means of correction have been implemented against the student, for an incident of racist bullying, harassment, or intimidation, the principal or designee shall engage both the victim and perpetrator in a restorative justice practice suitable to the needs of the students, if the victim consents to engaging in the restorative justice practice. The principal or designee shall also require the perpetrator to engage in a culturally sensitive program that promotes racial justice and equity and combats racism and ignorance and shall regularly check on the victim to ensure that the victim is not in danger of suffering from any long-lasting mental health issues. (Education Code 48900.5)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

Support Services

The Superintendent, principal, or designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement, in accordance with Board Policy and Administrative Regulation 5141.52 - Suicide Prevention.

Policy 5131.4: Student Disturbances

Status: DRAFT

Original Adopted Date: 06/01/1990 **| Last Revised Date:** 07/01/2006

The Board of Trustees desires to provide orderly campuses that create a positive school environment and are conducive to learning. When students initiate or are involved in a campus disturbance that has the potential to threaten the safety of students or staff, the Superintendent or designee may request law enforcement assistance.

The Superintendent or designee shall establish a school disturbance response plan that is intended to curb disruptions which may lead to riots, violence, or vandalism at school or at school-sponsored events. In developing each school's plan, the Superintendent or designee shall consult with local law enforcement authorities to create guidelines for law enforcement support and intervention.

Staff are encouraged to be alert to conditions at school that may lead to a disturbance, such as racial or cultural conflict, student protests, or gang intimidation and confrontations. Staff who believe that a disturbance is imminent, or who see a disturbance occurring, shall immediately contact the principal and invoke the school disturbance response plan.

Students who participate in a campus disturbance shall be subject to disciplinary action in accordance with Board policy and administrative regulations.

Regulation 5131.4: Student Disturbances

Status: DRAFT

Original Adopted Date: 06/01/1990 **| Last Revised Date:** 07/01/2006

Prohibited Activities

A student involved or attempting to be involved in any of the following prohibited activities shall be subject to discipline:

1. Disturbing the peace, including, but not limited to, causing or attempting to cause a riot, burning or destroying property, fighting, challenging another to fight, and/or using offensive words via verbal, in writing, and/or social media likely to provoke a fight

2. Disrupting school operations, including, but not limited to, exercising free expression which is obscene, libelous, or slanderous or so incites students as to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations, or substantially disrupting the orderly operation of the school (Education Code 48907)

   Other examples of activities that may be considered disrupting school operations include, but are not limited to:

   a. Organizing or participating in unauthorized assemblies on school premises

   b. Participating in sit-ins or stand-ins which deny students or employees normal access to school premises

   c. Interfering with or unauthorized use of the district's computer system

3. Refusing to disperse, including, but not limited to, assembling for the purpose of causing a disruption and refusing to disperse upon the direction of school personnel

4. Boycotting school, including, but not limited to, participating in any protest that involves nonattendance where attendance is required at school, class, or at a school activity

   Any student who participates in a boycott shall be given an unexcused absence and may be classified as truant, regardless of any parent/guardian approval of the absence.

Extension of Class Period and/or Dismissal of School

During any disturbance in which additional students might become involved while changing classes, the principal or designee shall notify all staff that any class currently in session will be extended until further notice. Upon receiving this notification, staff shall ensure that all students in their charge remain in one location under their supervision and shall ask all students who are in the halls to return to their classes immediately.

The principal may also request that the Superintendent dismiss school in accordance with the school disturbance response plan.

Regulation 5131.41: Use Of Seclusion And Restraint

Status: DRAFT

Original Adopted Date: 12/01/2018 **| Last Revised Date:** 03/01/2023

District staff shall enforce standards of appropriate student conduct in order to provide a safe and secure environment for students and staff on campus but are prohibited from using seclusion and behavioral restraint to control student behavior except as authorized by law when the behavior poses a clear and present danger of serious physical harm to the student, other students, or others on campus, and that cannot be immediately prevented by a less restrictive response.

Definitions

Behavioral restraint includes mechanical restraint or physical restraint used as an intervention when a student presents an immediate danger to self or to others. Behavioral restraint does not include postural restraints or devices used to improve a student's mobility and independent functioning rather than to restrict movement. (Education Code 49005.1)

Mechanical restraint means the use of a device or equipment to restrict a student's freedom of movement. Mechanical restraint does not include the use of devices as prescribed by an appropriate medical or related services professional, including, but not limited to, adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment; vehicle safety restraints during the transport of a student; restraints for medical immobilization; or orthopedically prescribed devices which permit a student to participate in activities without risk of harm. Mechanical restraint also does not include the use of devices by peace officers or security personnel for detention or for public safety purposes. (Education Code 49005.1)

Physical restraint means a personal restriction that immobilizes or reduces the ability of a student to move the torso, arms, legs, or head freely. Physical restraint does not include a physical escort in which a staff member temporarily touches or holds the student's hand, wrist, arm, shoulder, or back for the purpose of inducing a student who is acting out to walk to a safe location. Physical restraint also does not include the use of force by peace officers or security personnel for detention or for public safety purposes. (Education Code 49005.1)

Prone restraint means the application of a behavioral restraint on a student in a facedown position. (Education Code 49005.1)

Seclusion means the involuntary confinement of a student alone in a room or an area from which the student is physically prevented from leaving. Seclusion does not include a timeout involving the monitored separation of the student in an unlocked setting, which is implemented for the purpose of calming the student. (Education Code 49005.1)

Prohibitions

Seclusion and behavioral restraint of students shall not be used in any form as a means of coercion, discipline, convenience, or retaliation. (Education Code 49005.8)

In addition, staff shall not take any of the following actions: (Education Code 49005.2, 49005.8)

1. Administer a drug that is not a standard treatment for a student's medical or psychiatric condition in order to control the student's behavior or restrict the student's freedom of movement

2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use as a locked room

3. Use a physical restraint technique that obstructs a student's respiratory airway or impairs a student's breathing or respiratory capacity, including a technique in which a staff member places pressure on the student's back or places the staff member's body weight against the student's torso or back

4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, the use of a pillow, blanket, carpet, mat, or other item to cover a student's face

5. Place a student in a facedown position with the student's hands held or restrained behind the student's back

6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the student or others

Limited Use of Seclusion or Restraint

Staff shall avoid the use of seclusion and behavioral restraint of students whenever possible. Seclusion or behavioral restraint may be used only to control student behavior that poses a clear and present danger of serious physical harm to the student or others, which cannot be immediately prevented by a response that is less restrictive. (Education Code 49005.4, 49005.6, 49005.8)

When used, seclusion or restraint shall not be applied for longer than is necessary to contain the dangerous behavior. For any situation that requires a prolonged use of an emergency intervention, staff shall seek the assistance of the principal or law enforcement agency, as applicable to the situation. (Education Code 56521.1)

If a student is put in seclusion, the student shall be under constant, direct observation of a staff member. Such observation may be through a window or another barrier through which the staff member is able to make direct eye contact with the student, but shall not be made through indirect means such as a security camera or closed-circuit television. (Education Code 49005.8)

If a student is restrained, staff shall afford the student the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the student and others. (Education Code 49005.8)

If a prone restraint technique is used on a student, a staff member shall observe the student for any signs of physical distress throughout the use of the restraint. Whenever possible, the staff member monitoring the student shall not be involved in restraining the student. (Education Code 49005.8)

Seclusion or restraint may only be applied to a student with disabilities in accordance with rules specified in AR 6159.4 Behavioral Interventions For Special Education Students. Staff may not apply seclusion or restraint to students with disabilities based on assumptions or stereotypes about disabilities or students with disabilities or for behavior that would not result in restraint or seclusion for students without disabilities.

The Superintendent or designee shall provide training to staff in the safe and effective use of seclusion and restraint as appropriate.

Documentation of Seclusion and Restraint

Parents/guardians and, if appropriate, residential care providers shall be notified within one school day whenever an emergency intervention is used or serious property damage occurs. (Education Code 56521.1)

A behavior emergency report shall be completed and forwarded to the Superintendent or designee for review. This report shall include: (Education Code 56521.1)

1. The name and age of the student
2. The setting and location of the incident
3. The name of the staff or other persons involved
4. A description of the incident and the emergency intervention used
5. A statement of whether the student is currently engaged in a systematic behavior intervention plan
6. Details of any injuries sustained by the student or others, including staff, as a result of the incident

Reports

The Superintendent or designee shall annually collect data on the number of times that seclusion, mechanical restraint, and physical restraint were used on students and the number of students subjected to such techniques. The data shall be disaggregated by race/ethnicity and gender, and reported for students with a Section 504 plan, students

with an individualized education program, and all other students. This report shall be submitted to the California Department of Education no later than three months after the end of each school year, and shall be available as a public record pursuant to Government Code 7920.000-7930.215. (Education Code 49006)

Policy 5131.5: Vandalism And Graffiti

Status: DRAFT

Original Adopted Date: 06/01/1987 **| Last Revised Date:** 07/01/2009

The Board of Trustees desires to enhance student learning by striving to provide an environment where students and staff can feel safe and secure and can take pride in their school. To that end, the Superintendent or designee shall develop strategies for preventing graffiti and vandalism on school grounds, including collaborating with local law enforcement and city and county officials, as appropriate, to help develop a coordinated response to graffiti and vandalism in the community.

Students and staff are encouraged to report any graffiti or vandalism to the principal or designee for investigation. The principal or designee shall determine whether the incident necessitates an investigation pursuant to the district's sexual harassment, hate-motivated behavior, or nondiscrimination grievance procedure.

As appropriate, the principal or designee may contact local law enforcement in instances when the graffiti is repetitive, identifies particular targets or groups, identifies the perpetrator, and/or contains incitements to violence, threats, or intimidation. Photographs or other evidence of the vandalism or graffiti shall be preserved as necessary for investigation by the district or law enforcement and as evidence in any district disciplinary proceedings.

The principal or designee shall ensure that graffiti on school grounds is removed and covered as soon as possible, and if practicable before the beginning of the school day.

A student who commits an act of vandalism or graffiti on school grounds shall be subject to disciplinary action, including, but not limited to, suspension or expulsion in accordance with Board policy and administrative regulation. If reparation for damages is not made, the district also may withhold the student's grades, diploma, and/or transcripts in accordance with law.

Policy 5131.6: Alcohol And Other Drugs

Status: DRAFT

Original Adopted Date: 02/01/1996 **| Last Revised Date:** 03/01/2025

The Board of Trustees believes that the use of alcohol or other drugs adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences. The Superintendent or designee shall develop comprehensive programs and activities to foster safe, healthy, and drug-free environments that support academic achievement.

The district's alcohol and drug prevention and intervention programs shall be coordinated with other school and community-based services and programs and shall promote the involvement of parents/guardians. The Superintendent or designee may collaborate with the county office of education, community-based organizations, health providers, law enforcement agencies, local child welfare agencies, postsecondary institutions, businesses, and other public and private entities in program planning, implementation, and evaluation.

Prevention and intervention programs and activities may include, but are not limited to: (20 USC 7118)

1. Evidence-based drug and violence prevention activities and programs that educate students against the use of alcohol, tobacco, cannabis, smokeless tobacco products, and electronic cigarettes

2. Professional development and training for school staff, specialized instructional support personnel, and interested community members on drug prevention, education, early identification, intervention mentoring, recovery support services, and, where appropriate, rehabilitation referral

3. School-based mental health services, including early identification of drug use and referrals to counseling services, and/or partnerships with public or private health care entities that have qualified mental and behavioral health professionals

4. Programs and activities that provide mentoring and school counseling to all students, including students who are at risk of drug use and abuse

Instruction and Notification

The district shall provide science-based preventative instruction, consistent with law, the accompanying administrative regulation, and Board Policy 5141.52 - Suicide Prevention, which has been proven effective in helping students avoid the use of alcohol and other drugs.

All instruction and related materials shall consistently state that unlawful use of alcohol or other drugs is prohibited. Instruction shall not include any message on responsible use of drugs or alcohol when such use is illegal. (Health and Safety Code 11999.2)

The district shall offer staff development activities for staff who implement the comprehensive drug and alcohol prevention and intervention program.

The district shall annually inform parents/guardians at the beginning of the first semester or quarter of the regular school year about the dangers associated with the use of synthetic drugs that are not prescribed by a physician, such as fentanyl, the possibility that dangerous drugs can be found in counterfeit pills, and the risks of social media being used as a way to market and sell synthetic drugs. Additionally, the district, and each school that maintains its own website, shall post such information on its website. (Education Code 48985.5)

Intervention, Referral, and Student Assistance Programs

The Superintendent or designee shall inform school staff, students, and parents/guardians about early warning signs, which may indicate alcohol and other drug use, and about appropriate agencies offering intervention programs, counseling, referral, and other student assistance programs.

The Board strongly encourages any student who is using alcohol or drugs to discuss the matter with the student's parent/guardian or with any staff member. Students who disclose their use of alcohol or other drugs when seeking help from an intervention or recovery program shall not be disciplined for such use, including that, in accordance with Education Code 48900, students who voluntarily disclose their use of a tobacco product, controlled substance, alcohol, or an intoxicant of any kind in order to seek help through services or supports shall not be suspended.

Opioid Antagonists

Students in middle school, junior high school, high school, or adult school, may carry fentanyl test strips or a federally approved opioid antagonist for the emergency treatment of persons suffering, or reasonably believed to be suffering, from an opioid overdose, while on a school site or participating in a school activity. (Education Code 49414.6)

Additionally, students 12 years of age or older, while on a school site or participating in school activities, may carry and administer a naloxone hydrochloride nasal spray or any other opioid overdose reversal medication that is federally approved for over-the counter nonprescription use for the purpose of providing emergency treatment to persons who are suffering, or reasonably believed to be suffering, from an opioid overdose. (Education Code 49414.35)

Enforcement and Discipline

Unless otherwise authorized by law, students shall not possess, use, or sell alcohol or other drugs and related paraphernalia on school grounds or at school-sponsored activities.

The Superintendent or designee shall clearly communicate to all students, staff, and parents/guardians the district's policies, regulations, and school rules related to the use of alcohol and other drugs.

Any student found by the Board to be selling a controlled substance listed in Health and Safety Code 11053-11058 shall be recommended for expulsion in accordance with Board Policy/Administrative Regulation 5144.1 - Suspension and Expulsion/Due Process. A student found to have committed another drug or alcohol offense, including possession or intoxication, shall be referred to appropriate behavioral interventions or student assistance programs, and may be subject to discipline on a case-by-case basis.

The district may use alternatives to the referral of a student to a law enforcement agency in response to an incident involving the student's misuse of an opioid, to the extent any alternative utilized is not in conflict with any law requiring that referral. (Education Code 49414.4)

Program Evaluation

The Board and Superintendent shall agree upon performance measures that will be used to monitor and determine the effectiveness of district programs in reducing drug and alcohol use. The Superintendent or designee shall periodically report to the Board on the effectiveness of district activities in achieving identified objectives and outcomes. (20 USC 7116)

Regulation 5131.6: Alcohol And Other Drugs

Status: DRAFT

Original Adopted Date: 10/01/1994 **| Last Revised Date:** 03/01/2025

Instruction

The curriculum of all elementary and secondary schools shall include instruction on the effects upon the human body, as determined by science, of tobacco, alcohol, narcotics, dangerous drugs as defined in Health and Safety Code 11032, and other dangerous substances. Instruction shall be sequential in nature and suited to meet the needs of students at their respective grade level. (Education Code 51203, 51260)

Instruction on the nature and effects of alcohol shall include information about excessive alcohol use and the short- and long-term health risks of excessive alcohol use, including information about excessive drinking, the immediate effects of alcohol that increase the risks of harmful health conditions, and how excessive alcohol use can lead to the development of chronic diseases and other serious problems, including alcohol-related deaths and mental health problems. (Education Code 51203)

In grades 1-6, instruction in drug education should be given in health courses required by Education Code 51210. (Education Code 51260)

In grades 7-8, instruction in drug education shall be conducted in health courses and in any other appropriate area of study required by Education Code 51220. (Education Code 51260)

Secondary school instruction shall also include a study of the effects of alcohol and other drugs upon prenatal development. (Education Code 51203)

Additionally, beginning with the 2026-27 school year, courses in health education required for graduation from high school shall include instruction in the dangers associated with fentanyl use in accordance with Education Code 51225.38.

Instruction shall be provided by appropriately trained instructors who have demonstrated competencies, as determined by the principal or designee, in the following areas: (Education Code 51260)

1. The ability to interact with students in a positive way

2. Knowledge of the properties and effects of tobacco, alcohol, narcotics, dangerous drugs, and shared drug apparatus

3. Effective teaching skills and competency in helping students to express opinions responsibly and to become aware of their values as they affect drug-use decisions

Intervention

District staff shall intervene whenever students use alcohol or other illegal drugs while on school property or under school jurisdiction. Staff members who have a reasonable suspicion that a student may be under the influence of alcohol or drugs shall immediately notify the principal or designee.

If the principal or designee, observes or suspects that a student may be under the influence of alcohol or drugs, the principal or designee may notify the student's parent/guardian. (Education Code 44049)

School staff shall not disclose confidential information provided during counseling by a student 12 years of age or older. A school counselor may report such information to the principal or parent/guardian only when the counselor believes that disclosure is necessary to avert a clear and present danger to the health, safety or welfare of the student or other persons living in the school community. The school counselor shall not disclose such information to the parent/guardian if the counselor believes that the disclosure would result in a clear and present danger to the student's health, safety or welfare. (Education Code 44049, 49602)

Policy 5131.62: Tobacco

Status: DRAFT

Original Adopted Date: 03/01/2011 **| Last Revised Date:** 07/01/2016

The Board of Trustees recognizes the serious health risks presented by tobacco use and desires to ensure that, through adoption of consistent policies, district students are made aware of those risks and, to the extent possible, protected from them. The Superintendent or designee shall establish a coordinated school health system which includes a comprehensive behavioral health education component that teaches students the knowledge, skills, and attitudes they need in order to lead healthy lives and avoid high-risk behaviors, such as tobacco use.

The Superintendent or designee shall provide prevention, intervention, and cessation education, information, activities, and/or referrals to district students and shall ensure consistent enforcement of district policies prohibiting student possession and use of tobacco products.

Prohibition Against Tobacco Use

Students shall not possess, smoke, or use tobacco or any product containing tobacco or nicotine while on campus, while attending school-sponsored activities, or while under the supervision and control of district employees. (Education Code 48900, 48901)

Smoking means inhaling, exhaling, burning, or carrying of any lighted or heated cigar, cigarette, pipe, tobacco, or plant product intended for inhalation, whether natural or synthetic, in any manner or form, and includes the use of an electronic smoking device that creates aerosol or vapor or of any oral smoking device for the purpose of circumventing the prohibition of smoking. (Business and Professions Code 22950.5; Education Code 48901)

Tobacco products include: (Business and Professions Code 22950.5; Education Code 48901)

1. A product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, or snuff

2. An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, pipe, or hookah

3. Any component, part, or accessory of a tobacco product, whether or not sold separately

These prohibitions do not apply to a student's possession or use of his/her own prescription products. However, student possession or use of prescription products in school shall be subject to the district's policy and regulation for addressing the administration of medications on campus. (Education Code 48900)

Prevention Instruction

The district shall provide developmentally appropriate tobacco-use prevention instruction for students at selected grade levels from K-12 pursuant to Education Code 51202. Such instruction shall be aligned with state content standards and the state curriculum framework for health education and with any requirements of state and/or federal grant programs in which the district participates.

Intervention/Cessation Services

The district may provide or refer students to counseling, intensive education, and other intervention services to assist in the cessation of tobacco use. Such intervention services shall be provided as an alternative to suspension for tobacco possession.

Program Planning

The district's tobacco-use prevention and intervention program shall be based on an assessment of tobacco-use problems in district schools and the community, an examination of existing services and activities in the community, and a determination of high-risk student populations that are most in need of district services.

The Superintendent or designee shall coordinate with the local health department and county office of education in program planning and implementation. He/she may establish an advisory council including students,

parents/guardians, district staff, representatives of the local health department and community organizations, law enforcement professionals, and/or others with demonstrated expertise in tobacco prevention and cessation.

The Superintendent or designee also shall coordinate the district's tobacco-use prevention and intervention program with other district efforts to reduce students' use of illegal substances and to promote student wellness.

The Superintendent or designee shall select tobacco-use prevention programs based on the model program designs identified by the California Department of Education (CDE) and may adapt the model to meet district needs. (Health and Safety Code 104420)

The Superintendent or designee shall not accept for distribution any materials or advertisements that promote the use or sale of tobacco products. He/she also shall not accept tobacco-use prevention or intervention funds or materials from the tobacco industry or from any entity which is known to have received funding from the tobacco industry.

Program Evaluation

To evaluate the effectiveness of the district's program and ensure accountability, the Superintendent or designee shall biennially administer the California Healthy Kids Survey or other appropriate student survey at selected grade levels in order to assess student attitudes toward tobacco and student use of tobacco. He/she also shall annually report to the Board, and to the CDE if required, the data specified in Health and Safety Code 104450.

The results of program evaluations shall be used to refine program goals and objectives and make changes as needed to strengthen program implementation.

Regulation 5131.62: Tobacco

Status: DRAFT

Original Adopted Date: 07/01/2005 **| Last Revised Date:** 07/01/2009

Tobacco-Use Prevention Education Program

The district's tobacco-use prevention program shall provide students in grades 6-12 instruction which addresses the following topics: (Health and Safety Code 104420)

1. Immediate and long-term undesirable physiologic, cosmetic, and social consequences of tobacco use
2. Reasons that adolescents say they smoke or use tobacco
3. Peer norms and social influences that promote tobacco use
4. Refusal skills for resisting social influences that promote tobacco use

As appropriate, the district shall provide or refer students in grades 7-12 to tobacco-use intervention and cessation activities. (Health and Safety Code 104420)

These services shall be directed toward current users and shall be voluntary for students who desire assistance in ceasing the use of tobacco.

In addition to targeting students who currently use tobacco, the district's program shall target students most at risk for beginning to use tobacco as identified through a local needs assessment.

The district shall provide or refer every pregnant and parenting minor enrolled in the district to tobacco-use prevention services. Such services may be integrated with existing programs for pregnant and parenting minors and shall include: (Health and Safety Code 104460)

1. Referral to perinatal and related support services
2. Outreach services and assessment of smoking status
3. Individualized counseling and advocacy services
4. Motivational messages
5. Cessation services, if appropriate
6. Incentives to maintain a healthy lifestyle
7. Follow-up assessment
8. Maintenance and relapse prevention services

Policy 5131.63: Steroids

Status: DRAFT

Original Adopted Date: 10/01/1996 **| Last Revised Date:** 03/01/2006

The Board of Trustees recognizes that the use of steroids and other performance-enhancing supplements presents a serious health and safety hazard. As part of the district's drug prevention and intervention efforts, the Superintendent or designee and staff shall make reasonable efforts to prevent students from using steroids or other performance-enhancing supplements.

Students in grades 6-8 mayreceive a lesson on the effects of steroids as part of their health, physical education, or drug education program.

Regulation 5131.63: Steroids

Status: DRAFT

Original Adopted Date: 10/01/1996 **| Last Revised Date:** 03/01/2006

The district shall not accept a sponsorship from any manufacturer or distributor whose name appears on the label of a dietary supplement that contains substances banned by the U.S. Anti-Doping Agency and the substance synephrine. Such supplements shall not be sold, distributed, or marketed at a school-related event. (Education Code 49031)

Marketing includes, but is not limited to, direct product advertising, provision of educational materials, product promotion by a district employee or volunteer, product placement, clothing or equipment giveaways, or scholarships. Marketing shall not include the inadvertent display of a product name or advertising by a person who is not a manufacturer or distributor. (Education Code 49031)

Policy 5131.7: Weapons And Dangerous Instruments

Status: DRAFT

Original Adopted Date: 03/01/2008 **| Last Revised Date:** 12/01/2022

The Board of Trustees recognizes that students and staff have the right to a safe and secure campus free from physical and psychological harm and desires to protect them from the dangers presented by firearms and other weapons.

Possession of Weapons

The Board prohibits any student from possessing weapons, imitation firearms, or other dangerous instruments, as defined in law and administrative regulation, in school buildings, on school grounds, when using district provided transportation, at school-related or school-sponsored activities away from school, or while going to or coming from school.

If a student is in possession of a prohibited weapon, imitation firearm, or dangerous instrument which creates a threat or perceived threat of a homicidal act, any employee or other school official who is alerted to or observes such threat shall immediately report the threat to law enforcement.

Under the power granted to the Board to protect the safety of students, staff, and others on district property and to maintain order and discipline in the schools, any school employee is authorized to confiscate any prohibited weapon, imitation firearm, or dangerous instrument from any student on school grounds.

The principal or designee shall notify law enforcement authorities when any student possesses a firearm, explosive, or other prohibited weapon or dangerous instrument without permission, sells or furnishes a firearm, or commits any act of assault with a firearm or other weapon. (Education Code 48902; Penal Code 245, 626.9, 626.10; 20 USC 7961)

Unless a student has obtained prior written permission as specified below, a student possessing or threatening others with any weapon, dangerous instrument, or imitation firearm shall be subject to suspension and/or expulsion in accordance with law, Board policy, and administrative regulations.

All staff shall be made aware of their responsibilities regarding the reporting of potential homicidal acts to law enforcement, and receive training in the assessment and reporting of such threats.

Advance Permission for Possession of a Weapon for Educational Purposes

The parent/guardian of a student who desires to possess a firearm, imitation firearm, or other prohibited weapon on school grounds for an educational purpose shall submit a written request to the principal, at least five school days in advance of the planned possession which explains the planned use of the weapon and the duration, together with a written explanation from the staff person responsible for the school-sponsored activity or class.

The principal may grant permission for such possession when it is determined that possession of a firearm, imitation firearm, or other prohibited weapon on school grounds is necessary for a school-sponsored activity or class or as part of the educational program. Factors that shall be considered include, but are not limited to, the planned use of the weapon, the duration and location of the planned use, whether an audience is expected, and any perceived adverse effects to the safety and well-being of students or staff. If the principal grants such permission, the student and staff person shall be provided with a written explanation regarding any limitations and the permissible duration of the student's possession.

When the principal or designee grants permission, all necessary precautions shall be taken to ensure the safety of all persons on school grounds and the safe keeping of the weapon, including, but not limited to, inspecting a firearm to verify that no live ammunition is present. Any permitted weapon shall be stored in a locked vehicle or in an appropriate, locked container before and after its authorized use.

Any student granted permission to possess a weapon may be suspended and/or expelled if the weapon is possessed or used inappropriately.

Reporting of Dangerous Objects

The Board encourages students to promptly report the presence of weapons, injurious objects, or other suspicious activity to school authorities. The identity of a student who reports such activity shall remain confidential to the extent permitted by law.

The Superintendent or designee shall develop strategies designed to facilitate student reporting of the presence of injurious objects on school grounds, such as tip hotlines, electronic transmissions, or other methods that preserve the student's anonymity. Incident reports and records shall not identify the student who reported the possession. The Superintendent or designee shall also inform staff, students, and parents/guardians that students who report the presence of injurious objects on school campuses are to be protected and their identity shielded.

Regulation 5131.7: Weapons And Dangerous Instruments

Status: DRAFT

Original Adopted Date: 07/01/2001 **| Last Revised Date:** 12/01/2022

Prohibited weapons and dangerous instruments include, but are not limited to: (Education Code 48915, 49330; Penal Code 626.10, 16100-17360, 30310)

1. Firearms: pistols, revolvers, shotguns, rifles, machineguns, "zip guns," "stun guns," tasers, cane guns, camouflaging firearms, and any other device from which is expelled through a barrel and capable of propelling a projectile by the force of an explosion or other form of combustion

2. Ammunition or reloaded ammunition

3. Knives, razor blades, and box cutters: any dirks, daggers (or concealed dirks or daggers), cane swords, ice picks, or other weapons with a fixed, sharpened blade fitted primarily for stabbing, weapons with a blade fitted primarily for stabbing, weapons with a blade longer than 3-1/2 inches, folding knives with a blade that locks into place, switchblade knives, and razors with an unguarded blade

4. Explosive and/or incendiary devices: pipe bombs, time bombs, rockets or rocket propelled projectile launchers, cap guns, bullets containing or carrying an explosive agent, containers of inflammable fluids, and other hazardous devices or concealed explosive substances

5. Any instrument that expels a metallic projectile, such as a BB or a pellet, through the force of air pressure, carbon dioxide pressure, or spring action, or any spot marker gun

6. Any other dangerous device, instrument, or weapon, including those defined in Penal Code 16000-34370, including a blackjack, slingshot, billy, nunchaku, sandclub, sandbag, metal knuckles, or any metal plate with three or more radiating points with one or more sharp edges designed for use as a weapon

7. Any imitation firearm, defined as a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm

Any employee may take any weapon or dangerous instrument from the personal possession of a student while the student is on school premises or under the authority of the district. (Education Code 49331, 49332)

In determining whether to take possession of the weapon or dangerous instrument, the employee shall use the employee's own judgment as to the dangerousness of the situation and, based upon this analysis, shall take one of the following actions:

1. Confiscate the object and deliver it to the principal immediately

2. Immediately notify the principal, who shall take appropriate action

3. Immediately notify the local law enforcement agency and the principal

When informing the principal about the possession of a weapon or dangerous instrument, the employee shall report the name(s) of persons involved, witnesses, location, and the circumstances of the possession.

The principal shall report any possession of a weapon or dangerous instrument to the student's parents/guardians by telephone or in person, and shall follow this notification with a letter.

The employee shall retain possession of the instrument until the risk of its use as a weapon has dissipated or, upon the request of the student's parent/guardian, until the parent/guardian appears and personally takes possession. (Education Code 49331, 49332)

Policy 5131.8: Mobile Communication Devices

Status: DRAFT

Original Adopted Date: 10/01/2019 **| Last Revised Date:** 03/01/2025

The Board of Trustees recognizes that student use of smartphones and other mobile communication devices on campus may be beneficial to student learning and well-being, and could be harmful and disruptive of the instructional program in some circumstances. When on campus or when under the supervision of district employees, students may use smartphones and other mobile communication devices only as permitted under this policy.

Students shall not use smartphones or other mobile communication devices while at a school site or under the supervision and control of a district employee.

However, a student shall not be prohibited from possessing or using a mobile communication device under any of the following circumstances: (Education Code 48901.5, 48901.7)

1. In the case of an emergency, or in response to a perceived threat of danger
2. When a teacher or administrator grants permission to the student to possess or use a mobile communication device, subject to any reasonable limitation imposed by that teacher or administrator
3. When a licensed physician or surgeon determines that the possession or use is necessary for the student's health and well-being
4. When the possession or use is required by the student's individualized education program

The Superintendent or designee may undertake measures or strategies in accordance with law, to limit student access to smartphones and other mobile communication devices on campus. (Education Code 48901.7)

Smartphones and other mobile communication devices shall not be used in any manner which infringes on the privacy rights of any other person.

A student's personal electronic device shall not be searched without the consent of the student's parent/guardian, except pursuant to a lawfully issued warrant, when a school official, in good faith, believes that an emergency involving danger of death or serious physical injury to the student or others requires access to the electronic device information, or when the search is otherwise permitted pursuant to Penal Code 1546.1.

When a student uses a mobile communication device in an unauthorized manner while at a school site or under the supervision and control of a district employee, the student may be disciplined and the district employee may temporarily confiscate the device. The employee shall store the device securely until it is returned to the student or turned over to the principal or designee, as appropriate.

A student may also be subject to discipline, in accordance with law, Board policy, or administrative regulation, for off-campus use of a mobile communication device which poses a threat or danger to the safety of students, staff, or district property or substantially disrupts school activities.

The district will not be responsible or liable for a student's mobile communication device which is brought on campus or to a school activity and is lost, stolen, or damaged.

The Board shall review and, as necessary, update this policy at least once every five years. Any such review or update may include stakeholder participation to gather data about the unique needs and desires of the school community.

Policy 5131.9: Academic Honesty

Status: DRAFT

Original Adopted Date: 06/01/1987 **| Last Revised Date:** 09/01/2023

The Board of Trustees believes that academic honesty and personal integrity are fundamental components of a student's education and character development. The Board expects that students will not cheat, lie, plagiarize, and/or commit other acts of academic dishonesty.

Students, parents/guardians, staff, and administrators shall be responsible for creating and maintaining a positive school climate that encourages honesty. Students found to have committed an act of academic dishonesty shall be subject to district and school-site discipline rules.

The Superintendent or designee may establish a committee comprised of students, parents/guardians, staff, administrators, and members of the public to develop standards of academic honesty, measures of preventing dishonesty, and specific consequences for acts of dishonesty. Any recommendations for discipline shall be incorporated into the school's site-level discipline rules.

Prohibited and Permitted Technology Use

As the district's standards for academic achievement are designed to challenge all students to reach their full potential in acquiring the knowledge and skills needed for success in postsecondary education, employment, and responsible citizenship, any use of technology that prevents or inhibits a student from achieving these standards is prohibited. Prohibited uses include, but are not limited to, using technology primarily or solely for the completion of coursework as a student's original work and generating answers to mathematical, scientific, or analytical problems.

Permitted uses of technology include, but are not limited to, conducting research, correcting grammar and spelling, and learning from educational applications such as tutoring systems and language learning applications.

Additionally, consistent with the limitations expressed in this policy and with teacher consent, students may also use technology to assist with assessments, homework, and/or makeup work or other uses approved by the teacher.

However, a student with a disability shall be permitted to use technology for any purpose identified in the student's individualized education program as a tool to support the student's learning.

If an employee suspects that a student has used technology in violation of this policy, the student shall be given the opportunity to demonstrate that the use of technology was in accordance with this policy.

Any information acquired from an employee's use of technology in determining whether a student has committed an act of academic dishonesty shall be shared with the student, and the student's parent/guardian as appropriate.

The Superintendent or designee may provide training to staff regarding the use of technology to improve education, including the detection of plagiarism and sensitivity to potential discrimination from algorithmic bias.

Policy 5132: Dress And Grooming

Status: DRAFT

Original Adopted Date: 10/01/1996 **| Last Revised Date:** 10/01/2019

The Board of Trustees believes our students should give the appropriate attention to personal cleanliness and wear clothes that are suitable for the school activities in which they participate. To promote a positive school climate, contribute to a productive learning environment, and support the safety of our students the Board expects students to ollow the uniform guidelines clothing that is suitable for the school activities in which they participate. Students shall not wear clothing that presents a health or safety hazard or causes a substantial disruption to the educational program.

District and school rules pertaining to student attire shall be included in student handbooks, may be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.

In addition, the dress code shall not discriminate against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists. (Education Code 212.1)

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

School administrators, teachers, and other staff shall be notified of appropriate and equitable enforcement of the dress code.

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Repeated violations or refusal to comply with the district's dress code may result in disciplinary action.

Gang-Related Apparel

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

Uniforms

The Board shall approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. (Education Code 35183)

Regulation 5132: Dress And Grooming

Status: DRAFT

Original Adopted Date: 10/01/1996 **| Last Revised Date:** 05/01/2019

In cooperation with teachers, students, and parents/guardians, the principal or designee may establish school rules governing student dress and grooming which are consistent with law, Board policy, and administrative regulations. These school dress codes shall be regularly reviewed.

The following guidelines shall apply to all regular school activities:

1. Clothing, jewelry, and personal items shall be free of writing, pictures, or any other insignia which is vulgar, lewd, obscene, profane, or sexually suggestive or which promotes the use of alcohol, drugs, tobacco, or other illegal activity.

2. Appropriate shoes must be worn at all times.

3. Hats, caps, and other head coverings shall not be worn indoors and must be plain black, white, gray or any combination of those colors and the official school logo or mascot are accepted. Other logos or mascots are not acceptable.

4. Clothes shall be sufficient to conceal undergarments at all times. See-through or fish-net fabrics, halter tops, off-the-shoulder or low-cut tops, bare midriffs and skirts or shorts shorter than mid-thigh are prohibited.

The dress code shall be modified as appropriate to accommodate a student's religious or cultural observance, health condition, or other circumstance deemed necessary by the principal or designee. In addition, the principal or designee may impose dress requirements to accommodate the needs of special school activities, physical education classes, athletic activities, and other extracurricular and cocurricular activities.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

Students shall be allowed to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5)

Gang-Related Apparel

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff, and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received. As necessary, the school shall collaborate with law enforcement agencies to update definitions of gang-related apparel.

Uniforms

In districts that require a schoolwide uniform, the principal, staff, and parents/guardians of each school shall jointly select the specific uniform to be worn. (Education Code 35183)

At least six months before a school uniform policy is implemented, the principal or designee shall notify parents/guardians of this policy. (Education Code 35183)

Parents/guardians shall also be informed of their right to have their child exempted.

The Superintendent or designee shall establish criteria for determining student eligibility for financial assistance when purchasing uniforms.

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

Policy 5136: Gangs

Status: DRAFT

Original Adopted Date: 10/01/1995 **| Last Revised Date:** 07/01/2019

The Board of Trustees desires to keep district schools free from the threats or harmful influence of any groups who exhibit behavior disruptive to the school environment and/or the safety and well-being of students. The Board additionally desires to provide support and intervention to students who are members of gangs to enable them to successfully disengage from gang involvement and be successful in school.

Gang violence prevention shall start as early as possible and include, but not be limited to, age-appropriate education that focuses on developing emotional and social competence, increasing prosocial peer bonds, strengthening attachment and commitment to school, and enhancing cooperative learning skills. Prevention shall also include improving parent/guardian involvement in and support for their children's academic progress, as well as ongoing gang awareness education for parents/guardians, including gang identifiers.

The Superintendent or designee shall take steps to deter gang activity on school campuses, including threats and intimidation of students and staff, recruitment or intimidation of students to join gangs, bullying, fighting, criminal activities, and confrontations between members of different gangs.

The Superintendent or designee shall ensure that school rules of conduct and any school dress code prohibiting gang-related apparel are enforced consistently. If a student exhibits signs of gang affiliation, staff shall so inform the principal or designee and the student's parent/guardian.

The Superintendent or designee shall provide in-service training which helps staff to identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior. Staff shall be informed about conflict management techniques and alerted to intervention measures and community resources. The Superintendent or designee shall also provide staff development on social and emotional learning, classroom management, interactive teaching, and cooperative learning skills.

The Superintendent or designee may consider gang activity prevention and intervention when developing programs outside of the school day.

The Superintendent or designee shall collaborate with child welfare services, mental health agencies, social services, and local law enforcement authorities in the prevention and intervention of gang activity.

Regulation 5136: Gangs

Status: DRAFT

Original Adopted Date: 10/01/1995 **| Last Revised Date:** 07/01/2019

Prevention, Intervention, and Suppression Measures

The Superintendent or designee shall become informed of the gang history in the district and community, conduct assessments of current gang activity at the school sites, and document and follow up on gang-related incidents.

In order to discourage the influence of gangs, the following measures shall be implemented:

1. Any student suspected of gang affiliation based on the display of behavior, gestures, apparel, or paraphernalia shall be referred to the principal or designee, and the following actions taken, as appropriate:

    a. The student's parent/guardian shall be contacted and may be asked to meet with school staff in order to proactively address the concern and be included as part of the solution.

    b. The student may be sent home to change clothes if necessary.

    c. The student's behaviors and progress in school shall be documented, including attendance and grades.

    d. Intervention techniques such as mentoring, academic support, and a system of wraparound support service shall be implemented to help the student disengage from gang involvement.

    e. Consistent and graduated discipline and accountability shall be implemented when appropriate and combined with positive support using conflict-resolution strategies and other restorative justice practices demonstrated to be effective with gang-involved youth.

    f. Students shall be offered help in rejecting gang associations, including possible referral to community-based gang suppression and prevention organizations.

    g. Law enforcement shall be notified if the student is suspected of being involved in gangs.

2. Any graffiti on school premises shall be removed, washed down, or painted over as soon as discovered. Graffiti shall be documented and photographed before it is removed. These photographs shall be shared with local law enforcement authorities and used in future disciplinary or criminal action against the offenders. This information can also be used to determine whether a threat or incident is imminent.

3. Classroom and after-school programs may include gang prevention lessons that are taught jointly by teachers, counselors, law enforcement, and/or other organizations that are knowledgeable about gang prevention and shall:

    a. Provide social and emotional learning designed to enhance individual self-esteem, provide positive reinforcement for acceptable behavior, and foster interest in a variety of constructive activities

    b. Explain the dangers of gang membership

    c. Provide counseling for targeted at-risk students

    d. Include lessons or role-playing workshops in gang avoidance skills and nonviolent conflict resolution, including communication skills, anti-bullying, anger management, acceptance, and mediation skills

    e. Assign individual gang members to cooperative learning groups in which they may work toward common goals with students who are not members of their gang

    f. Provide positive interaction with local law enforcement

4. Staff shall actively promote membership in authorized school clubs and student organizations, sports and cultural activities and affiliations with the local community, and community service projects which can provide students companionship, safety, and a sense of purpose and belonging.

Parent/Guardian and Community Outreach

The Superintendent or designee may offer gang prevention classes or counseling for parents/guardians which may address the following topics:

1. The reasons students join gangs
2. The dangers and consequences of gang membership
3. Warning signs which may indicate that students are at risk of becoming involved with gangs, including the use of social media for gang communication and promotion
4. The nature of local gang apparel and graffiti
5. Effective parenting techniques and planning family time
6. Conflict resolution techniques

In addition, the Superintendent or designee may offer community programs that address the scope and nature of local gang problems and strategies by which each segment of the community may alleviate gang problems.

Policy 5137: Positive School Climate

Status: DRAFT

Original Adopted Date: 03/01/1993 **| Last Revised Date:** 03/01/2008

The Board of Trustees desires to enhance student learning by providing an orderly, caring, and nurturing educational and social environment in which all students can feel safe and take pride in their school and their achievements. The school environment should be characterized by positive interpersonal relationships among students and between students and staff.

All staff are expected to serve as role models for students by demonstrating positive, professional attitudes, cultural sensitivity, cultural humility, and respect toward each student and other staff members. Teachers shall use effective trauma informed and restorative classroom management techniques based on clear expectations for student behavior.

Staff shall consistently enforce Board policies and regulations which establish rules for appropriate student conduct, including prohibitions against bullying, cyberbullying, racial bullying, harassment of students, hazing, hate violence, other violence or threats of violence against students and staff, and drug, alcohol, and tobacco use.

The district's curriculum shall include age-appropriate character education, which includes, but is not limited to, the principles of equality, human dignity, mutual respect, fairness, honesty, and citizenship. Additionally, the district's curriculum shall include social-emotional learning, which assists students to develop core personal competencies that includes, but is not limited to, self-awareness, self-management, social awareness, relationship skills, and responsible decision making. Teachers are encouraged to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds.

The Superintendent or designee may develop other strategies to enhance students' feelings of connectedness with the schools, such as campus beautification projects, graffiti removal, development of extracurricular activities and after-school programs, pairing of adult mentors with individual students, recognition of student achievement, and encouragement of strong family and community involvement in the schools.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school.

The schools shall promote nonviolent conflict resolution techniques and restorative justice practices in order to encourage attitudes and behaviors that foster harmonious relations. As part of this effort, students shall be taught the skills necessary to reduce violence, including communication skills, anger management, bias reduction, and mediation skills.

Staff shall receive professional development designed to improve classroom management, conflict resolution techniques, relationship and rapport-building skills, and communications with students and parents/guardians including persons of diverse backgrounds.

Policy 5138: Conflict Resolution/Peer Mediation

Status: DRAFT

Original Adopted Date: 07/01/1999

To promote student safety and contribute to the maintenance of a positive school climate, the Board of Trustees encourages the development of school-based conflict resolution programs designed to help students learn constructive ways of handling conflict. The Board believes that such programs can reduce violence and promote communication, personal responsibility and problem-solving skills among students.

Restorative justice strategies shall be considered as part of each school's comprehensive safety plan and incorporated into other district discipline procedures as appropriate. Conflict resolution programs shall not supplant the authority of staff to take appropriate action as necessary to prevent violence, ensure student safety, maintain order in the school, and institute non-exclusionary disciplinary measures.

Schoolwide programs may include curriculum in restorative justices or conflict resolution, including, but not limited to, instruction in effective communication and listening, critical thinking, problem-solving processes and the use of negotiation to find mutually acceptable solutions. In addition, the curriculum may address students' ethical and social development, respect for diversity, and interpersonal and behavioral skills.

Restorative justice or Conflict resolution programs may incorporate peer mediation strategies in which selected students are specially trained to work with their peers in resolving conflicts.

Students' participation in any peer mediation program shall be voluntary and kept confidential by all parties involved.

In developing a restorative justice, conflict resolution and/or peer mediation program, school-site teams shall address, as appropriate:

1. The grade levels and courses in which the conflict resolution curriculum shall be delivered
2. Staff development related to the implementation of the curriculum and modeling of appropriate behaviors and communication skills
3. The selection of peer mediators involving, to the extent possible, a cross-section of students in terms of grade, gender, race, ethnicity, and socioeconomic status, and including some students who exhibit negative leadership among peers
4. Training and support for peer mediators, including training in mediation processes and in the skills related to understanding conflict, communicating effectively and listening
5. The process for identifying and referring students to the peer mediation program
6. The types of conflicts suitable for peer mediation
7. Scheduling and location of peer mediation sessions
8. Methods of obtaining and recording agreement from all disputants
9. The appropriate involvement of parents/guardians, the community and staff, including counseling/guidance and security staff
10. Communications to students, parents/guardians and staff regarding the availability of the program
11. Methods of following up with students to determine the effectiveness of the process
12. Development of assessment tools to periodically evaluate the success of the program including, but not limited to, measurements of whether there has been a reduction in discipline referrals or suspensions at the school and whether the school's suspension rates have fallen since the program was introduced

Policy 5141: Health Care And Emergencies

Status: DRAFT

Original Adopted Date: 03/01/2005 **| Last Revised Date:** 12/01/2015

The Board of Trustees recognizes the importance of taking appropriate action whenever an emergency threatens the safety, health, or welfare of a student at school or during school-sponsored activities.

The Superintendent or designee shall develop procedures to ensure that first aid and/or medical attention is provided as quickly as possible when accidents and injuries to students occur and that parents/guardians are notified as appropriate.

The Superintendent or designee shall ask parents/guardians to provide emergency contact information in order to facilitate communication in the event of an accident or illness.

District staff shall appropriately report and document student accidents.

"Do Not Resuscitate" Orders

The Board believes that staff members should not be placed in the position of determining whether or not to follow any parental or medical "do not resuscitate" orders. Staff shall not accept or follow any such orders except under the specific written direction of the Superintendent or designee. The Superintendent or designee may only direct a staff member to follow a "do not resuscitate" order if he/she has received a written parent/guardian authorization, with an authorized health care provider statement, and an order of an appropriate court.

The Superintendent or designee shall ensure that parents/guardians who have submitted a "do not resuscitate" order are informed of this policy.

Automated External Defibrillators

The Board authorizes the Superintendent or designee to place automated external defibrillators (AEDs) at designated school sites for use by school employees in an emergency.

The Superintendent or designee shall develop guidelines for employees regarding these devices and shall ensure that employees receive information that describes sudden cardiac arrest, the school's emergency response plan, and the proper use of an AED. The guidelines shall also specify the placement, security, and maintenance of the AED.

The authorization of AEDs in district schools shall not be deemed to create a guarantee that an AED will be present or will be used in the case of an emergency, or that a trained employee will be present and/or able to use an AED in an emergency, or that the AED will operate properly.

Regulation 5141: Health Care And Emergencies

Status: DRAFT

Original Adopted Date: 11/01/2005 **| Last Revised Date:** 12/01/2015

Emergency Contact Information

In order to facilitate contact in case of an emergency or accident, the principal or designee shall annually request that parents/guardians provide the following information:

1. Home address and telephone number
2. Parent/guardian's business address and telephone number
3. Parent/guardian's cell phone number and email address, if applicable
4. Name, address, and telephone number of an alternative contact person to whom the student may be released and who is authorized by the parent/guardian to care for the student in cases of emergency or when the parent/guardian cannot be reached
5. Local physician to call in case of emergency

In addition, parents/guardians shall be encouraged to notify the school whenever their emergency contact information changes.

Notification/Consent for Medical Treatment

Whenever a student requires emergency or urgent medical treatment while at school or a school-sponsored activity, the principal or designee shall contact the parent/guardian or other person identified on the emergency contact form in order to obtain consent for the medical treatment.

If the student's parent/guardian or other contact person cannot be reached to provide consent, the principal may seek reasonable medical treatment for the student as needed, unless the parent/guardian has previously filed with the district a written objection to any medical treatment other than first aid.

A person who has filed with the district a completed caregiver's authorization affidavit pursuant to Family Code 6550-6552 shall have the right to consent to or refuse school-related medical care on behalf of the minor student. The caregiver's authorization shall be invalid if the district receives notice that the minor student is no longer living with the caregiver or if the Superintendent or designee has actual knowledge of facts contrary to those stated on the affidavit. (Family Code 6550)

The caregiver's consent to medical care shall be superseded by any contravening decision of the parent or other person having legal custody of the student, provided that this contravening decision does not jeopardize the student's life, health, or safety. (Family Code 6550)

Automated External Defibrillators

When an automated external defibrillator (AED) is placed in a district school, the Superintendent or designee shall notify an agent of the local emergency medical services agency of the existence, location, and type of AED acquired. (Health and Safety Code 1797.196, 1797.200)

The Superintendent or designee shall ensure that any AED placed at a district school is maintained and tested according to the operation and maintenance guidelines set forth by the manufacturer. (Health and Safety Code 1797.196)

The Superintendent or designee shall develop a written plan which describes the procedures to be followed in the event of a medical emergency, including an emergency that may involve the use of an AED. These procedures should include, but not be limited to, requirements for immediate notification of the 911 emergency telephone number in the event of an emergency that may involve the use of an AED.

The principal of any district school with an AED shall annually provide information to school employees that describes: (Health and Safety Code 1797.196)

1. Sudden cardiac arrest
2. The school's emergency response plan
3. The proper use of an AED

Instructions on how to use the AED, in no less than 14-point type, shall be posted next to every AED. In addition, school employees shall be notified annually of the location of all AED units on campus. (Health and Safety Code 1797.196)

Each AED shall be checked for readiness at least biannually and after each use. In addition, the Superintendent or designee shall ensure that an inspection is made of all AEDs at least every 90 days for potential issues related to operability of the device, including a blinking light or other obvious defect that may suggest tampering or that another problem has arisen with the functionality of the AED. The Superintendent or designee shall maintain records of these checks. (Health and Safety Code 1797.196)

Policy 5141.21: Administering Medication And Monitoring Health Conditions

Status: DRAFT

Original Adopted Date: 11/01/2011 **| Last Revised Date:** 03/01/2024

The Board of Trustees believes that regular school attendance is critical to student learning and that students who need to take medication prescribed or ordered for them by their authorized health care providers should be able to participate in the educational program.

Any medication prescribed for a student with a disability who is qualified to receive services under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 shall be administered in accordance with the student's individualized education program or Section 504 services plan, as applicable.

For the administration of medication to other students during school or school-related activities, the Superintendent or designee shall develop protocols which shall include options for allowing parents/guardians to administer medication to their child at school, designate other individuals to do so on their behalf, and, with the student's authorized health care provider's approval, request the district's permission for the student to self-administer a medication or self-monitor and/or self-test for a medical condition. Such processes shall be implemented in a manner that preserves campus security, minimizes instructional interruptions, and promotes student safety and privacy.

The Superintendent or designee shall make epinephrine auto-injectors available at each school for providing emergency medical aid to any person suffering, or reasonably believed to be suffering, from an anaphylactic reaction. (Education Code 49414)

In accordance with law, the Superintendent or designee may make naloxone hydrochloride or another opioid antagonist and stock albuterol inhalers available at each school for providing emergency medical aid to any person suffering or reasonably believed to be suffering from opioid overdose or respiratory distress. (Education Code 49414.3, 49414.7)

Because of the conflict between state and federal law regarding the legality of medicinal cannabis, the Board prohibits the administration of medicinal cannabis to students on school grounds by parents/guardians or school personnel.

The Superintendent or designee shall collaborate with city and county emergency responders, including local public health administrators, to design procedures or measures for addressing an emergency such as a public disaster or epidemic.

Administration of Medication by School Personnel

When allowed by law, medication prescribed to a student by an authorized health care provider may be administered by a school nurse or, when a school nurse or other medically licensed person is unavailable and the physician has authorized administration of medication by unlicensed personnel for a particular student, by other designated school personnel with appropriate training. School nurses and other designated school personnel shall administer medications to students in accordance with law, Board policy, administrative regulation, and, as applicable, the written statement provided by the student's parent/guardian and authorized health care provider. Such personnel shall be afforded appropriate liability protection.

The Superintendent or designee shall ensure that school personnel designated to administer any medication receive appropriate training and, as necessary, retraining from qualified medical personnel before any medication is administered. At a minimum, the training shall cover how and when such medication should be administered, the recognition of symptoms and treatment, emergency follow-up procedures, and the proper documentation and storage of medication. Such trained, unlicensed designated school personnel shall be supervised by, and provided with immediate communication access to, a school nurse, physician, or other appropriate individual.

The Superintendent or designee shall maintain documentation of the training and ongoing supervision, as well as annual written verification of competency of other designated school personnel.

Regulation 5141.21: Administering Medication And Monitoring Health Conditions

Status: DRAFT

Original Adopted Date: 12/01/2013 **| Last Revised Date:** 12/01/2023

Definitions

Authorized health care provider means an individual who is licensed by the State of California to prescribe or order medication, including, but not limited to, a physician or physician assistant. (Education Code 49423; 5 CCR 601)

Other designated school personnel means any individual employed by the district, including a nonmedical school employee, who has volunteered or consented to administer medication or otherwise assist the student and who may legally administer the medication to the student or assist the student in the administration of the medication. (5 CCR 601, 621)

Medication may include not only a substance dispensed in the United States by prescription, but also a substance that does not require a prescription, such as over-the-counter remedies, nutritional supplements, and herbal remedies. (5 CCR 601)

Epinephrine auto-injector means a disposable delivery device designed for the automatic injection of a premeasured dose of epinephrine into the human body to prevent or treat a life-threatening allergic reaction. (Education Code 49414)

Anaphylaxis means a potentially life-threatening hypersensitivity to a substance, which may result from an insect sting, food allergy, drug reaction, exercise, or other cause. Symptoms may include shortness of breath, wheezing, difficulty breathing, difficulty talking or swallowing, hives, itching, swelling, shock, or asthma. (Education Code 49414)

Opioid antagonist means naloxone hydrochloride or another drug approved by the federal Food and Drug Administration that, when administered, negates or neutralizes in whole or in part the pharmacological effects of an opioid in the body and that has been approved for the treatment of an opioid overdose. (Education Code 49414.3)

Albuterol means a bronchodilator used to open the airways by relaxing the muscles around the bronchial tubes. (Education Code 49414.7)

Inhaler means a device used for the delivery of prescribed asthma medication that is inhaled. (Education Code 49414.7)

Notifications to Parents/Guardians

At the beginning of each school year, the Superintendent or designee shall notify parents/guardians of the options available to students who need to take prescribed medication during the school day and the rights and responsibilities of parents/guardians regarding those options. (Education Code 49480)

In addition, the Superintendent or designee shall inform the parents/guardians of any student on a continuing medication regimen for a nonepisodic condition of the following: (Education Code 49480)

1. The parent/guardian is required to inform the school nurse or other designated employee of the medication being taken, the current dosage, and the name of the supervising physician.

2. With the parent/guardian's consent, the school nurse or other designated employee may communicate with the student's physician regarding the medication and its effects and may counsel school personnel regarding the possible effects of the medication on the student's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose.

Parent/Guardian Responsibilities

The responsibilities of the parent/guardian of any student who may need medication during the school day shall include, but are not limited to:

1. Submitting the parent/guardian written statement and the authorized health care provider's written statement each school year as described in the sections "Parent/Guardian Statement" and "Health Care Provider

Statement" below. The parent/guardian shall provide a new authorized health care provider's statement if the medication, dosage, frequency of administration, or reason for administration changes. (Education Code 49414.5, 49423, 49423.1; 5 CCR 600, 626)

2. If the student is on a continuing medication regimen for a nonepisodic condition, informing the school nurse or other designated certificated employee of the medication being taken, the current dosage, and the name of the supervising physician, and updating the information when needed. (Education Code 49480)

3. Providing medications in properly labeled, original containers along with the authorized health care provider's instructions. For prescribed or ordered medication, the container also shall bear the name and telephone number of the pharmacy, the student's identification, and the name and phone number of the authorized health care provider. (5 CCR 606)

Parent/Guardian Statement

When district employees are to administer medication to a student, the parent/guardian's written statement shall:

1. Identify the student

2. Grant permission for an authorized district representative to communicate directly with the student's authorized health care provider and pharmacist, as may be necessary, regarding the health care provider's written statement or any other questions that may arise with regard to the medication

3. Contain an acknowledgment that the parent/guardian understands how district employees will administer the medication or otherwise assist the student in its administration

4. Contain an acknowledgment that the parent/guardian understands the responsibilities to provide a written statement from the authorized health care provider, to ensure that the medication is delivered to the school in a proper container by an individual legally authorized to be in possession of the medication, and to provide all necessary supplies and equipment

5. Contain an acknowledgment that the parent/guardian understands the right to terminate the consent for the administration of the medication or for otherwise assisting the student in the administration of medication at any time

In addition to the requirements in Items #1-5 above, if a parent/guardian has requested that the student be allowed to carry and self-administer prescription auto-injectable epinephrine or prescription inhaled asthma medication, the parent/guardian's written statement shall: (Education Code 49423, 49423.1)

1. Consent to the self-administration

2. Release the district and school personnel from civil liability if the student suffers an adverse reaction as a result of self-administering the medication

In addition to the requirements in Items #1-5 above, if a parent/guardian wishes to designate an individual who is not an employee of the district to administer medication to the student, the parent/guardian's written statement shall clearly identify the individual and shall state:

1. The individual's willingness to accept the designation

2. That the individual is permitted to be on the school site

3. Any limitations on the individual's authority

Health Care Provider Statement

When any district employee is to administer prescribed medication to a student, or when a student is to be allowed to carry and self-administer prescribed medication during school hours, the authorized health care provider's written statement shall include:

1. Clear identification of the student (Education Code 49423, 49423.1; 5 CCR 602)

2. The name of the medication (Education Code 49423, 49423.1; 5 CCR 602)

3. The method, amount, and time schedules by which the medication is to be taken (Education Code 49423, 49423.1; 5 CCR 602)

4. If a parent/guardian has requested that the student be allowed to self-administer medication, confirmation that the student is able to self-administer the medication (Education Code 49414.5, 49423, 49423.1; 5 CCR 602)

5. For medication that is to be administered by unlicensed personnel, confirmation by the student's health care provider that the medication may safely and appropriately be administered by unlicensed personnel (Education Code 49423, 49423.1; 5 CCR 602)

6. For medication that is to be administered on an as-needed basis, the specific symptoms that would necessitate administration of the medication, allowable frequency for administration, and indications for referral for medical evaluation

7. Possible side effects of the medication

8. Name, address, telephone number, and signature of the student's authorized health care provider

For self-administration of inhaled asthma medication, the district shall accept a written statement from a physician or surgeon contracted with a health plan licensed pursuant to Health and Safety Code 1351.2. Such written statement shall be in English and Spanish and shall include the name and contact information for the physician or surgeon. (Education Code 49423.1)

District Responsibilities

The Superintendent or designee shall ensure that any unlicensed school personnel authorized to administer medication to a student receives appropriate training from the school nurse or other qualified medical personnel.

The school nurse or other designated school personnel shall:

1. Administer or assist in administering medication in accordance with the authorized health care provider's written statement

2. Accept delivery of medications from parents/guardians and count and record them upon receipt

3. Maintain a list of students needing medication during the school day, including those authorized to self-administer medication, and maintain on the list the type of medication and the times and dosage to be administered

4. Maintain for each student a medication log which may:

    a. Specify the student's name, medication, dose, method of administration, time of administration during the regular school day, date(s) on which the student is required to take the medication, and the authorized health care provider's name and contact information

    b. Contain space for daily recording of the date, time, and amount of medication administered, and the signature of the individual administering the medication

5. Maintain for each student a medication record which may include the authorized health care provider's written statement, the parent/guardian's written statement, the medication log, and any other written documentation related to the administration of medication to the student

6. Ensure that student confidentiality is appropriately maintained

7. Coordinate and, as appropriate, ensure the administration of medication during field trips and other school-related activities

8. Report to a student's parent/guardian and the site administrator any refusal by the student to take the medication

9. Keep all medication to be administered by the district in a locked drawer or cabinet

10. As needed, communicate with a student's authorized health care provider and/or pharmacist regarding the medication and its effects

11. Counsel other designated school personnel regarding the possible effects of a medication on a student's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose

12. Ensure that any unused, discontinued, or outdated medication is returned to the student's parent/guardian at the end of the school year or, if the medication cannot be returned, dispose of it in accordance with state laws and local ordinances

13. In the event of a medical emergency requiring administration of medication, provide immediate medical assistance, directly observe the student following the administration of medication, contact the student's parent/guardian, and determine whether the student should return to class, rest in the school office, or receive further medical assistance

14. Report to the site administrator, the student's parent/guardian, and, if necessary, the student's authorized health care provider any instance when a medication is not administered properly, including administration of the wrong medication or failure to administer the medication in accordance with authorized health care provider's written statement

Emergency Epinephrine Auto-Injectors and Emergency Albuterol Inhalers

The Superintendent or designee shall provide epinephrine auto-injectors to school nurses or other trained personnel who have volunteered to administer them in an emergency and have received training. The school nurse, or when a school nurse or physician is unavailable, a trained volunteer may administer an epinephrine auto-injector to provide emergency medical aid to any person suffering, or reasonably believed to be suffering, from potentially life-threatening symptoms of anaphylaxis at school or a school activity. A trained volunteer may include the holder of an Activity Supervisor Clearance Certificate who has received specified training. (Education Code 49414)

Additionally, the Superintendent or designee may make emergency stock albuterol inhalers available to school nurses and trained personnel who have volunteered to be used to provide medical aid to person(s) suffering, or reasonably believed to be suffering, from respiratory distress. (Education Code 49414.7)

At least once per school year, the Superintendent or designee shall distribute to all employees a notice requesting volunteers to be trained to administer epinephrine auto-injectors and/or stock albuterol inhalers for emergency aid to individuals exhibiting signs of anaphylaxis reaction or respiratory distress. Such notice shall also describe the training that the volunteers will receive. (Education Code 49414, 49414.7)

The principal or designee at each school may designate one or more volunteers to receive initial and annual refresher training, which shall be provided by a school nurse or other qualified person designated by a physician and surgeon authorized pursuant to Education Code 49414 or 49414.7, and shall be based on the standards developed by the Superintendent of Public Instruction (SPI). Written materials covering the required topics for training shall be retained by the school for reference. (Education Code 49414, 49414.7

A school nurse or other qualified supervisor of health, or a district administrator if the district does not have a qualified supervisor of health, shall obtain a prescription for epinephrine auto-injectors or stock albuterol inhalers for each school from an authorized physician and surgeon. Such prescription may be filled by local or mail order pharmacies or manufacturers. (Education Code 49414, 49414.7)

Elementary schools shall, at a minimum, be provided one adult (regular) and one junior epinephrine auto-injector. Secondary schools shall be provided at least one adult (regular) epinephrine auto-injector, unless there are any students at the school who require a junior epinephrine auto-injector. (Education Code 49414)

The district shall store emergency epinephrine auto-injectors and stock albuterol inhalers in an accessible location, and shall specify such location in annual notices to staff.

If either medication is used, the school nurse or other qualified supervisor of health shall restock the medication as

soon as reasonably possible, but no later than two weeks after it is used. In addition, all medications shall be restocked before their expiration date. (Education Code 49414, 49414.7)

Any volunteer or trained personnel who administers either medication shall initiate emergency medical services or other appropriate medical follow up in accordance with the training materials retained by the school. (Education Code 49414, 49414.7)

Information regarding defense and indemnification provided by the district for any and all civil liability for volunteers administering epinephrine auto-injectors and/or stock albuterol inhalers shall be provided to each volunteer and retained in the employee's personnel file. (Education Code 49414, 49414.7)

A school may accept gifts, grants, and donations from any source for the support of the school in carrying out the requirements of Education Code 49414 or 49414.7, including, but not limited to, the acceptance of epinephrine auto-injectors and/or emergency albuterol inhalers from a manufacturer or wholesaler. (Education Code 49414, 49414.7)

The Superintendent or designee shall maintain records regarding the acquisition and disposition of the described medications for a period of three years from the date the records were created. (Business and Professions Code 4119.2)

Emergency Medication for Opioid Overdose

The district may elect to make emergency naloxone hydrochloride or another opioid antagonist available at schools for the purpose of providing emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose. In determining whether to make this medication available, the Superintendent or designee shall evaluate the emergency medical response time to the school and determine whether initiating emergency medical services is an acceptable alternative to providing an opioid antagonist and training personnel to administer the medication. (Education Code 49414.3)

Additionally, if the district accepts emergency naloxone hydrochloride or another opioid antagonist from the county office of education (COE), the Superintendent or designee shall maintain at least two units of the medication at each district middle, junior high, high, and adult school. (Education Code 49414.8)

When available at the school site, the school nurse shall provide emergency naloxone hydrochloride or another opioid antagonist for emergency medical aid to any person exhibiting potentially life-threatening symptoms of an opioid overdose at school or a school activity. Other designated personnel who have volunteered and have received training may administer such medication when a school nurse or physician is unavailable and shall only administer the medication by nasal spray or auto-injector. (Education Code 49414.3)

At least once per school year, the Superintendent or designee shall distribute to all staff a notice requesting volunteers to be trained to administer naloxone hydrochloride or another opioid antagonist, describing the training that the volunteer will receive, and explaining the right of the volunteer to rescind the offer to volunteer at any time, including after receiving training. The notice shall also include a statement that no benefit will be granted to or withheld from any employee based on the offer to volunteer and that there will be no retaliation against any employee for rescinding the offer to volunteer. (Education Code 49414.3)

The principal or designee shall designate two or more volunteer employees to receive initial and annual refresher training, based on standards adopted by the SPI, regarding the storage and emergency use of naloxone hydrochloride or another opioid antagonist. The training shall be provided at no cost to the employee, conducted during regular working hours, and be provided by a school nurse or other qualified person designated by an authorizing physician and surgeon. Written materials provided during the training shall be retained at the school for reference. (Education Code 49414.3, 49414.8)

Each volunteer shall meet the minimum standards of training for the administration of an emergency opioid antagonist as specified in Education Code 49414.3 or shall have undergone opioid overdose prevention and treatment training and reviewed material available on the California Department of Public Health's website. (Education Code 49414.8)

Any prescription for naloxone hydrochloride or another opioid antagonist shall be obtained by a school nurse, other qualified supervisor of health, or, if the district does not have a qualified supervisor of health, a district administrator from an authorized physician and surgeon. Such prescription may be filled by local or mail order pharmacies or

manufacturers. (Education Code 49414.3)

If the medication is used, the school nurse, other qualified supervisor of health, or district administrator, as applicable, shall restock the medication as soon as reasonably possible, but no later than two weeks after it is used. In addition, the medication shall be restocked before its expiration date. (Education Code 49414.3, 49414.8)

Employees and volunteers that render emergency treatment at the scene of an opioid overdose or suspected opioid overdose by administering an opioid antagonist shall not be liable for civil damages resulting from an act or omission, unless such act constitutes gross negligence or willful or wanton misconduct. (Health and Safety Code 1799.113)

Information regarding defense and indemnification provided by the district for any and all civil liability for volunteers administering naloxone hydrochloride or another opioid antagonist for emergency aid shall be provided to each volunteer in writing and retained in the employee's personnel file. (Education Code 49414.3)

A school may accept gifts, grants, and donations from any source for the support of the school in carrying out the requirements of Education Code 49414.3, including, but not limited to, the acceptance of the naloxone hydrochloride or another opioid antagonist from a COE, manufacturer, or wholesaler. (Education Code 49414.3)

The Superintendent or designee shall maintain records regarding the acquisition and disposition of naloxone hydrochloride or another opioid antagonist for a period of three years from the date the records were created. (Business and Professions Code 4119.8)

Anti-Seizure Medication

A school nurse or, if a school nurse is not onsite or available, a volunteer designated by the district may administer emergency anti-seizure medication to a student diagnosed with seizures, a seizure disorder, or epilepsy who has been prescribed such medication from the student's health care provider and is suffering from a seizure. (Education Code 49468.2)

Upon receipt of a request from the parent/guardian of a student diagnosed with seizures, a seizure disorder, or epilepsy who has been prescribed emergency anti-seizure medication, the Superintendent or designee may designate one or more volunteer(s) at the student's school to receive initial and annual refresher training regarding the emergency use of anti-seizure medication. (Education Code 49468.2)

In order to solicit volunteers, the district shall distribute a notice at least once, but no more than two times per school year, to all staff that includes the following information: (Education Code 49468.2)

1. A description of the volunteer request stating that the request is for volunteers to be trained to recognize and respond to seizures, including training to administer emergency anti-seizure medication to a student diagnosed with seizures, a seizure disorder, or epilepsy if the student is suffering from a seizure

2. A description of the training that the volunteer will receive

3. The right of an employee to rescind the offer to volunteer

4. A statement that there will be no retaliation against any individual for rescinding the offer to volunteer, including after receiving training

A volunteer may rescind the offer to administer emergency anti-seizure medication at any time, including after receipt of training. (Education Code 49468.2)

If a volunteer rescinds the offer to volunteer or is no longer able to act as a volunteer for any reason, or if the placement of a student changes and the student no longer has access to a trained volunteer, the district may distribute an additional two notices per school year to all staff. (Education Code 49468.2)

Volunteer employees shall receive initial and annual refresher training, based on standards adopted by the SPI, regarding the recognition and response to seizures and the administration of emergency anti-seizure medication. The training shall be provided at no cost to the employee, conducted during regular working hours, and be provided by a school nurse or other qualified person designated by an authorizing physician and surgeon. Written materials provided during the training shall be retained at the school for reference. (Education Code 49468.2)

Before administering emergency anti-seizure medication or therapy prescribed to treat seizures in a student diagnosed with seizures, a seizure disorder, or epilepsy, the district shall obtain from the student's parent/guardian a seizure action plan as specified in Education Code 49468.3. The school or district nurse shall collaborate with the parent/guardian of each student diagnosed with seizures, a seizure disorder, or epilepsy in the development of a plan if the student does not have an individualized education plan or Section 504 plan. (Education Code 49468.3)

If the school obtains written consent from the student's parent/guardian, in accordance with 34 CFR 99.30, the seizure action plan shall be distributed to any school staff or volunteers responsible for the supervision or care of the student. (Education Code 49468.3)

Upon receipt of a request from a parent/guardian of a student diagnosed with seizure, a seizure disorder, or epilepsy, the district shall notify the parent/guardian that the student may qualify for services or accommodations pursuant to Section 504 of the federal Rehabilitation Act of 1973 or an individualized education program and shall assist the parent/guardian with the exploration of that option. (Education Code 49468.2)

Additionally, if there are no volunteers at the student's school, the Superintendent or designee shall notify the student's parent/guardian of the student's right to be assessed for services and accommodations guaranteed under Section 504 of the federal Rehabilitation Act of 1973 and the federal Individuals with Disabilities Education Act, and may ask the parent/guardian to sign such notices. (Education Code 49468.2)

The principal or designee shall notify the school nurse assigned to the school, or if a school nurse is not assigned to the school or district, the Superintendent or designee, if an employee administers an emergency anti-seizure medication. (Education Code 49468.3)

The notification described above and the seizure action plan shall be kept on file in the office of the school nurse or a school administrator, in compliance with all applicable state and federal privacy laws. (Education Code 49468.3)

The district shall provide volunteers defense and indemnification for any and all civil liability, with information stating such being provided to the volunteer in writing and retained in the volunteer's personnel file. (Education Code 49468.5)

Trained volunteers who administer emergency anti-seizure medication or medication prescribed for seizure disorder symptoms to a student diagnosed with seizures, a seizure disorder, or epilepsy who appears to be experiencing a seizure shall not be subject to professional review, be liable in a civil action, or be subject to criminal prosecution for acts or omissions in administering the emergency anti-seizure medication. (Education Code 49468.5)

Policy 5141.22: Infectious Diseases

Status: DRAFT

Original Adopted Date: 03/01/1993 **| Last Revised Date:** 07/01/2020

The Board of Trustees desires to protect students from risks posed by exposure to infectious diseases while providing a high-quality education for all students. The Superintendent or designee shall collaborate with local and state health officials to develop and regularly update a comprehensive plan for disease prevention that promotes preventative measures, mitigation, education, communication, and training of students and staff. All measures to limit the spread of infectious diseases shall be nondiscriminatory and ensure that equity is promoted.

The Superintendent or designee shall regularly review resources available from health experts to ensure that district programs and operations are based on the most up-to-date information.

The district's comprehensive health education program shall provide age-appropriate information about the nature and symptoms of communicable diseases, their transmission, and how to help prevent the spread of contagious diseases.

If the local health officer notifies the district of an outbreak of a communicable disease, or the imminent and proximate threat of a communicable disease outbreak or epidemic that threatens the public's health, the district shall take any action that the health officer deems necessary to control the spread of the disease. The district shall comply with all applicable state and federal privacy laws in regard to any such information received from the local health officer. (Health and Safety Code 120175.5)

Students and staff shall observe universal precautions in order to prevent exposure to bloodborne pathogens and to prevent the spread of infectious diseases.

The Superintendent or designee shall inform students of the precautions to be used in cases of exposure to blood or other body fluids through injury, accident, or classroom instruction.

Students with Infectious Diseases

The Superintendent or designee shall exclude students from on-campus instruction only in accordance with law, Board policy, and administrative regulation. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus, and human immunodeficiency virus (HIV) are not casually transmitted, the presence of infectious conditions of this type is not, by itself, sufficient reason to exclude students from attending school.

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize exposure to other diseases in the school setting. If necessary, the Superintendent or designee shall inform the local health official of any potential outbreak. The Superintendent or designee shall ensure that student confidentiality and privacy rights are strictly observed in accordance with law.

Regulation 5141.22: Infectious Diseases

Status: DRAFT

Original Adopted Date: 06/01/1988 **| Last Revised Date:** 07/01/2020

Prevention and Mitigation Plan

The Superintendent or designee shall work with state and local health officials to develop and regularly update a plan to prevent and mitigate the spread of infectious diseases. Components of the plan may include, but are not necessarily limited to:

1. A communication strategy for informing students, parents/guardians, staff, and the community about the disease(s), including symptoms, complications, transmission, and current recommendations from state and local departments of public health

2. Protocols for assessing when campus closures are necessary and when campus(es) may reopen

3. Alternative means of instruction, schedules, and attendance, including the provision of instruction to students with disabilities, English learners, and foster or homeless youth, in the event of campus closures or partial closures

4. Guidelines regarding preventative measures such as social distancing, personal protective equipment, temperature checks, and/or any other health screening allowed by law

5. Protocols regarding the acquisition and provision of personal protective equipment and other supplies

6. Procedures for the cancellation or alteration of extracurricular activities and field trips

7. Protocols for transportation of students using district vehicles

8. Information on effective hygiene practices

9. Provisions for continuing free and reduced-price meal services

10. Processes for protecting students who are at higher risk from the disease

11. Programs that enhance a positive school climate and foster the emotional well-being of all students

12. Guidelines for cleaning and sanitization of district facilities and equipment

13. Protocols for visitors and outside groups that utilize district facilities

14. Staff training

The Superintendent or designee shall immediately report to the local health officer the presence or suspected presence of any communicable disease. (17 CCR 2508)

Universal Precautions in the Classroom

Before students work with blood, blood products, or other body fluids, the teacher shall explain the potentially hazardous nature of blood and body fluids in the transmission of various agents from one person to another and the specific procedures and safety precautions to be used in the lesson.

The following precautions shall be used when students are working with blood or other body fluids:

1. Before and after exposure to blood or other body fluids, students shall wash their hands with soap and water and cover any existing cut, wound, or open sore with a sterile dressing.

2. Students shall wear gloves or other personal protective equipment as appropriate.

3. Blood typing or similar experiments may be conducted by teacher demonstrations. When being performed individually, students shall work with their own blood or use prepackaged ABO/Rh blood cell kits that have

vials of blood previously tested for transmissible agents.

a. For finger punctures, students shall use individual sterile lancets that have engineered sharps injury protection and shall not reuse them.

b. Before the finger is punctured, it shall be wiped with a piece of cotton that has been immersed in alcohol.

c. If bleeding persists after the finger is punctured, the student shall apply a sterile bandage using moderate pressure.

4. Lancets and any other materials contaminated with blood or body fluids shall be discarded into a solution consisting of one part bleach to 10 parts water (1:10), made fresh daily.

5. At the end of the class, surfaces shall be wiped with alcohol or a solution of one part bleach to 10 parts water.

Policy 5141.23: Asthma Management

Status: DRAFT

Original Adopted Date: 03/01/2008

The Board of Trustees desires to provide support systems for students with asthma in order to reduce school absences, help ensure that such students receive appropriate intervention if symptoms occur at school, and enable them to participate in the educational program and school activities to the extent possible.

The Superintendent or designee shall involve school nurses, other health professionals, school administrators, and health educators in the development of strategies to help provide a healthy and safe school environment for students with asthma. He/she may also involve school health councils or committees and other interested persons to ensure that the district's strategies are coordinated with other school health programs and practices.

District strategies shall include, but not be limited to, procedures for identifying and addressing individual student needs, providing effective professional development on asthma symptoms and staff responsibilities, and identifying and reducing environmental factors at schools that may trigger and/or worsen asthma symptoms.

Regulation 5141.24: Specialized Health Care Services

Status: DRAFT

Original Adopted Date: 06/01/1994 **| Last Revised Date:** 11/01/2007

Definitions

Specialized physical health services means those health services prescribed by the student's licensed physician requiring medically related training for the individual who performs the services and which are necessary during the school day to enable the student to attend school. These services include catheterization, gastric tube feeding, suctioning, or other services that require medically related training. (Education Code 49423.5; 5 CCR 3051.12)

Qualified means the ability to demonstrate competence in cardio-pulmonary resuscitation, current knowledge of community emergency medical resources, and skill in the use of equipment and performance of techniques necessary to provide specialized physical health care services for individuals with disabilities. In addition, for designated school personnel, qualified means trained in the procedures to a level of competence and safety which meets the objectives of the training as provided by the school nurse, public health nurse, licensed physician, or other programs which provide the training. (Education Code 49423.5; 5 CCR 3051.12)

Training means preparation in the appropriate delivery and skillful performance of specialized physical health care services. (5 CCR 3051.12)

Supervision means review, observation, and/or instruction of a designated school person's performance and of physical health care services, but does not necessarily require the immediate presence of the supervisor at all times. (5 CCR 3051.12)

Provision of Services

A student with disabilities who requires specialized health care services during the school day, as identified in his/her individualized education program (IEP), may be assisted by any of the following individuals: (Education Code 49423.5, 56345)

1. Qualified persons who possess an appropriate credential pursuant to Education Code 44267 (service credential with specialization in health), Education Code 44267.5 (service credential with specialization in health for school nurse), or a valid certificate of public health nursing issued by the Board of Registered Nursing

2. Qualified designated school personnel trained in the administration of specialized physical health care if they perform those services under the supervision of a credentialed school nurse, public health nurse, or licensed physician and the services are determined by the credentialed school nurse or licensed physician, in consultation with the physician treating the student, to meet all of the following criteria:

    a. Constitute routine care for the student

    b. Pose little potential harm for the student

    c. Are performed with predictable outcomes, as defined in the student's IEP

    d. Do not require a nursing assessment, interpretation, or decision making by the designated school personnel

Specialized health care or other services that require medically related training shall be provided pursuant to Education Code 49423. (Education Code 49423.5)

Schools shall provide appropriate accommodations for safety and necessary physical care services. The student's personal privacy and dignity shall be assured. (5 CCR 3051.12)

A qualified school nurse, public health nurse, or licensed physician responsible for supervising the physical health care of students with disabilities in the school setting shall: (5 CCR 3051.12)

1. Coordinate the health care services to the students with disabilities on the school site

2. Consult with appropriate personnel regarding management of health care services for students with disabilities

3. Make appropriate referrals and maintain communication with health agencies providing care to students with disabilities

4. Maintain or review licensed physician and parent/guardian requests and daily documentation records

The licensed physician of a student with disabilities who is required to receive physical health care services shall provide a written statement detailing the procedure and time schedule by which such procedures are to be given. In addition, the student's parent/guardian shall provide a written statement indicating his/her desire that the district assist the student in the matters set forth in the physician's statement and granting consent for the delivery of such services. (5 CCR 3051.12)

For each student with disabilities, the district shall maintain the physician and parent/guardian statements, as well as the specific standardized procedures to be used if the services are provided. The district shall also maintain daily documentation of specific services provided and shall include the signatures of the personnel who performed the procedure. This documentation shall be maintained in accordance with the requirements for confidentiality of student records and shall be classified as mandatory interim student records. (5 CCR 3051.12)

Policy 5141.25: Availability Of Condoms

Status: DRAFT

Original Adopted Date: 06/01/1992 **| Last Revised Date:** 07/01/2002

The Board of Trustees strongly encourages students to abstain from sexual activity. However, the Board also believes it has a responsibility to take steps to prevent pregnancy among minors, Human Immunodeficiency Virus (HIV) infection and Acquired Immune Deficiency Syndrome (AIDS), and other sexually transmitted diseases among students who do not abstain from sexual activity.

Condoms, when properly used, can reduce the incidence of pregnancy and transmission of HIV/AIDS and other sexually transmitted diseases. The Board therefore finds it appropriate for condoms to be available to male and female students at high schools.

Only licensed health care professionals authorized by the Superintendent or designee may provide condoms to individual students.

The Superintendent or designee shall annually notify parents/guardians that they may exclude their children from the program. Parents/guardians who choose to exclude their children shall be offered information and educational materials designed to help them communicate effectively with their children about pregnancy prevention and sexually transmitted diseases.

Condoms shall be provided in their original packaging, along with the manufacturer's instructions. Students shall receive additional information as appropriate and necessary regarding the proper use of condoms and their effectiveness.

Students shall be advised not to engage in unlawful sexual activity and shall receive information explaining that Penal Code 261.5 prohibits a male of any age from having sexual intercourse with a female under 18 to whom he is not married.

Verbal and/or written information shall be available to students obtaining condoms which stresses that abstinence is the only 100% effective method of preventing pregnancy and sexually transmitted diseases and which does not condone or in any way encourage sexual activity among or with minors.

The Superintendent or designee may provide addresses and telephone numbers of resources that provide further information and counseling regarding HIV testing, AIDS and other sexually transmitted diseases, and pregnancy prevention.

The Superintendent or designee shall notify parents/guardians of Board policy regarding the availability of condoms and shall seek parent/guardian involvement in developing plans for implementing this policy.

Regulation 5141.26: Tuberculosis Testing

Status: DRAFT

Original Adopted Date: 03/01/1993 **| Last Revised Date:** 10/01/2019

Any student who is reasonably suspected of having active tuberculosis shall be excluded from attendance at a district school until the student provides evidence of a certificate showing that the student is free of communicable tuberculosis. (Health and Safety Code 121485, 121495, 121505)

Students shall be screened or tested for tuberculosis under the following circumstances:

1. When required by the local health department as part of the comprehensive health screening required for school entry, parents/guardians shall, within 90 days after their child's entry into first grade, provide certification evidencing that their child has been screened for risk of tuberculosis within the preceding 18 months. Such certification shall be on a form approved by the California Department of Health Care Services. (Health and Safety Code 124040, 124085, 124105)

   In lieu of the certificate, parents/guardians may submit a signed waiver indicating that they do not want or are unable to obtain the health screening and evaluation services for their child and, if applicable, the reasons that they are unable to obtain the services. (Health and Safety Code 124085)

2. Whenever ordered by the local health officer for the preservation and protection of public health, students seeking admission for the first time to a district school at any grade level shall submit to tuberculosis testing. Students who are subject to the health officer's order shall be admitted to school as follows:

   a. The Superintendent or designee shall unconditionally admit any student who, prior to admission, submits a certificate signed by any public or private medical provider indicating that the student has completed an approved tuberculosis examination and is free from active tuberculosis. (Health and Safety Code 121485, 121490, 121500; 22 CCR 41305, 41311, 41313)

      The Superintendent or designee shall exempt a student from the requirement to submit a certificate if the student's parent/guardian, or the student if an emancipated minor, provides an affidavit stating that the required examination is contrary to one's personal beliefs. If there is probable cause to believe that such a student has active tuberculosis, the student may be excluded from school until the Superintendent or designee is satisfied that the student is not afflicted. (Health and Safety Code 121505)

   b. A student who has not submitted the certificate or personal beliefs affidavit may be admitted on condition that the student receives an approved tuberculin skin test within 10 school days after admission. A student who has had a positive skin test and has not subsequently obtained a chest x-ray may be admitted on condition that the student receives a chest x-ray within 20 school days after admission. Any student who fails to provide the certificate within those time periods shall be prohibited from further attendance until the certificate is provided. (Health and Safety Code 121495; 22 CCR 41315, 41327)

   c. Whenever the local health officer so orders, a student may be required to complete an additional examination and provide another certificate indicating that the student is free of communicable tuberculosis. (Health and Safety Code 121485)

   d. At the discretion of the local health officer, the district may admit a student without a certificate if the student is undergoing or has already undergone preventive treatment for tuberculosis infection or treatment for tuberculosis disease. (22 CCR 41319)

3. Whenever the Superintendent or designee suspects that a student who has not been examined for tuberculosis either has the disease or has been exposed, the Superintendent or designee shall immediately report by telephone to the local health officer. When required by the local health officer, the district shall exclude the student from school until the student is certified to be free of communicable tuberculosis. (22 CCR 41329)

The Superintendent or designee shall maintain a record of any student's tuberculosis examination as part of the student's mandatory permanent student record. (22 CCR 41323)

The Superintendent or designee shall annually file a report with the local health department on the results of tuberculosis examinations for all new district students required to complete such examinations in accordance with item #2 above, including, but not necessarily limited to, the number of students unconditionally and conditionally admitted and the number of students exempted on the basis of their personal beliefs. (22 CCR 41325)

All district staff shall receive information on how tuberculosis is spread and how it can be prevented and treated.

Policy 5141.27: Food Allergies/Special Dietary Needs

Status: DRAFT

Original Adopted Date: 03/01/2007 **| Last Revised Date:** 08/01/2013

The Board of Trustees desires to prevent students' exposure to foods to which they are allergic or intolerant and to provide for prompt and appropriate treatment in the event that a severe allergic reaction occurs at school.

The Superintendent or designee shall develop guidelines for the care of food-allergic students. Such guidelines shall include, but are not limited to, strategies for identifying students at risk for allergic reactions, avoidance measures, education of staff regarding typical symptoms, and actions to be taken in the event of a severe allergic reaction.

Parents/guardians shall be responsible for notifying the Superintendent or designee, in writing, regarding any food allergies or other special dietary needs of their child in accordance with administrative regulation.

When a student's food allergy or food intolerance substantially limits one or more major life activities, his/her parents/guardians shall be informed of the district's obligation to evaluate the student to determine if he/she requires accommodations pursuant to Section 504 of the federal Rehabilitation Act. The student shall be evaluated in accordance with law and the procedures specified in AR 6164.6 - Identification and Education Under Section 504. If that process results in the development of a Section 504 plan, the district shall provide the accommodations and/or aids and services identified in the plan.

If a student's diet restrictions and needed services are addressed in an individualized education program (IEP), the Superintendent or designee shall ensure compliance with the IEP including any necessary food substitutions.

Students shall not be excluded from school activities nor otherwise discriminated against, harassed, intimidated, or bullied because of their food allergy.

Any complaint of alleged noncompliance with this policy shall be addressed through appropriate district complaint procedures.

The district's food services program may, but is not required to, accommodate individual student preferences or diets that are not supported by a statement from the student's health care provider.

Regulation 5141.27: Food Allergies/Special Dietary Needs

Status: DRAFT

Original Adopted Date: 03/01/2007 | **Last Revised Date:** 12/01/2014

Definitions

Special dietary needs include food intolerances, allergies, and other medical needs that may require avoidance of specific foods.

Food allergies are abnormal responses of the body's immune system to certain foods or ingredients.

Anaphylaxis is a potentially life-threatening hypersensitivity to a substance and may be caused by a food allergy. Symptoms may include shortness of breath, wheezing, difficulty breathing, difficulty talking or swallowing, hives, itching, swelling, shock, or asthma. (Education Code 49414)

Epinephrine auto-injector is a disposable drug delivery system with a spring-activated needle that is designed for emergency administration of epinephrine to provide rapid, convenient first aid for persons suffering a potentially fatal reaction to anaphylaxis. (Education Code 49414)

Notification by Parent/Guardian

The parents/guardians of any student who has a known food allergy or other special dietary need shall notify the Superintendent or designee, in writing, and provide written medical documentation, signed by the student's health care provider, that describes the nature of the student's condition, instructions, and necessary medications. If the student's condition requires food substitutions or modifications in school meals, the written statement shall also describe the specific foods to be restricted and the foods that should be substituted.

Health Plan

Upon receiving notice of a student's food allergy or other special dietary need, the Superintendent or designee shall ensure that a written health plan is developed, in consultation with the student's parents/guardians and health provider, to manage the student's needs while at school or at a school-sponsored activity. The plan shall seek to minimize the student's risk of exposure to the allergen and address actions to be taken if exposure occurs.

As appropriate, the plan may include specific food prohibitions and substitutions, an identification of common school rooms where the student may be exposed, staff responsibilities, information and training to be provided to staff, accommodations and services to facilitate the student's participation in the educational program, and medical/emergency protocols.

When a student with a food allergy or other special dietary need has been identified as disabled pursuant to Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act, necessary accommodations and services shall be identified as part of the student's Section 504 services plan or individualized education program, as appropriate.

Prevention Strategies

To minimize students' exposure to foods to which they are allergic, the Superintendent or designee shall, at a minimum, implement the following preventive measures:

1. Notification to District Staff

   When notified by the parent/guardian that a student has a food allergy, the Superintendent or designee shall inform the student's principal, teacher(s), bus driver, school nurse, coach, and/or any other personnel responsible for supervising the student.

   The principal or designee shall notify substitute staff of the identity of any students with known food allergies and the school's response plan.

2. Food Services

The district's food services program shall make food substitutions in breakfasts, lunches, and after-school meals when students are considered to have a disability under Section 504 that restricts their diet and when a health care provider has signed a statement of need that includes recommended alternate foods. (7 CFR 210.10, 220.8)

Substitutions may be made on a case-by-case basis for students who do not have a disability under Section 504 but who cannot consume the regular breakfast, lunch, or after-school meal because of medical or other special dietary needs, when supported by a statement of need signed by a health care provider. (7 CFR 210.10, 220.8, 225.16)

The district's food services staff shall check food labels or specifications to ensure that foods do not contain traces of substances to which the student is allergic.

Under no circumstances shall food services staff prescribe nutritional requirements or revise a diet order prescribed by a health care provider.

Food substitutions shall not result in any additional cost to the student.

3. Class Parties/School Activities

   Without identifying the student, the principal or teacher may notify parents/guardians of other students in the class that a student is allergic to a specific food and may request that certain foods not be provided at class parties or other school events.

   Whenever the ingredients in any food served at class parties or other school activities are unknown, the student shall be encouraged to avoid the food.

4. Sanitation and Cleaning

   To avoid spreading allergens, cafeteria tables and classroom surfaces shall be cleaned with fresh cloth or disposable paper towels utilizing cleaning products known to effectively remove food proteins, excluding waterless cleaners or instant hand sanitizers that do not involve a wet-wash step. Cross-contact from a sponge or cloth used to clean allergen-containing tabletops shall be avoided.

   Staff shall use and promote hand-washing using soap and water before and after food handling.

   Students shall be notified that exchanging meals or utensils is prohibited.

5. Professional Development

   Schoolwide professional development shall be provided to appropriate staff on the identification and management of food allergies, including avoidance measures, typical symptoms, the proper use of epinephrine auto-injectors, documentation and storage of medication, and emergency drills.

6. Supervision of Students

   When available, staff who are trained and knowledgeable about symptoms of anaphylaxis and actions to take in an emergency shall provide supervision in the classroom and cafeteria, on the playground, and on field trips or other school activities whenever students known to have a food allergy are present.

7. Health Education

   The district's health education curriculum may include instruction on food allergies in order to assist food-allergic students in taking responsibility for monitoring their diet and to teach other students about the dangers of sharing foods or utensils with others.

Emergency Response

Epinephrine auto-injectors or other medicine provided for use in the event of an anaphylactic shock reaction shall be stored and used in accordance with law and BP/AR 5141.21 - Administering Medication and Monitoring Health Conditions.

In addition, staff shall call 911 and seek immediate medical attention for a student experiencing an anaphylactic shock reaction.

As soon as possible, school staff shall contact the student's parents/guardians or other person identified as an emergency contact.

When a student with a known allergy will be off school grounds, such as on a field trip, he/she shall be accompanied by a kit containing at least two doses of epinephrine, other medications as noted by the student's health care provider, and, as appropriate, the student's individualized food allergy plan.

Policy 5141.3: Health Examinations

Status: DRAFT

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 11/01/2010

The Board of Trustees recognizes that periodic health examinations of students may lead to early detection and treatment of conditions that impact learning. Health examinations also may help in determining whether special adaptations of the school program are necessary.

The Superintendent or designee shall verify that students have complied with legal requirements for a comprehensive health screening, an oral health assessment, and immunizations at school entry. In addition, the district shall administer tests for vision, hearing, and scoliosis as required by law.

The Superintendent or designee shall ensure that staff employed to examine students exercise proper care of each student and that examination results are kept confidential. Records related to these examinations shall be maintained and released only in accordance with law.

Regulation 5141.3: Health Examinations

Status: DRAFT

Original Adopted Date: 06/01/1996 | **Last Revised Date:** 12/01/2022

Cautionary Notice: Government Code 17581.5 relieves districts from the obligation to perform specified mandated activities, including scoliosis screening, when the Budget Act does not provide reimbursement during that fiscal year. As a result, districts should determine whether the Budget Act for the current fiscal year allows for the suspension of these requirements, and if so, suspend certain provisions of the following administrative regulation related to scoliosis screening. For more information, the district should consult CSBA's District and County Offices of Education Legal Services or district legal counsel.

The principal at each school shall notify parents/guardians of the rights of students and parents/guardians related to health examinations. (Education Code 48980; 20 USC 1232h)

A parent/guardian may annually file with the principal a written statement withholding consent to the child's physical examination. Any such student shall be exempt from any physical examination but shall be subject to exclusion from attendance when contagious or infectious disease is reasonably suspected. (Education Code 49451; 20 USC 1232h)

Vision Tests

Each student's vision shall be appraised, by the school nurse or other personnel authorized under Education Code 49452, during the kindergarten year or upon first enrollment or entry in a district elementary school and subsequently in grades 2, 5, and 8. However, a student who is tested upon first enrollment or entry in the district in grade 4 or 7 shall not be required to be appraised in the next immediate year. (Education Code 49455)

The vision appraisal shall include tests for visual acuity, including near vision. Male students shall also be tested once for color vision in grade 1 or later and the results of the appraisal shall be entered in the student's health record. (Education Code 49455)

Appraisal of a student's vision may be waived under either of the following conditions: (Education Code 49455)

1. The student's parent/guardian requests a waiver and presents a certificate from a physician/surgeon, physician assistant, or optometrist showing the results of an examination of the student's vision, including visual acuity and, in male students, color vision.

2. The student's parents/guardians file with the principal a written statement that they adhere to the faith or teachings of any well-recognized religious sect, denomination, or organization and, in accordance with its creed, tenets, or principles depend for healing upon prayer in the practice of their religion.

Visual defects or any other defects found as a result of the vision examination shall be reported to the parent/guardian with a request that remedial action be taken to correct or cure the defect. The report of a visual defect, if made in writing, shall be made on a form prescribed by the Superintendent of Public Instruction. The report shall not include a referral to any private practitioner. However, the student may be referred to a public clinic or diagnostic and treatment center operated by a public hospital or by the state, county, or city department of public health. (Education Code 49456)

In addition to the vision appraisals described above, the school nurse and/or classroom teacher shall continually and regularly observe students' eyes, appearance, behavior, visual performance, and perception that may indicate vision difficulties. (Education Code 49455)

Hearing Tests

The Superintendent or designee shall provide for the administration of hearing tests to district students by personnel authorized to conduct such testing pursuant to Education Code 49452 and 49454 and in accordance with the procedures specified in 17 CCR 2951.

Each student shall be given a hearing screening test at the following times: (17 CCR 2951)

1. Kindergarten or grade 1

2. Grade 2
3. Grade 5
4. Grade 8
5. Upon first entry into the California public school system

Each student enrolled in a special education program, other than those enrolled because of a hearing problem, shall be given a hearing test when enrolled in the program and every third year thereafter. Hearing tests may be given more frequently as needed, based on the individualized education program team's evaluation of the student. (17 CCR 2951)

A follow-up hearing threshold test shall be administered to any student who fails to respond to any of the required frequencies in the screening test or is otherwise determined to need further evaluation. (17 CCR 2951)

The Superintendent or designee shall provide written notification of test results to the parents/guardians of any student who fails the hearing tests. When the test results fall within the levels specified in 17 CCR 2951 or there is evidence of pathology, such as an infection of the outer ear, chronic drainage, or a chronic earache, the notification shall include a recommendation that a further medical and audiological evaluation be obtained. (17 CCR 2951)

The dates and results of all screening tests and copies of threshold tests shall be included in the student's health records. (17 CCR 2951)

The principal or designee shall prepare an annual report of the school hearing testing program, using forms provided by the Department of Health Services, with copies to the Superintendent and the County Superintendent of Schools. (17 CCR 2951)

Type 1 Diabetes Information

The Superintendent or designee shall provide parents/guardians of children enrolled in elementary school for the first time, or with the annual notifications pursuant to Education Code 48980, an information sheet developed by the California Department of Education (CDE) regarding type 1 diabetes as specified in Education Code 49452.6.

Type 2 Diabetes Information

Because type 2 diabetes in children is a preventable and treatable disease, parents/guardians are encouraged to have their child screened by an authorized health care practitioner for risk factors of the disease, including excess weight, and to request tests of their child's blood glucose to determine if the child has type 2 diabetes or pre-diabetes.

The Superintendent or designee shall provide parents/guardians of incoming students in grade 7, or with the annual notifications pursuant to Education Code 48980, an information sheet developed by CDE regarding type 2 diabetes, which includes: (Education Code 49452.7)

1. A description of the disease and its risk factors and warning signs
2. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes be screened for the disease
3. A description of the different types of diabetes screening tests available
4. A description of treatments and prevention methods

The Superintendent or designee may provide information to parents/guardians regarding public or private sources from which they may receive diabetes screening and education services for free or at reduced costs.

Policy 5141.31: Immunizations

Status: DRAFT

Original Adopted Date: 11/01/2000 **| Last Revised Date:** 12/01/2020

To protect the health of all students and staff and to curtail the spread of infectious diseases, the Board of Trustees shall cooperate with state and local public health agencies to encourage and facilitate immunization of all district students against preventable diseases.

Each student enrolling for the first time in a district school, preschool, or child care and development program or enrolling in or advancing to grade 7 shall present an immunization record from any authorized private or public health care provider certifying that the student has received all required immunizations in accordance with law. Students shall be excluded from school or exempted from immunization requirements only as allowed by law.

Transfer students shall be requested to present immunization records upon registration at district schools if possible.

The Superintendent or designee may arrange for an authorized health care provider to administer immunizations at school to any student whose parent/guardian has consented in writing. At the beginning of the school year, parents/guardians shall be notified of their right to provide consent for the administration of an immunization to their child at school. (Education Code 48980, 49403)

Regulation 5141.31: Immunizations

Status: DRAFT

Original Adopted Date: 11/01/2010 **| Last Revised Date:** 12/01/2020

Required Immunizations

Upon a student's registration at a district school, the Superintendent or designee shall provide the student's parents/guardians a written notice summarizing the state's immunization requirements.

The Superintendent or designee shall not unconditionally admit any student to a district school, preschool, or child care and development program for the first time nor admit or advance any student to grade 7, unless the student has been fully immunized. The student shall present documentation of full immunization, in accordance with the age/grade and dose required by the California Department of Public Health (CDPH), against the following diseases: (Health and Safety Code 120335; 17 CCR 6025)

1. Measles, mumps, and rubella
2. Diphtheria, tetanus, and pertussis (whooping cough)
3. Poliomyelitis (polio)
4. Hepatitis B
5. Varicella (chickenpox)
6. Haemophilus influenza type b (Hib meningitis)
7. Any other disease deemed appropriate by CDPH

However, full immunization against hepatitis B shall not be a condition by which the Superintendent or designee shall admit or advance any student to grade 7. (Health and Safety Code 120335)

A student who qualifies for an individualized education program (IEP), unless otherwise exempt, shall be fully immunized in accordance with Health and Safety Code 120335 and this regulation. However, the district shall continue to implement the student's IEP and shall not prohibit the student from accessing any special education and related services required by the student's IEP regardless of whether the student is fully immunized. (Health and Safety Code 120335)

School personnel shall record information for each student regarding all doses of required immunizations and the status of all requirements in accordance with 17 CCR 6070. The school records shall be based on the student's immunization record provided by the student's health care provider, from the student's previous school immunization record, or through the California Immunization Registry (CAIR). (17 CCR 6070)

Exemptions

Exemption from one or more immunization requirements shall be granted under any of the following circumstances:

1. A medical exemption is submitted using the standardized form developed by CDPH and transmitted using CAIR which includes, but is not limited to, a description of the medical basis for which the exemption for each individual immunization is sought and whether the medical exemption is permanent or temporary. (Health and Safety Code 120372)

   A student who has a medical exemption issued prior to January 1, 2020 shall be allowed to continue enrollment until the next grade span, except that after July 1, 2021, a student may not be admitted or advanced to grade 7 unless the student has been immunized or a medical exemption form filed as stated above. (Health and Safety Code 120370)

   A temporary exemption shall not exceed one year, and all medical exemptions shall not extend beyond the grade span. (Health and Safety Code 120372)

   If a student's medical exemption is revoked by CDPH on the basis that the exemption does not meet

applicable criteria for medical exemptions, the student shall continue in attendance and, within 30 calendar days of the revocation, commence the immunization schedule required for conditional admittance pursuant to 17 CCR 6050, as described below. (Health and Safety Code 120372)

The student's parent/guardian may appeal a revocation to the Secretary of California Health and Human Services. If a revocation is appealed, the student shall continue in attendance and shall not be required to commence the immunization schedule required for conditional admittance provided the appeal is filed within 30 calendar days of the revocation. (Health and Safety Code 120372, 120372.05)

2. The student's parent/guardian filed with the district, before January 1, 2016, a letter or written affidavit stating that an immunization is contrary to the student's personal beliefs, in which case the student shall be exempted from the immunization until the student enrolls in the next applicable grade span requiring immunization (birth to preschool, grades K-6, grades 7-12). (Health and Safety Code 120335)

   When a student transfers to a different school within the district or transfers into the district from another school district in California, the student's personal beliefs exemption filed before January 1, 2016, shall remain in effect until the next applicable grade span. A student transferring from a school outside the district shall present a copy of the personal beliefs exemption upon enrollment. When a student transfers into the district from outside California and presents a personal beliefs exemption issued by another state or country prior to January 1, 2016, the Superintendent or designee may consult with legal counsel regarding the applicable immunization requirements.

3. The student is enrolled in an independent study program pursuant to Education Code 51745-51749.6 and does not receive classroom-based instruction. (Health and Safety Code 120335)

Conditional Enrollment

The Superintendent or designee may conditionally admit a student with documentation from an authorized health care provider that the student has not received all the immunizations required for the student's age group, but has commenced receiving doses of all required vaccines and is not due for any other doses at the time of admission. The Superintendent or designee shall notify the student's parents/guardians of the date by which the student must complete all the remaining doses as specified in 17 CCR 6035. (Health and Safety Code 120340; 17 CCR 6035)

In addition, a transfer student may be conditionally admitted for up to 30 school days while the student's immunization records are being transferred from the previous school. If such documentation is not presented within 30 days, the student shall be excluded from school until the required immunizations have been administered. (17 CCR 6035)

The Superintendent or designee shall immediately enroll homeless students, foster youth, and students of military families even if their immunization records are missing or unavailable at the time of enrollment. School or district staff shall work with the student's prior school to obtain the student's immunization records or shall ensure that the student is properly immunized. (Education Code 48853.5, 49701; Health and Safety Code 120341; 42 USC 11432)

The Superintendent or designee shall review the immunization record of each student admitted conditionally every 30 days until that student has received all the required immunizations. If the student does not receive the required immunizations within the specified time limits, the student shall be excluded from further attendance until the immunizations are received. (Health and Safety Code 120375; 17 CCR 6040, 6070)

Exclusions Due to Lack of Immunizations

If an enrolled student who was previously believed to be in compliance with immunization requirements is subsequently discovered to not be in compliance with requirements for unconditional or conditional admission, the Superintendent or designee shall notify the parent/guardian that evidence of proper immunization or an appropriate exemption must be provided within 10 school days. This notice shall refer the parent/guardian to the student's usual source of medical care or, if the student has no usual source of medical care, then to the county health department or school immunization program, if any. (Education Code 48216; 17 CCR 6040)

The Superintendent or designee shall exclude from further attendance an enrolled student who fails to obtain the required immunization within 10 school days following the parent/guardian's receipt of the notice specified above. The student shall remain excluded from school until documentation is provided indicating that the student has received a dose of each required vaccine due at that time. (17 CCR 6040, 6055)

The student shall also be reported to the attendance supervisor or principal.

Exclusion Due to Exposure to Disease

If the district has good cause to believe that a student has been exposed to a disease listed in the section "Required Immunizations" above and the student's documentation of immunization does not show proof of immunization against that disease, that student may be temporarily excluded from the school until the local health officer is satisfied that the student is no longer at risk of developing or transmitting the disease. (Health and Safety Code 120370)

Records

Each student's immunization record shall be retained as part of the student's mandatory permanent student record. District staff shall maintain the confidentiality of immunization records and may disclose such information to state and local health departments only in accordance with law. (Health and Safety Code 120375, 120440; 17 CCR 6070)

The district shall also retain in the mandatory student record any physician or health officer statement, personal beliefs letter or affidavit, reason for conditional enrollment, or any other documentation related to the student's immunization record or exemptions.

At least annually, the Superintendent or designee shall file a written report on the immunization status of new students with CDPH and the local department of public health on forms prescribed by CDPH. (Health and Safety Code 120375; 17 CCR 6075)

Audits

If an audit reveals deficiencies in the district's reporting procedures, the Superintendent or designee shall present the Board with a plan to remedy such deficiencies.

Regulation 5141.32: Health Screening For School Entry

Status: DRAFT

Original Adopted Date: 03/01/2005 **| Last Revised Date:** 07/01/2018

Comprehensive Health Screening for Grades K-1

The parent/guardian of a student in kindergarten or first grade shall submit to the Superintendent or designee a certification form developed by the California Department of Health Care Services (DHCS) and signed by the student's health examiner certifying that the student has completed a comprehensive health screening within 18 months prior to entry into first grade or within 90 days thereafter. (Health and Safety Code 124040, 124085)

The Superintendent or designee shall notify parents/guardians of all kindergarten students of the requirement to obtain a health screening and of the availability of the Child Health and Disability Prevention (CHDP) program established pursuant to Health and Safety Code 124025-124110 to assist eligible low-income families in obtaining the health screening. (Health and Safety Code 124100)

The notice and certification form shall be included with the notification of immunization requirements provided to parents/guardians prior to their child's enrollment in kindergarten and shall encourage completion of the health screening simultaneously with immunizations. The notice shall also be provided to the parent/guardian of any student who is enrolling in first grade without having attended kindergarten in the district.

In lieu of the certification, the parent/guardian may submit a waiver on a form developed by DHCS indicating that he/she does not want or is unable to obtain a health screening. If the waiver indicates that the parent/guardian was unable to obtain the services, the reasons should be included in the waiver. (Health and Safety Code 124085)

The waiver form shall be provided to a parent/guardian upon request.

The completed certification form or the waiver shall be maintained in the student's health file or cumulative record. (5 CCR 432)

During the first 90 days of the school year, the Superintendent or designee may contact any parent/guardian of a first-grade student who has not provided either the certification form or the waiver to ensure that the parent/guardian understands the health screening requirement and, if appropriate, his/her possible eligibility for the CHDP program.

The Superintendent or designee shall exclude from school, for not more than five school days, any first-grade student who does not present evidence of a health screening or a waiver on or before the 90th day after entering first grade. The exclusion shall begin on the 91st day after the student's entrance into the first grade, or if school is not in session, then on the next succeeding school day. (Health and Safety Code 124105)

The Superintendent or designee may exempt a student from exclusion when his/her parents/guardians have been contacted at least twice between the first day and the 90th day after the student's enrollment in first grade and the parents/guardians refuse to provide either a certification form or a waiver. (Health and Safety Code 124105)

Oral Health Assessment for Grades K-1

No later than May 31 of the school year, the parent/guardian of any kindergarten student or of any first-grade student who was not previously enrolled in a public school shall certify that the student has received an oral health assessment. The oral health assessment shall have been performed by a licensed dentist or other authorized dental health professional no earlier than 12 months prior to the date of the student's initial enrollment. (Education Code 49452.8)

The Superintendent or designee shall notify parents/guardians of students in grades K-1 of the oral health assessment requirement. The notification shall, at a minimum, consist of a letter that includes all of the following: (Education Code 49452.8)

1. An explanation of the administrative requirements of the law

2. Information on the importance of primary teeth

3. Information on the importance of oral health to overall health and to learning

4. A toll-free telephone number to request an application for Medi-Cal or other government-subsidized health insurance programs

5. Contact information for county public health departments

6. A statement of privacy applicable under state and federal laws and regulations

The notification, along with a copy of the certification form developed by the California Department of Education, shall be provided to parents/guardians when they register their child for school.

Following completion of the assessment, the parent/guardian shall submit to the Superintendent or designee a completed certification form which has been signed by the dental health professional.

A parent/guardian may be excused from complying with the oral health assessment requirements if he/she indicates on the certification form that the assessment could not be completed for any of the following reasons: (Education Code 49452.8)

1. Completion of an assessment poses an undue financial burden on the parent/guardian.

2. The parent/guardian lacks access to a licensed dentist or other dental health professional.

3. The parent/guardian does not consent to an assessment.

If the district hosts a free oral health assessment event at which licensed dentists or other licensed dental health professionals perform school site assessments of students enrolled in the school, any student who has not had an oral health assessment shall be given an assessment unless his/her parent/guardian has indicated on the certification form that he/she does not consent to the student receiving an assessment. However, a student shall not receive dental treatment of any kind without his/her parent/guardian's informed consent for the treatment. (Education Code 49452.8)

Students who are not assessed, or for whom the parents/guardians fail to return the certification form, shall not be excluded from school attendance.

By July 1 of each year, the Superintendent or designee shall report data on oral health assessments to the state dental director and/or the county office of education in accordance with Education Code 49452.8.

The report shall also be provided to the Board of Trustees. The identity of any student shall not be included in the report.

Policy 5141.33: Head Lice

Status: DRAFT

Original Adopted Date: 07/01/1999 **| Last Revised Date:** 07/01/2012

The Board of Trustees recognizes that head lice infestations among students require treatment but do not pose a risk of transmitting disease. The Superintendent or designee shall encourage early detection and treatment in a manner that minimizes disruption to the educational program and reduces student absences.

The Superintendent or designee may distribute information to parents/guardians of preschool and elementary students regarding routine screening, symptoms, accurate diagnosis, and proper treatment of head lice infestations. The Superintendent or designee also may provide related information to school staff.

School employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible.

If a student is found with active, adult head lice, he/she shall be allowed to stay in school until the end of the school day. The parent/guardian of any such student shall be given information about the treatment of head lice and encouraged to begin treatment of the student immediately and to check all members of the family. The parent/guardian also shall be informed that the student shall be checked upon return to school the next day and allowed to remain in school if no active head lice are detected.

Upon the student's return to school, the school nurse or designee shall check the student for active head lice. If it is determined that the student remains infected with head lice, the school nurse or designee shall contact the student's parent/guardian to discuss treatment. As needed, he/she may provide additional resources and/or referral to the local health department, health care providers, or other agencies.

If a student is found consistently infested with head lice, he/she may be referred to a multidisciplinary team, which may consist of the school nurse, representatives from the local health department and social services, and other appropriate individuals, to determine the best approach for identifying and resolving problems contributing to the student's head lice infestations.

When it is determined that one or more students in a class or school are infested with head lice, the principal or designee may, at his/her discretion, notify parents/guardians of students in that class or school and provide them with information about the detection and treatment of head lice.

Staff shall maintain the privacy of students identified as having head lice.

Policy 5141.4: Child Abuse Prevention And Reporting

Status: DRAFT

Original Adopted Date: 07/01/2002 | **Last Revised Date:** 06/01/2021

KEEP CSBA

The Board of Trustees is committed to supporting the safety and well-being of district students and desires to facilitate the prevention of and response to child abuse and neglect. The Superintendent or designee shall develop and implement strategies for preventing, recognizing, and promptly reporting known or suspected child abuse and neglect.

The Superintendent or designee may provide a student who is a victim of abuse with school-based mental health services or other support services and/or may refer the student to resources available within the community as needed.

Child Abuse Prevention

The district's instructional program may provide age-appropriate and culturally sensitive child abuse prevention curriculum which explains students' right to live free of abuse, includes instruction in the skills and techniques needed to identify unsafe situations and react appropriately and promptly, informs students of available support resources, and teaches students how to obtain help and disclose incidents of abuse.

The district's program also may include age-appropriate curriculum in sexual abuse and sexual assault awareness and prevention. Upon written request of a student's parent/guardian, the student shall be excused from taking such instruction. (Education Code 51900.6)

The Superintendent or designee may display posters, in areas on campus where students frequently congregate, notifying students of the appropriate telephone number to call to report child abuse or neglect. (Education Code 33133.5)

In addition, student identification cards for students in grades 7-8 shall include the National Domestic Violence Hotline telephone number. (Education Code 215.5)

The Superintendent or designee shall, to the extent feasible, seek to incorporate community resources into the district's child abuse prevention programs and may use these resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

Child Abuse Reporting

The Superintendent or designee shall establish procedures for the identification and reporting of known and suspected child abuse and neglect in accordance with law.

Procedures for reporting child abuse shall be included in the district and/or school comprehensive safety plan. (Education Code 32282)

District employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect.

The Superintendent or designee shall provide training regarding the duties of mandated reporters as required by law and as specified in the accompanying administrative regulation. (Education Code 44691; Penal Code 11165.7)

Regulation 5141.4: Child Abuse Prevention And Reporting

Status: DRAFT

Original Adopted Date: 11/01/2010 **| Last Revised Date:** 06/01/2021

Definitions

Child abuse or neglect includes the following: (Penal Code 11165.5, 11165.6)

1. A physical injury or death inflicted by other than accidental means on a child by another person
2. Sexual abuse of a child, including sexual assault or sexual exploitation, as defined in Penal Code 11165.1
3. Neglect of a child as defined in Penal Code 11165.2
4. Willful harming or injuring of a child or the endangering of the person or health of a child as defined in Penal Code 11165.3
5. Unlawful corporal punishment or injury as defined in Penal Code 11165.4
6. Domestic Violence that caused serious emotional or physical damage to the child or created a substantial risk of serious emotional or physical damage to the child.

Child abuse or neglect does not include:

1. A mutual affray between minors (Penal Code 11165.6)
2. An injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of employment (Penal Code 11165.5, 11165.6)
3. An injury resulting from the exercise by a teacher, vice principal, principal, or other certificated employee of the same degree of physical control over a student that a parent/guardian would be legally privileged to exercise, not exceeding the amount of physical control reasonably necessary to maintain order, protect property, protect the health and safety of students, or maintain proper and appropriate conditions conducive to learning (Education Code 44807)
4. An injury caused by a school employee's use of force that is reasonable and necessary to quell a disturbance threatening physical injury to persons or damage to property, for purposes of self-defense, or to obtain weapons or other dangerous objects within the control of a student (Education Code 49001)
5. Physical pain or discomfort caused by athletic competition or other such recreational activity voluntarily engaged in by a student (Education Code 49001)
6. Homelessness or classification as an unaccompanied minor (Penal Code 11165.15)

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; athletic coaches, administrators, and directors; licensees, administrators, and employees of a licensed child day care facility; Head Start program teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on the person's training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, acting in a professional capacity or within the scope of employment, the mandated reporter has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage, based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency. (Penal Code 11165.9, 11166.05, 11167)

Any district employee who reasonably believes to have observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury against a victim who is a child under age 14 shall notify a peace officer. (Penal Code 152.3, 288)

Responsibility for Reporting

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

When two or more mandated reporters jointly have knowledge of a known or suspected instance of child abuse or neglect, the report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

Any person not identified as a mandated reporter who has knowledge of or observes a child whom the person knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to the appropriate agency. (Penal Code 11166)

Reporting Procedures

1. Initial Telephone Report

   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

   Such reports shall be made to the following agency(ies):

   Child Abuse & Neglect Center
   (833) 722-5437

2. When the initial telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

3. Written Report

   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall prepare and either send, fax, or electronically transmit to the appropriate agency a written follow-up report, which includes a completed California Department of Justice (DOJ) form (BCIA 8572). (Penal Code 11166, 11168)

   The DOJ form may be obtained from the district office or other appropriate agencies, such as the police department, sheriff's department, or county probation or welfare department.

   Reports of suspected child abuse or neglect shall include, if known: (Penal Code 11167)

   a. The name, business address, and telephone number of the person making the report and the capacity that makes the person a mandated reporter

   b. The child's name and address, present location, and, where applicable, school, grade, and class

c. The names, addresses, and telephone numbers of the child's parents/guardians

d. The name, address, telephone number, and other relevant personal information about the person(s) who might have abused or neglected the child

e. The information that gave rise to the reasonable suspicion of child abuse or neglect and the source(s) of that information

The mandated reporter shall make a report even if some of this information is not known or is uncertain to the mandated reporter. (Penal Code 11167)

The mandated reporter may give to an investigator from an agency investigating the case, including a licensing agency, any information relevant to an incident of child abuse or neglect or to a report made for serious emotional damage pursuant to Penal Code 11166.05. (Penal Code 11167)

3. Internal Reporting

The mandated reporter shall not be required to disclose the mandated reporter's identity to a supervisor, the principal, or the Superintendent or designee. (Penal Code 11166)

However, employees reporting child abuse or neglect to an appropriate agency are encouraged, but not required, to notify the principal as soon as possible after the initial telephone report to the appropriate agency. When so notified, the principal shall inform the Superintendent or designee.

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

Training

Within the first six weeks of each school year, or within the first six weeks of employment if hired during the school year, the Superintendent or designee shall provide training on mandated reporting requirements to district employees and persons working on their behalf who are mandated reporters. (Education Code 44691; Penal Code 11165.7)

The Superintendent or designee shall use the online training module provided by the California Department of Social Services (CDSS). (Education Code 44691)

The training shall include, but not necessarily be limited to, training in identification and reporting of child abuse and neglect. In addition, the training shall include information that failure to report an incident of known or reasonably suspected child abuse or neglect as required by law is a misdemeanor punishable by imprisonment and/or a fine as specified. (Education Code 44691; Penal Code 11165.7)

The Superintendent or designee shall obtain and retain proof of each mandated reporter's completion of the training. (Education Code 44691)

In addition, at least once every three years, school personnel may receive training in the prevention of child abuse, including sexual abuse, on school grounds, by school personnel, or in school-sponsored programs. (Education Code 44691)

Victim Interviews by Social Services

Whenever CDSS or another government agency is investigating suspected child abuse or neglect that occurred within the child's home or out-of-home care facility, the student may be interviewed by an agency representative during school hours, on school premises. The Superintendent or designee shall give the student the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the student. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform the person of the following requirements prior to the interview: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable the child to be as comfortable as possible.

2. The selected person shall not participate in the interview.

3. The selected person shall not discuss the facts or circumstances of the case with the child.

4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent or designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. (Education Code 48906)

Parent/Guardian Complaints

Upon request, the Superintendent or designee shall provide parents/guardians with procedures for reporting suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is not English, such procedures shall be in their primary language and, when communicating orally regarding those guidelines and/or procedures, an interpreter shall be provided.

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person, or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee shall also file a report when obligated to do so pursuant to Penal Code 11166 using the procedures described above for mandated reporters.

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 3200-3205.

Notifications

The Superintendent or designee shall provide to all new employees who are mandated reporters a statement that informs them of their status as mandated reporters, their reporting obligations under Penal Code 11166, and their confidentiality rights under Penal Code 11167. The district also shall provide these new employees with a copy of Penal Code 11165.7, 11166, and 11167. (Penal Code 11165.7, 11166.5)

Before beginning employment, any person who will be a mandated reporter by virtue of the person's position shall sign a statement indicating knowledge of the reporting obligations under Penal Code 11166 and compliance with such provisions. The signed statement shall be retained by the Superintendent or designee. (Penal Code 11166.5)

Employees who work with dependent adults shall be notified of legal responsibilities and reporting procedures pursuant to Welfare and Institutions Code 15630-15637.

The Superintendent or designee also shall notify all employees that:

1. A mandated reporter who reports a known or suspected instance of child abuse or neglect shall not be held civilly or criminally liable for making a report and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of the mandated reporter's professional capacity or outside the scope of employment. Any other person making a report shall not incur civil or criminal liability unless it can be proven that the person knowingly made a false report or made a report

with reckless disregard of the truth or falsity of the report. (Penal Code 11172)

2. If a mandated reporter fails to timely report an incident of known or reasonably suspected child abuse or neglect, the mandated reporter may be guilty of a crime punishable by a fine and/or imprisonment. (Penal Code 11166)

No employee shall be subject to any sanction by the district for making a report unless it can be shown that the employee knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11166, 11172)

Policy 5141.5: Mental Health

Status: DRAFT

Original Adopted Date: 05/01/2020 **| Last Revised Date:** 03/01/2025

The Board of Trustees recognizes that students' emotional well-being and mental health are critical to their ability to perform to their full academic and personal potential. The Superintendent or designee shall develop strategies and services to reduce the stigma associated with mental illness, facilitate access to mental health services, and help students build resiliency skills, including digital resilience, increase social connections, and cope with life challenges.

The Superintendent or designee shall consult and collaborate with school-employed mental health professionals, the county mental health department, psychologists and other health professionals, social workers, and/or community organizations to strengthen local mental health services and develop and implement an integrated plan to support student mental health.

To the extent possible, the district shall focus on preventive strategies which increase students' connectedness to school, create a support network of peers and trusted adults, and provide techniques for conflict resolution. The district shall investigate and resolve any complaint of bullying, intimidation, harassment, or discrimination in accordance with law and district policy.

Instruction provided to students shall promote student health and mental, emotional, and social development. Health education courses shall be aligned with the state content standards and curriculum framework, as specified in Administrative Regulation 6143 - Courses of Study, and shall include, but not be limited to, instruction related to identifying signs of depression and self-destructive behaviors including substance abuse, developing coping skills, and identifying resources that may provide assistance.

Information and Training

The Superintendent or designee shall provide school staff and students with information and training to recognize the early signs and symptoms of an emerging mental health condition or behavioral health disorder, including common psychiatric conditions and substance use disorders such as opioid and alcohol abuse, identify risk factors and warning signs of suicidal intent, respond to students who have been impacted by traumatic stress, safely deescalate crisis situations involving students with a behavioral health disorder, and link students with effective services, referrals, and supports. Additionally, such training shall provide instruction on how to maintain student privacy and confidentiality, and may be provided to parents/guardians and families. (Education Code 49428.15)

The Superintendent or designee shall ensure that all certificated employees and 40 percent of classified employes who have direct contact with students in grades 7-12 receive youth behavioral training at least one time, in accordance with Education Code 49428.2.

The Superintendent or designee shall develop a protocol for identifying and assessing students who may be suffering from an anxiety disorder, depression, eating disorder, or other severe or disabling mental illness. The Superintendent or designee may establish districtwide or school-site crisis intervention team(s) to respond to mental health concerns in the school setting.

Annually, the Superintendent or designee shall provide, and require all certificated employees serving students in grades 7 to 12 to participate in, at least one hour of cultural competency training to support lesbian, gay, bisexual, transgender, queer, and questioning individuals. The district shall maintain records documenting the date that each employee completed the training and the name of the entity that provided the training. (Education Code 218.3)

At least twice per school year, the Superintendent or designee shall ensure that each school provides notice regarding how to initiate access to student mental health services on campus and/or in the community. The notification to parents/guardians and to students shall be in at least two of the following methods: (Education Code 49428)

1. Distributing the information, electronically or in hardcopy, in a letter to parents/guardians, and in a school publication or other document to students

2. Including the information, at the beginning of the school year, in the parent/guardian handbook and in student orientation materials or a student handbook

3. Posting the information on the school's website or social media

Each school site that serves students in any of grades 6-12 shall create an age appropriate and culturally relevant poster that identifies approaches and shares resources about student mental health, and that includes the following information: (Education Code 49428.5)

1. Identification of common behaviors of those struggling with mental health or who are in a mental health crisis, including, but not limited to, anxiety, depression, eating disorders, emotional dysregulation, bipolar episodes, and schizophrenic episodes

2. A list of, and contact information for, school site-specific resources, including, but not limited to, counselors, wellness centers, and peer counselors

3. A list of, and contact information for, community resources, including, but not limited to, suicide prevention, substance abuse, child crisis, nonpolice mental health hotlines, public behavioral health services, and community mental health centers

4. A list of positive coping strategies to use when dealing with mental health, including, but not limited to, meditation, mindfulness, yoga, breathing exercises, grounding skills, journaling, acceptance, and seeking therapy

5. A list of negative coping strategies to avoid, including, but not limited to, substance abuse or self-medication, violence and abuse, self-harm, compulsivity, dissociation, catastrophizing, and isolating

The poster shall be displayed in English and any primary language spoken by 15 percent or more of the students at the school site and be no smaller than 8.5 by 11 inches and at least 12-point font. The poster shall be prominently and conspicuously displayed in public areas that are accessible to, and commonly frequented by, students at each school site such as bathrooms, locker rooms, classrooms, classroom hallways, gymnasiums, auditoriums, cafeterias, wellness centers, and offices. Additionally, at the beginning of each school year the poster shall be distributed online to students through social media, websites, portals, and learning platforms. (Education Code 49428.5)

Mental Health Counseling and Referrals

A school counselor, school psychologist, or school social worker may provide mental health counseling to students in accordance with the specialization(s) authorized on the individual's credential. As needed, students and parents/guardians may be provided referrals to mental health services in the community and/or to mental health services at or near district schools.

The district's referral protocols shall: (Education Code 49428.1)

1. Address the appropriate and timely referral by school staff of students with behavioral health concerns

2. Reflect a multitiered system of support process and positive behavioral interventions and supports, to be used as an alternative to disciplinary action as appropriate

   The protocols shall be accessible to students who may be the subject of disciplinary action.

3. Be adaptable to varied local service arrangements for behavioral health services

4. Reflect evidence-based and culturally appropriate approaches to student behavioral health referral without disciplinary actions

   "Evidence-based" means peer-reviewed, scientific research evidence, including studies based on research methodologies that control threats to both the internal and the external validity of the research findings.

5. Address the inclusion of parents/guardians in the referral process

6. Be written to ensure clarity and ease of use by certificated and classified school employees

7. Reflect differentiated referral processes for students with exceptional needs and other populations for whom the referral process may be distinct

8. Be written to ensure that school employees act only within the authorization or scope of their credential or license

   School employees are not authorized or encouraged to diagnose or treat youth behavioral health disorders unless they are specifically licensed and employed to do so.

9. Be consistent with state activities conducted by the California Department of Education in the administration of federally funded behavioral health programs

A student 12 years of age or older may consent to mental health treatment or counseling if the student, in the opinion of the attending mental health professional, is mature enough to participate intelligently in the services. Additionally, the student's parent/guardian shall consent to student's treatment, unless the mental health professional determines, after consulting with the student, that the involvement of the parent/guardian would be inappropriate. (Family Code 6924)

In delivering mental health and behavioral health services to students, the district may use telehealth or other information and communication technologies that facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a student's health while the student is on campus and the health care provider is at a distant location. (Education Code 49429)

Prior to utilizing telehealth technology to manage a student's mental health or behavior, the mental health professional shall consult with the student, parent/guardian, and/or the student's individualized education program team, as required by law, unless the mental health professional determines that the involvement would be inappropriate pursuant to Family Code 6924.

In using telehealth technology to provide mental health services to students, the Superintendent or designee shall ensure that mental health professionals comply with applicable professional codes of ethics and legal authority. Additionally, space that affords privacy and confidentiality of telehealth sessions shall be provided for students and an emergency response plan shall be put in place that lays out all legally-mandated steps to take when a student suddenly begins to exhibit suicidal ideation or other potentially dangerous behavior during a telehealth session.

If a student has an emotional or mental illness that limits a major life activity, has a record of such impairment, or is regarded as having such impairment, or may need special education and related services, the student shall be referred for an evaluation for purposes of determining whether any educational or related services are required in accordance with Section 504 of the Rehabilitation Act or the federal Individuals with Disabilities Education Act, as applicable. (Education Code 56301-56302; 29 USC 794; 28 CFR 35.108)

Funding Resources

The Superintendent or designee shall explore potential funding sources for district programs and services that support student's mental health. In accordance with local plans and priorities, the district may apply to the county for grants for prevention and early intervention activities that are designed to prevent mental illness from becoming severe and disabling and to improve timely access for underserved populations.

Policy 5141.52: Suicide Prevention

Status: DRAFT

Original Adopted Date: 07/01/2009 | **Last Revised Date:** 03/01/2025

The Board of Trustees recognizes that suicide is a leading cause of death among youth, that prevention is a collective effort that requires stakeholder engagement, and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. In an effort to reduce suicidal behavior, its impact on students and families, and other associated trauma, the Superintendent or designee shall develop measures, strategies, practices, and supports for suicide prevention, intervention, and postvention.

In developing and updating district policy and procedures for suicide prevention, intervention, and postvention, the Superintendent or designee shall consult with school and community stakeholders, school-employed mental health professionals, and suicide prevention experts. If the policy will affect K-6 students, the county mental health plan shall also be consulted. (Education Code 215)

School and community stakeholders and school mental health professionals with whom the Superintendent or designee shall consult may include district and school administrators, school counselors, school psychologists, school social workers, school nurses, other staff, parents/guardians and caregivers, students, local health agencies, mental health professionals, community organizations, law enforcement, legal counsel, and/or the district's risk manager or insurance carrier. The Superintendent or designee may also collaborate with county and/or city governments in an effort to align district policy with any existing community suicide prevention plans.

When developing or reviewing district policy on suicide prevention, the Superintendent or designee may make a recommendation regarding the need to hire a mental health professional for the district, or for any school that is not currently served by a mental health professional, and the possible funding source(s) for such hiring.

Measures and strategies for suicide prevention, intervention, and postvention shall include, but are not limited to:

1. Staff development on suicide awareness and prevention for teachers, interns, school counselors, and others who interact with students, including, as appropriate, substitute teachers, coaches, expanded day learning staff, crossing guards, tutors, and volunteers

2. Instruction to students in problem-solving, coping, and resiliency skills to promote students' mental, emotional, and social health and well-being; help-seeking strategies and resources; and instruction in recognizing and appropriately responding to warning signs of suicidal intent in others

3. Methods for promoting a positive school climate that enhances students' feelings of connectedness with the school and that is characterized by caring staff and harmonious relationships among students

4. The review of materials and resources used in awareness efforts and communications to ensure they align with best practices for safe and effective messaging about suicide

5. The provision of information to parents/guardians and caregivers regarding risk and protective factors, warning signs of suicide, the severity of the suicide problem among youth, the district's suicide prevention curriculum, the district's suicide prevention policy and procedures, basic steps for helping suicidal youth, the importance of communicating with appropriate staff if suicide risk is present or suspected, access to suicide prevention training, and/or school and community resources that can help youth in crisis

6. Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions

7. Crisis intervention protocols for addressing suicide threats or attempts

8. Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide

9. Establishment of district and/or school-site crisis intervention team(s) to ensure the proper implementation and review of this policy and other district practices related to the emotional and behavioral wellness of

students, including, but not limited to, the oversight of mental health and suicide prevention training, ensuring the suicide prevention policy, protocols, and resources are posted on the district and school websites, collaboration with community mental health organizations, identification of resources and organizations that provide evidence-based treatment, collaboration to build community response, and compliance with Education Code 215

As appropriate, these measures and strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with exceptional needs, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning. (Education Code 215)

In order to address mental health disabilities, the district may, as appropriate and in accordance with law, develop trauma-informed crisis management procedures that include an individualized assessment of the student's circumstances; provide and facilitate access to mental health evaluations and services; reasonably modify policies, such as attendance policies, for individual students; and train staff to recognize and respond appropriately to signs of distress and suicidal ideation in students.

The Superintendent or designee shall establish a process for school staff to maintain daily or regular contact with all students, including during distance learning and school closures, and for such staff to communicate any concerns about a student's emotional wellbeing and/or safety to the appropriate authorities.

Additionally, the Superintendent or designee shall ensure that school-based mental health professionals maintain regular contact with high-risk students, students who are on their caseloads, and those who are identified by staff as demonstrating need.

The Board shall ensure that suicide prevention measures and strategies for students in grades K-6 are age appropriate and delivered and discussed in a manner that is sensitive to the needs of young students. (Education Code 215)

If a referral is made for mental health or related services for a student in grade K-6 who is a Medi-Cal beneficiary, the Superintendent or designee shall coordinate and consult with the county mental health plan. (Education Code 215)

District employees shall act only within the authorization and scope of their credential or license. Nothing in this policy shall be construed as authorizing or encouraging district employees to diagnose or treat mental illness unless they are specifically licensed and employed to do so. (Education Code 215)

When the district determines that a student is in need of mental or behavioral health services, the services shall be provided in accordance with protocols specified in Board Policy 5141.5 - Mental Health.

The Board shall review, and update as necessary, this policy at least every five years. The Board may, at its discretion, review the policy more frequently. (Education Code 215)

The Superintendent or designee shall periodically review district data pertaining to school climate and reports of suicidal ideation, attempts, or death to identify patterns or trends and make recommendations regarding program development.

The Superintendent or designee shall post this policy on the district's website, in a prominent location and in a manner that is easily accessible to parents/guardians and students. (Education Code 234.6)

Regulation 5141.52: Suicide Prevention

Status: DRAFT

Original Adopted Date: 07/01/2009 **| Last Revised Date:** 03/01/2025

Definitions

Mental health professional means an individual licensed or registered, or an intern or associate working towards licensure, by the Board of Behavioral Sciences or the Board of Psychology in the Department of Consumer Affairs. (Education Code 215)

Student suicide crisis means any of the following: (Education Code 215)

1. A student who is exhibiting suicidal thoughts or behaviors
2. A student who has completed a suicide risk assessment and is determined to be at risk of suicide
3. A student who is attempting to physically harm themselves or others

School mental health professional means a school employee with a clear or preliminary pupil personnel services credential with a specialization in school counseling, school social work, or school psychology, a credentialed school nurse, or a licensed, registered, or associate marriage and family therapist, professional clinical counselor, clinical social worker, educational psychologist, or psychologist under the supervision of a school employee with a pupil personnel services or administrative services credential. (Education Code 215)

Staff Development

Suicide prevention training shall be provided to teachers, interns, counselors, and others who interact with students, including, as appropriate, substitute teachers, coaches, expanded day learning staff, crossing guards, tutors, and volunteers. The training shall be offered under the direction of a district counselor, psychologist, and/or social worker who has received advanced training specific to suicide and who may collaborate with one or more county or community mental health agencies.

Materials for training shall include how to identify appropriate mental health services at the school site and within the community, and when and how to refer youth and families to those services. Training materials may also include programs that can be completed through self-review of suitable suicide prevention materials. (Education Code 215)

Additionally, staff development shall include research and information related to the following topics:

1. The higher risk of suicide among certain groups, including, but not limited to, students who are impacted by suicide; students with exceptional needs, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning
2. Individual risk factors such as previous suicide attempt(s) or self-harm, history of depression or mental illness, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe or traumatic stressor or loss, family instability, impulsivity, and other factors
3. Identification of students who may be at risk of suicide, including, but not limited to, warning signs that may indicate depression, emotional distress, or suicidal intentions, such as changes in students' personality or behavior and verbalizations of hopelessness or suicidal intent
4. Protective factors that may help to decrease a student's suicide risk, such as resiliency, problem-solving ability, access to mental health care, and positive connections to family, peers, school, and community
5. Instructional strategies for teaching the suicide prevention curriculum, promoting mental and emotional health, reducing the stigma associated with mental illness, and using safe and effective messaging about suicide
6. The importance of early prevention and intervention in reducing the risk of suicide
7. School and community resources and services, including resources and services that meet the specific needs of high-risk groups

8. Appropriate ways to interact with a student who is demonstrating emotional distress or is suicidal and procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide, including, but not limited to, appropriate protocols for constant monitoring and supervision of the student, during the time the student is in the school's physical custody, while the immediate referral of the student to medical or mental health services is being processed

9. District procedures for responding after a suicide has occurred

10. Common misconceptions about suicide

The district may provide additional professional development in suicide risk assessment and crisis intervention to district mental health professionals, including, but not limited to, school counselors, psychologists, social workers, and nurses.

Instruction

The district's comprehensive health education program shall promote the healthy mental, emotional, and social development of students and shall be aligned with the state content standards and curriculum framework. Suicide prevention instruction shall be incorporated into the health education curriculum in an age and developmentally appropriate manner and shall be designed to help students:

1. Identify and analyze warning signs and risk factors associated with suicide, including, but not limited to, understanding how mental health challenges and emotional distress, such as feelings of depression, loss, isolation, inadequacy, and anxiety, can lead to thoughts of suicide

2. Develop coping and resiliency skills for dealing with stress and trauma, and building self-esteem

3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent

4. Identify trusted adults; school resources, including the district's suicide prevention, intervention, and referral procedures; and/or community crisis intervention resources where youth can get help

5. Develop help-seeking strategies and recognize that there is no stigma associated with seeking services for mental health, substance abuse, and/or suicide prevention

6. Recognize that early prevention and intervention can drastically reduce the risk of suicide

The Superintendent or designee may develop and implement school activities that raise awareness about mental health wellness and suicide prevention.

Student Identification Cards

Student identification cards for students in grades 7-12 shall include the 988 Suicide and Crisis Lifeline and National Suicide Prevention Lifeline telephone number and may also include the Crisis Text Line, campus police or security, a local suicide prevention hotline telephone number, and/or a quick response (QR) code for the county's mental health resources website. (Education Code 215.5)

Intervention

The Superintendent or designee shall provide the name, title, and contact information of the members of the district and/or school crisis intervention team(s) to students, staff, parents/guardians, and caregivers and post on school and district websites. Such notifications shall identify the mental health professional who serves as the crisis intervention team's designated reporter to receive and act upon reports of a student's suicidal intention.

Students shall be encouraged to notify a teacher, principal, counselor, designated reporter, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

Every statement regarding suicidal intent shall be taken seriously. Whenever a staff member suspects or has

knowledge of a student's suicidal intentions based on the student's verbalizations or act of self-harm, the staff member shall promptly notify the principal, school counselor, or designated reporter, who shall implement district intervention protocols as appropriate.

Although any personal information that a student discloses to a school counselor shall generally not be revealed, released, discussed, or referred to with third parties, the counselor may report to the principal or student's parents/guardians when there is reasonable cause to believe that disclosure is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others within the school community. In addition, the counselor may disclose information of a personal nature to psychotherapists, other health care providers, or the school nurse for the sole purpose of referring the student for treatment, or to report child abuse and neglect as required by Penal Code 11164-11174.3. (Education Code 49602)

Whenever schools establish a peer counseling system to provide support for students, peer counselors shall receive training that includes identification of the warning signs of suicidal behavior and referral of a suicidal student to appropriate adults.

When the district determines that a student is in need of mental or behavioral health services, the services shall be provided in accordance with protocols specified in Board Policy 5141.5 - Mental Health.

When a suicide attempt or threat is reported, the principal or designee shall ensure student safety by taking the following actions:

1. Immediately securing medical treatment and/or mental health services as necessary

2. Notifying law enforcement and/or other emergency assistance if a suicidal act is being actively threatened

3. Keeping the student under continuous adult supervision and providing comfort to the student until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene

4. Removing other students from the immediate area as soon as possible

The principal or designee shall document the incident in writing, including the steps that the school took in response to the suicide attempt or threat.

The Superintendent or designee shall follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed. If the parent/guardian does not access treatment for the student, the Superintendent or designee may meet with the parent/guardian to identify barriers to treatment and assist the family in providing follow-up care for the student. If follow-up care is still not provided, the Superintendent or designee shall consider whether it is necessary, pursuant to laws for mandated reporters of child neglect, to refer the matter to the local child protective services agency.

For any student returning to school after a mental health crisis, the principal or designee and/or school counselor may meet with the parents/guardians and, if appropriate, with the student to discuss re-entry and appropriate steps to ensure the student's readiness for return to school and determine the need for ongoing support.

Postvention

In the event that a student dies by suicide, the Superintendent or designee shall communicate with the student's parents/guardians to offer condolences, assistance, and resources. In accordance with the laws governing confidentiality of student record information, the Superintendent or designee shall consult with the parents/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.

The Superintendent or designee shall implement procedures to address students' and staff's grief and to minimize the risk of imitative suicide or suicide contagion. The Superintendent or designee shall provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Students significantly affected by suicide death and those at risk of imitative behavior should be identified and closely monitored. School staff may receive assistance from school counselors or other mental health professionals in determining how to best discuss the suicide or attempted suicide with students.

Any response to media inquiries shall be handled by the district-designated spokesperson who shall not divulge

confidential information. The district's response shall not sensationalize suicide and shall focus on the district's postvention plan and available resources.

After any suicide or attempted suicide by a student, the Superintendent or designee shall provide an opportunity for all staff who responded to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

Policy 5141.6: School Health Services

Status: DRAFT

Original Adopted Date: 11/01/2008 **| Last Revised Date:** 06/01/2023

The Board of Trustees recognizes that good physical and mental health is critical to a student's ability to learn and believes that all students should have access to comprehensive health services. The Board further recognizes that schools are uniquely positioned to increase health equity and to help ensure that all students have access to necessary health care services. The district may provide access to health services at or near district schools through the establishment of a school health center and/or mobile van(s) that serve multiple campuses, and may utilize telehealth as a delivery mechanism to increase access to health care services in schools.

The Board and the Superintendent or designee shall collaborate with local and state agencies and health care providers to assess the health needs of students in district schools and the community. Based on the results of this needs assessment and the availability of resources, the Superintendent or designee shall recommend for Board approval the types of health services to be provided by the district, including preventative programming and intervention strategies to address students' physical, mental, and behavioral health needs.

Board approval shall be required for any proposed use of district resources and facilities to support school health services. The Superintendent or designee shall identify funding opportunities available through grant programs, private foundations, and partnerships with local agencies and organizations.

The Board may prioritize school health services to schools serving students with the greatest need, including schools with medically underserved populations and/or a high percentage of low-income and uninsured children and youth.

School health services shall be provided under the supervision of a licensed health care professional. The Board may employ or contract with health care professionals or partner with community health centers to provide the services under the terms of a written contract or memorandum of understanding.

If a school nurse is employed by the school or district, the nurse shall be involved in planning and implementing the school health services as appropriate.

The Superintendent or designee shall coordinate the provision of school health services with other student wellness initiatives, including health education, nutrition and physical fitness programs, and other activities designed to create a healthy school environment. The Superintendent or designee shall encourage joint planning and regular communications among health services staff, district administrators, teachers, counselors, other staff, and parents/guardians.

To further encourage student access to health care services, the Superintendent or designee shall develop and implement outreach strategies to increase enrollment of eligible students from low- to moderate-income families in affordable, comprehensive state or federal health coverage programs and local health initiatives. Such strategies may include, but are not limited to, providing information about the Medi-Cal program on the application for free and reduced-price meals in accordance with law.

Consent and Confidentiality

The Superintendent or designee shall obtain written parent/guardian consent prior to providing services to a student, except when the student is authorized to consent to the service pursuant to Family Code 6920-6930, Health and Safety Code 124260, or other applicable law.

The Superintendent or designee shall maintain the confidentiality of student health records in accordance with law.

Payment/Reimbursement for Services

The Superintendent or designee may bill public and private insurance programs and other applicable programs for reimbursement of services as appropriate. Services may be provided free of charge or on a sliding scale in accordance with law.

The district shall serve as a Medi-Cal provider to the extent feasible, comply with all related legal requirements, and seek reimbursement of costs to the extent allowed by law.

Program Evaluation

In order to continuously improve school health services, the Board shall evaluate the effectiveness of such services and the extent to which they continue to meet student needs.

The Superintendent or designee shall provide the Board with periodic reports that may include, but are not necessarily limited to, rates of participation in school health services; changes in student outcomes such as school attendance or achievement; measures of school climate; feedback from staff and participants regarding program accessibility and operations, including accessibility to low-income and linguistically and culturally diverse students and families; and program costs and revenues.

Regulation 5141.6: School Health Services

Status: DRAFT

Original Adopted Date: 11/01/2008 **| Last Revised Date:** 06/01/2023

Types of Health Services

In accordance with student and community needs and available resources, school health services offered by the district may include, but are not limited to:

1. Health screenings, evaluations, and assessments of students' need for health services
2. Physical examinations, immunizations, and other preventive medical services
3. First aid and administration of medications
4. Diagnosis and treatment of minor injuries and acute medical conditions
5. Management of chronic medical conditions
6. Basic laboratory tests
7. Emergency response procedures
8. Nutrition services
9. Oral health services that may include preventive services, basic restorative services, and referral to specialty services

   The Superintendent or designee shall notify all parents/guardians of the opportunity pursuant to Health and Safety Code 104830-104865 for their child to receive the topical application of fluoride, including fluoride varnish, or other decay-inhibiting agent to the teeth during the school year. Such application of fluoride or other decay-inhibiting agent shall only be provided to a student whose parent/guardian returns the notification with an indication consenting to the treatment. (Health and Safety Code 104830, 104850, 104855)
10. Mental or behavioral health services, which may include assessments, crisis intervention, counseling, treatment, and referral to a continuum of services including emergency psychiatric care, community support programs, inpatient care, and outpatient programs
11. Substance abuse prevention and intervention services
12. Vision and audiology services
13. Speech therapy
14. Occupational therapy
15. Physical therapy
16. Reproductive health services
17. Specialized health care services for students with disabilities
18. Medical transportation
19. Targeted case management
20. Referrals and linkage to services not offered on-site
21. Public health and disease surveillance

22. Individual and family health education

23. School or districtwide health promotion

The district may deliver health care services, including mental and behavioral health, for students on campus by means of telehealth technology. (Education Code 49429)

Medi-Cal Billing

In order to provide services as a Medi-Cal provider, the district shall enter into and maintain a contract with the California Department of Health Care Services (DHCS). (Welfare and Institutions Code 14132.06; 22 CCR 51051, 51270)

The Superintendent or designee shall develop a plan to ensure that the district and all district subcontractors, provide individuals with speech, vision, and hearing disabilities auxiliary aides and services, to enable those individuals to effectively communicate and participate in the Medi-Cal program. Such auxiliary aides and services may include, but are not limited to, providing written materials in alternative formats, such as braille, large font, audio recordings, or closed captioning.

The Superintendent or designee shall ensure that all practitioners employed by or under contract with the district possess the appropriate license, certification, registration, or credential and provide only those services that are within their scope of practice. (22 CCR 51190.3, 51270, 51491)

The Superintendent or designee shall submit a claim for Medi-Cal reimbursement whenever the district provides a Medi-Cal-eligible student under age 22 and/or a member of the student's family a covered service specified in 22 CCR 51190.4 or 51360. (Welfare and Institutions Code 14132.06; 22 CCR 51096, 51098, 51190.1, 51190.4, 51309, 51360, 51535.5)

When the district provides services, or arranges for the provision of services, for treatment of a mental health or substance use disorder for a student at a school site or at an off-campus clinic, mobile counseling service, or similar district-arranged location, the district may seek reimbursement from the student's health care service plan, in accordance with the requirements of Health and Safety Code 1374.722.

The district shall maintain records and supporting documentation including, but not limited to, records of the type and extent of services provided to a Medi-Cal beneficiary in accordance with law. (22 CCR 51270, 51476)

Any federal funds received by the district as reimbursement for the costs of services under the Medi-Cal billing option shall be reinvested in approved services for students and their families. The Superintendent or designee shall consult with a local school-linked services collaborative group regarding decisions on reinvestment of federal funds. (22 CCR 51270)

The Superintendent or designee shall submit an annual report to DHCS to identify participants in the community collaborative, provide a financial summary including reinvestment expenditures, and describe service priorities for the future. (22 CCR 51270)

Medi-Cal Administrative Activities

The district shall apply for reimbursement for activities identified by DHCS which are related to the administration of the Medi-Cal program. Such activities include, but are not limited to, outreach, translation for Medi-Cal services, facilitation of applications, arrangement of nonemergency and nonmedical transportation of eligible individuals, program planning and policy development, claims coordination and administration, training, and general administration.

Appropriate staff shall receive training in administrative claiming categories and related activities.

To receive reimbursement for Medi-Cal administrative activities, the Superintendent or designee shall, on a quarterly basis, submit an invoice to the local educational consortium or local governmental agency through which the district has contracted.

In addition, the Superintendent or designee shall submit to the local educational consortium or local governmental agency, and shall update each quarter, a roster of all employees who perform direct Medi-Cal services or

administrative activities. When notified by the local educational consortium or local governmental agency of the date and time that a random-moment time survey must be conducted by a particular employee, the Superintendent or designee shall coordinate the completion and submission of the survey in accordance with DHCS timelines and procedures.

The Superintendent or designee shall maintain an audit file containing random-moment time survey documentation and other records specified by DHCS. Such documentation shall be kept for three years after the end of the quarter in which expenditures were incurred or, if an audit is in progress, until the completion of the audit.

Policy 5142: Safety

Status: DRAFT

Original Adopted Date: 11/01/2002 **| Last Revised Date:** 12/01/2022

The Board of Trustees recognizes the importance of providing a safe school environment that is conducive to learning and promotes student safety and well-being. Appropriate measures shall be implemented to minimize the risk of harm to students, including, but not limited to, protocols for maintaining safe conditions on school grounds, promoting safe use of school facilities and equipment, and guiding student participation in educational programs and school-sponsored activities.

Additionally, the Superintendent or designee shall regularly review current guidance regarding cybersecurity and digital media awareness and incorporate recommended practices into the district's processes and procedures related to the protection of the district's network infrastructure, and the monitoring and response to suspicious and/or threatening digital media content.

School staff shall be responsible for the proper supervision of students at all times when students are subject to district rules, including, but not limited to, during school hours, school-sponsored activities, before and after-school programs, morning drop-off and afternoon pick-up, and while students are using district provided transportation.

The Superintendent or designee shall ensure that students receive appropriate instruction on topics related to safety and emergency procedures, as well as injury and disease prevention.

Crossing Guards/Student Safety Patrol

To assist students in safely crossing streets adjacent to or near school sites, the Board may employ crossing guards and/or establish a student safety patrol at any district school. The Superintendent or designee shall periodically examine traffic patterns within school attendance areas in order to identify locations where crossing assistance may be needed.

Student Identification Cards and Safety Information

Student identification cards of students in grades 7-12 shall have printed on them safety information, including the following: (Education Code 215.5)

1. The National Suicide Prevention Lifeline telephone number and, at the district's discretion, the Crisis Text Line and/or a local suicide prevention hotline telephone number

2. The National Domestic Violence Hotline

Regulation 5142: Safety

Status: DRAFT

Original Adopted Date: 07/01/2006 **| Last Revised Date:** 12/01/2022

At each school, the principal or designee shall establish emergency procedures, rules for student conduct, and rules for the safe and appropriate use of school facilities, equipment, and materials, consistent with law, Board policy, and administrative regulation. The rules shall be communicated to students, distributed to parents/guardians, and readily available at the school at all times.

Release of Students

Students shall be released during the school day only to the custody of an adult who is one of the following:

1. The student's custodial parent/guardian

2. An adult authorized on the student's emergency card as an individual to whom the student may be released when the custodial parent/guardian cannot be reached, provided the principal or designee verifies the adult's identity

3. An authorized law enforcement officer acting in accordance with law

4. An adult taking the student to emergency medical care at the request of the principal or designee

Supervision of Students

Teachers shall be present at their respective rooms and shall open them to admit students not less than 30 minutes before the time that school starts. (5 CCR 5570)

Every teacher shall hold students to a strict account for their conduct on the way to and from school, on the playgrounds, and during recess. (Education Code 44807)

The principal or designee shall require all individuals supervising students to remain alert for unauthorized persons and dangerous conditions, and promptly report any unusual incidents to the principal or designee and file a written report as appropriate.

Any certificated or classified employee, or other school official, whose duties bring the employee or other school official in contact on a regular basis with students in any of grades 6-12, as part of a middle of high school, who are alerted to or observe any threat or perceived threat of a homicidal act, as defined, shall immediately report the threat or perceived threat to law enforcement in accordance with Education Code 49393. (Education Code 49390, 49393)

Threat or perceived threat means any writing or action of a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the student. It may also include a warning by a parent, student, or other individual.

Additionally, anyone who receives or learns of a health or safety threat related to school or a school activity is encouraged to report the threat to a school or district administrator.

In arranging for appropriate supervision on playgrounds, the principal or designee shall:

1. Clearly identify supervision zones and require all playground supervisors to remain at a location from which they can observe their entire zone of supervision and be observed by students in the supervision zone

2. Consider the size of the playground area, the number of areas that are obstructed from open view, and the age of the students to determine the ratio of playground supervisors to students

At any school where playground supervision is not otherwise provided, the principal or designee shall provide for certificated employees to supervise the conduct and safety, and direct the play, of students who are on school grounds before and after school and during recess and other intermissions. (5 CCR 5552)

The Superintendent or designee shall ensure that teachers, teacher aides, playground supervisors, yard aides, and volunteers who supervise students receive training in safety practices and in supervisory techniques that will help prevent problems and resolve conflicts among students. Additionally, all staff and other school officials shall be made aware of their responsibilities regarding the reporting of potential homicidal acts to law enforcement, and receive training in the assessment and reporting of such threats. The training shall be documented and kept on file.

Playground Safety

Any new playground or any replacement of equipment or modification of components inside an existing playground shall conform to standards set forth by the American Society for Testing and Materials and the guidelines set forth by the U.S. Consumer Product Safety Commission. The Superintendent or designee shall have a playground safety inspector certified by the National Playground Safety Institute conduct an initial inspection to aid compliance with applicable safety standards. (Health and Safety Code 115725)

Activities with Safety Risks

Due to concerns about the risk to student safety, the principal or designee shall not permit the following activities on campus or during school-sponsored events unless the activity is properly supervised, students wear protective gear as appropriate, and each participant has insurance coverage:

1. Trampolining
2. Scuba diving
3. Skateboarding or use of scooters
4. In-line or roller skating or use of skate shoes
5. Sailing, boating, or water skiing
6. Cross-country or downhill skiing
7. Motorcycling
8. Target shooting
9. Horseback riding
10. Rodeo
11. Archery
12. Mountain bicycling
13. Rock climbing
14. Rocketeering
15. Surfing
16. Body Contact Sports
17. Other activities determined by the principal to have a high risk to student safety

As needed, the Superintendent or designee may periodically provide training or instruction to students on the safe use of electric, motorized or nonmotorized bicycles, scooters, skateboards, and roller skates. Any student who rides any such bicycle, scooter, skateboard, or roller skates at school shall wear a properly fitted and fastened bicycle helmet.

Events In or Around a Swimming Pool

When any on-campus event that is not part of an interscholastic athletic program is sponsored or hosted by the district and is to be held in or around a swimming pool, at least one adult with a valid certification of cardiopulmonary resuscitation training shall be present throughout the duration of the event. (Education Code 35179.6)

Laboratory Safety

The principal of each school offering laboratory work shall develop procedures for laboratory safety and designate a trained certificated employee to regularly review, update, and implement these procedures.

Students in a laboratory shall be under the supervision of a certificated employee. Students shall be taught laboratory safety, and safety guidelines and procedures shall be posted in science classrooms. Students shall receive continual reminders about general and specific hazards.

Hazardous materials shall be properly used, stored, and disposed of in accordance with law and the district's chemical hygiene plan.

Bloodborne pathogens shall be handled in accordance with the district's exposure control plan.

The district's emergency plan, emergency contact numbers, and first aid supplies shall be readily accessible.

Parents/guardians shall be made aware of the kinds of laboratory activities that will be conducted during the school year.

Hearing Protection

The Superintendent or designee shall monitor students' exposure to excessive noise in classrooms and provide protection as necessary. The Superintendent or designee may also provide hearing conservation education to teach students ways to protect their hearing.

Eye Safety Devices

The Superintendent or designee shall provide schools with eye safety devices for use whenever students, teachers, or visitors are engaged in or observing an activity or using hazardous substances likely to cause injury to the eyes. Eye safety devices may be sold to students for an amount not to exceed the actual cost to the district. (Education Code 32030, 32031, 32033)

Regulation 5142.1: Identification And Reporting Of Missing Children

Status: DRAFT

Original Adopted Date: 07/01/2000 **| Last Revised Date:** 07/01/2011

Notices of Missing Children

Every school shall post in an appropriate area the monthly poster on missing children provided by the Department of Justice (DOJ). For elementary schools, the poster shall be posted in an area restricted to adults. (Education Code 38139; Penal Code 14210)

Whenever a new student enrolls or transfers into an elementary school in the district, the principal or designee is encouraged to review the missing person bulletins provided by the DOJ to determine if the student resembles a child listed as missing. (Education Code 49068.5)

School staff are also encouraged to monitor "Amber Alerts" issued by law enforcement agencies in serious, time-critical child abduction cases.

If a law enforcement agency notifies the district that a child enrolled in the district has been reported missing, the principal or designee of the school in which the child is enrolled shall place a notice on the front of the child's school record indicating that he/she has been reported missing. If a school receives a record inquiry or request from any person or entity regarding a missing child about whom the school has been notified, the principal or designee shall immediately notify the law enforcement agency that informed the school of the missing child's status. (Education Code 49068.6)

Reporting Missing Children

Any district employee who recognizes a child who has been reported missing through a DOJ notice, an Amber Alert, or other means shall immediately notify law enforcement using the hotline telephone number listed.

In the event that a district employee witnesses a child abduction, he/she shall immediately contact law enforcement and provide the agency with information on the location of the abduction and a description of the victim, the suspect, and any vehicle involved. He/she shall also notify the Superintendent or designee who shall implement steps, as needed, to ensure the safety of other students.

Policy 5142.2: Safe Routes To School Program

Status: DRAFT

Original Adopted Date: 07/01/2009 **| Last Revised Date:** 06/01/2021

The Board of Trustees recognizes that walking, bicycling, and other forms of active transport to school increase students' physical activity and reduce vehicle traffic and air pollution in the vicinity of schools. As part of the district's coordinated approach to supporting student wellness and safety and enhancing student learning and achievement, the Superintendent or designee shall develop and implement strategies to establish and encourage safe routes to school program activities.

All students shall have equitable access and opportunity to participate in the district's safe routes to school program.

The Superintendent or designee may appoint a program coordinator and identify or establish district and/or school site committees to oversee and coordinate related activities.

The Superintendent or designee may collaborate with local public works and public safety departments, transportation agencies, other city and county agencies, school staff, students, parents/guardians and parent organizations, health organizations, community organizations, and/or businesses in the development, implementation, and evaluation of strategies.

Strategies in support of the safe routes to school program shall be based on the grade levels of the students and an assessment of the conditions and needs of each school and the surrounding neighborhoods.

The Superintendent or designee mayexplore the availability of grant funds and other sources of funding to support related projects and activities.

Regulation 5142.2: Safe Routes To School Program

Status: DRAFT

Original Adopted Date: 07/01/2009 **| Last Revised Date:** 12/01/2022

District strategies to improve student safety along routes to school and to promote walking, bicycling, and other forms of active transport to school by students may include:

1. Education activities that promote safety and awareness, such as:

    a. Instructing students about pedestrian and personal safety related to the use of electric or motorized and nonmotorized bicycles or scooters, including by local law enforcement, organizations specified in Education Code 38134, and public agencies that provide safety instructions on such bicycles and scooters.

    b. Instructing students about the health, academic, and environmental benefits of walking, bicycling, and other forms of active transport to school

    c. Offering driver safety information to high school students, parents/guardians, and the community to promote safety around school campuses and routes

2. Encouragement strategies designed to generate interest in active transport to school, such as:

    a. Organizing or facilitating "walking school buses" and/or "bicycle trains" whereby students walk or bike to school in groups escorted by parents/guardians or other volunteers as needed

    b. Organizing special events and activities, such as Walk or Bike to School Day, International Walk to School Month, or year-round competitions

    c. Publicizing the district's efforts in order to build support of parents/guardians and the community, including providing information about the district's safe routes to school program in parent/guardian communications and in any notifications about transportation options

3. Enforcement strategies to deter unsafe behaviors of drivers, pedestrians, and bicyclists, such as:

    a. Initiating or expanding crossing guard, student safety patrol, and/or parent/guardian safety patrol programs

    b. Partnering with local law enforcement to help ensure that traffic laws are obeyed in the vicinity of schools and to implement appropriate measures such as placement of speed feedback monitors, ticketing, and/or driver safety campaigns

    c. Monitoring to ensure that students who bicycle to school or who use skateboards, skates, or nonmotorized scooters wear helmets in accordance with Vehicle Code 21212

4. Engineering strategies that address the design, implementation, operation, and maintenance of traffic control devices or physical measures, such as:

    a. Working with local government agencies, parents/guardians, school staff, and others as appropriate to gather data about environmental conditions and hazards along routes to school

    b. Working with local government agencies to make operational and physical improvements that reduce or eliminate hazards, such as reducing motor vehicle traffic speeds in the area and establishing safer and fully accessible crosswalks, walkways, trails, and bikeways

    c. Assessing the adequacy, accessibility, and safety of bicycle parking at schools and making modifications as needed, such as increasing the number of or relocating bicycle racks and/or equipment storage areas

    d. Considering safe routes to school when making decisions about siting and designing of new schools

5. Evaluation to assess progress toward program goals, including:

a. Gathering and interpreting data based on indicators established by the Superintendent and the Board of Trustees

b. Presenting data to the Board, program partners, and the public

c. Recommending program modifications as needed

6. Emerging technologies that aid in the prevention and mitigation of accidents

7. Emergency response in managing injuries after an accident occurs, including, but not limited to, training staff, crossing guards, student and/or parent/guardian safety patrols, and other volunteers who assist with drop-off and pick-up in emergency procedures

8. Equity, such that resources are distributed in a manner that provides safe access and participation in an equitable manner across the community

Policy 5143: Insurance

Status: DRAFT

Original Adopted Date: 12/01/1987 **| Last Revised Date:** 11/01/2006

The Board of Trustees believes that all students should have health and accident insurance protection to ensure that they receive needed health care services in the event of illness or injury.

The Superintendent or designee shall provide information to students and their parents/guardians about available insurance against injuries occurring during school-related activities, which may include printed matter furnished by the insurer or membership corporation. Parents/guardians shall not be required to enroll their children in insurance programs offered by the district.

Athletic Teams

Each student participating on a school athletic team shall have insurance protection in the amounts specified in law and administrative regulation for medical and hospital expenses resulting from accidental bodily injury. (Education Code 32221)

If a student does not have insurance protection or a reasonable equivalent of health benefits through other means, including, but not limited to, purchase by the student or his/her parent/guardian, the district shall offer a medical or hospital service or insurance program. (Education Code 32221)

The cost of the insurance protection shall be paid by the parent/guardian of an athletic team member or other persons on the student's behalf.

However, if the parent/guardian is financially unable to pay the costs, the costs shall be paid by the district and/or student body organization. (Education Code 32221)

Field Trips/Excursions

The district shall offer medical and/or hospital service or insurance protection for students injured while participating in any excursion or field trip under the jurisdiction of, sponsored by, or controlled by the district. (Education Code 35331)

Parents/guardians choosing to participate in the insurance program offered by the district shall pay the costs of the medical or hospital service or insurance protection.

Regulation 5143: Insurance

Status: DRAFT

Original Adopted Date: 07/01/2000 **| Last Revised Date:** 11/01/2006

Athletic Teams

"Members of a school athletic team" include: (Education Code 32220)

1. Members of any extramural athletic team engaged in athletic events on or outside school grounds

2. Members of school bands or orchestras, cheerleaders and their assistants, pompom girls, team managers and their assistants, and any student selected by the school or student body organization to directly assist in the conduct of the athletic event, including incidental activities, but only while such members are being transported by or under the sponsorship or arrangements of the district or the district's student body organization to or from a school or other place of instruction and the place at which the athletic event is being conducted

Insurance for members of school athletic teams shall provide coverage for injury arising while students are: (Education Code 32221)

1. Engaging in or preparing for an athletic event sponsored or arranged by the district or student body organization

2. Being transported by the school district, or under its sponsorship, to and from the school and place of the athletic even

Injuries arising while students are engaged in community recreational activities pursuant to Education Code 10900-10914.5 are excluded. (Education Code 32222)

The district shall offer for medical and hospital expenses resulting from accidental bodily injury a group or individual medical plan which is certified by the Insurance Commissioner to be equivalent to the required coverage of at least $1,500. (Education Code 32221)

The district requires each student participating on a school athletic team to have insurance protection in the amount offered by the district. (Education Code 32221)

Prior to participating in athletic activities, each member of an athletic team shall provide proof of insurance coverage to the Superintendent or designee.

Offers of insurance coverage sent to athletic team members shall include the following statement printed in boldface type of prominent size: (Education Code 32221.5)

> Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses.
>
> Some students may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. Information about these programs may be obtained by calling 1-800-430-4263.

The above statement shall also be included into any other letters or printed materials, in boldface type of prominent size, that contain the name and/or logo of the district and are sent to members of school athletic teams to inform them of the provisions of Education Code 32220-32224 or any other state law regarding the provision of insurance protection. (Education Code 32221.5)

Policy 5144: Discipline

Status: DRAFT

Original Adopted Date: 04/01/2014 **| Last Revised Date:** 03/01/2024

The Board of Trustees is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and achievement and desires to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent/guardian involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

The Superintendent or designee shall develop effective, age-appropriate strategies for maintaining a positive school climate and responding appropriately to student misbehavior at district schools. The strategies shall focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of district discipline policies and practices.

In addition, the Superintendent or designee's strategies for responding to student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed. (Education Code 48900.5)

School personnel and volunteers shall not allow any disciplinary action taken against a student to result in the denial or delay of a school meal. (Education Code 49557.5)

A student shall not be denied recess unless the student's participation poses an immediate threat to the physical safety of the student or to the physical safety of one or more of the student's peers. If, due to such immediate threat, a student is denied recess, staff shall make all reasonable efforts to resolve the threat and minimize the student's exclusion from recess, to the greatest extent practicable. (Education Code 49056)

Seclusion and behavioral restraint are prohibited as a means of discipline and shall not be used to correct student behavior except as permitted pursuant to Education Code 49005.4 and in accordance with district regulations. (Education Code 49005.2)

The Superintendent or designee shall create a model discipline matrix that lists violations and the consequences for each as allowed by law.

The principal or designee at each school may develop disciplinary rules to meet the school's particular needs consistent with law, Board policy, and administrative regulations. The Board, at an open meeting, may review the approved school discipline rules for consistency with Board policy and state law. Site-level disciplinary rules shall be included in the district's comprehensive safety plan. (Education Code 32282, 35291.5)

At all times, the safety of students and staff, providing interventions and supports to students, as well as the maintenance of an orderly school environment, shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate support and/or discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health, well-being, and opportunity to learn.

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

The Superintendent or designee shall provide professional development as necessary to assist staff in developing the skills needed to effectively and equitably implement the disciplinary strategies adopted for district schools, including, but not limited to, knowledge of school and classroom management skills and their consistent application, effective accountability and positive intervention techniques, and the tools to form strong, cooperative relationships with parents/guardians.

District goals for improving school climate, based on suspension and expulsion rates, surveys of students, staff, and parents/guardians regarding their sense of school safety and connectedness to the school community, and other local measures, shall be included in the district's local control and accountability plan, as required by law.

At the beginning of each school year, the Superintendent or designee may report to the Board regarding disciplinary strategies used in district schools in the immediately preceding school year and their effect on student learning.

Regulation 5144: Discipline

Status: DRAFT

Original Adopted Date: 11/01/2012 **| Last Revised Date:** 03/01/2024

Site-Level Rules

Site-level rules shall be consistent with state law and Board policies and administrative regulations. In developing site-level disciplinary rules, the principal or designee shall solicit the participation, views, and advice of one representative selected by each of the following groups: (Education Code 35291.5)

1. Parents/guardians
2. Teachers
3. School administrators
4. School security personnel, if any
5. Students in grades seven and eight

Annually, site-level discipline rules shall be reviewed and, if necessary, updated to align with any changes in state law, district discipline policies and regulations, and/or goals for school safety and climate as specified in the district's local control and accountability plan. A copy of the rules shall be filed with the Superintendent or designee for inclusion in the comprehensive safety plan.

School rules shall be communicated to students clearly and in an age-appropriate manner.

It shall be the duty of each employee of the school to enforce the school rules on student discipline. (Education Code 35291.5)

Disciplinary Strategies

To the extent possible, staff shall use disciplinary strategies that keep students in school and participating in the instructional program. Except when students' presence causes a danger to themselves or others or they commit a single act of a grave nature or an offense for which suspension or expulsion is required by law, suspension, supervised suspension, or expulsion shall be used only when other means of correction have failed to bring about proper conduct. Disciplinary strategies may include, but are not limited to:

1. Discussion or conference between school staff, the student, and the student's parents/guardians
2. Referral of the student to the school counselor or other school support service personnel for case management and counseling
3. Convening of a study team, guidance team, resource panel, or other intervention-related team to assess the behavior and develop and implement an individual plan to address the behavior in partnership with the student and the student's parents/guardians
4. When applicable, referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program (IEP) or a Section 504 plan
5. Enrollment in a program for teaching prosocial behavior or anger management
6. Participation in a restorative justice program
7. A positive behavior support approach with tiered interventions that occur during the school day on campus
8. Participation in a social and emotional learning program that teaches students the ability to understand and manage emotions, develop caring and concern for others, make responsible decisions, establish positive relationships, and handle challenging situations capably
9. Participation in a program that is sensitive to the traumas experienced by students, focuses on students'

behavioral health needs, and addresses those needs in a proactive manner

10. After-school programs that address specific behavioral issues or expose students to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups

11. Detention after school hours as provided in the section below entitled "Detention After School"

12. Community service as provided in the section below entitled "Community Service"

13. In accordance with Board policy and administrative regulation, restriction or disqualification from participation in extracurricular activities

14. Reassignment to an alternative educational environment

15. Suspension and expulsion in accordance with law, Board policy, and administrative regulation

When, by law or district policy, other means of correction are required to be implemented before a student could be suspended or expelled, any other means of correction implemented shall be documented and retained in the student's records. (Education Code 48900.5)

When a student has been suspended, or other means of correction have been implemented against the student, for an incident of racist bullying, harassment, or intimidation, the principal or designee shall engage both the victim and perpetrator in a restorative justice practice suitable to the needs of the students. The principal or designee shall also require the perpetrator to engage in a culturally sensitive program that promotes racial justice and equity and combats racism and ignorance and shall regularly check on the victim to ensure that the victim is not in danger of suffering from any long-lasting mental health issues. (Education Code 48900.5)

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

When disciplining a student who has been identified for special education and related services, the procedures specified in Administrative Regulation 5144.2 - Suspension And Expulsion/Due Process (Students With Disabilities) shall be applied. If a student has not been identified as a student with a disability and the district suspects the behavior that resulted in discipline may be based in an unidentified disability, the district shall conduct an evaluation to determine if the student has a disability which requires an IEP or 504 plan. (U.S.C. 1412(a)(3))

Detention After School

Students may be detained for disciplinary reasons for up to one hour after the close of the maximum school day, or until the departure of the school bus to which they have been assigned if applicable. (5 CCR 307, 353)

The student shall not be detained unless the principal or designee notifies the parent/guardian.

Students shall remain under the supervision of a certificated employee during the period of detention.

Students may be offered the choice of serving their detention on Saturday rather than after school.

Community Service

As part of or instead of disciplinary action, the Board, Superintendent, principal, or principal's designee may require a student to perform community service during nonschool hours on school grounds or, with written permission of the student's parent/guardian, off school grounds. Such service may include, but is not limited to, community or school outdoor beautification, community or campus betterment, and teacher, peer, or youth assistance programs. (Education Code 48900.6)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to Education Code 48915. However, if the recommended expulsion is not implemented or the expulsion itself is suspended, then the student may be required to perform community service for the resulting suspension. (Education Code 48900.6)

Notice to Parents/Guardians and Students

At the beginning of the school year, the Superintendent or designee shall notify parents/guardians, in writing, about the availability of district rules related to discipline. (Education Code 35291, 48980)

The Superintendent or designee shall also provide written notice of disciplinary rules to parents/guardians of transfer students at the time of their enrollment in the district.

Policy 5144.1: Suspension And Expulsion/Due Process

Status: DRAFT

Original Adopted Date: 12/01/2014 **| Last Revised Date:** 09/01/2024

The Board of Trustees desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when the behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus
4. During, going to, or coming from a school-sponsored activity

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

Appropriate Use of Suspension Authority

Except when a student's act violates Education Code 48900(a)-(e), as listed in Items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when the student's presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

No student may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

Students shall not be suspended or expelled based solely on a student's truancy, tardiness, or absenteeism from assigned school activities. (Education Code 48900)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (Education Code 48915)

1. Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Selling or otherwise furnishing a firearm
3. Brandishing a knife at another person

4. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058

5. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 287, 288, or 289, or former 288a, or committing a sexual battery as defined in Penal Code 243.4

6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation, the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct

2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting. (Education Code 48918(j))

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

No child enrolled in a preschool program shall be expelled or unenrolled except under limited circumstances in accordance with Education Code 8489.1 and as specified in Administrative Regulation 5148.3 - Preschool/Early Childhood Education.

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording the students due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall maintain outcome data related to student suspensions and expulsions in accordance with Education Code 48900.8 and 48916.1, including, but not limited to, the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period. For any expulsion that involves the possession of a firearm, such data shall include the name of the school and the type of firearm involved, as required pursuant to 20 USC 7961. Suspension and expulsion data shall be reported to the Board annually and to the California Department of Education when so required.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, long-term English learners, students with disabilities, foster youth, and homeless students. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

Regulation 5144.1: Suspension And Expulsion/Due Process

Status: DRAFT

Original Adopted Date: 12/01/2014 **| Last Revised Date:** 09/01/2024

Definitions

Suspension means removal of a student from ongoing instruction for adjustment purposes. However, suspension does not mean any of the following: (Education Code 48925)

1. Reassignment to another education program or class at the same school where the student will receive continuing instruction for the length of day prescribed by the Board of Trustees for students of the same grade level

2. Referral to a certificated employee designated by the principal to advise students

3. Removal from the class, but without reassignment to another class or program, for the remainder of the class period without sending the student to the principal or designee as provided in Education Code 48910, so long as removal from a particular class does not occur more than once every five school days

Expulsion means removal of a student from the immediate supervision and control or the general supervision of school personnel. (Education Code 48925)

Notice of Regulations

At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, including suspension and expulsion. (Education Code 35291, 48900.1, 48980)

Grounds for Suspension and Expulsion: Grades K-12

Acts for which a student, including a student with disabilities, may be suspended or expelled shall be only those specified as follows and in "Additional Grounds for Suspension and Expulsion: Grades 4-12," below:

1. Caused, attempted to cause, or threatened to cause physical injury to another person; willfully used force or violence upon another person, except in self-defense; or committed as an aider or abettor, as adjudged by a juvenile court, a crime of physical violence in which the victim suffered great or serious bodily injury (Education Code 48900(a) and (t))

2. Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object, unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the principal or designee's concurrence (Education Code 48900(b))

3. Unlawfully possessed, used, sold, otherwise furnished, or was under the influence of any controlled substance as defined in Health and Safety Code 11053-11059, alcoholic beverage, or intoxicant of any kind (Education Code 48900(c))

4. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code 11053-11059, alcoholic beverage, or intoxicant of any kind, and then sold, delivered, or otherwise furnished to any person another liquid, substance, or material and represented the same as a controlled substance, alcoholic beverage, or intoxicant (Education Code 48900(d))

5. Committed or attempted to commit robbery or extortion (Education Code 48900(e))

6. Caused or attempted to cause damage to school property or private property (Education Code 48900(f))

7. Stole or attempted to steal school property or private property (Education Code 48900(g))

8. Possessed or used tobacco or products containing tobacco or nicotine products, including, but not limited to, cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets, and betel, except that this restriction shall not prohibit a student from using or possessing prescription products (Education Code 48900(h))

9. Committed an obscene act or engaged in habitual profanity or vulgarity (Education Code 48900(i))

10. Unlawfully possessed, offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code 11014.5 (Education Code 48900(j))

11. Knowingly received stolen school property or private property (Education Code 48900(l))

12. Possessed an imitation firearm (Education Code 48900(m))

    Imitation firearm means a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm. (Education Code 48900(m))

13. Committed or attempted to commit a sexual assault as defined in Penal Code 261, 266c, 286, 287, 288, 289, or former 288a, or committed a sexual battery as defined in Penal Code 243.4 (Education Code 48900(n))

14. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness (Education Code 48900(o))

15. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma (Education Code 48900(p))

16. Engaged in, or attempted to engage in, hazing (Education Code 48900(q))

    Hazing means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. Hazing does not include athletic events or school-sanctioned events. (Education Code 48900(q))

17. Engaged in an act of bullying (Education Code 48900(r))

    Bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, directed toward one or more students that has or can reasonably be predicted to have the effect of placing a reasonable student(s) in fear of harm to self or property; cause the student to experience a substantially detrimental effect on physical or mental health; or cause the student to experience substantial interferences with academic performance or ability to participate in or benefit from the services, activities, or privileges provided by a school. (Education Code 48900(r))

    Bullying includes any act of sexual harassment, hate violence, or harassment, threat, or intimidation, as defined in Education Code 48900.2, 48900.3, or 48900.4 and below in "Additional Grounds for Suspension and Expulsion: Grades 4-12," that has any of the effects described above on a reasonable student.

    Bullying also includes an act of cyber sexual bullying by a student through the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording that depicts a nude, semi-nude, or sexually explicit photograph or other visual recording of an identifiable minor, when such dissemination is to another student or to school personnel by means of an electronic act and has or can be reasonably predicted to have one or more of the effects of bullying described above. Cyber sexual bullying does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

    Electronic act means the creation or transmission originated on or off the school site by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication including, but not limited to: (Education Code 48900(r))

    a. A message, text, sound, video, or image

    b. A post on a social network Internet website, including, but not limited to, posting to or creating a burn page or creating a credible impersonation or false profile for the purpose of causing a reasonable student any of the effects of bullying described above

Reasonable student means a student, including, but not limited to, a student who has been identified as a student with a disability, who exercises average care, skill, and judgment in conduct for a person of the student's age, or for a person of the student's age and disability. (Education Code 48900(r))

Burn page means an internet website created for the purpose of causing a reasonable student any of the effects of bullying described above. (Education Code 48900(r))

Credible impersonation means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that the student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated. (Education Code 48900(r))

False profile means a profile of a fictitious student or profile using the likeness or attributes of an actual student other than the student who created the false profile. (Education Code 48900(r))

An electronic act is not considered pervasive conduct solely on the basis that it has been transmitted to the internet or is currently posted on the internet. (Education Code 48900(r))

When a student has been suspended, or other means of correction have been implemented against the student, for an incident of racist bullying, harassment, or intimidation, the principal or designee may, as appropriate, engage both the victim and perpetrator in a restorative justice practice suitable to the needs of the students. The principal or designee shall also require the perpetrator to engage in a culturally sensitive program that promotes racial justice and equity and combats racism and ignorance and shall regularly check on the victim to ensure that the victim is not in danger of suffering from any long-lasting mental health issues. (Education Code 48900.5)

18. Aided or abetted the infliction or attempted infliction of physical injury on another person, as defined in Penal Code 31 (Education Code 48900(t))

19. Made terrorist threats against school officials and/or school property (Education Code 48900.7)

    A *terrorist threat* includes any written or oral statement by a person who willfully threatens to commit a crime which will result in death or great bodily injury to another person or property damage in excess of $1,000, with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying out the crime. (Education Code 48900.7)

A student may not be suspended or expelled for disruption or willful defiance. (Education Code 48900)

Additional Grounds for Suspension and Expulsion: Grades 4-12

A student in grades 4-12 shall be subject to suspension or recommendation for expulsion when it is determined that the student:

1. Committed sexual harassment as defined in Education Code 212.5 (Education Code 48900.2)

   Sexual harassment means conduct which, when considered from the perspective of a reasonable person of the same gender as the victim, is sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile, or offensive educational environment. (Education Code 212.5, 48900.2)

2. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233 (Education Code 48900.3)

   Hate violence means any act punishable under Penal Code 422.6, 422.7, or 422.75. Such acts include injuring or intimidating a victim, interfering with the exercise of a victim's civil rights, or damaging a victim's property because of the victim's race, ethnicity, religion, nationality, disability, gender, gender identity, gender expression, or sexual orientation; a perception of the presence of any of those characteristics in the victim; or the victim's association with a person or group with one or more of those actual or perceived characteristics. (Education Code 233; Penal Code 422.55)

3. Intentionally engaged in harassment, threats, or intimidation against district personnel or students that is

sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of school personnel or students by creating an intimidating or hostile educational environment (Education Code 48900.4)

Suspension from Class by a Teacher

A teacher may suspend a student from class for the remainder of the day and the following day for any of the acts specified in Education Code 48900 and listed as Items #1-19 under "Grounds for Suspension and Expulsion: Grades K-12" above or for disruption or willful defiance at any grade level. (Education Code 48910)

When suspending a student from class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, the student shall be appropriately supervised during the class periods from which the student has been suspended. (Education Code 48910)

As soon as possible after the teacher has suspended the student, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if requested by the parent/guardian or teacher. (Education Code 48910)

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

A teacher may also refer a student, for any of the acts specified above in Education Code 48900, to the principal or designee for consideration of a suspension from school. (Education Code 48910)

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Suspension by Superintendent, Principal or Principal's Designee

To implement disciplinary procedures at a school site, the principal may, in writing, designate as the principal's designee another administrator or, if the principal is the only administrator at the school site, a certificated employee. As necessary, the principal may, in writing, also designate another administrator or certificated employee as the secondary designee to assist with disciplinary procedures when the principal and the principal's primary designee are absent from the school site.

The Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity away from school to have committed any of the acts listed in the Board policy under "Authority to Expel" for which a recommendation of expulsion is required. (Education Code 48915(c))

The Superintendent, principal, or designee may impose a suspension for a first offense if it is determined that the student violated any of Items #1-5 listed under "Grounds for Suspension and Expulsion: Grades K-12" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

When other means of correction are implemented prior to imposing suspension upon a student, including supervised suspension, the Superintendent, principal, or designee shall document the other means of correction used and retain the documentation in the student's record. (Education Code 48900.5)

Length of Suspension

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year. However, if a student enrolls in or is transferred to another regular school, an opportunity school or class, or continuation school or class for the purpose of adjustment, the student may be suspended for not more than 30 school days in a school year. The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903, 48911, 48912)

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (Education Code 48911)

Due Process Procedures for Suspension

Suspensions shall be imposed in accordance with the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension as required pursuant to Education Code 48900.5, and the evidence against the student, and shall be given the opportunity to present the student's version and evidence in the student's defense. (Education Code 48911)

   This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, the student, the student's parent/guardian, or if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or if the student is an Indian child, the Indian child's tribal social worker and, if applicable, county social worker, shall be notified of the student's right to a conference and the right to return to school for the purpose of the conference. The conference shall be held within two school days, unless the student waives the right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school for the conference. (Education Code 48911)

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian, or if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or if the student is an Indian child, the Indian child's tribal social worker, and, if applicable, the county social worker, in person, by email, or by telephone. Whenever a student is suspended, the parent/guardian, or, if applicable, the foster youth's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, the county social worker, shall also be notified in writing of the suspension. (Education Code 48911)

   This notice shall state the specific offense committed by the student. (Education Code 48900.8)

   In addition, the notice shall state the date and time when the student may return to school.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may conduct a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

   If school officials request to meet with the parent/guardian, a foster youth's educational rights holder, attorney, and county social worker, or an Indian child's tribal social worker, and, if applicable, the county social worker, the notice may state that the law requires such individuals to respond to the request without delay. However, the student shall not be penalized for the failure of the parent/guardian, a foster youth's educational rights holder, attorney, and county social worker, or an Indian child's tribal social worker, and, if applicable, the county social worker, to attend such a conference. The student may not be denied reinstatement solely because such individuals failed to attend the conference. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or

designee may, in writing, extend the suspension until such time as the Board has made a decision, provided the following requirements are followed: (Education Code 48911)

a. The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard

   This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension.

b. The Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process

c. If the student involved is a foster youth or Indian child, the Superintendent or designee shall notify the district's educational liaison of the need to invite the foster youth's educational rights holder, attorney and county social worker, or the Indian child's tribal social worker or, if applicable, the county social worker, to attend the meeting (Education Code 48853.5, 48911, 48918.1)

d. If the student involved is a child or youth experiencing homelessness, the Superintendent or designee shall notify the district liaison for homeless students (Education Code 48918.1)

e. In lieu of or in addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct the behavior and keep the student in school

Suspension by the Board

The Board may suspend a student for any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12," and "Additional Grounds for Suspension and Expulsion: Grades 4-12," above and within the limits specified under "Suspension by Superintendent, Principal, or Designee," above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold a closed session if a public hearing would lead to disclosure of information that would violate a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

The Board shall provide the student and parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

On-Campus Suspension

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to on-campus suspension in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The on-campus suspension classroom shall be staffed in accordance with law

2. The student shall have access to appropriate counseling services

3. The on-campus suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension

4. The student shall be responsible for contacting the student's teacher(s) to receive assignments to be completed in the supervised suspension classroom and the teacher(s) shall provide all assignments and tests that the student will miss while suspended

If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to an on-campus suspension classroom, the principal or designee shall notify the student's parent/guardian, or if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or, if the student if an Indian child, the Indian child's tribal social worker and, if applicable, county social worker, in person, by email, or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Superintendent or Principal's Authority to Recommend Expulsion

Unless the Superintendent or principal determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, the Superintendent or principal shall recommend a student's expulsion for any of the following acts: (Education Code 48915)

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance as listed in Health and Safety Code 11053-11059, except for:
    a. The first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis
    b. The student's possession of over-the-counter medication for use by the student for medical purposes
    c. Medication prescribed for the student by a physician
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed the act(s) that form the basis for the expulsion recommendation. (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Stipulated Expulsion

After a determination that a student has committed an offense for which the student may be expelled, the Superintendent, principal, or designee shall offer the student, the student's parent/guardian, or, when applicable, other person holding the right to make educational decisions for the student, the option to waive a hearing and stipulate to the expulsion or to a suspension of the expulsion under certain conditions. The offer shall be made only after written notice of the expulsion hearing pursuant to Education Code 48918 has been given.

The stipulation agreement shall be in writing and shall be signed by the student, the student's parent/guardian, or, when applicable, the person holding the right to make educational decisions for the student. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of the right to have a full hearing, to appeal the expulsion to the County Board of Education, and to consult legal counsel.

A stipulated expulsion agreed to by the student, the student's parent/guardian, or, when applicable, the person holding the right to make educational decisions for the student, shall be effective upon approval by the Board.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, the Superintendent or designee shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of the right to: (Education Code 48918.5)

1. Receive five days' notice of the scheduled testimony at the hearing

2. Have up to two adult support persons present at the hearing at the time the witness testifies

3. Have a closed hearing during the time the witness testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing

2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based

3. A copy of district disciplinary rules which relate to the alleged violation

4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment

   This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney adviser

   Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

   Nonattorney adviser means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the

hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing

7. The opportunity to confront and question all witnesses who testify at the hearing

8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses

Additional Notice of Expulsion Hearing for Foster Youth, Homeless Students, and Indian Children

If the student facing expulsion is a foster student or Indian child, the Superintendent or designee shall also send notice of the hearing to the foster youth's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker, at least 10 calendar days prior to the hearing. (Education Code 48918.1)

If the student facing expulsion is a student experiencing homelessness, the Superintendent or designee shall also send notice of the hearing to the district liaison for homeless students at least 10 calendar days prior to the hearing. (Education Code 48918.1)

Any notice for these purposes may be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such a request is made, the meeting shall be public to the extent that privacy rights of other students are not violated. (Education Code 48918)

   Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session. (Education Code 48918(c))

   If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to testify in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, a videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c)

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

   Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

   If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be

compelled to testify by means of a sworn declaration as described in Item #6 below. (Education Code 48918(i))

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion: Grades K-12," and "Additional Grounds for Suspension and Expulsion: Grades 4-12," above. (Education Code 48918(h))

   Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

   In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when a hearing involves allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)

   a. Any complaining witness shall be given five days' notice before being called to testify

   b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel, present during the testimony

   c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential

   d. The person presiding over the hearing may remove a support person who is disrupting the hearing

   e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5

   f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard

      Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

   g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment

      i. The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony

      ii. At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room

      iii. The person conducting the hearing may:

         A. Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness

         B. Limit the time for taking the testimony of a complaining witness to normal school hours, if there is no good cause to take the testimony during other hours

C. (Permit one of the support persons to accompany the complaining witness to the witness stand

6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from school, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. The Board may also appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918)

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated and permitted to return to the classroom instructional program from which the referral was made, unless another placement is requested in writing by the student's parent/guardian. Before the student's placement decision is made by the student's parent/guardian, the Superintendent or designee shall consult with the parent/guardian and district staff, including the student's teachers, regarding other placement options for the student in addition to the option to return to the classroom instructional program from which the student's expulsion referral was made. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion. If the hearing officer or administrative panel recommends that the Board expel a student but suspend the enforcement of the expulsion, the student shall not be reinstated and permitted to return to the classroom instructional program from which the referral was made until the Board has ruled on the recommendation. (Education Code 48917, 48918)

Final Action by the Board

Whether the expulsion hearing is conducted in closed or open session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board in public. (Education Code 48918(j))

The Board's decision is final. If the decision is to not expel, the student shall be reinstated immediately. If the decision is to suspend the enforcement of the expulsion, the student shall be reinstated under the conditions of the suspended expulsion.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for any "mandatory recommendation and mandatory expulsion" act listed in "Authority to Expel" in the accompanying Board policy, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may

include: (Education Code 48916)

1. Periodic review, as well as assessment at the time of review, for readmission

2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" (Education Code 48900.8)

2. The fact that a description of readmission procedures will be made available to the student and parent/guardian (Education Code 48916)

3. Notice of the right to appeal the expulsion to the County Board (Education Code 48918)

4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)

5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision to Suspend Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior

2. The seriousness of the misconduct

3. The student's attitude toward the misconduct and willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation

   This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)

2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status (Education Code 48917)

3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" above, or violates any of the district's rules and regulations governing student conduct (Education Code 48917)

4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the

terms of the original expulsion order (Education Code 48917)

5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school

   Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)

6. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian

   The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j))

7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board (Education Code 48917)

Appeal

If a student is expelled from school, the student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

If the student submits a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board, the district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance, or of any student acts involving the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate county or district law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Placement During Expulsion

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems

2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at any of these

3. Not housed at the school site attended by the student at the time of suspension

When the placement described above is not available and when the County Superintendent so certifies, students expelled for only acts described in Items #6-12 under "Grounds for Suspension and Expulsion: Grades K-12" and Items #1-3 under "Additional Grounds for Suspension and Expulsion: Grades 4-12" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary

school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Prior to the date set by the Board for the student's readmission:

1. The Superintendent or designee shall hold a conference with the student's parent/guardian, or other person holding the right to make educational decisions for the student, and the student

   At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and the student's parent/guardian or other person holding the right to make educational decisions for the student shall be asked to indicate in writing their willingness to comply with these regulations.

2. The Superintendent or designee shall transmit to the Board a recommendation regarding readmission

   The Board shall consider this recommendation in closed session. If a written request for open session is received from the student's parent/guardian or other person holding the right to make educational decisions for the student, or adult student, it shall be honored to the extent that privacy rights of other students are not violated.

3. If the readmission is granted, the Superintendent or designee shall notify the student and the student's parent/guardian, or other person holding the right to make educational decisions for the student, by registered mail, of the Board's decision regarding readmission

4. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees (Education Code 48916)

5. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school

6. The Board shall provide written notice to the expelled student and the student's parent/guardian, or other person holding the right to make educational decisions for the student, describing the reasons for denying readmittance into the regular program

   This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district.

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

Regulation 5144.2: Suspension And Expulsion/Due Process (Students With Disabilities)

Status: DRAFT

Original Adopted Date: 11/01/2006 **| Last Revised Date:** 09/01/2024

A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (IDEA), 20 USC 1400-1482, is subject to the same grounds and procedures for suspension and expulsion which apply to students without disabilities, except as otherwise specified in this administrative regulation.

Suspension or expulsion of a student with disabilities shall be in accordance with Board Policy 5144.1 - Suspension And Expulsion/Due Process and this administrative regulation.

When a student with disabilities exhibits behavior which impedes the student's own learning or that of others, the student's individualized education program (IEP) team shall consider positive behavioral interventions and supports, and other strategies, to address the behavior. (Education Code 56521.2; 20 USC 1414)

Suspension

The Superintendent, principal, or designee may suspend a student from school for up to five consecutive school days, unless the suspension has been extended following a recommendation for expulsion. (Education Code 48911)
A student may usually be suspended from school for up to 20 cumulative school days, or 30 cumulative school days as permitted by Education Code 48903, in a school year as long as the pattern of suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536. (Education Code 48903; 34 CFR 300.530)

The Superintendent or designee shall determine, on a case-by-case basis, whether a pattern of removals of a student from the student's current educational placement for disciplinary reasons constitutes a change of placement.

A change of placement shall be deemed to have occurred under either of the following circumstances: (34 CFR 300.536)

1. A decision has been made that would result in the removal of the student for more than 10 consecutive school days

2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:

    a. The series of removals total more than 10 school days in a school year

    b. The student's behavior is substantially similar to the student's behavior in previous incidents that resulted in the series of removals

    c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another

If a student's removal is determined to be a change of placement as specified in Items #1-2 above, the student's IEP team shall determine the appropriate educational services. Such services shall be designed to enable the student to continue to participate in the general education curriculum in another setting, to progress toward meeting the goals set out in the student's IEP, and to address the student's behavior violation so that it does not recur. (20 USC 1412(a)(1)(A); 34 CFR 300.530)

If the IEP of a student with a disability requires the district to provide the student with transportation, the district shall provide the student with an alternative form of transportation at no cost to the student or the student's parent/guardian when, as a result of a suspension, the student is excluded from school bus transportation. (Education Code 48915.5)

The principal or designee shall monitor the number of days, including portions of days, in which a student with an IEP has been suspended during the school year.

Interim Alternative Educational Placement Due to Dangerous Behavior

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student's disability, when

the student commits one of the following acts while at school, going to or from school, or at a school-related function: (20 USC 1415(k)(1)(G); 34 CFR 300.530)

1. Carries or possesses a weapon, as defined in 18 USC 930

2. Knowingly possesses or uses illegal drugs

3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V

4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365

The student's interim alternative educational setting shall be determined by the student's IEP team. (20 USC 1415(k)(1)(G); 34 CFR 300.531)

On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

A student who has been removed from the student's current placement because of dangerous behavior shall receive services, although in another setting, to the extent necessary to allow the student to participate in the general education curriculum and to progress toward meeting the goals set out in the IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation, so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Manifestation Determination

The following procedural safeguards shall apply when a decision has been made to suspend a student with a disability for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. Notice: On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504

   If the student is a foster youth, the notice shall be given to the student's educational rights holder, attorney, and county social worker, and, if the student is an Indian child, the student's tribal social worker and, if applicable, county social worker. (Education Code 48853.5; 20 USC 1415(k)(1)(H); 34 CFR 300.530)

2. Manifestation Determination Review: Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action (20 USC 1415(k)(1)(E); 34 CFR 300.530)

   If the student is a foster youth or Indian child, the foster youth's educational rights holder, attorney, or county social worker, or the Indian child's tribal social worker and, if applicable, county social worker, shall be invited to participate in the manifestation determination review. (Education Code 48915.5)

   At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

   a. Caused by or had a direct and substantial relationship to the student's disability

   b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

      If the manifestation review team determines that either of the above conditions applies, the student's conduct shall then be determined to be a manifestation of the student's disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. Determination that Behavior is a Manifestation of the Student's Disability: When the student's conduct has been determined to be a manifestation of the student's disability, the IEP team shall conduct a functional behavioral assessment, unless one had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student

   If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

   The student shall be returned to the placement from which the student was removed, unless the parent/guardian and Superintendent or designee agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

4. Determination that Behavior is Not a Manifestation of the Student's Disability: When it has been determined that the student's conduct was not a manifestation of the disability, the student may be disciplined in accordance with the procedures for students without disabilities

   However, the student's IEP team shall determine services necessary to enable the student to participate in the general education curriculum in another setting and to allow the student to progress toward meeting the goals set out in the IEP. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

   As appropriate, the student also shall receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances), 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), the parent/guardian may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a due process hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC 1415(k)(4); 34 CFR 300.533)

Readmission

Readmission procedures for students with disabilities shall be the same as those adopted for students without disabilities. Upon readmission of a student with disabilities, an IEP team meeting shall be convened to review and, as necessary, modify the student's IEP.

Decision Not to Enforce Expulsion Order

The Boar of Trustees' criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in Administrative Regulation 5144.1 - Suspension And Expulsion/Due Process.

When giving any required notification concerning a student with disabilities to any law enforcement official, the principal or designee shall require the law enforcement official to certify in writing that the student's information or records will not be disclosed to any other person without the prior written consent of the student's parent/guardian.

(Education Code 49076)

Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action. (Education Code 48203)

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been determined to be eligible for special education and related services and who has violated the district's code of student conduct may nevertheless assert any of the protections under IDEA, if the district had knowledge of the student's disability. (20 USC 1415(k)(5); 34 CFR 300.534)

Knowledge means that, before the occurrence of the behavior that precipitated the disciplinary action, one of the following occurred: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian, in writing, has expressed concern to district supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education or related services

2. The parent/guardian has requested an evaluation of the student for special education pursuant to 20 USC 1414(a)(1)(B) or 34 CFR 300.300-300.311

3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or other supervisory district personnel about a pattern of behavior demonstrated by the student

However, the district shall not be deemed to have knowledge of a student's disability if the student's parent/guardian has not allowed the student to be evaluated for special education services or has refused services or, after evaluating the student pursuant to 34 CFR 300.300-300.311, the district determined that the student was not an individual with a disability. (20 USC 1415(k)(5); 34 CFR 300.534)

When the district is deemed to not have knowledge of a student's disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC 1415(k)(5); 34 CFR 300.534)

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415(k)(5); 34 CFR 300.534)

Policy 5144.4: Required Parental Attendance

Status: DRAFT

Original Adopted Date: 04/01/2015

The Board of Trustees is committed to providing a safe school environment and setting expectations for appropriate student conduct. The Superintendent or designee may involve parents/guardians in student discipline as necessary to improve a student's behavior and encourage personal responsibility.

When removing a student from class pursuant to Education Code 48910 for committing an act of obscenity, habitual profanity or vulgarity, disruption of school activities, or willful defiance, the teacher of the class may require any parent/guardian who lives with the student to accompany the student for a portion of a school day in the class from which the student has been removed. (Education Code 48900.1)

Any teacher requiring parental attendance pursuant to this policy shall apply the policy uniformly to all students within the classroom. (Education Code 48900.1)

District and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. (Education Code 48900.1)

Regulation 5144.4: Required Parental Attendance

Status: DRAFT

Original Adopted Date: 04/01/2015

Whenever a teacher requires a parent/guardian to attend a portion of a school day with his/her child for the child's commission of an act specified in Education Code 48900(i) or (k), the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is required pursuant to law. (Education Code 48900.1)

The notice shall:

1. Inform the parent/guardian of the date that his/her presence is expected, the length of the visit, and by what means he/she may arrange an alternate date

2. Direct the parent/guardian to meet with the principal after the visit and before leaving school

3. Direct the parent/guardian to contact the school if there are reasonable factors that would prevent him/her from complying with the attendance requirement

Attendance of the parent/guardian shall be limited to the class from which the student was removed. (Education Code 48900.1)

A parent/guardian who has received a written notice shall attend class as specified in the notice. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

At the meeting with the student's parent/guardian, the principal or designee shall explain the district's and school's discipline policies, including the disciplinary strategies that may be used to achieve proper student conduct.

When a parent/guardian does not respond to the request to attend school, the principal or designee shall contact him/her by any method that maintains the confidentiality of the student's records.

Policy 5145.11: Questioning And Apprehension By Law Enforcement

Status: DRAFT

Original Adopted Date: 10/01/1996 **| Last Revised Date:** 07/01/2011

The Board of Trustees believes that the safety of district students and staff is essential to achieving the goal of student learning. In accordance with standards specified in law, law enforcement officers may interview and question students on school premises and may remove them when appropriate.

The Superintendent or designee shall collaborate with local law enforcement agencies to establish procedures which enable law enforcement officers to carry out their duties on school campus, including, when necessary, the questioning and/or apprehension of students.

When any law enforcement officer requests an interview with a student, the principal or designee shall request the officer's identity, his/her official capacity, and the legal authority under which the interview is to be conducted. The principal or designee shall maintain a record of all documentation relative to law enforcement interviews of students.

The principal or designee shall accommodate the interview in a way that causes the least possible disruption for the student and school and provides the student appropriate privacy.

At the law enforcement officer's discretion and with the student's approval, the principal or designee may be present during the interview.

Except in cases of child abuse or neglect, the principal or designee shall attempt to notify the student's parent/guardian as soon as practicable after the law enforcement officer has interviewed the student on school premises.

If a minor student is removed from school into the custody of law enforcement, the principal or designee shall immediately notify the parent/guardian or responsible relative regarding the student's release and the place to which he/she is reportedly being taken, except when the minor has been taken into custody as a victim of suspected child abuse. (Education Code 48906)

Subpoenas

Although subpoenas may legally be served at school on students age 12 or older, the Board believes that serving officials should be strongly urged to serve subpoenas at the home of the student whenever possible. When served at school, the principal or designee shall take reasonable steps to protect the student's privacy rights and to minimize loss of class time for the student.

Policy 5145.12: Search And Seizure

Status: DRAFT

Original Adopted Date: 03/01/2000 **| Last Revised Date:** 06/01/2021

The Board of Trustees is fully committed to promoting a safe learning environment and, to the extent possible, eliminating the possession and use of weapons, illegal drugs, and other controlled substances by students on school premises and at school activities. As necessary to protect the health and welfare of students and staff, and only as authorized by law, Board policy, and administrative regulation, school officials may search students, their property, and/or district property under their control and may seize illegal, unsafe, or otherwise prohibited items. School officials shall exercise discretion and use good judgment when conducting searches.

The Superintendent or designee shall ensure that staff who conduct student searches receive training regarding the requirements of the district's policy and administrative regulation and other legal issues, as appropriate.

Searches Based on Individualized Suspicion

School officials may search an individual student, the student's property, or district property under the student's control when there is a reasonable suspicion that the search will uncover evidence that the student is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation.

Any search of a student, the student's property, or district property under the student's control shall be limited in scope and designed to produce evidence related to the alleged violation. Factors to be considered by school officials when determining the scope of the search shall include the danger to the health or safety of students or staff, such as the possession of weapons, drugs, or other dangerous instruments, and whether the item(s) to be searched by school officials are reasonably related to the contraband to be found. In addition, school officials shall consider the intrusiveness of the search in light of the student's age, gender, and the nature of the alleged violation.

The types of student property that may be searched by school officials include, but are not limited to, lockers, desks, purses, backpacks, and student vehicles parked on district property.

A student's personal electronic device may be searched only if a school official, in good faith, believes that an emergency involving danger of death or serious physical injury to the student or others requires access to the electronic device information.

Employees shall not conduct strip searches or body cavity searches of any student. (Education Code 49050)

Searches of individual students shall be conducted in the presence of at least two district employees.

The principal or designee shall notify the parent/guardian of a student subjected to an individualized search as soon as possible after the search.

Searches of Student Lockers and Desks

All student lockers and desks are the property of the district. The principal or designee may conduct a general inspection of school properties that are within the control of students, such as lockers and desks, on a regular, announced basis, with students standing by their assigned lockers or desks. Any items contained in a locker or desk shall be considered to be the property of the student to whom the locker or desk was assigned.

Regulation 5145.12: Search And Seizure

Status: DRAFT

Original Adopted Date: 03/01/2000 **| Last Revised Date:** 11/01/2008

Notifications

At the beginning of each school year and upon enrollment, the Superintendent or designee shall inform students and parents/guardians about the district's policies and procedures for searches, including notice regarding the possibility of random searches of students, their belongings, their vehicles parked on district property, and district properties under a student's control, including lockers or desks

Policy 5145.13: Response To Immigration Enforcement

Status: DRAFT

Original Adopted Date: 05/01/2018 **| Last Revised Date:** 03/01/2025

The Board of Trustees is committed to the success of all students and believes that every school site should be a safe and welcoming place for all students and their families irrespective of their citizenship or immigration status.

District staff shall not solicit or collect information or documents, and shall not seek or require information or documents to the exclusion of other permissible information or documents, regarding the citizenship or immigration status of a student or the student's family members. (Education Code 234.7)

In accordance with law, Board Policy 0410 - Nondiscrimination in District Programs and Activities, and Board Policy 5145.3 - Nondiscrimination/Harassment, no student shall be denied equal rights and opportunities, nor be subjected to unlawful discrimination, harassment, intimidation, or bullying in the district's programs and activities on the basis of the student's or family's immigration status or for the refusal to provide information related to the student's or family's immigration status. (Education Code 200, 220, 234.1)

Resources and data collected by the district shall not be used, directly or by others, to compile a list, registry, or database of individuals based on national origin, immigration status, religion, or other category of individual characteristics protected against unlawful discrimination. (Government Code 8310.3)

The Superintendent or designee shall notify parents/guardians regarding their children's right to a free public education regardless of immigration status or religious beliefs and their rights related to immigration enforcement. (Education Code 234.7)

The Superintendent or designee shall develop procedures for addressing any immigration-related requests by a law enforcement officer for access to district records, school sites, or students.

The Superintendent or designee may provide training to staff regarding immigration issues, including information on responding to a request from a law enforcement officer to visit a school site or to have access to a student.

The Superintendent or designee shall report to the Board in a timely manner any requests for information or access to a school site by a law enforcement officer for the purpose of enforcing the immigration laws. Such notification shall be provided in a manner that ensures the confidentiality and privacy of any potentially identifying information. (Education Code 234.7)

Regulation 5145.13: Response To Immigration Enforcement

Status: DRAFT

Original Adopted Date: 05/01/2018 **| Last Revised Date:** 03/01/2025

Responding to Requests for Immigration-Related Information or Documents

Upon receiving any verbal or written request for information or documents related to a student's or family's immigration or citizenship status, district staff shall:

1. Record or otherwise document the request and notify the Superintendent or designee about the request

2. Provide the student's parent/guardian or, if the student is at least 18 years old, the student, with notice, a description of the request, and any documentation provided to the district describing the request, unless prohibited by a court order, judicial subpoena/warrant, or in cases involving investigation of child abuse, neglect, or dependency

Information or documents related to a student's immigration or citizenship status shall not be disclosed to a law enforcement officer without consent by the parent/guardian or, if the student is at least 18 years old, by the student, a court order, or judicial subpoena/warrant. To obtain written consent, the release of student information shall include the following information:

1. The signature and signature date of the parent/guardian, or student if the student is at least 18 years old

2. A description of the records to be disclosed

3. The reason for the release of information

4. The parties or class of parties receiving the information

5. A copy of the records to be released, if requested by the parent/guardian or student

In accordance with law and Board Policy 5125 - Student Records, the Superintendent or designee shall annually notify parents/guardians that the district will not release student information to third parties for immigration enforcement purposes, unless the parent/guardian consents or as required to do so by a court order or judicial subpoena/warrant.

Responding to Requests for Access to Students or School Grounds

District staff shall receive parent/guardian consent or, if the student is at least 18 years old, the student's consent, before the student is interviewed or searched by any law enforcement officer for immigration enforcement purposes, unless the officer presents a court order or a judicial warrant.

A student's parent/guardian shall be immediately notified when a law enforcement officer requests or is able to interview, search, detain, or otherwise interact with the student for immigration enforcement purposes, unless prohibited by a court order or a judicial warrant, or in cases involving investigations of child abuse, neglect, or dependency. (Education Code 48906)

A law enforcement officer who requests to enter district property which is not open to all visitors shall register in accordance with Board Policy 1250 - Visitors/Outsiders, except in cases where the officer states that exigent circumstances exist or as stated in a court order or judicial warrant. (Penal Code 627.2, 627.3)

As early as possible, district staff shall notify the Superintendent or designee of any immigration enforcement-related request by a law enforcement officer for access to a student or to district property, including service of lawful warrants, subpoenas, petitions, complaints, or other similar documents.

Responding to Law Enforcement Officers on District Property

District staff shall report the presence of any law enforcement officer on district property for immigration enforcement purposes to on-site district police and other appropriate administrators.

Unless a law enforcement officer declares that exigent circumstances exist and demands immediate access to the

campus, district staff shall take the following actions when such an officer is actually or imminently present on district property for immigration enforcement purposes:

1. Advise the officer that before school personnel can respond to the officer's request, they must first receive notification and direction from the Superintendent, principal, or designee, except under exigent circumstances that necessitate immediate action

2. Request to see and record or otherwise document the officer's credentials, including the officer's name and badge number, and the phone number of the officer's supervisor, and note or make a copy of all such information

3. Ask the officer for, and then record or otherwise document, the officer's reason for being on district property

4. Request that the officer produce any documentation that authorizes the officer's school access, make copies of all such documentation, and retain at least one copy for district records

5. Contact and consult with the district's legal counsel or Superintendent or designee

6. Follow the direction from the district's legal counsel or Superintendent or designee

If the officer declares that exigent circumstances exist and demands immediate access to the campus, district staff shall comply with the officer's orders and immediately contact the Superintendent or designee and then the district's legal counsel.

Regardless of whether the officer declares that exigent circumstances exist, district staff shall not attempt to physically impede the officer, even if the officer appears to be acting outside the law or in excess of the officer's stated or documented authorization. If an officer enters the premises without consent, district staff shall document the officer's actions while on campus but only to the extent that it does not impede the officer's actions.

After the officer leaves district property, district staff shall promptly make written notes of all interactions with the officer, including:

1. A list or copy of the officer's credentials and contact information, if known

2. The identity of all other district staff known to have communicated with the officer

3. A description of the officer's request and activities

4. The type of documentation, such as a warrant or subpoena, that authorized the officer's request or actions, what was requested by the documentation, and whether the documentation was signed by a judge

5. District staff's response to the officer's request

6. Any further action taken by the officer

7. Copies of any documents presented by the officer

District staff shall promptly provide a copy of these notes and any associated documents district staff has collected from the officer to the district's legal counsel or other district official designated by the Superintendent.

The district's legal counsel or the Superintendent or designee shall submit a timely report to the Board of Trustees regarding the officer's requests and actions and the district's response. (Education Code 234.7)

The Superintendent or designee shall also email the Bureau of Children's Justice in the California Department of Justice (BCJ@doj.ca.gov) regarding any attempt by a law enforcement officer to access a school site or a student for immigration enforcement purposes.

Responding to the Detention or Deportation of Student's Parent/Guardian

The Superintendent or designee shall encourage parents/guardians to update their emergency contact information as needed at any time. The Superintendent or designee shall notify parents/guardians that the district will only use

information provided on the emergency cards in response to specific emergency situations and not for any other purpose.

The Superintendent or designee may also encourage all students and families to learn their emergency phone numbers and be aware of the location of important documentation, including birth certificates, passports, social security cards, physicians' contact information, medication lists, lists of allergies, and other such information that would allow the students and families to be prepared in the event that a student's parent/guardian is detained or deported.

In the event that a student's parent/guardian is detained or deported, the Superintendent or designee shall release the student to the person(s) designated in the student's emergency contact information or to any individual who presents a caregiver's authorization affidavit on behalf of the student. The Superintendent or designee shall only contact child protective services if district personnel are unable to arrange for the timely care of the student by the person(s) designated in the emergency contact information maintained by the school or identified on a caregiver's authorization affidavit.

In an instance where a student's parent/guardian was detained or deported, the Superintendent or designee shall notify the student, as well as the individuals designated in the student's emergency contact information and any individual who presented a caregiver's authorization affidavit on behalf of the student, that the student continues to meet the residency requirements for attendance in the district if the student and the student's parent/guardian who was detained or deported satisfy the conditions as specified in Education Code 48204.4.

The Superintendent or designee may refer a student or the student's family members to other resources for assistance, including, but not limited to, an U.S. Immigrant and Customs Enforcement detainee locator, legal assistance, or the consulate or embassy of the parent/guardian's country of origin.

Policy 5145.2: Freedom Of Speech/Expression

Status: DRAFT

Original Adopted Date: 03/01/1993 **| Last Revised Date:** 11/01/2007

The Board of Trustees believes that free inquiry and exchange of ideas are essential parts of a democratic education. The Board respects students' rights to express ideas and opinions, take stands on issues, and support causes, even when such speech is controversial or unpopular.

On-Campus Expression

Students shall have the right to exercise freedom of speech and of the press including, but not limited to, the use of bulletin boards; the distribution of printed materials or petitions; the wearing of buttons, badges, and other insignia; and the right of expression in official publications. (Education Code 48907)

Student expression on district or school Internet web sites and online media shall generally be afforded the same protections as in print media.

Students' freedom of expression shall be limited only as allowed by Education Code 48907, 48950, and other applicable state and federal laws.

Students are prohibited from making any expressions or distributing or posting any materials that are obscene, libelous, or slanderous. Students also are prohibited from making any expressions that so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, the violation of school rules, or substantial disruption of the school's orderly operation. (Education Code 48907)

The use of "fighting words" or epithets is prohibited in those instances where the speech is abusive and insulting, rather than a communication of ideas, and the speech is used in an abusive manner in a situation that presents an actual danger that it will cause a breach of the peace.

School officials shall not engage in prior restraint of material prepared for official school publications except insofar as the content of the material violates the law. (Education Code 48907)

The Superintendent or designee shall not discipline any high school student solely on the basis of speech or other communication that would be constitutionally protected when engaged in outside of school, but may impose discipline for harassment, threats, or intimidation unless constitutionally protected. (Education Code 48950)

Off-Campus Expression

A student shall be subject to discipline for off-campus expression, including expression on off-campus Internet web sites, when such expression poses a threat to the safety of other students, staff, or school property, or substantially disrupts the educational program. The Superintendent or designee shall document the impact the expression had or could be expected to have on the school program.

Regulation 5145.2: Freedom Of Speech/Expression

Status: DRAFT

Original Adopted Date: 11/01/2001 **| Last Revised Date:** 11/01/2007

School-Sponsored Publications

Students shall have the right to exercise freedom of speech and of the press in official school publications, except for expression that is obscene, libelous, slanderous, or so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, the violation of lawful school regulations, or the substantial disruption of the orderly operation of the school. (Education Code 48907)

Official school publications includes material produced by students in journalism, newspaper, yearbook, or writing classes and distributed to the student body either for a fee or free. (Education Code 48907)

Each principal shall develop a school publications code outlining the responsibility of student journalists, editors, and publication advisors.

All student submissions shall be held to professional standards of English and journalism. (Education Code 48907)

If the principal considers material submitted for publication to violate Education Code 48907, he/she shall notify the student, without undue delay, and give specific reasons why the submitted material may not be published. Absent extraordinary circumstances, such notice should be given in sufficient time to allow the student time to either modify the material or to seek review of the principal's determination from the Superintendent or designee. Prior to any restriction of student speech, school officials shall consider any feasible alternative options to restricting the speech.

To the extent that the principal or designee believes that the school and district should be disassociated from a particular idea or opinion, the principal may require student articles to include disclaimers.

Distribution of Printed Materials and Petitions by Students

The principal or designee may provide bulletin boards on which students and student organizations may post materials of general interest. Students also may post or distribute handbills, leaflets, and other printed material, whether produced within or outside of the school. Students may collect signatures on petitions concerning school or nonschool issues.

Printed materials or petitions may be distributed only:

1. Before or after school or during lunch time

2. In locations that do not obstruct the normal flow of traffic within the school or at entrances

No student shall use coercion to induce any other student or person to accept printed matter or to sign a petition. No funds shall be collected for any material distributed.

Clothing, Buttons, and Badges

Buttons, badges, armbands, and clothing bearing slogans or sayings may be worn unless their message falls into the categories prohibited by law and Board policy. No employee shall interfere with this practice on the grounds that the message may be controversial or unpopular with students or faculty.

Policy 5145.3: Nondiscrimination/Harassment

Status: DRAFT

Original Adopted Date: 10/01/2014 **| Last Revised Date:** 07/01/2024

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school, and to all acts of the Board of Trustees and the Superintendent in enacting policies and procedures that govern the district.

The Board desires to provide a welcoming, safe, and supportive school environment that allows all students equal access to and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, of any student by anyone, based on the student's actual or perceived race; color; ancestry; nationality; national origin; immigration status; ethnic group identification; ethnicity; age; religion; pregnancy, childbirth, termination of pregnancy or lactation, including related medical conditions or recovery; parental, marital, and family status; physical or mental disability; medical condition; sex; sex stereotypes; sex characteristics; sexual orientation; gender; gender identity; gender expression; or genetic information; or, association with a person or group with one or more of these actual or perceived characteristics.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

Because unlawful discrimination could occur when disciplining students, including suspension and expulsion, the Superintendent or designee shall ensure that staff enforce discipline rules fairly, consistently and in a non-discriminatory manner, as specified in Board Policy and Administrative Regulation 5144 - Discipline, Board Policy and Administrative Regulation 5144.1 - Suspension and Expulsion/Due Process, and Administrative Regulation 5144.2 - Suspension and Expulsion/Due Process (Students With Disabilities).

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates, participates, or refuses to participate in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's website in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation. (Education Code 234.1, 234.6; 34 CFR 106.8)

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

When a student has been suspended, or other means of correction have been implemented against the student for an incident of racist bullying, harassment, or intimidation, the principal or designee shall engage both the victim and perpetrator in a restorative justice practice suitable to the needs of the students. The principal or designee shall also require the perpetrator to engage in a culturally sensitive program that promotes racial justice and equity and combats racism and ignorance and shall regularly check on the victim to ensure that the victim is not in danger of suffering from any long-lasting mental health issues. (Education Code 48900.5)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

Allegations of unlawful discrimination in district programs and activities shall be brought, investigated, and resolved in accordance with Board Policy 1312.3 - Uniform Complaint Procedures, when required by law. However, complaints alleging sex discrimination, including sex-based harassment, under Title IX shall be investigated and resolved in accordance with the procedures specified in 34 CFR 106.44 and 106.45 and Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools.

Regulation 5145.3: Nondiscrimination/Harassment

Status: DRAFT

Original Adopted Date: 09/01/2016 **| Last Revised Date:** 07/01/2024

The district designates the individual(s) identified below as the Compliance Officer(s). The employee(s) is responsible for coordinating the district's efforts to comply with applicable state and federal civil rights laws and to answer inquiries regarding the district's nondiscrimination policies. The individual(s) shall also serve as the Compliance Officer(s) specified in Administrative Regulation 1312.3 - Uniform Complaint Procedures as the responsible employee to handle complaints alleging unlawful discrimination of a student, and the Title IX Coordinator specified in Administrative Regulation 5145.7 - Sex Discrimination and Sex-Based Harassment as the responsible employee to handle complaints alleging unlawful sex discrimination and sex-based harassment, as permitted by law. The Compliance Officer(s) may be contacted at: (Education Code 234.1; 5 CCR 4621)

Measures to Prevent Discrimination

To prevent unlawful discrimination, including discriminatory harassment, intimidation, retaliation, and bullying, of students at district schools or in school activities and to ensure equal access of all students to the educational program, the Superintendent or designee shall implement the following measures:

1. Publicize the district's nondiscrimination policy and related complaint procedures, including the Compliance Officer's contact information, to students, parents/guardians, employees, volunteers, and the general public by posting them in prominent locations and providing easy access to them through district-supported communications

2. Post the district's policies and procedures prohibiting discrimination, harassment, student sex-based harassment, intimidation, bullying, and cyberbullying, including a section on social media bullying that includes all of the references described in Education Code 234.6 as possible forums for social media, in a prominent location on the district's website in a manner that is easily accessible to parents/guardians and students (Education Code 234.1, 234.6)

3. Post the definition of sex discrimination and harassment as described in Education Code 230, including the rights set forth in Education Code 221.8, in a prominent location on the district's website in a manner that is easily accessible to parents/guardians and students (Education Code 234.6)

4. Post in a prominent location on the district website in a manner that is easily accessible to parents/guardians and students information regarding Title IX prohibitions against discrimination based on a student's sex; sex characteristics; sexual orientation; gender; gender identity; pregnancy, childbirth, termination of pregnancy or lactation, including related medical conditions or recovery; and parental, marital, and family status, including the following: (Education Code 221.6, 221.61, 234.6)

    a. The name and contact information of the district's Title IX Coordinator, including the phone number and email address

    b. The rights of students and the public and the responsibilities of the district under Title IX, including a list of rights as specified in Education Code 221.8 and web links to information about those rights and responsibilities located on the websites of the Office for Equal Opportunity and the U.S. Department of Education's Office for Civil Rights (OCR)

    c. A description of how to file a complaint of noncompliance under Title IX, which shall include:

        i. An explanation of the statute of limitations within which a complaint must be filed after an alleged incident of discrimination has occurred and how a complaint may be filed beyond the statute of limitations

        ii. An explanation of how the complaint will be investigated and how the complainant may further

pursue the complaint, including web links to this information on OCR's website

iii. A web link to the OCR complaints form and the contact information for the office, including the phone number and email address for the office

d. A link to the Title IX information included on the California Department of Education's (CDE) website

5. By April 1, 2025, post CDE's standardized incident form to track racial discrimination, harassment, or hazing that occurs at high school sporting games or events, including information on how to submit a completed incident form to the district (Education Code 33353)

6. Post in a prominent location on the district's website and include in each handbook, catalog, announcement, bulletin, and application form for students, parents/guardians or other authorized legal representative, and employees, the Title IX notice of nondiscrimination which includes the following: (34 CFR 106.8)

   a. The district does not discriminate on the basis of sex in any education program or activity that it operates

   b. Inquiries about the application of Title IX may be referred to the district's Title IX Coordinator and/or OCR

   c. The name or title, office and email address, and telephone number of the district's Title IX Coordinator

   d. How to locate the district's nondiscrimination policy and the district's grievance procedures for Title IX complaints

   e. How to report conduct that may constitute sex discrimination under Title IX

   f. How to make a complaint of Title IX sex discrimination

   If necessary due to the format or size of any publication specified above, the district may include only the statement that the district prohibits sex discrimination in any education program or activity that it operates, that individuals may report concerns or questions to the Title IX Coordinator, and the location of the complete notice on the district's website.

   The district shall not distribute a publication stating that the district treats students, employees or applicants differently on the basis of sex, unless such treatment is permitted by Title IX.

7. Post a link to statewide CDE-compiled resources, including community-based organizations, that provide support to youth who have been subjected to school-based discrimination, harassment, intimidation, or bullying and to their families (Education Code 234.5)

   Such resources shall be posted in a prominent location on the district's website in a manner that is easily accessible to parents/guardians and students. (Education Code 234.6)

8. Provide to students a handbook that contains age-appropriate information that clearly describes the district's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior

9. Annually notify all students and parents/guardians of the district's nondiscrimination policy, including its responsibility to provide a safe, nondiscriminatory school environment for all students

   The notice shall inform students and parents/guardians that they may request to meet with the Compliance Officer to determine how best to accommodate or resolve concerns that may arise from the district's implementation of its nondiscrimination policies. The notice shall also inform all students and parents/guardians that, to the extent possible, the district will address any individual student's interests and concerns in private.

10. Ensure that students and parents/guardians, including those with limited English proficiency, are notified of how to access the relevant information provided in the district's nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand

If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning nondiscrimination shall be translated into that language in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

11. Provide to students, employees, volunteers, and parents/guardians age-appropriate training and/or information regarding the district's nondiscrimination policy; what constitutes prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them

    Such training and information shall include details of guidelines the district may use to provide a discrimination-free environment for all district students.

12. Provide to certificated employees serving students in grades 7-12 information on existing school and community resources related to the support of lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ+) students, or related to the support of students who may face bias or bullying on the basis of any of the actual or perceived characteristics in Penal Code 422.55, including immigration status; Education Code 220; and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation; or association with a person or group with one or more of these actual or perceived characteristics (Education Code 234.1)

13. For the 2025-2026 school year through the 2029-2030 school year, provide annually to certificated employees serving students in grades 7-12 at least one hour of training to support LGBTQ+ cultural competency in accordance with Education Code 218.3

14. At the beginning of each school year, inform school employees that any employee who witnesses any act of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, against a student is required to intervene if it is safe to do so (Education Code 234.1)

15. At the beginning of each school year, inform each principal or designee of the district's responsibility to provide appropriate assistance or resources to protect students from threatened or potentially discriminatory behavior and ensure their privacy rights

Process for Initiating and Responding to Complaints

Students who feel that they have been subjected to unlawful discrimination described above or in district policy are strongly encouraged to immediately contact the Compliance Officer, Title IX Coordinator, principal, or any other staff member. In addition, students who observe any such incident are strongly encouraged to report the incident to the Compliance Officer, Title IX Coordinator, or principal, regardless of whether the alleged victim files a complaint.

Any school employee who observes an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, or to whom such an incident is reported shall report the incident to the Compliance Officer, Title IX Coordinator, or principal within one workday, regardless of whether the alleged victim files a complaint.

Any school employee who witnesses an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When a report of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, is made to or received by the principal, Compliance Officer, or Title IX Coordinator, the principal, Compliance officer, or Title IX Coordinator shall notify the student or parent/guardian of the right to file a formal complaint in accordance with Administrative Regulation 1312.3 - Uniform Complaint Procedures or, for complaints of sex discrimination, including sex-based harassment, the right to initiate the Title IX grievance procedures as specified in Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures. Once notified verbally or in writing, the Compliance Officer or Title IX Coordinator shall begin the investigation and shall implement immediate measures necessary to stop the discrimination and ensure that all students have access to the educational program and a safe school environment. Any interim measures adopted to address unlawful

discrimination shall, to the extent possible, not disadvantage the complainant or a student who is the victim of the alleged unlawful discrimination.

Any report or complaint alleging unlawful discrimination by the principal, Compliance Officer, Title IX Coordinator, or any other person to whom a report would ordinarily be made or complaint filed shall instead be made to or filed with the Superintendent or designee who shall determine how the complaint will be investigated.

Policy 5145.6: Parent/Guardian Notifications

Status: DRAFT

Original Adopted Date: 03/01/2007 **| Last Revised Date:** 06/01/2024

The Board of Trustees desires to promote effective communication from the district and/or school to families to keep families informed regarding educational programs, school operations, and the legal rights of students and parents/guardians. The Superintendent or designee shall send parents/guardians all notifications required by law and any other notifications the Superintendent or designee believes will promote familial understanding and involvement.

Notice of the rights and responsibilities of parents/guardians as specified in Education Code 48980 shall be sent at the beginning of each academic year and may be provided by regular mail, in electronic form when so requested by the parent/guardian, or by any other method normally used by the district for written communication with parents/guardians. (Education Code 48981)

No activity specified in Education Code 48980 shall be undertaken with respect to any particular student unless the student's parent/guardian has been informed of such action through the annual notification or other separate special notification. Such notice shall state the activity that will be undertaken and the approximate date on which the activity will occur. (Education Code 48983-48984)

The annual notification shall include a request that the parent/guardian sign the notice and return it to the school or, if the notice is provided in electronic format, that the parent/guardian submit a signed acknowledgment of receipt of the notice to the school. The parent/guardian's signature is not required. Any signature is an acknowledgment of receipt of the information but does not indicate that consent to participate in any particular program has been given or withheld. (Education Code 48982)

Whenever a student enrolls in a district school during the school year, the student's parents/guardians shall be given all required parental notifications at that time.

Notifications shall be presented in an understandable and uniform format.

When necessary, the district shall provide notifications to qualified individuals with disabilities in alternative formats, such as braille, large font, or audio recordings, to enable such individuals to effectively participate in any program, service, or activity, as required by law.

Whenever 15 percent or more of the students enrolled in a district school speak a single primary language other than English, as determined from the California Department of Education census data collected pursuant to Education Code 52164, all notices sent to the parent/guardian of any such student shall, in addition to being written in English, be written in the primary language, and may be responded to either in English or the primary language. (Education Code 48981, 48985)

Whenever an employee learns that a student's parent/guardian is unable to understand the district's printed notifications for any reason, the employee shall inform the principal or designee, who shall work with the parent/guardian to establish other appropriate means of communication.

Exhibit 5145.6-E(1): Parent/Guardian Notifications

Status: DRAFT

Original Adopted Date: 03/01/2018 **| Last Revised Date:** 06/01/2024

Cautionary Notice: Government Code 17581.5 releases districts from the obligation to perform specified mandated activities when the Budget Act does not provide reimbursement during that fiscal year. The Budget Act of 2023 (SB 101, Ch. 12, Statutes of 2023) extends the suspension of these requirements through the 2023-24 fiscal year. As a result, certain provisions of the following Exhibit related to scoliosis screening and bus safety instruction may be suspended.

This exhibit is a non-exhaustive list of notices that the law explicitly requires be provided to parents/guardians. Other notices may exist and be identified in the future.

Policy 5145.7: Sexual Harassment

Status: DRAFT

Original Adopted Date: 03/01/2012 | **Last Revised Date:** 07/01/2024

The Board of Trustees is committed to maintaining a welcoming, safe, and supportive school environment that is free from discrimination and harassment. The Board prohibits at school or at school-sponsored or school-related activities, sex discrimination and sex-based harassment, as defined in the accompanying administrative regulation, targeted at any student, based on the student's actual or perceived sex; sex stereotypes; sex characteristics; sexual orientation; gender; gender identity; gender expression; pregnancy, childbirth, termination of pregnancy or lactation, including related medical conditions or recovery; and, parental, marital, and family status.

Additionally, the Board prohibits retaliatory behavior or action against any person who complains or testifies about conduct that reasonably may constitute sex discrimination, including sex-based harassment, reports such conduct, or otherwise participates or refuses to participate in the complaint process established for the purpose of this policy. (Education Code 220.1; 34 CFR 106.71)

The district strongly encourages students who feel that they are being or have experienced sex discrimination, including sex-based harassment, on school grounds or at a school-sponsored or school-related activity, or off-campus when the conduct has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee.

Any employee who receives a report or observes an incident of sex discrimination, including sex-based harassment, by or against a student in a district education program or activity shall report the incident to the Title IX Coordinator within one workday.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures.

The Title IX Coordinator shall offer and coordinate supportive measures to be provided to the complainant and, if the district has begun grievance procedures or offered an informal resolution process to the respondent, offer and coordinate supportive measures to be provided to the respondent as deemed appropriate under the circumstances.

The Superintendent or designee shall ensure that all district staff are trained regarding the district's sex discrimination and sex-based harassment policy, and that all employees receive training related to their duties under Title IX as specified in Administrative Regulation 4119.11/4219.11/4319.11 - Sex Discrimination and Sex-Based Harassment. (34 CFR 106.8)

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sex discrimination and sex-based harassment. Such instruction and or information shall include:

1. What acts and behavior constitute sex discrimination and sex-based harassment, including the fact that sex discrimination and sex-based harassment could occur between people of the same sex and could involve sexual violence

2. A clear message that students do not have to endure sex discrimination or sex-based harassment under any circumstance

3. Encouragement to report observed incidents of sex discrimination and sex-based harassment even when the alleged victim of the discrimination or harassment has not complained

4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sex discrimination or sex-based harassment incident will be addressed separately and will not affect the manner in which the sex discrimination or sex-based harassment complaint will be received, investigated, or resolved

5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sex discrimination and sex-based harassment allegation that involves a student, whether as the complainant, respondent, or victim of the discrimination or harassment, shall be investigated

and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students

6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sex discrimination and/or sex-based harassment should be made

7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sex discrimination or sex-based harassment complaint continues

8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sex discrimination or sex-based harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of sex discrimination and/or sex-based harassment, any student found to have engaged in sex discrimination, and/or sex-based harassment or sexual violence, in violation of this policy, shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of sex discrimination and/or sex-based harassment, any employee found to have engaged in sex discrimination against, and/or sex-based harassment or sexual violence toward, any student, shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

The Superintendent or designee shall maintain records in accordance with law, including in accordance with 34 CFR 106.8 as specified in Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures, and district policies and regulations, of all reported cases of sex-based harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

Regulation 5145.7: Sexual Harassment

Status: DRAFT

Original Adopted Date: 10/01/2014 **| Last Revised Date:** 07/01/2024

The district does not discriminate on the basis of sex in any of its programs or activities and complies with Title IX of the Education Amendments of 1972 and its implementing regulations. Sex discrimination, including sex-based harassment, is prohibited in district education programs and activities.

Definitions

Sex discrimination includes treating a student differently with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services based on the student's sex, sex stereotypes; sex characteristics; sexual orientation; gender; gender identity; gender expression; pregnancy, childbirth, termination of pregnancy, or lactation, including related medical conditions and recovery; parental, family, or marital status; or the student's association with a person or group with one or more of these actual or perceived characteristics.

Sex discrimination, including sex-based harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct and occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Sex-based harassment is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex, sex stereotypes, sex characteristics, or other bases specified above. Conduct will constitute sex-based harassment when it takes the form of: (34 CFR 106.2, 106.11)

1. Quid pro quo harassment: A district employee, agent, or other individual authorized by the district to provide an aid, benefit, or service in the district's education program or activity conditioning the provision of district aid, benefit, or service on a student's participation in unwelcome sexual conduct

2. Hostile environment harassment: Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the district's education program or activity

   Any prohibited conduct that occurs off campus or outside of school-related or school-sponsored programs or activities will be regarded as sex-based harassment in violation of district policy if it has a continuing effect on a student's ability to participate in or benefit from district educational programs or activities.

3. Sexual assault, dating violence, domestic violence, or stalking as defined in 34 CFR 106.2

Sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the educational setting, under any of the following conditions: (Education Code 212.5; 5 CCR 4916)

1. Submission to the conduct is explicitly or implicitly made a term or condition of a student's academic status or progress

2. Submission to or rejection of the conduct by a student is used as the basis for academic decisions affecting the student

3. The conduct has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment

4. Submission to or rejection of the conduct by the student is used as the basis for any decision affecting the student regarding benefits and services, honors, programs, or activities available at or through any district program or activity

Examples of Sex Discrimination and Sex-Based Harassment

Examples of types of conduct which are prohibited in the district and which may constitute sex- based harassment,

under state and/or federal law, in accordance with the definitions above, include, but are not limited to:

1. Unwelcome leering, sexual flirtations, or propositions
2. Unwelcome sex-based slurs, epithets, threats, verbal abuse, derogatory comments, or sexually degrading descriptions
3. Graphic verbal comments about an individual's body or overly personal conversation
4. Sex-based jokes, derogatory posters, notes, stories, cartoons, drawings, pictures, obscene gestures, or computer-generated images of a sexual nature
5. Spreading sex-based rumors
6. Teasing or sexual remarks about students enrolled in a predominantly single-sex class
7. Massaging, grabbing, fondling, stroking, or brushing the body
8. Touching an individual's body or clothes in a sexual way
9. Impeding or blocking movements or any physical interference with school activities when directed at an individual on the basis of sex
10. Displaying sexually suggestive objects
11. Sexual assault, sexual battery, or sexual coercion
12. Electronic communications containing comments, words, or images described above

Title IX Coordinator/Compliance Officer

The district designates the following individual(s) as the responsible employee(s) to coordinate its efforts to comply with Title IX. The individual(s) shall also serve as the Compliance Officer(s) specified in Administrative Regulation 1312.3 - Uniform Complaint Procedures and Administrative Regulation 5145.3 - Nondiscrimination/Harassment as the responsible employee(s) to handle student complaints alleging unlawful discrimination, as permitted by law. The Title IX Coordinator(s) may be contacted at:

Director, Student Support Programs, Services and Compliance
2930 Gay Avenue, San Jose, CA 95127
408-928-6945
studentservices@arusd.org

Notifications

To prevent unlawful sex discrimination and sex-based harassment in district programs and activities, the Superintendent or designee shall provide notifications and implement measures to prevent discrimination and harassment as specified in Administrative Regulation 5145.3 - Nondiscrimination/Harassment.

In addition to the measures to prevent discrimination specified in Administrative Regulation 5145.3 - Nondiscrimination/Harassment, the Superintendent or designee shall ensure that a copy of the district's sex discrimination and sex-based harassment policy and regulation:

1. Is displayed in a prominent location in the main administrative building or other area where notices of district rules, regulations, procedures, and standards of conduct are posted (Education Code 231.5)
2. Is summarized on a poster, which shall be prominently and conspicuously displayed in each bathroom and locker room at each school

   The poster may be displayed in public areas that are accessible to and frequented by students, including, but not limited to, classrooms, hallways, gymnasiums, auditoriums, and cafeterias. The poster shall display the rules and procedures for reporting a charge of sexual harassment; the name, phone number, and email address of an

appropriate school employee to contact to report sexual harassment; the rights of the reporting student, the complainant, and the respondent; and the responsibilities of the school. (Education Code 231.6)

3. Is provided as part of any orientation program conducted for new and continuing students at the time the student is enrolled or at the beginning of each quarter, semester, or summer session (Education Code 231.5)

4. Appears in any school or district publication that sets forth the school's or district's comprehensive rules, regulations, procedures, and standards of conduct (Education Code 231.5)

Reports and Complaints

A student or a student's parent(s)/guardian(s) who believes that the student has been subjected to sex discrimination, including sex-based harassment, in a district program or activity or who has witnessed sex discrimination, including sex-based harassment, is strongly encouraged to report the incident to the district's Title IX Coordinator, a teacher, the principal, or any other available school employee. Within one workday of receiving such a report, the principal or other school employee shall forward the report to the district's Title IX Coordinator. Any school employee who observes sex discrimination or sex-based harassment shall, within one workday, report the observation to the Title IX Coordinator as specified in the accompanying board policy. The report shall be made regardless of whether the alleged victim files a formal complaint or requests confidentiality.

When a report or complaint of sex discrimination or sex-based harassment involves off-campus conduct, the Title IX Coordinator shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If the Title IX Coordinator determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

Complaint Procedures

All complaints and allegations of sex discrimination and sex-based harassment shall be investigated and resolved in accordance with 34 CFR 106.44 and 106.45 and Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures.

Issues Unique to Intersex, Nonbinary, Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense, regardless of whether that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Intersex student means a student with natural bodily variations in anatomy, hormones, chromosomes, and other traits that differ from expectations generally associated with female and male bodies.

Nonbinary student means a student whose gender identity falls outside of the traditional conception of strictly either female or male, regardless of whether the student identifies as transgender, was born with intersex traits, uses gender-neutral pronouns, or uses agender, genderqueer, pangender, gender nonconforming, gender variant, or such other more specific term to describe their gender.

Transgender student means a student whose gender identity is different from the gender assigned at birth.

The district prohibits acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, sex stereotypes, sex characteristics, sexual orientation, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment, regardless of whether the acts are sexual in nature. Examples of the types of conduct that are prohibited in the district and which may constitute sex-based hostile environment harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with the student's gender identity

2. Disciplining or disparaging a student or excluding the student from participating in activities, for behavior or appearance that is consistent with the student's gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable

3. Blocking a student's entry to the restroom that corresponds to the student's gender identity

4. Taunting a student because the student participates in an athletic activity more typically favored by a student of the other sex

5. Revealing a student's gender identity to individuals who do not have a legitimate need for the information, without the student's consent

6. Using gender-specific slurs

7. Assaulting a student because of the student's gender, sex characteristic, sexual orientation, gender identity, or gender expression

To ensure that intersex, nonbinary, transgender, and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's intersex, nonbinary, transgender, or gender-nonconforming status is the student's private information

   The district shall develop strategies to prevent unauthorized disclosure of students' private information. Such strategies may include, but are not limited to, collecting or maintaining information about student gender only when relevant to the educational program or activity, protecting or revealing a student's gender identity as necessary to protect the health or safety of the student, and keeping a student's unofficial record separate from the official record.

   The district shall only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. (Education Code 220.3, 220.5; 34 CFR 99.31, 99.36)

   The district shall only allow disclosure of a student's personally identifiable information to employees in accordance with law. Any district employee to whom a student's intersex, nonbinary, transgender, or gender-nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the Compliance Officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless the employee is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to the student's status as an intersex, nonbinary, transgender, or gender-nonconforming student. If the student permits the employee to notify the Compliance Officer, the employee shall do so within three school days.

   As appropriate given the student's need for support, the Compliance Officer may discuss with the student any need to disclose the student's intersex, nonbinary, transgender, or gender-nonconformity status or gender identity or gender expression to the student's parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and request assistance in doing so.

2. Determining a Student's Gender Identity: The Compliance Officer shall accept the student's assertion of gender identity and begin to treat the student consistent with that gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose

3. Addressing a Student's Transition Needs: The Compliance Officer shall arrange a meeting with the student and, if appropriate, the student's parents/guardians to identify and develop strategies for ensuring that the student's access to educational programs and activities is maintained

The meeting shall discuss the intersex, nonbinary, transgender, or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the Compliance Officer shall identify specific school site employee(s) to whom the student may report any problem related to the student's status as an intersex, nonbinary, transgender, or gender-nonconforming individual, so that prompt action can be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting the student's educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. Accessibility to Sex-Segregated Facilities, Programs, and Activities: When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity

   To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because the student is intersex, nonbinary, transgender, or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with the student's gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with the student's gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.

   Beginning July 1, 2026, each school shall provide and maintain at least one all-gender restroom for student use that meets the requirements of Education Code 35292.5.

5. Student Records: Upon each student's enrollment, the district is required to maintain a mandatory permanent student record (official record) that includes the student's gender and legal name

   A student's legal name as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed with proper documentation. A student's gender as entered on the student's official record required pursuant to 5 CCR 432 shall only be changed with written authorization of a parent/guardian having legal custody of the student. (Education Code 49061)

   However, when proper documentation or authorization, as applicable, is not submitted with a request to change a student's legal name or gender, any change to the student's record shall be limited to the student's unofficial records such as attendance sheets, report cards, and school identification.

6. Names and Pronouns: If a student so chooses, district personnel shall be required to address the student by a name and the pronoun(s) consistent with the student's gender identity, without the necessity of a court order or a change to the student's official district record

   However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying board policy.

7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with the student's gender identity, subject to any dress code adopted on a school site

Regulation 5145.71: Title IX Sexual Harassment Complaint Procedures

Status: DRAFT

Original Adopted Date: 07/01/2020 **| Last Revised Date:** 07/01/2024

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a district student, while in an education program or activity, was subjected to conduct on or after August 1, 2024, including, but not limited to, conduct that is under the authority of the district, that constitutes sex discrimination, including sex-based harassment. For conduct that occurred prior to this date, the district should utilize its policies in place at the time the alleged sex discrimination, including sex-based harassment, occurred, so long as they are in accordance with the applicable statutes and regulations.

Sex discrimination and sex-based harassment include, but are not limited to, sex-based conduct as specified in Administrative Regulation 5145.7 - Sex Discrimination and Sex-Based Harassment.

Basic Requirements

When implementing Title IX grievance procedures, the district shall: (34 CFR 106.45)

1. Treat complainants and respondents equitably

2. Ensure that the Title IX Coordinator or designee, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent

   The investigator and the decisionmaker may be the same person as the Title IX Coordinator or designee.

3. Presume that the respondent is not responsible for the alleged sex discrimination, including sex-based harassment, until a determination is made at the conclusion of the grievance procedures

4. Establish reasonably prompt timeframes for the major stages of the grievance procedures, such as evaluation of whether to dismiss or investigate a complaint, investigation, decision, and appeals if any

5. Establish a process that allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay

Additionally, the district shall not disclose personally identifiable information obtained while implementing Title IX complaint procedures unless the district has obtained prior written consent from a person with the legal right to consent to the disclosure; the information is disclosed to a parent/guardian or other authorized legal representative with the legal right to receive disclosures on behalf of the person whose personally identifiable information is at issue; to take action to address conduct that reasonably may constitute sex discrimination under Title IX, including sex-based harassment, in the district's education program or activity; as required by federal law, regulations, or as a condition to a federal award; as required by state or local law; or to the extent such disclosures are not otherwise in conflict with Title IX. (34 CFR 106.44)

If either party is a student with a disability, the Title IX Coordinator or designee shall consult with one or more members, as appropriate, of the student's individualized education program or 504 team, to determine how to comply with the requirements of the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973.

Filing a Complaint

Upon receiving information from an allegation of sex discrimination, include sex-based harassment, the Title IX Coordinator or designee shall notify the individual(s) specified in law of the Title IX grievance procedures, and of the informal resolution process, if available and appropriate.

A *complaint* is an oral or written request that can objectively be understood by the Title IX Coordinator or designee as a request for the district to investigate and make a determination about alleged sex discrimination, including sex-based harassment. (34 CFR 106.21)

Complaints of sex discrimination and sex-based harassment may only be brought by a student, or former student, who was participating or attempting to participate in the district's education program or activity at the time of the

alleged sex-based harassment, a parent/guardian or other authorized legal representative with the legal right to act on behalf of the student, or the Title IX Coordinator or designee. (34 CFR 106.45)

If the alleged victim chooses not to bring a complaint, or withdraws any or all of the allegations in a complaint, and in the absence or termination of an information resolution process, the Title IX Coordinator or designee shall consider whether to initiate a complaint. To do so, the Title IX Coordinator or designee shall first consider the following factors: (34 CFR 106.44)

1. The victim's request not to proceed with initiation of a complaint
2. The victim's reasonable safety concerns regarding initiation of a complaint
3. The risk that additional acts of sex discrimination, including sex-based harassment, would occur if a complaint is not initiated
4. The severity of the alleged sex discrimination or sex-based harassment, including whether the discrimination, if established, would require the removal of a respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence
5. The age and relationship of the parties, including whether the respondent is an employee of the district
6. The scope of the alleged sex discrimination, including information suggesting a pattern; ongoing sex discrimination, including sex-based harassment; or sex discrimination, including sex-based harassment, alleged to have impacted multiple individuals
7. The availability of evidence to assist a decisionmaker in determining whether sex discrimination, including sex-based harassment, occurred
8. Whether the district could end the alleged sex discrimination, including sex-based harassment, and prevent its recurrence without initiating the Title IX grievance procedures

If, after considering these factors, the Title IX Coordinator determines that the alleged conduct presents an imminent and serious threat to the health and safety of the complainant or another person, or that the conduct as alleged prevents the district from ensuring equal access to a district program or activity on the basis of sex, the Title IX Coordinator may initiate a complaint.

If the Title IX Coordinator initiates a complaint, the Title IX Coordinator shall provide the alleged victim notice of the complaint, as well as other notices as required by the Title IX regulations at specific points in the complaint process. The Title IX Coordinator shall also address reasonable concerns about the victim's safety or the safety of others, including providing supportive measures as described in "Supportive Measures" below, and taking other appropriate prompt and effective steps to ensure that sex discrimination, including sex-based harassment, does not continue or recur within the district. (34 CFR 106.44)

The Title IX Coordinator or designee, investigator, decisionmaker, other person who is responsible for implementing the district's grievance procedures or have the authority to modify or terminate supportive measures, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.8. (34 CFR 106.44)

The Title IX Coordinator shall monitor the district for barriers to reporting information about conduct that reasonably may constitute sex discrimination, including sex-based harassment, under Title IX, and take steps reasonably calculated to address such barriers. (34 CFR 106.44, 106.45)

Supportive Measures

Upon receipt of a report of Title IX sex discrimination or sex-based harassment, the Title IX Coordinator or designee shall offer and coordinate supportive measures. Supportive measures may vary depending on what the district determines to be reasonably available and shall not unreasonably burden either the complainant or respondent. Supportive measures shall be provided without charging a fee to the complainant or respondent and be designed to protect the safety of the complainant, respondent, and the district's educational environment, and to provide support during any grievance procedures implemented as specified in 34 CFR 106.45 or informal resolution process as

specified in 34 CFR 106.44. The district shall not impose such measures for punitive or disciplinary reasons. Supportive measures may include, but are not limited to, counseling; extensions of deadlines and other course-related adjustments; changes in class, work, housing, or extracurricular or any other activity regardless of whether there is a comparable alternative; campus escort services; modifications of class schedules; mutual restrictions on contact; changes in class locations; increased security; monitoring of certain areas of the campus; and, training and education programs related to sex-based harassment. (34 CFR 106.2, 106.44)

Unless there is an allegation of sex-based harassment or retaliation, the district may provide supportive measures without altering the alleged discriminatory conduct. (34 CFR 106.44)
Upon the conclusion of any grievance procedures implemented as specified in 34 CFR 106.45 or informal resolution process as specified in 34 CFR 106.44, the district may continue with the supportive measures, or modify or terminate such measures, as appropriate. (34 CFR 106.44)

The district shall provide a complainant or respondent for whom supportive measures have been implemented with a timely opportunity to seek, from an impartial employee with authority to modify or reverse the supportive measures, modification or reversal of the district's decision to provide, deny, modify, or terminate such measures, and to seek additional modification or termination of the supportive measures if circumstances materially change. (34 CFR 106.44)

The district shall not disclose information about supportive measures to any person other than the person to whom they apply, including informing one party of supportive measures provided to another party, unless the disclosure is necessary to providing the supportive measures, or restoring or preserving a party's access to the district's education program or activity. (34 CFR 106.44)

Emergency Removal from School

A student shall not be disciplined for alleged sex discrimination, including sex-based harassment, under Title IX until the investigation has been completed. However, on an emergency basis, the district may remove a student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an imminent and serious threat to the health or safety of a complainant or any student, employee, or other individual arising from the allegations, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the IDEA or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

Dismissal of Complaint

The Title IX Coordinator or designee may dismiss a complaint if: (34 CFR 106.45)

1. The district is unable to identify the respondent after taking reasonable steps to do so

2. The respondent is not participating in the district's education program or activity and is not employed by the district

3. The district determines that the conduct alleged in the complaint, even if proven, would not constitute sex discrimination, including sex-based harassment, under Title IX

   Before dismissing the complaint, the Title IX Coordinator shall make reasonable efforts to clarify the allegations with the complainant.

4. The complainant voluntarily withdraws any or all of the allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, and the Title IX Coordinator determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination, including sex-based harassment, under Title IX, even if proven

The Title IX Coordinator shall determine whether to dismiss or investigate any complaint of sex discrimination, including sex-based harassment, within 10 School days, unless such timeline is extended in accordance with this administrative regulation.

Upon dismissal, the Title IX Coordinator shall promptly notify the complainant of the dismissal and the reasons for the dismissal. Additionally, if the dismissal occurs after the respondent has been notified of the allegations, the Title IX Coordinator shall provide such notification to the respondent, which shall occur simultaneously to both parties if the notification is in writing. The Title IX Coordinator shall also inform the complainant, and the respondent if the dismissal occurs after the respondent has been notified of the allegations, of their right to appeal. Dismissals may be appealed on the following bases: (34 CFR 106.45)

1. A procedural irregularity that would change the outcome

2. New evidence that would change the outcome and that was not reasonably available when dismissal was made

3. The Title IX Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome

If the dismissal is appealed, the district shall: (34 CFR 106.45)

1. Notify the parties of any appeal, including notice of the allegations, if notice was not previously provided to the respondent

2. Implement appeal procedures equally for the parties

3. Ensure that the decisionmaker for the appeal did not take part in an investigation of the allegations or dismissal of the complaint

4. Ensure that the decisionmaker for the appeal has been trained consistent with the Title IX regulations

5. Provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome

6. Notify the parties of the result of the appeal and the rationale for the result

If a complaint is dismissed, the Title IX Coordinator or designee shall offer supportive measures as described above in "Supportive Measures" to the complainant. Additionally, the respondent shall be offered supportive measures if the complaint was dismissed because the complainant voluntarily withdrew any or all of the allegations in the complaint and the district determined that without the withdrawn allegations the conduct, even if proven, would not constitute sex discrimination, including sex-based harassment, under Title IX, or if the complaint was dismissed because the district determined, after taking reasonable efforts to clarify the allegations of the complaint, that the alleged conduct would not constitute sex discrimination, including sex-based harassment, even if proven. The Title IX Coordinator shall also take other appropriate prompt and effective steps to ensure that sex discrimination, including sex-based harassment, does not continue or recur within the district's education program or activity. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to Board Policy/Administrative Regulation 1312.3 - Uniform Complaint Procedures as applicable.

Informal Resolution Process

At any time prior to determining whether sex discrimination, including sex-based harassment, occurred under the complaint procedures specified in 34 CFR 106.45, the district may offer, if it is determined to be appropriate upon receiving information about conduct that reasonably may constitute sex discrimination under Tite IX or when a complaint of sex discrimination is made, an informal resolution process, such as mediation, to the complainant and respondent. However, the district shall not offer an informal resolution process if the complaint alleges that an employee engaged in sex-based harassment of an elementary or secondary school student or that such process would conflict with federal, state, or local law. (34 CFR 106.44)

The district shall not require or pressure a party to participate in the informal resolution process, or to waive the right to an investigation and determination of a complaint as a condition of participation in the district's education program or activity, or exercise of any other right. The district may decline to offer an informal resolution process including, but not limited to, when the district determines that the alleged conduct would present a future risk of

harm to others. (34 CFR 106.44)

The district may facilitate an informal resolution process provided that the district, prior to initiating such process: (34 CFR 106.44)

1. Provides the parties with written notice disclosing the allegations; the requirements of the informal resolution process; the right to withdraw from the informal process and resume the formal complaint process; the inability to initiate or resume complaint procedures arising from the same allegations once the informal resolution process is concluded; the potential terms that may be requested or offered in an informal resolution agreement, including that the agreement would only be binding on the parties; and the information that the district will maintain and whether and how the district could disclose such information for use in Title IX grievance procedures if such procedures are initiated or resumed

2. Obtains the parties' voluntary consent to the informal resolution process

3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student

The Title IX Coordinator or designee shall ensure that the facilitator of the informal resolution process is not the same person as the investigator or decisionmaker of any ongoing or newly initiated complaint process specified in 34 CFR 106.45, does not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent, and receives training in accordance with 34 CFR 106.8. (34 CFR 106.44)
If the district facilitates an informal resolution process, the Title IX Coordinator shall, to the extent necessary, take other appropriate prompt and effective steps to ensure that sex discrimination, including sex-based harassment, does not continue or recur within the district' education program or activity. (34 CFR 106.45)

Notice of Allegations

If the district initiates a formal Title IX investigation, the Title IX Coordinator or designee shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process

2. Sufficient information, available at the time, to allow parties to respond to the allegations, including, to the extent available, the identity of parties involved in the incident(s), the conduct allegedly constituting sex discrimination, including sex-based harassment, and the date(s) and location(s) of the alleged incident

   Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview.

   If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.

3. A statement that retaliation is prohibited

4. A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of such evidence, as specified

The above notice may also include the name of the investigator, facilitator of an informal process, and decisionmaker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator or designee.

Consolidation of Complaints

The district may consolidate complaints of sex discrimination, including sex-based harassment, against more than one respondent; by more than one complainant against one or more respondents; or by one party against another party, when the allegations of sex discrimination, including sex-based harassment, arise out of the same facts or circumstances. (34 CFR 106.45)

Investigation Procedures

The district shall provide for adequate, reliable, and impartial investigation of complaints. (34 CFR 106.45)

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present fact witnesses, and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible

2. Review all evidence gathered through the investigation and determine which evidence is relevant and which evidence is impermissible regardless of relevance

3. Provide each party with an equal opportunity to access evidence that is relevant, and not otherwise impermissible, to the allegations of sex discrimination, including sex-based harassment, by:

    a. Providing an equal opportunity to access either the relevant and not otherwise impermissible evidence or an accurate description of such evidence

        If an accurate description is provided, the district shall, upon request of any party, provide the parties with an equal opportunity to access the relevant and permissible evidence.

    b. Providing a reasonable opportunity to respond to the evidence or to the accurate description of the evidence

    c. Taking reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures

4. Take reasonable steps to protect the privacy of parties and witnesses which do not restrict the ability of the parties to obtain and present evidence, including, by speaking to witnesses; consulting with family members, confidential resources, or advisors; or otherwise preparing for or participating in the grievance procedures

5. Objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence, including that credibility determinations will not be based on a person's status as complainant, respondent, or witness

6. Exclude as impermissible the following types of evidence, and questions seeking that evidence:

    a. Evidence that is protected under a privilege recognized by state or federal law or evidence that is provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege

    b. A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the district obtains that party's or witness's voluntary, written consent for use in its grievance procedures

    c. Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment

        The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The district shall ensure that the decisionmaker is able to question parties and witnesses adequately to assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex-based harassment. (34 CFR 106.45)

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

The investigator shall complete the investigation within 30 schooldays after the Title IX Coordinator determines to proceed with an investigation, unless such timeline is extended in accordance with this administrative regulation.

Written Decision

The Superintendent shall designate an employee as the decisionmaker to determine responsibility for the alleged conduct, who may be the Title IX Coordinator or designee or the investigator so long as there is no conflict of interest or bias. (34 CFR 106.45)

Following an investigation and evaluation of all relevant and not otherwise impermissible evidence, the district shall: (34 CFR 106.45)

1. Use the preponderance of the evidence standard of proof to determine whether sex discrimination, including sex-based harassment, has occurred

2. Notify the parties in writing of the determination of whether sex discrimination, including sex-based harassment, occurred

The notification shall include the rationale for such determination and the procedures and permissible bases for the complainant and respondent to appeal, if applicable.

The written decision shall be issued within 30 school days after the investigation is completed, unless such time is extended in accordance with this administrative regulation.

Appeal of the Decision

Either party may appeal the district's decision of a complaint or any allegation in the complaint. (34 CFR 106.45)

When conducting an appeal, the district shall permit a final appeal to the Board of Trustees using a process that is in accordance with law and otherwise consistent with the appeal process as specified in Administrative Regulation 1312.3 - Uniform Complaint Procedures.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.

Extension of Timelines

Any timelines specified in this administrative regulation may be extended by the district for good cause, with written notice to the parties. The written notice shall specify the reasons for the extension. (34 CFR 106.45)

Remedies

When there is a determination that sex discrimination, including sex-based harassment, has occurred, the Title IX Coordinator shall coordinate the provision and implementation of remedies to the complainant and other persons the district identifies as having had equal access to the district's education program or activity limited or denied by sex discrimination, including sex-based harassment; coordinate the imposition of any disciplinary sanctions on a respondent described in "Disciplinary Actions" below, including notification to the complainant of any such disciplinary actions; and take other appropriate prompt and effective steps to ensure that sex discrimination, including sex-based harassment, does not continue or recur within the district's education program or activity. (34 CFR 106.45)

Corrective/Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44, 106.45)

For students in grades 4-12, discipline for sexual harassment may include suspension and/or expulsion. After the completion of the complaint procedure, if it is determined that a student at any grade level has committed sexual assault or sexual battery at school or at a school activity off school grounds, the principal or Superintendent shall immediately suspend the student and shall recommend expulsion. (Education Code 48900.2, 48915)

Other actions that may be taken with a student who is determined to be responsible for sex discrimination and/or sex-based harassment include, but are not limited to:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education of the student regarding the impact of the conduct on others
4. Positive behavior support
5. Referral of the student to a student success team
6. Denial of participation in extracurricular or cocurricular activities or other privileges as permitted by law

When an employee is found to have committed sex discrimination, including sex-based harassment, or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district shall not discipline a party, witness, or others participating in the grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the district's determination of whether sex discrimination, including sex-based harassment, occurred. (34 CFR 106.45)

Record-Keeping

The Superintendent or designee shall maintain, for at least a period of seven years: (34 CFR 106.45)

1. For each complaint of sex discrimination, including sex-based harassment, records documenting any informal resolution process or formal investigation procedures
2. For each notification the Title IX Coordinator or designee receives of information about conduct that reasonably may constitute sex discrimination under Title IX, including sex-based harassment, records documenting the actions taken to fulfill the district's obligations as specified in 34 CFR 106.44, including supportive measures offered and implemented
3. All materials used to train district employees; the Title IX Coordinator and designee(s); investigator(s), decisionmaker(s), and other person(s) who are responsible for implementing the district's grievance procedures or have the authority to modify or terminate supportive measures; and any person who facilitates an informal resolution process

   The district shall make such training materials available upon request by members of the public.

For complaints containing allegations of childhood sexual assault, the Superintendent or designee shall also indefinitely maintain the following: (Code of Civil Procedure340.1):

1. A record of the allegation(s)
2. A record of the investigation procedures followed
3. A record of the written determination
4. A record of the corrective action implemented, if any
5. A record of any appeals and the outcome of the same
6. All training materials addressing the prohibition and investigation of childhood sexual assault

Exhibit 5145.71-E(1): Title IX Sexual Harassment Complaint Procedures

Status: DRAFT

Original Adopted Date: 10/01/2020 **| Last Revised Date:** 07/01/2024

NOTICE OF TITLE IX NONDISCRIMINATION

The Code of Federal Regulations, Title 34, Section 106.8 requires the district to issue the following notification to students at all grade levels, and their parents/guardians or other authorized legal representative:

The district does not discriminate on the basis of sex and prohibits sex discrimination, including sex-based harassment, in any education program or activity that it operates. The prohibition against discrimination on the basis of sex is required by federal law (20 USC 1681-1688; 34 CFR Part 106) and extends to employment. The district also prohibits retaliation against any student for filing a complaint or exercising any right granted under Title IX.

The district is required, as specified in Title IX, to take prompt and equitable action to address any potential Title IX violations that are brought to its attention. Any inquiries about the application of Title IX, this notice, and who is protected by Title IX may be referred to the district's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The district has designated and authorized the following employee(s) as the district's Title IX Coordinator to address concerns or inquiries regarding discrimination on the basis of sex, including sex-based harassment:

Director of Student Support Programs, Services, and Compliance
2930 Gay Avenue San Jose, CA 95127
408-928-6945
Studentservices@arusd.org

Any individual may report sex discrimination, including sex-based harassment, to the Title IX Coordinator or any other school employee at any time, including during non-business hours, by mail, phone, or email. During district business hours, reports may also be made in person. Upon receiving an allegation of sex harassment, including sex-based harassment, the Title IX Coordinator will promptly notify the parties, in writing, of the applicable district complaint procedure.

To view an electronic copy of the district's policies and administrative regulations on sex discrimination, including sex-based harassment, including the grievance process that complies with 34 CFR 106.45, please see Board Policy/Administrative Regulation 5145.7 - Sex Discrimination and Sex-Based Harassment and Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures on the district's website at _www.arusd.org.

To inspect or obtain a copy of the district's sex discrimination and sex-based harassment policies and administrative regulations, please contact: 408-928-6945.

Materials used to train employees; the Title IX Coordinator; investigator(s), decisionmaker(s), and other person(s) who are responsible for implementing the district's grievance procedures or have the authority to modify or terminate supportive measures; and any person(s) who facilitates an informal resolution process, are available at the district office upon request.

Regulation 5145.8: Refusal To Harm Or Destroy Animals

Status: DRAFT

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 07/01/2010

Any student who has a moral objection to dissecting or otherwise harming or destroying animals shall have the right to refrain from participating in instruction which involves such activities and shall not be discriminated against because of a decision to exercise this right. (Education Code 32255.1)

The right to refrain from instruction involving harmful or destructive use of animals shall apply to all K-8 courses, except classes and activities conducted as part of agricultural education that provide instruction on the care, management, and evaluation of domestic animals. (Education Code 32255.5, 32255.6)

At the beginning of each academic year, the Superintendent or designee shall notify parents/guardians, in writing, of students' right to refrain from instruction involving the harmful or destructive use of animals. (Education Code 48980)

In addition, each teacher of a course that uses live or dead animals or animal parts shall inform students of their right to refrain from the harmful or destructive use of animals. (Education Code 32255.4)

A student who wishes to refrain from such instruction shall notify the teacher and shall provide a note from his/her parent/guardian substantiating the objection. (Education Code 32255.1)

If the teacher believes an adequate alternative project is possible, he/she may work with the student to develop and agree upon an alternative project which would provide the knowledge, information, or experience required by the course of study. Alternative projects include, but are not limited to, the use of video recordings, models, films, books, and computers. The alternative project shall involve time and effort by the student comparable to that required by the original project. (Education Code 32255, 32255.1)

A teacher's determination of whether the student may pursue an alternative project or be excused from the project shall not be arbitrary or capricious. (Education Code 32255.3)

In order to receive course credit, students who participate in an alternative project shall pass all course examinations. Students may request an alternative test, however, if a regular examination requires the harmful or destructive use of animals. (Education Code 32255.1)

Policy 5145.9: Hate-Motivated Behavior

Status: DRAFT

Original Adopted Date: 06/01/1999 **| Last Revised Date:** 06/01/2021

The Board of Trustees is committed to providing a respectful, inclusive, and safe learning environment that protects students from discrimination, harassment, intimidation, bullying, or any other type of behavior that is motivated by hate.

Hate-motivated behavior is any behavior intended to cause emotional suffering, physical injury, or property damage through intimidation, harassment, bigoted slurs or epithets, force or threat of force, or vandalism motivated in part or in whole by bias or hostility toward the victim's real or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55.

The Superintendent or designee shall design strategies to promote harmonious relationships among students, prevent incidents of hate-motivated behavior to the extent possible, and address such incidents in a timely manner when they occur.

The Superintendent or designee shall collaborate with regional programs and community organizations to promote an environment where diversity is celebrated and hate-motivated behavior is not tolerated. Such collaborative efforts shall focus on the development of effective prevention strategies and response plans, provision of assistance to students affected by hate-motivated behavior, and/or education of students who have perpetrated hate-motivated acts.

The district shall provide students with age-appropriate instruction that:

1. Includes the development of social-emotional learning
2. Promotes an understanding, awareness, appreciation, and respect for human rights, human relations, diversity, and acceptance in a multicultural society
3. Explains the harm and dangers of explicit and implicit biases
4. Discourages discriminatory attitudes and practices
5. Provides strategies to manage conflicts constructively

As necessary, the district shall provide counseling, guidance, and support to students who are victims of hate-motivated behavior and to students who exhibit such behavior.

When appropriate, students who engage in hate-motivated behavior shall be disciplined.

The Superintendent or designee shall provide staff with training that:

1. Promotes an understanding of diversity, equity, and inclusion
2. Discourages the development of discriminatory attitudes and practices
3. Includes social-emotional learning and nondiscriminatory instructional and counseling methods
4. Supports the prevention, recognition, and response to hate-motivated behavior
5. Raises the awareness and sensitivity of staff to potentially prejudicial and discriminatory behavior
6. Includes effective enforcement of rules for appropriate student conduct

Employees who engage in hate-motivated behavior shall be subject to disciplinary action, up to and including dismissal.
Rules prohibiting hate-motivated behavior and procedures for reporting a hate-motivated incident shall be provided

to students, staff, and parents/guardians.

This policy shall be posted in a prominent location on the district's web site in a manner that is readily and easily accessible to parents/guardians and students. (Education Code 234.6)

Complaints

Any staff member who is notified that hate-motivated behavior has occurred, observes such behavior, or otherwise becomes aware of an incident shall immediately contact the compliance officer responsible for coordinating the district's response to complaints and complying with state and federal civil rights laws. As appropriate, the staff member shall also contact law enforcement.

A student or parent/guardian who believes the student is a victim of hate-motivated behavior is encouraged to report the incident to a teacher, the principal, the district's compliance officer, or other staff member.

Any complaint of hate-motivated behavior shall be investigated and, if determined to be discriminatory, shall be resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures or other applicable procedure. If, during the investigation, it is determined that a complaint is about nondiscriminatory behavior, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

Policy 5146: Married/Pregnant/Parenting Students

Status: DRAFT

Original Adopted Date: 12/01/2013 **| Last Revised Date:** 07/01/2024

The Board of Trustees recognizes that responsibilities pertaining to marriage, pregnancy, or parenting, including related obligations, medical conditions, or recovery, may disrupt a student's education and increase the chance of a student dropping out of school. The Board desires to minimize interruption to such students' educational progress by supporting married, pregnant, and parenting students in their continued education, assisting them to attain strong academic and parenting skills, and promoting the healthy development of their child(ren).

The district shall not exclude or deny any student from any educational program or activity, including any class or extracurricular activity, solely on the basis of the student's current, potential, or past pregnancy, childbirth, false pregnancy, termination of pregnancy, lactation, or related medical conditions or recovery. In addition, the district shall not adopt any rule concerning a student's actual, potential, or past parental, family, or marital status that discriminates against and/or treats a student differently on the basis of sex. (Education Code 221.51, 230; 5 CCR 4950; 34 CFR 106.40)

The Superintendent or designee shall annually notify parents/guardians at the beginning of the school year of the rights and options available to pregnant and parenting students under the law. In addition, pregnant and parenting students shall be notified of the rights and options available under the law through annual school year welcome packets and through independent study packets. (Education Code 222.5, 48980)

Any employee who is informed by a student, or a person who has a legal right to act on behalf of a student, of a student's pregnancy or related conditions shall provide that person with the Title IX Coordinator's contact information and inform the person that the Title IX Coordinator can coordinate specific acts to prevent sex discrimination, including sex-based harassment, and ensure the student's equal access to the district's education program or activity. (34 CFR 106.8)

When notified of a student's pregnancy or related conditions, the Title IX Coordinator shall provide the student, and if applicable the person who has a legal right to act on behalf of the student and who notified the Title IX Coordinator of the student's pregnancy or related conditions, with the district's notice of nondiscrimination, as specified in Administrative Regulation 5145.3 - Nondiscrimination/Harassment and Exhibit (1) 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures. The Title IX Coordinator shall also coordinate actions specified in 34 CFR 106.40 to prevent discrimination against, and ensure equal access to, the student, including the following: (34 CFR 106.44)

1. Notifying the student that the district is required to not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy or related conditions

   However, a student's voluntary participation in a separate portion of the district's education program or activity does not constitute prohibited discrimination if the district ensures that the separate portion is comparable to that offered to students who are not pregnant and do not have related conditions.

2. To the extent consistent with 34 CFR 106.40(b)(3), ensuring that pregnancy or related conditions are treated in the same manner and under the same policies as any other temporary medical condition with respect to any medical or hospital benefit, service, plan, or policy the district administers, operates, offers, or participates in with respect to students admitted to the district's education program or activity

3. Informing the student that the district may not require the student who is pregnant or has related conditions to provide certification from a healthcare provider or any other person verifying that the student is physically able to participate in the district's class, program, or extracurricular activity unless the certified level of physical ability of health is necessary for participation in the class, program, or extracurricular activity; the district requires such certification of all participating students; and, the information obtained is not used as a basis for Title IX discrimination

Education and Support Services for Pregnant and Parenting Students

Pregnant and parenting students shall retain the right to participate in the regular education program or an alternative education program. The classroom setting shall be the preferred instructional strategy unless an alternative is necessary to meet the needs of the student and/or the student's child.

Any alternative education program, activity, or course that is offered separately to pregnant or parenting students, including any class or extracurricular activity, shall be equal to that offered to other district students. A student's participation in such programs shall be voluntary. (Education Code 221.51; 5 CCR 4950)

The Superintendent or designee shall not require a student, based on pregnancy, childbirth, false pregnancy, termination of pregnancy, lactation, or related medical conditions or recovery, to obtain certification from a physician or nurse practitioner indicating that the student is physically and emotionally able to continue participation in the district's education program or activity, including an extracurricular activity, unless the certified level of physical ability is necessary for participation and such certification is required of all students. (Education Code 221.51; 5 CCR 4950; 34 CFR 106.40)

To the extent feasible, the district shall provide educational and related support services, either directly or in collaboration with community agencies and organizations, to meet the needs of pregnant and parenting students and their children. Such services may include, but are not limited to:

1. Child care and development services for the children of parenting students on or near school site(s) during the school day and during school-sponsored activities

2. Parenting education and life skills instruction

3. Special school nutrition supplements for pregnant and lactating students pursuant to Education Code 49553, 42 USC 1786, and 7 CFR 246.1-246.28

4. Health care services, including prenatal care

5. Tobacco, alcohol, and/or drug prevention and intervention services

6. Academic and personal counseling

7. Supplemental instruction to assist students in achieving grade-level academic standards and progressing toward graduation

As appropriate, teachers, administrators, and/or other personnel who work with pregnant and parenting students shall receive related professional development.

Absences

Pregnant or parenting students may be excused for absences for medical appointments and other purposes specified in BP/AR 5113 - Absences and Excuses.

A student shall be excused for absences to care for a sick child for whom the student is the custodial parent. A note from a physician shall not be required for such an absence. (Education Code 48205)

Parental Leave

A student who is pregnant or parenting, or has a related condition, shall be entitled to parental leave in order to protect the health of the student and/or the infant, and to allow the student to care for and bond with the infant. The period of the leave shall be the greater of eight weeks, or the length of time deemed medically necessary by the student's healthcare provider, or, if the district has a leave policy for which the student qualifies, the amount of time provided for in such policy. Such leave may be taken before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. (Education Code 46015; 34 CFR 106.40)

The student, if age 18 years or older, or the student's parent/guardian shall notify the school of the student's intent to take parental leave. (Education Code 46015)

No student shall be required to take all or part of the parental leave. (Education Code 46015; 34 CFR 106.40)

When a student takes parental leave, the attendance supervisor shall ensure that absences from the regular school program are excused until the student is able to return to the regular school program or an alternative education program. A student who is pregnant or parenting, or has related conditions, shall not be required to complete

academic work or other school requirements during the period of the parental leave. (Education Code 46015)

Following the leave, a student who is pregnant or parenting, or has related conditions, may elect to return to the school and the course of study in which the student was enrolled before taking parental leave or to an alternative education option provided by the district. (Education Code 46015; 34 CFR 106.40)

Upon return to school, a pregnant or parenting student shall have opportunities to make up work missed during the leave, including, but not limited to, makeup work plans and reenrollment in courses. (Education Code 46015)

When necessary to complete high school graduation requirements, the student may remain enrolled in school for a fifth year of instruction, unless the Superintendent or designee makes a finding that the student is reasonably able to complete district graduation requirements in time to graduate by the end of the fourth year of high school. (Education Code 46015)

Accommodations

When necessary, the district shall provide reasonable accommodations to enable a student who is pregnant or parenting, or with related conditions, to access the educational program. The district shall consult with the student when identifying potential modifications. Any modification accepted by the student shall be implemented. Any proposed modification that would fundamentally alter the nature of the district's education program or activity shall not be implemented. (34 CFR 106.40)

Reasonable modifications may include, but are not limited to: (34 CFR 106.40)

1. Breaks during class to express breast milk, breastfeed, or attend to health needs associated with pregnancy or related conditions, including eating, drinking, or using the restroom
2. Intermittent absences to attend medical appointments
3. Access to online or homebound education
4. Changes in schedule or course sequence
5. Extensions of time for coursework and rescheduling of tests and examinations
6. Allowing a student to sit or stand, or carry or keep water nearby
7. Counseling
8. Changes in physical space or supplies, such as access to a larger desk or a footrest
9. Elevator access
10. Any other change to policies, practices, or procedures

A student who is pregnant or who has a related condition shall have access to any services available to other students with temporary medical conditions. (34 CFR 106.40)

The school shall provide reasonable accommodations to any lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. A student shall not incur an academic penalty for using any of these reasonable accommodations, and shall be provided the opportunity to make up any work missed due to such use. Reasonable accommodations include, but are not limited to: (Education Code 222; 34 CFR 106.40)

1. Access to a private and secure room, other than a restroom, that is clean, shielded from view, and free from intrusion by others to express breast milk or breastfeed an infant child
2. Permission to bring onto a school campus a breast pump and any other equipment used to express breast milk
3. Access to a power source for a breast pump or any other equipment used to express breast milk
4. Access to a place to store expressed breast milk safely

5. A reasonable amount of time to accommodate the student's need to express breast milk or breastfeed an infant child

Complaints

Any complaint alleging discrimination on the basis of a student's current, potential, or past pregnancy, family, or marital status, district noncompliance with the requirements of Education Code 46015 or 34 CFR 106.40, or district noncompliance with the requirement to provide reasonable accommodations for lactating students, shall be investigated and resolved in accordance with the Title IX grievance procedures as specified in 34 CFR 106.44 and 106.45 and Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures. (Education Code 222, 46015; 5 CCR 4600- 4670; 34 CFR 106.44, 106.45)

Program Evaluation

The Superintendent or designee shall periodically report to the Board regarding the effectiveness of district strategies to support current, potential, and past married, pregnant, and parenting students, which may include data on student participation in district programs and services, academic achievement, school attendance, graduation rate, and/or student feedback on district programs and services.

Policy 5147: Dropout Prevention

Status: DRAFT

Original Adopted Date: 07/01/2005 **| Last Revised Date:** 09/01/2024

The Board of Trustees expects all students to remain in school until graduation in order to acquire critical knowledge and skills and be prepared for postsecondary education and/or employment. The Superintendent or designee shall identify factors that impede student success in school and shall implement integrated, systemic support and strategies that address dropout prevention and promote timely intervention and recovery.

The Superintendent or designee, in collaboration with parents/guardians, school staff, and community agencies and organizations as appropriate, shall develop districtwide and schoolwide strategies that support regular school attendance for all students. Dropout prevention strategies shall include efforts to provide a safe and positive learning environment that engages and motivates students, encourages students' connectedness to the schools, offers meaningful educational opportunities, and promotes student health and well-being.

In order to make up lost instructional time and offset absences, the district may implement attendance recovery programs. Any attendance recovery program shall be provided as a voluntary, limited-term option for a classroom-based, regular education program for students in grades TK-12 in accordance with Education Code 46211.

In addition, the Superintendent or designee shall develop strategies to provide targeted support to individual students who are at risk of dropping out of school. Students may be identified based on indicators such as chronic absenteeism, truancy, or tardiness; below-grade-level academic achievement as evidenced by student assessment results and/or teacher evaluations; and personal, social, health, or economic circumstances that may affect student performance and behavior in school.

Strategies to support students at risk of dropping out of school may include, but are not limited to:

1. Meetings and/or home visits with the student and parent/guardian to identify and address barriers to the student's success and inform them of the state's compulsory education law
2. Individualized instruction that responds to the needs and unique learning styles of students
3. Supplemental instruction during or outside the school day that is designed to help students overcome academic deficiencies, including attendance recovery programs
4. Enrollment in alternative or specialized educational programs
5. Assistance locating employment or work-based learning opportunities which link classroom learning with real-world experiences
6. Academic guidance and personal counseling services
7. Referral to a student success team, school attendance review board, or other team that addresses persistent attendance problems
8. Referral to school and/or community support services, such as a student assistance program; substance abuse program; health services or school nurse; school social worker or social services; school counselor, school psychologist or other student support personnel for case management and counseling; and other resources
9. Continued monitoring of student attendance, including tracking student attendance and identifying students with attendance problems as early as possible, so the school may provide appropriate support services and interventions
10. Employment of qualified outreach consultants to perform duties related to dropout identification, prevention, intervention, and recovery as assigned
11. Creating small, personalized learning communities to facilitate monitoring and support
12. Offering courses or programs that connect schoolwork with college and career success, including career technical education

The strategies may be incorporated into the district's local control and accountability plan and linked to district goals for student engagement, school climate, and student achievement.

The Superintendent or designee shall ensure that employees are trained to support at-risk students and are prepared to implement intervention strategies or to make appropriate referrals to support services.

When a student leaves school prior to the end of a school year, or when a student successfully completed the prior school year but did not begin attending the next grade or school that the student was expected to attend or had pre-registered to attend, the Superintendent or designee shall make efforts to determine whether the student has dropped out or has transferred to another educational setting. The Superintendent or designee may contact the student's parents/guardians to verify school enrollment and, if necessary, shall implement intervention and recovery efforts.

The Superintendent or designee shall maintain required documentation for students who transfer from or otherwise withdraw from a school in the district. (20 USC 6311)

The Superintendent or designee shall annually report to the Board on measures of student engagement, including school attendance rates, chronic absenteeism rates, middle school and high school dropout rates, and high school graduation rates. The Board shall monitor district progress in increasing student retention in school and may require revisions in district plans and strategies as needed.

Policy 5148: Child Care And Development

Status: DRAFT

Original Adopted Date: 03/01/2009 **| Last Revised Date:** 12/01/2024

The Board of Trustees desires to provide child care and development services which meet the developmental needs of children and offer a convenient child care alternative for parents/guardians in the community.

Upon approval by the Board, the district shall enter into a contract with the California Department of Social Services (CDSS) for the provision of child care and development services by the district.

The district shall work cooperatively with the local child care and development planning council, public and private agencies, parents/guardians, and other community members to assess child care needs in the community, establish program priorities, obtain ongoing feedback on program quality, and supply information about child care options.

The Board shall approve for the district's child care and development program a written philosophical statement, goals, and objectives that reflect the cultural and linguistic characteristics of the families to be served and address the program components specified in 5 CCR 18272-18281 and the accompanying administrative regulation. (5 CCR 18271)

Eligibility, Enrollment, and Disenrollment

Child care admissions policies and procedures shall be in writing and available to the public. Such policies and procedures shall include criteria designating those children whose needs can be met by the child care center's program and services, the ages of children who will be accepted, program activities, any supplementary services provided, any field trip provisions, any transportation arrangements, food service provisions, and health examination requirements. (5 CCR 18105; 22 CCR 101218)

The Superintendent or designee shall ensure that subsidized child care services are provided to eligible families to the extent that state and/or federal funding is available and in accordance with enrollment priorities specified in Welfare and Institutions Code 10271 and 5 CCR 18106.

To the extent that space is available after the enrollment of children who are eligible for subsidized services, priority for admissions shall be given to district students, children of district students, and children of district employees.

So long as the district has submitted a completed incidental medical services plan to CDSS, a child may be enrolled in the district's child care and development program prior to approval of the plan. Additionally, for a child with disabilities, the child may attend the district's child care and development program prior to the approval of an incidental medical services plan or amended plan of operation, so long as the forms have been submitted to CDSS. (Health and Safety Code 1596.802)

A child's eligibility for transitional kindergarten enrollment shall not impact family eligibility for a child care or preschool program. (Education Code 48000)

A child shall not be expelled or unenrolled from the district's child care and development program, nor shall the child's parents/guardians be persuaded or encouraged to voluntarily unenroll from the program based on the child's behavior, unless in accordance with the procedures specified in the accompanying administrative regulation.

When necessary due to a reduction in state reimbursements, families shall be disenrolled from subsidized child care and development services as specified in the accompanying administrative regulation.

Fees and Charges

Except when offering a program that is prohibited by law from charging any fees, the Superintendent or designee may charge fees for services in accordance with law and the accompanying administrative regulation.

Staffing

The Superintendent or designee shall ensure that individuals working in child care and development programs have the necessary qualifications, experience, and training, and have satisfied all legal requirements.

Facilities

Upon recommendation of the Superintendent or designee, the Board may approve any of the following for the provision of child care and development services:

1. The use of existing district facilities that have capacity
2. Renovation or improvement of district facilities to make them suitable for such services
3. Purchase of relocatable child care facilities
4. Inclusion of child care facilities in any new construction
5. Agreement with a public agency or community organization for the use of community facilities

The Superintendent or designee shall ensure that facilities used for child care services meet all applicable health and safety standards. (5 CCR 18020; 22 CCR 101238-101239.2)

Complaints

For a licensed child care center, any complaint alleging health and safety violations shall be referred to CDSS. (5 CCR 4611)

Any other alleged violation of state or federal laws governing child care and development programs shall be investigated and resolved using the district's procedures in Board Policy/Administrative Regulation 1312.3 - Uniform Complaint Procedures.

Program Evaluation

The Superintendent or designee shall annually conduct an evaluation of the district's child care and development services in accordance with state requirements. The results of the evaluation shall be used to develop an action plan which establishes program goals and objectives for the coming year and addresses any areas identified as needing improvement. (5 CCR 18279-18281)

Regulation 5148: Child Care And Development

Status: DRAFT

Original Adopted Date: 07/01/2015 **| Last Revised Date:** 12/01/2024

Licensing

All district child care and development services shall be licensed by the California Department of Social Services, unless exempted pursuant to Health and Safety Code 1596.792 or 22 CCR 101158.

The license shall be posted in a prominent, publicly accessible location in the facility. (Health and Safety Code 1596.8555)

Licensed child care centers shall be subject to the requirements of Health and Safety Code 1596.70-1597.21, 22 CCR 101151-101239.2, and, when applicable, 22 CCR 101451-101539.

Program Components

The district's child care and development program shall include the following components:

1. The use of a developmental profile reflecting each child's physical, cognitive, social, and emotional development to plan and conduct developmentally and age appropriate activities (Welfare and Institutions Code 10209.5; 5 CCR 18272)

   Program staff shall complete the developmental profile for each child who is enrolled in the program for at least 10 hours per week and for any child with disabilities regardless of the number of hours enrolled. The profile shall be completed within 60 days of enrollment and at least once every six months thereafter for children of all ages. (Welfare and Institutions Code 10209.5; 5 CCR 18270.5, 18272)

2. An educational program that complies with Welfare and Institutions Code 10208 and 5 CCR 18273, including the provision of services that are developmentally, linguistically, and culturally appropriate, and inclusive of children with disabilities

   For any child enrolled in a general child care and development program or migrant child care and development program who has been identified as a dual language learner pursuant to Welfare and Institutions Code 10209.6, the child's teacher or other designated staff member shall conduct a family language and interest interview that includes, at a minimum, an inquiry and a discussion about the strengths and interests of the child, the language background of the child, and the needs of parents/guardians or family members of the child to support the language and development of the child. However, the family shall not be compelled to complete the family language survey for identification purposes or participate in the family language and interest interview. (Welfare and Institutions Code 10209.6)

3. A staff development program which complies with 5 CCR 18274

4. Parent/guardian involvement and education that comply with 5 CCR 18275 and includes an orientation, at least two individual conferences per year, meetings with program staff, an advisory committee, participation in daily activities, and information regarding their child's progress

5. A health and social services component that complies with 5 CCR 18276 and includes referrals to appropriate community agencies as needed

6. A community involvement component that complies with 5 CCR 18277

7. As applicable, a nutrition component that ensures children in the program are provided nutritious meals, beverages, and snacks that meet state and federal standards and have access to drinking water throughout the day, including meal times (Health and Safety Code 1596.808; 5 CCR 18278; 42 USC 1766)

8. Programs that promote age-appropriate structured and unstructured opportunities for physical activity and that limit the amount of time spent in sedentary activities to an appropriate level

9. An annual plan for program evaluation which conforms with the state's system and includes a self-evaluation,

parent/guardian survey, and environment rating scale (5 CCR 18270.5, 18279, 18280, 18281)

Health and Safety

When a child enrolls or reenrolls in a licensed child care program, the center shall provide the child's parent/guardian with written information on the risks and effects of lead exposure, blood lead testing recommendations and requirements, and options for obtaining blood lead testing, including any state or federally funded programs that offer free or discounted tests. (Health and Safety Code 1596.7996)

If a licensed child care center is located in a building that was constructed before January 1, 2010, the center shall have its drinking water tested for lead contamination levels every five years. The center shall notify the parents/guardians of enrolled children of the requirement to test a facility's drinking water and of the test results. If notified of elevated lead levels, the center shall immediately make inoperable and cease using the fountains and faucets where elevated lead levels may exist and shall obtain a potable source of water for children and staff at that location. (Health and Safety Code 1597.16)

Staffing

The district's child care and development program shall maintain at least the minimum adult-child and teacher-child ratios specified in Welfare and Institutions Code 10275.5 and 5 CCR 18290-18292 based on the ages of the children served.

All persons employed at a licensed district child care center and all volunteers who provide care and supervision to children at such a center shall be immunized against influenza, pertussis, and measles. If a person meets all other requirements for employment or volunteering, as applicable, but needs additional time to obtain and provide immunization records, the person may be employed or volunteer conditionally for a maximum of 30 days upon signing and submitting a written statement attesting that the person has received the required immunizations. Employees and volunteers shall be immunized against influenza between August 1 and December 1 of each year. (Health and Safety Code 1596.7995)

A person shall be exempt from the above immunization requirements only under any of the following circumstances: (Health and Safety Code 1596.7995)

1. The person submits a written statement from a licensed physician declaring either that immunization is not safe because of the person's physical condition or medical circumstances or that the person has evidence of current immunity to influenza, pertussis, and measles

2. In the case of the influenza vaccine, the person submits a written declaration declining the vaccination

3. In the case of the influenza vaccine required during the first year of employment or volunteering, the vaccine is not timely because the person was hired after December 1 of the previous year and before August 1 of the current year

Documentation of the required immunizations or exemptions from immunization shall be maintained in the employee's personnel file. (Health and Safety Code 1596.7995)

In addition to the above immunization requirements, teachers employed in a licensed child care center shall present evidence of a current tuberculosis clearance and meet other requirements specified in Health and Safety Code 1597.055. (Health and Safety Code 1597.055)

Eligibility and Enrollment

The district's subsidized child care and development services may be available to infants and children through 12 years of age and to individuals with disabilities through 21 years of age in accordance with their individualized education program and Welfare and Institutions Code 10213.5. (Welfare and Institutions Code 10213.5, 10273; 5 CCR 18089, 18407, 18422)

To participate in the district's subsidized child care program, families shall document both an eligibility basis and need for care as follows: (Welfare and Institutions Code 10271 and 10271.5)

1. The family is eligible for subsidized services on the basis of being:

a. A current aid recipient

b. Income eligible

c. Homeless

d. The family's children are recipients of child protective services or have been identified as being or at risk of being abused, neglected, or exploited

e. A member of the household is certified to receive benefits from Medi-Cal, CalFresh, the California Food Assistance Program, the California Special Supplemental Nutrition Program for Women, Infants, and Children, the federal Food Distribution Program on Indian Reservations, Head Start, Early Head Start, or any other means-tested government program as determined by the California Department of Social Services

2. The family has a need for child care based on either of the following:

a. The parents/guardians are participating in vocational training leading directly to a recognized trade, paraprofession, or profession; are engaged in an educational program for English language learners or to attain a high school diploma or general educational development certificate; are employed or seeking employment; are seeking permanent housing for family stability; or are incapacitated

b. The child is identified by a legal, medical, or social services agency, the district liaison for homeless students, a Head Start program, or an emergency or transitional shelter as being a recipient of protective services, as being or at risk of being neglected, abused, or exploited, or as experiencing homelessness

The Superintendent or designee shall consult the county's centralized eligibility list, when available, or shall maintain a district waiting list in accordance with admission priorities. As vacancies occur, applicants shall be contacted in order of their priority. (5 CCR 18106)

First priority for enrollment shall be given to neglected or abused children who are recipients of child protective services, or children who are at risk of being neglected or abused, upon written referral from a legal, medical, or social services agency. If unable to enroll a child in this category, the district shall refer the child's parent/guardian to local resource and referral services so that services for the child can be located. (Welfare and Institutions Code 10271)

Second priority for enrollment shall be given to families, regardless of the number of parents in the home, who are income eligible, as defined in Welfare and Institutions Code 10271.5. Families with the lowest gross monthly income in relation to family size shall be admitted first. If two or more families are in the same priority in relation to income, the family that has a child with disabilities shall be admitted first or, if there is no child with disabilities, the family in which the primary home language is a language other than English shall be admitted first. If there is no family of the same priority in which the primary home language is a language other than English, the family of the same priority that has been on the waiting list for the longest time shall be admitted first. (Welfare and Institutions Code 10271 and 10271.5)

The district shall allow eligible children 11-12 years of age to combine enrollment in a before-school or after-school program with subsidized child care services during the time that the before-school or after-school program does not operate. Children 11-12 years of age, except for children with disabilities, shall be eligible for subsidized child care services only for the portion of care needed that is not available in a before-school or after-school program. (Welfare and Institutions Code 10273)

After all children eligible for subsidized services have been enrolled, the district may enroll other children in accordance with the priorities established in the accompanying Board policy by the Board of Trustees.

The district's decision to approve or deny services shall be communicated to the parent/guardian through a written Notice of Action mailed or delivered within 30 days from the date the application is signed by the parent/guardian. (5 CCR 18094, 18118)

Upon establishing eligibility for services, a family shall be eligible for and shall receive services for not less than 24 months before having the family's eligibility or need recertified and shall not be required to report changes to income

or other changes for at least 24 months. If such eligibility ends before the end of the child care and services program year, eligibility shall be extended until the end of the program year as long as applicable age-eligibility requirements specified in Welfare and Institutions Code 10213.5 are met. (Welfare and Institutions Code 10271)

However, a family establishing eligibility on the basis of income shall report any increases in income that exceed the threshold for ongoing income eligibility specified in Welfare and Institutions Code 10271.5, and the family's ongoing eligibility shall be recertified at that time. At any time, a family may voluntarily report income or other changes which shall be used, as applicable, to reduce the family's fees, increase the family's services, or extend the period of eligibility before recertification. (Welfare and Institutions Code 10271)

The Superintendent or designee shall mail or deliver a Notice of Action to a parent/guardian at least 14 calendar days before any intended change in services, including, but not limited to, an increase or decrease in fees, an increase or decrease in the amount of services, or termination of services, due to any of the following circumstances: (5 CCR 18095, 18119)

1. A determination made during recertification or the update of the application that the need or eligibility requirements are no longer being met or the fee or amount of service needs to be modified

2. Failure of the parent/guardian to document the family's need or eligibility after the district requested such documentation in writing

3. An indication by the parent/guardian that the service is no longer wanted

4. The death of a parent/guardian or child

5. The conclusion of a limited-term agreement, provided that the parent/guardian has been informed in writing of the date that the services would terminate

The Superintendent or designee shall establish and maintain a basic data file for each family receiving child care and development services including, but not limited to, the completed and signed application for services, documentation used to determine the child's eligibility and need, and copies of all Notices of Action. (5 CCR 18081, 18095)

Fees and Charges

Except when offering a program that is prohibited by law from charging any fees, the Superintendent or designee may charge fees for services according to the state fee schedule, the actual cost of services, or the maximum daily/hourly rate specified in the contract, whichever is least. (Welfare and Institutions Code 10260, 10271, 10290, 10291, 10436; 5 CCR 18078, 18108-18110)

No fee shall be charged to a family that is receiving CalWORKS cash aid, an income-eligible family whose child is enrolled in a part-day California State Preschool Program, or a family whose income level, in relation to family size, is less than the first entry in the fee schedule. (Welfare and Institutions Code 10291; 5 CCR 18110)

In addition, any family receiving child care on the basis of having neglected or abused children who are recipients of child protective services, or children who are at risk of being neglected or abused, upon written referral from a legal, medical, or social services agency, may be exempt from these fees for up to 12 months. (Welfare and Institutions Code 10271 and 10291)

Fees shall be assessed at initial enrollment and reassessed when a family is recertified or experiences a change in status. Fees shall be considered delinquent after seven days from the date that fees are due. Parents/guardians shall be notified in the event that fees are delinquent. If a reasonable plan for payment of the delinquent fees has not been provided by the parents/guardians, services shall be terminated if all delinquent fees are not paid within two weeks of such notification. Parents/guardians shall receive a copy of the district's regulations regarding fee collection at the time of initial enrollment into the program. (Welfare and Institutions Code 10290; 5 CCR 18082, 18114, 18115)

The Superintendent or designee shall establish a process that involves parents/guardians in determining whether to require parents/guardians to provide diapers. This process shall also be used to determine whether and how much to charge parents/guardians for field trip expenses, within the limit specified in law. A child shall not be denied participation in a field trip due to the parent/guardian's inability or refusal to pay the fee, and no adverse action shall be taken against a parent/guardian for that inability or refusal. (Welfare and Institutions Code 10292)

District child care centers shall post in a prominent location adjacent to the license at the child care facility the rates, and discounts or scholarship policies if any. (Welfare and Institutions Code 10288)

Expulsion/Unenrollment and Suspension Based on Behavior

The district's child care and development program shall not expel or unenroll a child or persuade or encourage a child's parents/guardians to voluntarily unenroll from the program based on the child's behavior, unless the district first takes the following actions to address the child's behavior: (Welfare and Institutions Code 10491)

1. In writing, inform the parents/guardians of the child's persistent and serious challenging behaviors and consult with the parents/guardians and teacher, and if available engage an early childhood mental health consultant, in an effort to maintain the child's safe participation in the program

2. If the child has an individualized family service plan (IFSP) or individualized education program (IEP), contact, with written parent/guardian consent, the agency or district employee responsible for such plan or program to seek consultation in regard to serving the child

3. If appropriate, consider completing a comprehensive screening to identify the needs of the child, including, but not limited to, screening the child's social and emotional development, referring the parents/guardians to community resources, and implementing behavior supports within the program

If the district has taken the actions specified in Items #1-3 above and the child's continued enrollment would present a serious safety threat to the child or other enrolled children, the district shall refer the parents/guardians to other potentially appropriate placements, the local child care resource and referral agency, or any other referral service available in the local community. The district shall, to the greatest extent possible, support direct transition to a more appropriate placement. The district may then unenroll the child. The district shall have up to 180 days to complete the actions described above. (Welfare and Institutions Code 10491.1)

A child shall not be suspended from the district's child care and development program, nor shall a child's parent/guardian be encouraged or persuaded to prematurely pick up a child before the program day ends, except as a last resort in extraordinary circumstances, when a safety threat exists that cannot be eliminated or reduced without the removal of the child. (Welfare and Institutions Code 10491.1)

Before determining that a suspension is necessary, the district shall collaborate with the child's parents/guardians and, as needed, shall use appropriate community resources to determine that no other reasonable option is appropriate. (Welfare and Institutions Code 10491.1)

When suspension is deemed necessary, the district shall help the child return to full participation in the program as soon as possible while ensuring safety, by doing all of the following: (Welfare and Institutions Code 10491.1)

1. Continuing to engage with the child's parents/guardians and continuing to use appropriate community resources

2. Developing a written plan to document the action and supports needed

3. Providing referrals to appropriate community resources

4. If the child has an IFSP or IEP, contacting, with written parent/guardian consent, the agency responsible for the child's IFSP or IEP, to seek consultation on servicing the child

Upon enrollment, the parents/guardians of each child shall be notified, in writing, of the limitations on expulsion, suspension, or any form of disenrollment and how the parents/guardians may file an appeal to CDSS in the event of expulsion or suspension. If the district suspends or expels a child from the child care and development program, the district shall, at least 24 hours before the effective date of the suspension or expulsion, issue the child's parents/guardians a written "Notice of Action, Recipient of Services," as described in 5 CCR 18095, informing the parents/guardians of the right to file an appeal of the action directly with CDSS no later than 14 calendar days after receiving the notice. (Welfare and Institutions Code 10491.1)

If a child is suspected of having a developmental delay, disability, or mental health issue, the child's parent/guardian shall be referred, if appropriate, to the mental health system, the state's early intervention program, or the district's

special education program regarding evaluation for services under the Individuals with Disabilities Education Act (IDEA). Children with disabilities may only be suspended or expelled in conformance with the procedures and limitations of the IDEA.

Disenrollment

As necessary, families shall be disenrolled from subsidized child care and development services in the following order: (Welfare and Institutions Code 10272.5)

1. Families with the highest income in relation to family size shall be disenrolled first

2. If two or more families have the same income ranking, children who have been enrolled in child care services the longest shall be disenrolled first

3. If two or more families have the same income, children without disabilities shall be disenrolled first

4. Families whose children are receiving child protective services or are at risk of neglect or abuse, regardless of family income, shall be disenrolled last

Health Examination and Immunizations

Prior to or within six weeks of enrollment, a child enrolling in a child care center shall obtain a physical examination and evaluation and receive age-appropriate immunizations. (Welfare and Institutions Code 10271)

A child may be exempted from the immunization requirements only if a licensed physician indicates that immunization should not be given and specifies how long this exemption is expected to be needed. (22 CCR 101220.1)

A medical exemption shall be submitted using the standardized medical exemption certification form developed by California Department of Public Health (CDPH) and transmitted using the California Immunization Registry. The request shall include, but not be limited to, a description of the medical basis for which the exemption for each individual immunization is sought and whether the medical exemption is permanent or temporary, including the date upon which a temporary medical exemption will expire. All medical exemptions shall not extend beyond the current grade span of the student, and a temporary exemption shall not exceed one year. (Health and Safety Code 120372)

If there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the child care and development program until it is determined that the child is not suffering from that contagious or infectious disease. (Welfare and Institutions Code 10271)

District child care centers shall disclose immunization information to the local health department and CDPH in accordance with Health and Safety Code 120440, and maintain the confidentiality of such information in the same manner as other students records in accordance with law and as specified in Administrative Regulation 5125 - Student Records. (Health and Safety Code 120440)

Attendance

Sign-in and sign-out sheets shall be used daily for all children for attendance accounting purposes. Attendance records shall include verification of excused absences, including the child's name, date(s) of absence, specific reason for absence, and signature of parent/guardian or the district's authorized representative if verification is made by telephone. (5 CCR 18065, 18066)

Absences shall be excused for the following reasons:

1. Illness or quarantine of the child or of the parent/guardian (Welfare and Institutions Code 10213.5)

2. Family emergency (Welfare and Institutions Code 10213.5)

   A family emergency shall be considered to exist when unforeseen circumstances cause the need for immediate action, such as may occur in the event of a natural disaster or when a member of the child's immediate family dies, has an accident, or is required to appear in court.

3. Time spent with a parent/guardian or other relative as required by a court of law (Welfare and Institutions Code 10213.5)

4. Time spent with a parent/guardian or other relative which is clearly in the best interest of the child (Welfare and Institutions Code 10213.5)

   An absence shall be considered to be in the best interest of the child when the time is spent with the child's parent/guardian or other relative for reasons deemed justifiable by the program coordinator or site supervisor.

   Except for children who are recipients of child protective services or are at risk of abuse or neglect, excused absences in the best interest of the child shall be limited to 10 days during the contract period. (5 CCR 18066)

When a child has been absent and the family has not been in communication with the program coordinator or site supervisor for seven consecutive calendar days, the district shall attempt to contact the parent/guardian through a variety of communication methods, including one attempt in writing which may be through electronic means, informing the parent/guardian that failure to communicate with the district may result in termination of child care services. The district shall keep documentation of all such communication attempts in the family's data file, and, if there has been no communication for a total of 30 consecutive calendar days, issue a Notice of Action to disenroll the family on the basis of abandonment of care. (5 CCR 18066.5)

Parents/guardians shall be notified of the policies and procedures related to excused absences for child care and development services. (5 CCR 18066)

Rights of Parents/Guardians

At the time a child is accepted into a licensed child care and development center, the child's parent/guardian or authorized representative shall be notified of the rights specified in 22 CCR 101218.1, including, but not limited to, the right to enter and inspect the child care facility and the right to be informed, upon request, of the name and type of association to the center of any adult who has been granted a criminal record exemption. (Health and Safety Code 1596.857; 22 CCR 101218.1)

The written notice of parent/guardian rights also shall be permanently posted within the facility in a location accessible to parents/guardians. Notwithstanding these rights, access to the facility may be denied to an adult whose behavior presents a risk to children present in the facility or to noncustodial parents/guardians when so requested by the responsible parent/guardian. (Health and Safety Code 1596.857)

In addition, if a parent/guardian disagrees with any district action to deny a child's eligibility for subsidized child care services, disenroll the child due to a funding shortage, increase or decrease fees, increase or decrease the amount of services, terminate services, or otherwise change the level of services, the parent/guardian may file a request for a hearing with the Superintendent or designee within 14 calendar days of the date the Notice of Action was received. Within 10 calendar days of receiving the request for a hearing, the Superintendent or designee shall notify the parent/guardian of the time and place of the hearing, which, to the extent possible, shall be convenient for the parent/guardian. (5 CCR 18120)

The hearing shall be conducted in accordance with the procedures specified in 5 CCR 18120 by a district administrator who is at a staff level higher in authority than the staff person who made the contested decision. Within 10 calendar days after the hearing, the district administrator shall mail or deliver a written decision to the parent/guardian. If the parent/guardian disagrees with the written decision, the parent/guardian may, within 14 calendar days, appeal the decision to the Child Development Division. (5 CCR 18120-18122)

Coordinating Transitions

When a child in the district's child care and development program transfers to a local public school, the district's child care and development program administrator shall provide the child's parent/guardian with information from the previous year which is beneficial to the student and the student's teacher, including, but not limited to, developmental issues, social interaction abilities, health background, and diagnostic assessments, if any. The program administrator shall transfer this information to the student's elementary school, with permission of the student's parent/guardian. (Welfare and Institutions Code 10315)

To facilitate the transition of a child with a disability, the district designates the individual listed below as the main point of contact for coordinating and completing, with other agencies and persons, the transition of a child and family

from infant/toddler programs to preschool (Part C to Part B of IDEA), including establishing practices to educate and support families during the transition: (Government Code 95008)

Director of Early Learning
2930 Gay Avenue
(408) 928-7290
EarlyLearning@arusd.org

Records

The Superintendent or designee shall maintain records, in accordance with Board Policy/Administrative Regulation 3580 - District Records and Board Policy/Administrative Regulation 5125 - Student Records, of enrollment, attendance, types of families served, income received from all families participating in the district's child care and development program, and any other records required under the state contract.

Policy 5148.2: Before/After School Programs

Status: DRAFT

Original Adopted Date: 11/01/2006 **| Last Revised Date:** 12/01/2024

The Board of Trustees desires to provide learning opportunities for students beyond the regular school day that support the regular education program in a supervised environment. The content of such programs shall be coordinated with the district's vision and goals for student learning, local control and accountability plan, curriculum, and academic standards.

Each program offered by the district shall be planned through a collaborative process as required by law. (Education Code 8422, 8482.5, 8484.75, 46120)

The district shall prioritize offering Expanded Learning Opportunities Programs (ELO) at school sites in the lowest income communities, as determined by prior year percentages of students eligible for free and reduced-price meals, while maximizing the number of schools and neighborhoods with ELOs across their attendance area. (Education Code 46120)

To the extent feasible, the district shall give priority to establishing expanded learning opportunities beyond the regular school day in low-performing schools and/or programs that serve low-income and other at-risk students.

Any expanded learning opportunities, including but not limited to After School Education and Safety (ASES), 21st Century Community Learning Center (21st CCLC), 21st Century High School After School Safety and Enrichment for Teens (ASSETs), ELO, or any other program to be established pursuant to Education Code 8421, 8482.3, 8484.75, or 46120, shall be approved by the Board. Additionally, the Board shall declare its operational intent to run an ELO to the Superintendent of Public Instruction as specified in Education Code 46120.

The Superintendent or designee shall ensure that all staff who directly supervise students in any expanded learning opportunities possess appropriate knowledge and experience. As needed, staff and volunteers shall receive ongoing training related to their job responsibilities.

Each before-school, after-school, summer, vacation or intersessional expanded learning opportunity shall include academic and enrichment elements in accordance with law and administrative regulation, and may be used in conjunction with attendance recovery programs. Additionally, each program may include support services that reinforce the educational component and promote student health and well-being.

A family fee may be charged to participating families based on the actual cost of services.

However, for the ASSETs program, a family fee shall be waived or reduced for families with students who are eligible for free or reduced-price meals. (Education Code 8422)For ASES, 21st CCLC, and/or ELO, no fee shall be charged for a student who is eligible for free or reduced-price meals, or a student experiencing homelessness, or in foster care. Family fees shall be calculated on a sliding scale that considers family income and ability to pay. (Education Code 8482.6, 46120)

Eligible students who are 11 or 12 years of age shall be placed in a before-school or after-school program, if and when available, rather than subsidized child-care and development services. During the time that the before-school or after-school program does not operate, such students may be provided the option of enrolling in child-care and development services in accordance with the enrollment priorities established in Administrative Regulation 5148 - Child Care and Development. (Welfare and Institutions Code 10273)

The Board and the Superintendent or designee shall monitor student participation rates and shall identify multiple measures that shall be used to evaluate program effectiveness. Such measures may include, but are not limited to, student outcome data; program self-assessments; feedback from staff, participating students, and parents/guardians; and observations of program activities.

Every three years, the Superintendent or designee shall review the after-school program plan, including, but not limited to, program goals, program content, and outcome measures. Documentation of the program plan shall be maintained for a minimum of five years in accordance with law and as specified in Board Policy/Administrative Record 3580 - District Records and Board Policy/Administrative Record 5125 - Student Records. (Education Code 8482.3, 46120)

Regulation 5148.2: Before/After School Programs

Status: DRAFT

Original Adopted Date: 07/01/2015 **| Last Revised Date:** 12/01/2024

Definitions

Expanded learning opportunities means before school, after school, summer, vacation, and/or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of students through hands-on, engaging learning experiences. Expanded learning opportunities does not mean an extension of instructional time, but rather, opportunities to engage students in enrichment, play, nutrition, and other developmentally appropriate activities. (Education Code 8482.1, 46120)

Intersession program means an expanded learning program offered by a district on non-school days, including, but not limited to, summer school. (Education Code 48853.5)

Offer access, with regard to an Expanded Learning Opportunities Program (ELO), means to recruit, advertise, publicize, or solicit through culturally and linguistically effective and appropriate communication channels. (Education Code 46120)

Provide access, with regard to an ELO, means to enroll a student in an ELO. If a parent/guardian has a signed an ELO registration form and that form is on file, the student shall be considered enrolled in the ELO. (Education Code 46120)

Unduplicated student means a student enrolled in a district who is either classified as an English learner, eligible for a free or reduced-price meal, or is a foster youth. (Education Code 42238.02, 46120)

Grades Transitional Kindergarten-9

The district's After School Education and Safety Program (ASES) or 21st Century Community Learning Center Program (21st CCLC) shall serve students in any of grades Transitional Kindergarten (TK)-9 as the district may determine based on local needs. (Education Code 8482.3, 8484.7, 8484.75, 8484.8)

The district's 21st CCLC program shall primarily serve students in Title I schoolwide programs. (Education Code 8484.8; 20 USC 7173)

The district's ELO shall serve students in grades TK-6. (Education Code 46120)

The district's programs shall be planned through a collaborative process that includes parents/guardians, students, representatives of participating schools, governmental agencies, including city and county parks and recreation departments, local law enforcement, community organizations, and the private sector. As appropriate, the Superintendent or designee may include other stakeholders in such collaborative process. (Education Code 8422, 8482.5, 8483.3, 8484.75, 46120)

The district shall offer access to ELO to all unduplicated students in grades TK-6 and provide access to such program to at least 50 percent of enrolled unduplicated students. (Education Code 46120)

The district shall offer access to ELO to all classroom-based students in grades TK-6. The district shall provide access to any student whose parent/guardian requests placement in an ELO.

The district shall provide transportation to any student who attends a school that is not operating an ELO so that the student may attend at a location that is providing an ELO and return to the original location or another location that is established by the district. (Education Code 46120)

The Superintendent or designee shall ensure that the plan to provide access to full-day learning programs the year before kindergarten addresses the needs of children and their families as specified in Board Policy 6170.1 - Transitional Kindergarten. (Education Code 8322)

The district's ASES, 21st CCLC, and ELO program(s) shall be operated in accordance with the following:

1. Program Elements

a. The program shall include an educational and literacy element in which tutoring or homework assistance is provided in language arts, mathematics, history and social science, computer training, and/or science (Education Code 8482.3, 8484.75, 46120)

b. The program shall include an educational enrichment element which may include, but is not limited to, fine arts, career technical education, recreation, technology, physical fitness, and prevention activities (Education Code 8482.3, 8484.75, 46120)

2. Nutrition

a. Snacks or meals made available in the program shall conform to nutrition standards specified in Education Code 49430-49434 or 42 USC 1766 as applicable (Education Code 8482.3, 8484.75, 46120; 42 USC 1766-1766a; 7 CFR 226.17)

b. The district's before-school program shall offer a breakfast meal as described in Education Code 49553 for all program participants (Education Code 8483.1, 8484.75)

3. Location of Program

a. The program may be offered at one or multiple school sites and/or at an easily available and accessible off-campus facility (Education Code 8482.3, 8484.75

b. When there is a significant barrier to student participation in either the before-school or after-school component of a program at the school of attendance, the Superintendent or designee may, with the approval of the Superintendent of Public Instruction, provide services at another school site

Such transfer of services shall occur only if the school to which the program will be transferred agrees to receive students from the transferring school and has an existing grant of the same type as the transferring school, or does not have a 10-percent lower percentage of students eligible for free or reduced-price meals than the transferring school. A significant barrier includes any of the following: (Education Code 8482.8, 8484.75)

i. Fewer than 20 students participating in the program component

ii. Extreme transportation constraints, including, but not limited to, desegregation busing, busing for magnet or open enrollment schools, or student dependence on public transportation

iii. A reduction in the program grant of an existing school due to its merging into a new school opened by the district or the splitting of its students with a new school

In such cases, the district shall arrange for safe, supervised transportation between school sites; ensure communication among staff in the regular school program, staff in the before-school or after-school program, and parents/guardians; and ensure alignment of the educational and literacy elements with the regular school program of participating students. (Education Code 8482.8, 8484.75)

4. Staffing

a. All staff members who directly supervise students shall, at a minimum, meet the qualifications for an instructional aide (Education Code 8483.4, 8484.75, 45330, 45344, 45344.5)

b. All program staff and volunteers shall be subject to the health screening and fingerprint clearance requirements in law and Board policy (Education Code 8483.4, 8484.75

c. The student-to-staff ratio shall be no more than 20 to 1, except that programs serving TK or kindergarten students shall maintain a student-to-staff member ratio of no more than 10 to 1 (Education Code 8483.4, 8484.75, 46120)

5. Hours of Operation

a. A before-school program shall not operate for less than one and one-half hours per regular school day (Education Code 8483.1, 8484.75)

b. An after-school program shall begin immediately upon the conclusion of the regular school day and shall operate a minimum of 15 hours per week and at least until 6 p.m. on every regular school day (Education Code 8483, 8484.75)

c. An ELO shall provide in-person before or after school expanded learning opportunities that, when added to daily instructional minutes, recess, and meals, shall not be less than nine hours of combined instructional time, recess, meals, and expanded learning opportunities per instructional day (Education Code 46120)

6. Admissions

a. Every student attending a school operating a program is eligible to participate in the program, subject to program capacity (Education Code 8482.6, 8484.75)

b. If the number of students wishing to participate in the program exceeds program capacity, students shall be selected for enrollment based on the following guidelines:

i. First priority for enrollment shall be given to students who are identified as homeless youth, as defined by the McKinney-Vento Homeless Assistance Act (42 USC 11434a), at the time they apply for enrollment or at any time during the school year, to students who are identified by the program as being in foster care, and to students who are eligible for free or reduced-price meals (Education Code 8483, 8483.1, 8484.75)

The district is not required to disenroll a current student in order to secure the enrollment of a student who has priority for enrollment. (Education Code 8483, 8483.1)

The district shall inform the parent/guardian of a student experiencing homelessness or foster youth, or student eligible for free or reduced price meals, of the right of the child to receive priority enrollment and how to request priority enrollment. (Education Code 8483, 8484.75)

If a student experiencing homelessness or a foster youth will be moving during an intersession period, the student's educational rights holder, or in the case of an American Indian Student, Indian custodian, may determine which school the student attends for the intersession period. (Education Code 48850, 48853.5)

ii. Second priority for enrollment of middle or junior high school students shall be given to students who attend daily (Education Code 8483, 8483.1, 8484.75)

iii. Third priority for enrollment shall be given to students identified as in need of academic remediation or support in accordance with Board policy or administrative regulation

iv. Any remaining capacity shall be filled by students selected at random

v. A waiting list shall be established to accommodate additional students if space becomes available

7. Attendance/Early Release

a. Each student admitted into a district program shall be expected to attend the full number of hours that the program is in operation every day that the student participates

An ELO offered pursuant to Education Code 46120 does not have an attendance requirement, but the district may track student attendance for safety and continuous quality improvement purposes.

b. When necessary, a student's parent/guardian may request, in writing, that the Superintendent or designee approve the reasonable late daily arrival for the before-school program or the reasonable early daily release from the after-school program

The Superintendent or designee shall not approve such a request if the student would be attending less

than one-half of the daily program hours.

8. Summer/Intersession/Vacation Programs

    a. ELOs shall offer no less than nine hours of in-person expanded learning opportunities per day for at least 30 non-school days, during extended school year or intersession periods (Education Code 46120)

    b. A before-school program operating during summer, intersession, and/or vacation days shall be offered for a minimum of two hours per day

        An after-school program offered during summer, intersession, and/or vacation days may be operated for either three hours or six hours per day in accordance with Education Code 8483.76. When both before-school and after-school programs are offered for the same students on such days, they shall be operated for a minimum of four and one-half hours per day. (Education Code 8483, 8483.1, 8483.2, 8483.76)

    c. A program offered during summer, intersession, and/or vacation periods may open eligibility to every student attending a school in the district, with priority for enrollment given to students enrolled in the school that received the grant (Education Code 8483.76)

    d. To address the needs of students and school closures, the program may be conducted at an off-site location or an alternate school site

        When a district is temporarily prevented from operating an ELO because of a school or program site closure due to emergency conditions specified in Education Code 8482.8 or 41422, the Superintendent or designee shall complete and submit to the California Department of Education (CDE) any necessary forms or records substantiating the need for closure, including a resolution adopted by the Board of Trustees. (Education Code 46120)

        The program shall notify CDE of the change of location and shall include a plan to provide safe transportation pursuant to Education Code 8484.6. (Education Code 8483.76)

    e. Any program operating for six hours per day shall provide at least one nutritionally adequate free or reduced-price meal to each eligible student during each program day (Education Code 8483.76)

    f. For any program operating six hours per day, district procedures pertaining to student attendance and early release as specified in Item #7 above shall apply (Education Code 8483.76)

Volunteers

The Superintendent or designee may establish a registry of volunteer after-school physical recreation instructors and other before-school and after-school program volunteers. (Education Code 35021.3)

To be included in the registry, a volunteer shall submit to a criminal background check pursuant to Education Code 45125. The volunteer shall also submit current contact information to the district and shall update that information whenever the information changes. (Education Code 35021.3)

The Superintendent or designee may use a volunteer registered with the district or may select another person to provide physical recreation to students after school hours or to provide other services. (Education Code 35021.3)

Reports

The Superintendent or designee shall annually submit to CDE outcome-based data, including, but not limited to: (Education Code 8427, 8482.3, 8484)

1. For participating students, school day attendance on an annual basis and program attendance on a semi-annual basis

2. Evidence of a program quality improvement process that is data driven and based on CDE program quality standards

Policy 5148.3: Preschool/Early Childhood Education

Status: DRAFT

Original Adopted Date: 11/01/2012 **| Last Revised Date:** 12/01/2024

The Board of Trustees recognizes the value of high-quality preschool experiences to enhance children's social-emotional development and acquisition of instructional knowledge, skills, and abilities. The Board desires to provide a supervised and cognitively rich learning environment designed to facilitate the transition to kindergarten for two-, three-, and four-year-old children.

The Superintendent or designee shall collaborate with the local child care and development planning council, the county office of education, other public agencies, organizations, and/or private preschool providers to assess the availability of preschool programs in the community and the extent to which the community's preschool needs are being met. The Board encourages the development of a comprehensive districtwide and/or countywide plan to increase children's access to high-quality preschool programs.

The Superintendent or designee shall provide information about preschool options in the community to parents/guardians upon request.

District Preschool Programs

When the Board determines that it is feasible, the district may contract with the California Department of Education (CDE) to provide preschool services in facilities at or near district schools, either directly or through a subcontract with a public or private provider.

District preschool programs shall comply with all health and safety laws and regulations, including, when applicable, licensure requirements pursuant to 22 CCR 101156.

The Board shall approve, for the district's preschool program, a written philosophical statement, goals, and objectives that reflect the cultural and linguistic characteristics of the families to be served and address the program components specified in 5 CCR 17701-17711 and the accompanying administrative regulation. (5 CCR 17701)

The Board shall set priorities for establishing or expanding services as resources become available, giving consideration to the benefits of providing early education programs for at-risk children and/or children residing in the attendance areas of the lowest performing district schools.

Preschool classroom needs shall be addressed in the district's facilities master plan, including an assessment as to whether adequate and appropriate space exists on school sites. As necessary, the Superintendent or designee shall provide information to the Board regarding facilities financing options for preschool classrooms and/or facilities available through partnering organizations or agencies.

Because parents/guardians are essential partners in supporting the development of their children, the Superintendent or designee shall involve them in program planning.

The Superintendent or designee shall coordinate the district's preschool program, transitional kindergarten program (TK), and elementary education program to provide a developmental continuum that builds upon children's growing skills and knowledge. In order to provide families with the option of a full-day, high-quality instructional program, the district may enroll children who are in a TK or kindergarten program in a California State Preschool Program (CSPP) before and/or after the regular school day.

The Superintendent or designee shall recommend strategies to link the district's preschool program with other available child care and development programs in the district or community in order to assist families whose child care needs extend beyond the length of time that the district's preschool program is offered.

The Superintendent or designee shall ensure that the plan to provide access to full-day learning programs the year before kindergarten addresses the needs of preschool children and their families as specified in Board Policy 6170.1 - Transitional Kindergarten. (Education Code 8281.5)

A child's eligibility for TK enrollment shall not impact family eligibility for a preschool or child care program. (Education Code 8205, 48000)

The district's program shall be aligned with preschool learning foundations and curriculum frameworks developed by CDE which identify the knowledge, skills, and competencies that children typically attain as they complete their first or second year of preschool. The program shall be designed to facilitate children's development in essential skills in the areas of language and literacy, mathematics, physical development, health, visual and performing arts, science, history-social science, English language development, and social-emotional development.

The Superintendent or designee shall identify dual language learners in district preschool programs, and shall collect and report related data to CDE as required by Education Code 8241.5. The district's preschool program shall include activities and services that meet the needs of dual language learners for support in the development of their home language and English. (Education Code 8203)

The district's preschool program shall serve children with exceptional needs as required by Education Code 8208. Children with exceptional needs attending any CSPP shall be educated in the least restrictive environment in accordance with 20 USC 1412.

The district's preschool program shall provide appropriate services to support the needs of at-risk children.

To maximize the ability of children to succeed in the preschool program, the program shall support children's health through proper nutrition and physical activity and shall provide or make referrals to available health and social services as needed.

The district shall encourage volunteerism by families participating in the program and shall communicate frequently with parents/guardians of enrolled children regarding their child's progress.

Staffing

The Superintendent or designee shall ensure that administrators, teachers, and paraprofessionals in district preschool programs possess the appropriate permit(s) issued by the Commission on Teacher Credentialing, meet any additional qualifications established by the Board, and participate in professional development opportunities designed to continually enhance their knowledge and skills.

Eligibility, Enrollment, and Disenrollment

Preschool admissions policies and procedures shall be in writing and available to the public. Such policies and procedures shall include criteria designating those children whose needs can be met by the program and services, the ages of children who will be accepted, program activities, any supplementary services provided, any field trip provisions, any transportation arrangements, food service provisions, and a health examination requirement. (5 CCR 17743; 22 CCR 101218.1)

The Superintendent or designee shall ensure that subsidized preschool is provided to eligible families to the extent that state and/or federal funding is available and shall establish enrollment priorities in accordance with Education Code 8208, 8210, and 8211 and 5 CCR 17746-17748.

To receive preschool services, a child and the child's parent(s)/guardian(s) shall be required to provide evidence of residency in California, which may be established by providing evidence of a California street or post office address. However, any person identified as experiencing homelessness shall only be required to submit a declaration that the person resides in California. (5 CCR 17745)

Preschool eligibility determinations shall be made without regard to a child's immigration status or that of the child's parent(s)/guardian(s) unless the child or the child's parent(s)/guardian(s) are under a final order of deportation from the U.S. Department of Homeland Security. (5 CCR 17745)

The district's program shall not expel or unenroll a child or persuade or encourage a child's parents/guardians to voluntarily unenroll from the program based on the child's behavior, unless the expulsion or unenrollment is in accordance with the procedures specified in the accompanying administrative regulation.

When necessary due to a reduction in state reimbursements, families shall be disenrolled as specified in the accompanying administrative regulation.

Program Evaluation

The Superintendent or designee shall develop and implement an annual plan of evaluation which conforms to state requirements. (5 CCR 17709-17711)

The Superintendent or designee shall regularly report to the Board regarding enrollment in district preschool programs and the effectiveness of the programs in preparing preschoolers for transition into the elementary education program.

Complaints

The district's uniform complaint procedures, with modifications as necessary, shall be used to investigate and resolve complaints alleging violation of applicable health or safety requirements for license-exempt programs operating under the CSPP. However, licensed programs shall refer complaints alleging health and safety violations to the California Department of Social Services. (Education Code 8212; 5 CCR 4610, 4611, 4690-4694, 17781)

Regulation 5148.3: Preschool/Early Childhood Education **Status:** DRAFT

Original Adopted Date: 07/01/2015 **| Last Revised Date:** 12/01/2024

Attendance, means the number of children present at a preschool facility, and for purposes of reimbursement, includes excused absences by children because of illness, quarantine, illness or quarantine of their parent, family emergency, or to spend time with a parent or other relative as required by a court of law or that is clearly in the best interest of the child. (Education Code 8205)

Children with exceptional needs means either of the following: (Education Code 8205)

1. Children under three years of age who have been determined to be eligible for early intervention services pursuant to the California Early Intervention Services Act (Government Code 95000-95029.5) and its implementing regulations, including an infant or toddler with a developmental delay or established risk condition, or a child who is at high risk of having a substantial developmental disability, as defined in Government Code 95014

   Children with exceptional needs under the age of three shall have active individualized family service plans (IFSP) and shall be receiving early intervention services.

2. Children 3 to 21 years of age, inclusive, who have been determined to be eligible for special education and related services by an individualized education program (IEP) team according to the special education requirements contained in Education Code 56000-56865, and who meet eligibility criteria described in Education Code 56026 and 56333-56338 and 5 CCR 3030-3031

   Children with exceptional needs between ages 3 to 21 shall have an active IEP and shall be receiving early intervention services or appropriate special education.

Dual language learner children means children whose first language is a language other than English or children who are developing two or more languages, one of which may be English. (Education Code 8205)

Two-year-old children means children who have had their second birthday and do not otherwise meet the definition of "three-year-old children." (Education Code 8205)

Three-year-old children means children who will have their third birthday on or before December 1 of the fiscal year in which they are enrolled in a program approved by the California Department of Education (CDE) under the California State Preschool Program (CSPP). Any child under four years of age shall be served in a California state preschool program facility, licensed in accordance with Title 22 of the California Code of Regulations (Education Code 8205)

Four-year-old children means children who will have their fourth birthday on or before December 1 of the fiscal year in which they are enrolled in a CSPP, or a child whose fifth birthday occurs after September 1 of the fiscal year in which they are enrolled in a CSPP and whose parent or guardian has opted to retain or enroll them in a CSPP. (Education Code 8205)

Program Components

When approved by CDE under the CSPP, the district may operate one or more part- or full-day preschool programs in accordance with law and the terms of its contract with CDE.

The district's CSPP shall include all of the following: (Education Code 8207)

1. Age and developmentally appropriate activities for children

2. Supervision

3. Parenting education and parent engagement

4. Social services that include, but are not limited to, identification of child and family needs and referral to appropriate agencies

5. Health services

6. Nutrition

7. Training and career ladder opportunities, documentation of which shall be provided to CDE

8. Physical activity to support children's health

The district's CSPP shall satisfy all the requirements described in 5 CCR 17701-17711, including, but not limited to, those related to the program philosophy, goals, and objectives, the educational program, the creation of a developmental profile for each child, staff development, family engagement and strengthening, community involvement, health and social services, nutrition, and program evaluation.

Minimum Hours/Days of Operation

The district's part-day CSPP shall operate a minimum of three hours, and up to three hours and 59 minutes, per day, excluding time for home-to-school transportation, and for at least 175 days per year unless otherwise specified in the contract with CDE. (Education Code 8207; 5 CCR 17727)

However, a part-day CSPP may also offer TK or kindergarten children whose families meet the requirements of Education Code 8208 less than four hours of wraparound childcare services, and a part-day preschool program operating on a school site may be allowed flexibility in the operational hours. (Education Code 48000)

The district may enroll an early enrollment child in TK whose fourth birthday is between June 3 and September 1, inclusive, preceding the school year during which they are enrolled in TK. If an early enrollment child is enrolled in the district's TK program, the district shall concurrently offer the child enrollment in the district's CSPP, subject to available space. (Education Code 48000.15)

The district's full-day CSPP shall operate for a minimum of 246 days per year, unless the contract specifies a lower number of days of operation, and for the number of operational hours reasonably necessary to meet the preschool needs of the families in the community. (Education Code 8207; 5 CCR 17728)

Staffing

The CSPP shall maintain an adult-child ratio of at least one adult for every eight children and a teacher-child ratio of at least one teacher for every 24 children. (Education Code 8241, 5 CCR 17713-17716)

Any person employed at a district preschool and any volunteer who provides care and supervision to children at a preschool shall, unless exempted by law, be immunized against influenza, pertussis, and measles in accordance with Health and Safety Code 1596.7995 and Administrative Regulation 5148 - Child Care and Development. Documentation of required immunizations, or applicable exemptions, shall be maintained in the employee's personnel file. (Health and Safety Code 1596.7995)

In addition, preschool teachers shall present evidence of a current tuberculosis clearance and meet other requirements as specified in Health and Safety Code 1597.055.

The district may require any volunteer who is to provide care and supervision to district preschool children to provide evidence that the volunteer is free of infectious tuberculosis.

Family Literacy Services

When any district part-day CSPP receives funding for family literacy services pursuant to Education Code 8221, the Superintendent or designee shall coordinate the provision of: (Education Code 8220)

1. Opportunities for parents/guardians to work with their children on interactive literacy activities, including activities in which parents/guardians actively participate in facilitating their children's acquisition of prereading skills through guided activities such as shared reading, learning the alphabet, and basic vocabulary development

2. Parenting education for parents/guardians of children in participating classrooms to support their child's development of literacy skills, including, but not limited to, parent education in:

a. Providing support for the educational growth and success of their children

b. Improving parent-school communications and parental understanding of school structures and expectations

c. Becoming active partners with teachers in the education of their children

d. Improving parental knowledge of local resources for the identification of and services for developmental disabilities, including, but not limited to, contact information for the district special education referral

3. Referrals to providers of adult education and instruction in English as a second language as necessary to improve academic skills of parents/guardians

4. Staff development for teachers in participating classrooms that includes, but is not limited to:

    a. Development of a pedagogical knowledge, including, but not limited to, improved instructional and behavioral strategies

    b. Knowledge and application of developmentally appropriate assessments of the prereading skills of children in participating classrooms

    c. Information on working with families, including the use of on-site coaching, for guided practice in interactive literacy activities

    d. Providing targeted interventions for all young children to improve kindergarten readiness upon program completion

Eligibility Criteria for Part-Day CSPP

A child is eligible for a part-day CSPP if both of the following requirements are met: (Education Code 8208)

1. The child is one of the following:

    a. A two-year-old child and the CSPP enrolls the two-year-old child in accordance with the guidance specified in Education Code 8207.1

    b. A three-year-old child

    c. A four-year-old child

    d. Enrolled in kindergarten pursuant to Education Code 48000

2. The child's family is one of the following:

    a. A current aid recipient

    b. Income eligible

    c. Experiencing homelessness

    d. One whose children are recipients of child protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected or exploited

    e. One who has children with exceptional needs, as defined in Education Code 8205

    f. One with a household member who is certified to receive benefits from Medi-Cal, CalFresh, the California Food Assistance Program, the California Special Supplemental Nutrition Program for Women, Infants, and Children, the federal Food Distribution Program on Indian Reservations, Head Start, Early Head Start, or any other designated means-tested government program, as determined by CDE

After all eligible two-, three-, and four-year-old children have been enrolled as provided above, a part-day CSPP may

provide services to children in families whose income is no more than 15 percent above the income eligibility threshold, as described in Education Code 8213. No more than 10 percent of all the children enrolled in the CSPP shall be from families above the income eligibility threshold. (Education Code 8208)

In addition, after all otherwise eligible children have been enrolled as provided in the paragraphs above, a part-day CSPP may provide services to two-, three-, and four-year-old children in families whose income is above the income eligibility threshold if those children are children with exceptional needs. Such children with exceptional needs shall not count towards the 10-percent limit on enrollment of families with income above the income eligibility threshold described above. (Education Code 8208)

A CSPP operating within the attendance boundary of a school where at least 80 percent of students are eligible for free and reduced-price meals may enroll two-, three-, and four-year-old children after all otherwise eligible children have been enrolled as provided in the paragraphs above. (Education Code 8208, 8217)

The district shall certify eligibility and enroll families into the part-day CSPP within 120 calendar days prior to the first day of the beginning of the new preschool year. Subsequent to a child's enrollment, the child shall be deemed eligible for the part-day CSPP for the remainder of the program year and for the following program year, provided applicable age-eligibility requirements are met, as specified in Education Code 8205 and 48000. (Education Code 8208)

Enrollment Priorities for Part-Day CSPP

The district shall give priority for part-day CSPP as follows: (Education Code 8210)

1. The first priority for services shall be given to three- or four-year-old children who are recipients of child protective services or who are at risk of being neglected, abused, or exploited and for whom there is a written referral from a legal, medical, or social service agency

   To the extent the district offers services to two-year-old children, pursuant to Education Code 8207.1, then priority for services shall also be given to two-year-old children who are recipients of child protective services or who are at risk of being neglected, abused, or exploited and for whom there is a written referral from a legal, medical, or social service agency.

   If the district is unable to enroll a child in this first priority category, the district shall refer the child's parent/guardian to local resources and referral services so that services for the child can be located.

2. When the number of three- or four-year-old children with exceptional needs required to be enrolled pursuant to Education Code 8208 have been enrolled and there are additional children with exceptional needs who are interested in enrolling, the second priority for services shall be given to all three- and four-year-old children with exceptional needs from families with incomes below the income eligibility threshold, as described in Education Code 8213

   Within this priority category, children with exceptional needs from families with the lowest income according to the income ranking on the most recent schedule of income ceiling eligibility table, as published by the Superintendent of Public Instruction (SPI) at the time of enrollment, shall be enrolled first.

3. The third priority shall be given to eligible three- or four-year-old children who are not enrolled in a state-funded TK program

   This priority shall not include children eligible for enrollment as children with exceptional needs pursuant to Education Code 8208(a)(1)(B)(v), who are from families with incomes above the income eligibility threshold, as described in Education Code 8213. Within this priority category, eligible children with the lowest income according to the income ranking on the most recent schedule of income ceiling eligibility table, as published by the SPI at the time of enrollment, shall be enrolled first.

   If two or more families have the same income ranking according to the most recent schedule of income ceiling eligibility table, a child who is identified as a dual language learner shall be enrolled first. If there are no children identified as dual language learners, the child that has been on the waiting list for the longest time shall be admitted first.

4. If the district offers services to two-year-old children pursuant to Education Code 8207.1, the fourth priority

shall be given to eligible two-year-old children

This priority shall not include children eligible for enrollment as children with exceptional needs pursuant to Education Code 8208(a)(1)(B)(v), if they are from families with incomes above the income eligibility threshold, as described in Education Code 8213. Enrollment determinations within this priority category shall be made in the same way as for third priority in Item #3 above.

5. The fifth priority, after all otherwise eligible children have been enrolled, shall be given to children from families whose income is no more than 15 percent above the eligibility income threshold, as described in Education Code 8213

   Within this priority category, priority shall be given to three- and four-year-old children with exceptional needs interested in enrolling beyond those already enrolled in the five percent of funded enrollment set aside pursuant to Education Code 8208, then to three- and four-year old children without exceptional needs in income ranking order, with the lowest income according to the income ranking on the most recent schedule of income ceiling eligibility table, as published by the SPI at the time of enrollment, being enrolled first. If two or more families have the same income ranking according to the most recent schedule of income ceiling eligibility table, the child that has been on the waiting list for the longest time shall be admitted first

6. After all otherwise eligible children have been enrolled in the first through fifth priority categories, as described in Items #1-5 above, the district may enroll other children in the following order:

   a. A CSPP site operating within the attendance boundary of a school where at least 80 percent of students are eligible for free and reduced-price meals as described in Education Code 8217 may enroll any three- or four-year-old children whose families reside within the attendance boundary of the qualified elementary school, followed by two-year-old children whose families reside within the attendance boundary of the qualified elementary school, if the district offers services to two-year-old children pursuant to Education Code 8207.1

      These children shall, to the extent possible, be enrolled by lowest to highest income according to the most recent schedule of income ceiling eligibility table.

   b. Children enrolling in a CSPP that provides expanded learning and care to TK or kindergarten students, pursuant to Education Code 48000

Regardless of the priorities listed above, until the district attains the five percent of funded enrollment set aside for children with exceptional needs pursuant to Education Code 8208, children with exceptional needs shall be enrolled without regard to the priorities listed above. Within this category, eligible children with the lowest income according to the income ranking on the most recent schedule of income ceiling eligibility table, as published by the SPI at the time of enrollment, shall be enrolled first. If two or more families have the same income ranking, the child that has been on the waiting list for the longest time shall be admitted first. (Education Code 8210)

Eligibility and Enrollment Priorities for Full-Day CSPP

A child is eligible for a full-day CSPP if all of the following requirements are met: (Education Code 8208)

1. The child is one of the following:

   a. A two-year-old child and the CSPP enrolls the two-year-old child in accordance with the guidance specified in Education Code 8207.1

   b. A three-year-old child

   c. A four-year-old child

2. The child's family is one of the following:

   a. A current aid recipient

   b. Income eligible

c. Experiencing homelessness

d. One whose children are recipients of child protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited

e. One who has children with exceptional needs, as defined in Education Code 8205

f. One with a household member who is certified to receive benefits from Medi-Cal, CalFresh, the California Food Assistance Program, the California Special Supplemental Nutrition Program for Women, Infants, and Children, the federal Food Distribution Program on Indian Reservations, Head Start, Early Head Start, or any other designated means-tested government program, as determined by CDE

3. The child's family needs the childcare services because of either the following:

   a. The child is identified by a legal, medical, or social services agency, the district liaison for homeless students, a Head Start program, or an emergency or transitional shelter as being a recipient of protective services; as being or at risk of being neglected, abused, or exploited; or as experiencing homelessness

   b. The parents/guardians are participating in vocational training leading directly to a recognized trade, paraprofession, or profession; are engaged in an educational program for English language learners or to attain a high school diploma or general educational development certificate; are employed or seeking employment; are seeking permanent housing for family stability; or are incapacitated

After all eligible two-, three-, and four-year-old children have been enrolled as provided above, a full-day CSPP may provide services to children in families whose income is no more than 15 percent above the income eligibility threshold, as described in Education Code 8213. No more than 10 percent of all the children enrolled in the CSPP shall be from families above the income eligibility threshold. (Education Code 8208)

After all families meeting the criteria specified in the paragraphs above have been enrolled, a full-day CSPP may provide services to two-, three-, and four-year-old children in families who do not meet at least one of the criteria in Item #2 above. (Education Code 8208)

After all otherwise eligible children have been enrolled as provided above, a full-day CSPP operating within the attendance boundary of a school where at least 80 percent of students are eligible for free and reduced-price meals may enroll any two-, three-, or four-year-old child. (Education Code 8208, 8217)

For full-day CSPP, the district shall use the same priority ranking specified in Items #1-5 of "Enrollment Priorities for Part-Day CSPP", above. (Education Code 8211)

After all otherwise eligible children based on Items #1-5 of "Enrollment Priorities for Part-Day CSPP" have been enrolled, the district may enroll other children in the following order: (Education Code 8211)

1. Two-, three-, and four-year-old children from families who do not meet at least one of the need requirements in Item #2 above

   Within this priority, families shall be enrolled in income ranking order, lowest to highest. Within income ranking order, three-, and four-year old children shall be enrolled before two-year-old children, if the district offers services to two-year-old children pursuant to Education Code 8207.1.

2. A CSPP site operating within the attendance boundary of a school where at least 80 percent of students are eligible for free and reduced-price meals as described in Education Code 8217, may enroll any three- and four-year-old children whose families reside within the attendance boundary of the qualified school without establishing eligibility or a need for services in accordance with Education Code 8208, followed by two-year-old children whose families reside within the attendance boundary of the qualified school without establishing eligibility or a need for services pursuant to Education Code 8208, if the district offers services to two-year-old children pursuant to Education Code 8207.1

   Such children shall, to the extent possible, be enrolled in income ranking order, by lowest to highest income according to the most recent schedule of income ceiling eligibility table.

Regardless of the priorities listed above, until the district attains the five percent of funded enrollment set aside for

children with exceptional needs pursuant to Education Code 8208, children with exceptional needs shall be enrolled without regard to the priorities listed above. Within this category, eligible children with the lowest income according to the income ranking on the most recent schedule of income ceiling eligibility table, as published by the SPI at the time of enrollment, shall be enrolled first. If two or more families have the same income ranking, the child that has been on the waiting list for the longest time shall be admitted first. (Education Code 8211)

Upon establishing initial eligibility or ongoing eligibility for a full-day CSPP, a family shall be considered to meet all eligibility and need requirements for those services for not less than 24 months. Such families shall receive those services for not less than 24 months before having eligibility or need recertified and shall not be required to report changes to income or other changes for at least 24 months. If the eligibility period ends before the end of a program year, eligibility shall be extended until the end of the program year, provided age-eligibility requirements are met, as specified in Education Code 8205. However, a family that establishes initial eligibility or ongoing eligibility on the basis of income shall report increases in income that exceed the threshold for ongoing income eligibility, as described in Education Code 8213, and the family's ongoing eligibility for services shall at that time be recertified. In addition, a family may, at any time, voluntarily report income or other changes. This information shall be used, as applicable, to reduce the family's fees, increase the family's services, or extend the period of the family's eligibility before recertification. (Education Code 8208)

Waiting List

The Superintendent or designee shall consult the county's centralized eligibility list, when available, or shall maintain a district waiting list in accordance with applicable enrollment priorities. As vacancies occur, applicant families shall be contacted in order of priority on the waiting list. (5 CCR 17744)

Combined Preschool/Transitional Kindergarten Classroom

When a child is eligible for both the CSPP and the district's TK program, the district may place the child in a classroom which is commingled with children from both programs as long as the commingled program meets all of the requirements of each program as well as the following requirements: (Education Code 8207, 48000)

1. An observation using the Classroom Assessment Scoring System (CLASS) tool and CLASS environment tool shall be completed for the classroom

2. All children enrolled for 10 or more hours per week shall be evaluated using the Desired Results Developmental Profile, as specified in 5 CCR 18272

3. The classroom shall be taught by a teacher who holds a credential issued by the Commission on Teacher Credentialing in accordance with Education Code 44065 and 44256

4. The classroom shall comply with the adult-child ratio specified in Education Code 8241

5. Contractors of the district shall report the services, revenues, and expenditures for children in the CSPP in accordance with 5 CCR 18068

6. The classroom shall not include children enrolled in TK for a second year or children enrolled in a regular kindergarten classroom

Fees and Charges

Fees for participation in the district's full-day CSPP shall be assessed and collected in accordance with the fee schedule established by the SPI in conjunction with the California Department of Social Services. (Education Code 8252)

In addition, no fee shall be charged to an eligible family whose child is enrolled in a part-day preschool program or a family that is receiving CalWORKs cash aid. (Education Code 8253; 5 CCR 17735)

A family may be exempt from the fees for up to 12 months for any child enrolled in full-day preschool on the basis of being the recipient of child protective services or as being, or at risk of being, abused, exploited, or neglected. (Education Code 8253; 5 CCR 17735)

The Superintendent or designee shall establish a process that involves parents/guardians in determining whether to

require parents/guardians to provide diapers and/or whether and how much to charge parents/guardians for field trip expenses, within the limit specified in law. A child shall not be denied participation in a field trip due to the parent/guardian's inability or refusal to pay the fee, and no adverse action shall be taken against a parent/guardian for that inability or refusal. (Education Code 8254)

Attendance

Sign-in and sign-out sheets shall be used daily for all children for attendance accounting purposes. Attendance records shall include verification of excused absences, including the child's name, date(s) of absence, specific reason for absence, and signature of parent/guardian or the district's authorized representative if verification is made by telephone. (5 CCR 17818, 17819).

Absences shall be excused for the following reasons: (Education Code 8205; 5 CCR 17819)

1. Illness or quarantine of the child or of the parent/guardian

2. Family emergency

   A family emergency shall be considered to exist when unforeseen circumstances cause the need for immediate action, such as may occur in the event of a natural disaster or when a member of the child's immediate family dies, has an accident, or is required to appear in court.

3. Time spent with a parent/guardian or other relative which is clearly in the best interest of the child

   An absence shall be considered to be in the best interest of the child when the time is spent with the child's parent/guardian or other relative for reasons deemed justifiable by the program coordinator or site supervisor.

   Except for children who are recipients of child protective services or are at risk of abuse or neglect, excused absences in the best interest of the child shall be limited to 10 days during the contract period. (5 CCR 17819)

4. Time spent with a parent/guardian or other relative as required by a court of law

A child may not be disenrolled due to excessive absences, except in circumstances of abandonment of care, as described below. (5 CCR 17819, 17819.5)

When a child has been absent and the family has not been in communication with the program coordinator or site supervisor for seven consecutive calendar days, the district, using the contact information on file, shall attempt to contact the parent/guardian through a variety of communication methods, including one attempt in writing which may be through electronic means, informing the parent/guardian that failure to communicate with the district may result in termination of preschool services. The district shall keep documentation of all such communication attempts in the family's data file, and, if there has been no communication for a total of 30 consecutive calendar days, issue a Notice of Action to disenroll the family on the basis of abandonment of care. (5 CCR 17819.5)

Parents/guardians shall be notified of the policies and procedures related to excused absences for child care and development services. (5 CCR 17819)

Disenrollment Based on Reduced Funding

When necessary to disenroll families from subsidized preschool services, families shall be disenrolled in reverse order of the priority for services specified in Education Code 8210 and 8211 and as described above in the sections "Enrollment Priorities for Part-Day CSPP" and "Eligibility and Enrollment Priorities for Full-Day CSPP." (Education Code 8214; 5 CCR 17744)

Expulsion/Unenrollment and Suspension Based on Behavior

Suspension means any removal of a child from all or part of the program day, or the prevention of a child from attending the program for one or more days, in response to the child's behavior.

Removing the child from the program means moving a child to an isolated or separate room. Programs may remove children from specific situations to allow the child to calm down or regain composure, such as taking the child for a walk or accompanying the child to an outdoor environment. However, the child must return to the classroom as soon

as the child has calmed down and may not be removed for longer than 30 minutes.

Expulsion means the permanent dismissal of a child from a program in response to a child's behavior.

Persistent and serious behaviors means either repeated patterns of behavior that significantly interfere with the learning of other children, or interactions with peers and adults that are not responsive to the use of developmentally appropriate guidance, including, but not limited to, physical aggression, property destruction, and self-injury.

A district preschool program shall not expel or unenroll a child or persuade or encourage a child's parents/guardians to voluntarily unenroll from the program based on the child's behavior, unless the district first takes the following actions to address the child's behavior: (Education Code 8489.1)

1. In writing, inform the parents/guardians of the child's persistent and serious behaviors and consult with the parents/guardians and teacher in an effort to maintain the child's safe participation in the program

2. If the child has an IFSP or IEP, contact, with written parent/guardian consent, the agency or district employee responsible for such plan or program to seek consultation in regard to serving the child

3. If appropriate, consider completing a comprehensive screening of the child, including, but not limited to, screening the child's social and emotional development, referring the parents/guardians to community resources, and implementing behavior supports within the program

If the district has taken the actions specified in Items #1-3 above and the child's continued enrollment would present a serious safety threat to the child or other enrolled children, the district shall refer the parents/guardians to other potentially appropriate placements, the local child care resource and referral agency, or any other referral service available in the local community. The district shall, to the greatest extent possible, support direct transition to a more appropriate placement. The district may then unenroll the child. The district shall have up to 180 days to complete the actions described above. (Education Code 8489.1)

A child shall not be suspended from a CSPP, nor shall a child's parent/guardian be encouraged or persuaded to prematurely pick up a child before the program day ends, except as a last resort in extraordinary circumstances, when a safety threat exists that cannot be eliminated or reduced without the removal of the child.

Before determining that a suspension is necessary, the district shall collaborate with the child's parents/guardians and, as needed, shall use appropriate community resources to determine that no other reasonable option is appropriate.

When suspension is deemed necessary, the district shall help the child return to full participation in the program as soon as possible while ensuring safety, by doing the following:

1. Continuing to engage with the child's parents/guardians and continuing to use appropriate community resources

2. Developing a written plan to document the action and supports needed

3. Providing referrals to appropriate community resources

4. If the child has an IFSP or IEP, contacting, with written parent/guardian consent, the agency responsible for the child's IFSP or IEP, to seek consultation on servicing the child

Upon enrollment, the parents/guardians of each child shall be notified, in writing, of the limitations on expulsion, suspension, or any form of disenrollment and how the parents/guardians may file an appeal to CDE in the event of expulsion or suspension. If the district suspends or expels a child from any CSPP, the district shall, at least 24 hours before the effective date of the suspension or expulsion, issue the child's parents/guardians a written "Notice of Action, Recipient of Services," as described in 5 CCR 17783, informing the parents/guardians of the right to file an appeal of the action directly with CDE no later than 14 calendar days after receiving the notice.

Children with exceptional needs may only be suspended or expelled in conformance with the procedures and limitations of the Individuals with Disabilities Education Act.

Notice of Action

Upon receiving a parent/guardian's application for services, the Superintendent or designee shall review the application and documentation and shall certify the eligibility of the family or child.

The district's decision to approve or deny a child's enrollment shall be communicated to the family through a written Notice of Action mailed or delivered within 30 days from the date the application is signed by the parent/guardian. (5 CCR 17782)

Subsequently, the Superintendent or designee shall mail or deliver a Notice of Action to a parent/guardian at least 14 calendar days before any intended change in services, including, but not limited to, an increase or decrease in fees, an increase or decrease in the amount of services, or termination of services, due to any of the following circumstances: (5 CCR 17783)

1. A determination during recertification or update of the application that the need or eligibility requirements are no longer being met or the fee or amount of service needs to be modified

2. Failure of the parent/guardian to document the family's need or eligibility after the district requested such documentation in writing

3. An indication by the parent/guardian that the parent/guardian no longer wants the service

4. The death of a parent/guardian or child

5. The conclusion of a limited-term agreement, provided that the parent/guardian has been informed in writing of the date that the services would terminate

For each child enrolled in the district's preschool program, the Superintendent or designee shall maintain a family data file including, but not limited to, a completed and signed application for services, documentation of income eligibility, and a copy of all Notices of Action. For each child not receiving subsidized services, the family data file shall also include records of the specific reason(s) for enrolling each child, the child's family income, and evidence that the district has made a diligent search for children eligible for subsidized services. (5 CCR 17758)

Parent Hearing

If a parent/guardian disagrees with any district action to deny the child's eligibility for subsidized preschool services, disenroll the child due to a funding shortage, increase or decrease fees, increase or decrease the amount of services, terminate services, or otherwise change the level of services, the parent/guardian may file a request for a hearing with the Superintendent or designee within 14 calendar days of the date the Notice of Action was received. Within 10 calendar days of receiving the request for a hearing, the Superintendent or designee shall notify the parent/guardian of the time and place of the hearing, which, to the extent possible, shall be convenient for the parent/guardian. (5 CCR 17784)

The hearing shall be conducted in accordance with the procedures specified in 5 CCR 17784 by a district administrator who is at a staff level higher in authority than the staff person who made the contested decision. Within 10 calendar days after the hearing, the district administrator shall mail or deliver a written decision to the parent/guardian. If the parent/guardian disagrees with the written decision, the parent/guardian may, within 14 calendar days, appeal the decision to CDE. (5 CCR 17785-17786)

Policy 6000: Concepts And Roles

Status: DRAFT

Original Adopted Date: 09/01/1992 **| Last Revised Date:** 06/01/2024

The Board of Trustees desires to provide a comprehensive, research-based curriculum in a supportive, positive, and engaging manner that motivates every student to succeed. The district's educational program shall provide students with rigorous opportunities to attain the academic, social and emotional skills, knowledge, and abilities they need to be successful in school, postsecondary education and/or employment, and develop to their full potential.

Strategies for improving the educational program shall take into consideration the needs of individual students and subpopulations of students, including, but not limited to, social, emotional, and behavioral needs. Students who are failing or at risk of failing to meet academic standards shall be provided with alternative programs and/or supplemental assistance designed to raise achievement.

Parents/guardians are critical partners in their children's education and shall be provided with opportunities to be meaningfully involved both in support of their children's education program at school and with learning at home.

The district's goal of student success may be achieved through regional coordination, collaboration, and alignment between the school, parents/guardians, and the community, including district support for innovative programs and practices that promote student engagement, growth, understanding, achievement, and career exploration.

To support the district's educational program, the Board shall:

1. Establish standards of student achievement for core subjects at each grade level that are aligned with the district's vision for student learning, the specific needs and strengths of the students, the expectations of parents/guardians and the community, and available resources

2. Establish graduation requirements

3. Ensure that a process is in place, involving teachers, administrators, students, and parents/guardians, for the development and review of the district's curriculum

4. Adopt the district curriculum and courses of study to be offered

5. Adopt textbooks and other instructional materials

6. Support the professional staff's implementation of the curriculum by providing consistent policy direction, allocating resources based on educational program priorities, ensuring that collective bargaining agreements do not constrain the district's ability to achieve curricular goals, recognizing staff accomplishments, and including reasonable annual goals related to student learning in the Superintendent evaluation process

7. Provide a continuing program of professional development to keep instructional staff, administrators, and Board members updated about current issues and research pertaining to curriculum, instructional strategies, and student assessment

8. Review and evaluate the educational program on the basis of state and federal accountability measures, disaggregated student achievement data, and other indicators and ensure that evaluation results are used to improve programs, curriculum, and/or instructional practices as necessary to enhance student achievement

9. Communicate clear information about district instructional goals, programs, and progress in student achievement to the community and media

The Superintendent or designee shall:

1. Review research related to curriculum issues

2. Select and/or develop curricula for recommendation to the Board in accordance with the district's curriculum development and review process

3. Ensure the articulation of the curriculum between grade levels and with postsecondary education and the workplace

4. Determine the general methods of instruction to be used

5. Assign instructors and schedule classes for all curricular offerings

6. Recommend instructional materials to the Board and direct the purchase of approved materials and equipment

7. Evaluate and report to the Board on student achievement as demonstrated through testing and other types of appraisal, and recommend necessary changes in curriculum, programs, and instruction as indicated by student performance data

Comparability in Instruction

The district shall provide comparable educational opportunities for all students. Instruction in the core curriculum shall be in no way diminished when students receive supplementary services funded by special governmental programs. Services funded by any categorical program shall supplement, not supplant, the district-provided core curriculum and any services which may be provided by other categorical programs.

Policy 6011: Academic Standards

Status: DRAFT

Original Adopted Date: 03/01/2000 **| Last Revised Date:** 11/01/2010

The Board of Trustees shall adopt high standards for student achievement which challenge all students to reach their full potential and specify what students are expected to know and to be able to do at each grade level and in each area of study. These standards shall reflect the knowledge and skills needed for students to be adequately prepared for postsecondary education, employment, and responsible citizenship.

The Superintendent or designee shall provide the Board with recommended standards using a process that involves teachers, school site and district administrators, students, parents/guardians, representatives from business/industry and postsecondary institutions, and/or community members. He/she shall ensure the proper articulation of standards between grade levels and the alignment of the standards with the district's vision and goals, graduation requirements, college entrance requirements, and other desired student outcomes. He/she also shall ensure that the standards are easily understandable and measurable.

District content standards for English language arts, English language development, mathematics, science, health education, history-social science, physical education, visual and performing arts, world languages, career technical education, and preschool education shall meet or exceed statewide model content standards adopted by the State Board of Education or the State Superintendent of Public Instruction as applicable.

District curriculum, instruction, student assessments, and evaluations of the instructional program shall be aligned with district content standards. In accordance with Education Code 44662, standards of expected student achievement also shall be used in evaluating teacher performance.

Teachers and school administrators shall receive ongoing professional development to inform them of changes in the standards and to build their capacity to implement effective standards-based instructional methodologies.

The Superintendent or designee shall annually communicate the applicable standards to students and their parents/guardians to inform them of the expectations for student learning at their grade level.

Staff shall continually assess students' progress toward meeting the standards, report each student's progress to the student and his/her parents/guardians, and offer remedial assistance in accordance with Board policy and administrative regulation.

The Superintendent or designee shall ensure that district standards are regularly reviewed and updated as necessary. At a minimum, district standards shall be reviewed whenever applicable statewide standards are revised and in response to changing student needs.

Policy 6020: Parent Involvement

Status: DRAFT

Original Adopted Date: 06/01/1996 **| Last Revised Date:** 05/01/2020

The Board of Trustees recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with parents/guardians and family members to jointly develop and agree upon policy and strategies to meaningfully involve parents/guardians and family members in district and school activities at all grade levels; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

The district's local control and accountability plan (LCAP) shall include goals and strategies for parent/guardian involvement and family engagement, including district efforts to seek parent/guardian input in district and school site decision making and to promote parent/guardian participation in programs for English learners, foster youth, students eligible for free and reduced-price meals, and students with disabilities. (Education Code 42238.02, 52060)

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent/guardian and family engagement efforts, including, but not limited to, input from parents/guardians, family members, and school staff on the adequacy of involvement opportunities and on barriers that may inhibit participation.

Access to Communication Services

Parent engagement within the school must be meaningful and effective to positively impact student achievement. Communication among parents, teachers, and administration is a critical component in the understanding and supporting the reciprocal needs and expectations of the classroom and a student's family. To open channels of communication and strengthen school/teacher/family relationships, the district invites parents and guardians to Back to School Nights annually and Parent-Teacher Conferences (1-2 times a year). Communication between the school/teacher/family is critical to the academic success of all students. In an effort to increase parent involvement the Alum Rock School District will offer translation and interpretation services to those families where a language barrier that impedes parent engagement exists. Awareness for obtaining communication services shall be uniform across all schools in the Alum Rock School District. Protocols and procedures will be distributed to all schools and available on the website.

District Administration shall communicate translation/interpretation services available to our families on a yearly basis. They will also identify the adequate resources, training and standard protocols necessary to meet the demographic needs of the district community.

Parent involvement in the education process is fundamental to a healthy system of public education and that family involvement at home and at school in the education of children results in improved pupil achievement.

Therefore, the district believes it is every family and guardian's obligation and responsibility to volunteer at least 30 hours per year at the student's school site, of which 10 of those hours should include volunteer time to the student's classroom.

Administration shall prepare an Administrative Regulation implementing this policy which shall include that each school site shall provide a copy of the above policy to each family or guardian of each district student no later than the tenth (10th) school day of each school year, with appropriate space for the signature of each parent or guardian to sign and acknowledge receipt of this policy, and direction to return the signed copy to the student's classroom teacher. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent involvement efforts, including, but not limited to, input from parents/guardians and school staff on the adequacy of parent involvement opportunities and barriers that may inhibit parent/guardian participation.

Title I Schools

The Superintendent or designee shall involve parents/guardians and family members in establishing district expectations and objectives for meaningful parent/guardian and family engagement in schools supported by Title I funding, developing strategies that describe how the district will carry out each activity listed in 20 USC 6318, as contained in the accompanying administrative regulation, and implementing and evaluating such programs, activities, and procedures. As appropriate, the Superintendent or designee shall conduct outreach to all parents/guardians and family members. (Education Code 11503; 20 USC 6318)

When the district's Title I, Part A allocation exceeds the amount specified in 20 USC 6318, the Board shall reserve at least one percent of the funding to implement parent/guardian and family engagement activities and shall distribute at least 90 percent of those reserved funds to eligible schools, with priority given to high-need schools as defined in 20 USC 6631. The Superintendent or designee shall involve parents/guardians and family members of participating students in decisions regarding how the district's Title I funds will be allotted for parent/guardian and family engagement activities. (20 USC 6318)

Expenditures of such funds shall be consistent with the activities specified in this policy and shall include at least one of the following: (20 USC 6318)

1. Support for schools and nonprofit organizations in providing professional development for district and school staff regarding parent/guardian and family engagement strategies, which may be provided jointly to teachers, principals, other school leaders, specialized instructional support personnel, paraprofessionals, early childhood educators, and parents/guardians and family members

2. Support for programs that reach parents/guardians and family members at home, in the community, and at school

3. Dissemination of information on best practices focused on parent/guardian and family engagement, especially best practices for increasing the engagement of economically disadvantaged parents/guardians and family members

4. Collaboration, or the provision of subgrants to schools to enable collaboration, with community-based or other organizations or employers with a record of success in improving and increasing parent/guardian and family engagement

5. Any other activities and strategies that the district determines are appropriate and consistent with this policy

If the district also receives funds under federal Title IV, Part E, to coordinate and enhance family engagement programs, the Superintendent or designee shall inform parents/guardians and organizations of the existence of Title IV. (20 USC 6318)

The district's Board policy and administrative regulation containing parent/guardian and family engagement strategies shall be incorporated into the district's LCAP in accordance with 20 USC 6312. (20 USC 6318)

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent/guardian and family engagement policy in accordance with 20 USC 6318.

District and school-level parent/guardian and family engagement policies and administrative regulations shall be distributed to parents/guardians of students participating in Title I programs and shall be available to the local community. Parents/guardians shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents/guardians can understand. (20 USC 6318)

Non-Title I Schools

The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. (Education Code 11504)

Regulation 6020: Parent Involvement

Status: DRAFT

Original Adopted Date: 08/01/2006 **| Last Revised Date:** 05/01/2020

District Strategies for Title I Schools

To ensure that parents/guardians and family members of students participating in Title I programs are provided with opportunities to be involved in their children's education, the district shall:

1. Involve parents/guardians and family members in the joint development of a district plan that meets the requirements of 20 USC 6312 and in the development of school support and improvement plans pursuant to 20 USC 6311 (20 USC 6318)

   The Superintendent or designee may:

   a. In accordance with Education Code 52063, establish a district-level parent advisory committee and, as applicable, an English learner parent advisory committee to review and comment on the district's local control and accountability plan (LCAP) in accordance with the review schedule established by the Board of Trustees

   b. Invite input on the plan from other district committees and school site councils

   c. Communicate with parents/guardians through the district newsletter, web site, or other methods regarding the plan and the opportunity to provide input

   d. Provide copies of working drafts of the plan to parents/guardians in an understandable and uniform format and, to the extent practicable, in a language the parents/guardians can understand

   e. Ensure that there is an opportunity at a public Board meeting for public comment on the plan prior to the Board's approval of the plan or revisions to the plan

   f. Ensure that school-level policies on parent/guardian and family engagement address the role of school site councils and other parents/guardians as appropriate in the development and review of school plans

2. Provide coordination, technical assistance, and other support necessary to assist and build the capacity of Title I schools in planning and implementing effective parent/guardian and family engagement activities to improve student academic achievement and school performance, which may include meaningful consultation with employers, business leaders, and philanthropic organizations or individuals with expertise in effectively engaging parents/guardians and family members in education (20 USC 6318)

   The Superintendent or designee may:

   a. Assign district personnel to serve as a liaison to the schools regarding Title I parent/guardian and family engagement issues

   b. Identify funding and other resources, including community resources and services, that may be used to strengthen district and school parent/guardian and family engagement programs

   c. Provide training for the principal or designee of each participating school regarding Title I requirements for parent/guardian and family engagement, leadership strategies, and communication skills to assist in facilitating the planning and implementation of related activities

   d. With the assistance of parents/guardians, provide information and training to teachers and other staff regarding effective parent/guardian involvement practices and legal requirements

   e. Provide information to schools about the indicators and assessment tools that will be used to monitor progress

3. To the extent feasible and appropriate, coordinate and integrate Title I parent/guardian and family engagement strategies with parent/guardian and family engagement strategies of other relevant federal, state, and local

programs and ensure consistency with federal, state, and local laws (20 USC 6318)

The Superintendent or designee may:

a. Identify overlapping or similar program requirements

b. Involve district and school site representatives from other programs to assist in identifying specific population needs

c. Schedule joint meetings with representatives from related programs and share data and information across programs

d. Develop a cohesive, coordinated plan focused on student needs and shared goals

4. Conduct, with meaningful involvement of parents/guardians and family members, an annual evaluation of the content and effectiveness of the parent/guardian and family engagement policy in improving the academic quality of the schools served by Title I, including identification of: (20 USC 6318)

   a. Barriers to greater participation in parent/guardian and family engagement activities, with particular attention to parents/guardians who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background

   b. The needs of parents/guardians and family members, so they can better assist with their children's learning and engage with school personnel and teachers

   c. Strategies to support successful school and family interactions

   The Superintendent or designee may:

   a. Use a variety of methods, such as focus groups, surveys, and workshops, to evaluate the satisfaction of parents/guardians and staff with the quality and frequency of district communications

   b. Gather and monitor data regarding the number of parents/guardians and family members participating in district activities and the types of activities in which they are engaged

   c. Recommend to the Board measures to evaluate the impact of the district's parent/guardian and family engagement efforts on student achievement

   The Superintendent or designee shall notify parents/guardians of this review and assessment through regular school communications mechanisms and shall provide a copy of the assessment to parents/guardians upon their request. (Education Code 11503)

5. Use the findings of the evaluation conducted pursuant to item #4 above to design evidence-based strategies for more effective parent/guardian and family involvement and, if necessary, to revise the parent/guardian and family engagement policy (20 USC 6318)

   The Superintendent or designee may:

   a. Analyze data from the evaluation to identify parent/guardian and family engagement activities that have been successful and those activities that have had lower participation or less meaningful involvement by parents/guardians

   b. Analyze parent/guardian and family participation to determine the level of participation by traditionally underrepresented groups

   c. With the involvement of parents/guardians, recommend and draft proposed policy revisions to submit to the Board for consideration

6. Involve parents/guardians in the activities of schools served by Title I, which may include establishing a parent advisory board comprised of a sufficient number and representative group of parents/guardians or family members served by the district to adequately represent the needs of the population served by the district for

the purposes of developing, revising, and reviewing the parent/guardian and family engagement policy (20 USC 6318)

The Superintendent or designee may:

a. Include information about school activities in district communications to parents/guardians and family members

b. To the extent practicable, assist schools with translation services or other accommodations needed to encourage participation of parents/guardians and family members

c. Establish processes to encourage parent/guardian input regarding their expectations and concerns for their children

In addition, the district shall promote the effective involvement of parents/guardians and support a partnership among the school, parents/guardians, and the community to improve student achievement by implementing the actions specified in item #7 of the section "School-Level Policies for Title I Schools" below. (20 USC 6318)

School-Level Policies for Title I Schools

At each school receiving Title I funds, a written policy on parent/guardian and family engagement shall be developed jointly with the parents/guardians and family members of participating students. The school policy shall describe the means by which the school will: (20 USC 6318)

1. Convene an annual meeting, at a convenient time, to which all parents/guardians of participating students shall be invited and encouraged to attend, in order to inform parents/guardians of their school's participation in Title I and to explain Title I requirements and the right of parents/guardians to be involved

2. Offer a flexible number of meetings, such as meetings in the morning or evening, for which related transportation, child care, and/or home visits may be provided as such services relate to parent/guardian involvement

3. Involve parents/guardians in an organized, ongoing, and timely way in the planning, review, and improvement of Title I programs, including the planning, review, and improvement of the school's parent/guardian and family engagement policy and, if applicable, the joint development of the plan for schoolwide programs pursuant to 20 USC 6314

   The school may use an existing process for involving parents/guardians in the joint planning and design of the school's programs provided that the process includes adequate representation of parents/guardians of participating students.

4. Provide the parents/guardians of participating students all of the following:

   a. Timely information about Title I programs

   b. A description and explanation of the school's curriculum, forms of academic assessment used to measure student progress, and the achievement levels of the state academic standards

   c. If requested by parents/guardians, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions related to their children's education. The district shall respond to any such suggestions as soon as practicably possible.

5. If the schoolwide program plan is not satisfactory to the parents/guardians of participating students, submit any parent/guardian comments when the school makes the plan available to the district

6. Jointly develop with the parents/guardians of participating students a school-parent compact that outlines how parents/guardians, the entire school staff, and students will share responsibility for improved student academic achievement and the means by which the school and parents/guardians will build a partnership to help students achieve state standards

   This compact shall address:

a. The school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables participating students to achieve the state's challenging academic achievement standards

b. Ways in which parents/guardians will be responsible for supporting their children's learning, volunteering in the classroom, and participating, as appropriate, in decisions related to their children's education and the positive use of extracurricular time

c. The importance of communication between teachers and parents/guardians on an ongoing basis through, at a minimum:

    i. Parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as it relates to the student's achievement

    ii. Frequent reports to parents/guardians on their children's progress

    iii. Reasonable access to staff, opportunities to volunteer and participate in their child's classroom, and observation of classroom activities

    iv. Regular two-way, meaningful communication between family members and school staff, and, to the extent practicable, in a language that family members can understand

7. Promote the effective involvement of parents/guardians and support a partnership among the school, parents/guardians, and the community to improve student achievement through the following actions:

    a. Assist parents/guardians in understanding such topics as the state academic standards, state and local academic assessments, the requirements of Title I, and how to monitor a child's progress and work with educators to improve the achievement of their children

    b. Provide parents/guardians with materials and training, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to help them work with their children to improve their children's achievement

    c. With the assistance of parents/guardians, educate teachers, specialized instructional support personnel, principals and other school leaders, and other staff, in the value and utility of parent/guardian contributions and in how to reach out to, communicate with, and work with parents/guardians as equal partners, implement and coordinate parent/guardian programs, and build ties between parents/guardians and the schools

    d. To the extent feasible and appropriate, coordinate and integrate parent/guardian involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents/guardians in fully participating in their children's education

    e. Ensure that information related to school and parent/guardian programs, meetings, and other activities is sent to the parents/guardians of participating students in a format and, to the extent practicable, in a language the parents/guardians can understand

    f. Provide other such reasonable support for parent/guardian involvement activities as parents/guardians may request

    In addition, the school plan may include strategies to:

        i. Involve parents/guardians in the development of training for teachers, principals, and other educators to improve the effectiveness of such training

        ii. Provide necessary literacy training, using Title I funds if the district has exhausted all other reasonably available sources of funding for such training

        iii. Pay reasonable and necessary expenses associated with parent/guardian involvement activities,

including transportation and child care costs, to enable parents/guardians to participate in school-related meetings and training sessions

iv. Train parents/guardians to enhance the involvement of other parents/guardians

v. Arrange school meetings at a variety of times or, when parents/guardians are unable to attend such conferences, conduct in-home conferences between parents/guardians and teachers or other educators who work directly with participating students, in order to maximize parent/guardian involvement and participation

vi. Adopt and implement model approaches to improving parent/guardian involvement

vii. Establish a parent advisory council to provide advice on all matters related to parent/guardian involvement in Title I programs

viii. Develop appropriate roles for community-based organizations and businesses in parent/guardian involvement activities

ix. Make referrals to community agencies and organizations that offer literacy training, parent/guardian education programs, and/or other services that help to improve the conditions of parents/guardians and families

x. Provide a master calendar of district/school activities and meetings

xi. Provide information about opportunities for parent/guardian and family engagement through the district newsletter, web site, or other written or electronic means

xii. Engage parent-teacher organizations to actively seek out and involve parents/guardians through regular communication updates and information sessions

xiii. To the extent practicable, provide translation services at school sites and at meetings involving parents/guardians and family members as needed

xiv. Provide training and information to members of district and school site councils and advisory committees to help them fulfill their functions

xv. Provide ongoing workshops to assist school site staff, parents/guardians, and family members in planning and implementing improvement strategies, and seek their input in developing the workshops

xvi. Regularly evaluate the effectiveness of staff development activities related to parent/guardian and family engagement

xvii. Include expectations for parent/guardian outreach and involvement in staff job descriptions and evaluations

8. To the extent practicable, provide opportunities for the informed participation of parents/guardians and family members (including parents/guardians and family members with limited English proficiency, parents/guardians and family members with disabilities, and parents/guardians and family members of migrant children), including providing information and school reports required under 20 USC 6311(h) in a format and language such parents/guardians can understand

If the school has a parent involvement policy that applies to all parents/guardians, it may amend that policy to meet the above requirements. (20 USC 6318)

Each school receiving Title I funds shall annually evaluate the effectiveness of its parent/guardian and family engagement policy. Such evaluation may be conducted during the process of reviewing the school plan for student achievement in accordance with Education Code 64001.

The school's policy shall be periodically updated to meet the changing needs of parents/guardians and the school. (20 USC 6318)

District Strategies for Non-Title I Schools

For each school that does not receive federal Title I funds, the Superintendent or designee shall, at a minimum:

1. Engage parents/guardians and family members positively in their children's education by providing assistance and training on topics such as state academic standards and assessments to increase their knowledge and skills to use at home to support their children's academic efforts at school and their children's development as responsible members of society (Education Code 11502, 11504)

   The Superintendent or designee may:

   a. Provide or make referrals to literacy training and/or parent education programs designed to improve the skills of parents/guardians and enhance their ability to support their children's education

   b. Provide information, in parent handbooks and through other appropriate means, regarding academic expectations and resources to assist with the subject matter

   c. Provide parents/guardians with information about students' class assignments and homework assignments

2. Inform parents/guardians that they can directly affect the success of their children's learning, by providing them with techniques and strategies that they may use to improve their children's academic success and to assist their children in learning at home (Education Code 11502, 11504)

   The Superintendent or designee may:

   a. Provide parents/guardians with information regarding ways to create an effective study environment for their children at home and to encourage good study habits

   b. Encourage parents/guardians to monitor their children's school attendance, homework completion, and television viewing

   c. Encourage parents/guardians to volunteer in their child's classroom and to participate in school advisory committees

3. Build consistent and effective two-way communication between the home and school so that parents/guardians and family members may know when and how to assist their children in support of classroom learning activities (Education Code 11502, 11504)

   The Superintendent or designee may:

   a. Ensure that teachers provide frequent reports to parents/guardians on their children's progress and hold parent-teacher conferences at least once per year with parents/guardians of elementary school students

   b. Provide opportunities for parents/guardians to observe classroom activities and to volunteer in their child's classroom

   c. Provide information about parent/guardian and family engagement opportunities through district, school, and/or class newsletters, the district's web site, and other written or electronic communications

   d. To the extent practicable, provide notices and information to parents/guardians in a format and language they can understand

   e. Develop mechanisms to encourage parent/guardian input on district and school issues

   f. Identify barriers to parent/guardian and family participation in school activities, including parents/guardians and family members who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background

   g. Encourage greater parent/guardian participation by adjusting meeting schedules to accommodate

parent/guardian needs and, to the extent practicable, by providing translation or interpreter services, transportation, and/or child care

4. Train teachers, administrators, specialized instructional support personnel, and other staff to communicate effectively with parents/guardians as equal partners (Education Code 11502, 11504)

   The Superintendent or designee may:

   a. Provide staff development to assist staff in strengthening two-way communications with parents/guardians, including parents/guardians who have limited English proficiency or limited literacy

   b. Invite input from parents/guardians regarding the content of staff development activities pertaining to home-school communications

5. Integrate and coordinate parent/guardian and family engagement activities within the LCAP with other activities

   The Superintendent or designee may:

   a. Include parent/guardian and family engagement strategies in school reform or school improvement initiatives

   b. Involve parents/guardians and family members in school planning processes

Policy 6111: School Calendar

Status: DRAFT

Original Adopted Date: 11/01/2009 **| Last Revised Date:** 03/01/2017

For each district school, the Board of Trustees shall adopt a school calendar that meets the requirements of law as well as the needs of the community, students, and the work year as negotiated with the district's employee organization(s). As appropriate, the Superintendent or designee shall ensure that the proposed calendar is aligned with assessment and accountability schedules in order to support the district's goals for student achievement.

Each school calendar shall show the beginning and ending school dates, legal and local holidays, staff development days, orientation days, minimum days, vacation periods, and other pertinent dates.

The district shall offer a minimum of 175 days of instruction per school year, until it equals or exceeds the local control funding formula target established for it pursuant to Education Code 42238.02, at which time it shall offer 180 days or more of instruction per school year. (Education Code 41420, 46208)

Staff development days shall not be counted as instructional days.

Notification of the schedule of minimum days and student-free staff development days shall be sent to all parents/guardians at the beginning of the school year. If any minimum days or student-free staff development days are added to the schedule, the Superintendent or designee shall notify parents/guardians of the affected students as soon as possible and at least one month before the scheduled minimum day. (Education Code 48980)

If a school will be used as a polling place on an election day, the Board of Trustees shall determine whether to continue school in session, designate the day for staff training and development, or close the school to students and nonclassified staff. (Elections Code 12283)

Policy 6112: School Day

Status: DRAFT

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 09/01/2024

The Board of Trustees shall fix the length of the school day in accordance with law. (Education Code 46100)

At each school, the length of the school day shall be the same for all students, except as otherwise permitted by law. For any student with a disability, the length of the school day shall be as specified in the student's individualized education program or Section 504 plan.

Unless there is a field trip or other educational program, the daily schedule for grades K-6 shall include at least one or more periods of recess of at least 30 minutes on regular instructional days and 15 minutes on early release days. During this time, students shall be provided supervised opportunities, outdoors when weather and air quality permit unless space is not sufficient in which case recess may be held indoors, to engage in unstructured physical activity, play, organized games, and/or social engagement with peers, and may be provided a snack. (Education Code 49056)

Educational Program means the entire school-sponsored offering for students, including in-class and out-of-class activities. (Education Code 49056)

In establishing the daily instructional schedule for each secondary school, the Superintendent or designee shall give consideration to course requirements and curricular demands, availability of school facilities and equipment, and applicable legal requirements.

The Board encourages flexibility in scheduling so as to provide longer time blocks or class periods when appropriate and desirable to support student learning, provide more intensive study of core academic subjects or extended exploration of complex topics, and reduce transition time between classes.

Prior to implementing a block or alternative schedule that will allow secondary students to attend school for fewer school days than the total number of school days for which the school is in session, the Board shall consult in good faith, in an effort to reach agreement with the certificated and classified employees of the school, parents/guardians of the students who would be affected by the change, and the community at large. Such consultation shall include at least one public hearing for which the Board shall give adequate notice to the employees and to the parents/guardians of affected students. (Education Code 46162)

Regulation 6112: School Day

Status: DRAFT

Original Adopted Date: 11/01/2006 **| Last Revised Date:** 09/01/2024

Kindergarten/Transitional Kindergarten

Kindergarten and transitional kindergarten (TK) classes in district schools may be maintained for different lengths of time, either at the same or different school sites. (Education Code 37202)

The average school day for kindergarten and TK students shall be at least 200 minutes , including recesses but excluding noon intermissions. If fewer than 40 students are enrolled in kindergarten classes, the district may request approval of the Superintendent of Public Instruction to maintain two kindergarten classes of 150 minutes each. (Education Code 46114, 46115, 46117, 46119)

In any school day, kindergarten and/or TK students shall not be kept in school for longer than four hours, excluding recesses, except where the school is operating an early primary program pursuant to Education Code 8970-8974 or an expanded learning opportunity program pursuant to Education Code 46120. (Education Code 46111, 46115, 46120)

In any district school operating an early primary program pursuant to Education Code 8970-8974, the kindergarten school day may exceed four hours, excluding recess, if both of the following conditions are met: (Education Code 8973)

1. The Board of Trustees has declared that the extended-day kindergarten program does not exceed the length of the primary school day

2. The extended-day kindergarten program includes ample opportunity for both active and quiet activities within an integrated, experiential, and developmentally appropriate educational program

Under an extended day kindergarten program, recess may be counted as instructional minutes for purposes of determining the maximum school day if it occurs under teacher supervision.

In any multitrack year-round school operating pursuant to Education Code 37670, the kindergarten school day may be up to 265 minutes, excluding recesses. (Education Code 46111)

The Superintendent or designee shall annually report to the California Department of Education as to whether the district's kindergarten and TK programs are offered full day, part day, or both. (Education Code 48003)

Grades 1-8

Except as otherwise provided by law, the school day for elementary and middle school students shall be:

1. At least an average of 280 minutes for students in grades 1-3Education Code 46112)

2. At least an average of 300 minutes for students in grades 4-8 (Education Code 46113, 46142)

In determining the number of minutes for purposes of compliance with the minimum school day for students in grades 1-8, both noon intermissions and recesses shall be excluded. (Education Code 46115)

The school day for a middle school shall begin no earlier than 8:00 a.m. (Education Code 46148

Policy 6115: Ceremonies And Observances

Status: DRAFT

Original Adopted Date: 10/01/1994 **| Last Revised Date:** 03/01/2024

The Board of Trustees recognizes the importance of having students observe holidays, celebrate events of cultural, historical, or present day significance, and acknowledge the contributions of outstanding individuals in society. On days designated by the Board, and as required by law, staff shall provide students with appropriate commemorative exercises and educational experiences so that they may acquire the knowledge, skills, and principles essential for informed, responsible citizenship in a democratic society.

District schools shall be closed on the holidays specified in Education Code 37220 and on any other day designated as a holiday by the Board. The Board may, by adoption of a resolution, revise the date upon which schools close in observance of any holiday except Veterans Day, which shall be celebrated on its actual date. (Education Code 37220)

In addition, the Board may, through the adoption of a resolution, authorize the display of symbolic flags or banners in support of specific awareness months.

Regulation 6115: Ceremonies And Observances

Status: DRAFT

Original Adopted Date: 11/01/1999 **| Last Revised Date:** 03/01/2024

Holidays

District schools shall be closed on the following holidays: (Education Code 37220)

Patriotic Exercises

- Recite the Pledge of Allegiance at the start of every school day.
- Recite the Pledge in the language that aligns with their respective educational program.
- Ensure that all students' and staff's constitutional rights are respected while carrying out these responsibilities.

Respecting Constitutional Rights

While schools will lead the Pledge of Allegiance daily, it is important to remember that:

- Participation is voluntary. Students and staff may choose whether to participate or not.
- A respectful environment should be maintained. Those who choose not to participate should do so in a way that does not interfere with others, and those who do participate should be allowed to do so without disruption.
- No student or staff member should face pressure or consequences based on their choice to participate or no

Display of Flag

The flag of the United States and the flag of California shall be displayed during business hours at the entrance or on the grounds of every district school and on or near the district office. At all times, the national flag shall be placed in the position of first honor. (Government Code 431, 436; 4 USC 6)

When displayed on a building or on a flagstaff in the open, the national flag shall be displayed only from sunrise to sunset unless properly illuminated during the hours of darkness. The flag should not be displayed during inclement weather unless an all-weather flag is used. (4 USC 6)

The national flag shall fly at half-staff on the following occasions: (4 USC 7)

1. For 30 days from the death of the President or a former President
2. For 10 days from the death of the Vice President, the Chief Justice or a retired Chief Justice, or the Speaker of the House of Representatives
3. From the day of death until interment of an Associate Justice of the Supreme Court, a secretary of an executive or military department, former Vice President, or the Governor of a state
4. On the day of death and the following day for a Member of Congress
5. On Memorial Day, until noon only
6. On Peace Officers Memorial Day (May 15), unless it falls on Armed Forces Day
7. Upon a proclamation from the Governor in the event of the death of a present or former official of the state government, a member of the Armed Forces from the state who has died while serving on active duty, or the

death of a first responder working in the state who dies while serving in the line of duty

8. On other occasions by order of the President and in accordance with presidential instructions or orders

Regulation 6116: Classroom Interruptions

Status: DRAFT

Original Adopted Date: 09/01/1989 **| Last Revised Date:** 07/01/2009

In order to allow students to take full advantage of learning opportunities while in the classroom, school staff shall ensure that interruptions are kept to a minimum. Strategies to reduce classroom interruptions include, but are not limited to, the following:

1. Keep announcements made through intercom or public address systems to a minimum, limit announcements to specific times during the day, and only use the intercom or public address systems for announcements that apply to all students or groups of students. Announcements that apply to individual students or staff members should be distributed in writing.

2. Establish a fixed time for the delivery of written messages to students and staff, except in cases of emergencies.

3. Schedule school maintenance operations involving noise or classroom disruption, as well as deliveries of equipment and supplies, to classrooms before or after school hours whenever possible.

4. Inform school visitors that, whenever possible, they should make appointments in advance, in accordance with district policy.

5. Notify parents/guardians that they should go to the school office rather than the classroom when they are dropping off their child late, picking him/her up early, or bringing by any forgotten items from home.

6. Notify school staff that they should refrain from conducting personal business during instructional time.

7. Provide professional development in classroom management as needed to enable staff to more effectively reduce interruptions caused by inappropriate student conduct in the classroom.

Policy 6120: Response To Instruction And Intervention

Status: DRAFT

Original Adopted Date: 07/01/2009 **| Last Revised Date:** 09/01/2021

The Board of Trustees desires to improve learning and behavioral outcomes for all students by providing a high-quality, data-driven educational program that meets the learning and behavioral needs of each student and reduces disparities in achievement among subgroups of students. Students who are not making academic progress pursuant to district measures of performance and/or are struggling behaviorally shall receive intensive instruction and intervention supports designed to meet individual learning needs, with progress monitored.

The Superintendent or designee shall convene a team that may include, as appropriate, staff with knowledge of curriculum and instruction, student services, special education, and instructional and behavioral support, certificated personnel, other district staff, and parents/guardians to assist in designing the district's Mult-Tiered Systems of Support based on an examination of indicators of district and schoolwide student achievement and social-emotional well-being.

The district's Mult-Tiered Systems of Support shall include instructional strategies and interventions with demonstrated effectiveness and be aligned with the district curriculum and assessments. The Superintendent or designee may conduct ongoing screening to determine student needs, analyze data, identify interventions for students not making adequate academic progress, monitor the effectiveness of the interventions, and adjust interventions according to efficacy.

The district's Mult-Tiered Systems of Support shall include research-based, standards-based, culturally relevant instruction for students in the general education program; universal screening and continuous classroom monitoring to determine students' needs and to identify those students who are not making progress; criteria for determining the types and levels of interventions to be provided; and subsequent monitoring of student progress to determine the effectiveness of the intervention and to make changes as needed.

Additionally, the district's Mult-Tiered Systems of Support shall provide for:

1. High-quality classroom instruction
2. High expectations
3. Assessments,data collection, analysis and response
4. Problem-solving systems approach
5. Research-based interventions
6. Positive behavioral support
7. Universal Course Expectations
8. Staff development and collaboration, which willinclude the use of assessments, data analysis, research-based instructional practices and strategies and emphasize a collaborative approach of professional learning communities among teachers within and across grade spans
9. Parent/guardian and family involvement, including collaboration and engagement

   The Superintendent or designee shall ensure that parents/guardians are involved at all stages of the instructional, intervention, and progress monitoring process. Parents/guardians shall be kept informed of the services that have and will be provided, the strategies being used to increase the student's rate of learning, the supports provided to improve behavioral difficulties, and the performance data that has and will be collected.
10. Consideration of further evaluation utilizing Mult-Tiered Systems of Support data

Policy 6141: Curriculum Development And Evaluation

Status: DRAFT

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 07/01/2008

The Board desires to provide a research-based, sequential curriculum which promotes high levels of student achievement and emphasizes the development of basic skills, problem solving, and decision making. Upon recommendation of the Superintendent or designee, the Board shall adopt a written district curriculum which describes, for each subject area and grade level, the content objectives which are to be taught in all district schools.

The district's curriculum shall be aligned with the district's vision and goals for student learning, Board policies, academic content standards, state curriculum frameworks, state and district assessments, graduation requirements, school and district improvement plans, and, when necessary, related legal requirements.

The Superintendent or designee shall establish a process for curriculum development, selection, and/or adaptation which utilizes the professional expertise of teachers, principals, and district administrators representing various grade levels, disciplines, special programs, and categories of students as appropriate. The process also may provide opportunities for input from students, parents/guardians, representatives of local businesses and postsecondary institutions, and other community members.

The selection and evaluation of instructional materials shall be coordinated with the curriculum development and evaluation process.

When presenting a recommended curriculum for adoption, the Superintendent or designee shall provide research, data, or other evidence demonstrating the proven effectiveness of the proposed curriculum. He/she also shall present information about the resources that would be necessary to successfully implement the curriculum and describe any modifications or supplementary services that would be needed to make the curriculum accessible to all students.

The Board shall establish a review cycle for regularly evaluating the district's curriculum in order to ensure continued alignment with state and district goals for student achievement. At a minimum, these reviews shall be conducted whenever the State Board of Education adopts new or revised content standards or the curriculum framework for a particular subject or when new law requires a change or addition to the curriculum.

In addition, the Board may require a review of the curriculum in one or more subject areas as needed in response to student assessment results; feedback from teachers, administrators, or parent/guardians; new research on program effectiveness; or changing student needs.

Regulation 6141: Curriculum Development And Evaluation

Status: DRAFT

Original Adopted Date: 07/01/2008

Curriculum Review Committee

The Superintendent or designee may establish a curriculum review committee to evaluate and recommend curriculum for Board of Trustees approval. This committee shall consist of a majority of teachers and may also include administrators, other staff who have subject-matter expertise, parents/guardians, representatives of local businesses and postsecondary institutions, other community members, and students as appropriate. This committee may be the same committee charged with the evaluation and recommendation of instructional materials pursuant to Board policy and administrative regulation.

Curriculum Development/Selection Process

The Superintendent or designee shall research and identify available curriculum in the subject area(s) and grade level(s) scheduled for review. He/she may select a limited number of programs to present to the curriculum review committee for evaluation.

The committee shall recommend the curriculum that best meets the district's needs based on the following criteria and any additional factors deemed relevant by the committee:

1. Analysis of the effectiveness of the existing district curriculum for all students, including student achievement data disaggregated by grade level and student population

2. Alignment of the proposed curriculum with expectations established by the Board and the State Board of Education as to what students need to know and be able to do in the subject(s) and grade level(s) under consideration

3. Evidence of proven effectiveness of the proposed curriculum in raising student achievement, including the research and learning theory upon which the curriculum is based

4. Applicability and accessibility of the curriculum to all students, including, but not limited to, underperforming students, students with disabilities, and English learners.

5. The estimated cost to purchase, adapt, and/or develop the curriculum

6. Resources required to implement the curriculum, such as time, facilities, instructional materials and technology, staffing, staff development, and funding

7. If the curriculum includes instructional materials, the extent to which the materials meet criteria established by law and the district

8. Any potential impact on other parts of the educational program

If it is determined that available prepackaged curriculum is not cost effective or is inadequate to meet the needs of the district's students, the Superintendent or designee may adapt curriculum or develop new curriculum. Curriculum modification or development shall be performed by teachers, school administrators, and district administrators, with support and assistance, when available, from curriculum experts from the county office of education, postsecondary institutions, and/or curriculum or professional associations. Any modified or new curriculum shall be reviewed by the curriculum committee in accordance with the above criteria prior to being recommended to the Board.
A new curriculum may be implemented in a limited number of schools or classrooms on a pilot basis so that modifications may be made as necessary before board adoption of a full program and implementing the curriculum districtwide.

Policy 6141.2: Recognition Of Religious Beliefs And Customs

Status: DRAFT

Original Adopted Date: 12/01/1988 **| Last Revised Date:** 03/01/2024

The Board of Trustees recognizes that students' education would be incomplete without an understanding of the role of religion in society. As appropriate for a particular course, teachers may objectively discuss the influences of various religions, using religious works and symbols to illustrate their relationship with culture, literature, or the arts. The Board expects that such instruction will identify principles common to all religions and foster respect for the diversity of religions and customs in the world and be consistent with the adopted instructional materials and state standards, as applicable.

In order to respect each student's individual right to freedom of religious practice, religious indoctrination is forbidden in public schools. The Superintendent or designee shall ensure that instruction about religion does not promote or denigrate the beliefs or customs of any particular religion or sect, nor that a preference be shown for one religious viewpoint over another. Staff members shall be highly sensitive to their obligation not to interfere with the religious development of any student in whatever tradition the student embraces, and treat all religions and religious conviction, including nonbelief, with fairness and respect.

Staff shall not endorse, encourage, or solicit religious or anti-religious expression or activities among students during class time.

Staff shall not coerce students in prayer or other religious activities as part of their official duties. However, Staff are not prohibited, when acting in their private capacity, from encouraging students' participation in personal prayer or other religious activity. Additionally, staff shall not prohibit or discourage any student from praying or otherwise expressing the student's religious belief so long as this does not disrupt the classroom or other school sponsored activity.

Students may express their beliefs about religion in their homework, artwork, and other class work if the expression is germane to the assignment. Such work shall be judged by ordinary academic standards, relevance, and other legitimate pedagogical objectives.

While teaching about religious holidays is a permissible part of the educational program, celebrating religious holidays is not allowed in the district. School-sponsored programs shall not be, nor have the effect of being, religiously oriented or a religious celebration. School and classroom decorations may express seasonal themes that are not religious in nature. The use of religious symbols that are part of a religious holiday is permitted as a teaching aid or resource provided that such symbols are displayed as an example of cultural and religious heritage of the holiday and temporary in nature.

Classroom methods in instruction about religion shall not include religious role-playing activities or simulated religious devotional acts.

Music, art, literature or drama programs having religious themes are permitted as part of the curriculum for school-sponsored activities and programs if presented in an objective manner and as a traditional part of cultural and religious heritage.

District schools shall not prohibit religious activities if the same or similar non-religious activities are permitted.

Regulation 6141.2: Recognition Of Religious Beliefs And Customs

Status: DRAFT

Original Adopted Date: 05/01/1985 **| Last Revised Date:** 03/01/2024

The Superintendent or designee shall ensure the following for the recognition of religious beliefs and customs in district schools:

1. The approach to religion is academic and not devotional
2. The goal is for student awareness of religion in historical and contemporary societies
3. The students may not be pressed to accept any one religion
4. The school may include the study of religion as part of the history-social science curriculum, but the practice of religions may not be sponsored
5. The students may be exposed to and educated about a diversity of religious views and beliefs, but a particular view or belief may not be imposed, nor may any one religion be promoted or denigrated

Staff shall make every effort to schedule one-time events, such as examinations, school-sponsored trips, special laboratories, picture-taking days, and class parties, to minimize conflicts with major religious holidays of all faiths such that no one faith is disproportionately impacted.

Programs and Exhibits

When school programs and exhibits are in any way related to instruction about religion or religious holidays, the following guidelines shall be observed:

1. The principal or designee shall ensure that school-sponsored programs are presented in an objective manner, consistent with Board policy.
2. The principal or designee shall be kept informed of the program's development.
3. Program or exhibit planners shall take into consideration the diverse religious faiths represented in the community, student body and staff.

Policy 6142.1: Sexual Health And HIV/AIDS Prevention Instruction

Status: DRAFT

Original Adopted Date: 07/01/2008 **| Last Revised Date:** 05/01/2019

The Board of Trustees desires to provide a well-planned, integrated sequence of medically accurate and inclusive instruction on comprehensive sexual health and human immunodeficiency virus (HIV) prevention. The district's educational program shall address the goals of the California Healthy Youth Act pursuant to Education Code 51930-51939, including providing students with the knowledge and skills necessary to protect them from risks presented by sexually transmitted infections, unintended pregnancy, sexual harassment, sexual assault, sexual abuse, and human trafficking and to have healthy, positive, and safe relationships and behaviors. The district's educational program shall also promote students' understanding of sexuality as a normal part of human development and their development of healthy attitudes and behaviors concerning adolescent growth and development, body image, gender, gender identity, gender expression, sexual orientation, relationships, marriage, and family.

The district shall respect the rights of parents/guardians to supervise their children's education on these subjects and to impart values regarding human sexuality to their children.

Comprehensive sexual health education and HIV prevention education shall be offered to all students in grades 7-8at least once in junior high or middle school and at least once in high school. (Education Code 51934)

The district's comprehensive sexual health education program shall include information on the affirmative consent standard. Affirmative consent is defined as affirmative, conscious, and voluntary agreement to engage in sexual activity. Teachers delivering such instruction shall consult information related to sexual harassment and violence in the state health curriculum framework. (Education Code 51225.36, 67386)

The Superintendent or designee shall identify appropriate methods for informing the school community about subjects related to the district's comprehensive sexual health and HIV prevention education. The Superintendent or designee shall use such identified methods to inform parents/guardians of students in grades 6-8 about human trafficking prevention resources, as required pursuant to Education Code 49381.

Parent/Guardian Consent

At the beginning of each school year or at the time of a student's enrollment, parents/guardians shall be notified, in the manner specified in the accompanying administrative regulation, that they may request in writing that their child be excused from participating in comprehensive sexual health and HIV prevention education. Students so excused by their parents/guardians shall be given an alternative educational activity. (Education Code 51240, 51938, 51939)

A student shall not be subject to disciplinary action, academic penalty, or other sanction if the student's parent/guardian declines to permit the student to receive the instruction. (Education Code 51939)

Regulation 6142.1: Sexual Health And HIV/AIDS Prevention Instruction

Status: DRAFT

Original Adopted Date: 07/01/2008 **| Last Revised Date:** 05/01/2019

Definitions

Comprehensive sexual health education means education regarding human development and sexuality, including education on pregnancy, contraception, and sexually transmitted infections. (Education Code 51931)

HIV prevention education means instruction on the nature of human immunodeficiency virus (HIV) and acquired immune deficiency syndrome (AIDS), methods of transmission, strategies to reduce the risk of HIV infection, and social and public health issues related to HIV and AIDS. (Education Code 51931)

Age appropriate refers to topics, messages, and teaching methods suitable to particular ages or age groups of children and adolescents, based on developing cognitive, emotional, and behavioral capacity typical for the age or age group. (Education Code 51931)

Medically accurate means verified or supported by research conducted in compliance with scientific methods and published in peer-reviewed journals, where appropriate, and recognized as accurate and objective by professional organizations and agencies with expertise in the relevant field, such as the federal Centers for Disease Control and Prevention, the American Public Health Association, the American Academy of Pediatrics, and the American College of Obstetricians and Gynecologists. (Education Code 51931)

General Criteria for Instruction and Materials

The Superintendent or designee shall ensure that the district's comprehensive sexual health and HIV prevention instruction and materials: (Education Code 51933)

1. Are age appropriate
2. Are medically accurate and objective
3. Are aligned with and support the following purposes as specified in Education Code 51930:
    a. To provide students with the knowledge and skills necessary to protect their sexual and reproductive health from HIV and other sexually transmitted infections and from unintended pregnancy
    b. To provide students with the knowledge and skills they need to develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family
    c. To promote understanding of sexuality as a normal part of human development
    d. To ensure students receive integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention instruction and provide educators with clear tools and guidance to accomplish that end
    e. To provide students with the knowledge and skills necessary to have healthy, positive, and safe relationships and behaviors
4. Are appropriate for use with English learners, students with disabilities, and students of all races, genders, sexual orientations, and ethnic and cultural backgrounds
5. Are available on an equal basis to a student who is an English learner, consistent with the existing curriculum and alternative options for an English learner as otherwise provided in the Education Code
6. Are accessible to students with disabilities, including, but not limited to, the provision of a modified curriculum, materials, and instruction in alternative formats and auxiliary aids
7. Do not reflect or promote bias against any person in protected categories of discrimination pursuant to Education Code 220

8. Affirmatively recognize that people have different sexual orientations and, when discussing or providing examples of relationships and couples, shall be inclusive of same-sex relationships

9. Teach students about gender, gender expression, and gender identity, and explore the harm of negative gender stereotypes

10. Encourage students to communicate with their parents/guardians and other trusted adults about human sexuality and provide the knowledge and skills necessary to do so

11. Teach the value of and prepare students to have and maintain committed relationships such as marriage

12. Provide students with knowledge and skills they need to form healthy relationships that are based on mutual respect and affection and are free from violence, coercion, harassment, and intimidation

13. Provide students with knowledge and skills for making and implementing healthy decisions about sexuality, including communication and refusal skills to assist students in overcoming peer pressure and using effective decision-making skills to avoid high-risk activities

14. Do not teach or promote religious doctrine

Components of Sexual Health and HIV Prevention Education

The district's comprehensive sexual health education and HIV prevention education for students in grade 7 in addition to complying with the criteria listed above in the section "General Criteria for Instruction and Materials," shall include all of the following: (Education Code 51934)

1. Information on the nature of HIV and other sexually transmitted infections and their effects on the human body

2. Information on the manner in which HIV and other sexually transmitted infections are and are not transmitted, including information on the relative risk of infection according to specific behaviors, including sexual behaviors and injection drug use

3. Information that abstinence from sexual activity and injection drug use is the only certain way to prevent HIV and other sexually transmitted infections, and that abstinence from sexual intercourse is the only certain way to prevent unintended pregnancy

   The instruction shall provide information about the value of delaying sexual activity while also providing medically accurate information on other methods of preventing HIV and other sexually transmitted infections and pregnancy.

4. Information about the effectiveness and safety of all federal Food and Drug Administration (FDA) approved methods that prevent or reduce the risk of contracting HIV and other sexually transmitted infections, including use of antiretroviral medication, consistent with the Centers for Disease Control and Prevention

5. Information about the effectiveness and safety of reducing the risk of HIV transmission as a result of injection drug use by decreasing needle use and needle sharing

6. Information about the treatment of HIV and other sexually transmitted infections, including how antiretroviral therapy can dramatically prolong the lives of many people living with HIV and reduce the likelihood of transmitting HIV to others

7. Discussion about social views on HIV and AIDS, including addressing unfounded stereotypes and myths regarding HIV and AIDS and people living with HIV

   This instruction shall emphasize that successfully treated HIV-positive individuals have a normal life expectancy, all people are at some risk of contracting HIV, and testing is the only way to know if one is HIV-positive.

8. Information about local resources, how to access local resources, and students' legal rights to access local

resources for sexual and reproductive health care such as testing and medical care for HIV and other sexually transmitted infections and pregnancy prevention and care, as well as local resources for assistance with sexual assault and intimate partner violence

9. Information about the effectiveness and safety of FDA-approved contraceptive methods in preventing pregnancy, including, but not limited to, emergency contraception. Instruction on pregnancy shall include an objective discussion of all legally available pregnancy outcomes, including, but not limited to:

    a. Parenting, adoption, and abortion

    b. Information on the law on surrendering physical custody of a minor child 72 hours of age or younger, pursuant to Health and Safety Code 1255.7 and Penal Code 271.5

    c. The importance of prenatal care

10. Information about sexual harassment, sexual assault, sexual abuse, and human trafficking, including:

    a. Information on the prevalence and nature of human trafficking, strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance if there is a suspicion of trafficking

    b. Information on how social media and mobile device applications are used for human trafficking

11. Information about adolescent relationship abuse and intimate partner violence, including the early warning signs of each

The district's comprehensive sexual health education and HIV prevention education shall include instruction regarding the potential risks and consequences of creating and sharing suggestive or sexually explicit materials through cell phones, social networking web sites, computer networks, or other digital media. (Education Code 51934)

Professional Development

The district's comprehensive sexual health education and HIV prevention education shall be provided by instructors trained in the appropriate courses who are knowledgeable of the most recent medically accurate research on human sexuality, healthy relationships, pregnancy, and HIV and other sexually transmitted infections. (Education Code 51931, 51934)

The Superintendent or designee shall cooperatively plan and conduct in-service training for all district personnel who provide HIV prevention education, through regional planning, joint powers agreements, or contract services. (Education Code 51935)

In developing and providing in-service training, the Superintendent or designee shall cooperate and collaborate with the teachers who provide HIV prevention education and with the California Department of Education (CDE). (Education Code 51935)

The district shall periodically conduct in-service training to enable district personnel to learn new developments in the scientific understanding of HIV. In-service training shall be voluntary for personnel who have demonstrated expertise or received in-service training from the CDE or Centers for Disease Control and Prevention. (Education Code 51935)

The Superintendent or designee may expand HIV in-service training to cover the topic of comprehensive sexual health education in order for district personnel teaching comprehensive sexual health education to learn new developments in the scientific understanding of sexual health. (Education Code 51935)

The Superintendent or designee shall periodically provide continuing education that enables district personnel to learn about new developments in the understanding of abuse, including sexual abuse, and human trafficking and current prevention efforts and methods. Such education may include early identification of abuse, including sexual abuse, and human trafficking of students and minors. (Education Code 51950)

Use of Consultants or Guest Speakers

The Superintendent or designee may contract with outside consultants or guest speakers, including those who have developed multilingual curricula or curricula accessible to persons with disabilities, to deliver comprehensive sexual health and HIV prevention education or to provide training for district personnel. All outside consultants and guest speakers shall have expertise in comprehensive sexual health education and HIV prevention education and knowledge of the most recent medically accurate research on the relevant topic(s) covered in the instruction. The Superintendent or designee shall ensure that any instruction provided by an outside speaker or consultant complies with Board policy, administrative regulation, and Education Code 51930-51939. (Education Code 51933, 51934, 51936)

Parent/Guardian Notification

At the beginning of each school year or at the time of a student's enrollment, the Superintendent or designee shall notify parents/guardians about instruction in comprehensive sexual health education and HIV prevention education, as well as research on student health behaviors and risks, planned for the coming year. The notice shall advise parents/guardians: (Education Code 48980, 51938)

1. That written and audiovisual educational materials to be used in comprehensive sexual health and HIV prevention education are available for inspection

2. That parents/guardians have a right to excuse their child from comprehensive sexual health or HIV prevention education, or research on student health behaviors and risks, provided they submit their request in writing to the district

3. That parents/guardians have a right to request a copy of Education Code 51930-51939

4. Whether the comprehensive sexual health or HIV prevention education will be taught by district personnel or outside consultants and, if the district chooses to use outside consultants or guest speakers for this purpose, the following information:

    a. The date of the instruction

    b. The name of the organization or affiliation of each guest speaker

    c. Information stating the right of the parent/guardian to request a copy of Education Code 51933, 51934, and 51938

If the arrangements for instruction by outside consultants or guest speakers are made after the beginning of the school year, the Superintendent or designee shall notify parents/guardians by mail or another commonly used method of notification no fewer than 14 days before the instruction is given.

Nonapplicability to Certain Instruction or Materials

The requirements of Education Code 51930-51939 pertaining to instructional content, teacher training, and parental notification and consent shall not apply to the following: (Education Code 51932)

1. A description or illustration of human reproductive organs that may appear in a textbook, adopted pursuant to law, if the textbook does not include other elements of comprehensive sexual health education or HIV prevention education as defined in Education Code 51931

2. Instruction, materials, presentations, or programming that discusses gender, gender identity, gender expression, sexual orientation, discrimination, harassment, bullying, intimidation, relationships, or family and does not discuss human reproductive organs and their functions

Policy 6142.2: World Language Instruction

Status: DRAFT

Original Adopted Date: 03/01/2009 **| Last Revised Date:** 07/01/2019

In order to prepare students for global citizenship and to broaden their intercultural understanding and career opportunities, the Board of Trustees shall provide students with opportunities to develop communicative and cultural proficiency and literacy in one or more world languages.

The Superintendent or designee shall recommend a variety of world languages to be taught in the district's educational program based on student interest, community needs, and available resources.

For any program designed to provide students with instruction in a language other than English to a degree sufficient to produce proficiency in that language, the Superintendent or designee shall establish a process for schools to receive and respond to input from parents/guardians and other stakeholders regarding the non-English language in which instruction will be provided. (5 CCR 11300, 11312)

If American Sign Language courses are offered, they shall be open to all students regardless of hearing status.

The district shall offer a sequential curriculum aligned with the state content standards, state curriculum framework, and, as applicable, California university admission requirements for languages other than English.

Instruction in world languages shall be offered to secondary school students beginning no later than grade 7 and shall be designed to develop students' skills in understanding, speaking, reading, and writing the language. (Education Code 51220)

The district may establish a dual-language immersion program that provides integrated language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding. (Education Code 305-306)

The Board shall ensure that students have access to high-quality instructional materials in world languages. In accordance with Board policy, teachers shall be encouraged to identify and use supplemental resources, such as literature, technology, newspapers and other media, dictionaries, and volunteers from the community to enhance the world language instructional program.

The Superintendent or designee shall provide professional development as necessary to ensure that teachers of world languages have the knowledge and skills they need to implement an effective instructional program that helps students attain academic standards, including communicative and cultural proficiency and understanding.

The district shall determine appropriate measures to assess student proficiency in world languages offered by district schools. Students who have attained a high level of proficiency may receive recognition for their achievement, including the State Seal of Biliteracy for students graduating from high school.

The Superintendent or designee shall provide periodic reports to the Board regarding the effectiveness of the district's world language program which may include, but not be limited to, whether the district's world language program is serving the grade levels required by law, a description of the district's curriculum and the extent to which it is aligned with the state's content standards and curriculum framework, student achievement of district standards for world language instruction, and student participation rates in each language course. Program evaluation shall be used to identify needed improvements and may be considered in determining the world languages to be taught in the district.

Regulation 6142.2: World Language Instruction

Status: DRAFT

Original Adopted Date: 03/01/2009 **| Last Revised Date:** 07/01/2019

Content of Instruction

The district's instructional program for world languages shall be designed to help students gain knowledge about new language systems and use that knowledge to communicate. Students shall receive instruction which is aligned with state academic standards appropriate to their age and stage of linguistic and cultural proficiency in the following categories:

1. Content: Students shall be presented with a wide variety of content that is age and stage appropriate and increases in complexity.

2. Communication: Students shall be taught to effectively convey and receive messages by engaging in or interpreting written, spoken, and/or signed languages.

3. Cultures: Students shall receive instruction that allows them to make connections and comparisons between language and culture.

4. Structures: The curriculum shall address components of grammar, syntax, and language patterns appropriate to the language being taught.

5. Settings: To help students comprehend meaning and use language that is culturally appropriate, students shall develop knowledge of the context or setting in which language is used, such as common daily settings, interpersonal settings, and informal and formal settings.

Dual-Language Immersion Programs

The district's dual-language immersion programs may be based on either or both of the following models:

1. A 50:50 model in which instruction is provided in the non-English target language for 50 percent of the time and in English for 50 percent of the time, throughout the duration of the program

2. A 90:10 model in which instruction is provided in the non-English target language for 90 percent of the time and in English for 10 percent of the time during the first year of the program, decreasing the percentage of time in the non-English language in each subsequent year until there is a 50:50 balance of languages

Native English speakers shall generally be admitted into the program only during the first grade level at which the program is offered, and English learners with a strong first language aligned with the program may enter at anytime the program is offered. Fluent bilingual students may enter the program at any time. On a case-by-case basis, the Superintendent or designee may admit a student later in the program if he/she determines that the student is adequately prepared for and will benefit from the program.

In enrolling students for the program, the district shall strive to maintain a ratio of half native English speakers and half English learners, and such ratio shall not fall below one-third for either language group except under exceptional circumstances.

Any dual-language immersion program offered in grades K-3 shall comply with class size requirements specified in Education Code 42238.02. (Education Code 310)

Whenever one or more English learners are enrolled in a dual-language immersion classroom, the class shall be taught by a teacher who possesses the appropriate authorization issued by the Commission on Teacher Credentialing.

At the beginning of each school year or upon a student's enrollment, parents/guardians shall be provided information on the district's dual-language immersion program and other language acquisition programs available to students enrolled in the district, including, but not limited to, a description of each program. (Education Code 310)

If a school does not currently offer a dual-language immersion program but the parents/guardians of 30 or more students at the school, or 20 or more students at the same grade level, request the establishment of such a program,

the district shall determine whether it is possible to offer such a program in accordance with 5 CCR 11311.

Policy 6142.3: Civic Education

Status: DRAFT

Original Adopted Date: 07/01/2006 **| Last Revised Date:** 10/01/2018

The Board of Trustees recognizes that involvement in civic and political institutions is essential to a democratic government and desires to provide a comprehensive civic education program to help students acquire the knowledge, skills, and principles essential for informed, engaged, and responsible citizenship.

The Board shall approve, upon the recommendation of the Superintendent or designee, academic standards and curriculum in civics and government that are aligned with state academic standards and curriculum frameworks.

The Superintendent or designee shall determine specific courses within the tk-8curriculum in which civic education and government may be explicitly and systematically taught. He/she shall also encourage the integration of civic education into other subjects as appropriate.

The district's civic education program shall provide students with an understanding of the rights and responsibilities of citizens in American democracy and the workings of federal, state, and local governments. As appropriate, instruction should include an examination of fundamental American documents, including, but not limited to, the Declaration of Independence, the United States Constitution, the Federalist Papers, and other significant writings and speeches. Instruction should also promote a student's understanding of shared democratic principles and values, such as personal responsibility, justice, equality, respect for others, civic-mindedness, and patriotism, and enable students to make their own commitment to these civic values.

Service learning, extracurricular and cocurricular activities, class and school elections, simulations of government, student-led debates, voter education, and observation of local government processes may be used to reinforce classroom instruction by linking civic knowledge to practical experience and encouraging civic involvement.

Whenever civic education includes topics that may be controversial due to political beliefs or other influences, instruction shall be presented in a balanced manner that does not promote any particular viewpoint. Students shall not be discriminated against for expressing their ideas and opinions and shall be encouraged to respect different points of view.

Constitution/Citizenship Day

Each year on or near September 17, in commemoration of Constitution and Citizenship Day, the district shall hold an educational program for students in grades tk-8pertaining to the United States Constitution which shall include exercises and instruction in the purpose, meaning, and importance of the Constitution, including the Bill of Rights. (Education Code 37221; 36 USC 106 Note)

Policy 6142.4: Service Learning/Community Service Classes

Status: DRAFT

Original Adopted Date: 02/01/1995 **| Last Revised Date:** 10/01/2016

The Board of Trustees recognizes that student involvement in community service enhances academic outcomes, helps students develop the skills and knowledge necessary to become informed and responsible citizens, and aids in individual career development. The district shall offer separate community service classes and/or service learning opportunities that are integrated into other courses. Such classes and activities shall be designed to link academic content, practical skills, and meaningful service contributions to the community.

Service Learning

The Superintendent or designee may integrate service learning opportunities into one or more courses at appropriate grade levels.

The Superintendent or designee may involve administrators, students, teachers, parents/guardians, and community members in the development, implementation, and evaluation of the district's service learning program. He/she may also collaborate with local public agencies and nonprofit organizations to identify and develop service learning opportunities that meet educational and civic learning objectives, align with state and local academic standards, and address the needs of the community.

When service learning activities occur off campus, the Superintendent or designee shall arrange for transportation when necessary and shall ensure that students receive appropriate guidance and supervision.

The Superintendent or designee shall provide the Board with regular reports on the district's progress in meeting its goals for service learning.

If off-campus activities are included, the Superintendent or designee shall determine how students will be transported to the off-campus location and shall ensure adequate supervision of students during the activity.

Notifications

Parents/guardians shall receive information about service learning and any community service opportunities offered by the district and the benefits of such activities to the community and the student. The district shall ask parents/guardians to acknowledge this information and provide consent before their child participates in any off-campus service activities.

Policy 6142.5: Environmental Education

Status: DRAFT

Original Adopted Date: 09/01/1990 **| Last Revised Date:** 06/01/2021

The Board of Trustees recognizes that schools play a crucial role in educating students about the relationship between humans and the natural world and in preparing them to have the skills, knowledge, and principles needed to solve environmental problems. The Board believes that all students should understand ecological systems and the impact of human action on such systems, including, but not limited to, climate change. The district's environmental education program shall promote environmental literacy and shall prepare students to be stewards of natural resources and live an environmentally sustainable lifestyle.

The district's local control and accountability plan may include local goals and priorities for environmental literacy.

The district's environmental education program may be taught across the district curriculum in science, history-social science, English language arts, health, and, to the extent practicable, mathematics. Such instruction shall be aligned with state-adopted standards and curriculum frameworks and may include, but not be limited to, the interactions and interdependence of human societies and natural systems, people's dependence and influence on natural systems, the ways that natural systems change and how people can benefit and influence that change, the fact that there are no boundaries to prevent matter from flowing between systems, and the fact that decisions affecting resources and natural systems are complex and involve many factors.

The district's program may also provide for active student participation in onsite resource conservation and management programs and the promotion of service learning partnerships. The Superintendent or designee may collaborate with other local educational agencies and/or community-based organizations to enhance the curriculum and learning experiences provided to students.

The Superintendent or designee shall ensure that environment-based learning experiences are made available on an equitable basis and that the environmental literacy curriculum reflects the linguistic, ethnic, and socioeconomic diversity of California.

As appropriate, the Superintendent or designee shall provide professional development for teachers in the development and effective implementation of curriculum and activities inside and outside of the classroom that promote environmental literacy.

Policy 6142.6: Visual And Performing Arts Education

Status: DRAFT

Original Adopted Date: 11/01/2007 **| Last Revised Date:** 05/01/2019

The Board of Trustees believes that visual and performing arts are essential to a well-rounded educational program and should be an integral part of the course of study offered to students at all grade levels. The district's arts education program shall be designed to foster students' artistic competencies, cultivate students' appreciation and understanding of the arts in ways that are enjoyable, fulfilling, and transferable to students' personal, academic, and professional endeavors, and support students to fully engage in lifelong arts learning.

The Board shall adopt academic standards for dance, media arts, music, theatre, and visual arts that lead to artistic literacy and promote access and equity in the arts. District standards shall describe the skills, knowledge, and abilities that students are expected to possess at each grade level and shall meet or exceed state standards.

The Superintendent or designee shall develop a sequential curriculum for dance, media arts, music, theatre, and visual arts which is consistent with the state curriculum framework and includes the following artistic processes:

1. Creating: conceiving and developing new artistic ideas and work
2. Performing/producing/presenting: realizing artistic ideas and work through interpretation and presentation
3. Responding: understanding and evaluating how the arts convey meaning
4. Connecting: relating artistic ideas and work with personal meaning and external content

The Board shall adopt standards-based instructional materials for visual and performing arts which may incorporate a variety of media and technologies.

As appropriate, the Superintendent or designee shall provide a standards-based professional development program designed to increase teachers' knowledge of and ability to teach the arts and to implement the district's arts education program.

The Superintendent or designee shall encourage the integration of community arts resources into the educational program. Such resources may include opportunities for students to attend musical and theatrical performances, observe the works of accomplished artists, and work directly with artists-in-residence and volunteers. In addition, the Superintendent or designee may collaborate with community organizations to share resources and seek grant opportunities.

The Superintendent or designee may regularly evaluate the implementation of the district's arts education program at each grade level and report to the Board regarding its effectiveness in enabling students to meet academic standards.

Arts and Music Block Grants and Proposition Funding

Any state funding received through arts and music block grants and/or propositions shall be used according to all state policies and regulations. In regards to grants, if the Board elects to use the funds for purposes other than visual and performing arts (where allowed by the rules of the grant), the Board shall adopt a resolution at a public meeting which specifies how the funds will be allocated among schools and for districtwide purposes and the reasons for those allocations. Prior to the public meeting, the Board shall inform school site councils, schoolwide advisory groups, or school support groups, as applicable, of the content of the proposed resolution and of the time and location where the resolution is proposed to be adopted.

Policy 6142.7: Physical Education And Activity

Status: DRAFT

Original Adopted Date: 11/01/2007 | **Last Revised Date:** 07/01/2020

The Board of Trustees recognizes the positive benefits of physical activity on student health, well-being, and academic achievement. The district shall provide all students the opportunity to be physically active on a regular basis through high-quality physical education instruction and may provide additional opportunities for physical activity throughout the school day. The district's physical education and activity programs shall support the district's coordinated student wellness program and encourage students' lifelong fitness.

Physical education classes shall be conducted in the coeducational, inclusive manner prescribed by law. The district shall provide instruction in physical education that provides equal access and equal opportunities for participation for all students in grades 1-8 regardless of gender, gender expression, sexual orientation, and mental or physical disability. (Education Code 220, 221.5, 33352; 5 CCR 4900, 4930, 4931, 4940, 4960; 34 CFR 106.33, 106.34, 300.108)

The district's physical education program shall provide a developmentally appropriate sequence of instruction aligned with the state's model content standards and curriculum framework.

The district's physical education program shall engage students in age-appropriate moderate to vigorous physical activity, as defined in the accompanying administrative regulation, including aerobic, muscle-strengthening, and bone-strengthening activities. The Superintendent or designee shall develop strategies to monitor the amount of moderate to vigorous physical activity that takes place in the physical education instructional program.

The Superintendent or designee shall develop strategies to supplement physical education instruction with additional opportunities for students to be physically active before, during, and after the school day.

Students with disabilities shall be provided instruction in physical education in accordance with their individualized education program or Section 504 accommodation plan.

During air pollution episodes, extreme weather, or other inclement conditions, physical education staff shall make appropriate adjustments to the program or shall seek alternative indoor space to enable students to participate in active physical education.

Staffing

Physical education instruction shall be delivered by appropriately credentialed teachers who may be assisted by instructional aides, paraprofessionals, and/or volunteers.

The district shall provide physical education teachers with continuing professional development, including classroom management and instructional strategies designed to keep students engaged and active and to enhance the quality of physical education instruction and assessment.

Physical Fitness Testing

The Superintendent or designee shall annually administer the physical fitness test designated by the State Board of Education (FITNESSGRAM) to students in grades 5, and 7 (Education Code 60800; 5 CCR 1041)

Temporary Exemptions

The Superintendent or designee may grant a student a temporary exemption from physical education under either of the following conditions: (Education Code 51241)

1. The student is ill or injured and a modified program to meet the student's needs cannot be provided.

2. The student is enrolled for one-half time or less.

Program Evaluation

The Superintendent or designee may annually report to the Board each school's FITNESSGRAM results for each applicable grade level. The Superintendent or designee shall also report to the Board regarding the number of

instructional minutes offered in physical education for each grade level, and any other data agreed upon by the Board and the Superintendent or designee to evaluate program quality and the effectiveness of the district's program in meeting goals for physical activity and student well-being.

Regulation 6142.7: Physical Education And Activity

Status: DRAFT

Original Adopted Date: 07/01/2007 | **Last Revised Date:** 07/01/2020

Definitions

Physical education is a sequential educational program that teaches students to understand and participate in regular physical activity that assists in developing and maintaining physical fitness throughout their lifetime, understand and improve their motor skills, enjoy using their skills and knowledge to establish a healthy lifestyle, and understand how their bodies work.

Physical activity is bodily movement that is produced by the contraction of skeletal muscle and that substantially increases energy expenditure, including exercise, sport, dance, and other movement forms.

Moderate physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, walking briskly, dancing, swimming, or bicycling on level terrain. A person should feel some exertion but should be able to carry on a conversation comfortably during the activity.

Vigorous physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, jogging, participating in high-impact aerobic dancing, swimming continuous laps, or bicycling uphill. Vigorous physical activity may be intense enough to result in a significant increase in heart and respiration rate.

Instructional Time

Instruction in physical education shall be provided for at least the following minimum period of time: (Education Code 51210, 51222, 51223)

1. For students in grades 1-6, 200 minutes each 10 school days, exclusive of recess and the lunch period

2. For students in grades 7-8 attending an elementary school, 200 minutes each 10 school days, exclusive of recess and the lunch period

3. For students in grades 7-8 attending a middle school or junior high school, 400 minutes each 10 school days

If the instructional minute requirement cannot be met during any 10-day period due to inclement weather, a school assembly, field trip, student assessment, or other circumstance, the school shall make up those minutes on another day in order to satisfy the instructional minute requirement.

The Superintendent or designee shall determine a method to document compliance with the required number of instructional minutes. Such documentation may include, but not be limited to, a master schedule, bell schedule, weekly schedule for each teacher providing physical education instruction, district calendar, teacher roster, or log for staff or students to record the number of physical education minutes completed.

Any complaint alleging noncompliance with the instructional minute requirement may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures. A complainant not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE). If the district or CDE finds merit in a complaint, the district shall provide a remedy to all affected students and parents/guardians. (Education Code 51210, 51222, 51223; 5 CCR 4600-4670)

Monitoring Moderate to Vigorous Physical Activity

To monitor the amount of time students are engaged in moderate to vigorous physical activity, the Superintendent or designee may:

1. Develop methods to estimate the amount of time students spend in moderate to vigorous physical activity and the amount of time students are inactive during physical education classes

2. Provide physical education teachers with staff development, self-monitoring tools, stopwatches, and/or heart rate monitors to assist them in planning and assessing the level of activity in their classes

Physical Fitness Testing

During the annual assessment window between the months of February through May, students in grades 5, and 7 shall be administered the physical fitness test designated by the State Board of Education (FITNESSGRAM). (Education Code 60800; 5 CCR 1041)

The Superintendent or designee may provide a make-up date for students who are unable to take the test based on absence or temporary physical restriction or limitations, such as students recovering from illness or injury. (5 CCR 1043)

On or before November 1 of each school year, the Superintendent may designate an employee to serve as the district's physical fitness test coordinator and so notify the test contractor. The test coordinator shall serve as the liaison between the district and CDE for all matters related to the physical fitness test. The duties shall be those specified in 5 CCR 1043.4, including, but not limited to: (5 CCR 1043.4)

1. Responding to correspondence and inquiries from the contractor in a timely manner and as provided in the contractor's instructions

2. Determining district and school site test and test material needs

3. Overseeing the administration of the physical fitness test to students

4. Overseeing the collection and return of all test data to the contractor

5. Ensuring that all test data are received from school test sites in sufficient time to satisfy the reporting requirements

6. Ensuring that all test data are sent to the test contractor by June 30 of each year

Students shall be provided with their individual results after completing the FITNESSGRAM. The test results may be provided in writing or orally as the student completes the testing, and shall be included in the student's cumulative record. (Education Code 60800; 5 CCR 1043.10, 1044)

Each student's test results may also be provided to the student's parents/guardians upon request.

The Superintendent or designee shall report the aggregate results of the FITNESSGRAM in the annual school accountability report card required by Education Code 33126 and 35256. (Education Code 60800)

Testing Variations

All students may be administered the FITNESSGRAM with the following test variations: (5 CCR 1047)

1. Extra time within a testing day

2. Test directions that are simplified or clarified

All students may have the following test variations if they are regularly used in the classroom: (5 CCR 1047)

1. Audio amplification equipment

2. Separate testing for individual students provided that the student(s) are directly supervised by the test examiner

3. Manually Coded English or American Sign Language to present directions for test administration

Students with a physical disability and students who are physically unable to take all of the test shall undergo as much of the test as their physical condition will permit. (Education Code 60800; 5 CCR 1047)

Students with disabilities may be provided the following accommodations if specified in their individualized education program (IEP) or Section 504 plan: (5 CCR 1047)

1. Administration of the test at the most beneficial time of day to the student after consultation with the test

contractor

2. Administration of the test by a test examiner to the student at home or in the hospital

3. Any other accommodation specified in the student's IEP or Section 504 plan for the physical fitness test

Identified English learners may be allowed the following additional test variations if regularly used in the classroom: (5 CCR 1048)

1. Separate testing with other English learners, provided that the student(s) are directly supervised by the test examiner

2. Test directions translated into their primary language, and the opportunity to ask clarifying questions about the test directions in their primary language

Additional Opportunities for Physical Activity

The Superintendent or designee may implement strategies for increasing opportunities for physical activity outside the physical education program, which may include, but not be limited to:

1. Training recess, lunch, and before- and after-school supervisors on methods to engage students in moderate to vigorous physical activity

2. Encouraging teachers to incorporate physical activity into the classroom

3. Establishing extracurricular activities that promote physical activity, such as school clubs, intramural athletic programs, dance performances, community service, special events, and competitions

4. Incorporating opportunities for physical activity into before- or after-school programs and/or child care and development programs

5. Exploring opportunities for joint use of facilities or grounds in order to provide adequate space for students and community members to engage in recreational activities

6. Developing business partnerships to maximize resources for physical activity equipment and programs

7. Developing programs to encourage and facilitate walking, bicycling, or other active transport to and from school

Policy 6142.8: Comprehensive Health Education

Status: DRAFT

Original Adopted Date: 11/01/2003 **| Last Revised Date:** 12/01/2023

The Board of Trustees believes that health education should foster the knowledge, skills, and attitudes that students need in order to lead healthy lives and avoid high-risk behaviors, and that creating a safe, supportive, inclusive, and nonjudgmental environment is crucial in promoting healthy development for all students. The district's health education program shall be part of a coordinated school health system which recognizes that mental health and social connection are critical to student's overall health, well-being, and academic success, supports the physical, mental, and social well-being of students, reflects the importance of digital and media literacy, and is linked to district and community services and resources.

Goals for the district's health education program shall be designed to promote student wellness and shall include, but not be limited to, goals for nutrition promotion and education, physical activity, and other school-based activities that promote student well-being.

Any health education course offered to middle or high school students shall include instruction in mental health that meets the requirements of Education Code 51925-51926, and as specified in Administrative Regulation 6143 - Courses of Study.

The district shall provide a planned, sequential, research-based, and developmentally appropriate health education curriculum for students in grades K-12 which is aligned with the state's content standards and curriculum framework and integrated with other content areas of the district's curriculum. The Superintendent or designee shall determine the grade levels and subject areas in which health-related topics will be addressed, in accordance with law, Board policy, and administrative regulation.

As appropriate, the Superintendent or designee shall involve school administrators, teachers, school nurses, health professionals representing various fields of health care, parents/guardians, community-based organizations, and other community members in the development, implementation, and evaluation of the district's health education program. Health and safety professionals may be invited to provide related instruction in the classroom, school assemblies, and other instructional settings.

The Superintendent or designee shall provide professional development as needed to ensure that health education teachers are knowledgeable about academic content standards, the state curriculum framework, and effective instructional methodologies.

The Superintendent or designee shall provide periodic reports to the Board regarding the implementation and effectiveness of the district's health education program, which may include, but not be limited to, a description of the district's program and the extent to which it is aligned with the state's content standards and curriculum framework, the amount of time allotted for health instruction at each grade level, student achievement of district standards for health education, and the manner in which the district's health education program supports the physical, mental, and social well-being of students.

Regulation 6142.8: Comprehensive Health Education

Status: DRAFT

Original Adopted Date: 11/01/2003 **| Last Revised Date:** 12/01/2023

Content of Instruction

The district's health education program shall include instruction at the appropriate grade levels in the following content areas:

1. Alcohol, tobacco, and other drugs

2. Human growth, development, and sexual health

3. Injury prevention and safety

   Instruction related to injury prevention and safety may include, but is not limited to, first aid, protective equipment such as helmets, violence prevention, topics related to bullying and harassment, emergency procedures, and Internet safety, and as required by law.

4. Mental, emotional, and social health

   Health education courses offered to middle and/or high school students shall include mental health instruction that meets the requirements of Education Code 51925-51927, as specified in Administrative Regulation 6143 - Courses of Study.

5. Nutrition and physical activity

6. Personal and community health

   Instruction in personal and community health may include, but is not limited to, oral health, personal hygiene, sun safety, vision and hearing protection, transmission of germs and communicable diseases, symptoms of common health problems and chronic diseases, and the effect of behavior on the environment, and as required by law.

Within each of the above content areas, instruction shall be designed to assist students in developing:

1. An understanding of essential concepts related to enhancing health

2. The ability to analyze internal and external influences that affect health

3. The ability to access and analyze health information, products, and services

4. The ability to use interpersonal communication skills, decision-making skills, and goal-setting skills to enhance health

5. The ability to practice behaviors that reduce risk and promote health

6. The ability to promote and support personal, family, and community health

High School Health Education

Whenever the Board requires a course in health education for graduation from high school, the district's high school health education course(s) shall include instruction in:

1. Sexual harassment and violence, including, but not limited to, the affirmative consent standard as defined in Education Code 67386. When delivering such instruction, teachers shall consult information related to sexual harassment and violence in the Health Education Framework for California Public Schools. (Education Code 51225.36)

2. Compression-only cardiopulmonary resuscitation (CPR), which is based on national evidence-based emergency cardiovascular care guidelines for the performance of compression-only CPR and includes instruction relative

to the psychomotor skills necessary to perform compression-only CPR. (Education Code 51225.6)

Students Excused from Health Instruction

Upon written request from a parent/guardian, a student shall be excused from any part of health instruction that conflicts with the student's religious training and beliefs, including personal moral convictions. (Education Code 51240)

The district shall excuse a student from instruction in comprehensive sexual health education and HIV prevention education if the student's parent/guardian requests in writing that the student be excused. However, pursuant to Education Code 51932, such parental request shall not excuse a student from instruction, materials, presentations, or programming that discuss gender, gender identity, gender expression, sexual orientation, discrimination, harassment, bullying, intimidation, relationships, or family and do not discuss human reproductive organs and their functions. (Education Code 51938)

In addition, the district shall excuse a student from instruction in sexual abuse and/or sexual assault awareness and prevention if the student's parent/guardian requests in writing that the student be excused. (Education Code 51900.6)

The district shall not administer any exam, survey, or questionnaire which contains questions about the student's or the student's family's personal beliefs or practices in sex, family life, morality, or religion unless the student's parent/guardian has given written permission. (Education Code 51513)

However, the district may administer anonymous, voluntary, and confidential tests, questionnaires, and surveys containing age-appropriate questions about students' attitudes concerning or practices relating to sex, as long as parents/guardians are notified of the right to request in writing that the student be excused from participation. A student shall be excused from participating in any such research or evaluation tools if the student's parent/guardian requests in writing to excuse the student from participation. (Education Code 51938)

Involvement of Health Professionals

Health care professionals, health care service plans, health care providers, and other entities participating in a voluntary initiative with the district are prohibited from communicating about a product or service in a way that is intended to encourage persons to purchase or use the product or service. However, the following activities may be allowed: (Education Code 51890)

1. Health care or health education information provided in a brochure or pamphlet that contains the logo or name of a health care service plan or health care organization, if provided in coordination with the voluntary initiative

2. Outreach, application assistance, and enrollment activities relating to federal, state, or county-sponsored health care insurance programs if the activities are conducted in compliance with the statutory, regulatory, and programmatic guidelines applicable to those programs

Policy 6142.91: Reading/Language Arts Instruction

Status: DRAFT

Original Adopted Date: 07/01/2005 **| Last Revised Date:** 12/01/2013

The Board of Trustees recognizes that the ability to read, write, and communicate with competence and confidence in English across a range of personal and academic contexts expands students' opportunities for career and college success, full and wise participation in a democratic society and global economy, and achievement of their personal aspirations. Moreover, skill in literacy and language provides individuals with access to extraordinary and powerful literature that widens perspectives, illuminates the human experience, and deepens understandings of self and others. The Board of Trustees shall adopt two sets of interrelated standards: the California Common Core State Standards for English Language Arts and Literacy in History/Social Studies, Science, and Technical Subjects (CA CCSS for ELA/Literacy) and the California English Language Development Standards (CA ELD Standards). And, because literacy and language are foundational to all learning, both sets of standards play a crucial role in ensuring that California students achieve content standards in every subject area reading and other language arts constitute the basic foundation for learning in other areas of study. The Board desires to offer a comprehensive, balanced reading/language arts program that ensures all students have the skills necessary to read fluently and for meaning and develops students' appreciation for literature. The program shall integrate reading and oral and written language arts activities in order to build effective communication skills.

For each grade level, the Board shall adopt academic standards that meet or exceed Common Core State Standards in the following strands as well as ensure the instructional design, materials and delivery are in alignment with the California ELA/ELD Framework

1. Reading: Foundational skills, text complexity and analysis, and the growth of comprehension
2. Writing: Text types, responding to reading, production and distribution of writings, and research
3. Speaking and listening: Oral language development, comprehension, flexible communication, and collaboration
4. Language: Conventions, effective use, knowledge of language, and vocabulary

The Superintendent or designee shall ensure that the district's reading/language arts program offers sufficient access to standards-aligned textbooks and other instructional materials. The program shall provide instructional materials of varying levels of difficulty, including fiction and nonfiction works, so that students are continually reading at an appropriate level. In addition, technology should be available to support all areas of literacy.

Teachers are expected to use a variety of instructional strategies to accommodate the needs of beginning readers and the varying abilities of more advanced readers. The program shall provide ongoing diagnosis of students' skills and, as needed, may provide supplementary instruction during the school day and/or outside the regular school session to assist students who are experiencing difficulty learning to read.

The Superintendent or designee shall make available professional development opportunities that are designed to provide instructional staff with knowledge about how students develop language skills, the ability to analyze students' literacy levels, and mastery of a variety of instructional strategies and materials.

The Superintendent or designee shall provide the Board with data from state and district reading assessments and program evaluations to enable the Board to monitor program effectiveness.

In compliance with California Education Code Section 53008, the Board of Trustees is committed to the early identification of students who may be at risk for reading difficulties, including dyslexia. To fulfill this commitment, the district will adopt and implement a reading difficulties screening instrument from the California Department of Education (CDE)-approved list.

The following guidelines will govern the implementation of this policy:

- The district will ensure that all students in kindergarten, first, and second grade are assessed annually using the adopted screening instrument.
- The selected screening instrument will be administered by appropriately trained personnel, adhering to the administration protocols and guidelines provided by the instrument developer.

- The district will provide parents or guardians of eligible students with timely notification regarding the screening, including the date(s) of the screening and the process for opting out, in accordance with state law.
- Screening results will be shared with parents or guardians in a timely manner, and will include information on how to interpret the results and next steps for support and intervention, if needed.
- Screening results will be used to inform instruction, identify students who may benefit from additional support, and guide the provision of appropriate interventions and services. These results will not be used as the sole basis for determining special education eligibility.
- The district will provide appropriate professional development to staff on the administration, interpretation, and use of the screening results to inform instruction and support student learning.
- This policy will be reviewed periodically and updated as necessary to align with changes in state law and best practices in reading assessment.

Policy 6142.92: Mathematics Instruction

Status: DRAFT

Original Adopted Date: 10/01/1995 **| Last Revised Date:** 09/01/2024

The Board of Trustees desires to offer a rigorous mathematics program that progressively develops the knowledge and skills students will need to succeed in college and career. The district's mathematics program shall be designed to teach mathematical concepts in the context of real-world situations and to help students gain a strong conceptual understanding, a high degree of procedural skill and fluency, and ability to apply mathematics to solve problems.

The district's mathematics program shall also incorporate recognized principles, concepts, and research-based strategies to meet the needs of all students and provide equal access to learning through lessons that are relevant to students. Instructional resources adopted for use in district schools shall provide guidance to support a diverse student population, including students who are English learners, at-promise, advanced learners, and students with learning disabilities.

For each grade level, the Board shall adopt academic standards for mathematics that meet or exceed the Common Core State Standards. The Superintendent or designee shall develop or select curricula that are aligned with these standards and the state curriculum framework.

The district's mathematics program shall address the following standards for mathematical practices which are the basis for mathematics instruction and learning:

1. Overarching habits of mind of a productive mathematical thinker: Making sense of problems and persevering in solving them; attending to precision

2. Reasoning and explaining: Reasoning abstractly and quantitatively; constructing viable arguments and critiquing the reasoning of others

3. Modeling and using tools: Modeling with mathematics; using appropriate tools strategically

4. Seeing structure and generalizing: Looking for and making use of structure; looking for and expressing regularity in repeated reasoning

In addition, the district's mathematics program shall be aligned with grade-level standards for mathematics content.

For grades K-8, mathematics content shall address, at appropriate grade levels, counting and cardinality, operations and algebraic thinking, number and operations in base ten, fractions, measurement and data, geometry, ratios and proportional relationships, functions, expression and equations, the number system, and statistics and probability. Students shall learn the concepts and skills that prepare them for the rigor of higher mathematics.

For higher mathematics, the district shall offer alternative pathways of courses through which students shall be taught concepts that address number and quantity, algebra, functions, modeling, geometry, and statistics and probability. Any pathway offered by the district shall be designed in a manner that provides maximum opportunities for students to access advanced mathematics courses during high school.

The Superintendent or designee shall ensure that students are appropriately placed in mathematics courses and are not required to repeat a course that they have successfully completed in an earlier grade level. Placement decisions shall be based on consistent protocols and multiple academic measures.

The Superintendent or designee shall ensure that certificated staff have opportunities to participate in professional development activities designed to increase their knowledge and skills in effective mathematics teaching practices.

The Superintendent or designee shall ensure that students have access to sufficient instructional materials, including manipulatives and technology, to support a balanced, standards-aligned mathematics program.

The Superintendent or designee shall provide the Board with data from state and district mathematics assessments and program evaluations to enable the Board to monitor program effectiveness.

Policy 6142.93: Science Instruction

Status: DRAFT

Original Adopted Date: 10/01/1995 **| Last Revised Date:** 03/01/2025

The Board of Trustees believes that science education should focus on giving students an understanding of the biological and physical aspects of science, including the place of humans in ecological systems, the causes and effects of climate change and the methods to mitigate and adapt to climate change, key scientific concepts, and methods of scientific inquiry and investigation through experiments and other activities that foster critical thinking. Students should become familiar with the natural world and the interrelationship of science, mathematics, technology, and engineering. As part of science instruction, students should learn how to apply scientific knowledge and reasoning.

Philosophical and religious theories that are based, at least in part, on faith and are not subject to scientific test and refutation shall not be discussed during science instruction.

The Board shall adopt academic standards for science that meet or exceed the California Next Generation Science Standards (CA-NGSS) and describe the knowledge and skills students are expected to possess at each grade level, with an instructional focus on understanding the process of science, the fundamental ideas within each discipline of science, and underlying themes that are common to all sciences. The Superintendent or designee shall ensure that curricula used in district schools are aligned with these standards and the state curriculum framework.

The Superintendent or designee shall ensure that students have access to and are enrolled in a broad course of study including science courses.

The Superintendent or designee shall provide certificated staff with opportunities to participate in professional development activities designed to enhance their knowledge of district-adopted academic standards, instructional strategies for teaching science, and changes in scientific theories.

The Superintendent or designee shall develop and implement appropriate safety measures for science laboratory classes in accordance with Administrative Regulation 5142 - Safety, including, but not limited to, staff and student safety training, use of eye safety devices, hearing protection, first aid procedures, regular equipment maintenance, safe use of heat sources, safe use and disposal of hazardous chemicals, proper ventilation, prevention of exposure to bloodborne pathogens from sharp instruments, fire prevention and control, an emergency response plan, and evacuation procedures. Parents/guardians shall be informed of the types of science laboratory activities that will be conducted and encouraged to sign consent forms for their child's participation.

The Superintendent or designee shall regularly report to the Board regarding the implementation and effectiveness of the science curriculum at each grade level. At a minimum, each report shall address the extent to which the program is aligned with the CA-NGSS, any applicable student assessment results, and feedback from students, parents/guardians, and staff regarding the program.

Policy 6142.94: History-Social Science Instruction

Status: DRAFT

Original Adopted Date: 07/01/2009 **| Last Revised Date:** 03/01/2025

The Board of Trustees believes that the study of history and other social sciences is essential to prepare students to engage in responsible citizenship, comprehend complex global interrelationships, and understand the vital connections among the past, present, and future, as well as to establish a foundation for the appreciation of different ethnicities, the wise use of natural resources, and the responsible management of personal finance. The district's history-social science education program shall include, at appropriate grade levels, instruction in American and world history, geography, economics, political science, anthropology, psychology, and sociology.

The Board shall adopt academic standards for history-social science which meet or exceed state content standards and describe the knowledge and skills students are expected to possess at each grade level. The Board shall also adopt the California HistorySocial-Science Framewok to define theinstructional design and pedagogy of the courses.

The Superintendent or designee shall develop and submit to the Board for approval a comprehensive, sequential curriculum aligned with the state's curriculum framework and content standards for history-social science. The curriculum shall be designed to:

- Develop students' core knowledge of history and social science content.
- Develop inquiry-based critical thinking skills.
- Improve reading comprehension and expository writing ability.
- Promote engaged and knowledgeable citizenry.

The instructional design should offer students the opportunity to learn about the world and their place in it, think critically, read, write, and communicate clearly. The study of history, civics, government, geography, and economics is essential to:

- Develop students' understanding of the physical and sociological world, as well as how they are interconnected.
- Encourage their participation in our democratic system of government.
- Teach them about our past.
- Inform their financial choices within our world's economy.
- Improve their ability to make reasoned decisions based on evidence.

Moreover, these disciplines play a vital role in developing student literacy through an emphasis on text, argumentation, and the use of evidence, and by developing students' skills in chronological and spatial thinking, research, and historical interpretation.

The Board shall adopt standards-aligned instructional materials for history-social science in accordance with applicable law, Board policy, and administrative regulation. Additionally, teachers are encouraged to supplement the curriculum, in accordance with Board Policy 6161.11 - Supplementary Instructional Materials, by using a variety of primary and secondary sources that encourage students to grapple with multiple and often competing pieces of information, form interpretations based on evidence, learn about how to place information in its appropriate context, and connect it to issues of broader significance. Supplemental Instructional materials shall include diverse works that illuminate the past with a variety of texts that can be investigated as both historical documents and as works of art. Poetry, novels, plays, essays, documents, inaugural addresses, myths, legends, tall tales, biographies, original documents, diaries, letters, legends, speeches, other narrative artifacts, and literature from and about the period being studied.

Personal testimony from persons who can provide first-hand accounts of significant historical events is encouraged and may be provided through oral histories, videos, or other multimedia formats. If oral history is used for instruction related to the role of Americans in World War II or the Vietnam War, such testimony shall exemplify the personal sacrifice and courage of the wide range of ordinary citizens who were called upon to participate in the war, provide views and comments concerning reasons for participating in the war, and provide commentary on the aftermath of

the war in Eastern Europe and the former Soviet Union. (Education Code 51221.3, 51221.4)

The Superintendent or designee shall provide a standards-based professional development program designed to increase teachers' knowledge of adopted instructional materials and state content standards, as well as the instructional design and pedagogy grounded in the California History Social- Science Framework.

The Superintendent or designee shall regularly evaluate and report to the Board regarding the implementation and effectiveness of the history-social science curriculum at each grade level, including, but not limited to, the extent to which the program is aligned with state standards and framework any applicable student assessment results, and feedback from students, parents/guardians, and staff regarding the program.

Policy 6143: Courses Of Study

Status: DRAFT

Original Adopted Date: 03/01/2003 **| Last Revised Date:** 10/01/2023

The Board of Trustees recognizes that a well-aligned sequence of courses fosters academic growth and provides for the best possible use of instructional time. The district's course of study shall provide students with opportunities to attain the skills, knowledge, and abilities they need to be successful academically, professionally, and personally.

The Superintendent or designee shall establish processes for ensuring the articulation of courses across grade levels within the district. As necessary, the Superintendent or designee shall work with representatives of appropriate area districts and postsecondary institutions to ensure articulation of courses with other institutions to which district students may matriculate. The sequence of courses shall be designed to ensure that each course provides adequate preparation for the next course in the sequence, only utilizes prerequisites that are essential to success in a given program or course, avoids significant duplication of content, and allows for reinforcement and progression in the subject matter.

The district shall not provide any course separately or require or refuse participation by any student on the basis of the student's actual or perceived sex, sexual orientation, gender, gender expression, gender identity, ethnic group identification, immigration status, race, ancestry, national origin, religion, color, mental or physical disability, age, medical condition, genetic information, marital status, or any other characteristic listed in Education Code 200 and 220, Government Code 11135, or Penal Code 422.55, or the student's association with a person or group with one or more of such actual or perceived characteristics. (Education Code 200, 220; Government Code 11135; Penal Code 422.55; 5 CCR 4940)

Elementary Grades

The Board shall adopt a course of study for elementary grades that sufficiently prepares students for the secondary course of study.

Secondary Grades

The district shall offer all otherwise qualified students in grades 7-8 a course of study that prepares them, upon graduation from high school, to meet the requirements and prerequisites for admission to California public colleges and universities and to attain entry-level employment skills in business or industry. The district's course of study may provide for a rigorous academic curriculum that integrates academic and career skills, includes applied learning across all disciplines, and prepares all students for high school graduation and career entry. (Education Code 51228)

Regulation 6143: Courses Of Study

Status: DRAFT

Original Adopted Date: 11/01/2014 **| Last Revised Date:** 10/01/2023

Grades 1-6

Courses of study for grades 1-6 shall include the following:

1. English: knowledge and appreciation of language and literature, and the skills of speaking, reading, listening, spelling, handwriting, and composition (Education Code 51210)

2. Mathematics: concepts, operational skills, and problem solving (Education Code 51210)

3. Social sciences: age-appropriate instruction drawing upon the disciplines of anthropology, economics, geography, history, political science, psychology, and sociology, including instruction in: (Education Code 51210)

    a. The history, resources, development, and government of California and the United States

    Instruction shall include the early history of California and a study of the role and contributions of people of all genders, Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, LGBTQ+ Americans, persons with disabilities, and members of other ethnic, cultural, religious, and socioeconomic status groups to the economic, political, and social development of California and the United States, with particular emphasis on portraying the role of these groups in contemporary society. (Education Code 51204.5, 60040)

    b. The development of the American economic system, including the role of the entrepreneur and labor

    c. The relations of persons to their human and natural environments

    d. Eastern and western cultures and civilizations

    e. Contemporary issues

    f. The wise use of natural resources

4. Science: biological and physical aspects, with emphasis on experimental inquiry and the place of humans in ecological systems (Education Code 51210)

5. Visual and performing arts: instruction in dance, music, theatre, and visual arts aimed at developing aesthetic appreciation and creative expression (Education Code 51210)

6. Health: principles and practices of individual, family, and community health, including instruction at the appropriate grade levels and subject areas in: (Education Code 51202, 51210)

    a. Personal and public safety and accident prevention, including instruction in emergency first aid, hemorrhage control, treatment for poisoning, resuscitation techniques, and cardiopulmonary resuscitation (CPR) when appropriate equipment is available

    b. Fire prevention

    c. The protection and conservation of resources, including the necessity for the protection of the environment

    d. Venereal disease

    e. The effects of alcohol, narcotics, drugs, and tobacco upon the human body

    f. Violence as a public health issue

g. Mental Health, that provides for reasonably designed instruction on the overarching themes and core principles of mental health, which includes: (Education Code 51925)

   i. Defining the signs and symptoms of common mental health challenges

   ii. Explaining evidence-based services and supports that effectively help individuals manage mental health challenges

   iii. Promoting mental health wellness and protective factors, including positive development, social and cultural connectedness and supportive relationships, resiliency, problem solving skills, coping skills, self-esteem, and a positive school and home environment in which students feel comfortable

   iv. Identifying warning signs of common mental health problems in order to promote awareness and early intervention so that students know to take action before a situation turns into a crisis, including how to obtain assistance from the district or the community for themselves or others and evidence-based and culturally responsive practices that are proven to help overcome mental health challenges

   v. Connecting the importance of mental health to overall health and academic success and to co-occurring conditions, such as chronic physical conditions, chemical dependence, and substance abuse

   vi. Conveying an awareness and appreciation about the prevalence of mental health challenges across all populations, races, ethnicities, and socioeconomic statuses, including the impact of race, ethnicity, and culture on the experience and treatment of mental health challenges

   vii. Understanding the stigma surrounding mental health challenges and what can be done to overcome stigma, increase awareness, and promote acceptance, including, to the extent possible, classroom presentations of narratives by trained peers and other individuals who have experienced mental health challenges and how they coped with their situations, including how they sought help and acceptance

   Mental health instruction offered by the district shall: (Education Code 51926)

   A. Be appropriate for use with students of all races, genders, sexual orientations, ethnic and cultural backgrounds, students with disabilities, and English learners

   B. Be accessible to students with disabilities, including, but not limited to, providing a modified curriculum, materials, and instruction in alternative formats, and auxiliary aids

   C. Not reflect or promote bias against any person on the basis of any category protected by Education Code 220

   D. Be coordinated with any existing on-campus mental health providers including, but not limited to, providers with a pupil personnel services credential, who may be immediately called upon by students for assistance

   Students receiving mental health instruction shall not be required to disclose their confidential health or mental health information at any time in the course of receiving the instruction. (Education Code 51927)

7. Physical education: with emphasis on physical activities conducive to health and vigor of body and mind

Grades 7-8

Courses of study for grades 7-8 shall include the following:

1. English: knowledge and appreciation of literature, language, and composition, and the skills of reading, listening, and speaking (Education Code 51220)

2. Social sciences: age-appropriate instruction drawing upon the disciplines of anthropology, economics,

geography, history, political science, psychology, and sociology, with instruction in: (Education Code 51220)

a. The history, resources, development, and government of California and the United States, including instruction in:

   i. The early history of California and a study of the role and contributions of people of all genders, Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, LGBTQ+ Americans, persons with disabilities, and members of other ethnic, cultural, religious, and socioeconomic status groups to the economic, political, and social development of California and the United States, with particular emphasis on portraying the role of these groups in contemporary society (Education Code 51204.5, 60040)

   ii. World War II, including the role of Americans and Filipino Americans who served in the United States Army during that time

   iii. The Vietnam War, including the "Secret War" in Laos and role of Southeast Asians in that war

   iv. The Bracero program, in which there was a 1942 agreement between the United States and Mexico authorizing the temporary migration of laborers to the United States

b. The American legal system, the operation of the juvenile and adult criminal justice systems, and the rights and duties of citizens under the criminal and civil law and the state and federal constitutions

   This course may include participation in a teen court or peer court program. (Education Code 51220.2)

c. The development of the American economic system, including the role of the entrepreneur and labor

d. The relations of persons to their human and natural environments, including the wise use of natural resources (Education Code 51221)

e. Eastern and western cultures and civilizations

f. Human rights issues, with particular attention to the study of the inhumanity of genocide, which may include, but is not limited to, the Armenian, Cambodian, Darfur, and Rwandan genocides, slavery, and the Holocaust

g. Contemporary issues

3. World language(s): understanding, speaking, reading, and writing, beginning not later than grade 7 (Education Code 51220)

4. Physical education: with emphasis on physical activities conducive to health and vigor of body and mind, as required by Education Code 51222 (Education Code 51220)

5. Science: physical and biological aspects; emphasis on basic concepts, theories, and processes of scientific investigation and on the place of humans in ecological systems; appropriate applications of the interrelation and interdependence of the sciences (Education Code 51220)

6. Mathematics: mathematical understandings, operational skills, and problem-solving procedures; algebra (Education Code 51220, 51224.5)

7. Visual and performing arts: dance, music, theatre, and visual arts, with emphasis upon development of aesthetic appreciation and creative expression (Education Code 51220)

8. Applied arts: consumer education, family and consumer sciences education, industrial arts, general business education, or general agriculture (Education Code 51220)

9. Career technical/vocational-technical education: in the occupations and in the numbers appropriate to the personnel needs of the state and community served and relevant to the career desires and needs of students (Education Code 51220)

10. Comprehensive sexual health and HIV prevention (Education Code 51225.36, 51934)

11. Personal and public safety, accident prevention and health, including instruction in : (Education Code 51202, 51203)

    a. Emergency first aid, hemorrhage control, treatment for poisoning, resuscitation techniques, and CPR when appropriate equipment is available

       Instruction shall be provided in compression-only CPR based on national guidelines and shall include hands-on practice (Education Code 51225.6)

    b. Fire prevention

    c. The protection and conservation of resources, including the necessity for the protection of the environment

    d. Venereal disease

    e. The effects of alcohol, narcotics, drugs, and tobacco upon the human body

    f. Prenatal care for pregnant individuals

    g. Violence as a public health issue

    h. Mental Health, that provides for reasonably designed instruction on the overarching themes and core principles of mental health, which includes: (Education Code 51925)

       i. Defining the signs and symptoms of common mental health challenges

       ii. Explaining evidence-based services and supports that effectively help individuals manage mental health challenges

       iii. Promoting mental health wellness and protective factors, including positive development, social and cultural connectedness and supportive relationships, resiliency, problem-solving skills, coping skills, self-esteem, and a positive school and home environment in which students feel comfortable

       iv. Identifying warning signs of common mental health problems in order to promote awareness and early intervention so that students know to take action before a situation turns into a crisis, including how to obtain assistance from the district or the community for themselves or others and evidence-based and culturally responsive practices that are proven to help overcome mental health challenges

       v. Connecting the importance of mental health to overall health and academic success and to co-occurring conditions, such as chronic physical conditions, chemical dependence, and substance abuse

       vi. Conveying an awareness and appreciation about the prevalence of mental health challenges across all populations, races, ethnicities, and socioeconomic statuses, including the impact of race, ethnicity, and culture on the experience and treatment of mental health challenges

       vii. Understanding the stigma surrounding mental health challenges and what can be done to overcome stigma, increase awareness, and promote acceptance, including, to the extent possible, classroom presentations of narratives by trained peers and other individuals who have experienced mental health challenges and how they coped with their situations, including how they sought help and acceptance

       Mental health instruction offered by the district shall: (Education Code 51926)

       A. Be appropriate for use with students of all races, genders, sexual orientations, ethnic and cultural backgrounds, students with disabilities, and English learners

B. Be accessible to students with disabilities, including, but not limited to, providing a modified curriculum, materials, and instruction in alternative formats, and auxiliary aids

C. Not reflect or promote bias against any person on the basis of any category protected by Education Code 220

D. Be coordinated with any existing on-campus mental health providers including, but not limited to, providers with a pupil personnel services credential, who may be immediately called upon by students for assistance

Students receiving mental health instruction shall not be required to disclose their confidential health or mental health information at any time in the course of receiving the instruction. (Education Code 51927)

i. Violence awareness and prevention

In addition, the course of study for grade 7 and/or 8 may include parenting skills and education, including, but not limited to, child growth and development, parental responsibilities, household budgeting, child abuse and neglect issues, personal hygiene, maintenance of healthy relationships, teen parenting issues, and self-esteem. (Education Code 51220.5)

Certification of College Preparatory Courses

The Superintendent or designee shall identify district courses that may qualify for designation as "A-G" college preparatory courses, including courses in history-social science, English, mathematics, laboratory science, languages other than English, visual and performing arts, career technical education, and college preparatory electives. The Superintendent or designee shall submit any necessary information regarding each identified course to UC for "A-G" designation.

Policy 6144: Controversial Issues

Status: DRAFT

Original Adopted Date: 12/01/1989 **| Last Revised Date:** 03/01/2017

The Board of Trustees believes that students should have opportunities to discuss controversial issues which have political, social or economic significance and which the students are mature enough to investigate and address. The study of a controversial issue should help students learn how to gather and organize pertinent facts, discriminate between fact and fiction, draw intelligent conclusions and respect the opinions of others.

The Board expects administrators and teachers to exercise professional judgment when deciding whether or not a particular issue is suitable for study or discussion. They shall consult with the Superintendent or designee as necessary to determine the appropriateness of the subject matter, guest speakers, and/or related instructional materials or resources.

When providing instruction related to a controversial issue, the following guidelines shall apply:

1. The topic shall be suitable to the age and maturity of the students.

2. Instruction shall be presented in an impartial and balanced manner, addressing all sides of the issue without bias or prejudice and without promoting any particular point of view.

3. In the classroom, teachers act on behalf of the district and are expected to follow the adopted curriculum. In leading or guiding class discussions about issues that may be controversial, a teacher may not advocate his/her personal opinion or viewpoint. When necessary, the Superintendent or designee may instruct teachers to refrain from sharing personal views in the classroom on controversial topics.

4. Students shall be assured of their right to form and express an opinion without jeopardizing their grades or being subject to discrimination, retaliation, or discipline, provided the viewpoint does not constitute harassment, threats, intimidation, or bullying or is otherwise unlawful.

5. Students shall be informed of conduct expected during such instruction and the importance of being courteous and respectful of the opinions of others.

6. Adequate factual information shall be provided to help students objectively analyze and evaluate the issue and draw their own conclusions.

7. The instruction shall not reflect adversely upon persons because of their race, ethnicity, national origin, sex, sexual orientation, gender identity or expression, disability, religion, or any other basis prohibited by law.

8. The subject matter of the instruction shall not otherwise be prohibited by state or federal law.

When a guest speaker is invited to make a presentation related to a controversial issue, the Superintendent or designee shall notify him/her of this policy and the expectations and goals regarding the instruction. If the guest speaker is presenting only one point of view on an issue, the teacher shall be responsible for ensuring that students also receive information on opposing viewpoints.

When required by law, such as in regards to comprehensive sexual health and HIV prevention education, parents/guardians shall be notified prior to instruction that they may request in writing that their child be excused from the instruction. Students whose parents/guardians decline such instruction may be offered an alternative activity of similar educational value.

A student or parent/guardian with concerns regarding instruction about controversial issues may communicate directly with the teacher or principal and/or use appropriate district complaint procedures.

Policy 6145: Extracurricular And Cocurricular Activities

Status: DRAFT

Original Adopted Date: 11/01/2009 **| Last Revised Date:** 05/01/2017

The Board of Trustees recognizes that extracurricular and cocurricular activities enrich the educational and social development of students and enhance students' feelings of connectedness with the schools. The district shall encourage and support student participation in extracurricular and cocurricular activities without compromising the integrity and purpose of the educational program.

Prerequisites for student participation in extracurricular and cocurricular activities shall be limited to those that have been demonstrated to be essential to the success of the activity. No extracurricular or cocurricular program or activity shall be provided or conducted separately on the basis of any actual or perceived characteristic listed as a prohibited category of discrimination in state or federal law, nor shall any student's participation in an extracurricular or cocurricular activity be required or refused on those bases. (5 CCR 4925)

Any complaint alleging unlawful discrimination in the district's extracurricular or cocurricular programs or activities shall be filed in accordance with BP/AR 1312.3 - Uniform Complaint Procedures.

Unless specifically authorized by law, no student shall be charged a fee for his/her participation in educational activities, including extracurricular and cocurricular activities and materials or equipment related to such activities. (Education Code 49010, 49011)

Eligibility Requirements

To be eligible to participate in extracurricular and cocurricular activities, students in grades 7-8 must demonstrate satisfactory educational progress in the previous grading period, including, but not limited to: (Education Code 35160.5)

1. Maintenance of a minimum of 2.0 grade point average on a 4.0 scale in all enrolled classes

2. Maintenance of minimum progress toward meeting high school graduation requirements

The Superintendent or designee may grant ineligible students a probationary period not to exceed one semester. Students granted probationary eligibility must meet the required standards by the end of the probationary period in order to remain eligible for participation. (Education Code 35160.5)

Any decision regarding the eligibility of a homeless student, foster youth, or child of an active duty military family for extracurricular or cocurricular activities shall be made by the Superintendent or designee in accordance with Education Code 48850 and 49701.

The Superintendent or designee may revoke a student's eligibility for participation in extracurricular and cocurricular activities when the student's poor citizenship is serious enough to warrant loss of this privilege.

Student Conduct at Extracurricular/Cocurricular Events

When attending or participating in extracurricular and cocurricular activities on or off campus, district students are subject to district policies and regulations relating to student conduct. Students who violate district policies and regulations may be subject to discipline including, but not limited to, suspension, expulsion, transfer to alternative programs, or denial of participation in extracurricular or cocurricular activities in accordance with Board policy and administrative regulation. When appropriate, the Superintendent or designee shall notify local law enforcement.

Annual Policy Review

The Board shall annually review this policy and implementing regulations. (Education Code 35160.5)

Regulation 6145: Extracurricular And Cocurricular Activities

Status: DRAFT

Original Adopted Date: 12/01/1990 **| Last Revised Date:** 03/01/2012

Definitions

For purposes of applying eligibility criteria for student participation, extracurricular and cocurricular activities shall be defined as follows: (Education Code 35160.5)

1. *Extracurricular activities* are not part of the regular school curriculum, are not graded, do not offer credit, do not take place during classroom time, and have all of the following characteristics:

    a. The program is supervised or financed by the school district.

    b. Students participating in the program represent the school district.

    c. Students exercise some degree of freedom in the selection, planning, or control of the program.

    d. The program includes both preparation for performance and performance before an audience or spectators.

2. *Cocurricular activities* are programs that may be associated with the curriculum in a regular classroom.

An activity is not an extracurricular or cocurricular activity if either of the following conditions applies: (Education Code 35160.5)

1. It is a teacher-graded or required program or activity for a course which satisfies the entrance requirements for admission to the California State University or the University of California.

2. It is a program that has as its primary goal the improvement of academic or educational achievement of students.

Eligibility Requirements

The grade point average (GPA) used to determine eligibility for extracurricular and cocurricular activities shall be based on grades of the last previous grading period during which the student attended class at least a majority of the time. If a student was not in attendance for all, or a majority of, the grading period due to absences excused by the school for reasons such as serious illness or injury, approved travel, or work, the GPA used to determine eligibility shall be the grading period immediately prior to the excluded grading period(s). (Education Code 35160.5)

When a student becomes ineligible to participate in extracurricular or cocurricular activities in the upcoming grading period, or when he/she is subject to probation, the principal or designee shall provide written notice to the student and his/her parent/guardian.

Supervision

All extracurricular activities conducted under the name or auspices of a district school or any class or organization of the school, regardless of where the activities are held, shall be under the direct supervision of certificated employees. (5 CCR 5531)

Any noncertificated person working with students in a district-sponsored extracurricular student activity program shall possess an Activity Supervisor Clearance Certificate from the Commission on Teacher Credentialing or shall have cleared a Department of Justice and Federal Bureau of Investigation criminal background check prior to beginning his/her duties, in accordance with BP 4127/4227/4327 - Temporary Athletic Team Coaches. (Education Code 49024)

Policy 6145.2: Athletic Competition

Status: DRAFT

Original Adopted Date: 11/01/2011 **| Last Revised Date:** 10/01/2018

The Board of Trustees recognizes that the district's athletic program constitutes an integral component of the educational program and helps to build a positive school climate. The athletic program also promotes the physical, social, and emotional well-being and character development of participating students. The district's athletic program shall be designed to meet students' interests and abilities and shall be varied in scope to attract wide participation.

All athletic teams shall be supervised by qualified coaches to ensure that student athletes receive appropriate instruction and guidance related to safety, health, sports skills, and sportsmanship. Athletic events shall be officiated by qualified personnel.

The Board encourages business and community support for district athletic programs, subject to applicable district policies and regulations governing advertisements and donations.

Nondiscrimination and Equivalent Opportunities in the Athletic Program

The district's athletic program shall be free from discrimination and discriminatory practices prohibited by state and federal law, including, but not limited to, the use of any racially derogatory or discriminatory school or athletic team name, mascot, or nickname. The Superintendent or designee shall ensure that equivalent athletic opportunities are provided for males and females, and that students are permitted to participate in athletic activities consistent with their gender identity.

Any complaint alleging discrimination in the district's athletic program shall be filed in accordance with the district's uniform complaint procedures.

Student Eligibility

Eligibility requirements for student participation in the district's interscholastic athletic program, including requirements pertaining to academic achievement, shall be the same as those set by the district for participation in extracurricular and cocurricular activities.

Students shall not be charged a fee to participate in an athletic program, including, but not limited to, a fee to cover the cost of uniforms, locks, lockers, or athletic equipment.

Sportsmanship

The Board values the quality and integrity of the athletic program and the character development of student athletes. Student athletes, coaches, parents/guardians, spectators, and others are expected to demonstrate good sportsmanship, ethical conduct, and fair play during all athletic competitions. They shall also abide by the core principles of trustworthiness, respect, responsibility, fairness, caring, and good citizenship.

Students and staff shall be subject to disciplinary action for improper conduct.

Health and Safety

The Board desires to give student health and safety the highest consideration in planning and conducting athletic activities.

Care shall be taken to ensure that all athletic trainings and competitions are conducted in a manner that will not overtax the physical capabilities of the participants. When appropriate, protective equipment shall be used to prevent or minimize injuries.

Coaches and appropriate district employees shall take every possible precaution to ensure that athletic equipment is kept in safe and serviceable condition. The Superintendent or designee shall ensure that all athletic equipment is cleaned and inspected for safety before the beginning of each school year.

The Superintendent or designee shall develop a written emergency action plan that describes the location of automated external defibrillator(s) and procedures to be followed in the event of sudden cardiac arrest or other

medical emergency related to the athletic program's activities or events. -
In the event of a serious injury or a perceived imminent risk to a student's health during or immediately after an athletic activity, the coach or any other district employee who is present shall remove the student athlete from the activity, observe universal precautions in handling blood or other bodily fluid, and/or seek medical treatment for the student as appropriate.

Whenever a serious injury or illness is suffered by a student athlete, the Superintendent or designee shall notify the student's parent/guardian of the date, time, and extent of any injury or illness suffered by the student and any actions taken to treat the student.

Regulation 6145.2: Athletic Competition

Status: DRAFT

Original Adopted Date: 05/01/2017 **| Last Revised Date:** 07/01/2019

Nondiscrimination and Equivalent Opportunities in the Athletic Program

No student shall be excluded from participation in, be denied the benefits of, be denied equivalent opportunity in, or otherwise be discriminated against in interscholastic, intramural, or club athletics on the basis of any actual or perceived characteristic specified in law and BP 0410 - Nondiscrimination in District Programs and Activities. (Education Code 220, 221.5, 230 5 CCR 4920, 34 CFR 106.41)

The Superintendent or designee may provide single-sex teams when selection for the teams is based on competitive skills. (5 CCR 4921; 34 CFR 106.41)

Each student shall be allowed to participate in any single-sex athletic program or activity consistent with the student's gender identity, irrespective of the gender listed on the student's records, for which the student is otherwise eligible to participate. (Education Code 221.5)

When a school provides only one team in a particular sport for members of one sex, but provides no team in the same sport for members of the other sex, and athletic opportunities in the total program for that sex have been previously limited, members of the excluded sex shall be allowed to try out and compete with the team. The same standards for eligibility shall be applied to every student trying out for the team, regardless of sex, sexual orientation, gender, gender identity, gender expression, or other protected group status. (5 CCR 4921; 34 CFR 106.41)

The Superintendent or designee shall ensure that equivalent opportunities are available to both sexes in athletic programs by considering, among other factors: (5 CCR 4922; 34 CFR 106.41)

1. Whether the offered selection of sports and levels of competition effectively accommodate the interests and abilities of both sexes

   The athletic program may be found to effectively accommodate the interests and abilities of both sexes using any one of the following tests: (Education Code 230)

   a. Whether the interscholastic-level participation opportunities for male and female students are provided in numbers substantially proportionate to their respective enrollments

   b. Where the members of one sex have been and are underrepresented among interscholastic athletes, whether the district can show a history and a continuing practice of program expansion that is demonstrably responsive to the developing interests and abilities of the members of that sex

   c. Where the members of one sex are underrepresented among interscholastic athletes and the district cannot show a history and continuing practice of program expansion as required in item #1b above, whether the district can demonstrate that the interests and abilities of the members of that sex have been fully and effectively accommodated by the present program

2. The provision and maintenance of equipment and supplies

3. Scheduling of games and practice times, selection of the season for a sport, and location of the games and practices

4. Travel and per diem allowances

5. Opportunities to receive coaching and academic tutoring

6. Assignment and compensation of coaches and tutors

7. Provision of locker rooms, practice facilities, and competitive facilities

8. Provision of medical and training facilities and services

9. Provision of housing and dining facilities and services
10. Publicity
11. Provision of necessary funds

Each school that offers competitive athletics shall, at the end of the school year, post on its school web site, or on the district web site if the school does not have a web site, the following information: (Education Code 221.9)

1. The total enrollment of the school, classified by gender
2. The number of students enrolled at the school who participate in competitive athletics, classified by gender
3. The number of boys' and girls' teams, classified by sport and by competition level

The data reported for items #1-3 above shall reflect the total number of players on a team roster on the official first day of competition. The materials used to compile this information shall be retained by the school for at least three years after the information is posted on the web site. (Education Code 221.9)

Concussions and Head Injuries

The Superintendent or designee shall annually distribute to student athletes and their parents/guardians an information sheet on concussions and head injuries. The student and parent/guardian shall sign and return the information sheet before the student initiates practice or competition. (Education Code 49475)

The Superintendent or designee shall provide training to coaches and/or athletic trainers regarding concussion symptoms, prevention, and appropriate response. (Education Code 35179.1, 49032)

If a student athlete is suspected of sustaining a concussion or head injury in an athletic activity, the student shall be immediately removed from the activity for the remainder of the day. The student shall not be permitted to return to the activity until the student is evaluated by a licensed health care provider trained in the management of concussions and receives the health care provider's written clearance to return to the activity. If the health care provider determines that the student sustained a concussion or a head injury, the student shall also complete a graduated return-to-play protocol of no less than seven days in duration under the supervision of a licensed health care provider. (Education Code 49475)

Heat Illness

The Superintendent or designee shall provide training to coaches and/or athletic trainers regarding the signs and symptoms of, and the appropriate response to, heat illness, including heat cramps, heat syncope, heat exhaustion, and exertional heat stroke. (Education Code 35179.1, 49032)

To assist in the prevention of heat illness, coaches and/or athletic trainers shall gradually increase the intensity and duration of exercise to acclimate student athletes to practice in the heat, provide adequate rest breaks, make water available during all athletic activities, and alter practice plans in extreme environmental conditions.

Sudden Cardiac Arrest

The Superintendent or designee shall distribute the California Interscholastic Federation (CIF) information sheet on sudden cardiac arrest to all student athletes who will be participating in a CIF-governed athletic activity and to their parents/guardians. The student and parent/guardian shall sign and return the information sheet prior to the student's participation in the athletic activity. If an athletic activity is not covered by CIF, the student and parent/guardian shall, prior to the student's participation in the athletic activity, sign and return an acknowledgement that they have received and reviewed the sudden cardiac arrest information posted on the California Department of Education's web site. (Education Code 33479.2, 33479.3)

The Superintendent or designee shall provide training to coaches and/or athletic trainers regarding the nature and warning signs of sudden cardiac arrest. (Education Code 33479.6, 33479.7, 35179.1, 49032)

If a student athlete passes out or faints, or is known to have passed out or fainted, while participating in or immediately following participation in an athletic activity, the student shall be removed from participation at that

time. If a student exhibits any other symptoms of sudden cardiac arrest, including seizures during exercise, unexplained shortness of breath, chest pains, dizziness, racing heart rate, or extreme fatigue, the student may be removed from participation by a coach or other employee who observes these symptoms. If any such symptoms are observed, notification shall be given to the student's parent/guardian so that the parent/guardian can determine the treatment, if any, the student should seek. A student who has been removed from participation shall not be permitted to return until the student is evaluated and given written clearance to return to participation by a health care provider. (Education Code 33479.2, 33479.5)

Automated External Defibrillators

The Superintendent or designee shall acquire at least one automated external defibrillator (AED) for each district school and shall make the AED(s) available to coaches, athletic trainers, and/or other authorized persons at athletic activities or events for the purpose of providing emergency care or treatment to students, spectators, and other individuals in attendance at athletic activities and events. (Education Code 35179.6)

The district shall comply with all requirements of Health and Safety Code 1797.196 pertaining to any AED acquired by the district, including, but not limited to, regular maintenance and testing of the AED and the provision and posting of information regarding the proper use of the AED. (Education Code 35179.6; Health and Safety Code 1797.196)

Additional Notifications

Before students participate in practice or competition as part of interscholastic athletic activities, the Superintendent or designee shall, in addition to providing the students and their parents/guardians with the notices described above, send a notice to the students and their parents/guardians which:

1. Contains information about the procedures for filing a discrimination complaint that arises out of an interscholastic athletic activity, including the name of the district's Title IX Coordinator

2. Includes a copy of students' Title IX rights pursuant to Education Code 221.8

3. Explains that there is an element of risk associated with all athletic competitions and that the district cannot guarantee that students will not be injured, despite a commitment to every participant's health and welfare

4. Provides information about insurance protection pursuant to Education Code 32221.5

5. Requests parental permission for the student to participate in the program and, if appropriate, to be transported by the district to and from competitions

6. States the district's expectation that students adhere strictly to all safety rules, regulations, and instructions, as well as rules and guidelines related to conduct and sportsmanship

7. Includes a copy of the local league rules

8. Includes information about the local league bylaw and district policy requiring any student athlete and the student's parent/guardian to sign a statement that the student will not use steroids, unless prescribed by a licensed health care practitioner, and will not use prohibited dietary supplements that include substances banned by the U.S. Anti-Doping Agency

9. Includes the opioid fact sheet published by the Centers for Disease Control and Prevention in accordance with Education Code 49476. The district shall provide this fact sheet annually to each student athlete and shall require the student and the student's parent/guardian to sign a document acknowledging receipt of the fact sheet.

Policy 6145.5: Student Organizations And Equal Access

Status: DRAFT

Original Adopted Date: 06/01/1996 **| Last Revised Date:** 03/01/2008

The Board of Trustees believes that student groups or clubs reinforce the instructional program, give students experience in civics and government, and provide social and recreational activities. Student groups also serve to honor outstanding student achievement and enhance school spirit and students' sense of belonging. Prior to meeting on school grounds, all student groups shall be authorized by the principal or designee in accordance with Board policy and administrative regulation.

The Board encourages students to pursue interests and clubs which may not directly relate to the district's curriculum and, to that end, has created a limited open forum.

All student-initiated groups shall be given equal access to meet on school premises during noninstructional time without regard to their religious, political, philosophical, or other speech content. The Board shall ensure that: (20 USC 4071, 4072)

1. The meeting shall be voluntary and student-initiated.

2. There shall be no sponsorship of the meeting by the school or staff. The term sponsorship means that school staff are promoting, leading, or participating in a meeting. The assignment of a teacher, administrator, or other school employee to a meeting for custodial purposes shall not constitute sponsorship of the meeting.

3. Employees of the school shall be present at religious meetings only in a nonparticipatory capacity.

4. The meeting shall not materially and substantially interfere with the orderly conduct of educational activities within the school.

5. Nonschool persons shall not direct, conduct, control, or regularly attend activities of student groups.

All student clubs or groups shall have equal access to the school media to announce meetings, including the public address system, the school newspaper, bulletin boards, and school web site. However, the principal or designee may issue a disclaimer that such activities are not school-sponsored.

All noncurriculum-related student groups shall be given equal access to meeting space, school equipment, and supplies.

No school shall deny equal access or a fair opportunity to meet, or otherwise discriminate against, any group officially affiliated with the Boy Scouts of America, or with any other youth group listed as a patriotic society in Title 36 of the United States Code, for reasons based on the membership or leadership criteria or oath of allegiance to God and country. (20 USC 7905)

Regulation 6145.5: Student Organizations And Equal Access

Status: DRAFT

Original Adopted Date: 06/01/1996 **| Last Revised Date:** 03/01/2008

Because the district has established a limited open forum, the principal or designee shall not deny any student-initiated school group access to school facilities during noninstructional time on the basis of religious, political, philosophical, or any other content of speech to be addressed at such meetings. (20 USC 4071)

Such meetings shall not interfere with regular school activities. The Superintendent or designee shall identify the noninstructional time period(s) set aside for meetings of student groups either before or after actual classroom instruction times.

Meetings may also be held during the lunch period.

Meetings held within the limited open forum shall entail no expenditure of public funds beyond the incidental cost of providing the meeting space. (20 USC 4071)

Students shall leave the meeting place in a clean, orderly, and secure condition after their meetings. The Superintendent or designee may deny the use of facilities to any group that he/she believes will materially disrupt the school program or threaten the health and safety of students and staff. (20 USC 4071)

Authorization for Student Groups

Any student wishing to create either a curriculum- or noncurriculum-related student group shall first request authorization from the principal or designee. The group shall provide the principal or designee with the following information:

1. Name of the organization and names of student contacts
2. A statement of the organization's purposes, objectives, and activities
3. A copy of the proposed bylaws of the student group, including a description of how officers will be selected, as well as the bylaws of any off-campus organization with which the group may be affiliated
4. The name of the proposed faculty advisor, if any
5. The proposed dates, times, and location of meetings
6. Any special equipment to be used
7. A description of the qualifications for membership, if any
8. If a curriculum-related group, a statement of the relation of the club to the curriculum and/or instructional program

The principal or designee may establish school rules governing the meetings of curriculum-related groups, such as attendance or grade requirements. Such rules may vary depending on the group, such as whether or not academic credit is given for participation in the group.

Role of Staff Adviser

For any curriculum-related student group, the staff adviser shall provide guidance and teaching to students to ensure that the group's activities are aligned to the district's goals and objectives and shall provide supervision and leadership of the group. The principal shall have final authority in determining the assignment and role of the staff adviser.

For noncurriculum-related student groups, a staff adviser may be assigned voluntarily to observe meetings for purposes of maintaining order and protecting student safety. Staff advisers and other school employees shall not promote, lead, or participate in the meetings. (20 USC 4071, 4072)

A school employee may refuse to attend a meeting of a student group if the content of the speech at the meeting is contrary to the employee's beliefs. (20 USC 4071)

Hazing

Any student who engages in hazing may be subject to discipline including, but not limited to, suspension or expulsion. Hazing means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by the district, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. (Education Code 48900)

Policy 6145.8: Assemblies And Special Events

Status: DRAFT

Original Adopted Date: 09/01/1992 **| Last Revised Date:** 07/01/2006

The Board of Trustees believes that assemblies and special events should promote a positive school climate and be related to the district's educational program. Assemblies may provide information that supplements the district's curriculum or may showcase student achievement in academics, athletics, music, art, drama, or other extracurricular or cocurricular activities.

The principal shall ensure that speakers and community resources featured in school assemblies and special events are carefully selected and represent a balanced viewpoint. Prospective speakers shall agree to present material of educational relevance that is appropriate to the maturity of the audience, with no statements that are obscene, vulgar, or that incite violence.

The principal shall schedule assemblies and special events so as to maximize the effectiveness of instructional time and to satisfy the requirements of law and negotiated agreements.

During the assembly, students shall show respect to all performers and speakers. Students who disrupt the program shall lose the privilege of attending the assembly and may be subject to disciplinary action.

Policy 6146.3: Reciprocity Of Academic Credit

Status: DRAFT

Original Adopted Date: 06/01/1991 **| Last Revised Date:** 07/01/2004

To determine whether students transferring into the district have met district course requirements, the Superintendent or designee shall establish procedures to evaluate the comparability of courses and/or students' understanding of course content. Such procedures shall include methods for determining the number of years of school attendance, the specific courses completed by the student and the value of credits earned.

The district shall accept for credit full or partial coursework satisfactorily completed by students while attending a public school, a juvenile court school or nonpublic nonsectarian school or agency. (Education Code 48645.5)

Pending evaluation of the transferring student's academic performance, the student shall be placed at the grade level reached prior to enrollment in the district. Within 30 days of enrollment, the principal or designee shall complete the evaluation and determine the student's appropriate grade placement.

Regulation 6146.3: Reciprocity Of Academic Credit

Status: DRAFT

Original Adopted Date: 07/01/2000

Definitions

An "accredited" school is one that has received accreditation by the Western Association of Schools and Colleges (WASC) or other statewide or regional commissions or, in the case of a school outside California, by the equivalent governmental or other regional accrediting agency in that jurisdiction.

Transfers from Accredited Schools

Students transferring into the district from an accredited school shall receive full academic credit for previously completed courses when the sending district verifies that the student has satisfactorily completed those courses.

Transfers from Non-Accredited Schools

When a student transfers from any non-accredited private, public, alternative, home or charter school, academic credit shall be subject to approval by the principal or designee at the enrolling school. Credits transferred from these schools shall be fully accepted when there is evidence that the course work completed is equivalent to similar courses offered in this district.

The principal or designee at the enrolling school shall be responsible for determining which of the student's credits are equivalent to district requirements. Guidelines for determining equivalency shall be developed by representative certificated staff familiar with the district's academic standards and graduation requirements.

Students in grades K through 8 who transfer into the district without proof of having met the grade level proficiency standards in reading, mathematics and writing must take the appropriate standardized tests of these basic skills to facilitate proper placement.

In determining equivalency, the principal and/or designated certificated staff representative may consider one or more of the following:

1. A review of the description of academic content and time requirements of the course work completed by the student compared to academic content and time requirements at the enrolling school

2. An examination of the student's portfolio of work, papers, completed projects, graded tests or other documents demonstrating the student's level of skill and knowledge

3. An opportunity for the student to demonstrate skill by his/her performance on appropriate course-challenging examinations, comprehensive final examinations and/or other culminating exercises used at the enrolling school

4. Verification by teacher observation, once the student has been placed in a course, that the student has reached a level of preparation consistent with his/her placement in that course

Appeals/Due Process

If a student's parent/guardian disagrees with the school site staff's judgment on grade-level placement, course placement and/or equivalency of academic credit, the parent/guardian may appeal to the Superintendent or designee.

Within 10 working days of notification of placement or credit determination, the parent/guardian may request, in writing, a conference with the Superintendent or designee to review the school site staff's decision.

The Superintendent or designee shall schedule a conference within 10 working days of the parent/guardian's request. This meeting may include the principal or designee, representatives of the school's certificated staff, and the student's parents/guardian. It shall be the parent/guardian's responsibility to present evidence that the facts do not support the school staff's decision on the student's placement and/or transferability of prior credits.

The Superintendent or designee's decision shall be final.

Policy 6146.5: Elementary/Middle School Graduation Requirements

Status: DRAFT

Original Adopted Date: 05/01/1985 **| Last Revised Date:** 03/01/2000

In order to recognize successful completion of elementary and middle school education, the Board of Trustees shall confer diplomas of graduation from elementary and middle schools and from special day and evening classes of elementary and middle grades.

Diplomas shall be awarded only to students who have completed the course of study prescribed by law and the district. (Education Code 51402)

In addition, students shall meet district requirements for promotion based on grades, assessments or other indicators as specified in Board policy and administrative regulation

Policy 6151: Class Size

Status: DRAFT

Original Adopted Date: 11/01/2005 **| Last Revised Date:** 10/01/2015

The Board of Trustees recognizes that smaller classes may contribute to student learning by allowing teachers to better identify and respond to individual student needs. In accordance with negotiated employee agreements and state law, the Board shall establish class size limits appropriate for each grade level or subject taught and conducive to the effective use of teaching staff.

The highest priority for maintaining small class sizes shall be in the primary grades in order to support young students as they acquire the basic skills that serve as the foundation for subsequent learning. Other priorities shall be established in accordance with the goals and strategies identified in the district's local control and accountability plan (LCAP).

For grades K-3, the district shall annually make progress toward maintaining an average class of not more than 24 students, unless an alternative annual average class size for each school site is collectively bargained. (Education Code 42238.02; 5 CCR 15498-15498.3)

Transitional kindergarten classes established pursuant to Education Code 48000 shall follow the UPK guidelines tomeet a 1:10 student-to-adult ratio and have a maximum class size of 20.

For students who require special education and related services, the ratio of instructional adults to students in group services shall be dependent on the needs of the students. However, for children ages 3-5 years who are placed in group services, the teacher-child ratio shall be less than 1:8 and the adult-child ratio shall be less than 1:24. For children ages 3-5 years who are identified as severely disabled, the ratio of instructional adults to children shall not exceed 1:5. (Education Code 8264.8, 56441.5)

The Superintendent or designee shall provide the Board with an analysis of staffing and school facilities needs and other costs related to class size reduction proposals.

The Superintendent or designee shall annually report to the Board regarding the impact of the class size reduction program on student achievement and other outcomes such as changes in school climate and student engagement.

Policy 6152: Class Assignment

Status: DRAFT

Original Adopted Date: 10/01/1995 **| Last Revised Date:** 03/01/2016

The Board of Trustees believes students should be assigned to classes and/or grouped in a manner that provides the most effective learning environment for all students.

When assigning students to specific classes, the principal or designee may consider the following criteria:

1. Staff recommendation, including, but not limited to, the recommendations of teachers and counselors
2. Skills and classroom management style of individual teachers
3. Student skill level as indicated by achievement and testing data
4. Balance of high, medium, and low academic achievers
5. Student interests, readiness, behavior, and motivation
6. Student/teacher ratios and, if relevant, class size reduction considerations

The principal or designee may accept from parents/guardians any information which would be helpful in making placement decisions. However, a parent/guardian who provides such information shall be informed that a request for a specific teacher shall be one of many factors which may be taken into account when determining his/her child's placement.

During the school year, the principal or designee may make any adjustments in class placement which he/she considers beneficial to the student or the educational program.

Policy 6153: School-Sponsored Trips

Status: DRAFT

Original Adopted Date: 03/01/1991 **| Last Revised Date:** 10/01/2017

The Board of Trustees recognizes that field trips supplement and enrich the classroom learning experience, lead to increased student achievement, and foster student engagement. The Board encourages field trips to reinforce and increase learning opportunities and to enhance district programs.

Field trips shall be conducted in connection with the district's course of study or school-related social, educational, cultural, athletic, school band, or other extracurricular or cocurricular activities. A field trip to a foreign country may be permitted to familiarize students with the language, history, geography, natural science, and other studies relative to the district's course of study. (Education Code 35330)

Requests for field trips involving out of county, out-of-state, out-of-country, or overnight travel shall be submitted to the Superintendent or designee. The Superintendent or designee shall review the request and make a recommendation to the Board as to whether the request should be approved by the Board. All other field trips shall be approved in advance by the principal.

The principal shall establish a process for approving a staff member's request to conduct a field trip. When planning trips, staff shall consider student safety, objectives of instruction, the most effective use of instructional time, the distance from school, district and student expense, and transportation and supervision requirements. Principals may exclude from the trip any student whose presence on the trip would pose a safety or disciplinary risk.

No field trip shall be authorized if any student would be excluded from participation because of a lack of sufficient funds. The Superintendent or designee shall coordinate with community groups to supply funds for students in need. (Education Code 35330)

The Board may approve the use of district funds for student expenses for in-state, out-of-state, or out-of-country field trips or excursions when permitted by law. In addition, expenses of instructors, chaperones, and other personnel participating in such trips, as well as incidental expenses for the use of district equipment during the trip, may be paid from district funds. (Education Code 35330)

Regulation 6153: School-Sponsored Trips

Status: DRAFT

Original Adopted Date: 04/01/1987 **| Last Revised Date:** 07/01/2006

Supervision

Students on school-sponsored trips are under the jurisdiction of the district and shall be subject to district and school rules and regulations.

The Superintendent or designee shall ensure that adequate supervision is provided on all school-sponsored trips and that there is an appropriate ratio of adults to students present on the trip. If the trip involves water activities, this ratio shall be revised as necessary.

All supervisors must be 21 years or older.

Parent/Guardian Permission

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The district shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims. (Education Code 35330)

Safety Issues

1. While conducting a trip, the teacher, employee, or agent of the school shall have the school's first aid kit in his/her possession or immediately available. (Education Code 32041)

   Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip. (Education Code 32043)

2. The district shall provide or make available medical and/or hospital insurance for students injured while participating in any excursion or field trip. (Education Code 35331)

3. If the Superintendent or designee receives threat level warnings from the Homeland Security Advisory System pertaining to the destination of a school-sponsored trip, he/she shall implement precautions necessary to protect the safety of students and staff.

4. Lifeguards are required for all swimming activities. If the activity is at a private pool, the owner of the pool shall provide a certificate of insurance, designating the district as an additional insured, for not less than $500,000 in liability coverage. Staff shall determine supervisory responsibilities for all chaperones.

5. Before trips of more than one day, the principal or designee may hold a meeting for staff, chaperones, parents/guardians, and students to discuss safety and the importance of safety-related rules for the trip.

Policy 6154: Homework/Makeup Work

Status: DRAFT

Original Adopted Date: 02/01/1997 **| Last Revised Date:** 09/01/2023

The Board of Trustees recognizes that meaningful homework assignments can be a valuable extension of student learning time, provide enrichment, and assist students in developing good study habits. Homework and/or makeup work shall be assigned when necessary to support classroom lessons, enable students to complete unfinished assignments, or review and apply academic content for better understanding.

Students may use technology to assist with homework and/or makeup work in conducting research, correcting grammar and spelling, and learning from educational applications such as tutoring systems and language learning applications, as specified in Board Policy 5131.9 - Academic Honesty and Board Policy 6163.4 - Student Use of Technology.

The Superintendent or designee shall collaborate with school administrators and teachers to develop and regularly review guidelines for the assignment of homework and the related responsibilities of students, staff, and parents/guardians.

Homework assignments shall be reasonable in length and appropriate to the grade level and course. The Board expects that the number, frequency, and degree of difficulty of homework assignments will increase with the grade level and the maturity of students. Teachers shall assign homework only as necessary to fulfill academic goals and reinforce current instruction.

As needed, teachers may receive training in designing relevant homework assignments that reinforce classroom learning objectives and inspire students' interests.

Although on-time completion of homework is important to maintain academic progress, the Board recognizes that students learn at different rates. Students shall receive credit for work that is completed late in order to encourage their continued learning.

Age-appropriate instruction may be given to help students allocate their time wisely, meet their deadlines, learn to work independently, and develop good personal study habits.

At the beginning of the school year, teachers shall communicate homework expectations to students and their parents/guardians. Homework guidelines shall also be included in student and/or parent/guardian handbooks. These communications shall include the manner in which homework relates to achievement of academic standards and course content, the impact of homework assignments on students' grades, any school resources and programs that are available to provide homework support, and ways in which parents/guardians may appropriately assist their children.

Although it is the student's responsibility to undertake assignments independently, parents/guardians may serve as a resource and are encouraged to ensure that their child's homework assignments are completed. Students may also work with other students and use approved outside resources as directed by the teacher.

To further support students' homework efforts, the Superintendent or designee may establish and maintain electronic forums, provide access to school library media centers and technological resources, and/or provide before-school and after-school programs where students can receive homework assistance from teachers, volunteers, and/or student tutors. The Board encourages the Superintendent or designee to design class and transportation schedules that will enable students to make use of homework support services.

Teachers shall review all completed homework to assess the student's understanding of academic content and shall provide timely feedback to the student.

If a student repeatedly fails to complete homework, the teacher shall notify the student's parents/guardians as soon as possible so that corrective action can be taken prior to the release of any final grades or report cards.

Makeup Work

Students who are absent from school shall be given the opportunity to complete all assignments and tests that can be reasonably provided. As determined by the teacher, the assignments and tests shall be equivalent to, but not

necessarily identical to, the assignments and tests missed during the absence. Students shall receive full credit for work satisfactorily completed within a reasonable period of time.

The Superintendent or designee shall notify parents/guardians that no student may have a grade reduced or lose academic credit for any excused absence when missed assignments and tests are satisfactorily completed within a reasonable period of time. Such notification shall include the full text of Education Code 48205. (Education Code 48980)

Suspended Students

When a parent/guardian of a student who has been suspended for two or more school days requests homework that the student would otherwise have been assigned, the student's teacher shall provide such homework. If a homework assignment is requested and is turned in to the teacher by the student either upon the student's return from suspension or within the timeframe originally prescribed by the teacher, whichever is later, and is not graded before the end of the academic term, the homework assignment shall not be included in the calculation of the student's overall grade in the class. (Education Code 48913.5)

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the suspension. (Education Code 48913)

Policy 6158: Independent Study

Status: DRAFT

Original Adopted Date: 03/01/2005 | **Last Revised Date:** 12/01/2024

The Board of Trustees authorizes independent study as an optional alternative instructional strategy for students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan to serve students who desire a more challenging educational experience, whose health or other personal circumstances make classroom attendance difficult, who are unable to access course(s) due to scheduling problems, and/or who need to make up credits or fill gaps in their learning. As necessary to meet student needs, independent study may be offered for short- or long-term placements, on a full-time or part-time basis, and/or in conjunction with part- or full-time classroom study.

The Board shall hold a public hearing when considering the scope of its existing or prospective use of independent study as an instructional strategy, its purposes in authorizing independent study, and factors bearing specifically on the maximum realistic lengths of assignments and acceptable number of missed assignments for specific populations of students or adult education students. (Education Code 51747; 5 CCR 11701)

The Superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school, a charter school, an alternative school or program of choice, and/or an online course.

Student participation in independent study shall be voluntary and no student shall be required to participate. (Education Code 51747, 51749.5, 51749.6)

Independent study for each student shall be under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or an emergency credential pursuant to Education Code 44300. Students' independent study shall be coordinated, evaluated, and documented, as prescribed by law and reflected in the accompanying administrative regulation. (Education Code 51747.5)

An independent study student shall not be credited with more than one day of attendance per calendar day. (Education Code 46300)

A nutritionally adequate breakfast and lunch shall be made available at no cost to any independent study student scheduled for educational activities lasting two or more hours at a school site, resource center, meeting space, or other satellite facility, who requests a meal. (Education Code 49501.5)

General Independent Study Requirements

The Superintendent or designee may offer and approve independent study for an individual student upon determining that the student is prepared to meet the district's requirements for participation and is likely to succeed as well as or better than the student would in the regular classroom setting.

The minimum instructional minutes shall be the same for all students at each school including students participating in independent study, except as otherwise permitted by law. (Education Code 46100)

Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after assigned for all grade levels and types of programs. When necessary, based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due. However, in no event shall the due date of an assignment be extended beyond the termination date specified in the student's written agreement.

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student fails to make satisfactory educational progress and/or misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators: (Education Code 51747)

1. The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060

2. The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments

3. Learning of required concepts, as determined by the supervising teacher

4. Progress towards successful completion of the course of study or individual course, as determined by the supervising teacher

The Superintendent or designee shall ensure that students participating in independent study are provided with content aligned to grade level standards at a level of quality and intellectual challenge substantially equivalent to in-person instruction. For high schools, this shall include access to all courses offered by the district for graduation and approved by the University of California (UC) or the California State University (CSU) as creditable under the A-G admissions criteria. (Education Code 51747)

The Superintendent or designee shall ensure that procedures for tiered reengagement strategies are used for all students participating in an independent study program for 16 school days or more in a school year who are: (Education Code 51747)

1. Not generating attendance for more than ten percent of required minimum instructional time over four continuous weeks of the district's approved instructional calendar

2. Not participating in synchronous instructional offerings pursuant to Education Code 51747.5 for more than 50 percent of the scheduled times of synchronous instruction in a school month as applicable by grade span

3. In violation of their written agreement

Tiered reengagement strategies procedures used in district independent study programs shall include local programs intended to address chronic absenteeism, as applicable, including but not limited to the following: (Education Code 51747)

1. Verification of current contact information for each enrolled student

2. Notification to parents/guardians of lack of participation within one school day of the recording of a nonattendance day or lack of participation

3. A plan for outreach from the school to determine student needs, including connection with health and social services as necessary

4. A clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being

The Superintendent or designee shall, for students who participate in an independent study program for 16 school days or more in a school year, develop a plan to transition students whose families wish to return to in-person instruction from independent study expeditiously, and, in no case, later than five instructional days. (Education Code 51747)

When any student enrolled in classroom-based instruction is participating in independent study due to necessary medical treatment or inpatient treatment for mental health or substance abuse under the care of appropriately licensed professionals, the student shall be exempt from the live interaction and/or synchronous instruction, tiered reengagement strategies, and transition back to in-person instruction requirements specified above. In such cases, evidence from appropriately licensed professionals, of the student's need to participate in independent study, shall be submitted to the Superintendent or designee. (Education Code 51747)

The Superintendent or designee shall ensure that a written agreement exists for each participating student as prescribed by law. (Education Code 51747, 51749.5)

Upon the request of the parent/guardian of a student, and before signing a written agreement as described below in "Master Agreement," below, the district shall conduct a telephone, videoconference, or in-person student-parent-educator conference or other meeting during which the student, parent/guardian, and, if requested by the parent/guardian an advocate, may ask questions about the educational options, including which curriculum offerings

and nonacademic supports will be available to the student in independent study. (Education Code 51747)

Master Agreement

A written agreement shall be developed and implemented for each student participating in independent study. (Education Code 46300, 51747)

For student participation lasting 16 school days or more, a signed written agreement shall be obtained before the student begins independent study. For student participation of 15 school days or fewer, a signed written agreement may be obtained at any time during the school year in which the independent study program takes place. (Education Code 46300, 51747)

The agreement shall include general student data, including the student's name, address, grade level, birth date, school of enrollment, and program placement.

The independent study agreement for each participating student also shall include, but is not limited to, all of the following: (Education Code 51747; 5 CCR 11700, 11702)

1. The manner, time, frequency, and place for submitting the student's assignments, reporting the student's academic progress, and communicating with a student's parent/guardian regarding the student's academic progress

2. The objectives and methods of study for the student's work and the methods used to evaluate that work

3. The specific resources that will be made available to the student, including materials and personnel, and access to Internet connectivity and devices adequate to participate in the educational program and complete assigned work

4. A statement of the Board's policy detailing the maximum length of time allowed between an assignment and its completion, the level of satisfactory educational progress, and the number of missed assignments which will give rise to an evaluation of whether the student should be allowed to continue in independent study

5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one school year

6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion

7. A statement detailing the academic and other supports that will be provided to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, students with disabilities with an individualized education program or a Section 504 plan in order to be consistent with their program or plan, students in foster care or experiencing homelessness, and students requiring mental health supports

8. A statement that independent study is an optional educational alternative and no student may be required to participate

9. In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction

All learning agreements shall be signed by the student, the student's parent/guardian or caregiver if the student is less than 18 years of age, the certificated employee responsible for the general supervision of independent study, and as applicable for students with disabilities, the certificated employee designated as having responsibility for the special education programming of the student. If the independent study program is projected to last for more than 15 school days, the learning agreement shall be signed before the commencement of the program. For an independent study program that is projected to last for 15 or fewer school days, the learning agreement shall be signed at any time during the school year in which the independent study program is to take place. (Education Code 51747)

For purposes of the above paragraph, caregiver means a person who has met the requirements of Family Code

6550-6552.

Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the California Department of Education (CDE). (Education Code 51747)

The parent/guardian's signature on the agreement shall constitute permission for the student to receive instruction through independent study.

Course-Based Independent Study

The district's course-based independent study program for students in grades K-12 shall be subject to the following requirements: (Education Code 51749.5)

1. A signed learning agreement shall be completed and on file for each participating student, pursuant to Education Code 51749.6

2. Courses shall be taught under the general supervision of certificated employees who hold the appropriate subject matter credential and are employed by the district or by another district, charter school, or county office of education with which the district has a memorandum of understanding to provide the instruction

3. Courses shall be annually certified by Board resolution to be of the same rigor and educational quality and to provide intellectual challenge that is substantially equivalent to in-person, classroom-based instruction, and shall be aligned to all relevant local and state content standards

   For high schools, this shall include access to all courses offered by the district for graduation and approved by UC or CSU as creditable under the A-G admissions criteria.

   The certification shall, at a minimum, include the duration, number of equivalent daily instructional minutes for each school day that a student is enrolled, number of equivalent total instructional minutes, and number of course credits for each course, consistent with that of equivalent classroom-based courses. Additionally, the certification shall include plans to provide opportunities throughout the school year for all students in TK-3 to receive daily synchronous instruction, for all students in grades 4-8, to receive both daily live interaction and at least weekly synchronous instruction, and for all students in grades 9-12 to receive at least weekly synchronous instruction.

4. Students enrolled in independent study courses shall meet the applicable age requirements established pursuant to Education Code 46300.1, 46300.4, 47612, and 47612.1, and the applicable residency and enrollment requirements established pursuant to Education Code 46300.2, 47612, 48204, and 51747.3

5. For each student participating in an independent study course, satisfactory educational progress shall be determined based on the student's achievement and engagement in the independent study program as indicated by the student's performance on applicable student-level measures of student achievement and engagement set forth in Education Code 52060; completion of assignments, assessments, or other indicators that evidence that the student is working on assignments; learning of required concepts, as determined by the supervising teacher; and progress toward successful completion of the course of study or individual course, as determined by the supervising teacher

   If satisfactory educational progress in one or more independent study courses is not being made, the teacher providing instruction shall notify the student and, if the student is under 18 years of age, the student's parent/guardian. The teacher shall conduct an evaluation to determine whether it is in the student's best interest to remain in the course or whether the student should be referred to an alternative program, which may include, but is not limited to, a regular school program.

   Procedures for tiered reengagement strategies shall be used for all students who are not making satisfactory educational progress in one or more courses or who are in violation of the written learning agreement, as described in the section "Learning Agreement for Course-Based Independent Study" below. These procedures shall include, but are not necessarily limited to, the verification of current contact information for each enrolled student; a plan for outreach from the school to determine student needs, including connection with health and social services as necessary; and a clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being.

6. Examinations shall be administered by a proctor

7. Statewide testing results shall be reported and assigned to the school at which the student is enrolled and shall be included in the aggregate results of the district

   Test results also shall be disaggregated for purposes of comparisons with the test results of students enrolled in classroom-based courses.

8. A student shall not be required to enroll in courses included in the course-based independent study program

9. The student-teacher ratio in the courses in this program shall be in accordance with Education Code 51745.6

10. For each student, the combined equivalent daily instructional minutes for courses in this program and all other courses shall meet applicable minimum instructional day requirements, and the student shall be offered the minimum annual total equivalent instructional minutes pursuant to Education Code 46200-46208

11. Courses required for high school graduation or for admission to UC or CSU shall not be offered exclusively through independent study

12. A student participating in this program shall not be assessed a fee that is prohibited by Education Code 49011

13. A student shall not be prohibited from participating in independent study solely on the basis that the student does not have the materials, equipment, or access to Internet connectivity necessary to participate in the course

14. A student with disabilities, as defined in Education Code 56026, may participate in course-based independent study if the student's individualized education program specifically provides for that participation

15. A temporarily disabled student shall not receive individual instruction pursuant to Education Code 48206.3 through course-based independent study

16. The district shall maintain a plan to transition any student whose family wishes to return to in-person instruction from course-based independent study expeditiously, and, in no case, later than five instructional days

Learning Agreement for Course-Based Independent Study

Before enrolling a student in a course within a course-based independent study program, the Superintendent or designee shall provide the student and, if the student is under age 18 years, the student's parent/guardian, with a written learning agreement that includes all of the following: (Education Code 51749.6)

1. A summary of the district's policies and procedures related to course-based independent study pursuant to Education Code 51749.5

2. The duration of the enrolled course(s) and the number of course credits for each enrolled course, consistent with the Board certifications made pursuant to Item #3 of "Course-Based Independent Study" above

3. The duration of the learning agreement, which shall not exceed a school year or span multiple school years

4. The learning objectives and expectations for each course, including, but not limited to, a description of how satisfactory educational progress is measured and when a student evaluation is required to determine whether the student should remain in the course or be referred to an alternative program, which may include, but is not limited to, a regular school program

5. The specific resources that will be made available to the student, including materials and personnel, and access to Internet connectivity and devices adequate to participate in the educational program and complete assigned work

6. A statement detailing the academic and other supports that will be provided to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, students with

disabilities with an individualized education program or a Section 504 plan in order to be consistent with their program or plan, students in foster care or experiencing homelessness, and students requiring mental health supports

7. A statement that enrollment is an optional educational alternative and no student may be required to participate

   In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through course-based independent study only if the student is offered the alternative of classroom instruction.

8. The manner, time, frequency, and place for submitting a student's assignments, for reporting the student's academic progress, and for communicating with a student's parent/guardian regarding a student's academic progress

9. The objectives and methods of study for the student's work, and the methods used to evaluate that work

10. A statement of the adopted policies regarding the maximum length of time allowed between the assignment and the completion of a student's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether the student should be allowed to continue in course-based independent study

11. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the learning agreement, to be earned by the student upon completion.

All learning agreements shall be signed by the student, the student's parent/guardian or caregiver if the student is less than 18 years of age, the certificated employee responsible for the general supervision of the independent study course, and as applicable for students with disabilities, the certificated employee designated as having responsibility for the special education programming of the student. If the independent study program is projected to last for more than 15 school days, the learning agreement shall be signed before the commencement of the program. For an independent study program that is projected to last for 15 or fewer school days, the learning agreement shall be signed at any time during the school year in which the independent study program is to take place. (Education Code 51749.6)

For purposes of the above paragraph, caregiver means a person who has met the requirements of Family Code 6550-6552.

Learning agreements may be signed using an electronic signature that complies with state and federal standards, as determined by CDE. (Education Code 51749.6)

A signed learning agreement from a parent/guardian of a student who is less than 18 years of age shall constitute the parent/guardian's permission for the student to receive instruction through course-based independent study. (Education Code 51749.6)

Upon the request of a student's parent/guardian, and before signing a learning agreement as described above, the district shall conduct a telephone, videoconference, or in-person student-parent-educator conference, or other meeting during which the student, parent/guardian, and, if requested by the parent/guardian, an advocate, may ask questions about the educational options, including which curriculum offerings and nonacademic supports will be available to the student in independent study. (Education Code 51749.6)

Student-Parent-Educator Conferences

A student-parent-educator conference shall be held as appropriate including, but not limited to, as a reengagement strategy and/or, if requested by a parent/guardian, prior to enrollment or disenrollment from independent study. (Education Code 51745.5, 51747, 51749.5)

Records

The Superintendent or designee shall ensure that records are maintained for audit purposes.

These records shall include, but not be limited to: (Education Code 51748; 5 CCR 11703)

1. A copy of the Board policy, administrative regulation, and other procedures related to independent study

2. A listing of the students, by grade level, program, and school, who have participated in independent study, along with the units of the curriculum attempted and completed by students in grades K-8 and the course credits attempted by and awarded to students in grades 9-12 and adult education

3. A file of all agreements, with representative samples of each student's work products bearing the supervising teacher's signed or initialed and dated notations indicating that the teacher has personally evaluated the work or personally reviewed the evaluations made by another certificated teacher

4. As appropriate to the program in which the students are participating, a daily or hourly attendance register that is separate from classroom attendance records, maintained on a current basis as time values of student work products judged by a certificated teacher, and reviewed by the supervising teacher if they are two different persons

   Additionally, the district shall maintain documentation of hours or fraction of an hour for student work products and the time that students engaged in asynchronous instruction. (Education Code 54747.5)

5. Appropriate documentation of compliance with the teacher-student ratios required by Education Code 51745.6 and 51749.5

6. Appropriate documentation of compliance with the requirements pursuant to Education Code 51747.5 to ensure the coordination, evaluation, and supervision of the independent study of each student by a district employee who possesses a valid certification document pursuant to Education Code 44865 or an emergency credential pursuant to Education Code 44300

The district shall document each student's participation in live interaction and synchronous instruction pursuant to Education Code 51747 on each school day, as applicable, in whole or in part, for which live interaction or synchronous instruction is provided as part of the independent study program. A student who does not participate in scheduled live interaction or synchronous instruction shall be documented as non-participatory for that school day. (Education Code 51747.5)

The Superintendent or designee shall also maintain a written or computer-based record such as a grade book or summary document of student engagement, for each class, of all grades, assignments, and assessments for each student for independent study assignments. (Education Code 51747.5)

Signed written and supplemental agreements, assignment records, work samples, and attendance records may be maintained as an electronic file in accordance with Education Code 51747 and 51749.6, as applicable.

Program Evaluation

The Superintendent or designee shall annually report to the Board the number of district students participating in independent study, the average daily attendance generated for apportionment purposes, student performance as measured by standard indicators and in comparison to students in classroom-based instruction, and the number and proportion of independent study students who graduate or successfully complete independent study. Based on the program evaluation, the Board and Superintendent shall determine areas for program improvement, as needed.

Policy 6159: Individualized Education Program

Status: DRAFT

Original Adopted Date: 03/01/2003 **| Last Revised Date:** 03/01/2025

The Board of Trustees desires to provide full educational opportunities to all students with exceptional needs. Students with exceptional needs shall receive a free appropriate public education (FAPE) and, to the maximum extent possible, shall be educated in the least restrictive environment with nondisabled students.

For each student with exceptional needs, an individualized education program (IEP) shall be developed which identifies the special education instruction and related services to be provided to the student. The Superintendent or designee shall develop administrative regulations regarding the membership of the IEP team, the team's responsibility to develop and regularly review the IEP, the contents of the IEP, and the development, review, and revision processes.

The district shall make FAPE available to individuals with disabilities ages 3-21 who reside in the district, including: (Education Code 56040; 20 USC 1412; 34 CFR 300.17, 300.101, 300.104)

1. Students who have been suspended or expelled from school

2. Students who are placed by the district in a nonpublic, nonsectarian school

Regulation 6159: Individualized Education Program

Status: DRAFT

Original Adopted Date: 11/01/2010 **| Last Revised Date:** 03/01/2025

At the beginning of each school year, the district shall have an individualized education program (IEP) in effect for each student with an exceptional need within district jurisdiction. The IEP shall be a written statement that is developed, reviewed, and revised by the IEP team to meet the unique educational needs of a student with an exceptional need. (Education Code 56344, 56345; 34 CFR 300.320, 300.323)

Members of the IEP Team

Unless excused by written agreement in accordance with Education Code 56341, the IEP team for any student with an exceptional need shall include the following members: (Education Code 56341, 56341.5; 20 USC 1414; 34 CFR 300.321)

1. One or both of the student's parents/guardians and/or a representative selected by them

   To the extent permitted by federal law, a foster parent shall have the same rights relative to a foster child's IEP as a parent/guardian. (Education Code 56055)

2. If the student is or may be participating in the general education program, at least one of the student's general education teachers designated by the Superintendent or designee to represent the student's general education teachers

   The general education teacher shall, to the extent appropriate, participate in the development, review, and revision of the student's IEP, including assisting in the determination of appropriate positive behavioral interventions, supports, and other strategies for the student, and supplementary aids and services, program modifications, and supports for school personnel that will be provided for the student, consistent with 34 CFR 300.320. (Education Code 56341; 20 USC 1414; 34 CFR 300.324)

3. At least one of the student's special education teachers or, where appropriate, special education providers

4. A representative of the district who is:

   a. Qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of students with exceptional needs

   b. Knowledgeable about the general education curriculum

   c. Knowledgeable about the availability of district resources

5. An individual who can interpret the instructional implications of assessment results

   This individual may already be a member of the team as described in Items #2-4 above or in Item #6 below.

6. At the discretion of the parent/guardian or the Superintendent or designee, other individuals who have knowledge or special expertise regarding the student, including related services personnel, as appropriate

   The determination of whether the individual has knowledge or special expertise regarding the student shall be made by the party who invites the individual to be a member of the IEP team.

7. Whenever appropriate, the student

   In the development, review, or revision of the IEP, the student shall be allowed to provide confidential input to any representative of the IEP team. (Education Code 56341.5)

8. When the student is suspected of having a specific learning disability, at least one individual who is qualified to conduct individual diagnostic examinations of the student such as a school psychologist, speech language pathologist, or remedial reading teacher

   In accordance with 34 CFR 300.310, at least one team member other than the student's general education

teacher shall observe the student's academic performance and behavior in the areas of difficulty in the student's learning environment, including in the general education classroom setting. If the child is younger than five years or not enrolled in school, a team member shall observe the child in an environment appropriate for a child of that age.

In the following circumstances, the Superintendent or designee shall invite other specified individuals to an IEP team meeting:

1. When the student has been placed in a group home by the juvenile court, a representative of the group home shall be invited to attend the IEP team meeting (Education Code 56341.2)

2. Whenever the IEP team is meeting to consider the student's postsecondary goals and the transition services needed to assist the student in reaching the goals, the following individuals shall be invited to attend: (34 CFR 300.321)

    a. The student, regardless of the student's age

        If the student does not attend the IEP team meeting, the Superintendent or designee shall take other steps to ensure that the student's preferences and interests are considered.

    b. To the extent appropriate, and with the consent of the parent/guardian or adult student, a representative of any other agency that is likely to be responsible for providing or paying for the transition services

3. If the student was previously served under the Early Education for Individuals with Exceptional Needs (Education Code 56425-56432) or the California Early Intervention Services Act (Government Code 95000-95004), and upon request of the student's parent/guardian, the Superintendent or designee shall invite the Infant and Toddlers with Disabilities Coordinator or other representative of the early education or early intervention system to the initial IEP team meeting to assist with the smooth transition of services (Education Code 56341; 20 USC 1414; 34 CFR 300.321)

A member of the IEP team shall not be required to attend an IEP team meeting, in whole or in part, if the parent/guardian and the district agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed at the meeting. Even if the meeting involves a discussion of the IEP team member's area of the curriculum or related service, the member may be excused from the meeting if the parent/guardian, in writing, and the district consent to the excusal after conferring with the member and the member submits to the parent/guardian and team written input into the development of the IEP prior to the meeting. (Education Code 56043, 56341; 20 USC 1414; 34 CFR 300.321)

Contents of the IEP

The IEP shall include, but not be limited to, all of the following: (Education Code 56345, 56345.1; 20 USC 1414; 34 CFR 300.320)

1. A statement of the present levels of the student's academic achievement and functional performance, including:

    a. The manner in which the exceptional need affects the student's involvement and progress in the general education curriculum (i.e., the same curriculum as for a student without exceptional needs)

    b. For a preschool student, as appropriate, the manner in which the exceptional need affects the student's participation in appropriate activities

    c. For a student with an exceptional need who takes alternate assessments aligned to alternate achievement standards, a description of benchmarks or short-term objectives

2. A statement of measurable annual goals, including academic and functional goals, designed to:

    a. Meet the student's needs that result from an exceptional need in order to enable the student to be involved in and make progress in the general education curriculum

b. Meet each of the student's other educational needs that result from the exceptional need

3. A description of the manner in which the student's progress toward meeting the annual goals described in Item #2 above will be measured and when the district will provide periodic reports on the progress the student is making toward meeting the annual goals, such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards

4. A statement of the special education instruction and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the student or on behalf of the student, and a statement of the program modifications or supports for school personnel that will be provided to enable the student to:

    a. Advance appropriately toward attaining the annual goals

    b. Be involved and make progress in the general education curriculum in accordance with Item #1 above and to participate in extracurricular and other nonacademic activities

    c. Be educated and participate with other students with exceptional needs and students without exceptional needs in the activities described in the IEP

5. An explanation of the extent, if any, to which the student will not participate with students without exceptional needs in the regular class and in extracurricular and other nonacademic activities described in the IEP

6. A statement of any appropriate individual accommodations necessary to measure the academic achievement and functional performance of the student on state and districtwide assessments

    If the IEP team determines that the student shall take an alternate assessment instead of a particular regular state or districtwide assessment, the student's IEP shall also include a statement of the reason that the student cannot participate in the regular assessment and the reason that the particular alternate assessment selected is appropriate.

7. The projected date for the beginning of the services and modifications described in Item #4 above and the anticipated frequency, location, and duration of those services and modifications

8. If determined appropriate by the IEP team, when the student starts high school or not later than the first IEP to be in effect when the student is 16 years of age, or younger, and updated annually thereafter, the following:

    a. Appropriate measurable postsecondary goals based upon age-appropriate transition assessments related to training, education, employment, and where appropriate, independent living skills

    b. The transition services, including courses of study, needed to assist the student in reaching those goals

9. A description of the means by which the IEP will be provided under emergency conditions, as described in Education Code 46392, in which instruction and/or services cannot be provided to the student either at the school or in person for more than 10 school days

    The description shall take into account public health orders and shall include special education and related services, supplementary aids and services, transition services, and extended school year services.

10. Beginning at least one year before the student reaches age 18, a statement that the student has been informed of the rights, if any, that will transfer to the student upon reaching age 18, pursuant to Education Code 56041.5

11. For a student in grades 7-12, any alternative means and modes necessary for the student to complete the district's prescribed course of study and to meet or exceed proficiency standards required for graduation

12. For a student whose native language is not English, linguistically appropriate goals, objectives, programs, and services

13. Extended school year services when the IEP team determines, on an individual basis, that the services are

necessary for the provision of a free appropriate public education (FAPE)

14. If the student is to be transferred from a special class or nonpublic, nonsectarian school into a general education program in a public school for any part of the school day, provision for transition into the general education program including descriptions of activities intended to:

    a. Integrate the student into the general education program, including the nature of each activity and the time spent on the activity each day or week

    b. Support the transition of the student from the special education program into the general education program

15. For a student with low incidence disabilities, specialized services, materials, and equipment consistent with the guidelines pursuant to Education Code 56136

To assist a student who is blind, has low vision, or is visually impaired to achieve the student's maximum potential, the IEP team may consider instruction in the expanded core curriculum, including compensatory skills such as Braille, concept development, or other skills needed to access the core curriculum; orientation and mobility; social interaction skills; career technical education; assistive technology, including optical devices; independent living skills; recreation and leisure; self-determination; and sensory efficiency. When appropriate, such services may be offered before or after school. (Education Code 56353)

Development of the IEP

Within 30 days of a determination that a student needs special education and related services, the Superintendent or designee shall ensure that a meeting to develop an initial IEP is conducted. (Education Code 56043; 34 CFR 300.323)

Any IEP required as a result of an assessment of a student shall be developed within 60 days from the date of receipt of the parent/guardian's written consent for assessment, unless the parent/guardian agrees, in writing, to an extension. Days between the student's regular school sessions, terms, or vacation of more than five school days shall not be counted. In the case of school vacations, the 60-day time limit shall recommence on the date that the student's school days reconvene. (Education Code 56043, 56344)

However, when the IEP is required as a result of an assessment of a student for whom a referral has been made 30 days or less prior to the end of the preceding regular school year, the IEP shall be developed within 30 days after the commencement of the subsequent regular school year. (Education Code 56344)

In developing the IEP, the IEP team shall consider all of the following: (Education Code 56040.6, 56341.1, 56345; 20 USC 1414; 34 CFR 300.324)

1. The strengths of the student

2. The concerns of the parents/guardians for enhancing the education of their child

3. The results of the initial or most recent assessment of the student

4. The academic, developmental, and functional needs of the student

5. In the case of a student whose behavior impedes the student's learning or that of others, the use of positive behavioral interventions and supports and other strategies to address that behavior

6. In the case of a student with limited English proficiency, the language needs of the student as such needs relate to the student's IEP

7. In the case of a student who is blind or visually impaired, the need to provide for instruction in Braille and instruction in the use of Braille

   However, such instruction need not be included in the IEP if the IEP team determines that instruction in Braille or the use of Braille is not appropriate for the student. This determination shall be based upon an assessment of the student's reading and writing skills, needs, and appropriate reading and writing media, including an

assessment of future needs for instruction in Braille or the use of Braille.

8. The communication needs of the student and, in the case of a student who is deaf, hard of hearing, or deaf-blind, the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode

   The team shall also consider placements, related services, and program options that provide the student with an equal opportunity for communication access, as described in Education Code 56345.

9. Whether the student requires assistive technology devices and services, including artificial intelligence devices and services

If, in considering the special factors in Items #1-9 above, the IEP team determines that the student needs a particular device or service, including an intervention, accommodation, or other program modification, in order to receive FAPE, the team shall include a statement to that effect in the student's IEP. (Education Code 56341.1)

Provision of Special Education and Related Services

The district shall ensure that, as soon as possible following development of the IEP, special education and related services are made available to the student in accordance with the IEP. (Education Code 56344; 34 CFR 300.323)

The Superintendent or designee shall ensure that the student's IEP is accessible to each general education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation. The Superintendent or designee also shall ensure that such teachers and providers are informed of their specific responsibilities related to implementing the IEP and the specific accommodations, modifications, and supports that must be provided to the student in accordance with the IEP. (34 CFR 300.323)

If an orientation and mobility evaluation is determined to be needed for a student who is blind, has low vision, or is visually impaired, the evaluation shall be conducted by a person who is appropriately certified as an orientation and mobility specialist and shall occur in familiar and unfamiliar environments, in varying lighting conditions, and in the home, school, and community, as appropriate. The Superintendent or designee may require annual written parent/guardian consent to provide orientation and mobility services when such services are provided before or after school and when they are provided away from the school site. (Education Code 56354; 5 CCR 3051.3)

If a student's IEP requires the provision of assistive technology devices or services, including artificial intelligence services, the district shall provide such devices or services and shall, on a case-by-case basis, provide for the use of school-purchased devices or services in the student's home or other settings if the IEP team determines that the student needs access to those devices or services in order to receive FAPE. If a student who requires the use of an assistive technology device or services transfers to another local educational agency, the district shall provide the student with continued access to that device or services or a comparable device or service for two months from the date the student ceased to be enrolled in the district or until alternative arrangements can be made to provide access to the device, whichever occurs first. (Education Code 56040.3; 34 CFR 300.105)

Review and Revision of the IEP

The Superintendent or designee shall ensure that the IEP team reviews the IEP periodically, but at least annually, in order to: (Education Code 56043, 56341.1, 56380; 20 USC 1414; 34 CFR 300.324)

1. Determine whether the annual goals for the student are being achieved

2. Revise the IEP, as appropriate, to address:

   a. Any lack of expected progress toward the annual goals and in the general education curriculum, where appropriate

   b. The results of any reassessment conducted pursuant to Education Code 56381

   c. Information about the student provided to or by the parents/guardians regarding review of evaluation data pursuant to 34 CFR 300.305 and Education Code 56381

d. The student's anticipated needs

e. Any other relevant matter

3. Consider the special factors listed in Items #5-9 above, under "Development of the IEP," when reviewing the IEP of any student with an exceptional need to whom one of those factors may apply

The IEP team shall also meet at any other time upon request by the student's parent/guardian or teacher to review or revise the IEP. (Education Code 56343)

When a parent/guardian requests an IEP team meeting to review the IEP, the team shall meet within 30 days of receiving the parent/guardian's written request, not counting days between the student's regular school sessions or terms or days of school vacation in excess of five school days. If a parent/guardian makes an oral request, the district shall notify the parent/guardian of the need for a written request and the procedure for filing such a request. (Education Code 56043, 56343.5)

A regular education or special education teacher may request a review of the classroom assignment of a student with an exceptional need by submitting a written request to the Superintendent or designee. The Superintendent or designee shall consider the request within 20 days of receiving it, not counting days when school is not in session or, for year-round schools, days when the school is off track. If the review indicates a need for change in the student's placement, instruction, and/or related services, the Superintendent or designee shall convene an IEP team meeting, which shall be held within 30 days of the Superintendent or designee's review, not counting days when school is not in session or days when school is off track, unless the student's parent/guardian consents in writing to an extension of time.

If a participating agency other than the district fails to provide the transition services described in the student's IEP, the team shall reconvene to identify alternative strategies to meet the transition service objectives set out for the student in the IEP. (Education Code 56345.1; 20 USC 1414; 34 CFR 300.324)

If a student with an exceptional need residing in a licensed children's institution or foster family home has been placed by the district in a nonpublic, nonsectarian school, the Superintendent or designee shall conduct an annual evaluation as part of the IEP process of whether the placement is the least restrictive environment that is appropriate to meet the student's needs. (Education Code 56157)

When an IEP calls for a residential placement as a result of a review by an expanded IEP team, the IEP shall include a provision for a review, at least every six months, by the full IEP team of the case progress, the continuing need for out-of-home placement, the extent of compliance with the IEP, and progress toward alleviating the need for out-of-home care. (Education Code 56043)

To the extent possible, the Superintendent or designee shall encourage the consolidation of reassessment meetings and other IEP team meetings for a student. (20 USC 1414; 34 CFR 300.324)

When a change is necessary to a student's IEP after the annual IEP team meeting for the school year has been held, the parent/guardian and the Superintendent or designee may agree not to convene an IEP team meeting for the purpose of making the change and instead may develop a written document to amend or modify the student's current IEP. The IEP team shall be informed of any such changes. Upon request, the Superintendent or designee shall provide the parent/guardian with a revised copy of the IEP with the incorporated amendments. (Education Code 56380.1; 20 USC 1414; 34 CFR 300.324)

Audio Recording of IEP Team Meetings

Parents/guardians and the Superintendent or designee shall have the right to audio record the proceedings of IEP team meetings, provided members of the IEP team are notified of this intent at least 24 hours before the meeting. If the Superintendent or designee gives notice of intent to audio record a meeting and the parent/guardian objects or refuses to attend because the meeting would be audio recorded, the meeting shall not be audio recorded. Parents/guardians also have the right to: (Education Code 56341.1)

1. Inspect and review the audio recordings

2. Request that an audio recording be amended if they believe it contains information that is inaccurate, misleading, or in violation of the student's privacy rights or other rights

3. Challenge, in a hearing, information that the parents/guardians believe is inaccurate, misleading, or in violation of the student's privacy rights or other rights

Parent/Guardian Participation and Other Rights

The Superintendent or designee shall take steps to ensure that one or both of the parents/guardians of the student with an exceptional need are present at each IEP team meeting or are afforded the opportunity to participate. These steps shall include notifying the parents/guardians of the meeting early enough to ensure that they will have the opportunity to attend and scheduling the meeting at a mutually agreed upon time and place. (Education Code 56341.5; 34 CFR 300.322)

The Superintendent or designee shall send parents/guardians notices of IEP team meetings that: (Education Code 56341.5; 34 CFR 300.322)

1. Indicate the purpose, time, and location of the meeting

2. Indicate who will be in attendance at the meeting

3. Inform them of:

    a. Their right to bring to the meeting other individuals who have knowledge or special expertise about the student, pursuant to Education Code 56341

    b. The provision of Education Code 56341 relating to the participation of the Infant and Toddlers with Disabilities Coordinator at the initial IEP team meeting, if the student was previously served under Early Education for Individuals with Exceptional Needs (Education Code 56425-56432) or the California Early Intervention Services Act (Government Code 95000-95004)

Additionally, when the IEP team meeting is to consider the development, review, or revision of the IEP of a student with an exceptional need who is 16 years of age or older, or younger than 16 if deemed appropriate by the IEP team, the Superintendent or designee's notice to the student's parents/guardians shall include the following: (Education Code 56341.5)

1. An indication that a purpose of the meeting will be the consideration of postsecondary goals and transition services for the student pursuant to Education Code 56345.1, 20 USC 1414, and 34 CFR 300.320

2. An indication that the student is invited to the IEP team meeting

3. Identification of any other agency that will be invited to send a representative

At each IEP team meeting convened by the district, the district administrator or specialist on the team shall inform the parent/guardian and student of the federal and state procedural safeguards included in the notice of parental rights provided pursuant to Education Code 56321. (Education Code 56500.1)

The parent/guardian shall have the right and opportunity to examine all of the student's school records upon request, before any IEP meeting, and in connection with any hearing or resolution session on matters affecting the student, including, but not limited to, initial formal assessment, procedural safeguards, and due process. Upon receipt of an oral or written request, the Superintendent or designee shall provide complete copies of the records within five business days. (Education Code 56043, 56504)

The parent/guardian shall have the right to present information to the IEP team in person or through a representative and the right to participate in meetings that relate to eligibility for special education and related services, recommendations, and program planning. (Education Code 56341.1)

If neither parent/guardian can attend the meeting, the Superintendent or designee shall use other methods to ensure parent/guardian participation, including video conferences or individual or conference telephone calls. (Education Code 56341.5; 20 USC 1414; 34 CFR 300.322)

An IEP team meeting may be conducted without a parent/guardian in attendance if the Superintendent or designee is unable to convince the parent/guardian to attend. In such a case, the Superintendent or designee shall maintain a

record of the attempts to arrange a mutually agreed upon time and place for the meeting, including: (Education Code 56341.5; 34 CFR 300.322)

1. Detailed records of telephone calls made or attempted and the results of those calls
2. Copies of correspondence sent to the parent/guardian and any responses received
3. Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits

The Superintendent or designee shall take any action necessary to ensure that the parents/guardians understand the proceedings of the meeting, including arranging for an interpreter for parents/guardians with deafness or whose native language is not English. (Education Code 56341.5; 34 CFR 300.322)

The Superintendent or designee shall give the parents/guardians of a student with an exceptional need a copy of the IEP at no cost. (Education Code 56341.5; 34 CFR 300.322)

Parent/Guardian Consent for Provision of Special Education and Services

Before providing special education and related services to any student pursuant to 20 USC 1414, the Superintendent or designee shall seek to obtain informed consent of the student's parent/guardian. (Education Code 56346)

If the parent/guardian fails to respond or refuses to consent to the initiation of services, the district shall not use the due process hearing procedures pursuant to 20 USC 1415 to obtain agreement or a ruling that the services may be provided to the student. In such circumstances, the district shall not be required to convene an IEP team or develop an IEP for the student. (Education Code 56346)

If the parent/guardian consents in writing to the receipt of special education and related services for the student but does not consent to all of the components of the IEP, then those components to which the parent/guardian has consented shall be implemented so as not to delay providing instruction and services to the student. If the Superintendent or designee determines that a part of a proposed IEP to which the parent/guardian does not consent is necessary in order to provide the student with FAPE, a due process hearing shall be initiated in accordance with 20 USC 1415. While the due process hearing is pending, the student shall remain in the current placement unless the parent/guardian and the Superintendent or designee agree otherwise. (Education Code 56346)

If at any time subsequent to the initial provision of services, the student's parent/guardian, in writing, revokes consent for the continued provision of special education services, the Superintendent or designee shall provide prior written notice within a reasonable time before ceasing to provide services to the student. The Superintendent or designee shall not request a due process hearing or pursue mediation in order to require an agreement or ruling that services be provided to the student. (Education Code 56346; 34 CFR 300.300, 300.503)

Prior to the discontinuation of services, the Superintendent or designee may offer to meet with the parents/guardians to discuss concerns for the student's education. However, this meeting shall be voluntary on the part of the parent/guardian and shall not delay the implementation of the parent/guardian's request for discontinuation of services.

When the district ceases to provide special education services in response to the parent/guardian's revocation of consent, the student shall be classified as a general education student.

Transfer Students

To facilitate the transition of a student with an exceptional need who is transferring into the district, the Superintendent or designee shall take reasonable steps to promptly obtain the student's records, including the IEP and the supporting documents related to the provision of special education services. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from another school district within the same Special Education Local Plan Area (SELPA) during the school year, the district shall continue to provide services comparable to those described in the student's existing IEP, unless the student's parent/guardian and the district agree to develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from a school district outside of the district's SELPA during the school year, the district shall provide the student with FAPE, including services comparable to those described in the previous district's IEP in consultation with the student's parent/guardian, for a period not to exceed 30 days. By the end of that period, the district shall either adopt the previous district's IEP or shall develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from an out-of-state district during the school year, the district shall provide the student with FAPE, including services comparable to the out-of-state district's IEP, in consultation with the parent/guardian, until such time as the Superintendent or designee conducts an assessment, if it determines that such an assessment is necessary, and develops, adopts, and implements a new IEP, if appropriate. (Education Code 56325; 34 CFR 300.323)

Policy 6159.1: Procedural Safeguards And Complaints For Special Education

Status: DRAFT

Original Adopted Date: 06/01/1998 **| Last Revised Date:** 07/01/2020

The Board of Trustees recognizes its obligation to provide a free appropriate public education (FAPE) to students with disabilities and to uphold the rights of parents/guardians to be involved in educational decisions regarding their child. Parents/guardians of students with disabilities shall receive written notice of their rights under the federal Individuals with Disabilities Education Act.

Whenever there is a dispute between the district and the parent/guardian of a student with disabilities regarding the identification, assessment, or educational placement of the student or the provision of FAPE to the student, the Superintendent or designee shall encourage the early, informal resolution of the dispute at the school level to the extent possible. The district or parent/guardian may also request mediation and/or a due process hearing in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee shall represent the district in any due process hearing conducted with regard to district students and shall inform the Board about the result of the hearing.

Any complaint alleging the district's noncompliance with federal or state laws or regulations related to the provision of a free appropriate public education to students with disabilities shall be filed in accordance with 5 CCR 3200-3205.

Regulation 6159.1: Procedural Safeguards And Complaints For Special Education

Status: DRAFT

Original Adopted Date: 03/01/2005 **| Last Revised Date:** 07/01/2020

Prior Written Notice

The Superintendent or designee shall send to the parents/guardians of any student with disabilities a prior written notice: (Education Code 56346, 56500.4, 56500.5; 20 USC 1415; 34 CFR 300.102, 300.300, 300.503)

1. Before the district initially refers the student for assessment
2. Within a reasonable time before the district proposes to initiate or change the student's identification, assessment, educational placement, or the provision of a free appropriate public education (FAPE) to the student
3. Within a reasonable time before the district refuses to initiate or change the student's identification, assessment, or educational placement or the provision of FAPE to the student
4. Within a reasonable time before the student graduates from high school with a regular diploma thus resulting in a change in placement
5. Upon receipt of the parent/guardian's written revocation of consent for the continued provision of special education and related services to the student

This prior written notice shall include: (Education Code 56500.4; 20 USC 1415; 34 CFR 300.503)

1. A description of the action proposed or refused by the district
2. An explanation as to why the district proposes or refuses to take the action
3. A description of each assessment procedure, assessment, record, or report the district used as a basis for the proposed or refused action
4. A statement that the parents/guardians of the student have protection under procedural safeguards and, if this notice is not an initial referral for assessment, the means by which a copy of the description of procedural safeguards can be obtained
5. Sources for parents/guardians to obtain assistance in understanding these provisions
6. A description of any other options that the individualized education program (IEP) team considered and why those options were rejected
7. A description of any other factors relevant to the district's proposal or refusal

Procedural Safeguards Notice

A procedural safeguards notice shall be made available to parents/guardians of students with disabilities once each school year and: (Education Code 56301; 20 USC 1415; 34 CFR 300.504)

1. Upon initial referral or parent/guardian request for assessment
2. Upon receipt of the first state compliance complaint in a school year, filed in accordance with the section "State Compliance Complaints" below
3. Upon receipt of the first due process hearing request in a school year
4. In accordance with the discipline procedures pursuant to 34 CFR 300.530(h), when removal of a student because of a violation of a code of conduct constitutes a change of placement
5. Upon request by a parent/guardian

The procedural safeguards notice shall include a full explanation of all of the procedural safeguards available under 34 CFR 300.148, 300.151-300.153, 300.300, 300.502-300.503, 300.505-300.518, 300.520, 300.530-300.536, and 300.610-300.625 relating to: (Education Code 56301; 20 USC 1415; 34 CFR 300.504)

1. Independent educational evaluation
2. Prior written notice
3. Parental consent, including a parent/guardian's right to revoke consent, in writing, to the student's continued receipt of special education and related services
4. Access to educational records
5. Opportunity to present complaints and resolve complaints through the due process complaint and state compliance complaint procedures, including the time period in which to file a complaint, the opportunity for the district to resolve the complaint, and the difference between a due process complaint and the state compliance complaint procedures, including the jurisdiction of each procedure, what issues may be raised, filing and decisional timelines, and relevant procedures
6. The availability of mediation
7. The student's placement during the pendency of any due process complaint
8. Procedures for students who are subject to placement in an interim alternative educational setting
9. Requirements for unilateral placement by parents/guardians of students in private schools at public expense
10. Hearings on due process complaints, including requirements for disclosure of assessment results and recommendations
11. State-level appeals
12. Civil actions, including the time period in which to file those actions
13. Availability of attorneys' fees pursuant to 34 CFR 300.517

This notice shall also include the rights and procedures contained in Education Code 56500-56509, including: (Education Code 56321, 56321.5, 56321.6)

1. Information on the procedures for requesting an informal meeting, prehearing mediation conference, mediation conference, or due process hearing
2. The timelines for completing each process
3. Whether the process is optional
4. The type of representative who may be invited to participate
5. The right of the parent/guardian and/or the district to electronically record the proceedings of IEP meetings in accordance with Education Code 56341.1
6. Information regarding the state special schools for students who are deaf, hard of hearing, blind, visually impaired, or deaf-blind

A copy of this notice shall be attached to the student's assessment plan. At each IEP meeting, the Superintendent or designee shall inform the parent/guardian of the federal and state procedural safeguards that were provided in the notice. (Education Code 56321, 56500.1)

Format of Parent/Guardian Notices

The parents/guardians of a student with a disability shall be provided written notice of their rights in language easily

understood by the general public and in their native language or other mode of communication used by them, unless to do so is clearly not feasible. (Education Code 56341, 56506; 34 CFR 300.503, 300.504)

If the native language of other mode of communication of the parent/guardian is not a written language, the district shall take steps to ensure that the notice is translated orally or by other means in the parent/guardian's native language or other mode of communication and that the parent/guardian understands the contents of the notice. (34 CFR 300.503)

The district may place a copy of the procedural safeguards notice on the district's web site. (20 USC 1415)

A parent/guardian of a student with disabilities may elect to receive the prior written notice or procedural safeguards notice by an electronic mail communication. (34 CFR 300.505)

Filing Due Process Complaints

A parent/guardian and/or the district may initiate due process hearing procedures whenever: (Education Code 56501; 20 USC 1415)

1. There is a proposal to initiate or change the student's identification, assessment, or educational placement or the provision of FAPE to the student.

2. There is a refusal to initiate or change the student's identification, assessment, or educational placement or the provision of FAPE to the student.

3. The parent/guardian refuses to consent to an assessment of the student.

4. There is a disagreement between a parent/guardian and the district regarding the availability of a program appropriate for the student, including the question of financial responsibility, as specified in 34 CFR 300.148.

Prior to having a due process hearing, the party requesting the hearing, or the party's attorney, shall provide the opposing party a due process complaint, which shall remain confidential, specifying: (Education Code 56502; 20 USC 1415; 34 CFR 300.508)

1. The student's name

2. The student's address or, in the case of a student identified as homeless pursuant to 42 USC 11434, available contact information for that student

3. The name of the school the student attends

4. A description of the nature of the student's problem relating to the proposed or refused initiation or change, including facts relating to the problem

5. A proposed resolution to the problem to the extent known and available to the complaining party at the time

Parties filing a due process complaint shall file their request with the state Office of Administrative Hearings, Special Education Division.

The request shall be filed within two years from the date the party initiating the request knew or had reason to know of the facts underlying the basis for the request. This timeline shall not apply if the district misrepresented that it had solved the problem or withheld required information from the parent/guardian. (Education Code 56505; 20 USC 1415; 34 CFR 300.507, 300.511)

District's Response to Due Process Complaints

If the district has sent prior written notice to the parent/guardian regarding the subject matter of the parent/guardian's due process complaint, the district shall, within 10 days of receipt of the complaint, send a response specifically addressing the issues in the complaint. (20 USC 1415; 34 CFR 300.508)

If the district has not sent a prior written notice to the parent/guardian regarding the subject matter contained in the parent/guardian's due process complaint, the district shall send a response to the parent/guardian within 10 days of

receipt of the complaint containing: (20 USC 1415; 34 CFR 300.508):

1. An explanation of why the district proposed or refused to take the action raised in the complaint
2. A description of other options that the IEP team considered and the reasons that those options were rejected
3. A description of each assessment procedure, assessment, record, or report the district used as the basis for the proposed or refused action
4. A description of the factors that are relevant to the district's proposal or refusal

Upon the filing of a due process complaint by either party or upon request of the parent/guardian, the district shall inform the parent/guardian of any free or low-cost legal and other relevant services available in the area. (34 CFR 300.507)

Informal Process/Pre-Hearing Mediation Conference

Prior to or upon initiating a due process hearing, the Superintendent or designee and a parent/guardian may, if the party initiating the hearing so chooses, agree to meet informally toresolve any issue(s) relating to the identification, assessment, education and placement, or provision of FAPE for a student with disabilities. The Superintendent or designee shall have the authority to resolve the issue(s). (Education Code 56502)

In addition, either party may file a request with the state Office of Administrative Hearings for a mediation conference. (Education Code 56500.3)

If resolution is reached that resolves the due process issue(s), the parties shall enter into a legally binding agreement that satisfies the requirements of Education Code 56500.3. (Education Code 56500.3)

Attorneys may attend or otherwise participate only in those mediation conferences that are scheduled after the filing of a request for due process hearing. (Education Code 56500.3, 56501)

State Compliance Complaints

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file with the California Department of Education (CDE) a written and signed statement alleging that, within the previous year, any of the following occurred: (5 CCR 3200, 3201)

1. The district violated Part B of the Individuals with Disabilities Education Act (20 USC 1411-1419) and its implementing regulations (34 CFR 300.1-300.818).
2. The district violated Part 30 of the Education Code (Education Code 56000-56865) and 5 CCR 3200-3205.
3. The district violated the terms of a settlement agreement related to the provision of FAPE, excluding any allegation related to an attorney fees provision in a settlement agreement.
4. The district failed or refused to implement a due process hearing order to which the district is subject.
5. Physical safety concerns interfered with the provision of FAPE.

The complaint shall include: (5 CCR 3202; 34 CFR 300.153)

1. A statement that the district has violated or failed to comply with any provision set forth in 5 CCR 3201
2. The facts on which the statement is based
3. The signature and contact information for the complainant
4. If alleging violations with respect to a specific student, the student's name and address (or other available contact information for a homeless student), the name of the school that the student is attending, a description of the nature of the student's problem and facts related to the problem, and a proposed resolution of the problem to the extent known and available to the party at the time the complaint is filed

The complainant shall forward a copy of the complaint to the Superintendent or designee at the same time the complaint is filed with CDE. (5 CCR 3202)

Within 30 days of the date of CDE's investigation report, the district or complainant may request reconsideration of the decision in accordance with 5 CCR 3204. Pending CDE's response, any corrective actions set forth in the report shall remain in effect and enforceable, unless stayed by a court. (5 CCR 3204)

Policy 6159.2: Nonpublic, Nonsectarian School And Agency Services For Special Education

Status: DRAFT

Original Adopted Date: 06/01/1995 **| Last Revised Date:** 03/01/2025

The Board of Trustees recognizes its responsibility to provide a free appropriate public education to students with exceptional needs in accordance with law. When the district is unable to provide direct special education and/or related services to students with exceptional needs, the Board may enter into a contract with a nonpublic, nonsectarian school or agency (NPS/A) to meet student needs consistent with the comprehensive local plan of the Special Education Local Plan Area.

Prior to entering into a contract to place any student in an NPS/A, the Superintendent or designee shall verify that the school or agency is certified to provide special education and related services to individuals with exceptional needs and complies with staff training requirements in accordance with Education Code 56366 and 56366.1.

Additionally, the Superintendent or designee, such as the district's liaison for foster youth, shall verify that for any student served by an NPS/A who is a foster youth, the NPS/A agrees to serve as the school of origin of the foster youth and allow the foster youth to continue the foster youth's education in the NPS/A in accordance with Education Code 56366.1.

The Superintendent or designee shall monitor, on an ongoing basis, the certification of any NPS/A with which the district has a contract to ensure that the certification has not expired.

Within 14 days of becoming aware of any change to the certification status of an NPS/A, including, but not limited to, receiving notification of a determination to suspend or revoke the certification of the NPS/A pursuant to Education Code 56366.4, the district shall notify, through email or regular mail, the parents/guardians of any district student who attends the NPS/A of the change in certification status, which includes a copy of procedural safeguards. The district shall maintain a record of such notice and make the notice available for inspection upon request by the California Department of Education. (Education Code 56366.45)

No district student with exceptional needs shall be referred to, or placed in, an NPS/A unless the student's individualized education program (IEP) team has determined that the placement is appropriate for the student. (Education Code 56342.1)

The district shall pay to the NPS/A the full amount of the tuition or fees, as applicable, for students with exceptional needs who are enrolled in programs or receiving services provided by the NPS/A pursuant to the contract. (Education Code 56365)

In accordance with law, any student with exceptional needs placed in an NPS/A shall have all the rights and protections to which students with exceptional needs are generally entitled, including, but not limited to, procedural safeguards, due process rights, and periodic review of the student's IEP.

During the period when any student with exceptional needs is placed in an NPS/A, the student's IEP team shall retain responsibility for monitoring the student's progress towards meeting the goals identified in the IEP.

The Superintendent or designee shall ensure that any contract with an NPS/A contains a requirement for the NPS/A to comply with district policy, procedures, and practices related to student rights, health, and safety, including the use of seclusion and restraint. All NPS/A staff that serve district students shall be made aware of, and trained in such policies, procedures, and practices.

The Superintendent or designee shall notify the Board prior to approving an out-of-state placement for any district student.

The Superintendent or designee may apply to the Superintendent of Public Instruction to waive any of the requirements of Education Code 56365, 56366, and 56366.6. (Education Code 56366.2)

Regulation 6159.2: Nonpublic, Nonsectarian School And Agency Services For Special Education

Status: DRAFT

Original Adopted Date: 06/01/1995 **| Last Revised Date:** 03/01/2025

Master Contract

Every master contract between the district and a nonpublic, nonsectarian school or agency (NPS/A) shall specify the general administrative and financial agreements for providing special education and designated instruction and services. The master contract shall be for a term not to exceed one year and shall be renegotiated prior to June 30. Provisions of the contract shall include, but not be limited to: (Education Code 56366; 5 CCR 3062)

1. Student-teacher ratios

2. Transportation specified in a student's individualized education program (IEP)

   The contract shall not include special education transportation provided through the use of services or equipment owned, leased, or contracted by the district for students enrolled in the NPS/A unless provided directly or subcontracted by that NPS/A.

3. Procedures for recordkeeping and documentation

4. The maintenance of school records by the district to ensure that appropriate high school graduation credit is received by any participating student

5. An individual services agreement for each student, which will be negotiated for the length of time for which NPS/A special education and designated instruction and services are specified in the student's IEP

6. A description of the process to be utilized by the district to oversee and evaluate placements in the NPS/A, including a method for evaluating whether each student is making appropriate educational progress

7. Procedures and responsibilities for attendance and unexcused absences

8. General provisions related to modifications and amendments to the contract, waivers, disputes, contractor's status, conflicts of interest, termination, inspection and audits, compliance with applicable state and federal laws and regulations, and indemnification and insurance requirements

9. Payment schedules, including, but not limited to, payment amounts, payment demand, right to withhold, and audit exceptions

The contract may allow for partial or full-time attendance at the NPS/A. (Education Code 56366)

With mutual agreement of the district and NPS/A, changes may be made to the administrative and financial agreements in the master contract at any time, provided the change does not alter a student's educational instruction, services, or placement as outlined in the student's individual services agreement. (Education Code 56366)

The master contract or individual services agreement may be terminated for cause if either party gives 20 days' notice. However, the availability of a public education program initiated during the period of the contract shall not give cause for termination unless the parent/guardian agrees to transfer the student to the program. (Education Code 56366)

The district may elect to use the Master Contract utilized by the SELPA.

Placement and Services

For any student to be placed in an NPS/A, the Superintendent or designee shall develop an individual services agreement based on the student's IEP. Each individual services agreement shall specify the length of time authorized in the student's IEP for the NPS/A services, not to exceed one year. Changes in a student's educational instruction, services, or placement shall be made only on the basis of revisions to the student's IEP. (Education Code 56366)

At least once each year, the district shall: (Education Code 56366)

1. Evaluate the educational progress of each student placed in an NPS/A, including a review of state assessment results

2. During the annual meeting held to review the student's IEP pursuant to Education Code 56343, consider whether the student's needs continue to be best met at the NPS/A and whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting

Prior to the annual review of a student's IEP, the Superintendent or designee shall notify any high school district to which the student may transfer of the student's enrollment in an NPS/A. (5 CCR 3069)

When a special education student meets the district requirements for completion of the prescribed course of study as designated in the student's IEP, the district shall award the student a diploma of graduation. (5 CCR 3070)

Out-of-State Placements

Before contracting with an NPS/A outside California, the Superintendent or designee shall document the district's efforts to use public schools and/or to find an appropriate program offered by an NPS/A within California. (Education Code 56365)

Within 15 days of any decision for an out-of-state placement, the student's IEP team shall submit to the Superintendent of Public Instruction a report with information about the services provided by the out-of-state program, the costs of the special education and related services provided, and the district's efforts to locate an appropriate public school or NPS/A within California. (Education Code 56365)

If the district decides to place a student with an NPS/A outside the state, the district shall indicate the anticipated date of the student's return to a placement within California and shall document efforts during the previous year to return the student to California. (Education Code 56365)

On-Site Visits

The Superintendent or designee shall conduct an on-site visit to an NPS/A before the placement of a student at the NPS/A, if the district does not have any other students currently enrolled at the NPS/A. (Education Code 56366.1)

At least once per year, the Superintendent or designee shall conduct an on-site monitoring visit to each NPS/A at which the district has a student attending and with which it maintains a master contract. The monitoring visit shall include, but is not limited to: (Education Code 56366.1)

1. A review of services provided to the student through the individual services agreement

2. A review of progress the student is making toward the goals set forth in the student's IEP

3. A review of progress the student is making toward the goals set forth in the student's behavioral intervention plan, if applicable

4. An observation of the student during instruction

5. A walkthrough of the facility

The district shall report the findings resulting from the monitoring visit to the California Department of Education within 60 calendar days of the on-site visit. (Education Code 56366.1)

Master Contract

Every master contract between the district and a nonpublic, nonsectarian school or agency (NPS/A) shall specify the general administrative and financial agreements for providing special education and designated instruction and services. The master contract shall be for a term not to exceed one year and shall be renegotiated prior to June 30. Provisions of the contract shall include, but not be limited to: (Education Code 56366; 5 CCR 3062)

1. Student-teacher ratios

2. Transportation specified in a student's individualized education program (IEP)

   The contract shall not include special education transportation provided through the use of services or equipment owned, leased, or contracted by the district for students enrolled in the NPS/A unless provided directly or subcontracted by that NPS/A.

3. Procedures for recordkeeping and documentation

4. The maintenance of school records by the district to ensure that appropriate high school graduation credit is received by any participating student

7. Procedures and responsibilities for attendance and unexcused absences

8. General provisions related to modifications and amendments to the contract, waivers, disputes, contractor's status, conflicts of interest, termination, inspection and audits, compliance with applicable state and federal laws and regulations, and indemnification and insurance requirements

9. Payment schedules, including, but not limited to, payment amounts, payment demand, right to withhold, and audit exceptions

The contract may allow for partial or full-time attendance at the NPS/A. (Education Code 56366)

With mutual agreement of the district and NPS/A, changes may be made to the administrative and financial agreements in the master contract at any time, provided the change does not alter a student's educational instruction, services, or placement as outlined in the student's individual services agreement. (Education Code 56366)

The master contract or individual services agreement may be terminated for cause if either party gives 20 days' notice. However, the availability of a public education program initiated during the period of the contract shall not give cause for termination unless the parent/guardian agrees to transfer the student to the program. (Education Code 56366)

Placement and Services

For any student to be placed in an NPS/A, the Superintendent or designee shall develop an individual services agreement based on the student's IEP. 3. A review of progress the student is making toward the goals set forth in the student's behavioral intervention plan, if applicable
4. An observation of the student during instruction
5. A walkthrough of the facility

The district shall report the findings resulting from the monitoring visit to the California Department of Education within 60 calendar days of the on-site visit. (Education Code 56366.1)

Policy 6159.3: Appointment Of Surrogate Parent For Special Education Students

Status: DRAFT

Original Adopted Date: 09/01/1992 **| Last Revised Date:** 03/01/2005

In order to protect the rights of students with disabilities, the Superintendent or designee shall appoint a surrogate parent to represent a student with disabilities as necessary in accordance with law. He/she shall develop procedures for recruiting, training and assigning adults to serve as surrogate parents.

Regulation 6159.3: Appointment Of Surrogate Parent For Special Education Students

Status: DRAFT

Original Adopted Date: 06/01/1994 **| Last Revised Date:** 03/01/2005

Conditions Necessitating a Surrogate

The Superintendent or designee shall appoint a surrogate parent to represent a student with disabilities under one or more of the following circumstances: (Government Code 7579.5; 20 USC 1415(b)(2); 34 CFR 300.519)

1. No parent/guardian for the student can be identified.
2. The district, after reasonable efforts, cannot discover the location of a parent or legal guardian of the student.
3. The student is adjudicated a dependent or ward of the court pursuant to Welfare and Institutions Code 300, 601 or 602 and all of the following conditions are satisfied:
    a. The court has referred the student for special education and related services or the student has a valid individualized education program (IEP)
    b. The court has specifically limited the right of the parent/guardian to make educational decisions for his/her child
    c. The student has no responsible adult to represent him or her pursuant to Welfare and Institutions Code 361 or 726 or Education Code 56055
4. The student is an unaccompanied homeless youth not in the custody of a parent/guardian, as defined in 42 USC 11434a
5. The student has reached the age of majority but has been declared incompetent by a court of law

Appointment of Surrogate Parents

Upon a determination that a student needs a surrogate parent, the Superintendent or designee shall make reasonable efforts to ensure that the surrogate is appointed within 30 days. (20 USC 1412(b)(2)(B))

When appointing a surrogate parent, the Superintendent or designee shall give first preference to a relative caretaker, foster parent or court-appointed special advocate, provided any of these individuals exists and is willing and able to serve. If none of these individuals is willing or able to act as a surrogate parent, the Superintendent or designee shall select the surrogate parent of his/her choice. If the student is moved from the home of the relative caretaker or foster parent who was appointed as the student's surrogate parent, the Superintendent or designee shall appoint another surrogate parent if a new appointment is necessary to ensure adequate representation of the student. (Government Code 7579.5)

The Superintendent or designee shall ensure that individuals to be appointed as surrogate parents have passed a criminal background check and have demonstrated interest and skill in working with students with disabilities.

Surrogate parents shall have no interests that conflict with the student's educational interests and shall have knowledge and skills that ensure adequate representation of the student. If a conflict of interest arises after the appointment of a surrogate parent, the Superintendent or designee shall terminate the appointment and appoint another surrogate parent. (34 CFR 300.519; Government Code 7579.5)

Duties of Surrogate Parent

The surrogate parent shall have all the rights relative to the student's education that a parent has under the Individuals with Disabilities Education Act pursuant to 20 USC 1400-1482 and 34 CFR 300.1-300.818. The surrogate parent may represent the student in all matters relating to identification, assessment, instructional planning and development, educational placement, review and revision of the IEP, and in other matters relating to the provision of a free and appropriate public education. (Education Code 56050; Government Code 7579.5)

In addition, the representation of the surrogate parent shall include the provision of written consent to the IEP including nonemergency medical services, mental health treatment services, and occupational or physical therapy

services pursuant to Government Code 7570-7587. (Education Code 56050)

Surrogate parents shall volunteer their services to the district and serve without compensation. The district may reimburse them for mileage and other incidental expenses directly associated with their duties as surrogate parents.

Surrogate parents shall have access to the student's school records as necessary to fulfill their responsibilities as surrogate parents and in accordance with Board policy and administrative regulation.

Termination of Appointment

The Superintendent or designee shall terminate the appointment of a surrogate parent under the following conditions:

1. When the student is no longer in need of special education (Government Code 7579.5)
2. When the student reaches 18 years of age, unless he/she chooses not to make education decisions for himself/herself or is deemed by a court to be incompetent (Government Code 7579.5)
3. Another responsible adult is appointed to make educational decisions for the student (Government Code 7579.5)
4. The right of the parent/guardian to make educational decisions for the student is fully restored (Government Code 7579.5)
5. When the surrogate parent no longer satisfies the requirements for appointment as a surrogate parent, as specified above

Regulation 6159.4: Behavioral Interventions For Special Education Students

Status: DRAFT

Original Adopted Date: 10/01/1996 **| Last Revised Date:** 12/01/2013

Generally, any student identified as a student with a disability pursuant to the Individuals with Disabilities Education Act, 20 USC 1400-1482, is subject to the same disciplinary measures applicable to all students for violations of the code of conduct, except when the student's behavior is determined to be a manifestation of his/her disability.

However, when the behavior of a student with a disability impedes his/her learning or the learning of others, the student's individualized education program (IEP) team shall consider the use of positive behavioral interventions and supports and other strategies consistent with 20 USC 1414(d) to address the student's behavior. (Education Code 56521.2; 34 CFR 300.324)

If, pursuant to a manifestation determination conducted as specified in 34 CFR 300.530, the student's behavior is determined to be a manifestation of his/her disability, the IEP team shall conduct a functional behavioral assessment (FBA) and implement a behavioral intervention plan (BIP) for the student. If a BIP is already in place for the student, the IEP team shall review and modify the BIP to address the student's behavior. (Education Code 56520; 34 CFR 300.324, 300.530)

In addition, when the disciplinary removal of a student with a disability will result in a change in the student's placement as specified in 34 CFR 300.530, the student shall receive an FBA and behavioral intervention services and modifications designed to address the student's behavior so that it does not recur. (34 CFR 300.530)

Functional Behavioral Assessment

Any FBA to be conducted for a student with a disability shall focus on identifying the function or purpose of the student's behavior.

Before any FBA is conducted, the Superintendent of designee shall notify the student's parent/guardian in accordance with Education Code 56321 and obtain the parent/guardian's consent. (Education Code 56321; 34 CFR 300.324)

If the parent/guardian disagrees with the result of an FBA, he/she has the right to obtain an independent educational evaluation at district expense, subject to the conditions specified in 34 CFR 300.502.

Behavioral Intervention Plan and Services

When any behavioral intervention, support, or other strategy is to be used by the district, the Superintendent or designee shall consider the student's physical freedom and social interaction, administer the intervention, support, or other strategy in a manner that respects the student's dignity and personal privacy, and ensure the student's right to be placed in the least restrictive educational environment. (Education Code 56520)

Within 10 business days after removing a student for more than 10 school days in a school year or commencing a removal that constitutes a change in placement, the district shall implement a behavioral intervention plan in accordance with 34 CFR 300.530, Board policy and administrative regulation.

Based on the functional assessment, the IEP team shall meet to determine whether a behavioral intervention plan is needed. If such a plan is needed, the IEP team shall be expanded to include a behavioral intervention case manager, qualified staff knowledgeable of the student's health needs, and others with expertise as deemed necessary by the parent/guardian, district or Special Education Local Plan Area (SELPA). This team shall develop a written behavioral intervention plan which includes: (5 CCR 3001)

1. A summary of relevant and determinative information gathered from the functional analysis assessment
2. An objective and measurable description of the targeted maladaptive behavior(s) and replacement positive behavior(s)
3. The student's goals and objectives specific to the behavioral intervention plan
4. A detailed description of interventions to be used and the circumstances for their use

5. Specific schedules for recording the frequency of intervention use and the frequency of the targeted and replacement behaviors, including specific criteria for discontinuing an intervention for lack of effectiveness or replacing it with a specified and identified alternative

6. Criteria by which the procedure will be faded or phased-out, or less intense/restrictive intervention schedules or techniques that will be used

7. Those behavioral interventions which will be used in the home, residential facility, work site or other noneducational settings

8. Specific dates when the IEP team will periodically review the efficacy of the program

9. The frequency of the consultation to be provided by the behavioral intervention case manager to the staff and parents/guardians who are responsible for implementing the plan

Based on the results of the functional analysis assessment, interventions specified in the plan may include: (5 CCR 3052)

1. Altering the identified antecedent event to prevent the occurrence of the behavior

2. Teaching the student alternative behaviors that produce the same consequences as the inappropriate behavior

3. Teaching the student adaptive behaviors which ameliorate negative conditions that promote the display of inappropriate behaviors

4. Manipulating the consequences for the display of inappropriate behaviors and alternative, acceptable behaviors, so that the alternative behaviors more effectively produce desired outcomes

Acceptable responses to targeted behavior may include, but are not limited to, one or more of the following: (5 CCR 3052)

1. The behavior is ignored, but not the student.

2. The student is verbally or verbally and physically redirected to an activity.

3. The student is provided with feedback.

4. The message of the behavior is acknowledged.

5. A brief physical prompt is provided to interrupt or prevent aggression, self-abuse or property destruction.

The behavioral intervention plan shall become a part of the student's IEP and shall be sufficiently detailed so as to direct the plan's implementation. (5 CCR 3052)

A copy of the behavioral intervention plan shall be provided to the person or agency responsible for implementation in noneducational settings. (5 CCR 3001)

At intervals scheduled by the IEP team, the behavioral intervention case manager, parent/guardian and others as appropriate shall evaluate the effectiveness of the behavioral intervention plan in accordance with law. This review may be conducted in meetings, by telephone conference, or by other means, as agreed upon by the IEP team. (5 CCR 3052)

If the IEP team determines that changes in the behavioral intervention plan are necessary, the teacher and behavioral intervention case manager shall conduct additional functional analysis assessments and, based on the outcomes, propose changes to the plan. (5 CCR 3052)

The parent/guardian and the behavioral intervention case manager or qualified designee may make minor modifications without an IEP team meeting. The parent/guardian shall be notified of the need for modification and shall be able to review the existing program evaluation data prior to implementing the modification. Parents/guardians shall be informed of their right to question any modification to the plan through the IEP procedures. (5 CCR 3052)

The IEP team also may include in the plan contingency schedules for altering specified procedures, their frequency or their duration, without reconvening the IEP team. (5 CCR 3052)

When a student for whom a BIP is to be developed is also the responsibility of another agency for residential care or related services, the Superintendent or designee shall cooperate with the other agency to ensure that the BIP, to the extent possible, is implemented in a consistent manner. (Education Code 56520)

Behavior assessments and behavioral intervention services shall be provided only by individuals who possess the qualifications specified in Education Code 56525 or 5 CCR 3051.23.

Emergency Interventions

Emergency interventions may be used only to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the student or others and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. Emergency interventions shall not be used as a substitute for a systematic BIP that is designed to change, replace, modify, or eliminate a targeted behavior. (Education Code 56521.1)

No emergency intervention shall be used for longer than is necessary to contain the behavior. For any situation that requires a prolonged use of an emergency intervention, staff shall seek assistance of the principal or law enforcement agency, as applicable to the situation. (Education Code 56521.1)

Emergency interventions shall not involve the use of force exceeding what is reasonable and necessary under the circumstances. In addition, use of locked seclusion or a device, material, or objects that simultaneously immobilize all hands and feet shall not be allowed except as allowed by law. (Education Code 56521.1)

Parents/guardians and, if appropriate, residential care providers shall be notified within one school day whenever emergency intervention is used or serious property damage occurs. A behavior emergency report shall immediately be completed, kept in the student's file, and forwarded to the Superintendent or designee for review. This report shall include all of the following information: (Education Code 56521.1)

1. The name and age of the student
2. The setting and location of the incident
3. The name of the staff or other persons involved
4. A description of the incident and the emergency intervention used
5. A statement of whether the student is currently engaged in a systematic BIP
6. Details of any injuries sustained by the student or others, including staff, as a result of the incident

If the behavior emergency report is for a student who does not have a BIP, the Superintendent or designee shall, within two days, schedule an IEP team meeting to review the emergency report, determine the necessity for an FBA, and determine the necessity for an interim BIP. The IEP team shall document the reasons for not conducting the FBA and/or not developing the interim BIP. (Education Code 56521.1)

If the behavior emergency report is for a student who has a BIP, any incident involving a previously unseen serious behavior problem or where a previously designed intervention is not effective shall be referred to the IEP team. The IEP team shall review the incident and determine whether the student's plan needs to be modified. (Education Code 56521.1)

Prohibited Interventions

The district prohibits the use of corporal punishment as defined in Education Code 49001 as an intervention. In addition, the district prohibits all of the following: (Education Code 56521.2)

1. Any intervention designed or likely to cause physical pain, including, but not limited to, electric shock
2. Any intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or

substances near the student's face

3. Any intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities

4. Any intervention that is designed to subject, used to subject, or likely to subject the student to verbal abuse, ridicule, or humiliation or that can be expected to cause excessive emotional trauma

5. Any restrictive intervention that uses a device, material, or objects which simultaneously immobilize all hands and feet, including the procedure known as prone containment, except that prone containment or similar techniques may be used by trained staff as a limited emergency intervention

6. Locked seclusion, unless in a facility otherwise licensed or permitted by state law to use a locked room

7. Any intervention that precludes adequate supervision of the student

8. Any intervention that deprives the student of one or more of his/her senses

Policy 6161.1: Selection And Evaluation Of Instructional Materials

Status: DRAFT

Original Adopted Date: 11/01/2011 **| Last Revised Date:** 10/01/2023

The Board of Trustees desires that district instructional materials, as a whole, present a broad spectrum of knowledge and viewpoints, accurately reflect and value society's diversity, stimulate thought, the exploration of ideas and intellectual exchanges, and enhance instructors' ability to educate all students through the use of multiple teaching strategies and technologies. The Board shall adopt instructional materials based on a determination that such materials are an effective learning resource to help students achieve grade-level competency and that the materials meet criteria specified in law. Textbooks, technology-based materials, and other educational materials shall be aligned with academic content standards and the district's curriculum to ensure that they effectively support the district's adopted courses of study.

The Board shall select instructional materials for use in grades TK-8 that have been approved by the State Board of Education (SBE) or that have, during the district's review process, been determined to be aligned with the state academic content standards adopted by SBE, which includes instructional materials for mathematics and English language arts that are aligned to Common Core State Standards. (Education Code 60200, 60210)

In selecting or adopting instructional materials, the Board shall consider the recommendation of the Superintendent or designee and/or an advisory committee established to review the materials.

The degree to which every student has sufficient access to standards-aligned instructional materials shall be included in the district's local control and accountability plan. (Education Code 52060)

Sufficiency of Instructional Materials and Public Hearing

The Board shall annually conduct one or more public hearings on the sufficiency of the district's instructional materials, including textbooks, technology-based materials, other educational materials, and tests. Technology-based materials include, but are not limited to, software programs, video disks, compact disks, optical disks, video and audio tapes, lesson plans, databases, and the electronic equipment required to make use of those materials by students and teachers as a learning resource. (Education Code 60010, 60119)

The hearing shall be held on or before the end of the eighth week from the first day students attend school for that year. (Education Code 60119)

The Board encourages participation by parents/guardians, teachers, interested community members, and bargaining unit leaders at the hearing. Ten days prior to the hearing, the Superintendent or designee shall post a notice in three public places within the district containing the time, place, and purpose of the hearing. The hearing shall not take place during or immediately following school hours. (Education Code 60119)

At the hearing(s), the Board shall determine, through a resolution, whether each student in each school, including each English learner, has sufficient textbooks and/or other instructional materials that are aligned to the content standards adopted by SBE and consistent with the content and cycles of the curriculum framework adopted by SBE in each of the following subjects: (Education Code 60119)

1. Mathematics
2. Science
3. History-social science
4. English language arts, including the English language development component of an adopted program
5. World language
6. Health

In making these determinations, the Board shall consider whether each student has sufficient textbooks or other instructional materials to use in class and to take home. This does not require that each student have two sets of materials. However, materials shall not be considered sufficient if they are photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage. (Education Code 60119)

If materials are in a digital format, they shall be considered sufficient as long as each student, at a minimum, has and can access the same materials in the class and to take home as all other students in the same class or course in the district, and has the ability to use and access them at home. (Education Code 60119)

If the Board determines that there are insufficient textbooks or other instructional materials, the Board shall, by resolution, provide information to classroom teachers and to the public setting forth, for each school in which an insufficiency exists, the percentage of students who lack sufficient standards-aligned textbooks or instructional materials in each subject area and the reasons that each student does not have sufficient textbooks and/or instructional materials. The Board shall submit a copy of the resolution to the County Superintendent of Schools no later than three business days after the hearing. The Board shall take any action to ensure that each student has sufficient materials within two months of the beginning of the school year in which the determination is made. (Education Code 60119)

In addition, if the County Superintendent, in accordance with Education Code 1240, makes the district aware of a school that does not have sufficient textbooks or instructional materials, the district shall take any action to ensure that each student has sufficient materials within two months of the beginning of the school year.

Prohibition Against Refusal to Approve or Prohibit the Use of Specified Instructional Materials

The use of any textbook, instructional material, supplemental instructional material, or other curriculum for classroom instruction, or any book or other resource in a school library shall not be rejected or prohibited by the Board or district on the basis that it includes a study of the role and contributions of any individual or group consistent with the requirements of Education Code 51204.5 and 60040, unless such study would violate Education Code 51501 or 60044. (Education Code 243)

Complaints

Complaints concerning instructional materials shall be handled in accordance with Board Policy 1312.2 - Complaints Concerning Instructional Materials, Board Policy 1312.3 - Uniform Complaint Procedures, or Administrative Regulation 1312.4 - Williams Uniform Complaint Procedures, as applicable.

Regulation 6161.1: Selection And Evaluation Of Instructional Materials

Status: DRAFT

Original Adopted Date: 11/01/2010 **| Last Revised Date:** 10/01/2023

Review Process

The district's review process for evaluating instructional materials shall involve teachers in a substantial manner and shall encourage the participation of parents/guardians and community members in accordance with Education Code 60002. The review process may also involve administrators, other staff who have subject-matter expertise, and students as appropriate. The Superintendent or designee shall seek input from stakeholders with diverse backgrounds and perspectives.

If the district is considering the use of instructional materials for grades K-8 that have not been adopted by the State Board of Education (SBE), the Superintendent or designee shall ensure that a majority of the participants in the district's review process are classroom teachers who are assigned to the subject area or grade level of the materials. (Education Code 60210)

The Superintendent or designee may establish an advisory committee to conduct the review of instructional materials.

The Superintendent or designee shall present to the Board of Trustees recommendations for instructional materials and documentation that supports the recommendations.

All recommended instructional materials shall be available for public inspection at the district office.

When possible, the district may pilot instructional materials in a representative sample of classrooms for a specified period of time during a school year, in order to determine the extent to which the materials support the district's curricular goals and academic standards, and accurately reflect and value society's diversity. Feedback from teachers piloting the materials shall be made available to the Board before the materials are adopted.

Criteria for Selection and Adoption of Instructional Materials

In recommending instructional materials for adoption by the Board, the Superintendent or designee shall ensure that the materials:

1. Are aligned to the content standards adopted by SBE and consistent with the content and cycles of the curriculum framework adopted by SBE

   For grades K-8, only instructional materials on the list of materials adopted by SBE and/or other instructional materials that have not been adopted by SBE but are aligned with the state academic content standards or the Common Core State Standards may be recommended for selection. (Education Code 60200, 60210)

2. Do not reflect adversely upon persons because of any characteristic specified in law and Board Policy 0410 - Nondiscrimination in District Programs and Activities, nor contain any sectarian or denominational doctrine or propaganda contrary to law (Education Code 51501, 60044)

3. To the satisfaction of the Board, are accurate, objective, current, and suited to the differing needs and comprehension of district students at their respective grade levels (Education Code 60045)

4. With the exception of literature and tradebooks, use proper grammar and spelling (Education Code 60045)

5. Do not expose students to a commercial brand name, product, or corporate or company logo unless the Board makes a specific finding that the use is appropriate based on one of the following: (Education Code 60048, 60200)

   a. The commercial brand name, product, or corporate or company logo is used in text for an educational purpose as defined in guidelines or frameworks adopted by SBE

   b. The appearance of a commercial brand name, product, or corporate or company logo in an illustration is incidental to the general nature of the illustration

6. Meet the requirements of Education Code 60040-60043 for specific subject content, including, but not limited to:

    a. Accurately portraying society's cultural and racial diversity, including:

        i. The contributions of all genders in all types of roles, including professional, vocational, and executive roles

        ii. The role and contributions of Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, LGBTQ+ Americans, persons with disabilities, and members of other ethnic, cultural, religious, and socioeconomic groups to the total development of California and the United States

        iii. The role and contributions of the entrepreneur and labor in the total development of California and the United States

    b. Accurately portraying humanity's place in ecological systems and the necessity for the protection of the environment

    c. Accurately portraying the effects on the human system of the use of tobacco, alcohol, and narcotics, and restricted dangerous drugs as defined in Health and Safety Code 11032, and other dangerous substances

    d. Encouraging thrift, fire prevention, and the humane treatment of animals and people

    e. Requiring, when appropriate to the comprehension of students, that textbooks for social science, history, or civics classes contain the Declaration of Independence and the United States Constitution

7. Support the district's adopted courses of study and curricular goals, including the district's local control and accountability plan

8. Contribute to a comprehensive, balanced curriculum

9. Demonstrate reliable quality of scholarship as evidenced by:

    a. Accurate, up-to-date, and well-documented information

    b. Objective presentation of diverse viewpoints

    c. Clear, concise writing and appropriate vocabulary

    d. Thorough treatment of subject matter

10. Provide for a wide range of materials at all levels of difficulty, with appeal to students of varied interests, abilities, and developmental levels

11. Stimulate discussion of contemporary issues, exploration of ideas, and intellectual exchanges, and improve students' thinking and decision-making skills

12. As appropriate, have corresponding versions available in languages other than English

13. Include high-quality teacher's guides

14. When available, include options for lighter weight materials, including materials in digital format, in order to help minimize any injury to students by the combined weight of instructional materials

In addition to meeting the above criteria as applicable, technology-based materials shall:

1. Be both available and comparable to other, equivalent instructional materials (Education Code 60052)

2. Be accessible to all students, including economically disadvantaged students, students with disabilities, and

English learners

3. Protect the privacy of student data

Conflict of Interest

To ensure integrity in the evaluation and selection of instructional materials, individuals who are participating in the evaluation of instructional materials and are not otherwise designated in the district's conflict of interest code shall sign a disclosure statement indicating that they:

1. Will not accept any emolument, money, or other valuable thing or inducement to directly or indirectly introduce, recommend, vote for, or otherwise influence the adoption or purchase of any instructional material (Education Code 60072)

   Sample copies of instructional materials are excepted from this prohibition (Education Code 60075)

2. Are not employed by nor receive compensation from the publisher or supplier of the instructional materials or any person, firm, organization, subsidiary, or controlling entity representing it

3. Do not have an interest as a contributor, author, editor, or consultant in any textbook or other instructional material submitted to the district

Status: DRAFT

Original Adopted Date: 11/01/2012 **| Last Revised Date:** 10/01/2023

RESOLUTION ON SUFFICIENCY OF INSTRUCTIONAL MATERIALS

Whereas, the Board of Trustees of the Alum Rock Union School District in accordance with the requirements of Education Code 60119, held a public hearing on *(date)*, at *(time)*, which is on or before the eighth week of school (between the first day that students attend school and the end of the eighth week from that day) and which did not take place during or immediately following school hours, and;

Whereas, the Board provided at least 10 days notice of the public hearing by posting it in at least three public places within the district stating the time, place, and purpose of the hearing, and;

Whereas, the Board encouraged participation by parents/guardians, teachers, members of the community, and bargaining unit leaders in the public hearing, and;

Whereas, information provided at the public hearing detailed the extent to which sufficient textbooks or other instructional materials were provided to all students, including English learners, in the Alum Rock Union School District, and;

Whereas, the definition of sufficient textbooks or instructional materials means that each student, including each English learner, has standards-aligned textbooks and/or instructional materials to use in class and to take home, which may include materials in a digital format as long as each student, at a minimum, has and can access the same materials in the class and at home as other students in the same class or course in the district, but shall not include photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage, and;

Whereas, textbooks or instructional materials in core curriculum subjects should be aligned with state academic content standards and/or the Common Core State Standards adopted by the State Board of Education.

Finding of Sufficient Textbooks or Instructional Materials

Therefore, be it resolved, for the *(year)* school year, the Alum Rock Union School District, sufficient standards-aligned textbooks or other instructional materials that are consistent with the cycles and content of the curriculum frameworks were provided to each student, including each English learner, at the following schools in the following subjects:

- Mathematics: (List adopted textbooks or instructional materials for this subject for each school as well as applicable state adoption cycle.)

Policy 6161.11: Supplementary Instructional Materials

Status: DRAFT

Original Adopted Date: 12/01/1990 **| Last Revised Date:** 10/01/2023

The Board of Trustees acknowledges that there may be a need for the use of supplementary instructional materials to enrich the curriculum and enhance student learning. Such materials shall be aligned with district goals, curriculum objectives, and academic standards and shall supplement and not supplant the use of Board-adopted basic instructional materials that serve as the primary learning resources.

Supplementary instructional materials include, but are not limited to, instructional materials that are designed to serve one or more of the following purposes: (Education Code 60010)

1. To provide more complete coverage of one or more subjects included in a given course
2. To meet the various learning ability levels of students in a given age group or grade level
3. To meet the diverse educational needs of students with a language disability in a given age group or grade level
4. To meet the diverse educational needs of students reflective of a condition of cultural pluralism
5. To use current, relevant technology that further engages interactive learning in the classroom and beyond
6. To provide culturally relevant materials representative of the student demographics aligned to the grade level standards and expectations

Supplementary instructional materials may be selected by the Superintendent or designee, school administrators, or teachers, as applicable, and obtained through donations to the district and/or available funding sources designated for these purposes.

The use of any supplemental instructional material shall not be rejected or prohibited by the Board or district on the basis that it includes a study of the role and contributions of any individual or group consistent with the requirements of Education Code 51204.5 and 60040, unless such study would violate Education Code 51501 or 60044. (Education Code 243)

As appropriate, supplementary instructional materials shall meet the criteria developed for the selection and evaluation of basic instructional materials as described in AR 6161.1 - Selection and Evaluation of Instructional Materials.

Supplementary instructional materials shall be directly related to the course of study in which they are being used and shall be appropriate for the age and maturity level of the students.

The use or reproduction of supplementary instructional materials shall be in accordance with federal copyright law.

Appropriateness of Materials

Whenever a district employee proposes to use a supplementary resource which is not included in the approved learning resources of the district, the employee shall preview the material to determine whether, in the employee's professional judgment, it is appropriate for the grade level taught and is consistent with district criteria for the selection of supplementary instructional materials.

The employee shall confer with the Superintendent or designee as necessary to determine the compliance of the material with district criteria. The primary considerations should be the educational value, factual accuracy, appropriateness, including whether the material contains pervasive vulgarity or profanity, and relevance of the materials, as well as the ages and maturity of the students.

The Superintendent or designee may provide training to administrators and teachers in the selection and evaluation of supplementary instructional materials, including the criteria to be utilized and applicable legal considerations.

Complaints

Complaints concerning supplemental instructional materials shall be handled in accordance with Board Policy 1312.2 - Complaints Concerning Instructional Materials and Board Policy 1312.3 - Uniform Complaint Procedures, as applicable.

Policy 6161.2: Damaged Or Lost Instructional Materials

Status: DRAFT

Original Adopted Date: 03/01/1987 **| Last Revised Date:** 07/01/2005

The Board of Trustees recognizes that instructional materials are an expensive resource and that each student is entitled to sufficient instructional materials in accordance with law. Instructional materials provided for use by students remain the property of the district. Students are responsible for returning borrowed materials in good condition, with no more wear and tear than usually results from normal use.

When materials are lost or so damaged that they are no longer usable, the student shall be immediately issued a replacement material. However, students or parents/guardians shall be responsible for reparation equal to the current replacement cost of the materials. When materials are damaged but still usable, the Superintendent or designee shall determine an appropriate charge.

If it can be demonstrated to the Superintendent or designee's satisfaction that the student has taken all reasonable precautions to safeguard instructional materials issued to him/her, the Superintendent or designee may excuse the student or parent/guardian from payment of reparation.

If reparation is not excused and not paid by the student or parent/guardian, the district may withhold the student's grades, diploma and transcripts in accordance with law, Board policy, and administrative regulation.

Policy 6162.5: Student Assessment

Status: DRAFT

Original Adopted Date: 07/01/2010 **| Last Revised Date:** 09/01/2023

The Board of Trustees recognizes that student assessments are an important instructional and accountability tool. To obtain the most accurate evaluation of student performance, the district shall use a variety of measures, including district, state, and/or national assessments.

Any student use of technology to complete assessments shall be as specified in Board Policy 5131.9 - Academic Honesty and Board Policy 6163.4 - Student Use of Technology.

Assessment data shall be used to help determine individual students' progress, mastery of academic standards, appropriate placement in district programs, and/or eligibility for graduation. In addition, summary data on student assessment results shall be used by the district to identify and review student achievement goals in the district's local control and accountability plan, evaluate district educational programs in order to identify needed improvements, and, as appropriate, evaluate staff performance.

In selecting or developing any district assessment, the Superintendent or designee shall examine evidence of its reliability, its validity for the intended purpose and for various student populations, and the extent to which it aligns with the material that is being taught.

The Superintendent or designee shall ensure that assessments are administered in accordance with law and test publisher's directions, and that test administration procedures are fair and equitable for all students.

As appropriate, assessment results shall be disaggregated by student subgroup, classroom, grade level, and/or school site to allow for critical analysis of student needs.

The Superintendent or designee shall provide professional development as needed to assist administrators and teachers in interpreting and using assessment data to improve student performance and the instructional program.

When districtwide and school-level results of student assessments are published by the state, the Superintendent or designee may provide supplementary information to assist parents/guardians and the community in understanding test results.

Interim and Formative Assessments

State interim and formative assessments may be used in combination with other sources of information to gain timely feedback about student progress in an effort to continually adjust instruction to improve learning, and for communicating with students' parents/guardians and identifying professional development goals. Results from interim and formative assessments shall not be used for any high-stakes purpose, including, but not limited to, teacher or other school staff evaluation, accountability, student grade promotion or retention, graduation, course or class placement, identification for gifted or talented education, reclassification of English learners, or identification as an individual with exceptional needs. (Education Code 60642.6, 60642.7)

The Superintendent or designee shall ensure that teachers who administer interim and formative assessments have access to all functions and information designed for teacher use related to such assessments and student performance on the assessments. (Education Code 60642.6)

Individual Record of Accomplishment

No individual record of accomplishment shall be released to any person, other than the student's parent/guardian or a teacher, counselor, or administrator directly involved with the student, without the written consent of the student's parent/guardian, or the student if the student is an adult or emancipated minor. The student or the student's parent/guardian may authorize the release of the record of accomplishment to a postsecondary educational institution for the purposes of credit, placement, or admission. Furthermore, the results of an individual student on the CAASPP may be released to a postsecondary educational institution for the purpose of credit, placement, or admission. (Education Code 60607)

Policy 6162.51: State Academic Achievement Tests

Status: DRAFT

Original Adopted Date: 03/01/2007 **| Last Revised Date:** 12/01/2013

The Board of Trustees recognizes that state achievement test results provide an indication of student progress in achieving state academic standards and may be used to promote high-quality teaching and learning. The Superintendent or designee shall administer mandatory student assessments within the California Assessment of Student Performance and Progress (CAASPP) as required by law and in accordance with Board policy and administrative regulation.

The Board strongly encourages all students at the applicable grade levels to participate in the state assessments in order to maximize the usefulness of the data and enable the district to meet participation levels required for state and federal accountability systems. The Superintendent or designee shall notify students and parents/guardians about the importance of these assessments and shall develop strategies to encourage student participation. Students shall be exempted from participation only in accordance with law and administrative regulation.

The Board shall annually examine state assessment results by school, grade level, and student subgroup as one measure of the district's progress in attaining its student achievement goals and shall revise the local control and accountability plan and other district or school plans as necessary to improve student achievement for underperforming student groups.

Regulation 6162.51: State Academic Achievement Tests

Status: DRAFT

Original Adopted Date: 12/01/2013 **| Last Revised Date:** 06/01/2021

The Superintendent or designee shall administer the California Assessment of Student Performance and Progress (CAASPP) to all district students at applicable grade levels, except those students exempted by law.

The students of any charter school that receives its state funding allocation through the district shall be tested in coordination with the testing of district students. In addition, the Superintendent or designee shall arrange for the testing of students in any alternative education program or program conducted off campus, including, but not limited to, non-classroom based programs, continuation schools, independent study, community day schools, county community schools, juvenile court schools, or nonpublic, nonsectarian schools. No test shall be administered in a home or hospital except by a test administrator or test examiner. (5 CCR 851)

On or before July 1 of each year, the Superintendent or designee shall identify any district school(s) with students who are unable to access the computer-based assessment of a CAASPP test and shall report the number of such students to the test contractor. If available, a paper and pencil version of the assessment may be administered to such students. (5 CCR 853, 857)

On or before July 1 of each year, the Superintendent or designee shall designate a district coordinator who shall oversee all matters related to the testing program and serve as the district representative and liaison with the test contractor and the California Department of Education (CDE). The Superintendent or designee shall also designate a coordinator for each test site. The duties of the district and site test coordinators shall include those specified in 5 CCR 857-858. (5 CCR 857-858)

The Superintendent or designee also shall appoint trained test administrator(s) to administer the CAASPP achievement tests and test examiner(s) to administer the California Alternate Assessments. A test examiner shall be a certificated or licensed employee or contractor of the district or county office of education. (5 CCR 850)

As appropriate, the Superintendent or designee shall assign a specially trained district employee to serve as a test proctor to assist the test examiner; a specially trained district employee, or other person supervised by a district employee, to serve as a translator to translate the test directions into a student's primary language; and a district employee to serve as a scribe to transcribe a student's responses to the format required by the test. A student's parent/guardian or sibling shall not be eligible to be that student's translator or scribe. (5 CCR 850)

All test administrators, test examiners, proctors, translators, scribes, district and site test coordinators, and other persons having access to any of the CAASPP achievement tests and corresponding test materials, assessment technology platform, or tests administered pursuant to Education Code 60640 shall acknowledge the limited purpose of their access to the achievement tests by signing a test security affidavit. In addition, all district and site test coordinators shall sign a test security agreement before receiving any CAASPP achievement tests and corresponding test materials. The test security affidavit and test security agreement shall be those set forth in 5 CCR 859. (5 CCR 850, 859)

Tests Included in the State Assessment System

The district shall administer the following CAASPP assessments: (Education Code 60640; 5 CCR 851.5)

1. The Smarter Balanced summative assessments for English language arts and mathematics in grades 3-8 and 11, except that:

    a. Recently arrived English learners, defined pursuant to Education Code 60603 as English learners who are in their first 12 months of attending a school in the United States, shall be exempted from taking the English language arts assessment to the extent allowed by federal law. A recently arrived English learner may be administered the test upon request by the student's parent/guardian.

    b. Students with disabilities who are unable to participate in the English language arts and mathematics assessments, even with the resources described in the section "Testing Variations" below, shall be provided an alternate test when designated in their individualized education program (IEP), as provided in item #3 below.

2. The California Science Test (CAST) at grades 5, 8, and once in grades 10-12

   However, students with disabilities who are unable to participate in the CAST, even with the resources described in the "Testing Variations" section below, shall be provided an alternate test when designated in their IEP, as provided in item #3 below.

3. The California Alternate Assessments (CAA) in English language arts, mathematics, and science for students with significant cognitive disabilities who are unable to take the tests specified in items #1-2 above, even with appropriate accommodations or other testing resources, and who have an IEP that designates the use of alternate tests at the applicable grade levels

In addition, the Superintendent or designee may administer the California Spanish Assessment (CSA) to English learners. Administration of this test shall not replace the administration of the above tests, administered in English, to English learners. (Education Code 60640)

The CSA also may be used to assess students in a dual language immersion program who are not limited English proficient or who are redesignated fluent English proficient, subject to approval by CDE of an agreement between the district and the state testing contractor. (Education Code 60640)

Throughout the school year, schools may use Smarter Balanced interim assessments and formative assessment tools at any grade level to provide timely feedback regarding students' progress toward mastery of the skills measured by the summative assessments in English language arts and mathematics and to assist teachers in continually adjusting instruction to improve learning. The Superintendent or designee may determine the timing and frequency of the administration of such assessments.

Exemptions

Each year the Superintendent or designee shall notify parents/guardians of their child's participation in the CAASPP and of the provisions of Education Code 60615 related to exemptions from testing. (5 CCR 852)

Parents/guardians may annually submit to the school a written request to excuse their child from any or all parts of the CAASPP assessments for the school year, and such a request shall be granted by the Superintendent or designee. However, district employees shall not solicit or encourage any exemption request on behalf of any student or group of students. (Education Code 60615; 5 CCR 852)

If a parent/guardian submits an exemption request after testing has begun, any test(s) completed before the request is submitted will be scored and the results reported to the parent/guardian and included in the student's records. (5 CCR 852)

Testing Period

The Superintendent or designee shall establish testing days for district students within the following available testing windows: (5 CCR 855)

1. Unless otherwise specified in state regulations, assessments shall be administered between the date on which at least 66 percent of the school's or track's annual instructional days have been completed, but no earlier than the second Tuesday in January, and the last day of instruction for the regular annual calendar of the school or track, but no later than July 15 or, if July 15 is not a weekday, then the next weekday following July 15.

2. The CAA for science shall be administered annually beginning on a date in September as determined by CDE through the last day of instruction for the regular annual calendar of the school or track, but no later than July 15 or, if July 15 is not a weekday, then the next weekday following July 15.

3. The CSA shall be administered to English learners within the testing window specified in item #1.

Within the above testing windows, the Superintendent or designee may designate one testing period for each school or track or, if a school has multiple tracks, a selected testing period for each track. The district shall not exceed six selected testing periods within the available testing window. The testing period shall be no fewer than 25 consecutive instructional days and may be extended up to an additional 10 consecutive instructional days if still within the available testing window set forth in items #1-2 above. (5 CCR 855)

Students who are absent during testing shall be provided an opportunity to take the tests within the testing window.

Testing Variations

All CAASPP tests shall be administered in accordance with the manuals or other instructions provided by the test contractor or CDE except that, as appropriate, the following testing variations may be used: (5 CCR 850, 853-854.4)

1. Universal tools specified in 5 CCR 854.1-854.4 may be used with any student.

2. Designated supports specified in 5 CCR 854.1-854.4 may be used with a student for whom the need has been indicated by an educator or team of educators, with parent/guardian and student input as appropriate, or for whom the need is specified in the student's IEP or Section 504 plan.

3. Accommodations specified in 5 CCR 854.1-854.4 may be used with a student with disabilities when included in the student's IEP or Section 504 plan as resources that are regularly used in the classroom for the student's instruction and/or assessment(s). Such accommodations shall be either utilized in the assessment environment or consist of changes in procedures or materials that increase equitable access during the assessment.

4. An unlisted resource that has not been specifically identified as an approved universal tool, designated support, or accommodation may be used with a student who has an IEP or Section 504 plan provided that the resource is one that is regularly used in the classroom for instruction and/or assessment and CDE has approved its use. At least 10 business days prior to the student's first day of CAASPP testing, the district or school site test coordinator may electronically submit a request to CDE for approval to use that unlisted resource during that year. If CDE determines that the unlisted resource changes the construct being measured, the unlisted resource may nevertheless be used with the student in order to generate an individual score report even though the student shall not be counted in the participation rate for accountability measures. (5 CCR 854.9)

In the administration of the CAA to a student with significant cognitive disabilities, the student may have all instructional supports that may be used in daily instruction or assessment, including language and physical supports, with the exception of any inappropriate test practices listed in test administration manuals. (5 CCR 850, 854.5)

English Language Proficiency Assessments for California (ELPAC)

1. Identification and Initial Assessment:

    - Upon enrollment, students complete a home language survey to determine if their primary language is other than English.

    - Students identified through the survey are assessed using the Initial ELPAC to determine their English proficiency.

2. Annual Summative Assessment:

    - English learners are administered the Summative ELPAC annually to measure progress in English language proficiency across listening, speaking, reading, and writing domains.

3. Parental Notification:

    - Parents or guardians are notified in writing about their child's ELPAC assessment results within 30 calendar days after the student's initial enrollment or receipt of test results.

4. Reclassification Criteria:

    - Students may be reclassified as fluent English proficient based on multiple criteria, including ELPAC scores, teacher evaluation, parent input, and performance on standardized tests.

5. Accommodations and Supports:

    - English learners may receive appropriate testing accommodations during assessments, as specified in Title 5 of the California Code of Regulations.

6. Monitoring and Reporting:
    - Districts are required to monitor the progress of English learners and report assessment results to the California Department of Education, ensuring compliance with state and federal regulations.

Report of Test Results

For any state assessments that produce valid individual student results, the Superintendent or designee shall forward or transmit the student's test results to the student's parents/guardians within 20 working days from receipt of the results from the test contractor or, if the district receives the results from the contractor after the last day of instruction for the school year, then within the first 20 working days of the next school year. The report shall include a clear explanation of the purpose of the test, the student's score, and its intended use by the district. An individual student's scores shall also be reported to the school and teacher(s) and shall be included in the student record. (Education Code 60641; 5 CCR 863)

With parent/guardian consent, the Superintendent or designee may release a student's test results to a postsecondary educational institution for the purposes of credit, placement, determination of readiness for college-level coursework, or admission. (Education Code 60641)

The Superintendent or designee shall present districtwide, school-level, and grade-level results to the Board of Trustees at a regularly scheduled meeting. The Board shall not receive individual students' scores or the relative position of any individual student. (Education Code 49076, 60641)

Policy 6162.54: Test Integrity/Test Preparation

Status: DRAFT

Original Adopted Date: 03/01/2001 **| Last Revised Date:** 04/01/2014

The Board of Trustees desires to protect the integrity of student assessments in order to obtain accurate and reliable student achievement data and to ensure accountability to the community and state. Staff and students shall maintain a high level of integrity in the completion and handling of student assessments.

In administering standardized tests, staff shall not engage in any acts that could result in the invalidation of test results, such as:

1. Providing inappropriate test preparation
2. Modifying test administration procedures, except as allowed by law
3. Providing inappropriate assistance to students during test administration
4. Changing or filling in answers on student answer sheets
5. Providing inaccurate data on student header sheets
6. Discouraging or excluding certain students from taking the test
7. Engaging in any other practice to artificially raise student scores without actually improving underlying student achievement

Appropriate Test Preparation

The Superintendent or designee, principals, and teachers shall not implement any program for the sole purpose of test preparation of students for the statewide assessment system or a particular test used in the statewide assessment system. (Education Code 60611)

The primary preparation for assessments shall be high-quality instruction in the content specified in state and district academic standards. In addition, staff may prepare students for assessments by teaching general test-taking strategies and familiarizing them with item types or the computer-based testing environment used in state assessments.

Investigation and Consequences of Testing Irregularities

Reports of cheating on assessments shall be submitted to the Superintendent or designee. The Superintendent or designee shall immediately investigate with due diligence any reports of inappropriate test preparation or other testing irregularities.

Students found to have cheated on assessments shall be subject to disciplinary procedures in accordance with Board policy and administrative regulations.

A staff member found to have committed testing irregularities shall be subject to discipline in accordance with law, applicable collective bargaining agreements, Board policy, and administrative regulations.

If the Superintendent or designee is made aware of a testing irregularity on state assessments, he/she shall report the irregularity to the California Department of Education.

Policy 6162.6: Use Of Copyrighted Materials

Status: DRAFT

Original Adopted Date: 06/01/1988 **| Last Revised Date:** 08/01/2013

The Board of Trustees recognizes that district staff and students may use a variety of copyrighted materials in the educational program and other district operations. When such materials have not been purchased by the district for the intended use, the Board expects staff and students to respect the protections afforded by federal law to the copyright owners of those materials and respect any limitations by the copyright holder to the license of such materials.

Any literary, musical, dramatic, choreographic, pictorial, graphic, sculptural, audiovisual or motion picture, sound, architectural, or other original work shall be assumed to be a copyrighted work, regardless of whether the work appears in print, audio, video, electronic, or other fixed and tangible form.

Before reproducing a copyrighted material for instructional or other district purposes, a staff member shall determine if the material is in the public domain or if the intended use of the material meets the criteria for fair use or another exception pursuant to 17 USC 107-122. If the material is not in the public domain or no recognized exception applies, the staff member shall seek permission of the copyright holder before using the material.

The Superintendent or designee shall inform staff that inclusion of an attribution citing the author and source of a copyrighted material does not absolve the staff member from the responsibility to either obtain permission or satisfy criteria for fair use or another exception.

If a staff member is uncertain as to whether the intended use of the material meets the criteria for fair use or another exception, he/she shall take the safest course and seek permission from the copyright holder to use the material or, if it is impracticable to obtain permission, shall contact the Superintendent or designee for clarification and assistance.

Students shall not copy or distribute copyrighted works to others. Staff members shall take reasonable precautions to prevent copying or the use of unauthorized copies on school equipment.

The Superintendent or designee shall ensure that staff and students receive information and training about copyright laws and the penalties for violating such laws.

Regulation 6162.6: Use Of Copyrighted Materials

Status: DRAFT

Original Adopted Date: 06/01/1988 **| Last Revised Date:** 08/01/2013

Prior to reproducing, distributing, displaying, posting, performing, or otherwise using a copyrighted material for an instructional purpose or in the course of other district business, district staff shall determine whether it is necessary to request permission of the copyright holder. Unless the staff member is reasonably certain that the material is in the public domain or the intended use meets the criteria for an exception specified in 17 USC 107-122 and this administrative regulation, he/she shall either obtain permission from the copyright holder or avoid use of the material. In addition, permission of the copyright holder shall be requested whenever district staff intend to publicly disseminate a copyrighted work, such as by posting on the district or school web site or using another method of communications accessible to the public.

Any reproduction or other use of a copyrighted work shall include the copyright notice.

District staff shall not reproduce and distribute copyrighted works of any type in any of the following circumstances:

1. When the copyrighted work is a "consumable" work such as a workbook, standardized test, answer sheet, or similar material

2. To substitute for the purchase of the work

3. To create, replace, or substitute for anthologies or collective works

Request for Permission to Use Copyrighted Material

As necessary, district staff desiring to use a copyrighted material shall identify and contact the copyright holder to request permission to use the material. The request shall include the following information:

1. Title, author(s), editor(s) or publisher, producer(s) or distributor

2. Edition, copyright, and/or production year

3. Exact amount of material to be used, such as the number of lines, pages, or chapters or percentage of the work

4. Nature of the use, such as the course in which it will be used, the grade level of the students, the number of students, and the frequency of use

5. How the material will be reproduced and distributed

If the copyright holder requires a fee to grant permission, district staff shall seek approval from the Superintendent or designee prior to incurring the cost.

Criteria for Fair Use

In considering whether a copyrighted work may be used without the copyright holder's permission on the grounds that the intended use is "fair use" pursuant to 17 USC 107, including reproduction in copies, phonorecords, or any other reproductive form for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship, or research, district staff shall consider all of the following factors: (17 USC 107)

1. The purpose and character of the use, including whether the use is of a commercial nature or for nonprofit educational purposes

2. The nature of the copyrighted work

3. The amount and substantiality of the portion used in relation to the copyrighted work as a whole

4. The effect of the use upon the potential market for or value of the copyrighted work

Any determination of fair use shall weigh together all the factors specified in items #1-4 above in addition to any applicable guidelines presented in this administrative regulation for specific types of copyrighted works.

Guidelines for Copying Text

Staff may reproduce text from a copyrighted work from a printed resource, the Internet, or other source, without permission from the copyright holder, under the following conditions:

1. A single copy of a chapter of a book, article from a periodical or newspaper, short story, short essay, short poem, chart, graph, diagram, drawing, cartoon, or picture may be made by or for a teacher for his/her scholarly research or use in teaching or preparation to teach a class.

2. Multiple copies, not to exceed one copy per student in a course, may be made by or for a teacher for classroom use or discussion, provided that:

    a. The amount to be copied does not exceed:

        i. 250 words for a complete poem or excerpt from a poem

        ii. 2,500 words for a complete article, story, or essay

        iii. 1,000 words or 10 percent of the whole (with a minimum of 500 words), whichever is less, for an excerpt from a larger prose work

        iv. One illustration (e.g., chart, graph, diagram, cartoon, or picture) per book or periodical issue

    b. The copying is for only one course in the school.

    c. With the exception of newspapers and other news periodicals, not more than one work is copied from the same author per term, not more than three works are copied from the same collective work or periodical volume per term, and there are no more than nine instances of multiple copying per course per term.

    d. A delay to request permission from the copyright holder would preclude the most effective instructional use of the material.

Guidelines for Reproducing Sheet and Recorded Music

District staff may reproduce sheet music and recorded music without permission from the copyright holder under the following conditions:

1. Emergency copies may be made when purchased copies needed for an imminent performance are not available, provided that replacement copies shall be purchased in due course.

2. Single or multiple copies of excerpts of works may be made for academic purposes other than performances, provided that the excerpt does not constitute an entire performable unit (e.g., a section, movement, or aria), no more than 10 percent of the total work is used, and the number of copies made does not exceed one per student.

3. Printed copies that have been purchased may be edited or simplified provided that the character of the work is not distorted and lyrics are not added or altered.

4. A single copy of a recorded performance by students may be made for evaluation or rehearsal purposes.

5. A single copy of recordings of copyrighted music owned by the district or individual teacher may be made for the purpose of constructing exercises or examinations.

Guidelines for Performing or Displaying Copyrighted Works

In the course of face-to-face instruction in a classroom or similar place devoted to instruction, teachers or students may recite, render, play, dance, act, or show a copyrighted work either directly or by means of any device or process or, in the case of a motion picture or other audiovisual work, show its images in any sequence or to make the sounds accompanying it audible, provided that: (17 USC 101, 110)

1. The performance or display is given by means of a lawfully obtained copy of the work.

2. The performance or display is made by, at the direction of, or under the actual supervision of a teacher as an integral part of a class session.

3. The performance or display is directly related and of material assistance to the teaching content of the transmission.

4. The transmission is limited to students enrolled in the course or to Board of Trustees members or employees as part of their official duties or employment.

5. If the work is to be digitally transmitted, the district has applied technological protections that reasonably prevent retention of the work in accessible form for longer than the class session and the unauthorized further dissemination of the work.

Any use of a motion picture or other audiovisual work outside the curriculum, such as for entertainment, a school or class reward, or a fundraiser, shall require permission from the copyright holder or a special viewing license.

Guidelines for Recording Broadcast Programming

Teachers may make recordings of television programs for use in a classroom for educational purposes under the following conditions:

1. Only programs provided to the public free of charge may be recorded and shown. Any use of programming from paid television services shall require permission of the copyright holder.

2. The recording may be shown only during the first 10 consecutive school days after it is made. It may be used once by an individual teacher in the course of relevant teaching activities and may be repeated once only when instructional reinforcement is necessary.

3. A limited number of copies may be reproduced from each recording to meet the legitimate needs of the teacher. Each copy shall be subject to all the provisions governing the original recording.

4. The recording may be retained for 45 calendar days after it is made and then shall be erased or destroyed. However, after the first 10 consecutive school days, the recording may only be used for purposes of determining whether or not to include the broadcast program in the teaching curriculum. If the teacher decides to keep the program for use in the curriculum, he/she shall request permission from the copyright owner.

5. Off-air recordings need not be used in their entirety, but the content of recorded programs may not be altered.

Guidelines for Copying Computer Programs or Software

District staff shall observe all licensing agreements between vendors and the district, including monitoring the number of users permitted by an agreement. Unless the applicable licensing agreement authorizes multiple users of a single computer program or software, the district shall not make multiple copies.

Copies of district-owned software may be made under either of the following conditions: (17 USC 117)

1. The copy is needed as an essential step in using the computer program with a particular machine.

2. The copy is used for archival or "backup" purposes only. This copy may be held only as a file copy and must be destroyed in the event that continued possession of the program ceases to be rightful, unless the copyright owner authorizes its sale, lease, or transfer as part of the sale, lease, or transfer of the original program.

Policy 6162.8: Research

Status: DRAFT

Original Adopted Date: 03/01/1992 **| Last Revised Date:** 11/01/2002

The Board of Trustees recognizes the value of academic research to improve educational programs and practices. Researchers shall respect the privacy rights of students, including their right to refrain from participation in research projects in accordance with law, Board policy and administrative regulation.

The Superintendent or designee may authorize research projects within the district by outside groups or persons when such research is aligned with district goals and objectives and is likely to benefit the district without disrupting the school program.

The Superintendent or designee shall ensure that parents/guardians receive prior notification of any surveys or evaluations that collect personal student information and that consent is obtained in accordance with law.

Regulation 6162.8: Research

Status: DRAFT

Original Adopted Date: 03/01/1992 **| Last Revised Date:** 11/01/2002

Persons or groups wishing to use district staff, students or property in connection with an academic research project shall submit to the Superintendent or designee a written proposal which includes:

1. Name of researcher(s) and academic credentials
2. Purpose and scope of the project
3. Method of study or investigation to be used
4. Extent of participation expected of students and staff
5. Use to which project results will be put
6. Benefits to the school(s) or the district

The Superintendent or designee shall evaluate the extent to which the proposal:

1. Shows potential for improving instructional programs and strategies
2. Addresses a relevant educational problem, concern or issue
3. Is designed to minimize interruptions and demands upon the time of students and staff

The Superintendent or designee may approve the proposed project for a period of one school year or less. To extend any project into a second school year, the researcher(s) must obtain approval from the Superintendent or designee.

Researchers shall certify that they will use no school names in the publication of findings without the approval of the Superintendent or designee.

Policy 6163.2: Animals At School

Status: DRAFT

Original Adopted Date: 10/01/1996 **| Last Revised Date:** 03/01/2011

The Board of Trustees recognizes that animals can contribute to the district's instructional program by being effective teaching aids to students and by assisting individuals with disabilities to access district programs and activities. In addition, instruction related to the care and treatment of animals teaches students a sense of responsibility and promotes the humane treatment of living creatures.

The Superintendent or designee shall develop rules and procedures to ensure that when animals are brought to school, the health, safety, and welfare of students, staff, and the animals are protected. However, the district assumes no liability for the safety of animals allowed on district property.

Regulation 6163.2: Animals At School

Status: DRAFT

Original Adopted Date: 10/01/1996 **| Last Revised Date:** 03/01/2011

Use of Animals for Instructional Purposes

Before any student or employee brings an animal to school for an instructional purpose, he/she shall receive written permission from the principal or designee. The principal or designee shall give such permission only after he/she has provided written notification to all parents/guardians of students in the affected class, asking them to verify whether their child has any known allergies, asthma, or other health condition that may be aggravated by the animal's presence. When a parent/guardian has provided notification that his/her child has an allergy, asthma, or other health condition that may be aggravated by the animal, the principal shall take appropriate measures to protect the student from exposure to the animal.

All animals brought to school must be in good physical condition and must be appropriately immunized. The teacher shall ensure that the species of animal is appropriate for the instructional purpose and age and maturity of the students.

All animals brought to school shall be adequately fed, effectively controlled, humanely treated, and properly housed in cages or containers suitable for the species. The teacher shall ensure that cages and containers are cleaned regularly and that waste materials are removed and disposed of in an appropriate manner.

The teacher shall ensure that students receive instructions regarding the proper handling of and personal hygiene around animals.

Except for service animals, as defined below, all animals are prohibited on school transportation services. (Education Code 39839; 13 CCR 1216)

Use of Service Animals by Individuals with Disabilities

For an individual with a disability, service animal means any dog that is individually trained to do work or perform tasks related to the individual's disability and for his/her benefit. For example, for an individual who is blind or has low vision, a service animal would mean a dog that helps him/her with vision, navigation, and other tasks; for an individual who is deaf or hard of hearing, a service animal would mean a dog that alerts him/her to the presence of people or sounds; and for an individual with psychiatric or neurological disabilities, a service animal would mean a dog that assists him/her by preventing or interrupting impulsive or destructive behaviors. (28 CFR 35.104)

Individuals with disabilities may be accompanied on school premises and on school transportation by service animals, including specially trained guide dogs, signal dogs, or service dogs. (Education Code 39839; Civil Code 54.2; 28 CFR 35.136)

The Superintendent or designee may permit the use of a miniature horse as a service animal when the horse has been individually trained to do work or perform tasks for the benefit of an individual with a disability, provided that: (28 CFR 35.136)

1. The district's facility can accommodate the type, size, and weight of the horse.
2. The individual has sufficient control of the horse.
3. The horse is housebroken.
4. The horse's presence in the specific facility does not compromise legitimate safety requirements of the facility.

The Superintendent or designee may ask any individual with a disability to remove his/her service animal from school premises or transportation if the animal is out of control and the individual does not take effective action to control it or the animal is not housebroken. When an individual's service animal is excluded, he/she shall be given an opportunity to participate in the service, program, or activity without having the service animal present. (Education Code 39839; Civil Code 54.2; 28 CFR 35.136)

All requests for service animals for employees must be cleared by the Human Resource Department.

Policy 6163.4: Student Use Of Technology

Status: DRAFT

Original Adopted Date: 07/01/2007 **| Last Revised Date:** 09/01/2024

The Board of Trustees is committed to supporting the District's culture of openness, trust, and integrity while also protecting the safety of the District, its employees, and students as they utilize District technological resources. These technological resources are to be used for learning and business purposes to serve the education of our students.

Maintaining effective information and information systems security is a team effort requiring the participation and support of every District student, employee and affiliate.

This Board Policy applies to all students of the District and its subsidiaries. All individuals subject to this Board Policy are responsible for exercising good judgment regarding the appropriate use of information, electronic devices, and network resources; these individuals must also follow District policies and standards, as well as local laws and regulations.

This policy regulates the use of information, electronic and computing devices, and network resources used to conduct District business or interact with internal networks and business systems, whether owned or leased by the District, the student, or a third party. Internet/Intranet/Extranet-related systems, such as computer equipment, mobile devices, software, operating systems, storage media, network accounts providing electronic mail, World Wide Web (WWW) browsing, and File Transfer Protocol (FTP), are the property of the District. It is the responsibility of every computer user to know these guidelines and to conduct their activities accordingly. Inappropriate use exposes the District to cyber risks, including virus attacks, ransomware, compromise of network systems and services, data breaches, and legal issues.

DEFINITIONS AND TERMS

- Blogging - write about (an event, situation, topic, etc.) in a blog
- Honeypot - Programs that simulate one or more network services that you designate on your computer's ports. An attacker assumes you're running vulnerable services that can be used to break into the machine. A honey pot can be used to log access attempts to those ports, including the attacker's keystrokes. This could give you advanced warning of a more concerted attack.
- Proprietary Information - Proprietary information is information unique to a company and its ability to compete, such as customer lists, technical data, product costs, and trade secrets.
- Spam- irrelevant or inappropriate messages sent on the internet to a large number of recipients.
- Ransomware - A type of malware that is a form of extortion. It works by encrypting a victim's hard drive, denying them access to key files. The victim must then pay a ransom to decrypt the files and gain access to them again.

General Use and Ownership

District proprietary information stored on electronic and computing devices, whether owned or leased by the District, the student, or a third party, remains the sole property of the District. All individuals subject to this board policy must ensure that proprietary information is protected in accordance with the Data Protection section of AR 6163.4.

Theft, loss, or unauthorized disclosure of the District's proprietary information must be promptly reported to the Information Technology Department and/or School site of student.

All individuals subject to this board policy may access, use, or share District proprietary information only to the extent authorized and necessary to achieve educational goals..

Students are responsible for adhering to the District's educational standards when accessing technology for personal use. This includes ensuring everyone takes precautions against damage or other physical harm that may occur to devices under their control.

For security and network maintenance purposes, authorized individuals within the District may monitor equipment,

systems, and network traffic at any time.

The District reserves the right to audit networks and systems periodically to ensure compliance with this policy.

Security and Proprietary Information

All mobile and computing devices that connect to the internal network must comply with the Minimum Access Section of AR 6163.4.

System-level and user-level passwords must comply with the Password Complexity Section of AR 6164.4. Providing personal credentials to give access to another individual, either deliberately or through failure to protect one's password, is prohibited.

All individuals subject to this Board Policy must lock their device's screen or log off before leaving their device unattended.

Students must use extreme caution when opening email attachments from unknown senders since these attachments could contain malware.

Unacceptable Use

The activities listed below in "System and Network Activities" and "Email and Communication Activities" are generally prohibited.

Under no circumstances is an student of the District authorized to use District-owned resources to engage in any activity that is illegal under local, state, federal, or international law.

System and Network Activities

The following non-exhaustive list of activities provides a framework for activities that fall into the category of unacceptable use and are strictly prohibited without exceptions:

1. Violating the rights of any person or company protected by copyright, trade secret, patent, or other intellectual property, or similar laws or regulations, including, but not limited to, the installation or distribution of "pirated" or other software products that are not appropriately licensed for use by the District.

2. Engaging in the unauthorized copying of copyrighted material, including, but not limited to, digitization and distribution of photographs from magazines, books, or other copyrighted sources, copyrighted music, and the installation of any copyrighted software for which the District or the end user does not have an active license.

3. Accessing data, a server, or an account for any purpose other than conducting approved educational functions.

4. Exporting software, technical information, encryption software, or technology in violation of international or regional export control laws.

5. Introducing malicious programs into the network or server (e.g., viruses, worms, trojan horses, ransomware, etc.).

6. Revealing an student's account password/passphrase to others, including family and household members, or allowing others to use an employee's account.

7. Using a District computing asset to actively engage in procuring or transmitting material that is in violation of sexual harassment or hostile workplace laws in the user's local jurisdiction.

8. Making fraudulent offers of products, items, or services originating from any District account.

9. Accessing visual or textual depictions that are obscene, child pornography, or harmful to minors.

10. Causing security breaches or disruptions of network communication. Security breaches include, but are not limited to, accessing data of which the student is not an intended recipient or logging into a server or account that the student is not expressly authorized to access. For purposes of this section, "disruption" includes, but is not limited to, network sniffing, ping floods, packet spoofing, denial of service, brute-forcing accounts, and forged routing information for malicious purposes.

11. Using port scanning or security scanning without the prior approval of the Information Technology Department.

12. Executing any network monitoring that can intercept data not intended for the student's device.

13. Circumventing user authentication or security of any host, network, or account.

14. Introducing honeypots, honeynets, or similar technologies on the District network.

15. Interfering with or denying service to any user other than the students device (e.g., denial of service attack).

16. Using any program/script/command, or sending messages of any kind, with the intent to interfere with or disable a user's network-based session via any means, locally or via the Internet/Intranet/Extranet.

Email and Communication Activities

The following non-exhaustive list of activities provides a framework for activities that fall into the category of unacceptable use and are strictly prohibited without exceptions:

1. Sending unsolicited email messages, including sending "junk mail" or other advertising material to individuals who did not specifically request such material (email spam).

2. Any form of harassment via email, telephone, text, or paging, whether through language, frequency, or size of messages.

3. Unauthorized use or forging of email header information.

4. Solicitation of email for any other email address, other than that of the poster's account, with the intent to harass or to collect replies.

5. Creating or forwarding "chain letters," "Ponzi," or other "pyramid" schemes of any type.

6. Using unsolicited emails originating from within the District's networks representing other non-District providers on behalf of, or to advertise for, any service hosted by non-District entities.

7. Posting the same or similar non-business-related messages to large numbers of Usenet newsgroups (newsgroup spam).

Blogging and Social Media

Blogging or posting to social media platforms by students, utilizing district resources, is also subject to the terms and restrictions set forth in this policy. Blogging or other online posting from the District's systems is also subject to monitoring.

Apart from following all laws pertaining to the handling and disclosure of copyrighted or export-controlled materials, the District's trademarks, logos, and any other District intellectual property may also not be used in connection with any personal blogging or social media activity.

Artificial Intelligence (AI) and Machine Learning (ML)

The following principles guide the District's development and regulation of AI and ML Applications:

1. Fairness and Inclusivity: AI and ML applications should be developed and used to promote fairness, equity, and inclusivity. This includes avoiding biased or discriminatory outcomes and ensuring that AI and ML systems do not perpetuate or exacerbate societal inequities.

2. Transparency and Explainability: AI and ML models should be transparent and explainable, allowing users to understand the reasoning behind their decisions. This transparency is crucial for building trust in AI and ML systems and enabling users to identify and address potential biases or errors.

3. Accountability: Individuals responsible for developing, deploying, and using AI and ML systems should be accountable for the outcomes of those systems. This includes taking responsibility for potential harms caused by AI and ML systems and implementing appropriate safeguards to mitigate risks.

4. Data Privacy and Security: AI and ML systems must handle data responsibly and securely, adhering to the organization's data privacy policies and applicable laws and regulations. This includes protecting sensitive data, obtaining informed consent for data collection and use, and implementing robust data security measures.

5. Compliance with Laws and Regulations: AI and ML systems must comply with all applicable laws and regulations, including those related to discrimination, privacy, and competition.

6. Data subject to standards defining PII shall not be entered into publicly exposed AI systems or shared to improve learning methods outside of the District control.

All students are strictly prohibited, without exception, from using AI and ML to engage in:

1. Harassment, Discrimination, or Hate Speech: AI and ML systems must not be used to create or disseminate content that promotes or incites harassment, discrimination, or hate speech.

2. Invasion of Privacy: AI and ML systems must not be used to invade individuals' privacy or collect personal data without their knowledge and consent.

3. Illegal or Unethical Activities: AI and ML systems must not be used to engage in any illegal or unethical activities, including fraud, deception, or manipulation.

4. Plagiarism: AI-derived work must not be presented as being originally authored by the user.

Policy Compliance

The Information Technology Department will verify compliance with this board policy through various methods, including, but not limited to, business tool reports, internal and external audits, and feedback to the policy owner. Any person seeking an exception to the Acceptable Use policy must receive prior approval from the Information Technology Department, Superintendent, or designee before engaging in an action that would violate the policy. Student found to have violated this policy may be subject to disciplinary action, up to and including expulsion.

Regulation 6163.4: Student Use Of Technology

Status: DRAFT

Original Adopted Date: Pending

Data Protection

Data that is classified as Personally Identifiable Information (PII) as defined under FERPA, HIPAA or other appropriate standard must be protected at rest and in transit with a minimal level of compliance defined below:

Web Server or Service utilizing SSL/TLS must support a TLS version of 1.2 or higher. TLS versions below 1.2 shall be disabled for servers and services.

PII data at rest, stored on a local hard drive, server storage or in the cloud must meet or exceed an encryption strength of Advanced Encryption Standard (AES) with a minimal key size of 128 bits.

Quantum Safe encryption protocols and algorithms should be used when supported.

Minimal Access

Access to district network resources requires compliance with modern security standards. These minimal access standards are detailed in this section.
Wireless Access:

> Wi-Fi Protected Access 2 or higher (WPA2) is required to access credentialed Wireless Networks.
>
> Authentication is controlled through a Network Access Controller based on unique user credentials or unique aspects of the connecting device.

Wired Access:

> The device must support IEEE 802.1X, or equivalent modern, protocol.
>
> In instances where the device does not support 802.1X credentialed login, the device must allow for enough identifiable traits to allow the Network Access Controller to define the device and properly place the device into the appropriate network.

Web Service Access:

> An abundance of effort should be made to select products that utilize Single Sign On (SSO)methods to authenticate. SSO is defined in this instance as Security Assertion Markup Language or Open Authorization (SAML and OAuth Respectively). SSO-based authentication does not transmit credentials to external entities, improving overall security of the district.

Password Complexity Section

Passwords must comply with the following standards
Must contain 3 of 4 of the following types of characters

- Lower Case Letter
- Upper Case Letter
- Number
- Special Character

Passwords must be unique, the reuse of passwords is not permitted.

Passwords must meet a minimum length of 8 characters.

Exhibit 6163.4-E(1): Student Use Of Technology

Status: DRAFT

Original Adopted Date: 07/01/2015 **| Last Revised Date:** 09/01/2024

ACCEPTABLE USE AGREEMENT AND RELEASE OF DISTRICT FROM LIABILITY (STUDENTS)

The Alum Rock Union School District authorizes students to use technology, as defined in Board Policy 6163.4 - Student Use of Technology. The use of district technology is a privilege permitted at the district's discretion and is subject to the conditions and restrictions set forth in applicable board policies, administrative regulations, and this Agreement. The district reserves the right to suspend access at any time, without notice, for any reason.

The district expects all students to use technology responsibly in order to avoid potential problems and liability. The district may place reasonable restrictions on the sites, material, and/or information that students may access through the system.

The district makes no guarantee that the functions or services provided by or through the district will be without defect. In addition, the district is not responsible for financial obligations arising from unauthorized use, or misuse, of the system.

Each student who is authorized to use district technology and the student's parent/guardian shall sign this Agreement, which indicates that the student has read and understands the Agreement and Board Policy 6163.4 - Student Use of Technology.

Student Obligations and Responsibilities

Students are expected to use district technology safely, responsibly, and for educational purposes only, and in accordance with the accompanying board policy and applicable copyright laws. The student in whose name district technology is issued is responsible for its proper use at all times. Students shall not share their assigned online services account information, passwords, or other information used for identification and authorization purposes, and shall use the system only under the account to which they have been assigned.

Students shall not gain unauthorized access to the files or equipment of others, access electronic resources by using another person's name or electronic identification, or send anonymous electronic communications. Furthermore, students shall not attempt to access any data, documents, emails, or programs in the district's system for which they do not have authorization.

Students are prohibited from using district technology for improper purposes, including, but not limited to, use of district technology to:

1. Access, post, display, create, or otherwise use material that is discriminatory, libelous, defamatory, obscene, sexually explicit, or disruptive

2. Bully, harass, intimidate, or threaten other students, staff, or other individuals ("cyberbullying")

3. Disclose, use, or disseminate personal identification information (such as name, address, email, telephone number, Social Security number, or other personal information) of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

4. Share confidential information or personally identifiable information with an open artificial intelligence (AI) system of themselves, another student, staff member, or other person

5. Adjust the privacy settings on any technology tool or AI app unless directed to do so by a teacher or staff member

6. Violate the direction of teachers or other staff members, age restrictions, or the intended use of the technology

7. Infringe on copyright, license, trademark, patent, or other intellectual property rights

8. Intentionally disrupt or harm district technology or other district operations (such as destroying district

equipment, placing a virus on district computers, adding or removing a computer program without permission from a teacher or other district personnel, changing settings on shared computers)

9. Install unauthorized software

10. "Hack" into the system to manipulate data of the district or other users

11. Engage in or promote any practice that is unethical or violates any law or board policy, administrative regulation, or district practice

Privacy

Since the use of district technology is intended for educational purposes, students shall not have any expectation of privacy in any use of district technology.

The district reserves the right to monitor and record all use of district technology, including, but not limited to, access to the Internet or social media, Internet searches, browsing history, use of AI, communications sent or received from district technology, or other uses. Such monitoring/recording may occur at any time without prior notice for any legal purposes including, but not limited to, record retention and distribution and/or investigation of improper, illegal, or prohibited activity. Students should be aware that, in most instances, their use of district technology (such as web searches and emails) cannot be erased or deleted.

All passwords created for or used on any district technology are the sole property of the district. The creation or use of a password by a student on district technology does not create a reasonable expectation of privacy.

Personally Owned Devices

If a student uses a personally owned device to access district technology, the student shall abide by all applicable board policies, administrative regulations, and this Agreement. Any such use of a personally owned device may subject the contents of the device and any communications sent or received on the device to disclosure pursuant to a lawful subpoena or public records request.

Reporting

If a student becomes aware of any security problem (including, but not limited to, a cyberattack, phishing, or any compromise of the confidentiality of any login or account information), or misuse of district technology, the student shall immediately report such information to the teacher or other district personnel.

Consequences for Violation

Violations of the law, board policy, or this Agreement may result in revocation of a student's access to district technology and/or discipline, up to and including suspension or expulsion. In addition, violations of the law, board policy, or this Agreement may be reported to law enforcement agencies as appropriate.

Student Acknowledgment

I have received, read, understand, and agree to abide by this Agreement and other applicable laws and district policies and regulations governing the use of district technology. I understand that there is no expectation of privacy when using district technology. I further understand that any violation may result in loss of user privileges, disciplinary action, and/or appropriate legal action.

Parent or Legal Guardian Acknowledgment

If the student is under 18 years of age, a parent/guardian must also read and sign the Agreement.

As the parent/guardian of the above-named student, I have read, understand, and agree that my child shall comply with the terms of the Agreement. By signing this Agreement, I give permission for my child to use district technology and/or to access the school's computer network and the Internet. I understand that, despite the district's best efforts, it is impossible for the school to restrict access to all offensive and controversial materials. I agree to release from liability, indemnify, and hold harmless the school, district, district personnel and the Board against all claims, damages, and costs that may result from my child's use of district technology or the failure of any technology protection measures used by the district. Further, I accept full responsibility for supervision of my child's use of my child's access account if and when such access is not in the school setting.

Policy 6164.2: Guidance/Counseling Services

Status: DRAFT

Original Adopted Date: 11/01/2007 **| Last Revised Date:** 06/01/2024

The Board of Trustees recognizes that a structured, coherent, and comprehensive counseling program promotes academic achievement and growth, and serves the diverse needs of district students. The district shall provide an educational counseling program that offers students services and supports within a Multi-Tiered Systems of Support (MTSS) framework, in accordance with law. Counseling staff shall be available to provide students with individualized reviews of their educational progress toward academic and/or career and vocational goals and, as appropriate, may discuss social, personal, or other issues that may impact student learning and well-being.

The Superintendent or designee shall ensure that all persons employed to provide direct school counseling, school psychology, school social work services, child welfare and attendance services, and/or to implement equitable school programs and services that support students' academic and social and emotional development and college and career readiness possess the appropriate credential from the Commission on Teacher Credentialing authorizing their employment in such positions. Responsibilities of such positions shall be clearly defined in a job description.

Responsibilities of school counselors include, but are not limited to:

1. Engaging with, advocating for, and providing all students with direct services, such as individual counseling, group counseling, risk assessment, crisis response, and instructional services, including mental health and behavioral, academic, and postsecondary educational services, and indirect services, including but not limited to, positive school climate strategies, teacher and parent/guardian consultations, and referrals to public and private community services

2. Planning, implementing, and evaluating school counseling programs

3. Working within a MTSS that uses multiple data sources to monitor and improve student behavior, attendance, engagement, and achievement

4. Developing, coordinating, and supervising comprehensive student support systems in collaboration with teachers, administrators, other pupil personnel services professionals, families, community partners, and community agencies, including county mental health agencies

5. Promoting and maintaining a safe learning environment for all students by providing restorative practices, positive behavior interventions, and support services and by developing and responding with a variety of intervention strategies to meet individual, group, and school community needs before, during, and after a crisis

6. Intervening to ameliorate school-related problems, including problems related to chronic absences and retention

7. Using research-based strategies to promote mental wellness, reduce mental health stigma, and to identify characteristics, risk factors, and warning signs of students who develop, or are at risk of developing, mental health and behavioral disorders and who experience, or are at risk of experiencing, mistreatment, including mistreatment related to any form of conflict or bullying

8. Improving school climate and student well-being by addressing the mental and behavioral health needs of students during a period of transition, separation, heightened stress, and critical changes, accessing community programs and services to meet those needs, and providing other appropriate services

9. Enhancing students' social and emotional competence, character, health, civic engagement, cultural literacy, and commitment to lifelong learning and the pursuit of high-quality educational programs

10. Providing counseling services for unduplicated students who are classified as English learners, eligible for free and reduced-priced meals, foster youth, and/or experiencing homelessness, including interventions and support services that enhance equity and access to appropriate education systems and public and private services

11. Engaging in continued development as a professional school counselor

Educational And Career Counseling

Beginning in grade 7, parents/guardians shall receive a general notice at least once before career counseling and course selection so that they may participate in the counseling sessions and decisions. (Education Code 221.5)

The educational counseling program shall include academic counseling and postsecondary services, in the following areas (Education Code 49600):

1. Development and implementation, with parent/guardian involvement, of the student's immediate and long-range educational plans

2. Optimizing progress towards achievement of proficiency standards and competencies

3. Completion of the required curriculum in accordance with the student's needs, abilities, interests, and aptitudes

4. Academic planning for access and success in higher education programs, including advisement on courses needed for admission to colleges and universities, standardized admissions tests, and financial aid

5. High-quality career programs at all grade levels in which students are assisted in doing all of the following:

    a. Planning for the future, including, but not limited to, identifying personal interests, skills, and abilities, career planning, course selection, and career transition

    b. Becoming aware of personal preferences and interests that influence educational and occupational exploration, career choice, and career success

    c. Developing work self-efficacy for the ever-changing work environment, the changing needs of the workforce, and the effects of work on quality of life

    d. Understanding the relationship between academic achievement and career success, and the importance of maximizing career options

    e. Understanding the value of participating in career technical education pathways, programs, and certifications, including, but not limited to, those related to regional occupational programs and centers, the federal program administered by the U. S. Department of Labor offering free education and vocational training to students, known as "Job Corps," the California Conservation Corps, work-based learning, industry certifications, college preparation and credit, and employment opportunities

    f. Understanding the need to develop essential employable skills and work habits

    g. Understanding entrance requirements to the U.S. Armed Forces, including the benefits of the Armed Services Vocational Aptitude Battery (ASVAB) test

The district's educational counseling program also may include, but not be limited to, identification of students who are at risk of not graduating with their peers, development of a list of coursework and experience necessary to assist students to satisfy the curricular requirements for college admission and successfully transition to postsecondary education or employment, and counseling regarding available options for students who fail to meet graduation requirements to continue with their education.

The Superintendent or designee shall establish and maintain a program of guidance, placement, and follow-up for all high school students subject to compulsory continuation education. (Education Code 48431)

To enhance the educational counseling program and assist students in reaching their educational and professional goals, the district shall provide students in grades 9-12 with financial aid support; social services support; state-funded immigration legal services; academic opportunities; and parent/guardian and family workshops. (Education Code 54680, 54683)

As part of the district's educational counseling program, students may be offered mental and behavioral health services under which a student may receive prevention, intervention, short-term counseling services, and mental health related classroom instruction to reduce stigma and increase awareness of counseling support services.

No counselor shall unlawfully discriminate against any student. Guidance counseling regarding school programs and career, vocational, or higher education opportunities shall not be differentiated on the basis of any protected category specified in law or Board Policy 0410 - Nondiscrimination in District Programs and Activities.

Additionally, counselors shall affirmatively explore with a student the possibility of careers, or courses leading to careers, that are nontraditional for that student's sex. (Education Code 221.5)

For assessing or counseling students, the district shall not use testing or other materials that permit or require impermissible or unlawful differential treatment of students, unless such different materials cover the same occupations and interest areas and the use of such materials is essential to the elimination of bias and discrimination. (5 CCR 4931)

Colleges and prospective employers, including military recruiters, shall not have access to students for recruiting purposes. (Education Code 49603; 10 USC 503)

The Superintendent or designee shall collaborate with businesses, government agencies, postsecondary institutions including universities and career technical schools, community organizations, and/or other employers to provide students with actual or simulated work-based learning opportunities through college and/or career fairs.

When planning to hold a college or career fair, the Superintendent or designee shall notify each apprenticeship program in the county. The notification shall include the planned date, time, and location of the college or career fair. (Labor Code 3074.2)

Additionally, the district shall provide the notification to any community college district that has overlapping jurisdiction with the district and an opportunity for the community college district to participate in the college or career fair. (Education Code 52770)

Personal or Mental Health Counseling

A school counselor, school psychologist, or school social worker may provide individualized personal, mental health, or family counseling to students in accordance with the specialization(s) authorized by their credential. Such services may include, but are not limited to, support related to the student's social and emotional development, behavior, substance abuse, mental health assessment, depression, or mental illness. As appropriate, students and their parents/guardians shall be informed about community agencies, organizations, or health care providers that offer qualified professional assistance.

Written parent/guardian consent shall be obtained before mental health counseling or treatment services are provided to a student, except when the student is authorized to consent to the service pursuant to Family Code 6924, Health and Safety Code 124260, or other applicable law.

Any information of a personal nature disclosed to a school counselor by a student age 12 years or older or by the student's parent/guardian is confidential and shall not become part of the student record without the written consent of the person who disclosed the confidential information. The information shall not be revealed, released, discussed, or referred to except under the limited circumstances specified in Education Code 49602. (Education Code 49602)

A counselor shall consult with the Superintendent or designee and, as appropriate, with the district's legal counsel whenever there is uncertainty regarding how to respond to a student's personal problem or when questions arise regarding the possible release of confidential information regarding a student.

Crisis Counseling

The Board recognizes the need for a prompt and effective response when students are confronted with a traumatic incident. School counselors shall assist in the development of the emergency and disaster preparedness plan and other prevention and intervention practices designed to assist students and parents/guardians before, during, and after a crisis.

Early identification and intervention plans shall be developed to help identify those students who may be at risk for violence so that support may be provided before they engage in violent or disruptive behavior.

Additionally, the Superintendent or designee shall identify crisis counseling resources to train district staff in

effective threat assessment, appropriate response techniques, and/or methods to directly help students cope with a crisis if it occurs.

Teacher-Based Advisory Program

The Board recognizes that a supportive, ongoing relationship with a caring adult can provide a student with valuable advice, enhance student-teacher relationships, and build the student's feelings of connectedness with the school. The Board authorizes the development of a teacher-based advisory program in which teachers advise students in such areas as academic planning, character development, conflict resolution, and self-esteem. Any teacher participating in this program shall be under the supervision of a credentialed school counselor as appropriate, receive related information and training, and be subject to law and this Board policy, including requirements pertaining to student confidentiality and nondiscrimination.

Policy 6164.4: Identification And Evaluation Of Individuals For Special Education

Status: DRAFT

Original Adopted Date: 03/01/2007 | **Last Revised Date:** 09/01/2021

The Board of Trustees recognizes the need to actively seek out and evaluate district residents from birth to age 21 who have disabilities in order to provide them with appropriate educational opportunities in accordance with state and federal law.

The Superintendent or designee shall establish a comprehensive child find system that includes procedures for the identification, screening, referral, assessment, and triennial assessment of individuals eligible for special education, as well as procedures for the planning, implementation, and review of the special education and related services provided to such individuals. (Education Code 56301)

The district's identification procedures shall include systematic methods for utilizing referrals from parents/guardians, teachers, agencies, appropriate professionals, and other members of the public, and shall be coordinated with school site procedures for referral of students whose needs cannot be met with modifications to the regular instructional program. (Education Code 56302)

The Superintendent or designee shall notify parents/guardians, in writing, of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the right to consent to any assessment concerning their child. In addition, the Superintendent or designee shall notify parents/guardians of procedures for initiating a referral for assessment to identify individuals for special education services. (Education Code 56301)

Regulation 6164.4: Identification And Evaluation Of Individuals For Special Education

Status: DRAFT

Original Adopted Date: 03/01/2007 **| Last Revised Date:** 12/01/2022

The Superintendent or designee shall ensure that the district's child find process includes the collection of data and, at reasonable intervals, the screening of such data to determine if students are making adequate progress, as appropriate.

A student shall be referred for special education instruction and services only after the resources of the regular education program have been considered and used where appropriate. (Education Code 56303)

However, the district shall ensure that evaluations of children suspected of having a disability are not delayed or denied because of the implementation of response to intervention strategies.

A parent/guardian or the district may initiate a request for an initial evaluation to determine if the student is a student with a disability. (34 CFR 300.301)

When a verbal referral is made, staff shall offer assistance to the individual to make the request in writing and shall assist the individual if the individual requests such assistance. (5 CCR 3021)

All referrals from school staff for an initial evaluation shall include a brief reason for the referral and description of the regular program resources that were considered and/or modified for use with the student and, when appropriate, the results of intervention. This documentation shall not delay the timelines for completing the assessment plan or assessment. (5 CCR 3021)

Initial Evaluation for Special Education Services

Before the initial provision of special education and related services to a student with a disability, the district shall conduct an individual initial evaluation of the student's educational needs related to all areas of suspected disability. (Education Code 56320; 34 CFR 300.301)

Upon receipt of a referral of any student for special education and related services, a proposed evaluation plan shall be developed within 15 calendar days, not counting days between the student's regular school sessions or terms or calendar days of school vacation in excess of five school days, unless the parent/guardian agrees, in writing, to an extension. If the referral is made within 10 days or less prior to the end of the student's regular school year or term, the proposed evaluation plan shall be developed within 10 days after the beginning of the next regular school year or term. (Education Code 56043, 56321)

The proposed evaluation plan shall meet all of the following requirements: (Education Code 56321)

1. Be in a language easily understood by the general public

2. Be provided in the native language of the parent/guardian or other mode of communication used by the parent/guardian unless it is clearly not feasible

3. Explain the types of evaluation to be conducted

4. State that no individualized education program (IEP) will result from the evaluation without parent/guardian consent

A copy of the notice of a parent/guardian's rights and procedural safeguards shall be attached to the evaluation plan. (Education Code 56321)

The proposed written evaluation plan shall include a description of recent assessments conducted, including available independent assessments and assessment information requested by the parent/guardian to be considered, as well as information indicating the student's primary language and the student's primary language proficiency as determined by Education Code section 52164.1. (5 CCR 3022)

Before conducting an initial evaluation, the district shall provide the parent/guardian with prior written notice in accordance with 34 CFR 300.503. In addition, as part of the evaluation plan, the parent/guardian shall receive written notice that includes all of the following information: (Education Code 56329; 34 CFR 300.304, 300.502,

300.504)

1. Upon completion of the administration of tests and other evaluation materials, an IEP team meeting that includes the parent/guardian or the parent/guardian's representative shall be scheduled pursuant to Education Code 56341. At this meeting, the team shall determine whether or not the student is a student with disabilities, as defined in Education Code 56026, and shall discuss the evaluation, the educational recommendations, and the reasons for the recommendations.

2. When making a determination of eligibility for special education, the district shall not determine that the student is disabled if the primary factor for such determination is lack of appropriate instruction in reading, including the essential components of reading instruction as defined in 20 USC 6368, lack of appropriate instruction in mathematics, or limited English proficiency, if the student does not otherwise meet the eligibility criteria under 34 CFR 300.8.

3. A copy of the evaluation report and the documentation of determination of eligibility shall be given to the parent/guardian.

4. If the parent/guardian disagrees with an evaluation obtained by the district, the parent/guardian has the right to obtain, at public expense, an independent educational evaluation (IEE) of the student from qualified specialists, in accordance with 34 CFR 300.502. The parent/guardian is entitled to only one such evaluation at public expense each time the district conducts an assessment with which the parent/guardian disagrees.

   If the district observed the student in conducting its evaluation, or if its evaluation procedures make it permissible to have in-class observation of the student, an equivalent opportunity shall apply to the IEE. This equivalent opportunity shall apply to the student's current placement and setting as well as observation of the district's proposed placement and setting, if any, regardless of whether the IEE is initiated before or after the filing of a due process hearing proceeding.

5. The district may initiate a due process hearing pursuant to Education Code 56500-56508 to show that its evaluation is appropriate. If the final decision resulting from the due process hearing is that the evaluation is appropriate, the parent/guardian maintains the right for an IEE, but not at public expense.

   If the parent/guardian obtains an IEE at private expense, the results of the IEE shall be considered by the district with respect to the provision of a free appropriate public education (FAPE) to the student, and may be presented as evidence at a due process hearing regarding the student. If the district observed the student in conducting its evaluation, or if its evaluation procedures make it permissible to have in-class observation of a student, an equivalent opportunity shall apply to an IEE of the student in the student's current educational placement and setting and in any educational placement and setting proposed by the district, regardless of whether the IEE is initiated before or after the filing of a due process hearing.

6. If the parent/guardian proposes a publicly financed placement of the student in a nonpublic school, the district shall have an opportunity to observe the proposed placement and, if the student has already been unilaterally placed in the nonpublic school by the student's parent/guardian, the student in that proposed placement. Any such observation shall only be of the student who is the subject of the observation and shall not include the observation or evaluation of any other student in the proposed placement unless that other student's parent/guardian consents to the observation or evaluation. The results of any observation or evaluation of another student in violation of Education Code 56329(d) shall be inadmissible in any due process or judicial proceeding regarding FAPE of that other student.

Parent/Guardian Consent for Evaluations

Consent means that the parent/guardian: (Education Code 56021.1; 34 CFR 300.9)

1. Has been fully informed, in the parent/guardian's native language or other mode of communication, of all information relevant to the activity for which consent is sought

2. Understands and agrees, in writing, to the carrying out of the activity for which parent/guardian consent is sought and the consent describes that activity and lists the records (if any) that will be released and to whom

3. Understands that the granting of consent is voluntary on the parent/guardian's part and may be revoked at any time

4. Understands that if the parent/guardian revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked). The district is not required to amend the education records of a student to remove any reference to the student's receipt of special education and services if the student's parent/guardian submits a written revocation of consent after the initial provision of special education and related services to the student.

Upon receiving the proposed evaluation plan, the parent/guardian shall have at least 15 days to decide whether to consent to the initial evaluation. The district shall not interpret parent/guardian consent for initial evaluation as consent for initial placement or initial provision of special education services. (Education Code 56321; 34 CFR 300.300)

The district shall make reasonable efforts to obtain the consent of the parent/guardian for an initial evaluation or reevaluation of a student. (Education Code 56321; 34 CFR 300.300, 300.322)

The district shall maintain a record of its attempts to obtain consent, such as: (Education Code 56341.5)

1. Detailed records of telephone calls made or attempted and the results of those calls

2. Copies of correspondence sent to the parent/guardian and any responses received

3. Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits

If a parent/guardian refuses to consent to the initial evaluation or fails to respond to a request to provide consent, the district may, but is not required to, pursue an evaluation by utilizing the procedural safeguards, including the mediation and due process procedures pursuant to 20 USC 1415 and 34 CFR 300.506-300.516. (Education Code 56321; 34 CFR 300.300)

For a student who is a ward of the state and not residing with the student's parent/guardian, the district shall make reasonable efforts to obtain the consent from the parent/guardian of the student for an initial evaluation to determine whether the student is a student with a disability. The district may conduct an initial evaluation without obtaining consent if any of the following situations exists: (Education Code 56321.1; 20 USC 1414; 34 CFR 300.300)

1. Despite reasonable efforts to do so, the district cannot discover the whereabouts of the parent/guardian of the student

2. The rights of the parent/guardian of the student have been terminated in accordance with state law

3. The rights of the parent/guardian to make educational decisions have been subrogated by a judge in accordance with state law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student

The district need not obtain parent/guardian consent before reviewing existing data as part of an evaluation or reevaluation, or before administering a test or other evaluation that is administered to all students, unless consent is required from the parents/guardians of all students. (Education Code 56321; 34 CFR 300.300)

Conduct of the Evaluation

Within 60 calendar days of receiving parental consent for the initial assessment of a student, not counting days between the student's regular school sessions, terms, or days of school vacation in excess of five schooldays, a determination whether the student is eligible for special education and the educational needs of the student shall be made, an IEP team meeting shall occur, and an IEP shall be developed, unless the parent/guardian agrees in writing to an extension, pursuant to Education Code 56344. If the 60-day time is interrupted by a student school vacation, the 60-day time shall recommence on the date that student schooldays reconvene and a meeting to develop an IEP for the student shall be conducted within 30 days of a determination that the student needs special education and related services. (Education Code 56043, 56344)

However, when a referral has been made for a student 30 days or less prior to the end of the regular school year, an IEP required as a result of an assessment of the student shall be developed within 30 days after the commencement

of the subsequent regular school year. (Education Code 56043, 56344; 34 CFR 300.301, 300.323)

The evaluation shall be conducted by qualified personnel who are competent to perform the assessment as determined by the district. (Education Code 56322)

In addition, evaluations and reevaluations shall be administered by qualified personnel who are competent in the oral or sign language skills and written skills of the student's primary language or mode of communication and have a knowledge and understanding of the cultural and ethnic background of the student. If it is clearly not feasible to do so, an interpreter shall be used, and the assessment report shall document this condition and note that the validity of the assessment may have been affected. The normal process of second-language acquisition, as well as manifestations of dialect and sociolinguistic variance shall not be diagnosed as a disabling condition. (5 CCR 3023)

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services. (Education Code 56321; 20 USC 1414; 34 CFR 300.302)

In conducting the evaluation, the district shall use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the student. The district shall also use any information provided by the parent/guardian that may assist the district in making the determination as to whether the student is a student with a disability and, if so, the necessary components of the student's IEP when the IEP is developed, including information related to enabling the student to be involved in and to progress in the general education curriculum. (34 CFR 300.304)

The district's evaluation shall not use any single measure or assessment as the sole criterion for determining whether a student is a student with a disability and for determining the appropriate educational program for the student. The assessment shall use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors in addition to physical or developmental factors. (Education Code 56320; 34 CFR 300.304)

The district shall also ensure that assessments and other evaluation materials provide relevant information that assists in determining the student's educational needs and are: (Education Code 56320; 34 CFR 300.304)

1. Selected and administered so as not to be discriminatory on a racial, cultural, or sexual basis

2. Provided and administered in the student's native language or other mode of communication and in the form most likely to yield accurate information on what the student knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer

3. Used for the purposes for which the assessments or measures are valid and reliable

4. Administered by trained and knowledgeable personnel except that individually administered tests of intellectual or emotional functioning shall be administered by a credentialed school psychologist

5. Administered in accordance with any instructions provided by the producer of the assessments

6. Tailored to assess specific areas of educational need and not merely designed to provide a single general intelligence quotient

7. If administered to a student with impaired sensory, manual, or speaking skills, selected and administered to best ensure that the results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

Students shall be assessed in all areas related to the suspected disability, including, if appropriate, health and development, vision (including low vision), hearing, motor abilities, language function, general intelligence, academic performance, communicative status, self-help, orientation and mobility skills, career and vocational abilities and interests, and social and emotional status. When appropriate, a developmental history shall be obtained. For students with residual vision, a low vision assessment shall be provided in accordance with guidelines established pursuant to Education Code 56136. The district shall ensure that the evaluation is sufficiently comprehensive to identify all of the student's special education and related service needs, whether or not commonly linked to the disability category in which the student has been classified. (Education Code 56320; 34 CFR 300.304)

As part of the initial evaluation and any reevaluation, the IEP team and other qualified professionals shall, if appropriate, review existing evaluation data on the student, including evaluations and information provided by the parents/guardians, current classroom-based local or state assessments and classroom-based observations, and observations by teachers and related services providers. On the basis of that review and input from the student's parent/guardian, the team shall identify what additional data, if any, are needed to determine: (Education Code 56381; 34 CFR 300.305)

1. Whether the student is a student with a disability, or in the case of a reevaluation, whether the student continues to have a disability, and the educational needs of the student

2. The present levels of academic achievement and related developmental needs of the student

3. Whether the student needs, or continues to need, special education and related services

4. Whether any additions or modifications to the special education and related services are needed to enable the student to meet the measurable annual goals set out in the student's IEP and to participate, as appropriate, in the general education curriculum

If a student has transferred from another district in the same school year or leaves this district, the district shall coordinate with the student's prior or subsequent district as necessary and as expeditiously as possible to ensure prompt completion of full evaluations. (Education Code 56320; 34 CFR 300.304)

Evaluation Report

The personnel who evaluate the student shall prepare a written report of the results of each evaluation. The report shall include, but not be limited to, the following: (Education Code 56327)

1. Whether the student may need special education and related services

2. The basis for making the determination

3. The relevant behavior noted during the observation of the student in an appropriate setting

4. The relationship of that behavior to the student's academic and social functioning

5. The educationally relevant health, developmental, and medical findings, if any

6. For students with learning disabilities, whether there is such a discrepancy between achievement and ability that it cannot be corrected without special education and related services

7. A determination concerning the effects of environmental, cultural, or economic disadvantage, where appropriate

8. The need for specialized services, materials, and equipment for students with low incidence disabilities, consistent with Education Code 56136

Eligibility Determination

Upon completion of the administration of assessments and other evaluation measures, a group of qualified professionals and the parent/guardian shall determine whether the student is a student with a disability as defined in 5 CCR 3030 and 34 CFR 300.8 and, if so, the student's educational needs. In interpreting the data, the group shall draw information from a variety of sources, including aptitude and achievement tests, parent/guardian input, and teacher recommendations, as well as information about the student's physical condition, social or cultural background, and adaptive behavior. The group shall ensure that the information obtained from these sources is documented and carefully considered. (34 CFR 300.306)

When making a determination of eligibility for special education and related services, the district shall not determine that a student is disabled if the primary factor for such determination is a lack of appropriate instruction in reading, including the essential components of reading instruction pursuant to 20 USC 6368, lack of instruction in mathematics, limited English proficiency, or that the student does not otherwise meet the eligibility criteria. (Education Code 56329; 34 CFR 300.306)

The normal process of second-language acquisition, as well as manifestations of dialect and sociolinguistic variance, shall not be diagnosed as a disabling condition. (5 CCR 3023)

Independent Educational Evaluation

An *independent educational evaluation* is defined as an evaluation conducted by a qualified examiner who is not employed by the district. (34 CFR 300.502)

Public expense means that the district either pays for the full cost of the IEE or ensures that the evaluation is otherwise provided at no cost to the parent/guardian. (34 CFR 300.502)

The parents/guardians of a student with a disability have the right to obtain an IEE at public expense under the same criteria, including the location of the evaluation and the qualifications of the examiner, that the district uses for a district-initiated evaluation. (34 CFR 300.502)

The parent/guardian is entitled to only one IEE at public expense each time the district conducts an evaluation with which the parent/guardian disagrees. (Education Code 56329; 34 CFR 300.502)

If a parent/guardian has requested an IEE, the district may ask for the reason that the parent/guardian objects to the district's evaluation. However, the parent/guardian is not required to provide an explanation and the district may not unreasonably delay either providing the IEE at public expense or filing a due process complaint to request a due process hearing to defend the public evaluation. (34 CFR 300.502)

Upon receiving the request for an IEE, the district shall, without unnecessary delay, either: (34 CFR 300.502)

1. File a due process complaint to request a hearing to show that its evaluation is appropriate

2. Ensure that an IEE is provided at public expense, unless the district demonstrates at a hearing that the evaluation obtained by the parent/guardian did not satisfy the district's criteria

If a due process hearing decision determines that the district's evaluation is appropriate, then the parent/guardian may obtain an IEE but not at public expense. (Education Code 56329; 34 CFR 300.502)

In any decision made with respect to providing FAPE to a student with a disability, the result of any IEE obtained by the student's parent/guardian shall be considered by the district if it meets district criteria. Any such result also may be presented as evidence at a hearing on a due process complaint. (Education Code 56329; 34 CFR 300.502)

Coordinating Transitions

The district designates the individual listed below as the main point of contact for coordinating and completing, with other agencies and persons, the transition of a child and family from infant/toddler programs to preschool (Part C to Part B of the federal Individuals with Disabilities Education Act), including establishing practices to educate and support families during the transition: (Government Code 95008)

Director of Special Education
2930 Gay Avenue, San Jose, CA 95135
(408)928-6960
SpecialEducation@arusd.org

Reevaluation

A reevaluation shall be conducted when the district determines that the educational or related service needs of the student, including improved academic achievement and functional performance, warrant a reevaluation or if the student's parent/guardian or teacher requests reevaluation. Such reevaluations shall occur every three years, unless the parent/guardian and district agree in writing that a reevaluation is unnecessary. A reevaluation may not occur more than once a year, unless the parent/guardian and the district agree otherwise. (Education Code 56043, 56381; 34 CFR 300.303)

The district shall ensure that any reevaluations of the student are conducted in accordance with the evaluation procedures pursuant to 34 CFR 300.304-300.311. (34 CFR 300.303)

Before entering kindergarten or first grade, as the case may be, children with disabilities who are in a preschool program shall be reevaluated to determine if they still need special education and services. IEP teams shall identify a means of monitoring the continued success of children who are determined to be eligible for less intensive special education programs. (Education Code 56445)

The district's point of contact for coordinating and completing the transition of a child and family from infant/toddler programs to preschool, may coordinate the reevaluation and monitoring as described above for kindergarten or first grade.

Policy 6164.41: Children With Disabilities Enrolled By Their Parents In Private School

Status: DRAFT

Original Adopted Date: 03/01/2007 **| Last Revised Date:** 09/01/2021

The Board of Trustees recognizes its obligations under state and federal law to locate, identify, evaluate, and provide equitable services to children voluntarily enrolled by their parents/guardians in private schools located within the district.

The Superintendent or designee shall ensure that activities to locate, identify, and evaluate children with disabilities enrolled by their parents/guardians in private schools within the district are comparable to activities undertaken for individuals with disabilities aged three to 22 in public schools within the district. (Education Code 56171; 34 CFR 300.131)

The Superintendent or designee shall develop a budget for the provision of services to children with disabilities enrolled by their parents/guardians in private school based on the proportionate share of federal funds received and the number of eligible children, including the possibility of mid-year enrollees, and the types of services to be provided.

Regulation 6164.41: Children With Disabilities Enrolled By Their Parents In Private School

Status: DRAFT

Original Adopted Date: 03/01/2007 **| Last Revised Date:** 09/01/2021

Definitions

Parentally-placed private school children with disabilities means children with disabilities who are voluntarily enrolled by their parents/guardians in a private school or facility within district boundaries, including children who are attending a private school or facility within district boundaries but who reside in another district or state. (34 CFR 300.130, 300.131)

Private school or facility means a private full-time day school, including a religious school, located within district boundaries, that has filed an affidavit with the California Department of Education pursuant to Education Code 33190 and is registered in the California Private School Directory.

Consultation with Private School Representatives

The Superintendent or designee shall consult with all private school representatives and representatives of parents/guardians of parentally-placed private school children with disabilities during the design and development of equitable services for the children. In order to ensure a meaningful and timely consultation, the consultation shall include: (Education Code 56301; 20 USC 1412(a)(10)(A)(iii); 34 CFR 300.134)

1. The child find process and how parentally-placed private school children suspected of having a disability can participate equitably

2. The manner in which parents/guardians, teachers, and private school officials will be informed of the child find process

3. The determination of the proportionate share of federal funds available to serve parentally-placed private school children with disabilities and how this share is calculated

4. How the consultation process among district staff, private school officials, and representatives of parents of parentally-placed private school children with disabilities will operate throughout the school year to ensure that identified children can meaningfully participate in equitable services

5. The provision of equitable special education and related services including how, when, and by whom such services will be provided including a discussion about the types of services, alternate service delivery mechanisms, how services will be apportioned if funds are insufficient to serve all of the identified children, and how and when those decisions will be made

6. In the event that the district and private school disagree on the provision of or the types of services, how the district will provide the private school officials with a written explanation of the reasons that the district chose to not provide the services

When meaningful and timely consultation has occurred, the district shall obtain a written affirmation signed by the representatives of participating private schools. If the private school representatives do not provide the affirmation within a reasonable period of time, the district shall forward documentation of the consultation process to the California Department of Education. (Education Code 56172; 20 USC 1412; 34 CFR 300.135)

After the consultation has occurred, the district shall ensure an annual count of the number of parentally-placed children with disabilities attending private schools located within the district. This count shall be conducted between October 1 and December 1 each year and shall be used to determine the amount the district must spend on providing equitable services to the children in the subsequent fiscal year. (34 CFR 300.133)

Provision of Services

A child with a disability parentally-placed in a private school has no individual right to receive some or all of the special education and related services that would have been received if enrolled in public school. Such a child may receive a different amount of services than students with disabilities in public schools. (34 CFR 300.137, 300.138)

The district shall evaluate all identified parentally-placed private school children with disabilities for purposes of

considering them for equitable services. This evaluation shall be conducted in accordance with the timelines and procedures for evaluating public school students with disabilities pursuant to 34 CFR 300.300-300.311 and as specified in BP/AR 6164.4 - Identification and Evaluation of Individuals for Special Education, including obtaining parent/guardian consent and providing the parent/guardian with a copy of the procedural safeguards notice. (34 CFR 300.131, 300.504)

If the child resides in the district and is eligible for an individualized education program (IEP), the district shall make a free appropriate public education (FAPE) available to the child. However, the district is not required to develop an IEP if the parent/guardian makes clear the intention to keep the child enrolled in private school. In such situations, the district shall obtain written certification confirming the parent/guardian's intention to keep the child enrolled in private school, including the fact that the parent/guardian is not interested in the development of an IEP or the district's offer of FAPE. If the parent/guardian does not provide confirmation in writing, the district shall obtain oral confirmation of the parent/guardian's intention and confirm the conversation in writing.

If the child resides in a different district, then this district and the district of residence shall work together to ensure that the parent/guardian receives an offer of FAPE in accordance with law.

The district shall develop and implement for each identified child with a disability enrolled by their parents/guardians in a private school within the district's boundaries an individual services plan (ISP) that describes the equitable services that the district will provide, as determined by the district after the consultation process with private school representatives. (34 CFR 300.138)

The ISP shall be developed, reviewed, and revised consistent with 20 USC 1414. A representative of the private school shall be invited to attend each ISP team meeting. If the representative cannot attend the meeting, the district shall use other methods to ensure the representative's participation, including individual or conference calls. (34 CFR 300.137, 300.138)

The district may provide services on the private school premises, including a religious school, to the extent consistent with law. The services shall be provided by personnel meeting the same standards as personnel providing services in the public school except that private elementary school and secondary school teachers who are providing equitable services to parentally-placed private school children with disabilities do not have to meet the special education teacher qualification requirements specified in 34 CFR 300.156. The personnel shall either be district employees or contractors of the district. (34 CFR 300.138, 300.139)

The district shall offer transportation to the child if services are provided on a site other than the child's school and the ISP team determines that transportation is necessary for the child to benefit from or participate in the services provided in the ISP. Depending on the timing of the services, the district shall provide transportation from the child's school or home to the service site and from the service site to the child's school or home. (34 CFR 300.139)

The district may place equipment and supplies in a private school for the period of time necessary to provide the services pursuant to the ISP. All such equipment shall remain the property of the district and must be able to be removed without remodeling or causing damage to the private school. The district shall remove the equipment when no longer required by the child, when the child no longer attends the private school, or when removal is necessary to prevent unauthorized use. (34 CFR 300.144)

Policy 6164.5: Student Success Teams

Status: DRAFT

Original Adopted Date: 09/01/1990 **| Last Revised Date:** 09/01/2021

The Board of Trustees encourages the collaboration of parents/guardians, certificated and classified staff, administrators, and/or the student, as appropriate, in evaluating the strengths and needs of students having academic, attendance, social, emotional, or behavioral difficulties and in identifying strategies and programs that may assist such students in maximizing their potential. The Superintendent or designee shall establish student success teams (SST) as needed to address individual student needs.

The Superintendent or designee shall establish and maintain a process for initiating the referral of students to SSTs, which may include referral by district staff, parents/guardians, and/or agency representatives. The Superintendent or designee may also establish and maintain a process for responding to SST referrals, which may include a determination by the district as to whether an SST shall be convened for an individual student.

Each SST may collect and analyze relevant student data, as appropriate. The SST may also review the student's educational history, work samples, strengths and areas for growth, and identify available resources and strategies.

Each SST shall develop a plan to support the student which incorporates intervention strategies. Such strategies may include changes in program placement or instructional methods, recommendation of supplemental educational services, parent involvement strategies, social, emotional and/or behavioral interventions, discipline, referrals to other agencies or resources, and/or other appropriate interventions.

The SST shall monitor the student's progress, evaluate the extent to which the recommended strategies have been implemented, make adjustments to the plan, and develop additional interventions as needed.

The SST process shall not delay or deny a referral for evaluation for eligibility for special education, as may be required under state or federal law.

The Superintendent or designee may integrate SSTs into the district's multi-tiered system of support, including identification of students who need additional support, the level(s) of support, appropriate interventions, monitoring of progress, and whether the goal of intervention has been met.

To strengthen the effectiveness of SSTs, the Superintendent or designee may provide staff development in the identification of students who may need additional support, implementation of measurable and targeted interventions, and monitoring of progress and goal attainment.

Regulation 6164.5: Student Success Teams

Status: DRAFT

Original Adopted Date: 09/01/1990 **| Last Revised Date:** 09/01/2021

Team Membership

Members of individual student success teams (SST) may include:

1. The principal or designee
2. One or more of the student's classroom teachers or former teachers
3. The student's parents/guardians
4. The student if appropriate
5. School Counselor(s)
6. Resource personnel or specialists, such as a school psychologist, nurse, outreach consultant, special education resource person, department chairperson, speech and language specialist, reading specialist, social worker, probation officer, community resource representative, mental health worker, and/or other person(s) relevant to the student's situation, as determined by the district

The makeup of each individual SST is at the district's discretion, and may not include participation from individuals in each of the categories listed above.

Team Responsibilities

The principal or designee shall:

1. Schedule meetings and establish meeting procedures
2. Contact parents/guardians and other team members regarding team meetings
3. Consult with appropriate school staff, including teachers and/or district resource personnel
4. Arrange for observation of the student as needed
5. Collect any additional background information necessary to inform team members about the student's strengths and needs, such as relevant student data, educational history, and work samples, as appropriate
6. Help the student and parents/guardians prepare for the meeting
7. Facilitate the team meetings
8. Develop a plan to support the student which incorporates intervention strategies
9. Ensure that the student's progress is monitored, that follow-up meetings are regularly scheduled, and that adjustments are made to the plan and related interventions as necessary

Policy 6164.6: Identification And Education Under Section 504

Status: DRAFT

Original Adopted Date: 11/01/2007 **| Last Revised Date:** 12/01/2016

The Board of Trustees believes that all children, including children with disabilities, should have the opportunity to learn in a safe and nurturing environment. The Superintendent or designee shall work to identify children with disabilities who reside within the jurisdiction of the district in order to ensure that they receive educational and related services required by law.

The Superintendent or designee shall provide qualified students with disabilities with a free appropriate public education (FAPE), as defined under Section 504 of the federal Rehabilitation Act of 1973. Such students shall receive regular or special education and related aids and services designed to meet their individual educational needs as adequately as the needs of students without disabilities are met. (34 CFR 104.33)

In addition, qualified students with disabilities shall be provided an equal opportunity to participate in programs and activities that are integral components of the district's basic education program, including, but not limited to, extracurricular athletics, interscholastic sports, and/or other nonacademic activities. (34 CFR 104.37)

The district's local control and accountability plan shall include goals and specific actions to improve student achievement and other outcomes of students with disabilities. At least annually, the Superintendent or designee shall assess the district's progress in attaining the goals established for students with disabilities and shall report these results to the Board. (Education Code 52052, 52060)

In providing services to students with disabilities under Section 504, the Superintendent or designee shall ensure district compliance with law, including providing the students and their parents/guardians with applicable procedural safeguards and required notifications. Any dispute as to the identification, evaluation, or placement of any student with a disability shall be resolved in accordance with the processes specified in the "Procedural Safeguards" section of the accompanying administrative regulation.

The Superintendent or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with the district in any other capacity except as hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

Regulation 6164.6: Identification And Education Under Section 504

Status: DRAFT

Original Adopted Date: 03/01/2009 **| Last Revised Date:** 12/01/2016

The Superintendent designates the following position as the district's 504 Coordinator to implement the requirements of Section 504 of the federal Rehabilitation Act of 1973: (34 CFR 104.7)

Admin Designee, Director of Student Support Services, Programs and Compliance
2930 Gay Avenue, San Jose, CA 95127
(408) 928-6945

Definitions

For the purpose of implementing Section 504, the following terms and phrases shall have only the meanings specified below:

Free appropriate public education (FAPE) means the provision of regular or special education and related aids and services designed to meet the individual educational needs of a student with disabilities as adequately as the needs of students without disabilities are met, at no cost to the student or his/her parent/guardian except when a fee is specifically authorized by law for all students. (34 CFR 104.33)

Student with a disability means a student who has a physical or mental impairment which substantially limits one or more major life activities. (28 CFR 35.108)

Physical impairment means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more body systems, such as neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genito-urinary, immune, hemic, lymphatic, skin, and endocrine. (28 CFR 35.108)

Mental impairment means any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disability. (28 CFR 35.108)

Substantially limits major life activities means limiting a person's ability to perform functions, as compared to most people in the general population, such as caring for himself/herself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, writing, communicating, and working. Major life activities also includes major bodily functions such as functions of the immune system, special sense organs and skin, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions, as well as the operation of an individual organ within a body system. The determination of whether an impairment substantially limits a student's major life activities shall be made without regard to the ameliorative effects of mitigating measures other than ordinary eyeglasses or contact lenses. Mitigating measures are measures that an individual may use to eliminate or reduce the effects of an impairment, including, but not limited to, medications, medical supplies or equipment, prosthetic devices, assistive devices, reasonable modifications or auxiliary aids or services, learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy. (42 USC 12102; 28 CFR 35.108)

Referral, Identification, and Evaluation

Any action or decision to be taken by the district involving the referral, identification, or evaluation of a student with disabilities shall be in accordance with the following procedures:

1. A parent/guardian, teacher, other school employee, student success team, or community agency may refer a student to the principal or 504 Coordinator for identification as a student with a disability under Section 504.

2. Upon receipt of any such referral, the principal, 504 Coordinator, or other qualified individual with expertise in the area of the student's suspected disability shall consider the referral and determine whether an evaluation is appropriate. This determination shall be based on a review of the student's school records, including those in academic and nonacademic areas of the school program; consultation with the student's teacher(s), other professionals, and the parent/guardian, as appropriate; and analysis of the student's needs.

If it is determined that an evaluation is unnecessary, the principal or 504 Coordinator shall inform the parents/guardians in writing of this decision and of the procedural safeguards available, as described in the "Procedural Safeguards" section below.

3. If the student needs or is believed to need special education or related services under Section 504, the district shall conduct an evaluation of the student prior to his/her initial placement. (34 CFR 104.35)

   Prior to conducting an initial evaluation of a student for eligibility under Section 504, the district shall obtain written parent/guardian consent.

   The district's evaluation procedures shall ensure that the tests and other evaluation materials: (34 CFR 104.35)

   a. Have been validated and are administered by trained personnel in conformance with the instruction provided by the test publishers

   b. Are tailored to assess specific areas of educational need and are not merely designed to provide a single general intelligence quotient

   c. Reflect the student's aptitude or achievement or whatever else the tests purport to measure rather than his/her impaired sensory, manual, or speaking skills, except where those skills are the factors that the tests purport to measure

Section 504 Services Plan and Placement

Services and placement decisions for students with disabilities shall be determined as follows:

1. A multidisciplinary 504 team shall be convened to review the evaluation data in order to make placement decisions.

   The 504 team shall consist of a group of persons knowledgeable about the student, the meaning of the evaluation data, and the placement options. (34 CFR 104.35)

   In interpreting evaluation data and making placement decisions, the team shall draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior. The team shall also ensure that information obtained from all such sources is documented and carefully considered and that the placement decision is made in conformity with 34 CFR 104.34. (34 CFR 104.35)

2. If, upon evaluation, a student is determined to be eligible for services under Section 504, the team shall meet to develop a written 504 services plan which shall specify the types of regular or special education services, accommodations, and supplementary aids and services necessary to ensure that the student receives FAPE.

   The parents/guardians shall be invited to participate in the meeting and shall be given an opportunity to examine all relevant records.

3. If the 504 team determines that no services are necessary for the student, the record of the team's meeting shall reflect whether or not the student has been identified as a person with a disability under Section 504 and shall state the basis for the determination that no special services are presently needed. The student's parent/guardian shall be informed in writing of his/her rights and procedural safeguards, as described in the "Procedural Safeguards" section below.

4. The student shall be placed in the regular educational environment, unless the district can demonstrate that the education of the student in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. The student shall be educated with those who are not disabled to the maximum extent appropriate to his/her individual needs. (34 CFR 104.34)

5. The district shall complete the identification, evaluation, and placement process within a reasonable time frame. The district shall adhere to this time frame regardless of any extended school breaks or times that school is otherwise not in session.

6. A copy of the student's Section 504 services plan shall be kept in his/her student record. The student's teacher(s) and any other staff who provide services to the student shall be informed of the plan's requirements.

If a student transfers to another school within the district, the principal or designee at the school from which the student is transferring shall ensure that the principal or designee at the new school receives a copy of the plan prior to the student's enrollment in the new school.

Review and Reevaluation

The 504 team shall monitor the progress of the student and, at least annually, shall review the effectiveness of the student's Section 504 services plan to determine whether the services are appropriate and necessary and whether the student's needs are being met as adequately as the needs of students without disabilities are met. In addition, each student with a disability under Section 504 shall be reevaluated at least once every three years.

A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement. (34 CFR 104.35)

Procedural Safeguards

The Superintendent or designee shall notify the parents/guardians of students with disabilities of all actions and decisions by the district regarding the identification, evaluation, or educational placement of their children. He/she also shall notify the parents/guardians of all the procedural safeguards available to them if they disagree with the district's action or decision, including an opportunity to examine all relevant records and an impartial hearing in which they shall have the right to participate. (34 CFR 104.36)

If a parent/guardian disagrees with any district action or decision regarding the identification, evaluation, or educational placement of his/her child under Section 504, he/she may request a Section 504 due process hearing within 30 days of that action or decision.

Prior to requesting a Section 504 due process hearing, the parent/guardian may, at his/her discretion, but within 30 days of the district's action or decision, request an administrative review of the action or decision. The Coordinator shall designate an appropriate administrator to meet with the parent/guardian to attempt to resolve the issue and the administrative review shall be held within 14 days of receiving the parent/guardian's request. If the parent/guardian is not satisfied with the resolution of the issue, or if the parent/guardian did not request an administrative review, he/she may request a Section 504 due process hearing.

A Section 504 due process hearing shall be conducted in accordance with the following procedures:

1. The parent/guardian shall submit a written request to the Coordinator within 30 days of receiving the district's decision or, if an administrative review is held, within 14 days of the completion of the review. The request for the due process hearing shall include:

    a. The specific nature of the decision with which he/she disagrees

    b. The specific relief he/she seeks

    c. Any other information he/she believes is pertinent to resolving the disagreement

2. Within 30 days of receiving the parent/guardian's request, the Superintendent or designee and 504 Coordinator shall select an impartial hearing officer. This 30-day deadline may be extended for good cause or by mutual agreement of the parties.

3. Within 45 days of the selection of the hearing officer, the Section 504 due process hearing shall be conducted and a written decision mailed to all parties. This 45-day deadline may be extended for good cause or by mutual agreement of the parties.

4. The parties to the hearing shall be afforded the right to:

    a. Be accompanied and advised by legal counsel and by individuals with special knowledge or training related to the problems of students with disabilities under Section 504

b. Present written and oral evidence

c. Question and cross-examine witnesses

d. Receive written findings by the hearing officer stating the decision and explaining the reasons for the decision

If desired, either party may seek a review of the hearing officer's decision by a federal court of competent jurisdiction.

Notifications

The Superintendent or designee shall ensure that the district has taken appropriate steps to notify students and parents/guardians of the district's duty under Section 504. (34 CFR 104.32)

Policy 6170.1: Transitional Kindergarten

Status: DRAFT

Original Adopted Date: 10/01/2015 **| Last Revised Date:** 12/01/2024

The Board of Trustees desires to offer a high-quality transitional kindergarten (TK) program for eligible children who do not yet meet the minimum age criterion for kindergarten. The TK program shall assist students in developing the academic, social, and emotional skills needed to succeed in kindergarten and beyond.

The district's TK program shall be the first year of a two-year kindergarten program. (Education Code 48000)

The Board encourages ongoing collaboration among district preschool staff, other preschool providers, elementary teachers, administrators, and parents/guardians in the development, implementation, and evaluation of the district's TK program.

Eligibility

The district's TK program shall admit children (Education Code 48000)

1. who turn four by September 1

A child's eligibility for TK enrollment shall not impact family eligibility for a preschool or child care program, including, but not limited to, a Head Start program, a child care center serving children through an alternative payment program, a general child care and development program, a California State Preschool Program (CSPP), a migrant child care and development program, child care and development services for children with special needs, or a program serving children through a CalWORKs Stage 1, Stage 2, or Stage 3 program. (Education Code 48000)

Parents/guardians of eligible children shall be notified of the availability of the TK program and of the age, residency, immunization, and any other enrollment requirements. Enrollment in the TK program shall be voluntary.

Curriculum and Instruction

The district's TK program shall be based on a modified kindergarten curriculum that is age and developmentally appropriate. (Education Code 48000)

The program shall be aligned with the preschool learning foundations and preschool curriculum frameworks developed by the California Department of Education (CDE). It shall be designed to facilitate students' development in essential knowledge and skills related to language and literacy, mathematics, physical development, health, visual and performing arts, science, history-social science, English language development, and social-emotional development.

Students in TK are not required to be assessed in English listening and speaking for purposes of initial identification as an English learner. However the district shall conduct the Home Language Survey during enrollment to identify whether the primary or native language of a student is other than English.

The Board shall establish the length of the school day in the district's TK program, which shall be at least three hours but no more than four hours long, including recess but excluding noon intermission, except for TK students enrolled in expanded learning opportunity programs provided by the district pursuant to Education Code 46120. If the district has adopted an extended-day kindergarten, the length of the school day for the TK program may be different than the length of the school day for the kindergarten program either at the same or different school sites. The Superintendent or designee shall annually report to CDE as to whether the district's TK programs are offered full-day, part-day, or both. (Education Code 8973, 37202, 46111, 46115, 46117, 48003)

The Superintendent or designee shall collaborate with parents/guardians and relevant community groups, in accordance with the plan developed for how all children in the attendance area of the district will have access to full-day learning programs the year before kindergarten that meet the needs of parents/guardians, including through partnerships with the district's expanded learning opportunities, the After School Education and Safety Program, CSPP, Head Start programs, and other community-based early learning and care programs.

TK students may be placed in the same classrooms as kindergarten students when necessary, provided that the instructional program is differentiated to meet student needs.

TK students may be commingled in the same classroom with four-year-old students from a CSPP program as long as the commingled program meets all of the requirements of each program as well as the following requirements: (Education Code 8207, 48000)

1. The classroom does not include students enrolled in TK for a second year or students enrolled in a regular kindergarten

2. An observation using the Classroom Assessment Scoring System (CLASS) tool and CLASS Environmental tool are completed for the classroom

3. All children enrolled for 10 or more hours per week are evaluated using the Desired Results Developmental Profile, as specified in 5 CCR 18272

4. The classroom is taught by a teacher that holds a credential issued by the Commission on Teacher Credentialing (CTC) in accordance with Education Code 44065 and 44256

5. The classroom is in compliance with the adult-child ratio specified in Education Code 8241

6. Contractors of the district report the services, revenues, and expenditures for children in the preschool program in accordance with 5 CCR 18068 except for contractors of the TK program

The district shall maintain an average TK class enrollment of not more than 24 students for each school site, not including students who are continuously enrolled in and meet the minimum day requirement for independent study for more than 14 school days in a school year. (Education Code 48000)

Staffing

The Superintendent or designee shall ensure that teachers assigned to teach in TK classes possess a teaching credential or permit from CTC that authorizes such instruction.

A credentialed teacher who is first assigned to a TK class after July 1, 2015, shall, by August 1, 2025, have at least 24 units in early childhood education and/or child development, comparable professional experience in a preschool setting, and/or a child development teacher permit or an early childhood specialist credential issued by CTC. (Education Code 48000)

The Superintendent or designee may provide professional development as needed to ensure that TK teachers are knowledgeable about the standards and effective instructional methods for teaching young children, including, but not limited to, developing competencies in serving inclusive classrooms and dual language learners.

The district shall maintain an average of at least one adult for every 12 students for TK classrooms and, contingent upon an appropriation of funding, maintain an average of at least one adult for every 10 students commencing with the 2025-26 school year. (Education Code 48000)

Continuation to Kindergarten

Students who complete the TK program shall be eligible to continue in kindergarten the following school year. Parents/guardians of such students shall not be required to submit a signed Kindergarten Continuance Form for kindergarten attendance.

However, whenever children who would otherwise be age-eligible for kindergarten are enrolled in TK, the Superintendent or designee shall obtain a Kindergarten Continuance Form signed by the parent/guardian near the end of the TK year consenting to the child's enrollment in kindergarten the following year.

A student shall not attend more than two years in kindergarten or a combination of TK and kindergarten. (Education Code 46300)

Assessment

The Superintendent or designee may develop or identify appropriate formal and/or informal assessments of TK students' development and progress. The Superintendent or designee shall monitor and regularly report to the Board regarding program implementation, the progress of students in meeting related academic standards, and student

preparedness for future education.

Policy 6171: Title I Programs

Status: DRAFT

Original Adopted Date: 11/01/2002 **| Last Revised Date:** 03/01/2018

The Board of Trustees desires to provide a high-quality education that enables all students to meet challenging state academic standards. In schools with a large number or percentage of economically disadvantaged families, the district shall use Title I funds to provide services that strengthen the academic program and provide support to students at risk of failing to achieve academic standards.

Title I funds shall be used to supplement, not supplant, funds available from state and local sources for the education of students participating in Title I programs. (20 USC 6314, 6321)

Descriptions of how the district will address the required components of the Title I local educational agency plan, as specified in 20 USC 6312, shall be included within the district's control and accountability plan (LCAP), the LCAP Federal Addendum, or another document. School-level strategies shall be aligned with the district's plan and be tailored to the specific needs of the students at the school.

In addition, the district and each school receiving Title I funds shall develop a written parent/guardian and family engagement policy in accordance with 20 USC 6318.

Comparability of Services

In schools receiving Title I funds, state and local funds shall be used to provide services that, taken as a whole, are at least comparable to services in schools that are not receiving Title I funds or, if all district schools are receiving Title I funds, that are substantially comparable in each school. Comparability may be determined on a school-by-school basis or by grade span. (20 USC 6321)

To demonstrate comparability of services among district schools, the district shall:

1. Adopt and implement a districtwide salary schedule

2. Ensure equivalence in teachers, administrators, and other staff, as measured by either or both of the following:

    a. The ratio of students to instructional staff at each Title I school within a grade span, which shall not exceed 110 percent of the average ratio for all non-Title I district schools within that grade span

    b. Salary expenditures for instructional staff at each Title I school, which shall be no less than 90 percent of the average salary expenditure across non-Title I district schools.

3. Ensure equivalence in the provision of curriculum materials and instructional supplies, by determining whether the per-student expenditure of state and local funds for curriculum materials and instructional supplies in Title I schools is between 90 and 110 percent of the district wide average

4. Determine whether the amount of state and local funds allocated per student for each grade span is between 90 and 110 percent of the per student average for each grade span in non-Title I schools

In determining comparability, the district shall not include staff salary differentials for years of employment. The district also may exclude unpredictable changes in student enrollment or personnel assignments that occur after the beginning of the school year, state and local funds expended for language instruction educational programs, state and local funds expended for the excess costs of providing services to students with disabilities, and supplemental state or local funds expended in any school attendance area or school for programs that specifically meet the intent and purposes of Title I. (20 USC 6321)

The Superintendent or designee shall annually assess comparability in accordance with the above criteria and maintain records documenting the district's compliance. If any instances of noncomparability are identified, the Superintendent or designee shall promptly implement adjustments as needed to ensure comparability.

Participation of Private School Students

The district shall provide or contract to provide special educational services, instructional services (including evaluations to determine the progress being made in meeting students' academic needs), counseling, mentoring, one-

on-one tutoring, or other Title I benefits to eligible private school students residing in a participating school attendance area. Such services and benefits shall be provided on an equitable basis in comparison to services and other benefits for public school students. (20 USC 6320, 7881)

Program Evaluation

The Board shall regularly monitor the progress of economically disadvantaged and low-achieving students in Title I schools. During the annual evaluation of the district's progress toward achieving each goal identified in the LCAP or other planning document addressing 20 USC 6312, the Board shall review disaggregated data on academic achievement, school attendance, and other outcomes for such students and shall ensure that strategies are revised as necessary to support continuous improvement.

Regulation 6171: Title I Programs

Status: DRAFT

Original Adopted Date: 08/01/2006 **| Last Revised Date:** 03/01/2018

Schoolwide Programs

A school may operate a Title I schoolwide program in order to upgrade the entire educational program of the school when at least 40 percent of the students in the school attendance area, or at least 40 percent of the students enrolled in the school, are from low-income families. (20 USC 6314; 34 CFR 200.25)

A school that does not meet these criteria may operate a Title I schoolwide program if it receives a waiver from the California Department of Education. (20 USC 6314)

Any school operating a schoolwide program shall develop a comprehensive plan with the involvement of parents/guardians, other members of the community to be served, and individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of other federal education programs), the district, tribes and tribal organizations present in the community, and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, secondary school students as applicable, and other individuals determined by the school. (20 USC 6314)

The schoolwide program plan shall be based on a comprehensive needs assessment of the entire school and shall be incorporated into a single plan for student achievement which also incorporates the plans required for other categorical programs included in the state's consolidated application. (Education Code 64001; 20 USC 6314)

The plan shall describe the strategies that the school will implement to address school needs, including a description of how such strategies will: (20 USC 6314)

1. Provide opportunities for all students, including economically disadvantaged students, ethnic subgroups, students with disabilities, and English learners, to meet state academic standards

2. Use methods and instructional strategies that strengthen the school's academic program, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education

3. Address the needs of all students in the school, but particularly the needs of those at risk of not meeting state academic standards, through activities which may include the following:

    a. Counseling, school-based mental health programs, specialized instructional support services, mentoring services, and other strategies to improve students' skills outside the academic subject areas

    b. Implementation of a schoolwide tiered model to prevent and address problem behavior, and early intervention services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act

    c. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data from academic assessments and to recruit and retain effective teachers, particularly in high-need subjects

    d. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs

The plan shall also include a description of any applicable federal, state, and local programs that will be consolidated in the schoolwide program. (20 USC 6314; 34 CFR 200.27)

The plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet state academic standards. (20 USC 6314)

Targeted Assistance Programs

Any school that receives Title I funds but does not operate a schoolwide program shall use Title I funds to provide services to eligible students who are failing, or most at risk of failing, to meet state academic standards. Students

shall be identified on the basis of multiple, educationally related, objective criteria, except that students in preschool through grade 2 shall be selected solely on the basis of criteria, including objective criteria, established by the district and supplemented by the school. (20 USC 6315)

Eligible students include those who are economically disadvantaged; students with disabilities; migrant students, including those who participated in a migrant education program pursuant to 20 USC 6391-6399 in the preceding two years; English learners; students who participated in a Head Start or state preschool program in the preceding two years; students in a local institution for neglected or delinquent children and youth or attending a community day program for such students; and homeless students. (20 USC 6315)

Any targeted assistance program shall: (20 USC 6315)

1. Use program resources to help participating students meet state academic standards, which may include programs, activities, and academic courses necessary to provide a well-rounded education

2. Use methods and instructional strategies that strengthen the academic program, through activities which may include:

    a. Expanded learning time, before- and after-school programs, and summer programs and opportunities

    b. A schoolwide tiered model to prevent and address behavior problems, and early intervention services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act

3. Coordinate with and support the regular education program, which may include services to assist preschool students in the transition to elementary school programs

4. Provide professional development to teachers, principals, other school leaders, paraprofessionals, and, if appropriate, specialized instructional support personnel and other school personnel who work with eligible students in Title I programs or in the regular education program. The professional development shall be provided using funds from Title I and, to the extent practicable, other sources.

5. Implement strategies to increase the involvement of parents/guardians of participating students

6. If appropriate and applicable, coordinate and integrate federal, state, and local services and programs, such as programs supported by the Elementary and Secondary Education Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career technical education programs, and comprehensive or targeted support and improvement activities under 20 USC 6311

7. Provide assurances to the Superintendent or designee that the program will:

    a. Help provide an accelerated, high-quality curriculum

    b. Minimize the removal of students from the regular classroom during regular school hours for instruction supported by Title I funds

    c. On an ongoing basis, review the progress of participating students and revise the targeted assistance program, if necessary, to provide additional assistance to enable such students to meet state academic standards

Participation of Private School Students

Teachers and families of participating private school students shall have an opportunity to participate, on an equitable basis, in parent/guardian and family engagement activities and professional development pursuant to 20 USC 6318. (20 USC 6320, 7881)

Each year the Superintendent or designee shall contact officials of private schools with students who reside within district boundaries, regardless of whether the private school they attend is located within the district or whether or not those officials have previously indicated any interest in program participation, and invite them to a meeting to discuss the intent of Title I and the roles of public and private school officials.

The Superintendent or designee shall consult with appropriate private school officials, in a meaningful and timely manner, during the design and development of the district's Title I programs, with the goal of reaching agreement on how to provide equitable and effective programs for eligible private school students. Such consultation shall occur before the district makes any decision that affects the opportunities of eligible private school students to participate in Title I programs and shall include consultation on issues such as the following: (20 USC 6320, 7881; 34 CFR 200.56)

1. How the needs of private school students will be identified
2. What services will be offered
3. How, where, and by whom the services will be provided
4. How the services will be academically assessed and how assessment results will be used to improve those services
5. The size and scope of the equitable services to be provided to eligible private school students, the proportion of funds to be allocated for such services, and how that proportion of funds is determined
6. The method or sources of data that are used to determine the number of students from low-income families in participating school attendance areas who attend private schools
7. How and when the district will make decisions about the delivery of services to such students, including a thorough consideration and analysis of the views of private school officials on the provision of services through a third-party provider
8. How, if the district disagrees with the views of private school officials on the provision of services through a third-party provider, the district will provide to private school officials a written analysis of the reasons that the district has chosen not to use a contractor
9. Whether the district will provide services directly or through a separate government agency, consortium, entity, or third-party contractor
10. Whether to provide services to eligible private school students by pooling funds or on a school-by-school basis
11. When services will be provided, including the approximate time of day
12. Whether to consolidate and use funds provided under Title I with other funds available for services to private school students

If the district disagrees with the views of private school officials with respect to any of the above issues, the district shall provide the officials, in writing, the reasons that the district disagrees. (20 USC 6320)

Meetings between district and private school officials shall continue throughout implementation and assessment of services. (20 USC 6320)

The district shall maintain, and shall provide to the CDE, a written affirmation signed by officials of each participating private school that consultation has occurred. The affirmation shall provide the option for private school officials to indicate their belief that timely and meaningful consultation has not occurred or that the program design is not equitable with respect to private school students. If private school officials do not provide the affirmation within a reasonable period of time, the district shall send documentation to the CDE demonstrating that the consultation has, or attempts at such consultation have, taken place. (20 USC 6320)

The Superintendent or designee shall also maintain copies of program descriptions, notices, funding allocations, and other communications and records pertaining to the provision of services to private school students.

Policy 6173: Education For Homeless Children

Status: DRAFT

Original Adopted Date: 07/01/2005 **| Last Revised Date:** 03/01/2023

The Board of Trustees believes that the identification of students experiencing homelessness is critical to improving the educational outcomes of such students and ensuring that students experiencing homelessness have access to the same free and appropriate public education provided to other students within the district. The district shall provide students experiencing homelessness with access to education and other services necessary for such students to meet the same challenging academic standards as other students.

When there are at least 15 students experiencing homelessness in the district or a district school, the district's local control and accountability plan (LCAP) shall include goals and specific actions to improve student achievement and other outcomes of students experiencing homelessness. (Education Code 52052, 52060, 52064)

The Superintendent or designee shall review district policies at least once every three years and recommend updates to ensure removal of any barriers to the education of homeless students and unaccompanied youth. Any such review shall address identification, enrollment, and retention of such students, including those barriers that are due to absences or outstanding fees or fines. (Education Code 48851.3, 42 USC 11432)

The Superintendent or designee shall designate an appropriate staff person to serve as a liaison for homeless children and youths. The district liaison for homeless students shall fulfill the duties specified in 42 USC 11432 to assist in identifying and supporting students experiencing homelessness to succeed in school, and as specified in Education Code 48851.3 related to trainings for district staff providing assistance to students experiencing homelessness.

The Superintendent or designee shall ensure that each district school identifies all students experiencing homelessness and unaccompanied youths enrolled at the school. (Education Code 48851)

To ensure easy identification of students experiencing homelessness, the Superintendent or designee shall annually provide and administer a housing questionnaire developed by the California Department of Education (CDE) to all parents/guardians of students and all unaccompanied youths. (Education Code 48851)

If the primary language of a student's parent/guardian or an unaccompanied youth is not English, either the housing questionnaire shall be made available in the primary language of the student's parent/guardian or the unaccompanied youth pursuant to Education Code 48985, or an appropriate translation of the housing questionnaire shall be provided upon request of a student's parent/guardian or an unaccompanied youth. (Education Code 48851)

The Superintendent or designee shall report to CDE the number of students experiencing homelessness, including unaccompanied youths, enrolled in the district as identified from the housing questionnaire described above. (Education Code 48851)

In addition, the Superintendent or designee shall ensure that the district liaison's contact information and other information on homelessness, including, but not limited to, information regarding the educational rights and resources available to persons experiencing homelessness, are posted on the district and school web sites as specified in the accompanying administrative regulation. (Education Code 48852.6)

The Superintendent or designee shall ensure that placement decisions for students experiencing homelessness are based on the student's best interest as defined in law and administrative regulation.

Each student experiencing homelessness shall be provided services that are comparable to services offered to other students in the school, including, but not limited to, transportation, educational programs for which the student meets the eligibility criteria (such as federal Title I services or similar state or local programs, programs for students with disabilities, and educational programs for English learners), career and technical education programs, programs for gifted and talented students, and school nutrition programs. (Education Code 48850; 42 USC 11432)

Students experiencing homelessness shall not be segregated into a separate school or program based on their status as homeless and shall not be stigmatized in any way. However, the Superintendent or designee may separate students experiencing homelessness on school grounds as necessary for short periods of time for health and safety emergencies or to provide temporary, special, and supplementary services to meet their unique needs. (42 USC 11432, 11433)

The Superintendent or designee shall ensure that information and/or materials for students experiencing homelessness are provided in a manner and form understandable to the student's parents/guardians and to unaccompanied youths.

Information about the living situation of a student experiencing homelessness shall be considered part of a student's educational record, subject to the Family Educational Rights and Privacy Act, shall not be deemed to be directory information as defined in 20 USC 1232g, and shall not be released without written consent. (42 USC 11432)

The Superintendent or designee shall coordinate with other agencies and entities to ensure that students experiencing homelessness are promptly identified, ensure that students experiencing homelessness have access to and are in reasonable proximity to available education and related support services, and raise the awareness of school personnel and service providers of the effects of short-term stays in a shelter and other challenges associated with homelessness. Toward these ends, the Superintendent or designee shall collaborate with local social services agencies, other agencies or entities providing services to students experiencing homelessness, and, if applicable, transitional housing facilities. In addition, the Superintendent or designee shall coordinate transportation, transfer of school records, and other interdistrict activities with other local educational agencies. As necessary, the Superintendent or designee shall coordinate, within the district and with other involved local educational agencies, services for students experiencing homelessness and services for students with disabilities. (42 USC 11432)

At least annually, the district liaison and other appropriate staff shall participate in professional development and other technical assistance activities to assist them in identifying and meeting the needs of students experiencing homelessness. Such professional development and technical assistance shall include, but are not limited to, training on the district's homeless education program policies, definitions of terms related to homelessness, recognition of signs that students are experiencing or are at risk of experiencing homelessness, the steps that should be taken once a potentially homeless student is identified, and how to connect students experiencing homelessness with appropriate housing and service providers. (Education Code 48851.3, 48852.5; 42 USC 11432)

At least annually, the Superintendent or designee shall report to the Board on the identification of and outcomes for students experiencing homelessness, which may include, but are not limited to, the housing questionnaire responses, school attendance, student achievement test results, promotion and retention rates by grade level, graduation rates, suspension/expulsion rates, and other outcomes related to any goals and specific actions identified in the LCAP. Based on the evaluation data, the district shall revise its strategies as needed to more effectively identify and support the education of students experiencing homelessness.

Annually, the Superintendent or designee shall report to CDE, in accordance with Education Code 51225.1, the number of students experiencing homelessness graduating from the fourth or fifth year of high school who, for the prior school year, graduated with an exemption from district-established graduation requirements that are in addition to statewide coursework requirements.

Regulation 6173: Education For Homeless Children

Status: DRAFT

Original Adopted Date: 12/01/2014 **| Last Revised Date:** 03/01/2023

Definitions

Homeless students or *students experiencing homelessness* means students who lack a fixed, regular, and adequate nighttime residence and includes: (Education Code 48859; 42 USC 11434a)

1. Students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals

2. Students who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings

3. Students who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings

4. Migratory children who qualify as homeless because they are living in conditions described in items #1-3 above

Unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian. (Education Code 48859; 42 USC 11434a)

School of origin means the school that the student experiencing homelessness attended when permanently housed or the school in which the student was last enrolled, including a preschool. If the school the student experiencing homelessness attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the student attended within the preceding 15 months and with which the student is connected, the district liaison for homeless students, in consultation with and with the agreement of the student experiencing homelessness and the person holding the right to make educational decisions for the student, shall determine which school is, in the best interests of the student experiencing homelessness, deemed the school of origin. (Education Code 48852.7; 42 USC 11432)

Best interest means that, in making educational and school placement decisions for a student experiencing homelessness, consideration is given to, among other factors, educational stability, the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress, and the student's access to academic resources, services, and extracurricular and enrichment activities that are available to all district students. (Education Code 48850, 48853; 42 USC 11432)

District Liaison

The Superintendent designates the following staff person as the district liaison for homeless students: (42 USC 11432)

Director of State and Federal
2930 Gay Ave
408 928 6800

The district's liaison for homeless students shall: (Education Code 48851.3, 48851.5, 48852.5; 42 USC 11432)

1. Ensure that students experiencing homelessness are identified by school personnel through outreach and coordination activities with other entities and agencies

2. Ensure that students experiencing homelessness are enrolled in, and have a full and equal opportunity to succeed in, district schools

3. Ensure that families and students experiencing homelessness have access to and receive educational services for which they are eligible, including services through Head Start and Early Head Start programs, early intervention services under Part C of the federal Individuals with Disabilities Education Act, and other preschool programs administered by the district

4. Ensure that families and students experiencing homelessness receive referrals to health care services, dental services, mental health and substance abuse services, housing services, and other appropriate services

5. Inform parents/guardians of the educational and related opportunities available to their children and ensure that they are provided with meaningful opportunities to participate in the education of their children

6. Disseminate public notice of the educational rights of students experiencing homelessness in locations frequented by parents/guardians of students experiencing homelessness and by unaccompanied youth, including schools, shelters, public libraries, and hunger relief agencies (soup kitchens). The rights shall be presented in a manner and form understandable to the parents/guardians of homeless students and unaccompanied youth.

7. Mediate enrollment disputes in accordance with law and the section "Resolving Enrollment Disputes" below

8. Fully inform parents/guardians of students experiencing homelessness and unaccompanied youth of all transportation services, including transportation to the school of origin, and assist them in accessing transportation to the school of choice

9. Offer annual training related to the district's homeless education program policies to school personnel who provide services to students experiencing homelessness, including principals and other school leaders, attendance officers, teachers, enrollment personnel, and specialized instructional support personnel, to ensure that such employees are informed of available training, professional development, and other support, and the services provided by the district liaison for homeless students

10. Ensure that unaccompanied youth are enrolled in school, have opportunities to meet the same challenging state academic standards established for other students, and are informed of their status as independent students under 20 USC 1087vv and that they may receive assistance from the district liaison to receive verification of their independent student status for purposes of applying for federal student aid pursuant to 20 USC 1090

11. Coordinate and collaborate with state coordinators and community and school personnel responsible for the provision of education and related services to students experiencing homelessness, including the collection and provision of comprehensive data to the state coordinator as required by law

In addition, when notified pursuant to Education Code 48918.1, the district liaison shall assist, facilitate, or represent a student experiencing homelessness who is undergoing a disciplinary proceeding that could result in the student's expulsion. When notified pursuant to Education Code 48915.5, the district liaison shall participate in an individualized education program (IEP) team meeting to make a manifestation determination regarding the behavior of a student with a disability.

The Superintendent or designee shall inform students experiencing homelessness, their parents/guardians, school personnel, service providers, and advocates working with homeless families of the duties of the district's liaison. The Superintendent or designee shall also provide the name and contact information of the district's liaison to the California Department of Education (CDE) for publishing on CDE's web site. (42 USC 11432)

Enrollment

The district shall make placement decisions for students experiencing homelessness based on the student's best interest. (Education Code 48850; 42 USC 11432)

In determining a student's best interest, a student experiencing homelessness shall, to the extent feasible, be placed in the school of origin, unless the student's parent/guardian or the unaccompanied youth requests otherwise. (Education Code 48852.7; 42 USC 11432)

When determining the best interest of any student experiencing homelessness, the district shall give priority to the request of the student's parent/guardian, or in the case of an unaccompanied youth, the request of the student. The student's educational stability and opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress and other student-centered factors related to the student's best interest, including the impact of mobility on the student's achievement, education, health, and safety, shall also be considered. (Education Code 48850; 42 USC 11432)

Such factors may include, but are not limited to, the age of the student, the distance of the commute and the impact it may have on the student's education, personal safety issues, the student's need for special instruction, the length of anticipated stay in the temporary shelter or other temporary location, likely area of future housing, school placement of siblings, and the time remaining in the school year.

However, placement decisions shall not be based on whether a student experiencing homelessness lives with the student's homeless parent/guardian or has been temporarily placed elsewhere. (42 USC 11432)

In the case of an unaccompanied youth, the district liaison shall assist in placement or enrollment decisions, give priority to the views of the student, and provide notice to the student of the right to appeal. (42 USC 11432)

Once a placement decision has been made, the principal or designee shall immediately enroll the student in the school of choice. The student shall be enrolled even if the student: (Education Code 48850, 48852.7; 42 USC 11432)

1. Has outstanding fees, fines, textbooks, or other items or monies due to the school last attended

2. Does not have clothing normally required by the school, such as school uniforms

3. Is unable to produce records normally required for enrollment, such as previous academic records, proof of residency, and records of immunization and other required health records

4. Has missed application or enrollment deadlines during any period of homelessness

The principal or designee shall immediately contact the school last attended by the student to obtain the relevant records. If the student needs to obtain immunizations or does not possess immunization or other required health records, the principal or designee shall immediately refer the parent/guardian to the district liaison for homeless students. The district liaison shall assist the parent/guardian, or the student if the student is an unaccompanied youth, in obtaining the necessary immunizations, screenings, or records for the student. (42 USC 11432)

If the student is placed at a school other than the school of origin or the school requested by the student's parent/guardian or the student, if an unaccompanied youth, the Superintendent or designee shall provide the parent/guardian or the unaccompanied youth with a written explanation of the reasons for the decision, including why placement in the student's school of origin or requested school is not in the student's best interest, along with a statement regarding the right to appeal the placement decision. The written explanation shall be in a manner and form understandable to such parent/guardian or unaccompanied youth. (42 USC 11432)

At the point of any change or subsequent change in the residence of a student experiencing homelessness, the student may continue attending the student's school of origin for the duration of the homelessness. (Education Code 48852.7; 42 USC 11432)

To ensure that the student experiencing homelessness has the benefit of matriculating with the student's peers in accordance with the established feeder patterns, the following shall apply: (Education Code 48852.7; 42 USC 11432)

1. If the student is transitioning between grade levels, the student shall be allowed to continue in the same attendance area

2. If the student is transitioning to a middle school or high school, and the school designated for matriculation is in another school district, the student shall be allowed to continue to the school designated for matriculation in that district

If the student's housing status changes before the end of the school year so that the student is no longer experiencing homelessness, the student shall be allowed to stay in the school of origin: (Education Code 48852.7)

1. Through the duration of the school year if the student is in grades K-8

2. Through graduation if the student is in high school

Resolving Enrollment Disputes

If a dispute arises over student eligibility, school selection, or enrollment in a particular school, the matter shall be

referred to the district liaison, who shall carry out the dispute resolution process as expeditiously as possible. (42 USC 11432)

The parent/guardian or unaccompanied youth shall be provided with a written explanation of any decisions related to eligibility, school selection, or enrollment and of the right of the parent/guardian or unaccompanied youth to appeal such decisions. (42 USC 11432)

The written explanation shall include:

1. A description of the action proposed or refused by the district
2. An explanation of why the action is proposed or refused
3. A description of any other options the district considered and the reasons that any other options were rejected
4. A description of any other factors relevant to the district's decision and information related to the eligibility or best interest determination including the facts, witnesses, and evidence relied upon and their sources
5. Appropriate timelines to ensure any relevant deadlines are not missed
6. Contact information for the district liaison and state coordinator, and a brief description of those roles

The written explanation shall be complete, as brief as possible, simply stated, and provided in language that the parent/guardian or student can understand.

The district liaison may use an informal process as an alternative to formal dispute resolution procedures, provided that the parents/guardians or unaccompanied youth have access to the more formal process if informal resolution is not successful in resolving the matter.

In working with a student's parents/guardians or unaccompanied youth to resolve an enrollment dispute, the district liaison shall:

1. Inform the student's parents/guardians or unaccompanied youth that written and/or oral documentation to support their position may be provided
2. Inform the student's parents/guardians or unaccompanied youth that they may seek the assistance of social services, advocates, and/or service providers in having the dispute resolved
3. Provide a simple form that they may use and turn in to the school to initiate the dispute resolution process
4. Provide a copy of the dispute form they submit for their records
5. Provide the outcome of the dispute for their records

When a student's parent/guardian or an unaccompanied youth involved in the enrollment dispute is an English learner, Items #1-5 shall be provided either in the native language of the parent/guardian or unaccompanied youth or through an interpreter. Any additional support needed because of a disability of that parent/guardian or unaccompanied youth shall be made available without a charge.

If a parent/guardian or unaccompanied youth disagrees with the district liaison's enrollment decision, the decision may be appealed to the Superintendent. The Superintendent shall make a determination within five working days.

If the parent/guardian chooses to appeal the district's placement decision, the district liaison shall forward all written documentation and related paperwork to the liaison for homeless students at the county office of education.

Pending final resolution of the dispute, including all available appeals, the student shall be immediately enrolled in the school in which enrollment is sought and shall be allowed to attend classes and participate fully in school activities. (42 USC 11432, 11434a)

Transportation

The district shall provide transportation for a student experiencing homelessness to and from the student's school of origin when the student is residing within the district and the parent/guardian, or the district liaison in the case of an unaccompanied youth, requests that such transportation be provided. If the student moves outside of district boundaries, but continues to attend the student's school of origin within this district, the Superintendent or designee shall consult with the superintendent of the district in which the student is now residing to agree upon a method to apportion the responsibility and costs of the transportation. (42 USC 11432)

Any fees that the district charges for home-to-school transportation and other transportation as expressly provided by law shall be waived for students experiencing homelesness. (Education Code 39807.5)

The district shall not be obligated to provide transportation to students who continue attending their school of origin after they secure permanent housing, unless the formerly homeless student has an IEP that includes transportation as a necessary related service for the student. (Education Code 48852.7)

Extracurricular Activities

A student experiencing homelessness who enrolls in any district school shall have access to extracurricular and enrichment activities that are available to all students in the school, including but not limited to, interscholastic sports administered by the California Interscholastic Federation. (Education Code 48850)

Notification, Complaints, and Posting Requirements

Information regarding the educational rights of students experiencing homelessness, as specified in Education Code 51225.1 and 51225.2, shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.1, 51225.2)

Any complaint that the district has not complied with requirements regarding the education of students experiencing homelessness, as specified in Education Code 51225.1 or 51225.2, may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures.

The Superintendent or designee shall ensure that a list of the district's liaison(s) and the contact information for such liaison(s), as well as specific information on homelessness, including, but not limited to, information regarding the educational rights and resources available to students experiencing homelessness, are posted on the district's web site. (Education Code 48852.6)

Each district school that has a web site shall also post the contact information for the district liaison and the name and contact information of any employee or other person under contract with the school who assists the district liaison in completing the liaison's duties pursuant to 42 USC 11432. (Education Code 48852.6)

Policy 6173.1: Education For Foster Youth

Status: DRAFT

Original Adopted Date: 03/01/2008 **| Last Revised Date:** 03/01/2023

The Board of Trustees recognizes that foster youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs that may be addressed with the provision of a safe, positive learning environment that is free from discrimination and harassment and that promotes students' self-esteem and academic achievement.

The Superintendent or designee shall provide foster youth with full access to the district's educational program and implement strategies necessary for the improvement of the academic achievement of foster youth as identified in the district's local control and accountability plan (LCAP). The Superintendent or designee shall also develop strategies to build a foster youth's feeling of connectedness with school, including, but not limited to, strategies that promote positive discipline and conflict resolution, the development of resiliency and interpersonal skills, and the involvement of foster parents, group home administrators, and/or other caretakers in school programs and activities.

The Superintendent or designee shall ensure that placement decisions for foster youth are based on the students' best interests as defined in law and as specified in the accompanying administrative regulation. To that end, the Superintendent or designee shall designate a staff person as the district liaison for foster youth to help facilitate the enrollment, placement, and transfer of foster youth.

The Superintendent or designee and district liaison shall ensure that all appropriate staff, including, but not limited to, each principal, school registrar, and attendance clerk, receive training on the enrollment, placement, and transfer of foster youth and other related rights.

To address the needs of foster youth and help ensure the maximum utilization of available funds, the Superintendent or designee shall collaborate with local agencies and officials including, but not limited to, the county placing agency, social services, probation officers, and juvenile court officers. The Superintendent or designee shall explore the feasibility of entering into agreements with these groups to coordinate services and protect the rights of foster youth.

At least annually and in accordance with the established timelines, the Superintendent or designee shall report to the Board on the outcomes for foster youth regarding the goals and specific actions identified in the LCAP, including, but not limited to, school attendance, student achievement test results, promotion and retention rates by grade level, graduation rates, and suspension/expulsion rates. As necessary, evaluation data shall be used to determine and recommend revisions to the LCAP for improving or increasing services for foster youth.

Annually, the Superintendent or designee shall report to the California Department of Education, in accordance with Education Code 51225.1, the number of foster youth graduating from the fourth or fifth year of high school who, for the prior school year, graduated with an exemption from district-established graduation requirements that are in addition to statewide coursework requirements.

Regulation 6173.1: Education For Foster Youth

Status: DRAFT

Original Adopted Date: 12/01/2013 | **Last Revised Date:** 03/01/2023

Definitions

Foster youth, foster child, or student in foster care means any of the following: (Education Code 42238.01, 48853.5)

1. A child who is the subject of a petition filed pursuant to Welfare and Institutions Code 300, whether or not the child has been removed from the child's home by the juvenile court pursuant to Welfare and Institutions Code 319 or 361

2. A child who is the subject of a petition filed pursuant to Welfare and Institutions Code 602, whether or not the child has been removed from the child's home

3. A child who is the subject of a petition filed pursuant to Welfare and Institutions Code 602, has been removed from the child's home by the juvenile court pursuant to Welfare and Institutions Code 727, and is in foster care as defined by Welfare and Institutions Code 727.4(d)

4. A nonminor who is under the transition jurisdiction of a juvenile court, as described in Welfare and Institutions Code 450, and satisfies the criteria specified in Education Code 42238.01

5. A child who has been removed from the youth's home pursuant to Welfare and Institutions Code 309

6. A dependent child of the court of an Indian tribe, consortium of tribes, or tribal organization who is the subject of a petition filed in the tribal court pursuant to the court's jurisdiction in accordance with the tribe's law

7. A child who is the subject of a voluntary placement agreement, as defined in Welfare and Institutions Code 11400(p)

Person holding the right to make educational decisions means a responsible adult appointed by a court pursuant to Welfare and Institutions Code 361 or 726.

School of origin means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the foster youth was last enrolled, or if there is another school that the foster youth attended with which the foster youth is connected and that the foster youth attended within the preceding 15 months, the district liaison, in consultation with, and with the agreement of, the foster youth and the person holding the right to make educational decisions for the foster youth shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin. (Education Code 48853.5)

Best interests of a foster youth means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the proximity to the school at the time of placement, appropriateness of the educational setting, educational stability, the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress, and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all district students. (Education Code 48850, 48853; 20 USC 6311)

District Liaison

The Superintendent designates the following position as the district's liaison for foster youth: (Education Code 48853.5)

Director of Student Support, Programs and Services
2930 Gay Ave
408 928-6800
StudentSupport Programs@arusd.org

The liaison for foster youth shall:

1. Ensure and facilitate the proper educational placement, enrollment in school, and checkout from school of

students in foster care (Education Code 48853.5)

2. Ensure proper transfer of credits, records, and grades when students in foster care transfer from one school to another or from one district to another (Education Code 48645.5, 48853.5)

   When a student in foster care is enrolling in a district school, the liaison shall contact, within two business days of the student's request for enrollment, the school last attended by the student to obtain all academic and other records. When a foster youth is transferring to a new school, the liaison shall provide the student's records to the new school within two business days of receiving the new school's request. (Education Code 48853.5)

3. Notify a foster youth's educational rights holder, attorney, and county social worker when a foster youth is undergoing any expulsion or other disciplinary proceeding including a manifestation determination for a foster youth who is a student with a disability, prior to a change in the foster youth's placement. (Education Code 48853.5, 48911, 48915.5, 48918.1)

4. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973

5. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services

6. Develop protocols and procedures for creating awareness for district staff, including principals, school registrars, and attendance clerks, of the requirements for the proper enrollment, placement, and transfer of foster youth

7. Collaborate with the county office of education, county placing agency, county child welfare agency, county probation department, juvenile court, and other appropriate agencies to help coordinate instruction, counseling, tutoring, mentoring vocational training, and other related services for the district's foster youth

8. Monitor the educational progress of foster youth and provide reports to the Superintendent or designee and the Board of Trustees based on indicators identified in the district's local control and accountability plan

The Superintendent or designee shall regularly monitor the liaison's caseload, as well as additional duties outside of the foster youth program, to ensure that adequate time and resources are provided to meet the needs of foster youth in the district.

Enrollment

A student placed in a licensed children's institution or foster family home within the district shall attend programs operated by the district unless one of the following circumstances applies: (Education Code 48853, 48853.5)

1. The student has an individualized education program requiring placement in a nonpublic, nonsectarian school or agency or in another local educational agency

2. The parent/guardian or other person holding the right to make educational decisions for the student determines that it is in the best interests of the student to be placed in another education program and submits a written statement to the district indicating that determination and an awareness of the following:

   a. The student has a right to attend a regular public school in the least restrictive environment

   b. The alternate education program is a special education program, if applicable

   c. The decision to unilaterally remove the student from the district school and to place the student in an alternate education program may not be financed by the district

   d. Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent/guardian or other person holding the right to make educational decisions for the student

3. At the initial placement or any subsequent change in placement, the student exercises the right to continue in the school of origin, as defined above. In any such circumstance, the following shall apply:

a. The student may continue in the school of origin for the duration of the court's jurisdiction

b. If the court's jurisdiction over a grade K-8 student is terminated prior to the end of a school year, the student may continue in the school of origin for the remainder of the school year

c. If the court's jurisdiction is terminated while the student is in high school, the student may continue in the school of origin through graduation

d. If the student is transitioning between school grade levels, the student shall be allowed to continue in the district in the same attendance area to provide the student the benefit of matriculating with the student's peers in accordance with the established feeder patterns of school in the district. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The role of the liaison shall be advisory with respect to placement decisions and determination of the school of origin. (Education Code 48853.5)

The district liaison may, in consultation with and with the agreement of the foster youth and the person holding the right to make educational decisions for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the foster youth be enrolled in any school that students living in the attendance area in which the foster youth resides are eligible to attend. All decisions shall be made in accordance with the foster youth's best interests. (Education Code 48853.5)

Prior to making any recommendation to move a foster youth from the school of origin, the liaison shall provide the foster youth and the person holding the right to make educational decisions for the youth with a written explanation of the basis for the recommendation and how the recommendation serves the youth's best interests. (Education Code 48853.5)

If the liaison, in consultation with the foster youth and the person holding the right to make educational decisions for the foster youth, agrees that the best interests of the foster youth would be served by a transfer to a school other than the school of origin, the principal or designee of the new school shall immediately enroll the foster youth, regardless of whether the foster youth: (Education Code 48853.5)

1. Has outstanding fees, fines, textbooks, or other items or monies due to the school last attended

2. Does not have clothing normally required by the school, such as school uniforms

3. Is unable to produce records normally required for enrollment, such as previous academic records, proof of residency, and medical records, including, but not limited to, immunization records or other documentation

If the foster youth or a person holding the right to make educational decisions for the foster youth disagrees with the liaison's enrollment recommendation, an appeal may be filed with the Superintendent. The Superintendent shall make a determination within 30 calendar days of receipt of the appeal. Within 30 calendar days of receipt of the Superintendent's decision, the foster youth or the person holding the right to make educational decisions for the foster youth may appeal that decision to the Board. The Board shall consider the issue at its next regularly scheduled meeting. The Board's decision shall be final.

If any dispute arises regarding the request of a foster youth to remain in the school of origin, the foster youth has the right to remain in the school of origin pending resolution of the dispute. (Education Code 48853.5)

Transportation

The Superintendent or designee shall collaborate with the local child welfare agency to determine how transportation will be provided, arranged, and funded in a cost-effective manner to enable a foster youth to remain in the school of origin, for the duration of the time spent in foster care, when it is in the foster youth's best interest to do so. Such transportation costs may be paid by either the child welfare agency or the district, or shared by both. (20 USC 6312)

Any fees that the district charges for home-to-school transportation and other transportation as expressly provided by law shall be waived for foster youth. (Education Code 39807.5)

Effect of Absences on Grades

The grades of a student in foster care shall not be lowered for any absence from school that is due to either of the following circumstances: (Education Code 49069.5)

1. A decision by a court or placement agency to change the student's placement, in which case the grades shall be calculated as of the date the student left school

2. A verified court appearance or related court-ordered activity

Transfer of Coursework and Credits

When a foster youth transfers into a district school, the district will receive an official transcript from the transferring school or district which reflects full and partial credits and grades earned by the foster youth and includes: (Education Code 51225.2)

1. A determination of the days of enrollment and/or seat time, if applicable for all full and partial credits earned based on any measure of full or partial coursework being satisfactorily completed

   Partial coursework satisfactorily completed includes any portion of an individual course, even if the student did not complete the entire course

2. Separate listings for credits and grades earned at each school and local educational agency so it is clear where credits and grades were earned

3. A complete record of the student's seat time, including both period attendance and days of enrollment

The district shall transfer the credits and grades from the transferring school's transcript onto an official district transcript in the same manner as described in Item #2, above. (Education Code 51225.2)

If the Principal or designee has knowledge that the transcript from the transferring school may not include certain credits or grades, the Principal or designee shall contact the prior school within two business days to request that the full or partial credits be issued, which shall then be issued and provided by the prior school within two business days of the request. (Education Code 51225.2)

The district shall accept and issue full or partial credit for any coursework that the foster youth has satisfactorily completed while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency. (Education Code 51225.2)

If the entire course was completed, the district shall not require the foster youth to retake the course. (Education Code 51225.2)

If the entire course was not completed at the previous school, the foster youth shall be issued partial credit for the coursework completed and shall be required to take the uncompleted portion of the course. However, the district may require the foster youth to retake the portion of the course completed if, in consultation with the holder of educational rights for the foster youth, the district finds that the foster youth is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a foster youth in any particular course, the foster youth shall be enrolled in the same or equivalent course, if applicable, to enable the completion of the entire course. (Education Code 51225.2)

Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject. Partial credits and grades earned by a student shall be included on the student's official transcript within two business days of the district's notification of the student's transfer, as required under Education Code 49069.5.

In no event shall the district prevent a foster youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)

Eligibility for Extracurricular Activities

A foster youth whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities. (Education Code 48850)

Notification and Complaints

Information regarding the educational rights of foster youth shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 48853, 48853.5, 49069.5, 51225.1, 51225.2)

Any complaint alleging that the district has not complied with requirements regarding the education of foster youth may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures. If the district finds merit in a complaint, the district shall provide a remedy to the affected student. A complainant not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE) and shall receive a written decision regarding the appeal within 60 days of CDE's receipt of the appeal. If CDE finds merit in an appeal, the district shall provide a remedy to the affected student. (Education Code 48853, 48853.5, 49069.5, 51225.1, 51225.2)

Policy 6173.2: Education Of Children Of Military Families

Status: DRAFT

Original Adopted Date: 11/01/2009 **| Last Revised Date:** 10/01/2017

The Board of Trustees recognizes that children of military families face challenges to their academic success caused by the frequent moves or deployments of their parents/guardians in fulfillment of military service. The district shall provide such students with academic resources, services, and opportunities for extracurricular and enrichment activities that are available to all district students.

The Superintendent or designee may waive district policies or rules when necessary to facilitate the enrollment, placement, advancement, eligibility for extracurricular activities, or on-time graduation of children of military families, in accordance with the Interstate Compact on Educational Opportunity for Military Children as ratified in Education Code 49700-49704.

The Superintendent or designee shall provide information and/or training to administrators, other appropriate district staff, and military families regarding the provisions of the Interstate Compact and the educational rights of children of military families.

The Superintendent or designee shall collaborate with parents/guardians, school liaison officers from military installations, and/or other agencies within and outside the state to facilitate the transition of children of military families into and out of the district.

The Superintendent or designee shall annually report to the Board and the public on the educational outcomes of children of military families. Such reports may include, but are not limited to, school attendance, student achievement test results, promotion and retention rates by grade levels, and graduation rates.

Regulation 6173.2: Education Of Children Of Military Families

Status: DRAFT

Original Adopted Date: 03/01/2016 **| Last Revised Date:** 12/01/2018

Definitions

Children of military families are school-aged children in the household of: (Education Code 49701)

1. Members who are in full-time duty status in the active uniformed service of the United States, including any member of the National Guard and Reserve on active duty order pursuant to 10 USC 1209 or 1211

2. Members or veterans of the uniformed services who are severely injured and medically discharged or retired, for one year after their medical discharge or retirement

3. Members of the uniformed services who have died while on active duty or as a result of injuries sustained on active duty, for one year after their death

Enrollment and Residency

The Superintendent or designee shall facilitate the enrollment of children of military families and ensure that they are not placed at a disadvantage due to difficulty in the transfer of their records from previous school districts and/or variations in entrance or age requirements. (Education Code 49701)

A child of a military family shall be deemed to meet district residency requirements if the parent/guardian, while on active military duty pursuant to an official military order, is transferred or is pending transfer to a military installation within the state. The Superintendent or designee shall accept electronic submission of such a student's application for enrollment, including enrollment in a specific school or program within the district, and for course registration. (Education Code 48204.3)

When a child of a military family is transferring into the district, the Superintendent or designee shall enroll the student based on unofficial education records, if official records are not yet available. Upon enrollment, the Superintendent or designee shall immediately request the student's official records from the student's previous district. The Superintendent or designee shall allow the student 30 days from the date of enrollment to obtain all required immunizations. (Education Code 49701)

A child of a military family shall be allowed to continue attending the school of origin, regardless of any change of residence of the family during that school year, for the duration of the student's status as a child of a military family. (Education Code 48204.6)

To provide a child of a military family the benefit of matriculating with peers in accordance with the established feeder patterns of the district, the following shall apply: (Education Code 48204.6)

1. If the student is transitioning between grade levels, the student shall be allowed to continue in the school district of origin in the same school attendance areas.

2. If the student is transitioning to a middle or high school and the school designated for matriculation is in another district, the student shall be allowed to continue to the school designated for matriculation in that school district.

The principal or designee of the new school shall ensure that the student is immediately enrolled even if the student has outstanding fees, fines, textbooks, or other items or moneys due to the school last attended or is unable to produce clothing or records normally required for enrollment, such as previous academic records, medical records, including, but not limited to, records or other proof of immunization history pursuant to Health and Safety Code 120325-120480, proof of residency, other documentation, or school uniforms. (Education Code 48204.6)

If the student's status changes during a school year due to the end of military service of the student's parent/guardian, the following shall apply: (Education Code 48204.6)

1. If the student is in grades K-8, the student shall be allowed to continue attending the school of origin through the duration of that academic school year.

2. If the student is in high school, the student shall be allowed to continue attending the school of origin through graduation.

A child of an active military duty parent/guardian shall not be prohibited from transferring out of the district, if the school district of proposed enrollment approves the application for transfer. (Education Code 46600, 48307)

When a child of a military family is transferring out of the district, the Superintendent or designee shall provide the student's parents/guardians with a complete set of the student's records or, if the official student record cannot be released, an unofficial or "hand-carried" record. Upon request from the new district, the Superintendent or designee shall provide a copy of the student's record to the new district within 10 days. (Education Code 49701)

Transportation

The Superintendent or designee may, but is not required to, provide transportation to enable a child of a military family to attend the school of origin or to matriculate to a feeder school as described above, except when indicated in the individualized education program (IEP) of a student with a disability or otherwise required by federal law. (Education Code 48204.6)

Placement

Whenever a student's parent/guardian is serving on active duty or has been discharged from military service within the last year and the student transfers to a new school as the direct result of the military transfer or discharge, the Superintendent or designee may, prior to the receipt of official transcript(s) or the arrival of the student, review the student's coursework to date, including any unofficial transcript(s), to determine the appropriate placement of the student in classes. The evaluation shall also include communication with school counselors and teachers at the former school by videoconferencing, email, and/or telephone calls. (Education Code 51251)

The Superintendent or designee shall initially honor the placement of any child of a military family in educational courses and programs based on the student's enrollment and/or assessment in the previous school. The Superintendent or designee may, to the extent permitted by Board policy, waive course or program prerequisites, preconditions, and/or application deadlines when making decisions regarding placement of children of military families and their eligibility for extracurricular academic, athletic, and social activities. (Education Code 49701)

When a child of a military family transferring into the district has been identified as an individual with a disability pursuant to 20 USC 1400-1482, the Superintendent or designee shall provide comparable services based on the student's current IEP. In addition, when the child of a military family transferring into the district is eligible for services under Section 504 of the federal Rehabilitation Act, the Superintendent or designee shall make reasonable accommodations and modifications to address the needs of the student subject to the student's existing Section 504 plan. The district may authorize subsequent evaluations of the student to ensure appropriate placement. (Education Code 49701)

Absences

When a student's parent/guardian is an active duty member and is called to duty for, is on leave from, or is immediately returned from deployment to a combat zone or to combat support posting, the Superintendent or designee may grant additional excused absences to the student to visit with the parent/guardian. (Education Code 49701)

Notification and Complaints

Information regarding the educational rights of children of military families, as specified in Education Code 51225.1 and 51225.2, shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.1, 51225.2)

Any complaint alleging that the district has not complied with requirements regarding the education of children of military families, as specified in Education Code 51225.1 or 51225.2, may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures.

Regulation 6173.3: Education For Juvenile Court School Students

Status: DRAFT

Original Adopted Date: 12/01/2016 **| Last Revised Date:** 12/01/2023

The Superintendent or designee shall collaborate with the County Superintendent of Schools and the county probation department to facilitate the transition of students from a juvenile court school into the regular schools of the district. Such collaboration may include, but not be limited to, the development of data-sharing systems, communication strategies, and other structures that aid in the enrollment, placement, and continuous educational progress of such students.

Enrollment

A former juvenile court school student transferring into a regular district school shall be immediately enrolled in the school. The Superintendent or designee shall not deny enrollment to a student solely on the basis of an arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other contact with the juvenile justice system. (Education Code 48645.5)

Transfer of Coursework and Credits

When a student enrolled in a juvenile court school transfers into a district school, the district will receive an official transcript from the transferring school or district which reflects full and partial credits and grades earned by the student and includes: (Education Code 51225.2)

1. A determination of the days of enrollment and/or seat time, if applicable, for all full and partial credits earned based on any measure of full or partial coursework being satisfactorily completed

   Partial coursework satisfactorily completed includes any portion of an individual course, even if the student did not complete the entire course

2. Separate listings for credits and grades earned at each school and local educational agency so it is clear where credits and grades were earned

3. A complete record of the student's seat time, including both period attendance and days of enrollment

The district shall transfer the credits and grades from the transferring school's transcript onto an official district transcript in the same manner as described in Item #2, above. (Education Code 51225.2)

If the Principal or designee has knowledge that the transcript from the transferring school may not include certain credits or grades, the Principal or designee shall contact the prior school within two business days to request that the full or partial credits be issued, which shall then be issued and provided by the prior school within two business days of the request. (Education Code 51225.2)

The district shall accept and issue full credit for any coursework that the former juvenile court school student has satisfactorily completed while attending another public school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school. (Education Code 51225.2)

If the entire course was completed, the district shall not require the student to retake the course. (Education Code 51225.2)

If the entire course was not completed at the previous school, the student shall be issued partial credit for the coursework completed and shall be required to take the uncompleted portion of the course. However, a student may be required to retake the portion of the course completed if the Superintendent or designee, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a former juvenile court school student in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. (Education Code 51225.2)

Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject.

In no event shall the district prevent a former juvenile court school student from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)

Applicability of Graduation Requirements

If a student completes district graduation requirements while being detained in a juvenile facility, the district shall issue the student a diploma from the school the student last attended, unless the County Superintendent issues the diploma. (Education Code 48645.5)

A student who transfers to a district school from a juvenile court school shall generally be expected to complete all courses required by Education Code 51225.3 and to fulfill any additional graduation requirements prescribed by the Board of Trustees.

However, when a student who has completed the second year of high school transfers from a juvenile court school into a district school, the student shall be exempted from all district-adopted coursework and other district-established graduation requirements, unless the district makes a finding that the student is reasonably able to complete the additional requirements in time to graduate from high school by the end of the student's fourth year of high school. Within 30 calendar days of the student's transfer, the Superintendent or designee shall notify the student, the student's educational rights holder, and the student's social worker or probation officer of the availability of the exemption and whether the student qualifies for it. If the Superintendent or designee fails to provide this notification, the student shall be eligible for the exemption once notified, even if the notification occurs after the termination of the court's jurisdiction over the student. (Education Code 51225.1)

To determine whether a student is in the third or fourth year of high school, the district shall use either the number of credits the student has earned as of the date of the transfer, the length of school enrollment, or, for a student with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, whichever qualifies the student for the exemption. (Education Code 51225.1)

If a former juvenile court school student was not properly notified of an exemption, declined the exemption, or was not previously exempted, the student or the student's educational rights holder may request the exemption and the Superintendent or designee shall exempt the student within 30 days of the request. A student may request the exemption even if the student is no longer a juvenile court student. (Education Code 51225.1)

When the Superintendent or designee determines that a student who transferred into a district school is reasonably able to complete district-established graduation requirements by the end of the student's fourth year of high school, the student shall not be exempted from those requirements. Within 30 calendar days of the following academic year, the student shall be reevaluated based on the student's course completion status at the time, to determine if the student continues to be reasonably able to complete the district-established graduation requirements in time to graduate by the end of the student's fourth year of high school. Written notice as to whether the student then qualifies for the exemption shall be provided to the student, the student's educational rights holder, and if applicable, to the student's social worker or probation officer. (Education Code 51225.1)

If, upon reevaluation, it is determined that the former juvenile court student is not reasonably able to complete the district-established graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the Superintendent or designee shall provide the student with the option to receive an exemption from district-established graduation requirements or stay in school for a fifth year to complete the district-established graduation requirements upon agreement with the student, or if under 18 years of age, the student's educational rights holder, and shall provide notifications in accordance with Education Code 51225.1. (Education Code 51225.1)

When a former juvenile court student is exempted from district-established graduation requirements, the Superintendent or designee shall consult with the student and the student's educational rights holder about the following: (Education Code 51225.1)

1. Discussion of how any requirements that are waived may affect the student's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution

2. Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges

3. Consideration of the student's academic data and any other information relevant to making an informed decision on whether to accept the exemption

The district shall not require or request a former juvenile court student to transfer schools in order to qualify for an exemption and shall not grant any request made by a former juvenile court student, the student's educational rights holder, or the district liaison on behalf of the student, for a transfer solely to qualify for an exemption. (Education Code 51225.1)

The Superintendent or designee shall not require a former juvenile court student who is eligible for an exemption from district-established graduation requirements and would otherwise be entitled to remain in attendance at the school, to accept the exemption or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether such courses are required for statewide graduation requirements. (Education Code 51225.1)

If a former juvenile court student is exempted from district-established graduation requirements, the exemption shall not be revoked. Additionally, the exemption shall continue to apply after the termination of the court's jurisdiction over the student while still enrolled in the school or if the student transfers to another school, including a charter school, or school district. (Education Code 51225.1)

The Superintendent or designee shall not require or request that a former juvenile court student who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, graduate before the end of the student's fourth year of high school. (Education Code 51225.1)

Upon making a finding that a former juvenile court student is reasonably able to complete district-established graduation requirements within the fifth year of high school, the Superintendent or designee shall: (Education Code 51225.1)

1. Consult with the student and, if under 18 years of age, the student's educational rights holder, of the option to remain in school for a fifth year to complete the district-established graduation requirements and how that will affect the student's ability to gain admission to a postsecondary educational institution

2. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges

3. Upon agreement with the student or with the student's educational rights holder if under 18 years of age, permit the student to stay in school for a fifth year to complete the district-established graduation requirements

When a juvenile court student who has completed the second year of high school transfers into the district or between high schools within the district, and the Superintendent or designee determines that the student is not reasonably able to complete the district-established graduation requirements within the student's fifth year of high school but is reasonably able to complete the statewide coursework requirements within the fifth year of high school, the student shall be exempted from all district-established graduation requirements and be provided with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, the Superintendent or designee shall consult with the student and the student's educational rights holder, regarding the following: (Education Code 51225.1)

1. The student's option to remain in school for a fifth year to complete statewide coursework requirements

2. The effect of waiving the district-established requirements and remaining in school for a fifth year on the student's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education

3. Other options available to the student, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges

4. The student's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements

Notification and Complaints

Information regarding the educational rights of former juvenile court school students, as specified in Education Code 51225.1 and 51225.2, shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.1, 51225.2)

Any complaint that the district has not complied with requirements regarding the education of former juvenile court school students, as specified in Education Code 51225.1 or 51225.2, may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures.

Policy 6173.4: Education For American Indian Students

Status: DRAFT

Original Adopted Date: 06/01/2023

The Board of Trustees recognizes that Indigenous students may have unique cultural, language, and educational needs that may be addressed by increasing student knowledge about Indigenous history, including the history and culture of local tribes, and by providing Indigenous students with access to education and other services necessary for such students to meet the same challenging academic standards as other students.

The Superintendent or designee shall provide all students with culturally relevant curriculum related to local Indigenous tribes and implement strategies necessary for the improvement of the academic achievement of Indigenous students.

In order to discuss, gain a shared understanding of, and develop supplemental curricular materials for use within the district, and to identify the extent and nature of any achievement gaps between Indigenous students and other district students, and strategies to address any such gaps, the district will foefforts to strengthen the relationship and collaboration with local Indigenous organizations and community groups and may form a California ndigenous Education Task Force with tribes local to the region. Participants in the task force meetings may consider issues of mutual concern, which include: (Education Code 33391)

1. Developing a thorough, shared understanding of accurate, high-quality curricular materials about the history, culture, and government of local tribes, and developing such materials for use within the district that include tribal experiences and perspectives

2. Developing a shared understanding of proper or improper instructional materials when these materials use depictions of Indigenous people

3. Design a district-wide celebration to honor Indigenous People's Day as well as incorporate culturally related activities that support the district's other events and programs taught or led by traditional leaders or members of local tribes. These activities will also promote the incorporation of culturally responsive teaching and learning strategies into the district's educational program.

4. Identifying the extent and nature of any achievement gap between American Indian students and other students, and strategies necessary to close it

Disaggregated data on Indigenous students' Academic, Social Emotional, Attendance and Behavioral data will be collected and regularly analyzed to then take responsive and intentional action in support of students' well-being and academic achievement.

Suspension, expulsion, assignment to a supervised suspension classroom, or involuntary transfer to a continuation school of an American Indian student shall be in accordance with law and as specified in Administrative Regulation 5144.1 - Suspension and Expulsion/Due Process, 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities), and 6184 - Continuation Education.

As needed, the Superintendent or designee shall provide professional development to teachers and other school staff to assist them in understanding and responding to the unique needs of American Indian students as part of the anti-bias professional development and training provided.

At least annually, the Superintendent or designee shall report to the Board on the outcomes of Indigenous students including, but not limited to, school attendance, student achievement test results, and suspension/expulsion rates.

Title VI Indian Education Program

With the assistance of federal Title VI funding for the education of children from federally recognized tribes, the district shall offer programs and activities to meet the unique cultural, language, and educational needs of American Indian students, as defined in 20 USC 7491. Program objectives and outcomes shall be based on state academic standards. (20 USC 7424)

In developing, implementing, and evaluating Title VI programs and activities, the Superintendent or designee shall consult with and involve parents/guardians and family members ofIndigenous students and other community representatives. (20 USC 7424)

The district shall establish a committee that is composed of, and selected by, parents/guardians and family members of American Indian students, representatives of tribes on tribal lands located within 50 miles of any district school that serves any children of the tribes, teachers, and, if appropriate, American Indian students enrolled in secondary schools in the district. The majority of the committee shall be parents/guardians and family members of American Indian students. The committee shall participate in program development and provide written approval for the program. (20 USC 7424)

As needed, professional development shall be provided to teachers and other school staff to assist them in working with American Indian students and carrying out Title VI programs. (20 USC 7424)

The Superintendent or designee shall maintain a record of the information establishing the status of each student as an American Indian student eligible for assistance through the federal American Indian education program. (20 USC 7427)

Policy 6174: Education For English Learners

Status: DRAFT

Original Adopted Date: 03/01/2017 **| Last Revised Date:** 12/01/2024

The Board of Trustees intends to provide English learners with challenging curriculum and instruction that maximize the attainment of high levels of proficiency in English, advance multilingual capabilities, and facilitate student achievement in the district's regular course of study.

English learners shall be provided differentiated English language development instruction which is targeted to their English proficiency level. Such instruction shall be based on sound instructional theory, be aligned with state content standards, emphasize inquiry-based learning and critical thinking skills, and be integrated across all subject areas.

No middle or high school student who is an English learner shall be denied enrollment in any of the following: (Education Code 60811.8)

1. Courses in the core curriculum areas of reading/language arts, mathematics, science, and history/social science, courses required to meet state and local high school graduation requirements, or courses required for middle school grade promotion

   However, a middle or high school student who is a newcomer student or an immigrant child or youth, as defined in 20 USC 7011, or is a student participating in a program designed to meet the academic and transitional needs of newcomer students and that has as its primary objective the development of English language proficiency, may be denied enrollment in any of the courses stated above if the course of study provided to the student is designed to remedy academic deficits incurred during participation and is reasonably calculated to enable the student to attain parity of participation in the standard instructional program within a reasonable length of time after the student enters the school system.

2. A full course load of courses specified in Item #1 above

3. Other courses that meet the "A-G" course requirements for college admission or are advanced courses such as honors or Advanced Placement courses, on the sole basis of the student's classification as an English learner

The district shall identify in its local control and accountability plan (LCAP) goals and specific actions and services to enhance student engagement, academic achievement, and other outcomes for English learners and long-term English learners, in accordance with Board Policy and Administrative Regulation 0460 - Local Control and Accountability Plan.

The Superintendent or designee shall encourage parent/guardian and community involvement in the development and evaluation of programs for English learners. The Superintendent or designee may also provide an English development literacy training program for parents/guardians and community members so that they may better support students' English language development.

Staff Qualifications and Training

The Superintendent or designee shall ensure that all staff employed to teach English learners possess the appropriate authorization from the Commission on Teacher Credentialing.

The district shall provide effective professional development to teachers (including teachers in classroom settings that are not the settings of language instruction educational programs), administrators, and other school or community-based organization personnel to improve the instruction and assessment of English learners and enhance staff's ability to understand and use curricula, assessment, and instructional strategies for English learners. Such professional development shall be of sufficient intensity and duration to produce a positive and lasting impact on teachers' performance in the classroom. (20 USC 6825)

Staff development shall also address the sociocultural needs of English learners and provide opportunities for teachers to engage in supportive, collaborative learning communities.

Identification and Assessment

The Superintendent or designee shall maintain procedures for the early identification and assessment of the

proficiency of English learners at all grade levels, except transitional kindergarten, using the English Language Proficiency Assessments for California (ELPAC). To oversee test administration, the Superintendent or designee shall annually designate a district ELPAC coordinator and a site coordinator for each test site in accordance with 5 CCR 11518.40-11518.45.

Once identified as an English learner, a student shall be annually assessed for language proficiency until the student is reclassified based on criteria specified in the accompanying administrative regulation.

In addition, English learners' academic achievement in English language arts, mathematics, science, and any additional subject required by law shall be assessed using the California Assessment of Student Performance and Progress. As necessary, the test shall be administered with testing variations in accordance with 5 CCR 853. English learners who are in their first 12 months of attending a school in the United States shall be exempted from taking the English language arts assessment to the extent allowed by federal law. (Education Code 60603, 60640; 5 CCR 853)

Formative assessments may be utilized to analyze student performance and appropriately adapt teaching methodologies and instructions.

Language Acquisition Programs

The district shall offer research-based language acquisition programs that are designed to ensure English acquisition as rapidly and as effectively as possible and that provide instruction to students on the state-adopted academic content standards, including the English language development standards. (Education Code 306; 5 CCR 11300)

At a minimum, the district shall offer a structured English immersion program which includes designated and integrated English language development. In the structured English immersion program, nearly all of the classroom instruction shall be provided in English, but with the curriculum and presentation designed for students who are learning English. (Education Code 305-306; 5 CCR 11309)

For the purpose of determining the amount of instruction to be conducted in English in the structured English immersion program, "nearly all" means that all classroom instruction shall be conducted in English except for clarification, explanation, and support as needed.

In addition, language acquisition programs offered by the district may include, but are not limited to, the following: (Education Code 305-306)

1. A dual-language immersion program that provides integrated language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding

2. A transitional or developmental program for English learners that provides literacy and academic instruction in English and a student's native language and that enables an English learner to achieve English proficiency and academic mastery of subject matter content and higher order thinking skills, including critical thinking, in order to meet state academic content standards

The district's language acquisition programs for grades K-3 shall comply with class size requirements specified in Education Code 42238.02. (Education Code 310)

In establishing the district's language acquisition programs, the Superintendent or designee shall consult with parents/guardians and the community during the LCAP development process. The Superintendent or designee shall also consult with administrators, teachers, and other personnel with appropriate authorizations and experience in establishing a language acquisition program. (Education Code 305)

At the beginning of each school year or upon a student's enrollment, parents/guardians shall be provided information on the types of language acquisition programs available to students enrolled in the district, including, but not limited to, a description of each program, the process to be followed in making a program selection, identification of any language to be taught in addition to English when the program includes instruction in another language, and the process to request establishment of a language acquisition program. (Education Code 310; 5 CCR 11310)

Whenever a student is identified as an English learner based on the results of the ELPAC, the student's parents/guardians may choose a language acquisition program that best suits their child. To the extent possible, any language acquisition program requested by the parents/guardians of 30 or more students at the school or by the

parents/guardians of 20 or more students at any grade level shall be offered by the school. (Education Code 310; 5 CCR 11311)

Reclassification/Redesignation

When an English learner has acquired a reasonable level of English proficiency, as determined based on state and district reclassification criteria pursuant to Education Code 52164.6, or upon the request of the parent/guardian of an English learner, the student shall be transferred from a language acquisition program into an English language mainstream classroom.

English learners shall be reclassified as fluent English proficient when they are able to comprehend, speak, read, and write English well enough to receive instruction in an English language mainstream classroom and make academic progress at a level substantially equivalent to that of students of the same age or grade whose primary language is English and who are in the regular course of study. (Education Code 52164.6)

The criteria for determining whether an English learner shall be reclassified as fluent English proficient shall include, but not be limited to: (Education Code 313, 52164.6; 5 CCR 11303)

1. Assessment of English language proficiency using an objective assessment instrument, including, but not limited to, the ELPAC

2. Evaluation by the student's classroom teacher and any other certificated staff with direct responsibility for teaching or placement decisions related to the student, including, but not limited to, a review of the student's curriculum mastery and academic performance

3. Parent/guardian involvement, including:

    a. Notice to parents/guardians of language reclassification and placement, including a description of the reclassification process and the parent/guardian's opportunity to participate

    b. Encouragement of parent/guardian participation in the district's reclassification procedure, including seeking parent/guardian opinion and consultation during the reclassification process

    c. Provision of an interpreter for the parent/guardian, when necessary

4. Comparison of student performance on an objective assessment of basic skills in English against an empirically established range of performance in basic skills, based on the performance of English proficient students of the same age, which demonstrates whether the student is sufficiently proficient in English to participate effectively in a curriculum designed for students of the same age whose native language is English

The student's language proficiency assessments, the participants in the reclassification process, and any decisions regarding reclassification shall be retained in the student's permanent record. (5 CCR 11305)

The Superintendent or designee shall monitor the progress of reclassified students to ensure their correct classification and placement. (5 CCR 11304)

The Superintendent or designee shall monitor students for at least four years following their reclassification to ensure the students have not prematurely exited, any academic deficit incurred through participation in the English learner program has been remedied, and the students are meaningfully participating in the standard instructional program compared to students who had never participated in an English learner program. (5 CCR 11304; 20 USC 6841)

Program Evaluation

To evaluate the effectiveness of the district's educational program for English learners, the Superintendent or designee shall report to the Board, at least annually, regarding:

1. Progress of English learners towards proficiency in English

2. The number and percentage of English learners reclassified as fluent English proficient

3. The number and percentage of English learners who are or are at risk of being classified as long-term English learners as defined in Education Code 313.1

4. The achievement of English learners on standards-based tests in core curricular areas

5. For any language acquisition program that includes instruction in a language other than English, student achievement in the non-English language in accordance with 5 CCR 11309

6. Progress toward any other goals identified in the district's LCAP for English learners and long-term English learners as defined in Education Code 52052

7. A comparison of current data with data from at least the previous year in regard to Items #1-6 above

8. A comparison of data between the different language acquisition programs offered by the district

The Superintendent or designee shall also provide the Board with regular reports from any district or schoolwide English learner advisory committees.

Regulation 6174: Education For English Learners

Status: DRAFT

Original Adopted Date: 03/01/2017 **| Last Revised Date:** 12/01/2024

Definitions

English learner means a student who is age 3-21 years, who is enrolled or is preparing to enroll in an elementary or secondary school, and whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the student the ability to meet state academic standards, the ability to successfully achieve in classrooms where the language of instruction is English, or the opportunity to participate fully in society. An English learner may include a student who was not born in the United States or whose native language is a language other than English; a student who is Native American or Alaska Native, or a native resident of the outlying areas, who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or a student who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant. (Education Code 306; 20 USC 7801)

Designated English language development means instruction provided during a time set aside in the regular school day for focused instruction on the state-adopted English language development standards to assist English learners to develop critical English language skills necessary for academic content learning in English. (5 CCR 11300)

Integrated English language development means instruction in which the state-adopted English language development standards are used in tandem with the state-adopted academic content standards. Integrated English language development includes specially designed academic instruction in English. (5 CCR 11300)

Long-term English learner means:

1. For the purpose of setting the local control and accountability plan (LCAP) priorities, a student who has not attained English language proficiency within seven years of initial classification as an English learner (Education Code 52052)

2. For the purpose of English language proficiency assessment, an English learner in grades 6- 12 who has been enrolled in school in the United States for six years or more and who either: (Education Code 313.1)

    a. Has remained at the same English language proficiency level for two or more consecutive years, or has regressed to a lower proficiency level; or

    b. Is a student in grades 6-9 who has scored far below basic or below basic on the prior year's English language arts standards-based achievement test, or a score determined by the Superintendent of Public Instruction on any successor test

Native speaker of English means a student who has learned and used English at home from early childhood and English has been the primary means of concept formation and communication. (Education Code 306)

Identification and Assessments

Upon enrollment in the district, each student's primary language shall be determined through the use of a home language survey. (Education Code 52164.1; 5 CCR 11307, 11518.5)

Any student in kindergarten or grades 1-12, not including transitional kindergarten, who is identified as having a primary language other than English, as determined by the home language survey, and who has not previously been identified as an English learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be initially assessed for English proficiency using the English Language Proficiency Assessments for California (ELPAC). Prior to administering the ELPAC, the Superintendent or designee shall notify the student's parent/guardian in writing that the student will be administered the initial ELPAC. (Education Code 313, 52164.1; 5 CCR 11518.5)

Administration of the ELPAC, including the use of variations and accommodations in test administration when authorized, shall be conducted in accordance with test publisher instructions and 5 CCR 11518.5-11518.37.

Based on the initial assessment, the student shall be classified either as Initial Fluent English Proficient or as an

English learner. The Superintendent or designee shall notify the student's parent/guardian, in writing, of the results of the ELPAC initial assessment within 30 calendar days after the student's date of initial enrollment, or, if administered prior to the student's initial date of enrollment, up to 60 calendar days prior to such enrollment, but not before July 1 of the school year of the student's initial enrollment. The notice shall indicate whether the student met the ELPAC initial assessment criterion for proficiency and include the district's contact information for use if the parent/guardian has questions or concerns regarding the student's classification. (5 CCR 11518.5)

Each year after a student is identified as an English learner and until the student is redesignated as English proficient, the summative assessment of the ELPAC shall be administered to the student during a four-month period after January 1 as determined by the California Department of Education. (Education Code 313)

The Superintendent or designee shall notify parents/guardians of their child's results on the summative assessment of the ELPAC within 30 calendar days following receipt of the results from the test contractor or, if the results are received from the test contractor after the last day of instruction for the school year, within 15 working days of the start of the next school year. (Education Code 52164.1; 5 CCR 11518.15)

The parent/guardian of a student participating in, or identified for participation in, a language instruction program supported by federal Title I or Title III funds shall receive notification of the assessment of the student's English proficiency. Such notice shall be provided no later than 30 calendar days after the beginning of the school year or, if the student is identified for program participation during the school year, within two weeks of the student's placement in the program. The notice shall include all of the following: (Education Code 313.2, 440; 20 USC 6312)

1. The reason for the identification of the student as an English learner and the need for placement in a language acquisition program

2. The level of English proficiency, how the level was assessed, and the status of the student's academic achievement

3. A description of the language acquisition program in which the student is, or will be, participating, including a description of all of the following:

    a. The methods of instruction used in the program and in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction

    b. The manner in which the program will meet the educational strengths and needs of the student

    c. The manner in which the program will help the student develop English proficiency and meet age-appropriate academic standards for grade promotion and graduation

    d. The specific exit requirements for the program, the expected rate of transition from the program into classes not tailored for English learners, and the expected rate of graduation from secondary school if applicable

    e. When the student has been identified for special education, the manner in which the program meets the requirements of the student's individualized education program

4. As applicable, the identification of a student as a long-term English learner or at risk of becoming a long-term English learner, as defined in Education Code 313.1, and the manner in which the program for English language development instruction will meet the educational strengths and needs of such students and help such students develop English proficiency and meet age-appropriate academic standards

5. Information about the parent/guardian's right to have the student immediately removed from a program upon the parent/guardian's request

6. Information regarding a parent/guardian's option to decline to enroll the student in the program or to choose another program or method of instruction, if available

7. Information designed to assist a parent/guardian in selecting among available programs, if more than one program or method is offered

Language Acquisition Programs

Whenever parents/guardians of enrolled students, and those enrolled for attendance in the next school year, request that the district establish a specific language acquisition program in accordance with Education Code 310, such requests shall be addressed through the following process: (5 CCR 11311)

1. The school shall make a written record of each request, including any request submitted verbally, that includes the date of the request, the names of the parent/guardian and student making the request, a general description of the request, and the student's grade level on the date of the request

   As needed, the school shall assist the parent/guardian in clarifying the request.

   All requests shall be maintained for at least three years from the date of the request in accordance with Board Policy 3580 - District Records.

2. The school shall monitor requests on a regular basis and notify the Superintendent or designee when the parents/guardians of at least 30 students enrolled in the school, or at least 20 students in the same grade level, request the same or a substantially similar type of language acquisition program

   If the requests are for a multilingual program model, the district shall consider requests from parents/guardians of students enrolled in the school who are native English speakers in determining whether this threshold is reached.

3. If the number of parents/guardians described in Item #2 is attained, the Superintendent or designee shall:

   a. Within 10 days of reaching the threshold, notify the parents/guardians of students attending the school, the school's teachers, administrators, and the district's English Learner Parent Advisory Committee and parent advisory committee, in writing, of the requests for a language acquisition program

   b. Identify costs and resources necessary to implement any new language acquisition program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent/guardian and community engagement to support the proposed program goals

   c. Within 60 calendar days of reaching the threshold number of parents/guardians described in Item #2 above, determine whether it is possible to implement the requested language acquisition program and provide written notice of the determination to parents/guardians of students attending the school, the school's teachers, and administrators

If a determination is made to implement the language acquisition program, create and publish a reasonable timeline of actions necessary to implement the program. If a determination is made that it is not possible to implement the program, provide a written explanation of the reason(s) the program cannot be provided. The district shall notify parents/guardians at the beginning of each school year or upon the student's enrollment regarding the process to request a language acquisition program, including a dual-language immersion program, for their child. The notice shall also include the following: (5 CCR 11309, 11310)

1. A description of the programs provided, including structured English immersion

2. Identification of any language to be taught in addition to English when the program includes instruction in a language other than English

3. The manner in which the program is designed using evidence-based research and includes both designated and integrated English language development

4. The manner in which the district has allocated sufficient resources to effectively implement the program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development, and opportunities for parent/guardian and community engagement to support the program goals

5. The manner in which the program will, within a reasonable period of time, lead to language proficiency and achievement of the state-adopted content standards in English and, when the program includes instruction in another language, in that other language

6. The process to request establishment of a language acquisition program not offered at the school

7. For any dual-language immersion program offered, the specific languages to be taught

   The notice also may include the program goals, methodology used, and evidence of the proposed program's effectiveness.

The district shall provide additional and appropriate educational services to English learners for the purposes of overcoming language barriers and academic deficits in other areas of the core curriculum. (5 CCR 11302)

Advisory Committees

A school-level English Learner Advisory Committee (ELAC) shall be established when there are more than 20 English learners at the school. Parents/guardians of English learners, elected by parents/guardians of English learners at the school, shall constitute committee membership in at least the same percentage as English learners represent of the total number of students in the school. The school may designate for this purpose an existing school-level advisory committee provided that it meets these criteria for committee membership. (Education Code 52176; 5 CCR 11308)

The ELAC shall be responsible for assisting in the development of a schoolwide needs assessment, recommending ways to make parents/guardians aware of the importance of regular school attendance, and advising the principal and school staff in the development of a detailed master plan for English learners for the individual school and submitting the plan to the Board of Trustees for consideration for inclusion in the district master plan. (Education Code 52176)

When the district has more than 50 English learners, the Superintendent or designee shall establish a District English Learner Advisory Committee (DELAC), the majority of whose membership shall be composed of parents/guardians of English learners who are not employed by the district. Alternatively, the district may use a subcommittee of an existing districtwide advisory committee on which parents/guardians of English learners have membership in at least the same percentage as English learners represent of the total number of students in the district. (Education Code 52176)

The DELAC shall advise the Board on at least the following tasks: (5 CCR 11308)

1. Developing a district master plan, including policy(ies), for education programs and services for English learners, taking into consideration the school site plans for English learners

2. Conducting a districtwide needs assessment on a school-by-school basis

3. Establishing a district program, goals, and objectives for programs and services for English learners

4. Developing a plan to ensure compliance with applicable teacher or instructional aide requirements

5. Administering the annual language census

6. Reviewing and commenting on the district's reclassification procedures

7. Reviewing and commenting on the required written parental notifications

In order to assist the advisory committee in carrying out its responsibilities, the Superintendent or designee shall ensure that DELAC and ELAC committee members receive appropriate training and materials. This training shall be planned in full consultation with the members. (5 CCR 11308)

Local Control and Accountability Plan (LCAP) Advisory Committee

When there are at least 15 percent English learners in the district, with at least 50 students who are English learners, a district-level English Learner Parent Advisory Committee shall be established to review and comment on the district's LCAP. Such advisory committee shall provide input regarding the district's existing language acquisition programs and language programs, and, where possible, the establishment of other such programs, in accordance with Board Policy 0460 - Local Control and Accountability Plan. The committee shall be composed of a majority of parents/guardians of English learners. If the DELAC acts as the ELAC pursuant to Education Code 52063 and 52062,

the DELAC shall also review and comment on the development or annual update of the LCAP. (Education Code 52062, 52063; 5 CCR 11301, 15495)

The DELAC may also serve as the LCAP ELAC, as specified in Board Policy 0460 - Local Control and Accountability Plan

Policy 6175: Migrant Education Program

Status: DRAFT

Original Adopted Date: 07/01/2003 **| Last Revised Date:** 03/01/2024

The Board of Trustees desires to provide a comprehensive program for students who are migratory that attempts to mitigate the impact of educational disruption, cultural and language barriers, social isolation, health-related problems, and other factors that may inhibit their ability to succeed in school. The district shall make use of available funds to provide supplementary services for students who are migratory.

The Superintendent or designee shall cooperate with the regional migrant service center in outreach and identification of eligible students who are migratory and in the provision of migrant education services. The Superintendent or designee shall also coordinate migrant education services with other programs within the district and with other public agencies that serve migrant workers and their families.

The district shall give first priority for services to students who are migratory who are failing, or are most at risk of failing, to meet state academic standards or have dropped out of school. (20 USC 6394)

The district shall provide services to eligible private school students residing within the district on an equitable basis with participating public school students. (20 USC 7881; 34 CFR 200.87)

The Superintendent or designee shall ensure that each student who is migratory is placed at the appropriate grade level upon enrollment and is provided services in accordance with an individual needs assessment and learning plan.

The Superintendent or designee shall annually report to the Board regarding student performance on statewide assessments of core academic subjects and English language development, as appropriate, for students enrolled in the district's migrant education program. In addition, the Superintendent or designee shall periodically report to the Board regarding the alignment of district services with the needs of students as identified in student needs assessments conducted pursuant to Education Code 54443.1. As necessary, the Board shall seek technical assistance from the migrant education regional service center and/or make changes in the services provided by the district in order to improve student achievement.

Regulation 6175: Migrant Education Program

Status: DRAFT

Original Adopted Date: 07/01/2003 **| Last Revised Date:** 03/01/2024

Eligibility

Students age 3 to 21 years shall be eligible for the district's migrant education program if they, their parents/guardians, or their spouses are migratory agricultural workers or fishers who, in the preceding 36 months, moved into the district due to economic necessity and engaged in new temporary or seasonal employment or personal subsistence in agriculture or fishing. If such employment was not secured soon after the move, students may be considered students who are migratory if the student, the student's parents/guardians, or the student's spouse actively sought such new employment and have a recent history of moves for temporary or seasonal agricultural or fishing employment. (20 USC 6399; 34 CFR 200.81)

A student who ceases to be a student who is migratory during a school term shall be eligible for services until the end of the term. If comparable services are not available through other programs, a student who is no longer migratory may continue to receive services for one additional school year. Students who were eligible for services in secondary school may continue to be served through credit accrual programs until graduation. (20 USC 6394)

Enrollment

A student who is migratory shall be immediately enrolled in the district even if the student: (Education Code 48204.7)

1. Has outstanding fees, fines, textbooks, or other items or monies due to the school last attended
2. Does not have clothing normally required by the school, such as school uniforms
3. Is unable to produce records normally required for enrollment, such as previous academic records, proof of residency, medical records, including, but not limited to, records or other proof of immunization history, or other documentation

If a student who is migratory experiences a change in residence, the student may remain enrolled in the school of origin for the duration of the student's status as a student who is migratory. (Education Code 48204.7)

If a student's status as a student who is migratory changes during a school year, the Superintendent or designee shall allow the student to continue at the school of origin through the duration of that school year or, if the student is enrolled in a high school, through graduation. (Education Code 48204.7)

A student who is migratory and is transitioning between school grade levels shall be allowed to continue in the district of origin in the same attendance area to provide the student the benefit of matriculating with peers in accordance with the established feeder patterns of school districts. A student who is migratory and is transitioning to a middle school or high school designated for matriculation in another school district shall be allowed to enroll in that school. (Education Code 48204.7)

The Superintendent or designee shall inform a student who is migratory and the student's parent/guardian of the impact of remaining in the school of origin on the student's eligibility to receive migrant education services pursuant to Education Code 54440-54445. (Education Code 48204.7)

The Superintendent or designee may, but is not required to, provide transportation to enable a student who is migratory to attend the school of origin, unless otherwise required by federal law, or provide programs for online instruction as a substitute for physical attendance. (Education Code 48204.7)

Student Records

The Superintendent or designee shall maintain records documenting the eligibility of students enrolled in the district's migrant education program. However, the district shall not collect information or documents regarding the citizenship or immigration status of students or their family members for the purpose of determining eligibility for migrant education services.

The Superintendent or designee shall acquire education and health records from the previous school districts of a

student who is migratory, as appropriate.

When a student who is migratory transfers to another district, the student's records shall be provided to the receiving district upon request at no cost in order to assist that district in meeting the needs of the student. (20 USC 6398)

Program Components

The migrant education program shall include all of the following components: (Education Code 54443.1)

1. A general needs assessment summarizing the needs of the population to be served
2. A comprehensive program to meet the educational, health, and related needs of participating students which supplements the district program and includes, but is not limited to:
    a. Instructional services, including academic, remedial and compensatory, bilingual-crosscultural, and career technical instruction
    b. Counseling and career education services
    c. Preschool services in accordance with Education Code 54443
    d. Other educational services that are not otherwise available in sufficient quantity or quality to eligible students who are migratory
    e. The acquisition of instructional materials and equipment necessary to adequately provide the appropriate services
    f. Other related services to meet the special needs of eligible students who are migratory to enable them to participate effectively in instructional services
    g. The coordination and teaming of existing resources serving students who are migratory, such as bilingual-crosscultural education, health screening, and compensatory education
3. Individual assessment of the educational and relevant health needs of each participating student, within 30 days of enrollment, including assessments concurrently provided pursuant to compensatory education, bilingual-crosscultural education, school improvement programs, and other programs serving the student
4. A brief individual learning plan listing the services to be provided to each student, which shall be given to the parent/guardian in writing or at a parent/guardian conference, annually and when the student moves to a new district
5. Staffing and staff development plans and practices to meet the needs of students and implement the program
6. Parent/guardian and community involvement as specified in Education Code 54444.2, including, but not necessarily limited to, the establishment of a parent/guardian advisory council to actively involve parents/guardians in planning, operating, and evaluating the district's migrant education program
7. The migrant education program shall provide for the same opportunities for parent/guardian involvement that are provided to parents/guardians for federal Title I programs. (20 USC 6394)
8. Evaluations which include annual student progress and overall program effectiveness and quality control reports

Summer School and Extended School Year Program

The district shall conduct summer school program(s) for eligible students who are migratory. The summer school program shall respond to the individual needs of participating students and shall build on and be consistent with the instructional programs offered to these students during the regular school year. Coursework shall be of the same level of difficulty in each subject as that provided to students enrolled in regular classes of instruction within the district in the preceding year. (Education Code 54444.3)

Teachers in the summer school program shall have cultural training or background and understanding of the special needs of students who are migratory and possess the proper credential for the subjects and grade levels to which they are assigned. (Education Code 54444.3)

The program shall comply with the following requirements for instructional time: (Education Code 54444.3)

1. For kindergarten class, a minimum of 180 minutes per day, including recesses, for not less than 20 instructional days

2. For grades 1-8, a minimum of 200 minutes per day, including recesses and passing time but excluding noon intermissions, for not less than 20 instructional days

3. For grades 7-12, a minimum of 240 minutes per day, including passing time but excluding noon intermissions, for not less than 30 instructional days

The number of instructional days may be less than as described above if, during the summer school program, there is a holiday for which schools are required to be closed. (Education Code 37220, 54444.3).

When district facilities that are suitable for the summer climate are available, the district shall make facilities available at cost to other agencies that request facilities for the operation of migrant summer school programs, unless just cause for denial exists. When approved by the Superintendent of Public Instruction, the district may jointly offer facilities with a neighboring district to meet the needs of the migrant summer school program for the entire area. (Education Code 54444.3)

If the district receives authorization and average daily attendance funding from the California Department of Education to provide an extended school year program to students who are migratory who, due to family movement, enroll in transitional kindergarten, kindergarten, or any of grades 1-6, on or after March 1 of the school year and depart on or before December 1 of the next school year, the Superintendent or designee shall operate the program in accordance with Education Code 41601.6. (Education Code 41601.6)

Transfer of Coursework and Credits

When a student enrolled in a migrant education program transfers into a district school, the district will receive an official transcript from the transferring school or district which reflects full and partial credits and grades earned by the student and includes: (Education Code 51225.2)

1. A determination of the days of enrollment and/or seat time, if applicable, for all full and partial credits earned based on any measure of full or partial coursework being satisfactorily completed

   Partial coursework satisfactorily completed includes any portion of an individual course, even if the student did not complete the entire course

2. Separate listings for credits and grades earned at each school and local educational agency so it is clear where credits and grades were earned

3. A complete record of the student's seat time, including both period attendance and days of enrollment

The district shall transfer the credits and grades from the transferring school's transcript onto an official district transcript in the same manner as described in Item #2, above. (Education Code 51225.2)

If the Principal or designee has knowledge that the transcript from the transferring school may not include certain credits or grades, the Principal or designee shall contact the prior school within two business days to request that the full or partial credits be issued, which shall then be issued and provided by the prior school along with all academic and other records within two business days of the request. (Education Code 51225.2)

The district shall accept and issue full credit for any coursework that the student who is migratory has satisfactorily completed while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school.

If the entire course was completed, the district shall not require the student who is migratory to retake the course.

(Education Code 51225.2)

If the entire course was not completed at the previous school, the student who is migratory shall be issued partial credit for the coursework completed and shall be required to take the uncompleted portion of the course. However, the district may require the student who is migratory to retake the portion of the course completed if, in consultation with the educational rights holder for the student who is migratory, the district finds that the student who is migratory is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a student who is migratory in any particular course, the student who is migratory shall be enrolled in the same or equivalent course, if applicable, to enable the completion of the entire course. (Education Code 51225.2)

Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject. Partial credits and grades earned by a student shall be included on the student's official transcript within two business days of the district's notification of the student's transfer, as required under Education Code 49069.5.

In no event shall the district prevent a student who is migratory from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)

If a student who is migratory was not properly notified of an exemption, declined the exemption, or was not previously exempted, the student or the student's educational rights holder may request the exemption and the Superintendent or designee shall exempt the student within 30 days of the request. A student may request the exemption even if the student is no longer a student who is migratory. (Education Code 51225.1)

When the Superintendent or designee determines that a student who transferred into a district school is reasonably able to complete district-established graduation requirements by the end of the student's fourth year of high school, the student shall not be exempted from those requirements. Within 30 calendar days of the following academic year, the student shall be reevaluated based on the student's course completion status at the time, to determine if the student continues to be reasonably able to complete the district-established graduation requirements in time to graduate by the end of the student's fourth year of high school. Written notice as to whether the student then qualifies for exemption shall be provided to the student, the student's educational rights holder, and if applicable, to the student's social worker or probation officer. (Education Code 51225.1)

If, upon reevaluation, it is determined that the student who is migratory is not reasonably able to complete the district-established graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the Superintendent or designee shall provide the student with the option to receive an exemption from district-established graduation requirements or stay in school for a fifth year to complete the district-established graduation requirements upon agreement with the student, or if under 18 years of age, the student's educational rights holder, and shall provide notifications in accordance with Education Code 51225.1. (Education Code 51225.1)

The district shall not require or request a student who is migratory to transfer schools in order to qualify for an exemption and shall not grant any request made by a student who is migratory or the student's parent/guardian for a transfer solely to qualify for an exemption. (Education Code 51225.1)

If a student who is migratory is exempted from district-established graduation requirements, the exemption shall not be revoked. Additionally, the exemption shall continue to apply after the student no longer meets the definition of a student who is migratory while still enrolled in the school or if the student transfers to another school, including a charter school, or school district. (Education Code 51225.1)

The Superintendent or designee shall not require or request that an eligible student who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the student's fourth year of high school. (Education Code 51225.1)

Upon making a finding that a student who is migratory is reasonably able to complete district-established graduation requirements within the fifth year of high school, the Superintendent or designee shall: (Education Code 51225.1)

1. Consult with the student and, if under 18 years of age, the student's educational rights holder, of the option to remain in school for a fifth year to complete the district-established graduation requirements and how that will

affect the student's ability to gain admission to a postsecondary educational institution

2. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges

3. Upon agreement with the student or with the student's educational rights holder if under 18 years of age, permit the student to stay in school for a fifth year to complete the district-established graduation requirements

When a student who is migratory has completed the second year of high school transfers into the district or between high schools within the district, and the Superintendent or designee determines that the student is not reasonably able to complete the district-established graduation requirements within the student's fifth year of high school but is reasonably able to complete the statewide coursework requirements within the fifth year of high school, the student shall be exempted from all district-established graduation requirements and be provided with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, the Superintendent or designee shall consult with the student and the student's educational rights holder, regarding the following: (Education Code 51225.1)

1. The student's option to remain in school for a fifth year to complete statewide coursework requirements

2. The effect of waiving the district-established requirements and remaining in school for a fifth year on the student's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education

3. Other options available to the student, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges

4. The student's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements

Parent Advisory Council

The parent advisory council shall be comprised of members who are knowledgeable of the needs of students who are migratory and shall be elected by the parents/guardians of students enrolled in the district's migrant education program. The composition of the council shall be determined by the parents/guardians at a general meeting to which all parents/guardians of participating students shall be invited. The parents/guardians shall be informed, in a language they understand, that they have the sole authority to decide on the composition of the council. (Education Code 54444.2)

At least two-thirds of the advisory council shall consist of parents/guardians of students who are migratory. (Education Code 54444.2)

All parent/guardian candidates for the council shall be nominated by parents/guardians. Nonparent candidates, such as teachers, administrators, other school personnel, or students, shall be nominated by the groups they represent. All other community candidates shall be nominated by the parents/guardians. (Education Code 54444.2)

The parent/guardian advisory council shall meet at least six times during the year and shall: (Education Code 54444.4)

1. Establish program goals, objectives, and priorities

2. Review annual needs assessments, program activities for each school, and individual learning plans

3. Advise on the selection, development, and reassignment of migrant education program staff

4. Participate actively in planning and negotiating program applications and service agreements

5. Perform all other responsibilities required under state and federal laws or regulations

The Superintendent or designee shall establish and implement a training program for advisory council members to

enable them to carry out their responsibilities. The training program shall be developed in consultation with the council and shall include appropriate training materials in a language understandable to each member. (Education Code 54444.2)

The Superintendent or designee shall provide the council, without charge, a copy of all applicable state and federal migrant education statutes, rules, regulations, guidelines, audits, monitoring reports, and evaluations. Upon request, these materials also shall be provided without charge to each member of the council. (Education Code 54444.2)

Notification and Complaints

Information regarding the educational rights of students who are migratory, as specified in Education Code 51225.1 and 51225.2, shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.1, 51225.2)

Any complaint that the district has not complied with requirements regarding the education of students who are migratory, as specified in Education Code 51225.1 or 51225.2, may be filed in accordance with the district's procedures in Administrative Regulation 1312.3 - Uniform Complaint Procedures.

Policy 6176: Weekend/Saturday Classes

Status: DRAFT

Original Adopted Date: 11/01/2000 **| Last Revised Date:** 03/01/2017

The Board of Trustees desires to increase educational opportunities outside the regular school week in order to meet student needs and promote academic achievement. When staffing, facilities, and other resources are available, the Board may approve the provision of classes on Saturday and/or Sunday that support and are integrated with other learning opportunities.

Weekend classes may include, but are not limited to:

1. Continuation classes (Education Code 37223)
2. Special day classes for mentally gifted minors (Education Code 37223)
3. Makeup classes for absences occurring during the week (Education Code 37223)
4. Supplemental instruction for students who need additional assistance to meet academic standards or requirements
5. Enrichment classes in core academic subjects

As otherwise provided by law, any class offered on a Saturday or Sunday pursuant to Education Code 37223, shall be one offered during the regular Monday through Friday school week. (Education Code 37223)

Weekend attendance shall not result in crediting any student with more than five days of attendance per week. (Education Code 37223)

Attendance at weekend classes offered pursuant to Education Code 37223 shall be voluntary, except that truants, as defined in Education Code 48260, may be required to attend classes on one day of a weekend in order to make up lost instructional time. (Education Code 37223)

A student shall be excused from a weekend class if the student's parent/guardian notifies the school in writing that such attendance would be in conflict with his/her religious beliefs. Such students shall be given priority for enrollment in any other available supplemental instruction offered at a time other than during the weekend.

Unless the requirement is waived by the California Department of Education, the district shall provide at least one nutritionally adequate meal during the weekend session in accordance with Education Code 49550.

Policy 6177: Summer Learning Programs

Status: DRAFT

Original Adopted Date: 04/01/2013 **| Last Revised Date:** 06/01/2024

The Board of Trustees recognizes that an extended break from the instructional program may result in significant learning loss, especially among disadvantaged and low-achieving students, and desires to provide opportunities during the summer for students to practice essential skills, make academic progress, and focus on developing social, emotional, and physical needs and interests through hands-on engaging learning experiences.

Summer programs offered by the district shall be aligned with the district's local control and accountability plan (LCAP), other applicable district and school plans, and the educational program provided during the school year. When feasible, summer programs shall blend high-quality academic instruction in core curricular and/or elective subjects with recreation, nutrition programs, social and emotional development, and support services that encourage attendance, student engagement in learning, and student wellness.

Summer School

The Superintendent or designee, with Board approval, may establish summer school day and/or evening classes.

The district's summer school program may be used to provide supplemental instruction to students needing remediation and/or enrichment in core academic subjects.

The district shall provide students with supplemental instruction and support in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports through a program of engaging learning experiences in a positive school climate.

As appropriate, priority for enrollment in summer school programs shall be given to district students who:

1. Have been retained or are at risk of being retained at their grade level

2. Demonstrate academic deficiencies in core curriculum areas

3. Are in student groups identified in the district's LCAP as needing increased or improved services to succeed in the educational program

4. Are foster youth and/or are students experiencing homelessness

   If during an intersession period the student will be moving, the student's educational rights holder or, in the case of an American Indian child, Indian custodian, shall determine which school the student attends for the intersession period, if applicable. (Education Code 48850, 48853.5)

5. Are transitional kindergarten or kindergarten children, or in any of grades 1-6 and are required to be offered or provided access to Expanded Learning Opportunities (ELO) Programs pursuant to Education Code 46120 and BP/AR 5184.2 - Before/After School Programs

The remaining openings shall be offered to other district students on a first-come first-served basis.

Sites for summer school programs may be rotated in an effort to make summer school programs more accessible to all students, regardless of residence or regular attendance area, and to accommodate the maintenance needs of district schools.

The district shall provide any student who attends a school that is not operating an ELO program transportation to attend at a location that is providing an ELO program and to return to the original location or another location that is established by the district. (Education Code 46120)

The Superintendent or designee shall annually report to the Board on summer school enrollment in the current year and previous year for the program as a whole and disaggregated by grade level, school that the students attend during the regular school year, and student population. In addition, the Superintendent or designee may report on the extent to which students successfully achieved the outcomes established for the program.

Policy 6179: Supplemental Instruction

Status: DRAFT

Original Adopted Date: 12/01/2015 **| Last Revised Date:** 07/01/2019

The Board of Trustees recognizes that high-quality supplemental instruction can motivate and support students to attain grade-level academic standards, overcome academic deficiencies, and/or acquire critical skills. The district shall offer programs of direct, systematic, and intensive supplemental instruction to meet student needs. Supplemental instruction shall be offered in accordance with law and may be used to assist the district in meeting its goals for student achievement.

Supplemental instruction may be offered during and outside the regular school day, including during the summer, before school, after school, on Saturday, and/or during intersessions. When supplemental instruction is offered during the regular school day, it shall not supplant the student's instruction in the core curriculum areas or physical education.

As appropriate, supplemental instruction may be provided through a classroom setting, individual or small group instruction, technology-based instruction, and/or an arrangement with a community or other external service provider.

When determined to be necessary by the principal or designee and when written parent/guardian consent is obtained for the student's participation, a student may be required to participate in supplemental instruction outside the regular school day.

Supplemental instruction shall be offered to students who are recommended for retention, or are identified as being at risk for retention, at their current grade level. (Education Code 48070.5)

In addition, supplemental instruction may be offered to students who demonstrate academic deficiencies that may jeopardize their attainment of academic standards.

Policy 6181: Alternative Schools/Programs Of Choice

Status: DRAFT

Original Adopted Date: 12/01/1992

The Board of Trustees desires to provide a variety of innovative educational programs to accommodate students' diverse learning needs and interests, foster student engagement in the schools, and enhance student achievement. Toward this end, the Board may establish and maintain alternative schools or programs of choice.

A district alternative school or program of choice may differ from the traditional educational program in its academic emphasis, sequence of curriculum, educational philosophy, instructional strategy, structure, setting, size, scheduling, targeted student population, decision-making process, and/or other components. All alternative schools or programs of choice shall offer enrolled students the opportunity to acquire the knowledge and skills necessary to achieve district content standards in core academic subjects and shall provide access to the course of study required for high school graduation.

Any staff member, parent/guardian of any student, or other interested person may request the Board to establish an alternative school or program of choice. The Superintendent or designee shall establish procedures and criteria for reviewing proposals. Based on such criteria, he/she shall evaluate all proposals received and present his/her recommendation to the Board for action.

As necessary to provide flexibility to alternative schools or programs of choice to improve student performance and/or streamline operations, the Superintendent or designee may request that the Superintendent of Public Instruction waive any provision of the Education Code except provisions specified in Education Code 58509.

The Superintendent or designee shall establish processes to ensure communication among staff in the alternative schools or programs of choice and staff in the regular educational program in order to share information and ideas.

Program Evaluation

The Superintendent or designee shall conduct an annual evaluation of each alternative school or program of choice which includes testing of basic skills for student participants and which identifies the variables that may have affected student academic achievement. The evaluation process shall include input from teachers, parents/guardians, and students from the alternative school or program of choice. (Education Code 58510)

Evaluation reports shall be sent to the Superintendent of Public Instruction on or before August 1 following the close of the school year. (Education Code 58510)

Prior to submitting the evaluation report to the Superintendent of Public Instruction, the Superintendent or designee shall report the evaluation results to the Board. The Board shall review the effectiveness of the school or program in meeting program objectives, compare student achievement data with that of students in other district schools, evaluate changes in the school or program over time, and make program modifications as needed.

Regulation 6181: Alternative Schools/Programs Of Choice

Status: DRAFT

Original Adopted Date: 12/01/1992 **| Last Revised Date:** 07/01/2009

Notifications

At the beginning of each school year, the "Notice of Alternative Schools" shall be sent to all parents/guardians as set forth in Education Code 58501. During the entire month of March of each year, a copy of this notice shall be posted at each school in at least two places normally visible to students, teachers, and visiting parents/guardians. (Education Code 58501)

Copies of the law providing for alternative schools or programs of choice (Education Code 58500-58512) shall be made available in the district office and each school office to any interested parent/guardian, teacher, or student. (Education Code 58501)

Proposals

All proposals for the establishment of an alternative school or program of choice shall:

1. Address the district's vision, goals, and academic standards
2. Demonstrate that the number of students interested in enrolling in the alternative school or program of choice is sufficient to meet desired student-teacher staffing ratios
3. Demonstrate that teachers are willing to work within the school or program
4. Demonstrate that the proposed operational plan conforms with district timelines and makes equitable use of district staff, facilities, and resources
5. Provide a statement of the specific anticipated costs of implementing the proposal as well as funding sources, including outside funding sources and/or district support
6. Include a comprehensive plan for an annual evaluation of the program to be carried out by the district

The Superintendent or designee may establish an advisory committee of staff, parents/guardians, and community members to evaluate proposals for alternative schools or programs of choice and make recommendations to the Superintendent.

Enrollment

The district may establish alternative schools or programs of choice in each attendance area and/or on a districtwide basis with enrollment open to all students districtwide. (Education Code 58505)

Students enrolled in alternative schools or programs of choice shall be selected entirely from volunteers. (Education Code 58503)

Alternative schools and programs of choice shall comply with state and federal law and Board policy regarding nondiscrimination in district programs.

Previous classroom performance shall not be a criterion limiting any student from the opportunity to attend an alternative school or program of choice. (Education Code 58504)

When an alternative class group is established within a school, the Superintendent or designee shall ensure that students currently enrolled in the school will not be displaced.

Operations

The district shall maintain and fund alternative schools or programs of choice at the same level of support as other district educational programs for students of the same age level. (Education Code 58507)

Teachers employed in alternative schools or programs of choice shall be selected entirely from volunteers.

(Education Code 58503)

Students enrolled in alternative schools may be eligible for district transportation in the same manner as students attending other district schools.

Regulation 6183: Home And Hospital Instruction

Status: DRAFT

Original Adopted Date: 06/01/1989 **| Last Revised Date:** 12/01/2018

A student with a temporary disability which makes school attendance impossible or inadvisable shall be entitled to receive individual instruction at home or in a hospital or other residential health facility, excluding state hospitals. (Education Code 48206.3)

Temporary disability means a physical, mental, or emotional disability incurred while a student is enrolled in regular day classes or an alternative education program, and after which the student can reasonably be expected to return to regular day classes or the alternative education program in which the student is enrolled. Temporary disability does not include a disability that would qualify a student for special education pursuant to Education Code 56026. (Education Code 48206.3)

At the beginning of the school year, the Superintendent or designee shall notify parents/guardians of district students regarding: (Education Code 48206.3, 48208, 48980)

1. The availability of individual instruction for any student with a temporary disability, including information regarding student eligibility for, and the duration of, individual instruction

2. The rights and responsibilities of parents/guardians of any student with a temporary disability pursuant to Education Code 48207 and 48208

Parents/guardians shall notify the principal or designee when their child is temporarily disabled and needs individual instruction at home or in a hospital or other residential health facility.

Determination of Student Eligibility

Not later than five working days after receiving notification from a parent/guardian that a student has a temporary disability, the Superintendent or designee shall determine whether the student will be able to receive individual instruction at home or in a hospital or residential health facility. (Education Code 48208)

The Superintendent or designee may require verification through any reasonable means that the student is temporarily disabled and needs individual instruction.

Provision of Individual Instruction

Individual instruction at a student's home or in a hospital or other residential health facility shall begin no later than five working days after the Superintendent or designee makes the determination that the student is eligible to receive individual instruction. (Education Code 48207.5, 48208)

The district shall be responsible for providing individual instruction to any temporarily disabled student who is in a hospital or other residential health facility located within district boundaries, whether or not the student is enrolled in the district. If the student is enrolled in another district, the Superintendent or designee may enter into an agreement to have the student's district of residence provide the individual instruction. The Superintendent or designee may also enter into an agreement to provide individual instruction to a district student who is in a hospital or other residential health facility located within the boundaries of another district. (Education Code 48208)

Whenever the district provides individual instruction to a non-district student who is in a hospital or other residential health facility located within district boundaries, the Superintendent or designee shall, within five working days of the beginning of the individual instruction, provide written notification to the student's district of residence that, effective on the date on which individual instruction began, the district of residence may not count the student for purposes of computing that district's average daily attendance. (Education Code 48208)

A student receiving individual instruction in a hospital or residential health facility for a partial week shall be entitled to attend school or receive individual instruction at home on days in which the student is not receiving individual instruction in the hospital or other residential health facility, if the student is well enough to do so. (Education Code 48207.3)

Home or hospital instruction shall be provided only by teachers with valid California teaching credentials who consent to the assignment. (Education Code 44865)

Insofar as possible, the teacher providing home or hospital instruction shall consult with the student's current classroom teacher(s) so as to provide a continuity of instruction that enables the student to stay abreast with the regular school program.

The district's attendance supervisor shall ensure that the absences of any temporarily disabled student receiving individual instruction at home or in a hospital or other residential health facility are excused until the student is able to return to the regular school program. (Education Code 48240)

Return to School

A student receiving individual instruction who is well enough to return to school shall be allowed to return to the school that the student attended immediately before receiving individual instruction, if the return occurs during the school year in which the individual instruction was initiated. (Education Code 48207.3)

Policy 6185: Community Day School

Status: DRAFT

Original Adopted Date: 02/01/1997 **| Last Revised Date:** 10/01/2016

The Board of Trustees recognizes the need to provide an appropriate alternative educational option for expelled students who are prohibited from attending regular schools in the district, students referred by probation pursuant to Welfare and Institutions Code 300 or 602, and students referred by a school attendance review board or another district-level referral process. The district's community day school program shall be designed to meet the needs of these students and ensure academic progress necessary for their success when returned to a regular school environment.

The Superintendent or designee shall collaborate with the County Superintendent of Schools and, as appropriate, other districts within the county to develop, for Board adoption, a plan for providing education services and appropriate placements to all expelled students in the county. (Education Code 48926)

The district's community day school program shall be designed to give students substantial individual help with their problems. To the extent possible, the program shall include:

1. Cooperation with the county office of education, law enforcement, probation, and human services agencies personnel who work with at-risk youth

2. Low student-teacher ratio

3. Individualized instruction and assessment

4. Maximum collaboration with district support service resources, including, but not limited to, school counselors and psychologists, academic counselors, and student discipline personnel

The Superintendent or designee shall establish procedures for the involuntary transfer of students to a community day school in accordance with law. (Education Code 48662)

A community day school shall not be situated on the same site as a regular district elementary, middle, junior high, comprehensive senior high, opportunity, or continuation school, except when allowed by law and when the Board certifies by a two-thirds vote that no satisfactory alternative facilities are available for the community day school. Such Board certification shall be valid for not more than one school year and may be renewed by a subsequent two-thirds vote of the Board. (Education Code 48661)

Community day schools shall be operated in safe, well-maintained facilities that meet the requirements of Education Code 17292.5.

Regulation 6185: Community Day School

Status: DRAFT

Original Adopted Date: 02/01/1999 **| Last Revised Date:** 10/01/2016

Involuntary Transfer

The Superintendent or designee may assign a student to a district community day school if the student meets one or more of the following conditions: (Education Code 48662)

1. The student is expelled for any reason.

2. The student is probation-referred pursuant to Welfare and Institutions Code 300 or 602.

3. The student is referred by a school attendance review board (SARB) or other district-level referral process.

The Superintendent or designee shall give first priority for assignment to a community day school to students expelled for mandatory expulsion offenses pursuant to Education Code 48915(d). Second priority shall be given to students expelled for other reasons, and third priority shall be given to students referred pursuant to item #2 or #3 above. These priorities are applicable unless there is an agreement that the County Superintendent of Schools will serve any of these students. (Education Code 48662)

When the student to be involuntarily transferred to a community day school is a student with disabilities, as defined under the federal Individuals with Disabilities Education Act or Section 504 of the federal Rehabilitation Act of 1973, assignment to a community day school shall be determined by the student's individualized education program (IEP) or 504 team, as applicable. (20 USC 1415; 34 CFR 104.35)

Students who have been involuntarily transferred to a community day school based on an expulsion order, probation referral, SARB referral, or other district-level referral process shall be notified in accordance with the applicable laws and/or district policy. Such process shall include timely written notification of the transfer to the student and his/her parent/guardian and an opportunity for the student and parent/guardian to meet with the Superintendent or designee to discuss the transfer.

Instruction

Academic programs offered in the community day school shall be comparable to those available to students of a similar age in the district. (Education Code 48663)

The minimum school day for a district community day school shall be 360 minutes of classroom instruction provided by a certificated employee. Independent study shall not be used as a means of providing any part of this minimum day. (Education Code 48663)

Policy 6190: Evaluation Of The Instructional Program

Status: DRAFT

Original Adopted Date: 03/01/2007 **| Last Revised Date:** 10/01/2018

The Board of Trustees recognizes that it is accountable to students, parents/guardians, and the community for the effectiveness of the district's educational program in meeting district goals for student learning. The Superintendent or designee shall conduct a continual evaluation of the curriculum and the instructional program in order to identify strategies for improving student achievement.

The Superintendent or designee shall provide the Board and the community with regular reports on student achievement. The reports shall include data for each district school and for each numerically significant student subgroup, as defined in Education Code 52052, including, but not limited to, school and subgroup performance on statewide achievement indicators and progress toward goals specified in the district's local control and accountability plan (LCAP).

In addition, the Superintendent or designee shall conduct an evaluation of any new instructional program implemented in the district and shall regularly assess district progress toward increasing student achievement in all subject areas taught in the district. The findings of such evaluations and assessments shall be reported to the Board.

Based on these reports, the Board shall take appropriate actions to maintain the effectiveness of programs and to improve the quality of education provided to district students.

Annual Evaluation of Consolidated Application Programs

The Board and the Superintendent or designee shall annually determine whether the district's categorical programs funded through the state's consolidated application are effective in meeting the needs of the students they are intended to serve. As a basis for this evaluation, the Superintendent or designee shall recommend for Board approval the specific, measurable criteria that shall be used at each school and at the district level. These criteria may include, but are not necessarily limited to, the progress of all students participating in the program and of each numerically significant subgroup toward goals contained in the district's LCAP, the school's plan for student achievement, and/or other applicable district or school plans.

Policy 7000: Concepts And Roles

Status: DRAFT

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 02/01/1996

The Board of Trustees recognizes that one of its major responsibilities is to provide healthful, safe and adequate facilities that enhance the instructional program. The Board shall endeavor to make the provision of adequate school facilities a priority in the district. Because the schools serve as a focal point for the community, the Board shall also strive to ensure that district facilities fit harmoniously and attractively into their neighborhoods and have flexibility of design to meet future educational and community needs.

The Board shall strive to have a school facilities master plan in place and regularly reviewed in light of the district's educational goals. In accordance with this plan, the Board shall:

1. Approve additions or major alterations to existing buildings
2. Determine what new buildings shall be built, when and where, and what equipment shall be purchased for them
3. Determine the method of financing that will be used
4. Select and purchase school sites for future expansion
5. Approve the selection of architects and structural engineers
6. Award contracts for design and construction
7. Name schools and individual buildings
8. Advocate school facility needs to the community

The Superintendent or designee shall:

1. Assess the district's short- and long-term facility needs
2. Direct the preparation and updating of the facilities master plan
3. Oversee the preparation of bids and award of contracts
4. Supervise the implementation of the district's building program in accordance with the master plan, Board policy, and state and local requirements, including collaboration with the architect and contractor on the construction of new facilities and modernization of existing facilities
5. Represent the district in official governmental interactions related to the building program

Policy 7110: Facilities Master Plan

Status: DRAFT

Original Adopted Date: 02/01/1996 **| Last Revised Date:** 09/01/2022

The Board of Trustees recognizes the importance of long-range planning for school facilities in order to address changes in student enrollment, teacher housing needs, and the district's educational program. The Superintendent or designee shall develop, for Board approval, a master plan for district facilities which describes the district's anticipated short- and long-term facilities needs and priorities.

Plan Development

The district's facilities master plan shall be based on an assessment of the condition and adequacy of existing facilities, a projection of future enrollments, and alignment of facilities with the district's vision for the instructional program.

To solicit broad input into the planning process, the Superintendent or designee may establish a facilities advisory committee consisting of staff, parents/guardians, and business, local government, and other community representatives. The Superintendent or designee shall ensure that the public is informed of the need for construction and modernization of facilities and of the district's plans for facilities.

At least 45 days prior to completion of any facilities plan that relates to the potential expansion of existing school sites or the necessity to acquire additional school sites, the Superintendent or designee shall notify and provide copies of the plan or any relevant and available information to the planning commission or agency of the city or county with land use jurisdiction within the district. (Government Code 65352.2)

If the city or county commission or agency requests a meeting, the Superintendent or designee shall meet with the commission or agency within 15 days following the notification. Items that the parties may discuss at the meeting include, but are not limited to, methods of coordinating planning with proposed revitalization efforts and recreation and park programs, options for new school sites, methods of maximizing the safety of persons traveling to and from the site, and opportunities for financial assistance. (Government Code 65352.2)

The master plan shall be regularly reviewed and updated as necessary to reflect changes in the educational program, existing facilities, finances, or demographic data.

Plan Components

The facilities master plan shall include:

1. A statement of purpose, including district goals, philosophy, and related policies
2. A description of the planning process
3. Demographics of the community, such as economic trends, migration patterns, employment base, residential base, socioeconomic makeup, historical school enrollments, and inventory of physical resources and needs
4. A description of the educational program, such as grade-level organization, class size, staffing patterns, technology plans, special programs and support services, and other educational specifications
5. Analysis of the safety, adequacy, and equity of existing facilities and potential for expansion, including the adequacy of classrooms, school cafeterias and food preparation areas, physical activity areas, playgrounds, parking areas, and other school grounds
6. Site selection criteria and process
7. Development of a capital planning budget and identification of potential funding sources
8. Policy for reviewing and updating the plan

Planning shall ensure that school facilities meet the following minimum standards: (5 CCR 14001)

1. Are aligned with the district's educational goals and objectives

2. Provide for maximum site enrollment at school facilities
3. Are located on a site that meets California Department of Education standards as specified in 5 CCR 14010
4. Are designed for the environmental comfort and work efficiency of the occupants
5. Are designed to require a practical minimum of maintenance
6. Are designed to meet federal, state, and local statutory requirements for structure, fire, and public safety
7. Are designed and engineered with flexibility to accommodate future need

Plans for the design and construction of new school facilities shall also meet the standards described in 5 CCR 14030, the California Green Building Standards Code, Title 24, Part 11 of the California Code of Regulations ("CALGreen"), the Americans with Disabilities Act (ADA) pursuant to 42 USC 12101-12213, and any other requirements applicable to the funding source and type of project.

However, plans for residential housing, which includes any building used or intended to be used by the district as a personal residence by a teacher or employee of the district, is not considered to be a "school building" and does not require approval by the Department of General Services regarding earthquake safety and/or the ADA. (Education Code 17283.5; Government Code 4454.5)

To facilitate the efficient use of public resources when planning for new construction or modernization of school facilities, the district may consider designs that facilitate joint use of the facility with a local governmental agency, public postsecondary institution, or nonprofit organization.

Regulation 7111: Evaluating Existing Buildings

Status: DRAFT

Original Adopted Date: 02/01/1999 **| Last Revised Date:** 03/01/2016

The Superintendent or designee shall periodically evaluate the adequacy, design, and conditions of existing district facilities to determine whether they meet the needs of the instructional program and provide a healthful and pleasing environment for students and staff. He/she also shall determine whether district facilities fulfill legal requirements for safety and structural soundness, access for the disabled, and energy conservation.

In addition, the Superintendent or designee shall regularly calculate the capacity of existing school buildings to adequately house the district's current students and projected enrollments.

Any identified needs for repair, modernization, or construction shall be incorporated into the district's facilities planning process.

Structural Safety

In the event that the Department of General Services or any licensed structural engineer or licensed architect finds and reports to the Board of Trustees that a district building is unsafe for use, the Superintendent or designee shall immediately obtain an estimate of the cost of repairs or reconstruction necessary to bring the building up to legal standards for structural safety. The Board shall establish a system of priorities for the repair, reconstruction, or replacement of unsafe school buildings. (Education Code 17367)

A relocatable school building or structure shall meet the requirements of Education Code 17280-17317 and 17365-17374 pertaining to structural safety. (Education Code 17291)

Energy Efficiency

To the extent that services are available, the Superintendent or designee shall arrange for the energy audit of school buildings to identify the type and amount of work necessary to retrofit buildings and obtain an estimate of projected energy savings. The district may contract with qualified businesses capable of retrofitting these buildings and may borrow funds which do not exceed the amount of energy savings to be accumulated from the improvement of the buildings. (Education Code 17651-17653)

Policy 7131: Relations With Local Agencies

Status: DRAFT

Original Adopted Date: 02/01/1996 **| Last Revised Date:** 11/01/2001

The Board of Trustees recognizes the importance of collaborating and communicating with other local agencies in order to provide the best possible school facilities and to allocate facility resources in an effective and efficient manner. The Board and district staff shall consult and coordinate with local agencies as required by law and whenever the expertise and resources of these agencies can assist the district in the planning, design and construction of facilities.

Following notification by a city or county of proposed action to adopt or substantially revise a general plan, the Board may request a meeting with the local planning agency to discuss possible methods of coordinating planning, design and construction of new school facilities and school sites. (Government Code 65352.2)

The Superintendent or designee shall monitor land development proposals within district boundaries and shall ensure that an exchange of accurate information is maintained with city/county planning staff regarding the impact of land development on the district's educational programs and facility needs.

Recognizing that available funds may not suffice to eliminate overcrowding in district schools caused by new development, the Board urges the city/county to adopt in its general plan or other appropriate planning documents, to the extent permitted by law, a provision which ensures that adequate school facilities will be available.

Notifications to Other Local Agencies

The Board shall notify the city council or county board of supervisors whenever it finds, based on clear and convincing evidence: (Government Code 65971)

1. That conditions of overcrowding exist in one or more attendance areas within the district which will impair the normal functioning of the educational programs, and the reason for the existence of those conditions

2. That all reasonable methods of mitigating conditions of overcrowding have been evaluated and no feasible method for reducing those conditions exists

The above notice shall specify the mitigation measures considered by the district and shall include a completed application to the Office of Public School Construction for preliminary determination of eligibility for school construction under applicable state law. (Government Code 65971)

The Superintendent or designee shall notify the appropriate city or county planning agency of the adoption of a school facility needs analysis or facilities master plan, the acquisition of a school site, or other action regarding school facilities in accordance with law.

Policy 7140: Architectural And Engineering Services

Status: DRAFT

Original Adopted Date: 10/01/1996 **| Last Revised Date:** 10/01/2019

The Board of Trustees desires to provide school facilities that support the educational program and meet all applicable safety and design standards. When required by law, the Board shall employ or contract with a licensed and certified architect and/or structural engineer to design and supervise the construction of district schools and other facilities.

The architect and/or structural engineer shall be responsible for preparing all construction plans, specifications, and estimates and for the observation of the work of construction. (Education Code 17302)

To ensure compliance with state design and safety standards, preliminary and final plans for any state-funded school facility project, including Board-approved educational specifications for school design when necessary, shall be submitted to the California Department of Education and the Department of General Services, Division of the State Architect. (Education Code 17267; 5 CCR 14030-14032)

The Superintendent or designee shall devise a competitive process for the selection of architects, structural engineers, and other design professionals that is based on demonstrated competence and on the professional qualifications necessary for the satisfactory performance of the services required. For each project, the Superintendent or designee shall recommend architectural and engineering firms to the Board for approval. The Board shall pay fair and reasonable amounts warranted by the provider's qualifications and competence. The Board need not select the lowest responsible bidder.

Regulation 7140: Architectural And Engineering Services

Status: DRAFT

Original Adopted Date: 02/01/1996 **| Last Revised Date:** 09/01/2023

Contractors for any private architectural, landscape architectural, engineering, environmental, land surveying or construction project management services shall be selected, at fair and reasonable prices, on the basis of demonstrated competence and professional qualifications necessary for the satisfactory performance of the services required. (Government Code 4526)

The Superintendent or designee shall ensure that the selection process for projects receiving state funding: (Government Code 4526)

1. Assures maximum participation by small business firms as defined pursuant to Government Code 14837

2. Prohibits practices which might result in unlawful activity such as rebates, kickbacks, or other unlawful consideration

3. Prohibits district employees from participating in the selection process when they have a relationship with a person or business entity seeking a contract which would subject the employee to the prohibition of Government Code 87100

The selection process may also include: (Government Code 4527)

1. Evaluation of current statements of qualifications and performance data on file with the district and evaluation of statements that may be submitted by other firms regarding the proposed project

2. Discussion with at least three firms regarding anticipated concepts and the relative utility of alternative approaches for furnishing the required services

3. Selection, in order of preference, of at least three firms deemed to be the most highly qualified to provide the required services in accordance with established district criteria

The district shall negotiate a contract with the best qualified firm at compensation determined by the district to be fair and reasonable. If the district is unable to negotiate a contract with the most qualified firm, the district shall negotiate a contract with the second most qualified firm and, if unsuccessful, with the third most qualified firm. If the district is unable to negotiate a satisfactory contract with any of the selected firms, the district shall select additional firms in order of their competence and qualification and continue negotiations until an agreement is reached. (Government Code 4528)

The above procedures shall not apply if the Superintendent or designee determines that the services needed are more of a technical nature and involve little professional judgment and that requiring bids would be in the public interest. (Government Code 4529)

Contracts shall specify that all plans, including, but not limited to, record drawings, specifications, and estimates prepared by the architect or structural engineer shall become the property of the district for the purpose of repair, maintenance, renovation, modernization, or other purposes, but only as they relate to the project for which the architect or structural engineer was retained. The contract shall also specify terms and conditions for reuse within the district of any plans prepared by the architect or structural engineer. (Education Code 17316)

A design-build contract may be awarded to a single entity for both design and construction of any school facility if the contract is in excess of $1,000,000, or an alternative design-build contract may be awarded if the contract is in excess of $5,000,000, as specified in Administrative Regulation 3311.3 - Design-Build Contracts. (Education Code 17250.20, 17250.62)

Policy 7150: Site Selection And Development

Status: DRAFT

Original Adopted Date: 02/01/1999 **| Last Revised Date:** 09/01/2022

The Board of Trustees believes that a school site should serve the district's educational needs in accordance with the district's master plan, as well as show potential for contributing to other community needs.

The Board recognizes the importance of community input in the site selection process. To this end, the Board will solicit community input whenever a school site is to be selected and shall provide public notice and hold public hearings in accordance with law.

The Superintendent or designee shall establish a site selection process which complies with law and ensures that the best possible sites are acquired and developed in a cost-effective manner.

Before acquiring property for a new school or an addition to an existing school site, the Board, at a public hearing, shall either evaluate the property using state site selection standards specified in 5 CCR 14010 or, if a district advisory committee was appointed to evaluate the property, receive the committee's report of findings based on those standards. (Education Code 17211, 17251)

Environmental Impact Investigation for the Site Selection Process

The Superintendent or designee shall determine whether any proposed development project is subject to the requirements of the California Environmental Quality Act (CEQA) and shall ensure compliance with this Act, including any web site posting requirements. When evaluating district projects, the CEQA guidelines shall be used.

Environmental review documents, including a draft environmental impact report, environmental impact report, negative declaration or mitigated negative declaration, and public notice of the preparation and availability of such documents, shall be posted on the district's web site. (Public Resources Code 21082.1, 21092, 21092.2)

Agricultural Land

If the proposed site is in an area designated in a city, county, or city and county general plan for agricultural use and zoned for agricultural production, the Board shall determine all of the following: (Education Code 17215.5)

1. That the district has notified and consulted with the city, county, or city and county within which the prospective site is to be located

2. That the Board has evaluated the final site selection based on all factors affecting the public interest and not limited to selection on the basis of the cost of the land

3. That the district shall attempt to minimize any public health and safety issues resulting from the neighboring agricultural uses that may affect students and employees at the site

Regulation 7150: Site Selection And Development

Status: DRAFT

Original Adopted Date: 11/01/2000 **| Last Revised Date:** 09/01/2022

As part of the district's site selection process, the Superintendent or designee shall:

1. Meet with appropriate local government recreation and park authorities to review all possible methods of coordinating the planning, design, and construction of new school facilities and school sites or major additions to existing school facilities and recreation and park facilities in the community. (Education Code 35275)

2. Notify the appropriate local planning agency in writing and request its report and recommendations regarding the proposed site or proposed addition's conformity with the adopted general plan. (Government Code 65402; Public Resources Code 21151.2)

3. Have the site investigated by competent personnel with regard to population trends, transportation, water supply, waste disposal facilities, utilities, traffic hazards, surface drainage conditions, and other factors affecting initial and operating costs. This investigation shall include geological and soil engineering studies to preclude locating the school on terrain that has the potential for earthquake or other geologic hazard damage as specified in Government Code 65302. (Education Code 17212-17212.5)

4. Make a written request for information necessary or useful to assess and determine the safety of a proposed school site, or an addition to an existing school site, from a person, corporation, public utility, locally publicly owned utility, or governmental agency regarding pipelines, electric transmission and distribution lines, railroads, and storage tanks in accordance with law. (Education Code 17212.2, 17251)

5. Ensure that the site meets state standards for school site selection as specified in 5 CCR 14010-14012.

6. Ensure compliance with the California Environmental Quality Act (CEQA) as required by law, including posting required notices to the district web site. (Public Resources Code 21000-21177)

7. Notify the California Department of Education in writing before acquiring title or leasing the site if the proposed site is within two miles of the air line of an airport runway or proposed runway. (Education Code 17215)

8. Conduct an air quality analysis pursuant to Health and Safety Code 44360 and Education Code 17213 if the proposed site is within 500 feet of the edge of the closest traffic lane of a freeway or other busy traffic corridor and determine that the air quality at the proposed site is such that neither short-term nor long-term exposure poses significant health risks to students. (Education Code 17213)

In the selection and development of projects funded pursuant to the School Facilities Program of 1998 (Proposition 1A) as contained in Education Code 17070.10-17077.10, the Superintendent or designee shall:

1. Determine whether the proposed site is free of toxic contamination by ensuring that a Phase I environmental assessment and/or preliminary endangerment assessment is conducted as required by law (Education Code 17213.1)

   The Superintendent or designee shall ensure that the preliminary endangerment assessment is made available for public review and comment in accordance with Education Code 17213.1.

2. Submit an annual summary report of expenditures to the State Allocation Board in accordance with law (Education Code 17076.10)

3. Include in the plans a hard-wired connection to a public switched telephone network or utilization of wireless technology (Education Code 17077.10)

4. Establish a participation goal of at least three percent, per year, of the overall dollar amount expended each year by the district for disabled veteran business enterprises (Education Code 17076.11)

Policy 7160: Charter School Facilities

Status: DRAFT

Original Adopted Date: 07/01/2008 **| Last Revised Date:** 03/01/2012

The Board of Trustees believes that all students, including those attending charter schools, should have access to adequate facilities that are safe and support student learning.

Facilities to be used by a charter school shall be specified in the school's charter pursuant to Education Code 47605 and also may be addressed in a written memorandum of understanding between the district and charter school.

As applicable, charter school facilities shall comply with the California Building Standards Code adopted by the local building enforcement agency pursuant to 24 CCR 101 et seq. or the Field Act pursuant to Education Code 17280-17317 and 17365-17374. (Education Code 47610, 47610.5)

Upon request, the Board shall make facilities available to an eligible charter school operating in the district, as defined in law and administrative regulation. In accordance with law, such facilities shall be contiguous, furnished, equipped, and sufficient to accommodate all the charter school's in-district students in conditions reasonably equivalent to those in which the students would be accommodated if they were attending other district schools. The Board shall make reasonable efforts to provide the charter school with facilities near where the charter school wishes to locate and shall not move the charter school unnecessarily. If the district's preliminary proposal or final notification of space does not accommodate the charter school at a single school site, the Board shall make a specific finding that the charter school could not be accommodated at a single site and shall adopt a written statement of reasons explaining the finding. (Education Code 47614; 5 CCR 11969.1-11969.10)

The district shall not be required to use unrestricted general fund revenues to rent, buy, or lease facilities for charter schools. (Education Code 47614)

The Superintendent or designee may assist eligible charter schools in applying for state facilities funding for new construction or rehabilitation of facilities pursuant to Education Code 17078.52-17078.66 and/or for rent and lease expenditures pursuant to Education Code 47614.5.

Regulation 7160: Charter School Facilities

Status: DRAFT

Original Adopted Date: 07/01/2004 **| Last Revised Date:** 03/01/2012

Definitions

Average daily classroom attendance (ADA) or classroom ADA is ADA for classroom-based apportionment as used in Education Code 47612.5. (5 CCR 11969.2)

In-district classroom ADA is classroom ADA attributable to in-district students. (5 CCR 11969.2)

In-district students are those charter school students who are entitled to attend a district school. Students eligible to attend district schools based on an interdistrict attendance agreement or parent/guardian employment shall be considered students of the district where they reside. (5 CCR 11969.2)

Operating in the district means the charter school is either currently providing public education to in-district students or has identified at least 80 in-district students who are meaningfully interested in enrolling in the charter school for the following year, regardless of whether the district is or is proposed to be the chartering entity and whether or not the charter school has a facility inside the district's boundaries. (Education Code 47614; 5 CCR 11969.2)

Reasonably equivalent facilities are facilities that are sufficient to accommodate charter school students in conditions reasonably equivalent to those in which the students would be accommodated if they were attending other public schools of the district. Reasonable equivalency shall be determined based on a comparison group of district schools with similar grade levels, the capacity of facilities, and the condition of facilities, as described below in the section "Submission and Review of Facilities Requests." (5 CCR 11969.2, 11969.3)

Furnished and equipped means the facilities include reasonably equivalent furnishing necessary to conduct classroom instruction and to provide for student services that directly support classroom instruction as found in the comparison group schools established under 5 CCR 11969.3(a) and that the facilities have equipment that is reasonably equivalent to the comparison group schools. Equipment means property that does not lose its identity when removed from its location and is not changed materially or consumed immediately (e.g., within one year). Equipment has relatively permanent value and its purchase increases the total value of the district's physical properties. Examples include furniture, vehicles, machinery, motion picture film, videotape, furnishings that are not an integral part of the building or building system, and certain intangible assets such as major software programs. Furnishings and equipment acquired for a school site with nondistrict resources are excluded when determining reasonable equivalence. (5 CCR 11969.2)

Contiguous facilities are those facilities contained on a school site or immediately adjacent to a school site. If the in-district classroom ADA of the charter school cannot be accommodated on any single school site, contiguous facilities also include facilities located at more than one site, provided that the district minimizes the number of sites assigned and considers student safety. If none of the district-operated schools has grade levels similar to the charter school, then a contiguous facility shall be an existing facility that is most consistent with the needs of students in the grade levels served at the charter school. (5 CCR 11969.2, 11969.3)

Conversion charter school is a charter school established through the conversion of an existing public school. (Education Code 47605)

Eligibility for District Facilities

A charter school shall be operating in the district, as defined above, before it submits a request for facilities. A new or proposed charter school operating in the district is eligible to request facilities for a particular fiscal year only if it submits its charter petition before November 1 of the fiscal year preceding the year for which facilities are requested. A new charter school is entitled to be allocated and/or provided access to facilities only if it receives approval of its charter petition before March 15 of the fiscal year preceding the year for which facilities are requested. (5 CCR 11969.9)

Submission and Review of Facilities Requests

The following procedures shall apply to a charter school's request for facilities:

1. On or before November 1, a charter school shall submit a written request for facilities to the Superintendent or designee for the next fiscal year. The request shall include: (Education Code 47614; 5 CCR 11969.2, 11969.9)

    a. Reasonable projections of in-district and total ADA and in-district and total classroom ADA, based on ADA claimed for apportionment, if any, in the fiscal year prior to the fiscal year in which the facilities request is made, adjusted for expected changes in enrollment in the forthcoming fiscal year

       Projections of in-district ADA, in-district classroom ADA, and the number of in-district students shall be broken down by grade level and by the district school that the students would otherwise attend.

       Nonclassroom ADA may be included in the ADA calculation only to the extent of instructional time that students generating nonclassroom ADA are actually in the classroom under the direct supervision and control of a charter school employee, and only if the district and the charter school agree upon the time(s) that the facilities devoted to students generating nonclassroom-based ADA will be used.

    b. A description of the methodology for the projections

    c. If relevant (i.e., when a charter school is not yet open or to the extent an operating charter school projects a substantial increase in ADA), documentation of the number of in-district students meaningfully interested in attending the charter school that is sufficient for the district to determine the reasonableness of the projection, but that need not be verifiable for precise arithmetical accuracy

    d. The charter school's operational calendar

    e. Information regarding the district's school site and/or general geographic area in which the charter school wishes to locate

    f. Information on the charter school's educational program that is relevant to assignment of facilities, if any

       In submitting a facilities request, the charter school shall use a form specified by the district. The charter school shall distribute a reasonable number of copies of the written request to parents/guardians, school staff, and/or other interested parties, or shall otherwise make the request available for review.

2. On or before December 1, the district shall review the charter school's projections of in-district and total ADA and in-district and total classroom ADA, express any objections in writing, and state the projections the district considers reasonable. If the district does not express any objections in writing and state its own projections by the deadline, the charter school's projections are no longer subject to challenge and the district shall base its offer of facilities on those projections. (5 CCR 11969.9)

3. On or before January 2, the charter school shall respond to any objections expressed by the district and to the district's attendance projections provided pursuant to item #2 above. The charter school shall reaffirm or modify its previous projections as necessary to respond to the information received from the district pursuant to item #2. If the charter school does not respond by January 2, the district's projections provided pursuant to item #2 are no longer subject to challenge and the district shall base its offer of facilities on those projections. (5 CCR 11969.9)

4. The district shall determine what facilities it will offer to the charter school, ensuring that the facilities are reasonably equivalent to other district facilities. (5 CCR 11969.3)

   If a charter school was established through the conversion of an existing public school pursuant to Education Code 47605(a)(2), the condition of the facility previously used by the district shall be considered to be reasonably equivalent for the first year the charter school uses the facility. (5 CCR 11969.3)

   For any other charter school, reasonable equivalency shall be based on the following criteria as detailed in 5 CCR 11969.3: (5 CCR 11969.3)

    a. A comparison group of district schools with similar grade levels

       If a charter school's grade-level configuration is different from the configuration of the district's schools, the district shall not pay for the modification of a school site to accommodate the charter school's configuration

b. Capacity, including equivalency of the ratio of teaching stations (classrooms), specialized classroom space, and nonteaching space to ADA

c. Condition of facilities, as determined by assessing such factors as age of facilities (from last modernization), quality of materials, and state of maintenance, including:

   i. School site size

   ii. Condition of interior and exterior surfaces

   iii. Condition of mechanical, plumbing, electrical, and fire alarm systems, including conformity to applicable codes

   iv. Availability and condition of technology infrastructure

   v. Condition of the facility as a safe learning environment, including, but not limited to, the suitability of lighting, noise mitigation, and size for intended use

   vi. Condition of the facility's furnishing and equipment

   vii. Condition of athletic fields and/or play area space

5. On or before February 1, the district shall prepare a written preliminary proposal regarding the space to be allocated to the charter school and/or to which the charter school is to be provided access. In evaluating and accommodating the charter school's request, the charter school's in-district students shall be given the same consideration as students in the district's schools, subject to the requirement that the facilities provided must be contiguous. At a minimum, the preliminary proposal shall include: (5 CCR 11969.2, 11969.3, 11969.9)

   a. The projections of in-district classroom ADA on which the proposal is based

   b. The specific location(s) of the space

   c. All conditions pertaining to the space, including a draft of any proposed agreement pertaining to the charter school's use of the space

   d. The projected pro rata share amount and a description of the methodology used to determine that amount

   e. A list and description of the comparison group schools used in developing the district's preliminary proposal and a description of the difference between the preliminary proposal and the charter school's request submitted pursuant to item #1 above

6. On or before March 1, the charter school shall respond in writing to the district's preliminary proposal made pursuant to item #5 above and shall express any concerns, including differences between the preliminary proposal and the charter school's request, and/or make a counter proposal. (5 CCR 11969.9)

7. On or before April 1, having reviewed any concerns and/or counter proposals made by the charter school pursuant to item #6 above, the district shall submit, in writing, a final notification of the space to be offered to the charter school. The notification shall include a response to the charter school's concerns and/or counter proposal, if any. The final notification shall specifically identify: (5 CCR 11969.9)

   a. The teaching stations, specialized classroom spaces, and nonteaching station spaces offered for the exclusive use of the charter school and the teaching stations, specialized classroom spaces, and nonteaching spaces to which the charter school is to be provided access on a shared basis with district-operated programs

   b. Arrangements for sharing any shared space

   c. The assumptions of in-district classroom ADA for the charter school upon which the allocation is based, and if the assumptions are different than those submitted by the charter school pursuant to item #3

above, a written explanation of the reasons for the differences

d. The specific location(s) of the space

e. All conditions pertaining to the space

f. The pro rata share amount

g. The payment schedule for the pro rata amount, which shall take into account the timing of revenues from the state and from local property taxes

8. By May 1 or within 30 days after the district notification pursuant to item #7 above, whichever is later, the charter school shall notify the district in writing whether or not it intends to occupy the offered space. (5 CCR 11969.9)

   The charter school's notification may be withdrawn or modified before this deadline. After the deadline, if the charter school has notified the district that it intends to occupy the offered space, the charter school is committed to paying the pro rata share amount as identified. If the charter school does not notify the district by this deadline that it intends to occupy the offered space, then the space shall remain available for district programs and the charter school shall not be entitled to use facilities of the district in the following fiscal year. (5 CCR 11969.9)

Availability of Facilities

The space allocated to the charter school by the district, or the space to which the district provides the charter school access, shall be furnished, equipped, and available for occupancy at least 10 working days prior to the first day of instruction of the charter school. For good cause, the district may reduce the period of availability to a period of not less than seven working days. (5 CCR 11969.9)

Space allocated for use by the charter school, subject to sharing arrangements, shall be available for the charter school's entire school year regardless of the district's instructional year or class schedule. (5 CCR 11969.5)

For a conversion charter school, the school site identified in the school's charter shall be made available to the charter school for its second year of operation and thereafter upon annual request for facilities from the district pursuant to this administrative regulation. If, as a result of a material revision of the charter, either the location of the conversion charter school is changed or the district approves the operation of additional sites by the school, then the school may request, and the district shall provide, facilities in accordance with law, the revised charter, and this administrative regulation. (5 CCR 11969.3)

Written Agreement Regarding Facilities Operations

The district and charter school shall negotiate an agreement regarding the use of and payment for the space which contains, at a minimum, the information included in the district's final notification pursuant to item #7 in the section "Submission and Review of Facilities Requests" above. (5 CCR 11969.9)

A reciprocal hold-harmless/indemnification provision shall be established between the district and the charter school. The charter school shall maintain general liability insurance naming the district as an additional insured in order to indemnify the district for any damage and losses. The district shall maintain first party property insurance for the facilities allocated to the charter school. (5 CCR 11969.9)

Responsibilities for facility maintenance and improvements shall be as follows: (5 CCR 11969.4, 11969.9)

1. The district shall be responsible for:

   a. Modifications necessary to maintain the facility in accordance with applicable building codes pursuant to Education Code 47610 or 47610.5

   b. Replacement of district-provided furnishings and equipment in accordance with district schedules and practices

   c. Projects eligible to be included in the district's deferred maintenance plan

2. The charter school shall be responsible for the ongoing operations and maintenance of facilities, furnishings, and equipment.

The charter school shall not sublet or use the facilities for purposes other than those that are consistent with district policies and practices without permission of the Superintendent or designee. (5 CCR 11969.5)

Facilities, furnishings, and equipment provided to a charter school by the district shall remain the property of the district. (5 CCR 11969.4)

The district may charge the charter school, in accordance with 5 CCR 11969.7, for a pro rata share of the district's facilities costs for activities related to keeping the physical plant open, comfortable, and safe for use and keeping the grounds, buildings, and equipment in working condition. Such activities include maintaining safety in buildings, on grounds, and in the vicinity of schools; plant maintenance and operations; facilities acquisition and construction; and facilities rents and leases. (Education Code 47614; 5 CCR 11969.2)

The charter school shall report actual in-district and total ADA and classroom ADA to the district every time that the charter school reports ADA for apportionment purposes. If the charter school generates less ADA than projected, the following provisions shall apply to any overallocated space: (Education Code 47614; 5 CCR 11969.3, 11969.8, 11969.9)

1. The charter school shall reimburse the district for the overallocated space as set forth in 5 CCR 11969.8, unless the district agrees, in response to the notification by the charter school of overallocation, to exercise its sole discretion to use the overallocated space for district programs.

2. In the case of a conversion charter school, the overallocated space shall not be subject to reimbursement under the following circumstances:

    a. The school notifies the district, by February 1 of its first year of operation, that it will have overallocated space in the following fiscal year. In such cases, the district may occupy all or a portion of the space identified. A charter school that wants to recover space surrendered to the district shall apply to the district and the district shall evaluate the application in accordance with law and this administrative regulation.

    b. Based on the State Board of Education's waiver of attendance area requirements in Education Code 47605(d)(1), the district makes a decision, between November 1 and June 30, to change the school's attendance area in the forthcoming fiscal year.

Mediation of Disputes

If a dispute arises between the district and a charter school pursuant to Education Code 47614 or 5 CCR 11969.1-11969.10, both parties may agree to settle the dispute using mediation, in accordance with the following procedures: (5 CCR 11969.10)

1. If both parties agree to mediation, the initiating party shall select a mediator, subject to the agreement of the responding party. If the parties are unable to agree on a mediator, the initiating party shall request the CDE to appoint a mediator within seven days to assist the parties in resolving the dispute. The mediator shall meet with the parties as quickly as possible.

2. Within seven days of the selection or appointment of the mediator, the party initiating the dispute resolution process shall send a notice to the responding party and the mediator. The notice shall include the following information:

    a. Name, address, and phone numbers of designated representatives of the parties

    b. A statement of the facts of the dispute, including information regarding the parties' attempts to resolve the dispute

    c. The specific sections of the statute or regulations that are in dispute

    d. The specific resolution sought by the initiating party

3. Within seven days of receiving the notice, the responding party shall file a written response.

4. The mediation shall be entirely informal in nature. Each party shall share copies of exhibits upon which its case is based with the other party. The relevant facts shall be elicited in a narrative fashion to the extent possible, rather than through examination and cross-examination of witnesses.

5. Any agreement reached by the parties shall be in writing and shall not set a precedent for any other case.

6. The mediation shall be terminated if the district and the charter school fail to meet within the specified timelines, have not reached an agreement within 15 days from the first meeting held by the mediator, or if the mediator declares an impasse.

7. The costs of the mediation shall be divided equally between the parties and paid promptly.

Policy 7210: Facilities Financing

Status: DRAFT

Original Adopted Date: 02/01/1997 **| Last Revised Date:** 03/01/2021

The Board of Trustees recognizes its responsibility to identify the most cost-efficient and effective method of financing when purchasing or modifying district facilities. Financing may be necessary when it is determined that school facilities must be built or expanded to accommodate an increased or projected increased enrollment or when safety considerations and educational program improvements require the replacement, reconstruction, or modernization of existing facilities.

The Superintendent or designee shall research funding alternatives and recommend to the Board the method of funding that will best serve district needs as identified in the district's master plan for school facilities.

Funding alternatives may include, but are not be limited to:

1. Levying developer fees pursuant to Education Code 17620 and Government Code 65995-65998

2. Forming a community facilities district pursuant to Government Code 53311-53368.3, the Mello-Roos Community Facilities Act

3. Forming a school facilities improvement district pursuant to Education Code 15300-15425

4. Issuing voter-approved general obligation bonds

5. Imposing a parcel tax pursuant to Government Code 50079

6. Using lease revenues for capital outlay purposes from surplus school property

7. Applying for state facilities funding pursuant to the Leroy F. Greene School Facilities Act (Education Code 17070.10-17079.30)

   The district shall provide reports, maintain records, and provide for audits of the expenditure of state facilities funds as required by law and AR 3460 - Financial Reports and Accountability. (Education Code 41024)

As applicable, the district shall comply with BP 3470 - Debt Issuance and Management.

Policy 7211: Developer Fees

Status: DRAFT

Original Adopted Date: 02/01/1999 **| Last Revised Date:** 06/01/2021

In order to finance the construction or reconstruction of school facilities needed to accommodate increased student enrollment resulting from new development, the Board of Trustees may establish, levy, and collect developer fees on residential, commercial, and industrial construction within the district, subject to restrictions specified by law.

Level 1 Fees: Residential, Commercial and Industrial Construction

Before taking action to establish, increase, or impose Level 1 developer fees, the Board shall conduct a fee justification study which: (Government Code 66001)

1. Identifies the purpose of the fee and the use to which the fee will be put
2. Determines a reasonable relationship between the fee's use and the type of development project for which the fee is imposed
3. Determines a reasonable relationship between the need for the facility and the type of development project for which the fee is imposed
4. Determines a reasonable relationship between the amount of the fee and the cost of the facility or portion of the facility attributed to the development for which the fee is imposed

Before levying developer fees or prior to increasing an existing fee, the Board shall hold a public hearing. The Superintendent or designee shall mail notice of the time and place of the meeting at which a public hearing shall occur, including a general explanation of the matter to be considered and a statement that the required data are available, at least 14 days prior to the meeting to any interested party who has requested such information. Any written request for mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for mailed notices shall be filed on or before April 1 of each year. The district may charge a fee reasonably related to the cost of providing these materials. (Government Code 66016)

Information on the anticipated amount of fees, other available funds and funding sources, and the estimated cost of planning, land acquisition, and school construction shall be made available to the public at least 10 days before the hearing. (Government Code 66016)

At the hearing, the Board shall adopt a resolution for the levying of the developer fees. (Government Code 66016)

The resolution shall set forth:

1. The purpose of the fee, the use to which the fee is to be put, and the public improvement(s) that the fee will be used to finance (Government Code 66001, 66006)
2. The Board's findings of reasonable relationship which justify the fees pursuant to Government Code 66001
3. If the district requires payment of the fee at a time earlier than the date of final inspection or the issuance of a certificate of occupancy, the district's determination of either of the following conditions which allow collection of the fees at the time when building permits are issued: (Government Code 66007)
    a. That the fees are to reimburse the district for previous expenditures
    b. That the fees shall be collected for public improvements or facilities for which an account has been established, funds have been appropriated, and the district has adopted a proposed construction schedule or plan

In the case of any commercial or industrial development, the Board shall make findings on either an individual project basis or on the basis of categories of commercial or industrial development. Those categories may include, but are not limited to, the following uses: office, retail, transportation, communications and utilities, light industrial, heavy industrial, research and development, and warehouse. The Board shall also conduct a study to determine the impact of the increased number of employees anticipated to result from the commercial or industrial development upon the cost of providing school facilities within the district. (Education Code 17621)

Level 2 Fees: Residential Construction

In order to impose Level 2 residential construction fees within the limits of Government Code 65995.5, the Board shall, in addition to fulfilling the requirements above for Level 1 fees, undertake the following: (Government Code 65995.5)

1. Make a timely application to the State Allocation Board (SAB) for new construction funding and be determined to be eligible by SAB

2. Conduct and adopt a school facility needs analysis pursuant to Government Code 65995.6

3. Satisfy at least two of the requirements set forth in Government Code 65995.5(b)(3)(A-D)

At least 45 days prior to completion of the school facility needs analysis, the Board shall notify and provide copies of the analysis to the planning commission or agency of the city or county with land use jurisdiction within the district. Upon request of either party, the Board and city or county shall meet within 15 days following notification. (Government Code 65352.2)

The Board shall adopt the school facility needs analysis by resolution at a public hearing. (Government Code 65995.6)

This analysis shall not be adopted until the analysis, in its final form, has been made available to the public for a period of not less than 30 days. Prior to its adoption, the public shall have the opportunity to review and comment on the analysis and the Board shall respond to written comments it receives regarding the analysis. (Government Code 65995.6)

Not less than 30 days prior to the hearing, notice of the time and place of the hearing, including the location and procedure for viewing or requesting a copy of the proposed analysis, shall be published in at least one newspaper of general circulation within the jurisdiction of the district. If there is no paper of general circulation, the notice shall be posted in at least three conspicuous places within the district's jurisdiction not less than 30 days prior to the hearing. (Government Code 65995.6)

In addition, the Superintendent or designee shall mail a copy of the needs analysis not less than 30 days prior to the hearing to any person who has made a written request if the written request was made 45 days prior to the hearing. The district may charge a fee reasonably related to the cost of providing these materials. (Government Code 65995.6)

During the period of public review, the analysis shall be provided to the local agency responsible for land use planning for its review and comment. (Government Code 65995.6)

The school facility needs analysis may be revised at any time. The revision is subject to the same conditions and requirements applicable to the adoption of the analysis. The existing school building capacity shall be recalculated as part of any revision to the needs analysis. (Government Code 65995.6)

The fees authorized by Government Code 65995.6 and 65995.7 shall be adopted by resolution as part of the adoption or revision of the school facilities needs analysis. The fees shall take effect immediately upon adoption of the resolution and may not be effective for more than one year. (Government Code 65995.6)

Level 3 Fees: Residential Construction

When Level 3 fees are authorized by law and the district qualifies for Level 2 fees pursuant to Government Code 65995.5, the Board may assess a fee on residential construction pursuant to Government Code 65995.7.

The notice and hearing requirements, resolution requirement, and term of effectiveness for Level 3 fees shall be the same as the requirements for Level 2 fees as specified above. (Government Code 65995.7)

Use of Fees

The Board shall review information provided by the Superintendent or designee pursuant to Government Code 66006 regarding each account or fund into which developer fees have been deposited, at the first regularly

scheduled public Board meeting which occurs 15 days after the information is made available to the public. Fifteen-day prior notice of this meeting shall be mailed to any parties filing a written request pursuant to Government Code 66006. (Government Code 66006)

In addition to discharging its public disclosure duties regarding the levying of developer fees, the Board shall, for the fifth fiscal year after the first deposit into the account or fund and every five years thereafter, make all of the following findings with respect to the portion of the account or fund that remains unexpended, whether committed or uncommitted: (Government Code 66001)

1. Identify the purpose to which the fee is to be put

2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged

3. Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements originally identified

4. Designate the approximate dates on which the funding referred to in item #3 is expected to be deposited into the appropriate account or fund

---

Regulation 7211: Developer Fees

Status: DRAFT

Original Adopted Date: 02/01/1999 **| Last Revised Date:** 06/01/2021

The district shall send a copy of any Board of Trustees resolution adopting or increasing Level 1, 2, or 3 developer fees to the city and county, accompanied by all relevant supporting documentation and a map indicating the boundaries of the area subject to the fee. (Education Code 17621)

In cooperation with local governmental agencies issuing building permits, the Superintendent or designee shall establish a means by which all of the following shall be accomplished:

1. The project applicant shall receive a written statement of the amount of the fees and notification that the 90-day approval period during which the applicant may protest has begun. (Government Code 66020)

2. The Superintendent or designee shall receive and retain acknowledgment that the above notification was received.

3. Before a permit is issued and upon the payment of the applicable fee or requirement, the Board shall immediately certify that the fee has been paid or that the district has determined that the fee does not apply to the development project. (Education Code 17620)

Developer fees shall be deposited, invested, accounted for, and expended pursuant to Government Code 66006. Developer fees shall be deposited in a separate capital facilities account, except for temporary investments allowed by law, and shall be used only for the purpose for which they were collected. Interest income earned by the capital facilities account shall also be deposited in that account and used only for the purpose for which the fee was originally collected. (Government Code 66006)

For each separate account so established, the Superintendent or designee shall, within 180 days after the last day of each fiscal year, make available to the public and the Board the following information for the fiscal year: (Government Code 66006)

1. A brief description of the type of fee in the account or fund

2. The amount of the fee

3. The beginning and ending balance of the account or fund

4. The amount of the fees collected and the interest earned

5. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees

6. An identification of an approximate date by which the construction of the public improvement will commence if the district determines that sufficient funds have been collected to complete financing on an incomplete public improvement

7. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or fund will receive on the loan

8. The amount of refunds made pursuant to Government Code 66001(e) and any allocations made pursuant to Government Code 66001(f)

When sufficient funds have been collected to complete the financing of public improvements but such improvements remain incomplete, the district shall, within 180 days of the date that a determination of sufficient funding was made, either identify an approximate date by which construction will begin or refund the unexpended revenues in accordance with Government Code 66001. (Government Code 66001)

Appeals Process for Protests by Developers

The Superintendent or designee shall establish an appeals process for the handling of protests by developers. (Education Code 17621)

Developers of residential, commercial, and industrial projects who claim that the developer fee has been inappropriately levied shall use the following procedures: (Government Code 66020)

1. The developer shall tender any required payment in full or provide satisfactory evidence of arrangements to pay the fee when due or ensure performance of the conditions necessary to meet the requirements of the imposition.

2. The developer shall serve written notice to the Board which shall include:

    a. A statement that the required payment is tendered or will be tendered when due, or that any conditions which have been imposed are provided for or satisfied, under protest

    b. A statement informing the Board of the factual elements of the dispute and the legal theory forming the basis for the protest

3. The protest shall be filed at the time of approval or conditional approval of the development or within 90 days after the date of the imposition of the fees.

At the time of the imposition of the fee, the Superintendent or designee shall provide each project applicant written notice that the 90-day period in which the applicant may initiate a protest has begun. The developer may file an action to attack, review, set aside, void, or annul the imposition of the fees imposed on the development project within 180 days of delivery of the notice. (Government Code 66020)

Policy 7212: Mello-Roos Districts

Status: DRAFT

Original Adopted Date: 02/01/1999 **| Last Revised Date:** 07/01/2017

The Board of Trustees desires to provide adequate facilities in order to enhance student learning and to help the district achieve its vision for educating district students. Toward that end, the Board may order the formation of a community facilities district (CFD) (Mello-Roos district) for the acquisition or improvement of school facilities when, in the Board's judgment, it is in the best interest of district students and the community. The issuance of debt through the CFD shall be consistent with law and the district's debt management policy.

Proceedings to establish a CFD may be instituted at the Board's discretion. In addition, such proceedings shall be instituted when a written request to establish a CFD has been filed by any two Board members, or a petition has been submitted by at least 10 percent of registered voters residing within the territory of the proposed CFD or by the owners of at least 10 percent of the area of land to be included within the proposed CFD. (Government Code 53318)

Prior to initiating proceedings to form a CFD, the Board shall consider and adopt local goals and policies that include the following elements: (Government Code 53312.7)

1. The priority that various facilities shall have for financing through the Mello-Roos Community Facilities Act, including public facilities to be owned and operated by other public agencies and services to be provided by other public agencies

2. The credit quality to be required of bond issues and criteria to be used in evaluating the credit quality

3. Steps by which prospective property purchasers will be fully informed about their related taxpaying obligations

4. Criteria for evaluating the equity of tax allocation formulas, including desirable and maximum amounts of special tax to be levied against any parcel

5. Definitions, standards, and assumptions to be used in appraisals required by Government Code 53345.8

6. To the extent authorized by law, priority for students residing within the CFD to attend schools financed in whole or in part by the CFD, in a manner that reflects the proportion of each school's financing provided through the CFD

Within 45 days of receiving a written request or petition to establish a CFD, the Board shall determine a fee to be paid by the requesters or petitioners which shall be sufficient to compensate the district for the costs incurred in conducting proceedings to create the CFD. Proceedings for establishing the CFD shall only be initiated after payment of the fee. (Government Code 53318)

Upon Board action to form a CFD, or within 90 days after the receipt of a petition or request to form a CFD and the payment of any applicable fee, the Board shall adopt a resolution of intention and conduct a hearing in accordance with law. The resolution shall fix the time and place for holding a public hearing on the establishment of the CFD, which shall be within 30-60 days after the adoption of the resolution. Notice of the hearing shall be given by publishing the text or a summary of the resolution of intention once, in a newspaper of general circulation published in the area of the proposed CFD, at least seven days before the hearing, and shall include other requirements specified in Government Code 53322. Notice of the hearing may also be sent by first-class mail to each registered voter and to each landowner within the proposed CFD. (Government Code 53320, 53321, 53322, 53322.4)

If, after the hearing, the Board decides to establish a CFD, the Board shall adopt a resolution of formation in accordance with law. (Government Code 53325, 53325.1)

If a special tax is proposed to be levied in the CFD, the Board shall submit the resolution of formation and other information specified in Government Code 53326 to the elections official within three business days after the adoption of the resolution of formation, and the question of levying the special tax shall be submitted to the qualified electors of the proposed CFD in accordance with law. (Government Code 53326)

Upon approval by two-thirds of the voters in the proposed CFD, the tax may be levied in accordance with Government Code 53340. (Government Code 53328)

Whenever the Board deems it necessary for the CFD to incur a bonded indebtedness, it shall follow the procedures specified in Government Code 53345-53365.7, as applicable.

The proceeds of any bonds, notes, or other securities issued pursuant to the Mello-Roos Community Facilities Act shall be deposited or invested in accordance with Government Code 53356.03.

The Superintendent or designee shall, within seven months after the last day of each fiscal year, prominently display the following reports on the district's web site: (Government Code 53343.2)

1. A copy of an annual report for that fiscal year, if requested pursuant to Government Code 53343.1

2. A copy of the report provided to the California Debt and Investment Advisory Commission pursuant to Government Code 53359.5

3. A copy of the report provided to the State Controller's Office pursuant to Government Code 12463.2

Policy 7213: School Facilities Improvement Districts

Status: DRAFT

Original Adopted Date: 02/01/1999 **| Last Revised Date:** 11/01/2017

The Board of Trustees desires to provide adequate facilities in order to enhance student learning and to help the district achieve its vision for educating district students.

The Board has determined that it is necessary and in the best interest of the district to form a school facilities improvement district to finance any or all of the improvements set forth in Education Code 15100 and finds that the overall cost of financing the bonds issued would be less than the overall cost of other school financing options available to the district including, but not limited to, issuing bonds pursuant to the Mello-Roos Community Facilities Act. The Board shall define the boundaries of the school facilities improvement district to include any portion of territory within the jurisdiction of the school district, including the option of including the territory of an existing Mello-Roos community facilities district. (Education Code 15301)

The Superintendent or designee shall establish procedures consistent with Education Code 15100-15262 governing the financing of bonds, bond elections, and the issuance and sale of bonds.

Board Resolution of Intention

The Board may pursue the authorization and issuance of bonds by approval of either 66.67 percent majority or 55 percent majority of the voters within the proposed territory of the school facilities improvement district and shall adopt a resolution of intent to form an improvement district. In order to proceed with an election requiring a 55 percent approval of the voters, two-thirds of the Board shall agree to such an election and the district shall comply with the accountability provisions, including the requirements regarding the citizens' oversight committee, required for 55 percent approval set forth in Education Code 15264-15288. (Education Code 15266)

The Board's resolution of intention shall state all of the following: (Education Code 15320)

1. The Board's intention to form the proposed school facilities improvement district
2. The purpose for which the proposed district is to be formed
3. The estimated cost of the school facilities improvement project
4. That any taxes levied for financing general obligation bonds issued to finance the project shall be levied exclusively upon the lands in the proposed school facilities improvement district
5. That a map showing the exterior boundaries of the proposed district is on file with the Board and available for public inspection, and that these boundaries meet the requirements of Education Code 15301
6. The time and place for a Board hearing on the formation of the proposed district
7. That any interested persons, including all persons owning lands in the district or in the proposed school facilities improvement district, may appear and be heard at the above hearing

The Board shall hold the hearing as specified in its resolution and may, at the hearing, adopt a resolution proposing modifications of its above-stated purposes. (Education Code 15322, 15323)

Notice of the hearing shall be given by publishing a copy of the resolution of intention in a newspaper of general circulation pursuant to Government Code 6066, starting at least 14 days before the hearing. No other notice shall be required. (Education Code 15321)

When hearings are concluded, the Board may, by resolution, order the formation of a school facilities improvement district with the boundaries described in the resolution. The resolution shall state the estimated cost of carrying out described purposes and shall number and designate the improvement district as specified in Education Code 15326. (Education Code 15326)

Policy 7214: General Obligation Bonds

Status: DRAFT

Original Adopted Date: 11/01/2012 **| Last Revised Date:** 06/01/2024

The Board of Trustees recognizes that school facilities are an essential component of the educational program and that the Board has a responsibility to ensure that the district's facilities needs are met in the most cost-effective manner possible. The Board may direct the Superintendent to explore the possibility of a bond measure, which may include, but is not limited to, conducting community focus groups, surveys, and Board presentations. When the Board determines that it is in the best interest of district students, it may order an election on the question of whether bonds shall be issued to pay for school facilities.

The Board's decision to order a bond election, as well as its determinations regarding the appropriate amount, timing, and structure of the bond issuance, shall be consistent with law and the district's debt management policy.

Before ordering a bond election, the Board shall obtain reasonable and informed projections of assessed valuations that take into consideration projections of assessed property valuations made by the county assessor. (Education Code 15100)

When any project to be funded by bonds will require state matching funds for any phase of the project, the ballot materials for the bond measure shall include a statement as specified in Education Code 15122.5, advising voters that, because the project is subject to approval of state matching funds, passage of the bond measure is not a guarantee that the project will be completed. (Education Code 15122.5)

Bonds Requiring 55 Percent Approval by Local Voters

The Board, by a two-thirds vote and subject to Education Code 15100, may adopt a resolution to incur bonded indebtedness and order an election. Pursuant to the California Constitution, Article 13A, Section 1(b)(3) and Article 16, Section 18(b), a bond election authorized pursuant to Education Code 15266 requires the approval of at least a 55 percent majority of the voters voting in the election. (Education Code 15266)

The bond election may only be ordered at a primary or general election, a statewide special election, or a regularly scheduled local election at which all of the electors of the district are entitled to vote. (Education Code 15266)

Bonded indebtedness incurred by the district pursuant to Education Code 15266 shall be used only for the following purposes: (California Constitution Article 13A, Section 1(b)(3) and 1(b)(3)(A))

1. The construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities

2. The acquisition or lease of real property for school facilities

3. The refunding of any outstanding debt issuance used for the purposes specified in Items #1-2 above

The proposition approved by the voters shall include the following accountability requirements: (California Constitution Article 13A, Section 1(b)(3))

1. Certification that proceeds from the sale of the bonds will be used only for the purposes specified in Items #1-2 above, and not for any other purposes including teacher and administrative salaries and other school operating expenses

2. A list of specific school facilities projects to be funded and certification that the Board has evaluated safety, class size reduction, and information technology needs in developing that list

3. A requirement that the Board conduct an annual, independent performance audit to ensure that the funds have been expended only on the specific projects listed

4. A requirement that the Board conduct an annual, independent financial audit of the proceeds from the sale of the bonds until all of those proceeds have been expended for the school facilities projects

If a district general obligation bond requiring a 55 percent majority is approved by the voters, the Board shall appoint an independent citizens' oversight committee to inform the public concerning the expenditure of bond revenues as

specified in Education Code 15278 and the accompanying administrative regulation. This committee shall be appointed within 60 days of the date that the Board enters the election results in its minutes pursuant to Education Code 15274. (Education Code 15278)

The Superintendent or designee shall ensure that the annual, independent performance and financial audits required pursuant to Items #3-4 above are issued in accordance with the U.S. Comptroller General's Government Auditing Standards and submitted to the citizens' oversight committee at the same time they are submitted to the Superintendent or designee and no later than March 31 of each year. (Education Code 15286)

The Board shall provide the citizens' oversight committee with responses to all findings, recommendations, and concerns addressed in the performance and financial audits within three months of receiving the audits. (Education Code 15280)

The Board may disband the citizens' oversight committee when the committee has completed its review of the final performance and financial audits.

Bonds Requiring 66.67 Percent Approval by Local Voters

The Board may decide to pursue the authorization and issuance of bonds by approval of 66.67 percent majority of the voters pursuant to Education Code 15100 and California Constitution, Article 13A, Section 1(b)(2). If a majority of the Board agrees to such an election, or upon a petition of the majority of the qualified electors residing in the district, the Board shall adopt a resolution ordering an election on the question of whether to incur bonded indebtedness if approved by a 66.67 percent majority of the voters. (Education Code 15100)

The bond election may be ordered to occur on any Tuesday, except a Tuesday that is a state holiday or the day before or after a state holiday, is within 45 days before or after a statewide election unless conducted at the same time as the statewide election, or is an established election date pursuant to Elections Code 1000 or 1500. (Education Code 15101)

Subject to limits specified in Article 13A, Section 1 of the California Constitution, bonds shall be sold to raise money for any of the following purposes: (Education Code 15100)

1. Purchasing school lots
2. Building or purchasing school buildings
3. Making alterations or additions to school building(s) other than as may be necessary for current maintenance, operation, or repairs
4. Repairing, restoring, or rebuilding any school building damaged, injured, or destroyed by fire or other public calamity
5. Supplying school buildings and grounds with furniture, equipment, or necessary apparatus of a permanent nature
6. Permanently improving school grounds
7. Refunding any outstanding valid indebtedness of the district, evidenced by bonds or state school building aid loans
8. Carrying out sewer or drain projects or purposes authorized in Education Code 17577
9. Purchasing school buses with a useful life of at least 20 years
10. Demolishing or razing any school building with the intent to replace it with another school building, whether in the same location or in any other location

Except for refunding any outstanding indebtedness, any of the purposes listed above may be united and voted upon as a single proposition by an order of the Board entered into the minutes. (Education Code 15100)

The Board may appoint a citizens' oversight committee to review and report to the Board and the public as to

whether the expenditure of bond revenues complies with the intended purposes of the bond.

Certificate of Results

If the certificate of election results received by the Board shows that the appropriate majority of the voters is in favor of issuing the bonds, the Board shall record that fact in its minutes. The Board shall then certify to the County Board of Supervisors all proceedings it had in connection with the election results. (Education Code 15124, 15274)

Resolutions Regarding Sale of Bonds

Following passage of the bond measure by the appropriate majority of voters, the Board shall pass a resolution directing the issuance and sale of bonds. In accordance with law, the resolution shall prescribe the total amount of bonds to be sold and may also prescribe the maximum acceptable interest rate, not to exceed eight percent, and the time(s) when the whole or any part of the principal of the bonds shall be payable. (Education Code 15140; Government Code 53508.6)

In passing the resolution, the Board shall consider each available funding instrument, including, but not limited to, the costs associated with each and their relative suitability for the project to be financed.

Prior to the sale of bonds, the Board shall place an agenda item at a public meeting and adopt as part of the bond issuance resolution, or in a separate resolution, disclosures of the available funding instruments, the costs and sustainability of each, and all of the following information: (Education Code 15146)

1. Express approval of the method of sale, such as competitive or negotiated sales

2. Statement of the reasons for the method of sale selected

3. Disclosure of the identity of the bond counsel, and the identities of the bond underwriter and the financial adviser if either or both are utilized for the sale, unless these individuals have not been selected at the time the resolution is adopted, in which case the Board shall disclose their identities at the public meeting occurring after they have been selected

4. Estimates of the costs associated with the bond issuance, including, but not limited to, bond counsel and financial advisor fees, printing costs, rating agency fees, underwriting fees, and other miscellaneous costs and expenses of issuing the bonds

When the sale involves bonds that allow for the compounding of interest, such as a capital appreciation bond (CAB), the resolution to be adopted by the Board shall include Items #1-4 above as well as the financing term and time of maturity, repayment ratio, and the estimated change in the assessed value of taxable property within the district over the term of the bonds. The resolution shall be publicly noticed on at least two consecutive meeting agendas, first as an information item and second as an action item. The agendas shall identify that bonds that allow for the compounding of interest are proposed. (Education Code 15146)

Prior to adopting a resolution for the sale of bonds that allow for the compounding of interest, the Board shall be presented with the following: (Education Code 15146)

1. An analysis containing the total overall cost of the bonds that allow for the compounding of interest

2. A comparison to the overall cost of current interest bonds

3. The reason bonds that allow for the compounding of interest are being recommended

4. A copy of the disclosure made by the underwriter in compliance with Rule G-17 adopted by the federal Municipal Securities Rulemaking Board

At least 30 days prior to the sale of any debt issue, the Superintendent or designee shall submit a report of the proposed issuance to the California Debt and Investment Advisory Commission (CDIAC). (Government Code 8855)

After the sale, the Board shall be presented with the actual issuance cost information and shall disclose that information at the Board's next scheduled meeting. The Board shall ensure that an itemized summary of the costs of the bond sale and all necessary information and reports regarding the sale are submitted to the CDAIC. (Education

Code 15146; Government Code 53509.5)

Bond Anticipation Notes

Whenever the Board determines that it is in the best interest of the district, it may, by resolution, issue a bond anticipation note, on a negotiated or competitive-bid basis, to raise funds that shall be used only for a purpose authorized by a bond that has been approved by the voters of the district in accordance with law. (Education Code 15150)

Payment of principal and interest on any bond anticipation note shall be made at note maturity, not to exceed five years, from the proceeds derived from the sale of the bond in anticipation of which that note was originally issued or from any other source lawfully available for that purpose, including state grants. Interest payments may also be made from such sources. However, interest payments may be made periodically and prior to note maturity from an increased property tax if the following conditions are met: (Education Code 15150)

1. A resolution of the Board authorizes the property tax for that purpose

2. The principal amount of the bond anticipation note does not exceed the remaining principal amount of the authorized but unissued bonds

A bond anticipation note may be issued only if the tax rate levied to pay interest on the note would not cause the district to exceed the tax rate limitation set forth in Education Code 15268 or 15270, as applicable.

Deposit of Bond Proceeds

With regard to general obligation bonds, the district shall invest new money bond proceeds in the county treasury pool as required by law. (Education Code 15146)

Regulation 7214: General Obligation Bonds

Status: DRAFT

Original Adopted Date: 03/01/2012 **| Last Revised Date:** 06/01/2024

Election Notice

Whenever the Board of Trustees orders an election on the question of whether general obligation bonds shall be issued to pay for school facilities, the Superintendent or designee shall ensure that election notice and ballot requirements comply with Education Code 15120-15126 and 15272, as applicable, and the section "Ballot Materials" below.

At least 88 days prior to the date of the election, the Superintendent or designee shall deliver to the officer conducting the election the resolution calling the election, including the date and purpose of the election, the authority for ordering the election and the specification of the election order, the signature of the officer or the Clerk of the Board authorized to make such designations, and all other applicable ballot materials. (Education Code 5322)

Ballot Materials

The ballot question to appear on the ballot shall not exceed 75 words and shall appear in the form specified in Elections Code 13119. (Education Code 5322)

The Superintendent or designee shall ensure that the ballot materials comply with applicable laws including a brief statement of the measure setting forth the amount of the bonds to be voted upon, the maximum rate of interest, and the purposes for which the proceeds of the sale of the bonds are to be used. (Education Code 15122)

In addition to the 75 word ballot question, a separate statement shall be included with the sample ballot, which includes the best estimate from official sources of all of the following: (Elections Code 9401)

1. The average annual tax rate that would be required to be levied to fund the bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors

   The estimate shall also identify the final fiscal year in which the tax is anticipated to be collected.

2. The highest tax rate that would be required to be levied to fund the bond issue, and an estimate of the year in which that rate will apply, based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors

3. The total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold

   The estimate may include information about the assumptions used to determine the estimate.

For bond measures requiring 55 percent majority of the voters, the Superintendent or designee shall ensure that the text of the ballot measure includes a statement that the Board will appoint a citizens' oversight committee and that annual independent audits will be conducted to assure that funds are spent only on school and classroom improvements and for no other purposes. (Education Code 15272)

For bond funded projects that require state matching funds, the Superintendent or designee shall ensure the sample ballot contains a statement advising the voters that the project is subject to the approval of state matching funds and, therefore, passage of the bond measure is not a guarantee that the project will be completed. (Education Code 15122.5)

Arguments in support or in opposition of the bond measure shall be submitted in accordance with Elections Code 9160-9170.

Citizens' Oversight Committee

If a bond is approved under the 55 percent majority threshold pursuant to Proposition 39 to the California Constitution, Article 13A, Section 1(b)(3) and Article 16, Section 18(b), then the district's citizens' oversight committee shall consist of at least seven members, including, but not limited to: (Education Code 15282)

1. One member active in a business organization representing the business community located within the district

2. One member active in a senior citizens' organization

3. One member active in a bona fide taxpayers' organization

4. One member who is a parent/guardian of a district student

5. One member who is a parent/guardian of a district student and is active in a parent-teacher organization, such as the Parent Teacher Association or school site council

Members of the citizens' oversight committee shall be subject to the conflict of interest prohibitions regarding incompatibility of office pursuant to Government Code 1125-1129 and financial interest in contracts pursuant to Government Code 1090-1099. (Education Code 15282)

No employee, Board member, vendor, contractor, or consultant of the district shall be appointed to the citizens' oversight committee. (Education Code 15282)

Members of the citizens' oversight committee may serve for no more than three consecutive terms of two years each. They shall serve without compensation. (Education Code 15282)

The purpose of the citizens' oversight committee shall be to inform the public concerning the expenditure of bond revenues. The committee shall actively review and report on the proper expenditure of taxpayers' money for school construction and shall convene to provide oversight for, but not limited to, the following: (Education Code 15278)

1. Ensuring that bond revenues are expended only for the purposes described in California Constitution, Article 13A, Section 1(b)(3), including the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities

2. Ensuring that, as prohibited by California Constitution, Article 13A, Section 1(b)(3)(A), no funds are used for any teacher and administrative salaries or other school operating expenses

In furtherance of its purpose, the committee may engage in any of the following activities: (Education Code 15278)

1. Receiving and reviewing copies of the annual, independent performance and financial audits required by California Constitution, Article 13A, Section 1(b)(3)(C) and (D)

2. Inspecting school facilities and grounds to ensure that bond revenues are expended in compliance with the requirements of California Constitution, Article 13(A), Section 1(b)(3)

3. Receiving and reviewing copies of any deferred maintenance proposals or plans developed by the district

4. Reviewing efforts by the district to maximize bond revenues by implementing cost-saving measures, including, but not limited to, the following:

    a. Mechanisms designed to reduce the costs of professional fees

    b. Mechanisms designed to reduce the costs of site preparation

    c. Recommendations regarding the joint use of core facilities

    d. Mechanisms designed to reduce costs by incorporating efficiencies in school site design

    e. Recommendations regarding the use of cost-effective and efficient reusable facility plans

The district shall, without expending bond funds, provide the citizens' oversight committee with any necessary technical assistance and shall provide administrative assistance in furtherance of the committee's purpose and sufficient resources to publicize the committee's conclusions. The district shall also provide the citizens' oversight committee with responses to any and all findings, recommendations, and concerns addressed in the annual independent financial and performance audits within three months of receiving the audits. (Education Code 15280)

All citizens' oversight committee proceedings shall be open to the public and noticed in the same manner as proceedings of the Board. Committee meetings shall be subject to the provisions of the Ralph M. Brown Act. (Education Code 15280; Government Code 54952)

The citizens' oversight committee shall issue regular reports, at least once a year, on the results of its activities. Minutes of the proceedings and all documents received and reports issued shall be a matter of public record and shall be made available on the district's website. (Education Code 15280)

Reports

Within 30 days after the end of each fiscal year, the district shall submit to the County Superintendent of Schools a report concerning any bond election(s) containing the following information: (Education Code 15111)

1. The total amount of the bond issue, bonded indebtedness, or other indebtedness involved
2. The percentage of registered electors who voted at the election
3. The results of the election, with the percentage of votes cast for and against the proposition

By each January 31 following a bond issuance, the district shall submit an annual report to the California Debt Investment and Advisory Commission in accordance with Government Code 8855 and as specified in BP 3470 - Debt Issuance and Management.

Policy 7310: Naming Of Facility

Status: DRAFT

Original Adopted Date: 02/01/1986 **| Last Revised Date:** 07/01/2011

The Board of Trustees shall name district schools and other district-owned or leased buildings, grounds, and facilities in recognition of:

1. Individuals, living or deceased, and entities that have made outstanding contributions, including financial contributions, to the school community

2. Individuals, living or deceased, who have made contributions of statewide, national, or worldwide significance

3. The geographic area in which the school or building is located

The Board encourages community participation in the process of selecting names. A citizen advisory committee shall be appointed to review name suggestions and submit recommendations for the Board's consideration.

Any name adopted for any new school shall not be so similar to the name of any existing district school as to result in confusion to members of the community.

Before adopting any proposed name, the Board shall hold a public hearing at which members of the public will be given an opportunity to provide input.

When naming or renaming a district school, building, or facility, the Board may specify the duration for which the name shall be in effect.

Memorials

Upon request, the Board shall consider planting commemorative trees, erecting monuments, or dedicating buildings, parts of buildings, athletic fields, gardens, or other district facilities, in memory of deceased students, staff members, community members, and benefactors of the district.

Naming Rights

The Board may grant to any person or entity the right to name any district building or facility. In doing so, the Board shall enter into a written agreement which shall:

1. Specify the benefits to the district from entering into the agreement

2. State the roles and responsibilities of the parties to the agreement, including whether or not the Board shall retain the power to approve any proposed name

3. Provide details related to the naming right granted, including the building, grounds, or facility involved and the duration for which the name shall be in effect

4. Prohibit any message, image, or other depiction that advocates or endorses the use of drugs, tobacco, or alcohol, encourages unlawful discrimination against any person or group, or promotes the use of violence or the violation of any law or district policy

5. Reserve the authority to terminate the naming right if it determines that the grantee, subsequent to receiving the naming right, has engaged in any of the prohibited acts stated in item #4 above or other criminal or unlawful acts that might bring the district into disrepute

Bylaw 9000: Role Of The Board

Status: DRAFT

Original Adopted Date: 02/01/1997 **| Last Revised Date:** 07/01/2006

The Board of Trustees has been elected by the community to provide leadership and citizen oversight of the district. The Board shall ensure that the district is responsive to the values, beliefs, and priorities of the community.

The Board shall work with the Superintendent to fulfill its major responsibilities, which include:

1. Setting the direction for the district through a process that involves the community, parents/guardians, students, and staff and is focused on student learning and achievement
2. Establishing an effective and efficient organizational structure for the district by:
    a. Employing the Superintendent and setting policy for hiring of other personnel
    b. Overseeing the development and adoption of policies
    c. Establishing academic expectations and adopting the curriculum and instructional materials
    d. Establishing budget priorities and adopting the budget
    e. Providing safe, adequate facilities that support the district's instructional program
    f. Setting parameters for negotiations with employee organizations and ratifying collective bargaining agreements
3. Providing support to the Superintendent and staff as they carry out the Board's direction by:
    a. Establishing and adhering to standards of responsible governance
    b. Making decisions and providing resources that support district priorities and goals
    c. Upholding Board policies and keeping policies up to date.
    d. Being knowledgeable about district programs and efforts in order to serve as effective spokespersons
4. Ensuring accountability to the public for the performance of the district's schools by:
    a. Evaluating the Superintendent and setting policy for the evaluation of other personnel
    b. Monitoring and evaluating the effectiveness of policies
    c. Serving as a judicial (hearing) and appeals body in accordance with law, Board policies, and negotiated agreements
    d. Monitoring student achievement and program effectiveness and requiring program changes as necessary
    e. Monitoring and adjusting district finances
    f. Monitoring the collective bargaining process
5. Providing community leadership and advocacy on behalf of students, the district's educational program, and public education in order to build support within the local community and at the state and national levels

The Board is authorized to establish and finance any program or activity that is not in conflict with, inconsistent with, or preempted by law. (Education Code 35160)

Bylaw 9005: Governance Standards

Status: DRAFT

Original Adopted Date: 07/01/1984 **| Last Revised Date:** 03/01/2001

The Board of Trustees believes that its primary responsibility is to act in the best interests of every student in the district. The Board also has major commitments to parents/guardians, all members of the community, employees, the state of California, laws pertaining to public education, and established policies of the district. To maximize Board effectiveness and public confidence in district governance, Board members are expected to govern responsibly and hold themselves to the highest standards of ethical conduct.

The Board expects its members to work with each other and the Superintendent to ensure that a high-quality education is provided to each student. Each individual Board member shall:

1. Keep learning and achievement for all students as the primary focus
2. Value, support and advocate for public education
3. Recognize and respect differences of perspective and style on the Board and among staff, students, parents and the community
4. Act with dignity, and understand the implications of demeanor and behavior
5. Keep confidential matters confidential
6. Participate in professional development when and where possible and commit the time and energy necessary to be an informed and effective leader
7. Understand the distinctions between Board and staff roles, and refrain from performing management functions that are the responsibility of the Superintendent and staff
8. Understand that authority rests with the Board as a whole and not with individuals

Board members also shall assume collective responsibility for building unity and creating a positive organizational culture. To operate effectively, the Board shall have a unity of purpose and:

1. Keep the district focused on learning and achievement for all students
2. Communicate a common vision
3. Operate openly, with trust and integrity
4. Govern in a dignified and professional manner, treating everyone with civility and respect
5. Govern within Board-adopted policies and procedures, with the Board reserving the right to change policies and procedures when necessary
6. Take collective responsibility for the Board's performance
7. Periodically evaluate its own effectiveness
8. Ensure opportunities for the diverse range of views in the community to inform Board deliberations

Bylaw 9010: Public Statements

Status: DRAFT

Original Adopted Date: 09/01/1990 **| Last Revised Date:** 09/01/2024

The Board of Trustees recognizes the responsibility of Board members in their role as community leaders to participate in public discourse on matters of civic or community interest, including those involving the district, and their right to freely express their personal views. However, to ensure communication of a consistent, unified message regarding district issues, Board members are expected to respect the authority of the Board to choose its representatives, to communicate its positions, and to abide by established protocols.

Board Spokesperson

All public statements authorized to be made on behalf of the Board shall be made by the Board President or, if appropriate, by the Superintendent or, with respect to a specific issue or topic, other representative as designated by the Board or Board President.

When speaking for the Board, a spokesperson shall exercise restraint and tact and communicate in a manner that promotes public confidence in the Board's leadership.

Board spokespersons shall not disclose confidential information or information received in closed session except when authorized by a majority of the Board or by law. (Government Code 54963)

Statements by Individual Board Members

When speaking to community groups, members of the public, or the media, individual Board members should recognize that their statements may be perceived as reflecting the views and positions of the Board. Board members have a responsibility to identify when a viewpoint is held by an individual Board member rather than the Board as a whole. For example, a Board member may include a disclaimer on the Board member's personal social media account that the Board member is expressing personal viewpoints and not those of the Board or the district.

Board members who opt to express their opinions on district matters, whether in-person or online, are expected to conduct themselves in a respectful, courteous, and professional manner and to model good behavior for district students and the community.

Bylaw 9011: Disclosure Of Confidential/Privileged Information

Status: DRAFT

Original Adopted Date: 03/01/1988 **| Last Revised Date:** 11/01/2002

The Board of Trustees recognizes the importance of maintaining the confidentiality of information acquired as part of a Board member's official duties. Confidential/privileged information shall be released only to the extent authorized by law.

Disclosure of Closed Session Information

A Board member shall not disclose confidential information acquired during a closed session to a person not entitled to receive such information, unless a majority of the Board has authorized its disclosure. (Government Code 54963)

Confidential information means a communication made in a closed session that is specifically related to the basis for the Board to meet lawfully in closed session. (Government Code 54963)

The Board shall not take any action against any person for disclosing confidential information, nor shall the disclosure be considered a violation of the law or Board policy, when the person is: (Government Code 54963)

1. Making a confidential inquiry or complaint to a district attorney or grand jury concerning a perceived violation of law, including disclosing facts necessary to establish the illegality or potential illegality of a Board action that has been the subject of deliberation during a closed session

2. Expressing an opinion concerning the propriety or legality of Board action in closed session, including disclosure of the nature and extent of the illegal or potentially illegal action

3. Disclosing information that is not confidential

Other Disclosures

A Board member shall not disclose, for pecuniary gain, confidential information acquired in the course of his/her official duties. Confidential information includes information that is not a public record subject to disclosure under the Public Records Act, information that by law may not be disclosed, or information that may have a material financial effect on the Board member. (Government Code 1098)

Disclosures excepted from this prohibition are those made to law enforcement officials or to the joint legislative audit committee when reporting on improper governmental activities. (Government Code 1098)

Bylaw 9012: Board Member Electronic Communications

Status: DRAFT

Original Adopted Date: 11/01/2008 **| Last Revised Date:** 09/01/2024

The Board of Trustees recognizes that electronic communication is an efficient and convenient way for Board members to communicate and expedite the exchange of information with each other, district staff, and members of the public. Board members shall exercise caution to ensure compliance with the Brown Act, the Public Records Act, and other applicable laws.

A majority of the Board shall not, outside of an authorized meeting, use a series of electronic communications of any kind, directly or through intermediaries, to discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the Board. (Government Code 54952.2)

Examples of permissible electronic communications concerning district business include, but are not limited to, dissemination of Board meeting agendas and agenda packets, reports of activities from the Superintendent, and reminders regarding meeting times, dates, and places.

Board members may engage in separate conversations or communications with members of the public on a social media platform to answer questions, provide information, or solicit information regarding a matter that is within the subject matter jurisdiction of the Board as long as a majority of the Board does not use the platform to discuss among themselves any business of a specific nature that is within the subject matter jurisdiction of the Board. Additionally, Board members are prohibited from using digital icons, such as "likes" or "emojis," that express reactions to communications made by other Board members regarding matters within the subject matter jurisdiction of the Board. (Government Code 54952.2)

Board members shall make every effort to ensure that their electronic communications conform to Board Bylaw 9010 - Public Statements and shall forward any complaints or requests for information to the Superintendent in accordance with applicable Board bylaws.

To the extent possible, electronic communications regarding any district-related business shall be transmitted through a district-provided device or account. When any such communication is transmitted through a Board member's personal device or account, the Board member shall copy the communication to a district electronic storage device for easy retrieval.

This Bylaw does not apply to Board member electronic communications not related to district business or not conducted by a Board member in the Board member's official capacity.

Bylaw 9100: Organization

Status: DRAFT

Original Adopted Date: 09/01/1992 **| Last Revised Date:** 09/01/2022

Each year, the Board of Trustees shall hold an annual organizational meeting. In any year in which a regular election of district Board members is conducted, the organizational meeting shall be held within 15 days following the second Friday in December after the regular election. During all other years, the meeting may be held on any date in December, but no later than December 20th. (Education Code 35143)

During any year in which a regular election is conducted, the Board, at the regular meeting held immediately prior to the second Friday in December, shall select the day and time of the organizational meeting. For any other year, the day and time of the organizational meeting shall be selected at the last regular meeting held immediately before the annual meeting. On behalf of the Board, the Superintendent shall notify the County Superintendent of Schools of the day and time selected. Within 15 days prior to the date of the annual meeting, the Superintendent shall notify in writing all Board members and members-elect of the date and time selected for the meeting. (Education Code 35143)

At this meeting the Board shall:

1. Elect a President and a Clerk and/or Vice President from its members
2. Appoint the Superintendent as Secretary to the Board
3. Authorize signatures
4. Approve a schedule of regular meetings for the year and a Board governance calendar stating the time when the Board will address important governance matters
5. Designate Board representatives to serve on committees or commissions of the district, other public agencies, or organizations with which the district partners or collaborates
6. Review and/or consider resources that define and clarify the Board's governance and leadership roles and responsibilities including, but not limited to, governance standards, meeting protocols, Board rules and bylaws, and other Board development materials

Election of Officers

The Board shall each year elect its entire slate of officers. President, Vice President, Clerk. Officers of the Board and committees shall hold office for the year elected, subject to the confidence of the board. The board retains the right to recall and elect new officers in the event of a vote of no confidence.

The initial election of Board officers shall be conducted during an open session of the annual organizational meeting.

Bylaw 9110: Terms Of Office

Status: DRAFT

Original Adopted Date: 12/01/1992 **| Last Revised Date:** 10/01/2018

The Board of Trustees shall consist of 5 members whose terms shall be staggered so that as nearly as practicable, one half of the members shall be elected in each year in which the Board's elections are regularly held. (Education Code 35012)

The term of office for Board members elected in regular elections shall be four years, commencing on the second Friday in December following their election. (Education Code 5017)

Board members whose terms have expired shall continue to discharge the duties of office until their successors have qualified by taking the oath of office. (Education Code 5017; Government Code 1302, 1360)

If a regularly scheduled Board election date is changed due to consolidation with a statewide or municipal general election, the term of incumbent Board members shall be extended to align with the next applicable election. (Elections Code 10404.5)

Bylaw 9121: President

Status: DRAFT

Original Adopted Date: 09/01/1989 **| Last Revised Date:** 07/01/2017

The Board of Trustees shall elect a President from among its members to provide leadership on behalf of the governance team and the educational community it serves.

To ensure that Board meetings are conducted in an efficient, transparent, and orderly manner, the President shall:

1. Call such meetings of the Board as he/she may deem necessary, giving notice as required by law
2. Consult with the Superintendent or designee on the preparation of Board meeting agendas. Board meeting agendas must receive written final approval from the Board President and District General Counsel.
3. Call the meeting to order at the appointed time and preside over the meeting
4. Announce the business to come before the Board.
5. Enforce the Board's bylaws related to the conduct of meetings and help ensure compliance with applicable requirements of the Brown Act
6. Recognize persons who desire to speak, and protect the speaker who has the floor from disturbance or interference
7. Facilitate the Board's effective deliberation, ensuring that each Board member has an opportunity to participate in the deliberation and that the discussion remains focused
8. Rule on issues of parliamentary procedure
9. Put motions to a vote, and clearly state the results of the vote

The President shall have the same rights as other members of the Board, including the right to discuss and vote on all matters before the Board.

The President shall perform other duties in accordance with law and Board policy including, but not limited to:

1. Signing all instruments, acts, orders, and resolutions necessary to comply with legal requirements and carry out the will of the Board
2. Working with the Superintendent or designee to ensure that Board members have necessary materials and information
3. Subject to Board approval, appointing and dissolving all committees
4. In conjunction with the Superintendent or designee, representing the district as the Board's spokesperson in communications with the media
5. Leading the Board's advocacy efforts to build support within the local community and at the state and national levels

The President shall participate in the California School Boards Association's Board President's Workshop and other professional development opportunities to enhance his/her leadership skills.

When the President resigns or is absent, the Vice President shall perform the President's duties. When both the President and Vice President are absent, the Clerk shall perform the President's duties.

Bylaw 9122: Secretary

Status: DRAFT

Original Adopted Date: 07/01/1984 **| Last Revised Date:** 07/01/2003

The Board of Trustees shall appoint the Superintendent to serve as Secretary to the Board. The Secretary to the Board shall be responsible for maintaining an accurate and complete record of all Board proceedings and shall:

1. Prepare, distribute and maintain the Board agenda
2. Record, distribute and maintain the Board minutes
3. Maintain Board records and documents
4. Conduct official correspondence for the Board
5. As directed by the Board, sign and execute official papers
6. Perform other duties as assigned by the Board

Bylaw 9123: Clerk

Status: DRAFT

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 03/01/2011

The Board of Trustees shall elect a Clerk from its own membership at the annual organizational meeting. (Education Code 35143)

The duties of the Clerk shall be to:

1. Certify or attest to actions taken by the Board when required
2. Maintain such other records or reports as required by law
3. Sign documents on behalf of the district as directed by the Board
4. Serve as presiding officer in the absence of the President and Vice President
5. Notify Board members and members-elect of the date and time for the annual organizational meeting
6. Perform any other duties assigned by the Board

Bylaw 9124: Attorney

Status: DRAFT

Original Adopted Date: 06/01/1991 **| Last Revised Date:** 09/01/2023

The Board of Trustees recognizes the complex legal environment in which districts operate, the need to provide legal representation for the district, and the importance of reliable, cost-effective, high-quality legal advice and services.

In order to meet the district's legal needs, the Board may appoint legal counsel and fix and order paid legal counsel's compensation as an employee or as an independent contractor. (Education Code 35041.5)

The Board may enter into independent contractor services agreements with county counsel, law firms, attorneys in private practice, and other public or private legal services entities. (Education Code 35204, 35205; Government Code 26520, 26529)

The Board also supports pursuing collaborative legal efforts with other districts as well as other government agencies as appropriate.

Duties of Legal Counsel

The district's legal counsel may: (Education Code 35041.5)

1. Render legal advice to the Board and the Superintendent or designee
2. Serve the Board and the Superintendent or designee in the preparation and conduct of district litigation and administrative proceedings
3. Render advice on school bond and tax increase measures and prepare the necessary forms for the voting of these measures
4. Perform other administrative duties as assigned by the Board and Superintendent or designee

Retaining Legal Counsel

When the district is seeking legal advice or representation, the Superintendent or designee shall identify prospective attorney(s), firm(s), and/or legal services entity(ies).

The district may, but is not required to, initiate a Request for Proposals to advertise and solicit proposals for legal services. In evaluating the prospective attorney(s), firm(s), and/or entity(ies), the Board and Superintendent may consider the attorney's, firm's, and/or entity's background, experience, and relevant legal reputation; experience advising and representing school districts in California; fees; and experience of attorneys at the firm who will provide legal services.

Any attorney representing the district shall be admitted to practice law in California. (Education Code 35041.5)

The Board and Superintendent shall periodically evaluate the performance of the firm(s) and/or attorney(s); the efficiency and adequacy of advice; the results obtained for the district; the reasonableness of fees; and the responsiveness to and interactions with the Board, administration, and community.

The Board may use such evaluation(s) to determine whether to renew any current agreement(s) for legal services.

The Board may also contract for specialized legal services, as appropriate, when a majority of the Board determines that the unique demands of a particular issue or emergency situation require such representation.

Contacting Legal Counsel

The Board President, or Superintendent or designee, may, at their discretion, confer with district legal counsel subject to any limits or parameters established by the Board. In addition, the Board President, or Superintendent or designee, may contact district legal counsel to provide the Board with legal information or advice when so directed by a majority of the Board.

Individual Board members retain the right to seek advice from district legal counsel on matters of district business.

Bylaw 9130: Board Committees

Status: DRAFT

Original Adopted Date: 10/01/1997 **| Last Revised Date:** 04/01/2013

The Board of Trustees may establish a committee whenever it determines that such a committee would benefit the district by providing diverse viewpoints, specialized knowledge or expertise, or increased efficiency. Such committees may be subcommittees of the Board or committees that include members of the community, staff, or other stakeholder groups.

Upon establishing a committee, the Board shall clearly define the committee's purpose, any timeline for completion of assigned responsibilities, any stakeholder groups or individuals to be represented on the committee, length of time that committee members are expected to serve, and expectations for reporting to the Board and/or the Superintendent or designee. Unless specifically authorized by the Board to act on its behalf, the committee shall act in an advisory capacity.

Except for subcommittees of the Board, committee members shall, as appropriate, be recommended by the Superintendent or designee and appointed by the Board President, subject to Board approval.

The Superintendent or designee shall provide committee members with information and assistance necessary for the fulfillment of the committee's charges, and may serve as a non-voting advisor to the committee at the discretion of the Board.

Whenever so charged, committees may actively seek input and participation by parents/guardians, staff, community, and students and may consult with local public boards and agencies.

Any committee not required by law may be dissolved when its duties or term has been completed or whenever the Board deems necessary.

Committee Meetings

Unless otherwise exempted by law, Board-created committees shall provide public notice of their meetings and conduct meetings in accordance with Government Code 54950-54963 (the Brown Act).

However, Board subcommittees composed solely of less than a quorum of the members of the Board are not subject to open meeting laws unless they are standing committees. Standing committees of the Board, irrespective of membership, are those that have a continuing subject matter jurisdiction or a meeting schedule established by action of the Board. (Government Code 54952)

Standing committees with a continuing subject matter jurisdiction include, but are not limited to, those responsible for providing advice on budgets, audits, Board policy, contracts, and personnel matters at the Board's request.

When a majority of the members of the Board attend an open and noticed meeting of a standing committee, the Board members who are not members of the standing committee shall attend only as observers. (Government Code 54952.2)

Whenever any advisory or standing committee, including a committee not otherwise subject to the Brown Act, posts a meeting agenda at least 72 hours in advance of the meeting, that meeting shall be considered as a regular meeting of the Board for purposes of the Brown Act and therefore must be held within district boundaries unless otherwise authorized by law. (Government Code 54954)

Committees may meet in a closed session during a regular or special meeting only for those purposes specifically authorized by law for closed sessions held by the Board.

Bylaw 9140: Board Representatives

Status: DRAFT

Original Adopted Date: 03/01/2011

The Board of Trustees recognizes that effective performance of its community leadership responsibilities may require its participation in district or community committees on matters of concern to the district and its students. As needed, the Board may appoint any of its members to serve as its representative on a district committee or on a committee of another public agency or organization of which the Board or district is a member or to which the Board is invited to participate.

When making such appointments, the Board shall clearly specify the authority and responsibilities of the representative(s), including, but not limited to, reporting back to the Board regarding committee activities and/or actions. Board representatives shall not exercise the authority of the Board without prior Board approval.

If a committee discusses a topic on which the Board has taken a position, the Board member shall express the position of the Board. When contributing his/her own ideas or opinions, the representative shall clearly indicate that he/she is expressing his/her individual idea or opinion.

Board Representative to Elect Members of County Committee on School District Organization

At its annual organizational meeting, the Board shall designate one Board member as its representative to elect members to the county committee on school district organization. (Education Code 35023)

Bylaw 9200: Limits Of Board Member Authority

Status: DRAFT

Original Adopted Date: 02/01/1994 **| Last Revised Date:** 07/01/2006

The Board of Trustees recognizes that the Board is the unit of authority over the district and that a Board member has no individual authority. Board members shall hold the education of students above any partisan principle, group interest, or personal interest.

Unless agreed to by the Board as a whole, individual members of the Board shall not exercise any administrative responsibility with respect to the schools or command the services of any school employee. Individual Board members shall submit requests for information to the Superintendent. Board members shall refer Board-related correspondence to the Superintendent for forwarding to the Board or for placement on the Board's agenda, as appropriate.

Individual Board members do not have the authority to resolve complaints. Any Board member approached directly by a person with a complaint should refer the complainant to the Superintendent or designee so that the problem may receive proper consideration and be handled through the appropriate district process.

A Board member whose child is attending a district school should be aware of his/her role as a Board member when interacting with district employees about his/her child. Because his/her position as a Board member may inhibit the performance of school personnel, the Board member should inform the Superintendent or designee before volunteering in his/her child's classroom.

The Superintendent or designee shall provide a copy of the state's open meeting laws (Brown Act) to each Board member and to anyone who is elected to the Board but has not yet assumed office.

Board members and persons elected to the Board who have not yet assumed office are responsible for complying with the requirements of the Brown Act. (Government Code 54952.1)

Bylaw 9220: Governing Board Elections

Status: DRAFT

Original Adopted Date: 06/01/2006 | **Last Revised Date:** 06/01/2024

Board Member Qualifications

Any person is eligible to be a member of the Board of Trustees, without further qualifications, if the person is: 18 years of age or older; a citizen of California; a resident of the school district or, if applicable, the trustee area; a registered voter; and not legally disqualified from holding civil office. (Education Code 35107)

A person is not eligible to be a member of the Board if they have been convicted of an offense(s) as specified in law and the accompanying Exhibit, except when the person has been granted a pardon in accordance with law. A district employee duly elected to the Board shall resign from district employment, or shall otherwise cease being a district employee, before being sworn in. If a district employee duly elected to the Board is sworn in and remains a district employee, then the employment shall automatically terminate upon being sworn into office. (Education Code 35107)

The Board encourages all candidates to become knowledgeable about the role of board members. The Superintendent or designee shall provide a Board candidate, upon request by the candidate, with information that will enable them to understand the responsibilities and expectations of being a Board member, including information regarding available workshops, seminars, and/or training. Additionally, the Superintendent or designee shall provide a Board candidate, upon request by the candidate, the county election official's contact information and general information about school programs, district operations, and Board responsibilities.

Recalling a Board Member

A Board member may be recalled as permitted by Elections Code 11000-11386. To commence a recall of a Board member, proponents shall serve, file, and publish or post a notice of intention to circulate the recall petition as specified by law and any applicable county elections official directives. Additionally, the recall petition shall be in the format provided by the Secretary of State and include, among other things, an estimate of the cost of conducting the special election, as determined by the county elections official, in consultation with the district.

Within 14 days after the regular meeting at which the Board receives a certificate of sufficiency of signatures on a recall petition from a county elections official, the Board shall order an election to be held to determine whether the Board member named in the petition shall be recalled. The election shall be held not less than 88, nor more than 125, days after the date that the Board orders the election. However, the election may be conducted within 180 days after the issuance of the Board's order to consolidate the election with a regularly scheduled election. (Elections Code 11240-11242)

A recall election of a Board member shall be conducted in accordance with Elections Code 11381-11386.

If a recall of a Board member is successful, that Board member's seat becomes vacant and shall be filled in accordance with Education Code 5090-95 and Board Bylaw 9223 - Filling Vacancies.

Consolidation of Elections

The Board may consolidate Board elections with the local municipal or statewide primary or general election in accordance with Elections Code 1302. Additionally, if a regularly scheduled Board election held other than on a statewide election date results in a decrease in local voter turnout of 25 percent or more compared to the average local turnout for the previous four statewide general elections, the Board shall take action to consolidate Board elections with statewide elections in accordance with Elections Code 14051-14052.

In order to consolidate elections, the Board shall adopt a resolution and submit it to the County Board of Supervisors for approval not later than 240 days prior to the date of the currently scheduled district election. (Elections Code 10404.5)

Whenever a regularly scheduled Board election is changed due to consolidation of elections, the terms of office of incumbent Board members shall be extended to align with the next applicable election. (Elections Code 10404.5)

Elections Process and Procedures

For each election, upon certification by the County Board of Supervisors, the Board shall declare who has been elected to the Board in accordance with law. (Election Code 15400)

A Board member whose term has expired shall continue to discharge the duties of the office until a successor has qualified by taking the oath of office. (Government Code 1302, 1360)

Each Board member shall reside in the trustee area they represent and shall be elected by voters residing within that trustee area. Trustee areas shall be balanced by population as required by state and federal law.

Following each decennial federal census the Board shall adjust the boundaries of the district's trustee areas in accordance with Elections Code 21100-21180. (Education Code 5019.5)

The Board may review the district's Board election method to determine whether any modification is necessary.

If the district seeks to change its election method, the Board shall follow procedural requirements and hold public hearings in accordance with Elections Code 10010 and 21100-21150 before adopting a resolution at an open meeting specifying the change and obtain approval from the county committee on school district organization having jurisdiction over the district in accordance with Education Code 5019.

The election method or trustee-area boundaries in effect at the beginning of a Board member's term shall be used when any vacancy that occurs during that term is to be filled, even if, during the term, the district has adopted "by-trustee area" election method or trustee area boundaries have been adjusted.

Campaign Conduct

All candidates, including current Board members running as incumbents, shall abide by local, county, state, and federal requirements regarding campaign contributions, funding, and expenditures.

A Board member shall not expend, and a candidate shall not accept, any public money for the purpose of seeking elective office. However, the district may establish a dedicated fund for those seeking election to the Board, provided that the funds are available to all candidates who are qualified pursuant to Education Code 35107 without regard to incumbency or political preference. (Government Code 85300)

In order to help protect the public's trust in the electoral process as well as the public's confidence in the Board and district, the Board encourages all candidates to sign and adhere to the principles in the Code of Fair Campaign Practices pursuant to Elections Code 20440.

Statement of Qualifications

On the 125th day prior to the day fixed for the general district election, the Board Secretary or designee shall deliver a notice, bearing the Secretary's signature and district seal, to the county elections official describing both of the following: (Elections Code 10509)

1. The elective offices of the district to be filled at the general election and which offices, if any, are for the balance of an unexpired term

2. Whether the district or the candidate is to pay for the publication of a statement of qualifications pursuant to Elections Code 13307

The district shall assume no part of the cost of printing, handling, translating, mailing, or electronically distributing candidate statements filed pursuant to Elections Code 13307. As a condition of having candidate statements included in the voter's pamphlet, the district may require candidates to pay their estimated pro rata share of these costs to the district in advance pursuant to Elections Code 13307.

Tie Votes in Board Member Elections

Whenever the County Superintendent of Schools certifies to the Board that there is a tie vote such that it is impossible to determine which of two or more candidates has been elected to the Board, the Board shall immediately notify the candidates who received the tie votes of the time and place where the candidates or their representatives should appear before the Board. The Board at that time and place shall determine the winner by lot.

(Education Code 5016)

Bylaw 9222: Resignation

Status: DRAFT

Original Adopted Date: 07/01/1984 **| Last Revised Date:** 05/01/2016

A member of the Board of Trustees who wishes to resign from the Board shall file a written resignation with the County Superintendent of Schools. (Education Code 5090)

The resigning Board member shall also notify the Board and give a copy of his/her written resignation to the Board Secretary. If a Board Member states verbally at a public meeting that they will be resigning will initiate the resignation process.

The resignation shall become effective when filed with the County Superintendent, except when a deferred effective date is specified in the resignation. A Board member may not defer the effective date of his/her resignation for more than 60 days after he/she files the resignation with the County Superintendent. (Education Code 5090, 5091)

Once filed, a written resignation, whether specifying a deferred effective date or otherwise, shall be irrevocable. (Education Code 5090)

A Board member who tenders his/her resignation with a deferred effective date shall, until the effective date of the resignation, continue to exercise all the powers of the office, except that he/she shall not have the right to vote for his/her successor in an action taken by the Board to make a provisional appointment. (Education Code 5091, 35178)

A Board member who resigns shall file, within 30 days of leaving office, a revised Statement of Economic Interest/Form 700 covering the period of time between the closing date of the last statement required to be filed and the date he/she leaves office. (Government Code 87302, 87500)

Bylaw 9223: Filling Vacancies

Status: DRAFT

Original Adopted Date: 09/01/1989 **| Last Revised Date:** 06/01/2024

Events Causing a Vacancy

A vacancy on the Board of Trustees may arise from any of the following events:

1. The death of an incumbent (Government Code 1770)
2. The adjudication pursuant to a quo warranto proceeding declaring that an incumbent is physically or mentally incapacitated due to disease, illness, or accident and that there is reasonable cause to believe that the incumbent will not be able to perform the duties of the office for the remainder of the term (Government Code 1770)
3. A Board member's resignation in accordance with Board Bylaw 9222 - Resignation (Government Code 1770)
4. A Board member's removal from office by recall (Elections Code 11000-11386; Government Code 1770)
5. A Board member's ceasing to be a resident of the district (Government Code 1770)
6. A Board member's ceasing to inhabit the trustee area represented by the Board member (Government Code 1770)
7. A Board member's absence from the state for more than 60 days, except in the following situations: (Government Code 1064, 1770)
    a. Upon district business with the approval of the Board
    b. With the consent of the Board for an additional period not to exceed a total absence of 90 days or, in the case of illness or other urgent necessity and upon a proper showing thereof, for more than 90 days
    c. For federal military deployment, not to exceed an absence of a total of six months, as a member of the armed forces of the United States or the California National Guard

    If the absence of the Board member for this purpose exceeds six months, the Board may approve an additional six-month absence upon a showing that there is a reasonable expectation that the member will return within the second six-month period, and the Board may appoint an interim member to serve during the absence. If two or more Board members are absent by reason of these circumstances, and those absences result in the inability to establish a quorum at a regular meeting, the Board may immediately appoint one or more interim members as necessary to enable the Board to conduct business and discharge its responsibilities. The term of an interim member appointed in these circumstances shall not extend beyond the return of the absent Board member or beyond the next regularly scheduled election for that office, whichever occurs first.
8. A Board member's ceasing to discharge the duties of the office for the period of three consecutive months, except when prevented by sickness or when absent from the state with the permission required by law (Government Code 1770)
9. A Board member's conviction of a felony or any offense involving a violation of official duties or conviction of a designated crime resulting in a forfeiture of office (Government Code 1770, 3000-3003)
10. A Board member's refusal or neglect to file the required oath within the time prescribed (Government Code 1770)
11. The decision of a competent tribunal declaring void a Board member's election or appointment (Government Code 1770)
12. A Board member's commitment to a hospital or sanitarium as a drug addict, dipsomaniac, inebriate, or stimulant addict by a court of competent jurisdiction, in which case the office shall not be deemed vacant until

the order of commitment has become final (Government Code 1770)

13. A "failure to elect" in which no candidate or an insufficient number of candidates have filed to run for a Board seat(s) (Education Code 5090, 5326, 5328)

Timelines for Filling a Vacancy

When a vacancy occurs, the Board shall take the following action, as appropriate:

1. When a vacancy occurs within four months of the end of a Board member's term, the Board shall take no action. (Education Code 5093)

2. When a vacancy occurs between six months and 130 days before a regularly scheduled Board election at which the vacant position is not scheduled to be filled, the vacancy shall be filled by a special election consolidated with the regular election. The person so elected shall take office at the first regularly scheduled Board meeting following the certification of the election and shall serve only until the end of the term of the position which the person was elected to fill. (Education Code 5093)

3. When a vacancy occurs any time outside of the statutory time windows identified in Items #1 and #2 above, the Board shall either order an election or make a provisional appointment within 60 days of the date of the vacancy or the filing of the member's deferred resignation, whichever is sooner. (Education Code 5091, 5093)

Eligibility for Appointment

In order to be appointed to fill a vacancy on the Board, a person must meet the eligibility requirements specified in law and Board Bylaw 9220 - Governing Board Elections.

Provisional Appointments

When, as authorized by law, the Board has opted to make a provisional appointment to fill a vacancy, the Board, by resolution, may approve the procedures for selecting the person to be provisionally appointed to fill the vacancy. These procedures may, but are not required to, include the following:

1. Advertising in the local media to solicit candidate applications

2. Establishing a committee consisting of less than a quorum of the Board to ensure that applicants are eligible for Board membership and announce the names of the eligible candidates

3. Interviewing the candidates at a public meeting

Within 10 days after the Board makes a provisional appointment to fill a Board vacancy, the Superintendent or designee, on behalf of the Board, shall post a notice of the actual vacancy, or the filing of a deferred resignation, and the provisional appointment. The Superintendent or designee shall post the notice as follows: (Education Code 5092)

1. In three public places in the district or, if applicable, trustee area

2. On the district's website

3. In a newspaper of general circulation published in the district, if such a newspaper exists

The notice shall contain: (Education Code 5092)

1. The fact of the vacancy or resignation

2. The date of the occurrence of the vacancy or the date of the filing of, and the effective date of, the resignation

3. The full name of the provisional appointee to the Board and the date of the provisional appointee's appointment

4. A statement notifying the voters that unless a petition calling for a special election pursuant to Education Code 5091 is filed in the office of the County Superintendent of Schools within 30 days of the provisional

appointment, the appointment shall become effective

The person appointed shall only hold office until the next regularly scheduled election for district Board members. (Education Code 5091)

If within 30 days of the Board's appointment, registered voters of the district or, where elections are by trustee areas, of the trustee area, submit a petition for special election that the County Superintendent determines to be legally sufficient, the provisional appointment is terminated, and a special election shall be held in accordance with Education Code 5091 to fill the vacancy.

Appointment Due to Failure to Elect

When a vacancy occurs because no candidate or an insufficient number of candidates have been nominated and a district election will not be held, the Board shall appoint a qualified person to the office. This appointment shall be made at a meeting prior to the day fixed for the election and the appointee shall be seated at the organizational meeting as if elected at the district election. (Education Code 5328)

When an appointment is being made because of a failure to elect, the district shall publish a notice once in a newspaper of general circulation published in the district, or if no such newspaper exists, in a newspaper having general circulation within the district. This notice shall state that the Board intends to make an appointment and shall inform persons of the procedure available for applying for the appointment. (Education Code 5328.5)

When, as authorized by law, the Board seeks to make an appointment because of a failure to elect, the Board, by resolution, may approve any additional the procedures for selecting the person to be appointed to fill the vacancy.

Bylaw 9224: Oath Or Affirmation

Status: DRAFT

Original Adopted Date: 09/01/1991 **| Last Revised Date:** 03/01/2025

Prior to entering upon the duties of the office of a Board of Trustees member or exercising any function of a Board member, each Board member shall take the oath or affirmation required by law. (California Constitution, Article 20, Section 3; Government Code 1360)

The oath or affirmation may be administered and certified by a Board member, the Secretary or Assistant Secretary to the Board, the Superintendent, the County Superintendent of Schools, the Superintendent of Public Instruction, or any other person authorized in Education Code 60 or Government Code 1225.

The executed oath shall be filed with the County Clerk. (Government Code 1363)

Bylaw 9230: Orientation

Status: DRAFT

Original Adopted Date: 07/01/2008 **| Last Revised Date:** 07/01/2017

The Board of Trustees recognizes the importance of providing all newly elected or appointed Board members with support and information to assist them in becoming effective members of the Board. Incoming Board members shall be provided an orientation designed to build their knowledge of the district and an understanding of the responsibilities of their position. Such orientation may include the provision of information, support, and/or training related to Board functions, policies, protocols, and standards of conduct.

As early as possible following the election or appointment of Board members, one or more orientation sessions shall be held during open meeting(s) of the Board. The Board President and the Superintendent or designee shall develop an agenda for the meeting(s) and shall identify resources that may be useful for incoming Board members.

Upon their election or appointment, incoming Board members shall be provided a copy of the Brown Act and informed that, pursuant to Government Code 54952.1, they must conform to the Act's requirements as if they had already assumed office. Additional information for incoming Board members may include, but is not limited to, Board bylaws related to the limits of individual Board member authority, the conduct of Board meetings, and other Board operations; governance standards for ethical conduct; legal requirements related to conflict of interest and prohibited political activity; protocols for speaking with district staff, members of the public, and the media; and publications on effective governance practices.

In addition, the Superintendent or designee shall provide incoming Board members with specific background information regarding the district, including, but not limited to, the district's vision and goals statements, local control and accountability plan and other comprehensive plans, student demographic data, student achievement data, district policy manual, district budget, and minutes of recent open Board meetings.

The Superintendent or designee may offer incoming Board members a tour of district schools and facilities, and may introduce them to district and school site administrators and other staff.

Incoming members are encouraged, at district expense and with approval of the Board, to attend the California School Boards Association's Orientation for New Trustees, Institute for New and First-Term Board Members, and workshops and conferences relevant to the needs of the individual member, the Board as a whole, or the district.

Bylaw 9240: Board Training

Status: DRAFT

Original Adopted Date: 12/01/1987 **| Last Revised Date:** 12/01/2024

The Board of Trustees believes that the Board's ability to effectively and responsibly govern the district is essential to promoting student achievement, building positive community relations, and protecting the public interest in district schools. Board members shall participate in mandatory ethics training, as outlined below, and are encouraged to participate in ongoing opportunities for professional development sufficient to help them understand their responsibilities, stay abreast of new developments in education that improve student outcomes and improve governance skills.

Unless a Board member's term expires prior to January 1, 2026, each Board member shall complete ethics training in accordance with Government Code 53234-53235.2 by January 1, 2026, and at least once every two years thereafter. (Government Code 53235)

Once completed, the Board member shall inform the Board President and Superintendent, who shall ensure that records are retained for each Board member's participation in the required ethics training.

The Board President and/or the Superintendent or designee shall provide an orientation to newly elected or appointed Board members consistent with Board Bylaw 9230 - Orientation.

The Board President shall work with the Superintendent or designee to include funds for professional development and associated reasonable travel expenses for the Board as a whole and for each individual Board member in the district's proposed annual budget.

Consistent with the availability of funds in the district's adopted annual budget, the Board President or designee shall annually develop, and bring to the Board for adoption at a Board meeting, a Board professional development calendar designed to assist the Board as a whole in understanding the principles of effective governance, including, but not limited to, information on school finance and budgets, student achievement and assessment, labor relations, community relations, program evaluation, open meeting laws (the Brown Act), conflict of interest laws, and other topics necessary to govern effectively and in compliance with law.

Consistent with the availability of funds in the district's adopted annual budget, individual Board members may identify and participate in additional professional development opportunities, and shall timely inform the Board President, and Superintendent, upon doing so. Additionally, the Superintendent or designee shall establish timelines and procedures for how an individual Board member shall request that the district pay for such professional development opportunities, whether in advance or by reimbursement.

Board members are encouraged to consider participating in the professional development opportunities offered by CSBA such as the Institute for New and First-Term Board Members, Masters in Governance Program, Annual Education Conference and Trade Show, Legal Symposium for Experienced Board Members, Board Presidents Workshop, Brown Act Workshop, Policy Update Webinars, and Ethics Trainings. All expenditures shall be specifically designed to improve student academic achievement and/or to develop and strengthen the district's relationship with the community.

Individual Board members shall share the knowledge or skills acquired from individual professional development opportunities with the full Board, thereby benefiting the Board and district.

Consistent with Board Bylaw 9320 - Meetings And Notices, Board members may attend a professional development opportunity as part of a conference or similar public gathering, such as the Annual Education Conference and Trade Show hosted by CSBA, so long as a majority of the Board members do not discuss among themselves, other than as part of the scheduled program, business of a specified nature that is within the district's jurisdiction

Bylaw 9250: Remuneration, Reimbursement And Other Benefits

Status: DRAFT

Original Adopted Date: 11/01/2001 | **Last Revised Date:** 08/01/2013

Remuneration

Each member of the Board of Trustees may receive the maximum monthly compensation as provided for in Education Code 35120.

On an annual basis, the Board may increase the compensation of Board members beyond the limit delineated in Education Code 35120 in an amount not to exceed five percent based on the present monthly rate of compensation. (Education Code 35120)

Board members are not required to accept payment for meetings attended.

Any member who does not attend all Board meetings during the month is eligible to receive a percentage of the monthly compensation equal to the percentage of meetings he/she attended, unless otherwise authorized by the Board in accordance with law. (Education Code 35120)

In order to receive compensation for attending any Board meeting, Board members shall be present for at least 50% percent of the total meeting time (closed and open sessions combined).

A member may be compensated for meetings he/she missed when the Board, upon request by the member who was absent and by resolution adopted at a public meeting in the form of Exhibit 9250, finds that he/she was performing designated services for the district at the time of the meeting or that he/she was absent because of illness, jury duty or a hardship deemed acceptable by the Board. (Education Code 35120) No later than 10 days before a scheduled Board meeting, the absent member shall make a written request to the Superintendent and the Board President requesting that such a resolution be agendized for consideration by the Board at a board meeting.

Reimbursement of Expenses

Board members shall be reimbursed for actual and necessary expenses incurred when performing authorized services for the district. Expenses for travel, telephone, business meals, or other authorized purposes shall be in accordance with policies established for district personnel and at the same rate of reimbursement.

Board members shall be reimbursed for reasonable expenses incurred when attending conferences and workshops authorized by the Board. (Education Code 35044)

Authorized purposes may include, but are not limited to, attendance at educational seminars or conferences designed to improve Board members' skills and knowledge; participation in regional, state, or national organizations whose activities affect the district's interests; attendance at district or community events; and meetings with state or federal officials on issues of community concern.

Personal expenses shall be the responsibility of individual Board members. Personal expenses include, but are not limited to, the personal portion of any trip, tips or gratuities, alcohol, entertainment, laundry, expenses of any family member who is accompanying the Board member on district-related business, personal use of an automobile, and personal losses and traffic violation fees incurred while on district business.

Any questions regarding the propriety of a particular type of expense should be resolved by the Superintendent or designee before the expense is incurred.

The rate of reimbursement shall be the same rate specified for district personnel.

Board members may use district-issued credit cards while on official district business. Under no circumstances may personal expenses be charged on district credit cards.

Health and Welfare Benefits

Board members may participate in the health and welfare benefits program provided for district employees.

Health and welfare benefits for Board members shall be no greater than that received by district's nonsafety employees with the most generous schedule of benefits. (Government Code 53208.5)

Health and welfare benefits provided to Board members shall be extended at the same level to their spouse/registered domestic partner and to their eligible dependent children as specified in law and the health plan.

Bylaw 9260: Legal Protection

Status: DRAFT

Original Adopted Date: 03/01/1988 **| Last Revised Date:** 03/01/2025

Liability Insurance

The Board of Trustees shall provide insurance necessary to protect Board members from liability caused by a negligent act or omission that occurs within the scope of the Board member's office in accordance with Education Code 35208.

Protection Against Personal Liability

No Board member shall be liable for any harm caused by the Board member's negligent act or omission when acting within the scope of the Board member's responsibilities, including, but not limited to, Board responsibilities as specified in Board Bylaw 9000 - Role Of The Board. Additionally, no Board member shall be vicariously liable for injuries caused by the district's acts or omissions. (Education Code 35208; Government Code 820.9)

In addition, no Board member shall be liable for any harm caused by the Board member's act or omission if the Board member was acting within the scope of the Board member's responsibilities, made in conformity with federal, state, and local laws, and made in furtherance of an effort to control, discipline, expel or suspend a student, or maintain order or control in the classroom or school. (20 USC 7946)

This protection against liability shall not apply when: (20 USC 7946)

1. The Board member acted with willful or criminal misconduct, gross negligence, recklessness, or a conscious, flagrant indifference to the harmed person's right to safety
2. The Board member caused harm by operating a motor vehicle
3. The Board member was not properly licensed, if required, by the State for such activities
4. The Board member was found by a court to have violated a federal or state civil rights law
5. The Board member was under the influence of alcohol or any drug at the time of the misconduct
6. The misconduct constituted a crime of violence pursuant to 18 USC 16 or an act of terrorism for which the Board member has been convicted in a court
7. The misconduct involved a sexual offense for which the Board member has been convicted in a court

Nothing in this Board bylaw is intended to protect a Board member from criminal or civil liability for injury caused by the Board member's own wrongful conduct, for certain violations of law, including the Brown Act, or for liability from the requirement to reimburse the district under certain circumstances as specified in law. (Government Code 820.9, 825, 825.6, 54959, 54960)

Bylaw 9270: Conflict Of Interest

Status: DRAFT

Original Adopted Date: 07/01/2010 **| Last Revised Date:** 12/01/2024

The Board of Trustees desires to maintain the highest ethical standards and help ensure that decisions are made in the best interest of the district and the public. Accordingly, no "District Official," defined as a Board member or position designated in the district's conflict of interest code, shall participate in the making of any decision for the district when the decision will or may be affected by the District Official's financial, family, or other personal interest or consideration, as defined by law.

Additionally, a Board member shall abstain from voting on personnel matters that uniquely affect the Board member's relatives. However, a Board member may vote on collective bargaining agreements and personnel matters that affect a class of employees to which the Board member's relative belongs. Relative means an adult who is related to the Board member by blood or affinity within the third degree, as determined by common law, or an individual in an adoptive relationship within the third degree. (Education Code 35107)

A relationship within the third degree includes an individual's parents, grandparents, great-grandparents, children, grandchildren, great-grandchildren, brothers, sisters, aunts, uncles, nieces, nephews, and the similar family of the individual's spouse/registered domestic partner, unless the individual is widowed or divorced.

Conflict of Interest Code

The Board shall adopt a conflict of interest code for the district that incorporates the provisions of 2 CCR 18730 by reference, delineates the District Officials, and provides the disclosure categories required for each position. The conflict of interest code shall be submitted to the district's code reviewing body for approval, in accordance with Government Code 87303 and within the deadline for submission established by the code reviewing body.

Upon direction by the code reviewing body, the Board shall review its conflict of interest code and submit any changes to the code reviewing body or, if no change is required, the Board shall submit a written statement to that effect. (Government Code 87306.5)

When a change in the district's conflict of interest code is necessitated due to changed circumstances, such as the creation of new District Officials or changes to the duties of District Officials, the Board shall amend the code, which shall then be submitted to the code reviewing body within 90 days after the changed circumstances necessitating the amendments have become apparent. (Government Code 87306)

When reviewing and preparing the district's conflict of interest code, the Superintendent or designee shall provide officers, employees, consultants, and members of the community adequate notice and a fair opportunity to present their views. (Government Code 87311)

Conflict of Interest under the Political Reform Act

A District Official shall not make, participate in making, or in any way use or attempt to use an official position to influence a governmental decision in which the District Official knows or has reason to know that there is a disqualifying conflict of interest. A disqualifying conflict of interest exists if the decision will have a "reasonably foreseeable material financial effect," which is distinguishable from the effect on the public generally, on the District Official's immediate family, or any financial interest described in 2 CCR 18700. (Government Code 87100, 87101, 87103; 2 CCR 18700-18707)

A District Official makes a governmental decision when, acting within the authority of the office or position, the District Official authorizes or directs any action on a matter, votes or provides information or opinion on it, contacts or appears before other District Officials for the purpose of affecting the decision, or takes any other action specified in 2 CCR 18704.

However, a District Official is not prohibited from participating in the making of a contract in which the District Official has a financial interest if such participation is required by the rule of necessity or legally required participation pursuant to Government Code 87101 and 2 CCR 18705.

Conflict of Interest from Campaign Contributions

Prior to the district rendering a decision in a proceeding before the district involving a contract, license, permit, or other entitlement for use, as defined by Government Code 84308, a Board member whose campaign committee received a contribution of more than $900 from any party or participant to the proceeding, or from an agent of such a party or participant, in the prior 12 months, and the party who made such a contribution, shall both publicly disclose that fact on the record of the proceeding. Additionally, if a Board member willfully or knowingly received a contribution to the Board member's campaign committee of more than $900 from any party or participant to such a proceeding, or from an agent of a party or participant, in the prior 12 months, and knows or has reason to know that the participant has a financial interest in the district's decision, the Board member shall not make, participate in making, or in any way attempt to use the Board member's official position to influence the district's decision in the proceeding. However, a Board member may make, participate in making, or attempt to use the Board member's official position to influence the decision if the contribution is returned within 30 days after the decision was made or after the Board member knows or should have known about the contribution and the proceeding, whichever is later.

All Board members and the Superintendent are prohibited from accepting, soliciting, or directing a contribution of more than $900 to a candidate or ballot measure campaign committee from any party or participant to a proceeding before the district involving a contract, license, permit, or other entitlement for use, as defined by Government Code 84308, or from an agent of a party or participant, while the proceeding is pending before the district and for 12 months following the date the district renders a final decision in the proceeding, if the Board member or Superintendent knows or has reason to know that the participant has a financial interest in the district's decision. However, if a Board member or the Superintendent does accept, solicit, or direct such a contribution during those 12 months but did not do so knowingly or willingly, the Board member or the Superintendent may cure the violation by ensuring that the contribution, or the portion exceeding $900, is returned within 30 days of accepting, soliciting, or directing the contribution. The Board member or Superintendent shall maintain records of curing the violation. (Government Code 84308)

For a Board member or the Superintendent, a proceeding becomes "pending" when an item involving the contract, license, permit, or other entitlement for use, as defined by Government Code 84308, is placed on a Board agenda for discussion or decision or when it is reasonably foreseeable that the proceeding will come before the district for a decision. For a party or participant, and the agent of a party of participant, a proceeding becomes "pending" when an application is filed with the district, or, if the proceeding process does not require an application, when the proceeding is before the district for a decision or other action. (Government Code 84308)

The contributions disclosure requirements and restrictions above do not apply to contracts that are required to be competitively bid, labor contracts, personal employment contracts, contracts valued under $50,000, contracts where no party receives financial compensation, or contracts with another governmental agency. (Government Code 84308)

Form 700

Each District Official shall annually file a Statement of Economic Interest/Form 700 in accordance with the disclosure categories specified in the district's conflict of interest code. An individual who ceases to be a District Official shall, within 30 days, file a revised statement covering the period of time between the closing date of the last required statement and the date the individual ceased to be a District Official. (Government Code 87302)

Additional Requirements for Boards that Manage Public Investments

Any Board member, district employee, or district consultant who manages public investments, as defined by Government Code 87200, and who has a financial interest in a decision shall, upon identifying a conflict or potential conflict of interest and immediately prior to the consideration of the matter, do all of the following: (Government Code 87105; 2 CCR 18707)

1. Publicly identify each financial interest that gives rise to the conflict or potential conflict of interest in detail sufficient to be understood by the public, except that disclosure of the exact street address of a residence is not required

2. Not discuss or vote on the matter, or otherwise act in violation of Government Code 87100

   For a Board member, the Board member shall not be counted toward achieving a quorum while the item is discussed.

3. Leave the room until after the discussion, vote, and any other disposition of the matter is concluded

   However, the Board member, district employee, or district consultant who manages public investments, as defined by Government Code 87200, may speak on the issue during the time that the general public speaks on it. Additionally, for a Board member, if the matter has been placed on the consent calendar, the Board member shall abstain from voting on the consent calendar or, if the Board removes the item from the consent calendar, the Board member shall abstain from voting on the item. In any event, the Board member shall refrain from discussing or voting on the item. However, the Board member is not required to leave the room during consideration of the consent calendar.

4. If a decision is made during closed session, disclose the interest orally during the open session preceding the closed session

   This disclosure shall be limited to a declaration that the recusal is because of a conflict of interest pursuant to Government Code 87100. The Board member, district employee, or district consultant who manages public investments, as defined by Government Code 87200, shall not be present when the item is considered in closed session and shall not knowingly obtain or review a recording or any other nonpublic information regarding the decision.

Conflict of Interest under Government Code 1090 - Financial Interest in a Contract

A District Official shall not be financially interested in any contract made by the district, including in the development, internal discussions, negotiations, modifications, planning, deliberation of issues, and specifications and solicitations for bids. If a District Official has such a financial interest in a contract made by the district, the contract is void. (Government Code 1090)

Remote Interest Exception to Government Code 1090

A Board member shall not be considered to be financially interested in a contract in which there is only a "remote interest," as specified in Government Code 1091, if the interest is disclosed during a Board meeting and noted in the official Board minutes. The affected Board member shall not vote or debate on the matter or attempt to influence any other Board member to enter into the contract. (Government Code 1091)

Noninterest Exception to Government Code 1090

A District Official shall not be considered to be financially interested in a contract if the interest is reimbursement for actual and necessary expenses incurred in the performance of official duties, in the employment of a spouse/registered domestic partner who has been a district employee for at least one year prior to the Board member's election or appointment, or in any other "noninterest" specified in Government Code 1091.5.

Common Law Doctrine Against Conflict of Interest

A District Official shall abstain from any official action in which the District Official's private or personal interest may conflict with official duties pursuant to the common law doctrine against conflict of interest.

Incompatible Offices and Activities

Board members shall not engage in any employment or activity or hold any office which is inconsistent with, incompatible with, in conflict with, or inimical to the Board member's duties as an officer of the district. (Government Code 1099, 1126)

Gifts

District Officials may accept gifts only under the conditions and limitations specified in law including, but not limited to, Government Code 89503 and 2 CCR 18730.

Gifts of travel and related lodging and subsistence shall be subject to the current gift conditions and limitations, except when: (Government Code 89506)

1. The travel is in connection with a speech given by a District Official, provided the lodging and subsistence expenses are limited to the day immediately preceding, the day of, and the day immediately following the

speech and the travel is within the United States

2. The travel is provided by a person or agency specified in Government Code 89506, including a government, governmental agency or authority, bona fide public or private educational institution, as defined in Revenue and Taxation Code 203, or nonprofit organization exempt from taxation under section 501(c)(3) of the Internal Revenue Code

Gifts of travel exempted from the gift limitation, as described in Items #1 and 2 above, shall nevertheless be reportable on the recipient's Statement of Economic Interest/Form 700 as required by law.

A gift of travel does not include travel provided by the district for District Officials. (Government Code 89506)

Honoraria

District Officials shall not accept any honorarium, which is defined as any payment made in consideration for any speech given, article published, or attendance at any public or private conference, convention, meeting, social event, meal, or like gathering. (Government Code 89501, 89502)

The term honorarium does not include: (Government Code 89501)

1. Earned income for personal services customarily provided in connection with a bona fide business, trade, or profession, unless the sole or predominant activity of the business, trade, or profession is making speeches

2. Any honorarium which is not used and, within 30 days after receipt, is either returned to the donor or delivered to the district for donation into the general fund without being claimed as a deduction from income for tax purposes

Advice

Any District Official, who, in good faith, believes that they may be subject to the requirements of this Bylaw and has questions, is unclear, or is unsure regarding the application of the requirements of this Bylaw to any particular instance or situation, may seek advice from the district's legal counsel with the permission of the Superintendent, Board President, or majority of the Board.

Training

Unless a Board member's term expires prior to January 1, 2026, each Board member shall complete ethics training in accordance with Government Code 53234-53235.2 by January 1, 2026, and at least once every two years thereafter as specified in Board Bylaw 9240 - Board Training.

Exhibit 9270-E(1): Conflict Of Interest

Status: DRAFT

Original Adopted Date: 07/01/2010 **| Last Revised Date:** 12/01/2024

RESOLUTION ADOPTING A CONFLICT OF INTEREST CODE

WHEREAS, the Political Reform Act, Government Code 87300-87313, require each public agency in California, including each school district, to adopt a conflict of interest code;

WHEREAS, a district is permitted to create its conflict of interest code by incorporating by reference the terms of 2 CCR 18730, along with a list of District Officials to whom the code applies and disclosure categories, in accordance with Government Code 87300 and 87306;

WHEREAS, the Board of Trustees of the Alum Rock Union Elementary School District ("District") has previously adopted a local conflict of interest code in this manner; and

WHEREAS, the District has recently reviewed its list of District Officials, and the duties of each, and has determined that no changes to the current conflict of interest code are necessary.

NOW THEREFORE BE IT RESOLVED, the Board of Trustees of the District adopts the following Conflict of Interest Code, including the accompanying Appendix of District Officials and Disclosure Categories, and

BE IT FURTHER RESOLVED, any earlier resolutions, bylaws, and/or appendices containing the District's conflict of interest code are hereby rescinded and superseded by this Resolution and Appendix.

[Add final resolution language template including date of passage, vote count, and requisite signatures]

Conflict of Interest Code ("Code") of the Alum Rock Union Elementary School District ("District")

The Political Reform Act (PRA) (Government Code 81000-87505) requires the District to adopt a conflict of interest code. 2 CCR 18730 contains the terms of a conflict of interest code, which may be amended by the Fair Political Practices Commission (FPPC) to conform to amendments in the PRA. Therefore, the terms of 2 CCR 18730 and any amendments to it duly adopted by the FPPC are hereby incorporated by reference. This Code and the attached Appendix, designating positions and establishing disclosure categories, shall constitute the conflict of interest code of the district.

District Officials, defined as those positions listed herein, shall file a Form 700 (also known as a Statement of Economic Interest) in accordance with the disclosure categories listed in the attached Appendix. The Form 700 shall be filed with the district's filing officer and/or, if so required, with the district's code reviewing body. The district's filing officer shall make the statements available for public review and inspection.

APPENDIX

Disclosure Categories

Category 1: A District Official designated "Category 1" shall disclose the following:

Disclosures for Consultants

The Superintendent or designee shall annually determine, on a case-by-case basis, which district consultants, if any, shall constituent District Officials and who shall disclose financial interests. The Superintendent or designee's written determination shall include a description of the consultant's duties and a statement of the extent of disclosure requirements based upon that description. All such determinations are public records and shall be retained for public inspection along with this conflict of interest code.

A consultant is an individual who, pursuant to a contract with the district, makes a governmental decision whether to: (2 CCR 18700.3)

1. Approve a rate, rule, or regulation

2. Adopt or enforce a law

3. Issue, deny, suspend, or revoke any permit, license, application, certificate, approval, order, or similar authorization or entitlement

4. Authorize the district to enter into, modify, or renew a contract that requires district approval

5. Grant district approval to a contract that requires district approval and in which the district is a party, or to the specifications for such a contract

6. Grant district approval to a plan, design, report, study, or similar item

7. Adopt or grant district approval of district policies, standards, or guidelines

A consultant is also an individual who, pursuant to a contract with the district, serves in a staff capacity with the district and in that capacity participates in making a governmental decision as defined in 2 CCR 18704 or performs the same or substantially all the same duties for the district that would otherwise be performed by an individual holding a position specified in the district's conflict of interest code. Bylaw 9310: Board Policies

Status: DRAFT

Original Adopted Date: 06/01/1999 **| Last Revised Date:** 07/01/2018

The Board of Trustees shall adopt written policies to convey its expectations for actions that will be taken in the district, clarify roles and responsibilities of the Board and Superintendent, and communicate Board philosophy and positions to students, staff, parents/guardians, and the community.

The Board shall ensure that district policies align with the district's vision and goals, promote student learning and achievement, provide for consistent and fair treatment of students and staff, and proactively address equity and the provision of equal access to opportunities for all students.

The Board recognizes the importance of maintaining a policy manual that is up to date and reflects the mandates of law. Board policies are binding on the district to the extent that they do not conflict with federal or state law and are consistent with the district's collective bargaining agreements. No Board policy, bylaw, or administrative regulation, or any portion thereof, shall be operative if it is found to be in conflict with applicable federal or state law or regulations or court decisions. If any portion of a policy is found to be invalid, that invalidity shall not affect other provisions of the policy.

Policies shall be regularly reviewed at a time allocated for this purpose on the agenda of public Board meetings.

The Board shall review certain policies annually, as required by Education Code 35160.5. If no revisions are deemed necessary, the Board minutes shall nevertheless indicate that the review was conducted. Other policies shall be monitored and reviewed as specified in the policy itself or as needed to reflect changes in law or district circumstances.

Policy Development and Adoption Process

The district's policy development process shall include the following basic steps:

1. The Board and/or Superintendent or designee shall identify the need for a new policy or revision of an existing policy. The need may arise from a change in law, a new district vision statement, new goals in the local control and accountability plan, educational research or trends, an incident that has arisen in the district, or a recommendation or request from staff, a parent/guardian, or other interested person.

2. As needed, the Superintendent or designee shall gather fiscal data, staff and public input, related district policies, sample policies from the California School Boards Association or other organizations or agencies, and other useful information and data to fully inform the Board about a particular issue.

3. The Board may hold discussions during a public Board meeting to gain an understanding of the issue and provide initial direction to the Superintendent or designee. The discussion may include, but not be limited to, community expectations, staff recommendations, and the expected impact of the policy on student learning and well-being, equity, governance, and the district's fiscal resources and operational efficiency.

4. The Board or Superintendent may request that legal counsel review the draft policy as appropriate.

5. The Superintendent or designee shall develop and present a draft policy for a first reading at a public Board meeting. At its second reading, the Board may take action on the proposed policy. The Board may waive the second reading or may require an additional reading if necessary.

Only policies formally adopted by a majority vote of the Board shall constitute official Board policy.

The district's policy development process may be revised or expanded as needed based on the issue being considered, the need for more information, or the desire to provide greater opportunities for consultation and public input.

Policies shall become effective upon Board adoption or at a future date if so designated by the Board at the time of adoption.

Board Bylaws

The Board shall prescribe and enforce rules for its own governance consistent with state law and regulations. (Education Code 35010)

Bylaws governing Board operations may be developed, adopted, and amended following the same procedures as those used for the adoption or amendment of Board policy.

Administrative Regulations

The Superintendent or designee shall be responsible for developing and enforcing administrative regulations for the operation of the district. Administrative regulations shall be consistent with law and Board policy and shall be designed to promote the achievement of district goals and objectives. Administrative regulations may describe specific actions to be taken, roles and responsibilities of staff, timelines, and/or other provisions. The Superintendent or designee may also develop procedures manuals, handbooks, or other guides to carry out the intent of Board policy.

When Board policies are amended, the Superintendent or designee shall review corresponding administrative regulations to ensure that they conform to the intent of the revised policy. In case of conflict between administrative regulation and Board policy, policy shall prevail.

The Board may review and/or approve administrative regulations for the purpose of ensuring conformity with the intent of Board policy.

Monitoring and Evaluation

At any time, the Board and Superintendent or designee may determine that progress reports to the Board on the implementation and/or effectiveness of the policy should be scheduled. If so, the Board and Superintendent or designee shall agree upon a timeline and, as applicable, measures for evaluating the effectiveness of the policy in achieving its purpose.

Access to Policies

The Superintendent or designee shall ensure that all district employees and the public have access to an up-to-date district policy manual. The policy manual shall be maintained electronically and/or by paper copy.

As necessary, the Superintendent or designee shall notify staff, parents/guardians, students, and other stakeholders whenever a policy that affects them is adopted or revised. He/she may determine the appropriate communication strategy depending on the issue. Policies shall be posted on the district's web site when required by law.

Bylaw 9320: Meetings And Notices

Status: DRAFT

Original Adopted Date: 03/01/2008 | **Last Revised Date:** 03/01/2024

Meetings of the Board of Trustees are conducted for the purpose of accomplishing district business. In accordance with applicable open meeting laws (Brown Act), the Board shall hold its meetings in public and shall conduct closed sessions during such meetings only as authorized by law. To encourage community involvement in the schools, Board meetings shall provide the opportunity for members of the public to directly address the Board. All meetings shall be conducted in accordance with law and the Board's bylaws, policies, and administrative regulations.

A Board meeting exists whenever a majority of Board members gather at the same time and location, including teleconference location as permitted by Government Code 54953, to hear, discuss, deliberate, or take action upon any item within the subject matter jurisdiction of the Board. (Government Code 54952.2)

In accordance with law and as specified in Board Bylaw 9012 - Board Member Electronic Communications, a majority of the Board shall not, outside of an authorized meeting, use a series of communications of any kind, directly or through intermediaries, including social media and other electronic communications, to discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the Board. (Government Code 54952.2)

However, the Superintendent or designee may engage in separate conversations or communications with Board members in order to answer questions or provide information regarding an item within the subject matter jurisdiction of the Board, as long as that employee or district official does not communicate the comments or position of any Board members to other Board members. (Government Code 54952.2)

In order to help ensure the participation of individuals with disabilities at Board meetings, the Superintendent or designee shall provide appropriate disability-related accommodations or modifications upon request in accordance with the Americans with Disabilities Act. Any doubt about a request for accommodation shall be resolved in favor of accessibility. Notice of the procedure for receiving and resolving such requests for accommodation shall be given in each instance in which notice of the time of a meeting is otherwise given or the agenda for the meeting is otherwise posted. (Government Code 54953, 54953.2, 54954.1, 54954.2)

Regular Meetings

Unless otherwise determined by the Board, the Board shall hold 2 regular meeting(s) each month starting at 5:30 p.m. on the pre-scheduled (day(s)) of the day of the month at District Office at 2930 Gay Avenue San Jose CA 95127.

At least 72 hours prior to a regular meeting, the agenda shall be posted at one or more locations freely accessible to members of the public and on the district's website. (Government Code 54954.2)

Consistent with Government Code 54957.5 and Board Bylaw 9322 - Agenda/Meeting Materials, whenever agenda materials relating to an open session of a regular meeting are distributed to the Board less than 72 hours before the meeting, the Superintendent or designee shall make the materials available for public inspection at a public office or location designated for that purpose. The records shall be posted on the district website at the time the materials are distributed to all or a majority of the Board if distributed outside of business hours.

Special Meetings

Special meetings of the Board may be called at any time by the presiding officer or a majority of the Board members on any topic within the subject matter jurisdiction of the Board unless otherwise prohibited by law or as specified in BB 9323.2 - Actions by the Board. (Government Code 54956)

At least 24 hours before the time of the meeting, written notice of special meetings shall be delivered personally or by any other means to all Board members and the local media who have requested such notice in writing. The notice also shall be posted on the district's website, and, at least 24 hours before the time of the meeting, in a location freely accessible to the public. The notice shall specify the time and location of the meeting and the business to be transacted or discussed. No other business shall be considered at this meeting. (Education Code 35144; Government Code 54956)

Any Board member may waive the 24-hour written notice requirement prior to the time of the meeting by filing a

written waiver of notice with the Clerk or Secretary of the Board or by being present at the meeting at the time it convenes. (Education Code 35144; Government Code 54956)

Every notice of a special meeting shall provide an opportunity for members of the public to directly address the Board concerning any item that has been described in the meeting notice, before or during the item's consideration. (Government Code 54954.3)

Emergency Meetings

In the case of an emergency situation for which prompt action is necessary due to the disruption or threatened disruption of public facilities, the Board may hold an emergency meeting without complying with the 24-hour notice and/or 24-hour posting requirement for special meetings pursuant to Government Code 54956. (Government Code 54956.5)

The Board may meet in closed session during emergency meetings so long as two-thirds of the members present at the meeting agree or, if less than two-thirds of the members are present, by unanimous vote of the members present. (Government Code 54956.5)

The Board shall comply with all other requirements for special meetings during an emergency meeting. (Government Code 54956.5)

Except in the case of a dire emergency, the Board President or designee shall give notice of the emergency meeting by telephone at least one hour before the meeting to the local media that have requested notice of special meetings. All telephone numbers provided by the media in the most recent request for notification shall be exhausted. If telephone services are not functioning, the notice requirement of one hour is waived and, as soon after the meeting as possible, the Board shall notify those media representatives of the meeting and shall describe the purpose of the meeting and any action taken by the Board. In the case of a dire emergency, the Board President or designee shall give such notice at or near the time notification is given to the other members of the Board. (Government Code 54956.5)

The minutes of the meeting, a list of persons the Board President or designee notified or attempted to notify, a copy of the roll call vote, and any actions taken at the meeting shall be posted for at least 10 days in a public place as soon after the meeting as possible. (Government Code 54956.5)

An *emergency* means a work stoppage, crippling activity, or other activity that severely impairs public health and/or safety as determined by a majority of the members of the Board. (Government Code 54956.5)

A *dire emergency* means a crippling disaster, mass destruction, terrorist act, or threatened terrorist activity that poses peril so immediate and significant that requiring the Board to provide one-hour notice before holding an emergency meeting may endanger the public health and/or safety as determined by a majority of the members of the Board. (Government Code 54956.5)

Adjourned/Continued Meetings

The Board may adjourn/continue any regular or special meeting to a later time and location that shall be specified in the order of adjournment. Less than a quorum of the Board may adjourn/continue such a meeting. If no Board members are present, the Secretary or the Clerk may declare the meeting adjourned/continued to a later time and location and shall give notice in the same manner required for special meetings. (Government Code 54955)

Within 24 hours after the time of adjournment/continuance, a copy of the order or notice of adjournment/continuance shall be conspicuously posted on or near the door of the location where the meeting was held. (Government Code 54955)

Study Sessions, Retreats, Public Forums, and Discussion Meetings

The Board may convene a study session or public forum to study an issue in more detail or to receive information from staff or feedback from members of the public. The Board may also convene a retreat or discussion meeting to discuss Board roles and relationships. Any such meeting, regardless of title or topic, shall be held as a regular or special meeting, as appropriate, and shall comply with all other requirements for regular or special meetings. (Government Code 54956)

Other Gatherings

Attendance by a majority of Board members at any of the following events is not subject to the Brown Act provided that a majority of the Board members do not discuss specific district business among themselves other than as part of the scheduled program: (Government Code 54952.2)

1. A conference or similar public gathering open to the public that involves a discussion of issues of general interest to the public or to school board members

2. An open, publicized meeting organized by a person or organization other than the district to address a topic of local community concern

3. An open and noticed meeting of another body of the district

4. An open and noticed meeting of a legislative body of another local agency

5. A purely social or ceremonial occasion

6. An open and noticed meeting of a standing committee of the Board established pursuant to Board Bylaw 9130 - Board Committees, provided that the Board members who are not members of the standing committee attend only as observers

Individual contacts or conversations between a Board member and any other person that are not part of a series of communications prohibited by the Brown Act are permitted. (Government Code 54952.2)

Location of Meetings

Unless the Board is holding a teleconference meeting during a proclaimed state of emergency, all meetings shall be held within district boundaries, except to do any of the following: (Government Code 54954)

1. Comply with state or federal law or court order or attend a judicial or administrative proceeding to which the district is a party

2. Inspect real or personal property which cannot conveniently be brought into the district, provided that the topic of the meeting is limited to items directly related to the property

3. Participate in meetings or discussions of multiagency significance, provided these meetings are held within one of the other agencies' boundaries, with all participating agencies giving the notice required by law

4. Meet in the closest meeting facility if the district has no meeting facility within its boundaries or if its principal office is located outside the district

5. Meet with elected or appointed state or federal officials when a local meeting would be impractical, solely to discuss legislative or regulatory issues affecting the district over which the state or federal officials have jurisdiction

6. Meet in or near a facility owned by the district but located outside the district, provided the meeting agenda is limited to items directly related to that facility

7. Visit the office of the district's legal counsel for a closed session on pending litigation, when doing so would reduce legal fees or costs

8. Attend conferences on nonadversarial collective bargaining techniques

9. Interview residents of another district regarding the Board's potential employment of an applicant for Superintendent of the district

10. Interview a potential employee from another district

All meetings, regardless of location, shall comply with the applicable notice and open meeting requirements. Additionally, no such meeting may be held in a facility that prohibits the admittance of any person on the basis of

ancestry or any characteristic listed in Government Code 11135, which is inaccessible to individuals with disabilities, or where members of the public must make a payment or purchase in order to be admitted. (Government Code 54961)

If a fire, flood, earthquake, or other emergency renders the posted regular or special meeting location unsafe and the deadline for posting the location has passed, the meeting shall be held at a location designated by the Board President or designee, who shall so inform all news media who have requested notice of meetings pursuant to Government Code 54956 by the most rapid available means of communication.

Traditional Teleconferencing

A Board member may participate in any meeting by teleconference, which includes both audio or video/audio so long as the following conditions are met: (Government Code 54953)

1. All votes taken during the meeting are by rollcall

2. The meeting is conducted in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the legislative body of a local agency

3. The location of the Board member participating by teleconference is open and accessible to the public during the meeting, except during closed session, such that members of the public may observe in person the Board member participating by teleconference, may hear/listen to the meeting to the same extent as the Board member participating by teleconference, and may make public comment during the same portion of the agenda as others members of the public from the same location as the Board member participating by teleconference

4. The location of the Board member participating by teleconference is noted in the agenda and the agenda is posted at the location of the Board member participating by teleconference in advance of the meeting as statutorily required based on the type of meeting

5. At least a quorum of the members is within the district boundaries.

Teleconferencing by Individual Board Member Due to Just Cause

Until January 1, 2026, when there is "just cause" preventing a Board member from attending a Board meeting in person, that Board member may participate in that meeting by teleconference without: (Government Code 54953)

1. Including the location of the Board member participating by teleconference in the agenda

2. Making the location of the Board member participating by teleconference open and accessible to the public

3. Posting the agenda at the location of the Board member participating by teleconference

A Board member needing to participate by teleconference for just cause shall notify the Board at the earliest possible opportunity, including at the start of a regular meeting, of the need to do so and include a general description of the circumstances relating to the need to appear by teleconference at the given meeting. (Government Code 54953)

For the Board member to participate by teleconference under this section, all of the following are required: (Government Code 54953)

1. All votes taken during the meeting are by rollcall

2. At least a quorum of the Board participates in person from a singular physical location clearly identified on the agenda

3. The Board member participating by teleconference utilizes both audio and visual technology to participate in the meeting

4. The Board member participating by teleconference publicly discloses, before any action is taken, whether any individual 18 years of age or older is present at the Board member's location and the general nature of the

member's relationship with each such individual

5. The public is able to access the meeting via a two-way audiovisual platform or a two-way audio service and a live webcast, with real-time public comment being allowed via the platform or service, in addition to public comment being available in person

   The platform or service may require members of the public to register in order to make public comments so long as the platform or service is not controlled by the district

6. The agenda for the meeting includes information describing how members of the public can access the platform or service

If the platform or service is disrupted such that the public cannot access the meeting or give real-time public comment, the meeting may continue but the Board may not take action on any agenda item until the disruption is resolved. (Government Code 54953)

A Board member shall be permitted to participate by teleconference for just cause for no more than two meetings per calendar year. (Government Code 54953)

For purposes of this section, "just cause" may exist for any of the following: (Government Code 54953)

1. A childcare or caregiving need of a child, parent, grandparent, grandchild, sibling, spouse, or domestic partner that requires a Board member to participate remotely

2. A contagious illness prevents a Board member from attending in person

3. A Board member has a need related to a physical or mental disability not otherwise reasonably accommodated

4. A Board member is traveling while on official business of the Board or another state or local agency

Teleconferencing by Individual Board Member Due to Emergency Circumstances

Until January 1, 2026, when a physical or family medical emergency would prevent a Board member from attending a Board meeting in person, that Board member may request to participate in such meeting by teleconference. The Board member requesting to appear remotely shall submit the request as soon as possible and include a concise general description of the emergency that necessitated the request. The Board member shall not be required to disclose any disability, medical diagnosis, or personal medical information exempt under existing law. (Government Code 54953)

If the request is received timely, it shall be added to the agenda as the first item of business at the meeting, even before any closed session items. If the request is not received timely, it shall be taken up by the Board before the first item of business at the meeting. The request shall only be granted upon a vote by the majority of the Board. (Government Code 54953, 54954.2)

If the request is granted by the Board, the Board member may participate by teleconference without: (Government Code 54953)

1. Including the location of the Board member participating by teleconference in the agenda

2. Making the location of the Board member participating by teleconference open and accessible to the public

3. Posting the agenda at the location of the Board member participating by teleconference

For the Board member to participate by teleconference due to emergency circumstances, all of the following are required: (Government Code 54953)

1. All votes taken during the meeting are by rollcall

2. At least a quorum of the Board participates in person from a singular physical location clearly identified on the agenda

3. The Board member participating by teleconference utilizes both audio and visual technology to participate in

the meeting

4. The Board member participating by teleconference publicly discloses, before any action is taken, whether any individual 18 years of age or older is present at the Board member's location and the general nature of the member's relationship with each such individual

5. The public is able to access the meeting via a two-way audiovisual platform or a two-way audio service and a live webcast, with real-time public comment being allowed via the platform or service, in addition to public comment being available in person

   The platform or service may require members of the public to register in order to make public comments so long as the platform or service is not controlled by the district

6. The agenda for the meeting includes information describing how members of the public can access the platform or service

If the platform or service is disrupted such that the public cannot access the meeting or give real-time public comment, the meeting may continue but the Board shall not take action on any agenda item until the disruption is resolved. (Government Code 54953)

In total, a Board member may not participate by teleconference due to emergency circumstances alone, or together with teleconference due to just cause, as specified above, for more than 20 percent of the Board's regular meetings or for more than three consecutive months. If the Board meets less than 10 times in a calendar year, a Board member may not appear remotely due to emergency circumstances for more than two meetings. (Government Code 54953)

Teleconference Meetings During a Proclaimed State of Emergency

The Board may conduct a Board meeting entirely by teleconference during a proclaimed state of emergency pursuant to Government Code 8625-8629 in any of the following circumstances: (Government Code 54953)

1. For the purpose of determining whether meeting in person would present imminent risks to the health or safety of attendees due to the emergency

2. When the Board has been determined, pursuant to Item #1 above, that meeting in person would present imminent risks to the health or safety of attendees due to the emergency

The Board may hold a meeting by teleconference during a proclaimed state of emergency without: (Government Code 54953):

1. Including the location of Board members in the agenda

2. Making the locations of Board members open and accessible to the public

3. Posting the agenda at the locations of Board members

For the Board to hold such meeting, all of the following are required: (Government Code 54953)

1. All votes taken during the meeting are by rollcall

2. The public is able to access the meeting via a call-in service or an internet-based platform or service, with real-time public comment being allowed via the platform or service

   If an internet-based platform or service is utilized, it may require members of the public to register in order to make public comments so long as the platform or service is not controlled by the district

3. The agenda for the meeting includes information describing how members of the public can access the platform or service

If the platform or service is disrupted such that the public cannot access the meeting or give real-time public comment, the meeting may continue but the Board may not take action on any agenda item until the disruption is resolved. (Government Code 54953)

For any public comment period with a time limit, the Board may not close that public comment period or the opportunity to register until the full time for public comment has elapsed. For any other public comment period, the Board shall allow a reasonable amount of time to allow members of the public to provide public comment and to register to do so. (Government Code 54953)

The Board may continue to conduct all meetings by teleconference throughout one or more 45-day periods so long as, prior to the beginning of each 45-day period, the Board has reconsidered the circumstances of the state of emergency and determines that it continues to directly impact the ability of the Board to meet safely in person. (Government Code 54953)

Bylaw 9321: Closed Session

Status: DRAFT

Original Adopted Date: 12/01/2014 **| Last Revised Date:** 12/01/2023

The Board of Trustees is committed to complying with state open meeting laws and modeling transparency in its conduct of district business. The Board shall hold a closed session during a regular, special, or emergency meeting only for purposes authorized by law.

Each agenda shall contain a general description of each closed session item to be discussed at the meeting as required by law and provided in the accompanying Exhibit (1). (Education Code 35145, Government Code 54954.2, 54954.5, 54957)

In the open session preceding the closed session, the Board shall disclose the items to be discussed in closed session as specified in this bylaw. The Board may either state the information on the agenda or refer the public to the item(s) as listed by number or letter on the agenda. In the closed session, the Board may consider only those items covered in its statement. (Government Code 54957, 54957.7)

After the closed session, the Board shall reconvene in open session before adjourning the meeting and, when applicable, shall publicly disclose any actions taken in the closed session, the votes or abstentions thereon, and other disclosures as specified in this bylaw. Such reports may be made in writing or orally at the location announced in the agenda for the closed session as required by law and provided in the accompanying Exhibit (2). (Education Code 32281; Government Code 54957.1, 54957.7)

When an action taken during a closed session involves final approval or adoption of a document, such as a contract or settlement agreement, that becomes public upon such approval or adoption, the Superintendent or designee shall provide a copy of the document to any person present at the conclusion of the closed session who submitted a written request. If the action taken results in one or more substantive amendments, the Superintendent or designee shall make the document available the next business day or when the necessary changes to the document are completed. Whenever copies of an approved agreement will not be immediately released due to an amendment, the Board President shall orally summarize the substance of the amendment for those present at the end of the closed session. (Government Code 54957.1)

Confidentiality

A Board member shall not disclose confidential information received in closed session unless the Board authorizes the disclosure of that information or the information has been publicly reported by the District. (Government Code 54963)

The Board shall not disclose any information that is protected by state or federal law. In addition, no victim or alleged victim of tortious sexual conduct or child abuse shall be identified in any Board agenda, notice, announcement, or report required by the Brown Act, unless the identity of the person has previously been publicly disclosed. (Government Code 54957.7, 54961)

Personnel Matters: Appointment, Employment, Performance Evaluation, or Discipline/Dismissal/Release

The Board may hold a closed session under the "personnel exception" to consider the appointment, employment, performance evaluation, discipline, dismissal, or change in employment status of an employee. Such a closed session shall not include discussion or action on proposed compensation except for a reduction of compensation that results from the imposition of discipline. (Government Code 54957, 54957.1)

Personnel Matters: Specific Complaints or Charges

The Board may hold a closed session to hear complaints or charges brought against an employee, unless the employee who is the subject of the complaint requests an open session. Before the Board holds a closed session on specific complaints or charges brought against an employee, the Superintendent or designee shall ensure that the employee receives written notice of the right to have the complaints or charges heard in open session. This notice shall be delivered personally or by mail at least 24 hours before the time of the closed session. (Government Code 54957)

Personnel Matters: Application for Early Withdraw of Funds in Deferred Compensation Plan

The Board may hold a closed session to discuss an employee's application for early withdrawal of funds in a deferred compensation plan when the application is based on financial hardship arising from an unforeseeable emergency due to illness, accident, casualty, or other extraordinary event, as specified in the deferred compensation plan. (Government Code 54957.10)

Negotiations/Collective Bargaining

The Board may meet in closed session to review the Board's position and/or instruct its designated representative(s) regarding salaries, salary schedules, or compensation paid in the form of fringe benefits of its represented and unrepresented employees, and, for represented employees, any other matter within the statutorily provided scope of representation. A closed session regarding salaries, salary schedules, or compensation paid in the form of fringe benefits may include discussions of the district's available funds and funding priorities, but only insofar as they relate to providing instructions to the Board's designated representative. Final action on the proposed compensation of one or more unrepresented employees shall not be taken in closed session. (Government Code 54957.6)

The Board also may meet in closed session with a state conciliator who has intervened in proceedings regarding any of the purposes enumerated in Government Code 54957.6.

Pursuant to Government Code 54957.1, approval in closed session of an agreement regarding labor negotiations with represented employees pursuant to Government Code 54957.6 shall be reported after the agreement is final and has been accepted or ratified by the other party. However, the Board may, at its sole discretion, vote on such an agreement is open session. (Government Code 54957.1)

Pursuant to Government Code 3549.1, the Board may, without following the requirements of the Brown Act, meet in closed session exclusively for the purpose of discussing its position regarding any matter within the scope of representation or for the purpose of instructing its designated representatives. The Board shall not discuss any other item at any such closed session. (Government Code 3549.1)

Matters Related to Students

If a public hearing would lead to the disclosure of confidential student information such as grades or discipline information, the Board shall meet in closed session to consider a suspension, disciplinary action, any other action against a student except expulsion, or a challenge to a student record. At least 72 hours prior to the start of the meeting of which the closed session is a part, the Superintendent or designee, on behalf of the Board, shall, in writing, by registered or certified mail or by personal service, notify the student and the student's parent/guardian of the intent of the Board to hear the item in closed session. If a written request for open session is received from the student or the student's parents/guardians within 48 hours of receiving the notice, the meeting shall be public, except that any discussion at that meeting which may be in conflict with the right to privacy of any other student shall remain in closed session. (Education Code 35146, 48912, 49070)

If the Board conducts an expulsion hearing pursuant to Board Policy 5144.1 - Suspension and Expulsion/Due Process, the Board shall do so in closed session unless the student submits a written request at least five days before the date of the hearing that the hearing be held in open session. Regardless of whether the expulsion hearing is conducted in open or closed session, the Board shall meet in closed session for the purpose of deliberating and determining whether the student should be expelled. (Education Code 48918)

In order to protect student privacy rights provided in 20 USC 1232g or other applicable laws, the identity of a student shall not be listed in the agenda and, unless the item is heard in open session, shall not be included in any report after closed session. Additionally, a student matter shall be listed in the open session portion of the agenda with the same description and numbering system as it was on the closed session portion of the agenda.

Security Matters

The Board may meet in closed session with the Governor, Attorney General, District Attorney, district legal counsel, sheriff or chief of police, or their respective deputies, or a security consultant or a security operations manager, on matters posing a threat to the security of public buildings; to the security of essential public services, including water, drinking water, wastewater treatment, natural gas service, and electric service; or to the public's right of access to public services or public facilities. Such discussions may be held in closed session during an emergency meeting called pursuant to Board Bylaw 9320 - Meetings and Notices and Board Bylaw/Exhibit (1) 9323.2 - Actions By The Board.

The Board may also meet in closed session to consult with law enforcement officials on the development of a plan for tactical responses to criminal incidents and to approve the plan. (Education Code 32281)

Real Property Negotiations

The Board may meet in closed session with its real property negotiator prior to the purchase, sale, exchange, or lease of real property by or for the district in order to grant its negotiator authority regarding the price and terms of payment for the property. (Government Code 54956.8)

Anticipated Litigation/Initiation of Litigation

Based on the advice of its legal counsel, the Board may hold a closed session to confer with or receive advice from its legal counsel regarding anticipated litigation or whether to initiate litigation when discussion of either matter in open session would prejudice the district's position with respect to such litigation. For this purpose, "litigation" means any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator. (Government Code 54956.9)

Litigation is considered to be "anticipated" when, in the Board's opinion based on the advice of its legal counsel regarding the existing facts and circumstances, there is a significant exposure to litigation against the district or against a district officer or employee based on prior or prospective activities or alleged activities during and potentially during the course and scope of that office or employment. (Government Code 54956.9)

Existing facts and circumstances are limited to the following: (Government Code 54956.9)

1. Facts and circumstances that might result in litigation against the district but which the district believes are not yet known to potential plaintiff(s)

2. Facts and circumstances including, but not limited to, an accident, disaster, incident, or transactional occurrence which might result in litigation against the district, which are already known to potential plaintiff(s)

3. The receipt of a claim pursuant to the Government Claims Act or a written threat of litigation from a potential plaintiff

4. A threat of litigation made by a person in an open meeting on a specific matter within the responsibility of the Board

5. A threat of litigation made by a person outside of an open meeting on a specific matter within the responsibility of the Board, provided that the district official or employee receiving knowledge of the threat made a record of the statement before the meeting

Each agenda item related to anticipated litigation shall only contain one such matter. For an anticipated litigation item that is anticipated based on Items #2, #3, or #5 above, the agenda item shall also include the facts or circumstances that might result in litigation, the claim or written threat of litigation, or the record of the threat. However, the agenda item shall not identify the alleged victim of unlawful or tortious sexual conduct or anyone making the threat on the alleged victim's behalf, or identify a public employee who is the alleged perpetrator of any unlawful or tortious conduct upon which a threat of litigation is based, unless the identity of the person has been publicly disclosed. (Government Code 54956.9)

Existing Litigation

Based on the advice of its legal counsel, the Board may hold a closed session to confer with or receive advice from its legal counsel regarding existing litigation when discussion of the matter in open session would prejudice the district's position with respect to such litigation. Litigation is considered to be "existing" when the district has been named a party to the litigation or a district officer or employee has been named a party to the litigation based on prior or prospective activities or alleged activities during the course and scope of that office or employment, including litigation in which involves whether an activity is outside the course and scope of the office or employment. For this purpose, "litigation" means any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator. (Government Code 54956.9)

Tort, Public, or Workers' Compensation Liability

The Board may meet in closed session to discuss a claim for the payment of tort liability losses, public liability losses, or workers' compensation liability incurred by a joint powers agency (JPA) formed for the purpose of insurance pooling or self-insurance authority of which the district is a member. (Government Code 54956.95)

Joint Powers Agency Issues

When the board of the JPA has so authorized and upon advice of district legal counsel, the Board may meet in closed session in order to receive, discuss, and take action concerning information that has direct financial or liability implications for the district and that was obtained in a closed session of a JPA of which the district is a member. During the Board's closed session, a Board member serving on the JPA board may disclose confidential information acquired during a closed session of the JPA to fellow Board members. (Government Code 54956.96))

Review of Audit Report from California State Auditor's Office

Upon receipt of a confidential final draft audit report from the California State Auditor's Office and before the report has been made public, the Board may meet in closed session to discuss its response to that report. After public release of the report from the California State Auditor's Office, any Board meeting to discuss the report shall be conducted in open session, unless exempted from that requirement by some other provision of law. (Government Code 54956.75)

Review of Assessment Instruments

The Board may meet in closed session to review the contents of any student assessment instrument approved or adopted for the statewide testing system. Before any such meeting, the Board shall agree by resolution to accept any terms or conditions established by the State Board of Education for this review. (Education Code 60617)

Bylaw 9322: Agenda/Meeting Materials

Status: DRAFT

Original Adopted Date: 03/01/2008 | **Last Revised Date:** 06/01/2023

Agenda Content

Board of Trustees meeting agendas shall reflect the district's vision and goals and the Board's focus on student learning and well-being.

Each agenda shall state the meeting time and location and shall briefly describe each item to be transacted or discussed, including items to be discussed in closed session. (Government Code 54954.2)

The agenda shall provide members of the public the opportunity to address the Board on any agenda item before or during the Board's consideration of the item. The agenda for a regular meeting shall also provide members of the public an opportunity to address the Board regarding matters within the subject matter jurisdiction of the Board which are not on the agenda. (Education Code 35145.5; Government Code 54954.3)

The agenda does not need to provide an opportunity for public comment on an item that has previously been considered at an open meeting by a committee comprised exclusively of Board members, provided that members of the public were afforded an opportunity to comment on the item, before or during the committee's consideration of the item, and the item has not been substantially changed since the committee considered it. (Government Code 54954.3)

The notice and agenda shall describe the means available for the public to access the meeting and provide public comment in-person and, if a Board member is appearing remotely due to an emergency circumstance or for just cause pursuant to Government Code 54953, through an internet-based service or call-in option. (Government Code 54953)

The agenda shall include information regarding how, when, and to whom a request for disability-related accommodations or modifications, including auxiliary aids and services, may be made by an individual who requires accommodations or modifications in order to participate in the Board meeting, as well as the procedure for receiving and resolving such requests as required by law. (Government Code 54954.2, 54953)

Each agenda for a regular meeting shall list the address designated by the Superintendent or designee for public inspection of documents related to an open session item, or for records of a statement threatening litigation against the district to be discussed in closed session, when such documents have been distributed to the Board less than 72 hours before the meeting. (Government Code 54956.9, 54957.5)

Each agenda shall include a statement regarding the option for students and parents/guardians to request that directory information or personal information of the student or parent/guardian, as defined in Education Code 49061 and/or 49073.2, be excluded from the minutes. The agenda shall also state that the request must be made in writing to the Secretary or Clerk of the Board.

Agenda Preparation

The Board President and the Superintendent, as Secretary to the Board, shall work together to develop the agenda for each regular and special meeting.
Only once the Board President has approved the entire agenda will it be posted. No changes after the approval, unless both agree to make the changes or edits.

Any Board member or member of the public may request that a matter within the jurisdiction of the Board be placed on the agenda of a regular meeting. The request shall be submitted in writing to the Superintendent or designee with supporting documents and information.

The Board President and Superintendent shall decide whether a request from a member of the public is within the subject matter jurisdiction of the Board. Items not within the subject matter jurisdiction of the Board may not be placed on the agenda. In addition, before placing the item on the agenda, the Board President and Superintendent shall determine if the item is merely a request for information, and if so, respond accordingly.

If the Board President and Superintendent deny a request from a Board member to place an item on the agenda, the

Board member may request the Board take action during a Board meeting to determine whether the item shall be placed on the agenda.

The Board President and Superintendent shall also decide whether an agenda item is appropriate for discussion in open or closed session, whether the item should be an action item subject to Board vote or an information item, and when the item is placed on the agenda.

In order to promote efficient meetings, the Board may bundle a number of items and act upon them together by a single vote through the use of a consent agenda. Consent items shall be items of a routine nature and items for which Board discussion is not anticipated and for which the Superintendent recommends approval. When any Board member requests the removal of an item from the consent agenda, the item shall be removed and given individual consideration for action as a separate agenda item.

The agenda shall provide an opportunity for members of the public to comment on any consent agenda item unless such item has been previously considered at an open meeting of a committee comprised exclusively of Board members. (Government Code 54954.3)

Any Board action that involves borrowing $100,000 or more shall be discussed, considered, and deliberated upon as a separate item of business on the meeting agenda. (Government Code 53635.7)

All public communications with the Board are subject to requirements of relevant Board policies and administrative regulations.

Agenda Dissemination to Board Members

At least 72 hours before each regular meeting, each Board member shall be provided a copy of the agenda and agenda packet, including the Superintendent or designee's report; minutes to be approved; copies of communications; reports from committees, staff, and others; and other available supporting documents pertinent to the meeting.

When special meetings are called, Board members shall receive, at least 24 hours prior to the meeting, notice of the business to be transacted. (Government Code 54956)

Board members shall review agenda materials before each meeting. Individual members may confer directly with the Superintendent or designee to ask questions and/or request additional information on agenda items. However, a majority of Board members shall not, outside of a noticed meeting, directly or through intermediaries or electronic means discuss, deliberate, or take action on any matter within the subject matter jurisdiction of the Board.

Agenda Dissemination to Members of the Public

Agenda and related materials distributed to the Board shall be made available to the public upon request without delay. However, only those documents which are disclosable public records under the Public Records Act (PRA) and which relate to an agenda item scheduled for the open session portion of a regular meeting or which contain a claim or written threat of litigation which will be discussed in closed session shall be made available to the public. (Government Code 54956.9, 54957.5)

At least 72 hours prior to a regular meeting, the agenda shall be posted at one or more locations freely accessible to members of the public. (Government Code 54954.2)

In addition, the Superintendent or designee shall post the agenda on the homepage of the district website. The posted agenda shall be accessible through a prominent direct link to the current agenda or to the district's agenda management platform in accordance with Government Code 54954.2. When the district utilizes an integrated agenda management platform, the link to that platform shall take the user directly to the website with the district's agendas, and the current agenda shall be the first available. (Government Code 54954.2)

If a writing which relates to an open session agenda item or which contains a claim or written threat of litigation which will be discussed in closed session during a regular Board meeting is distributed to the Board less than 72 hours prior to a meeting, the Superintendent or designee shall make the writing available for public inspection at a designated location at the same time the document is distributed to all or a majority of the Board. However, if the writing is distributed to at least a majority of the Board at a time when the designated location is closed to the public, this requirement may be satisfied by posting the writing on the district website if the following conditions are met:

(Government Code 54957.5)

1. An initial staff report or similar document containing an executive summary and any staff recommendations related to the agenda item is made available for public inspection at the designated location at least 72 hours before the meeting

2. The writing is immediately posted on the district's website in a position and manner that makes it clear that the writing relates to an agenda item for the upcoming meeting

3. The district lists the website address where such writings may be accessed on all Board meeting agendas

4. A physical copy of the document is made available for public inspection at the designated location at the beginning of the next regular business hours, but not less than 24 hours before the relevant Board meeting

The Superintendent or designee shall mail a copy of the agenda or a copy of all the documents constituting the agenda packet to any person who requests the items. The materials shall be mailed at the time the agenda is posted or upon distribution of the agenda to a majority of the Board, whichever occurs first. (Government Code 54954.1)

The Superintendent or designee shall email a copy of, or a website link to, the agenda or a copy of all the documents constituting the agenda packet to any person who requests such items to be delivered by email. If the Superintendent or designee determines that it is technologically infeasible to do so, a copy of the agenda or a website link to the agenda and a copy of all other documents constituting the agenda packet shall be sent to the person who has made the request in accordance with mailing requirements specified in law. (Government Code 54954.1)

Any request for mailed copies of agendas or agenda packets shall be in writing and shall be valid for the calendar year in which it is filed. Written requests must be renewed following January 1 of each year. (Government Code 54954.1)

Persons requesting mailing of the agenda or agenda packet shall pay an annual fee, as determined by the Superintendent or designee, not to exceed the cost of providing the service.

Any document prepared by the district or Board and distributed during a public meeting shall be made available for public inspection at the meeting. Any document prepared by another person shall be made available for public inspection after the meeting. These requirements shall not apply to a document that is exempt from public disclosure under the PRA. (Government Code 54957.5)

Upon request, the Superintendent or designee shall make the agenda, agenda packet, and/or any writings distributed at the meeting available in appropriate alternative formats to persons with a disability, as required by the Americans with Disabilities Act. (Government Code 54954.1)

Bylaw 9323: Meeting Conduct

Status: DRAFT

Original Adopted Date: 11/01/2006 **| Last Revised Date:** 12/01/2022

Meeting Procedures

All Board of Trustees meetings shall begin on time and shall be guided by an agenda prepared in accordance with Board bylaws and posted and distributed in accordance with the Ralph M. Brown Act (open meeting requirements) and other applicable laws.

The Board President shall conduct Board meetings in accordance with Board bylaws and procedures that enable the Board to efficiently consider issues and carry out the will of the majority.

The Board believes that late night meetings deter public participation, can affect the Board's decision-making ability, and can be a burden to staff. Regular Board meetings shall be adjourned by 10:30 p.m. unless extended to a specific time determined by a majority of the Board. The meeting shall be extended no more than once and, if necessary, may subsequently be adjourned to a later date.

Quorum and Abstentions

The Board shall act by majority vote of all of the membership constituting the Board. (Education Code 35164)

The Board believes that when no conflict of interest requires abstention, its members have a duty to vote on issues before them. When a member abstains, the abstention shall not be counted for purposes of determining whether a majority of the membership of the Board has taken action.

Provided the Board typically has seven members and there are no more than two vacancies on the Board, the vacant position(s) shall not be counted for purposes of determining how many members of the Board constitute a majority. In addition, whenever any provisions of the Education Code require unanimous action of all or a specific number of the members, the vacant position(s) shall not be counted for purposes of determining the total membership constituting the Board. (Education Code 35165)

Public Participation

Members of the public are encouraged to attend Board meetings and to address the Board concerning any item on the agenda or within the Board's jurisdiction. So as not to inhibit public participation, persons attending Board meetings shall not be requested to sign in, complete a questionnaire, or otherwise provide their name or other information as a condition of attending the meeting, except that if the meeting is conducted using remote public participation or with a Board member attending remotely pursuant to Government Code 54953, a member of the public desiring to provide comment through the use of a third party internet website or online platform may be required to register as required by the third party provider.

In order to conduct district business in an orderly and efficient manner, the Board requires that public presentations to the Board comply with the following procedures:

1. The Board shall give members of the public an opportunity to address the Board on any item of interest to the public that is within the subject matter jurisdiction of the Board, either before or during the Board's consideration of the item. (Education Code 35145.5; Government Code 54954.3)

2. At a time so designated on the agenda at a regular meeting, members of the public may bring before the Board matters that are not listed on the agenda. The Board shall take no action or discussion on any item not appearing on the posted agenda, except as authorized by law. (Education Code 35145.5; Government Code 54954.2)

3. Without taking action, Board members or district staff members may briefly respond to statements made or questions posed by the public about items not appearing on the agenda. Additionally, on their own initiative or in response to questions posed by the public, Board members or staff members may ask a question for clarification, make a brief announcement, or make a brief report on their own activities. (Government Code 54954.2)

Furthermore, the Board or a Board member may provide a reference to staff or other resources for factual information, ask staff to report back to the Board at a subsequent meeting concerning any matter, or take action directing staff to place a matter of business on a future agenda. (Government Code 54954.2)

4. The Board need not allow the public to speak on any item that has already been considered by a committee composed exclusively of Board members at a public meeting where the public had the opportunity to address the committee on that item. However, if the Board determines that the item has been substantially changed since the committee heard the item, the Board shall provide an opportunity for the public to speak. (Government Code 54954.3)

5. A person wishing to be heard by the Board shall first be recognized by the President and shall then proceed to comment as briefly as the subject permits.

   In general, individual speakers will be allowed Two minutes to address the Board on each agenda or nonagenda item, and the Board will limit the total time for public input on each item to 20 minutes. However if there are many speakers the Board President can allow only one minute for each speaker. However, in exceptional circumstances when necessary to ensure full opportunity for public input, the Board President may, with Board consent, adjust the amount of time allowed for public input and/or the time allotted for each speaker. Any such adjustment shall be done equitably so as to allow a diversity of viewpoints. The President may also ask members of the public with the same viewpoint to select a few individuals to address the Board on behalf of that viewpoint.

   In order to ensure that non-English speakers receive the same opportunity to directly address the Board, any member of the public who utilizes a translator shall be provided at least twice the allotted time to address the Board, unless simultaneous translation equipment is used to allow the Board to hear the translated public testimony simultaneously. (Government Code 54954.3)

6. The Board President may rule on the appropriateness of a topic, subject to the following conditions:

   a. If a topic would be suitably addressed at a later time, the Board President may indicate the time and place when it should be presented.

   b. The Board shall not prohibit public criticism of its policies, procedures, programs, services, acts, or omissions. (Government Code 54954.3)

   c. The Board shall not prohibit public criticism of district employees. However, whenever a member of the public initiates specific complaints or charges against an individual employee, the Board President shall inform the complainant of the appropriate complaint procedure.

7. The Board President shall not permit actual disruption of Board meetings. Actual disruption by an individual or group or any conduct or statements that threaten the safety of any person(s) at the meeting shall be grounds for the President to terminate the privilege of addressing the Board and remove the individual from the meeting.

   The Board President or designee may remove an individual for actually disrupting the meeting. Prior to removal, the individual shall be warned that their behavior is disrupting the meeting and that failure to cease the disruptive behavior may result in removal. If, after being warned, the individual does not promptly cease the disruptive behavior, the Board President, or designee, may then remove the individual from the meeting. (Government Code 54957.95)

   When an individual's behavior constitutes the use of force or a true threat of force, the individual shall be removed from a Board meeting without a warning. (Government Code 54957.95)

   Disrupting means engaging in behavior during a Board meeting that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting and includes, but is not limited to, a failure to comply with reasonable and lawful regulations adopted by a legislative body pursuant to Section 54954.3 or any other law, or engaging in behavior that constitutes use of force or a true threat of force. (Government Code 54957.95)

   True threat of force means a threat that has sufficient indicia of intent and seriousness, that a reasonable observer would perceive it to be an actual threat to use force by the person making the threat. (Government

Code 54957.95)

Additionally, the Board may order the room cleared if necessary. In this case, members of the media not participating in the disturbance shall be allowed to remain, and individuals not participating in such disturbances may be allowed to remain at the discretion of the Board. When the room is ordered cleared due to a disturbance, further Board proceedings shall concern only matters appearing on the agenda. (Government Code 54957.9)

When disruptive conduct occurs, the Board may decide to recess the meeting to help restore order, or if removing the disruptive individual(s) or clearing the room is infeasible, move the meeting to another location. The Board may direct the Superintendent or designee to contact local law enforcement as necessary.

Recording by the Public

Members of the public may record an open Board meeting using an audio or video recorder, still or motion picture camera, cell phone, or other device, provided that the noise, illumination, or obstruction of view does not persistently disrupt the meeting. The Superintendent or designee may designate locations from which members of the public may make such recordings without causing a distraction.

If the Board finds that noise, illumination, or obstruction of view related to these activities would persistently disrupt the proceedings, these activities shall be discontinued or restricted as determined by the Board. (Government Code 54953.5, 54953.6)

Bylaw 9323.2: Actions By The Board

Status: DRAFT

Original Adopted Date: 03/01/2011 **| Last Revised Date:** 03/01/2024

The Board of Trustees shall act by a majority vote of all of the membership constituting the Board, unless otherwise required by law. (Education Code 35164, 35165)

An "action" by the Board means: (Government Code 54952.6)

1. A collective decision by a majority of the Board members
2. A collective commitment or promise by a majority of the Board members to make a positive or negative decision
3. A vote by a majority of the Board members when sitting as the Board upon a motion, proposal, resolution, order, or ordinance

The Board shall not take action by secret ballot, whether preliminary or final. (Government Code 54953)

Actions taken by the Board in open session shall be recorded in the Board minutes. (Education Code 35145)

Action on Non-Agenda Items

The Board may take action on a subject not appearing on the posted meeting agenda only after publicly identifying the item and if any one of the following conditions are met: (Government Code 54954.2)

1. When a majority of the Board determines that an emergency situation exists, as defined for emergency meetings pursuant to Government Code 54956.5
2. When two-thirds of the members present, or if less than two-thirds of the members are present then by a unanimous vote of all members present, determine that the need to take immediate action came to the district's attention after the agenda was posted
3. When an item appeared on the agenda of, and was continued from, a meeting that occurred not more than five days earlier
4. Until December 31, 2025, when a Board member requests to participate by teleconference due to emergency circumstances pursuant to Government Code 54953 so long as the timing of the request did not allow for sufficient time to place it on the agenda

Challenging Board Actions

Before seeking to file a civil action to stop or prevent a Brown Act violation or to invalidate a prior action taken by the Board, the district attorney's office or interested person shall first present a demand to "cure and correct" the alleged violation to the district. If the district receives a proper demand from the district attorney's office or any interested person to "cure and correct" an alleged violation of the Brown Act, the Board shall consult with legal counsel on if and how to respond as provided by law. (Government Code 54960-54960.5)

Exhibit 9323.2-E(1): Actions By The Board

Status: DRAFT

Original Adopted Date: 10/01/2016 **| Last Revised Date:** 03/01/2024

RESTRICTIONS ON BOARD ACTIONS

This exhibit is a non-exhaustive list of the Board of Trustees actions that require more than a majority vote as well as restrictions and prohibitions on when the Board may take certain actions. Other such actions may exist and may be identified in the future.

Actions Requiring a Two-Thirds Vote of the Membership of the Board

1. Resolution declaring the Board's intention to sell or lease real property (Education Code 17466)

2. Resolution declaring the Board's intent to convey or dedicate property to the state or any political subdivision for the purposes specified in Education Code 17556 (Education Code 17557)

3. Resolution authorizing and directing the Board President, or any other presiding officer, Secretary, or member, to execute a deed of dedication or conveyance of property to the state or a political subdivision (Education Code 17559)

4. Lease, for up to three months, of school property which has a residence on it and which cannot be developed for district purposes because funds are unavailable (Education Code 17481)

5. Request for temporary borrowing of funds needed for immediate requirements of the district to pay district obligations incurred before the receipt of district income for the fiscal year sufficient to meet the payment(s) (Government Code 53821)

6. Upon complying with Government Code 65352.2 and Public Resources Code 21151.2, action to render city or county zoning ordinances inapplicable to a proposed use of the property by the district so long the proposed use of property is not for nonclassroom facilities (Government Code 53094)

7. When the district is organized to serve only grades K-8, action to establish a community day school for any of grades K-8 (Education Code 48660)

8. When the district is organized to serve only grades K-8, has an average daily attendance (ADA) of 2,500 or less, or desires to operate a community day school to serve any of grades K-6 (and no higher grades) and seeks to situate a community day school on an existing school site, certification that satisfactory alternative facilities are not available for a community day school (Education Code 48661)

9. Decision to pursue the authorization and issuance of general obligation bonds pursuant to paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution and subdivision (b) of Section 18 of Article XVI of the California Constitution (Education Code 15266)

10. Resolution of necessity to proceed with an eminent domain action and, if the Board subsequently desires to use the property for a different use than stated in the resolution of necessity, a subsequent resolution so authorizing the different use (Code of Civil Procedure 1245.240, 1245.245)

11. When the district has a three-member Board and has adopted the procedures set forth in the Uniform Public Construction Cost Accounting Act (UPCCAA), action to respond to an emergency facilities condition without giving notice for bids to award contracts, including the repair or replacement of district facilities, the taking of any other action that is directly related to and immediately required by that emergency, the procurement of the necessary equipment, services, and supplies for those purposes, the delegation of authority to the Superintendent or designee to take such action, and the determination during a regular Board meeting of the need to continue the action (Public Contract Code 22035, 22050)

Actions Requiring a Two-Thirds Vote of the Board Members Present at the Meeting

1. Determination that there is a need to take immediate action and that the need for action came to the district's attention after the posting of the agenda. If less than two-thirds of the Board members are present at the meeting, a unanimous vote of all members present is required. (Government Code 54954.2)

2. Determination that a closed session is necessary during an emergency meeting. If less than two-thirds of the Board members are present, a unanimous vote of all members present is required. (Government Code 54956.5)

Actions Requiring a Four-Fifths Vote of the Membership of the Board

1. Resolution for district borrowing based on issuance of notes, tax anticipation warrants, or other evidences of indebtedness, in an amount up to 50 percent of the district's estimated income and revenue for the fiscal year or the portion not yet collected at the time of the borrowing (Government Code 53822, 53824)

2. Resolution for district borrowing, between July 15 and August 30 of any fiscal year, of up to 25 percent of the estimated income and revenue to be received by the district during that fiscal year from apportionments based on ADA for the preceding school year (Government Code 53823, 53824)

3. Declaration of an emergency in order to authorize the district to include a particular brand name or product in a bid specification (Public Contract Code 3400)

4. When the district has a five-member or seven-member Board and has adopted the procedures set forth in UPCCAA, action to respond to an emergency facilities condition without giving notice for bids to award contracts, including the repair or replacement of district facilities, the taking of any other action that is directly related to and immediately required by that emergency, the procurement of the necessary equipment, services, and supplies for those purposes, the delegation of authority to the Superintendent or designee to take such action, and the determination during a regular Board meeting of the need to continue the action (Public Contract Code 22035, 22050)

5. Resolution to award a contract for a public works project at $212,500 or less to the lowest responsible bidder, when the district is using the informal process authorized under the UPCCAA for projects of $200,000 or less, all bids received are in excess of $200,000, and the Board determines that the district's cost estimate was reasonable (Public Contract Code 22034)

Actions Requiring a Four-Fifths Vote of the Board Members Present at the Meeting

1. Approval of the expenditure and transfer of necessary funds and use of district property or personnel to meet a national or local emergency created by war, military, naval, or air attack, or sabotage, or to provide for adequate national or local defense (Government Code 53790-53792)

Actions Requiring a Unanimous Vote of the Membership of the Board

1. Resolution authorizing and prescribing the terms of a lease of district property for extraction and taking of gas not associated with oil (Education Code 17510, 17511)

2. Authorization of the use of day labor or force account, or waiver of the competitive bid process pursuant to Public Contract Code 20111, when the Board determines that an emergency exists requiring the repair, alteration, work, or improvement to any facility to permit the continuance of existing classes or to avoid danger to life or property, and upon approval of the County Superintendent of Schools (Public Contract Code 20113)

Actions Requiring a Unanimous Vote of the Board Members Present at the Meeting

1. Private sale of surplus property without advertisement in order to establish that such property is not worth more than $2,500. Disposal of surplus property or donation to a charitable organization requires the unanimous vote of the Board members present to establish that the value of such property would not defray the cost of arranging its sale. (Education Code 17546)

Actions Required to Occur During a Regular Board Meeting

1. Termination of the Superintendent or an Assistant Superintendent without cause (Education Code 35150)

2. Discussion or action regarding the contract, salary, salary schedule, or other compensation of the Superintendent, Assistant Superintendent, or other management employee as described in Government Code 3511.1 (Government Code 54956)

Prohibitions on Certain Board Actions

1. Termination of the Superintendent or an Assistant Superintendent without cause within 30 days after the first convening of the Board after an election at which one or more Board members are elected or recalled (Education Code 35150)

2. When the District is disposing of surplus land and has received a notification from the Department of Housing and Community Development pursuant to Government Code 54230.5 with regard to the surplus land, final action to ratify or approve the proposed disposal of surplus land unless the district holds an open and public meeting in compliance with Government Code 54230.7 to review and consider the substance of the notice

Bylaw 9324: Minutes And Recordings

Status: DRAFT

Original Adopted Date: 07/01/2008 **| Last Revised Date:** 12/01/2018

The Board of Trustees recognizes that maintaining accurate minutes of Board meetings helps foster public trust in Board governance and provides a record of Board actions for use by district staff and the public.

The Secretary of the Board shall keep minutes and record all official Board actions. The Board's minutes shall be public records and shall be made available to the public upon request. (Education Code 35145, 35163)

The minutes of Board meetings shall include, but not be limited to:

1. A notation of which Board members are present, in person or by teleconference, and whether a member is not present for part of the meeting due to late arrival and/or early departure

2. A brief summary of the Board's discussion on each agenda topic, rather than a verbatim record of each Board member's specific points of view during the discussion

3. A summary of the public comments made on agendized items and unagendized topics

4. The specific language of each motion and the names of the Board members who made and seconded the motion

5. Preferential votes cast by student Board member(s) (Education Code 35012)

6. Any action taken by the Board, and the vote or abstention on that action of each Board member present (Education Code 35145; Government Code 54953)

Upon request by a student's parent/guardian, or by the student if age 18 or older, the minutes shall not include the student's or parent/guardian's address, telephone number, date of birth, or email address, or the student's name or other directory information as defined in Education Code 49061. The request to exclude such information shall be made in writing to the Secretary or Clerk of the Board. (Education Code 49073.2)

The Board agenda shall include a statement of the option and process for students and parents/guardians to request that such information be excluded from the minutes.

The Superintendent or designee shall distribute a copy of the "unapproved" minutes of the previous meeting(s) with the agenda for the next regular meeting. The Board shall approve the minutes as circulated or with necessary amendments.

Upon approval by the Board, the minutes shall be signed by the Clerk.

Official Board minutes and recordings shall be stored in a secure location and shall be retained in accordance with law.

Any minutes or recordings kept for Board meetings held in closed session shall be kept separately from the minutes or recordings of regular and special meetings. Minutes or recordings of closed sessions are not public records. (Government Code 54957.2)

Recording or Broadcasting of Meetings

The district may tape, film, stream, or broadcast any open Board meeting. At the beginning of the meeting, the Board President shall announce that a recording or broadcasting is being made at the direction of the Board and that the recording or broadcast may capture images and sounds of those attending the meeting. As practicable, the recorder or camera shall be placed in plain view of meeting participants.

Any district recording may be erased or destroyed 30 days after the meeting. Recordings made at the direction of the Board during a meeting are public records and, upon request, shall be made available for inspection by members of the public on district equipment without charge. (Government Code 54953.5)

Bylaw 9400: Board Self-Evaluation

Status: DRAFT

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 07/01/2017

The Board of Trustees shall annually conduct a self-evaluation in order to demonstrate accountability to the community and ensure that district governance effectively supports student achievement and the attainment of the district's vision and goals.

The evaluation may address any area of Board responsibility, including, but not limited to, Board performance in relation to vision setting, curriculum, personnel, finance, policy development, collective bargaining, community relations, and advocacy. The evaluation may also address objectives related to Board meeting operations, relationships among Board members, relationship with the Superintendent, understanding of Board and Superintendent roles and responsibilities, communication skills, or other governance or boardsmanship skills.

The Board shall evaluate itself as a whole. Individual Board members are also expected to use the evaluation process as an opportunity to assess and set goals for their own personal performance.

Each year, the Board, with assistance from the Superintendent, shall determine an evaluation method or instrument that measures key components of board responsibility and previously identified performance objectives. Visual and/or audio recordings of a Board meeting may only be used as an evaluation tool when consent is given by all Board members.

Any discussion involving the Board's self-evaluation shall be conducted in open session.

At the request of the Board, a facilitator may be used to assist with the evaluation process. The Board may invite the Superintendent or other individual(s) with pertinent information to provide input into the evaluation process.

Following the evaluation, the Board shall set goals, define and/or refine protocols, and establish priorities and objectives for the following year's evaluation. The Board shall also develop strategies for strengthening Board performance based on identified areas of need, including, but not limited to, Board trainings such as those offered by the California School Boards Association.
