AVID FAMILY BINGO!

# Words of Wisdom From Ms. Leveaux

# Advice from Ms. Kariya

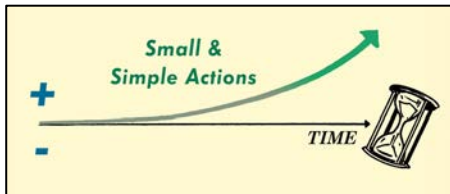

- Advice for Families
  - Students should advocate for themselves... parents should not do everything for their teen (ex. Students need to contact their teachers about missing work or grades)
  - Have a space at home where students can study without distractions (expect about 2 hours of homework a night)

# Advice from Mr. Khem

- Don't be afraid to fail!
- Go on adventures:
  - talk to someone **new**
  - go someplace **new**
  - do something **new**
- 改善

# Advice from Mr. Koehler (You're so close!!)

CREATE YOUR OWN  
**WEEK AT A GLANCE**  
**HUB**

## Things to bookmark and check every week:

- Every teacher on campus keeps an updated **Week-at-a-Glance** rundown of their daily work.
- **Aeries** for grades and attendance.

**Week-at-a-Glance**

## Things we're working on Fall Term in AVID III

- So far we've started researching local/remote California College Campuses and soon we'll be starting **Personal Insight Questions** and **Unpacking Majors/Minors!**
  - Began the semester looking over UCs and Cal States
  - Students have researched two local universities that ARE NOT UCLA!
- Continuing with **Binder** and **Agenda checks**, focused notes, and weekly Tutorials
- Spring Semester: Finalize **Personal Insight Questions**, **Unpacking Majors vs. Minors**, **Scheduling 101**, **Financial Aid**, **Scholarship Hunts**, and finally the **University Top Ten List**.

# Advice from Ms. Colburn

- Parents: DO YOUR TAXES!
- Parents and Students: Complete your FAFSA/CADAA as soon as possible
- Parents and students - entertain private schools and UCs and Cal States that are far away
  - College is the time to test the waters of independence and it helps if there is physical distance from home
  - If you can make it work, live on campus for your freshman year
- Parents and students - talk to each other about the schools you're applying to and what you're hoping to get out of college
- APPLY TO EVERY SCHOLARSHIP YOU QUALIFY FOR!

# AP Students!

- All AVID Students should be taking at least one AP their Junior year (e.g. APUSH, APLang, APES, APBio)
- If you qualify for free and reduced lunch SIGN UP by October 1st
  - You will find a link in your AVID Google Classroom
  - This will allow you financial support for the test
- TAKE THE AP TEST
  - It reflects negatively on your college applications if you don't
- Report your scores!
  - Even if you do not earn college credit for the test, showing you took the tests reflects positively on your college application

The background of the slide is a collage of two photographs. The top photograph shows a dense canopy of cherry blossom trees with light pink flowers against a clear blue sky. The bottom photograph shows a wide, green lawn in a park, with many people sitting on blankets or standing, enjoying the cherry blossoms. Large trees with blossoms frame the sides of the lawn.

# What Colleges are Looking for

The College Game...  
We need some volunteers (you will get a  
participation prize)

# AVID HONOR ROLL

The background of the image is a dense, overlapping collage of colorful sticky notes. The colors include yellow, orange, pink, and light blue. Each sticky note has the words "Thank you" written on it in a black, casual, handwritten script. The notes are scattered across the entire frame, creating a warm and appreciative atmosphere.

If you need help with Aeries stick  
around!

Our Tech Jedi's (aka Khem, Koehler,  
and Kariya) will gladly help!
