

On Friday, September 26th, Lisa attended the legislative hearings on three anti-charter bills. Legislators heard testimony against the proposed bills that would cut charter funding. She will be in Boston again on November 12th to continue lobbying against these bills.

Each Week in the Newsletter, parents will receive the plea to make their voices heard. We ask that you do the same. Lisa will send all Board Members the link to assist you.

It's Time to Speak Up Again for AMSA and Public Charter Schools

It's that time of year again — the **anti-charter school bills** introduced at the start of the legislative season are now moving through the process on Beacon Hill. That means it's time for us to **raise our voices once more** to defend AMSA and public charter education in Massachusetts.

Last year, thanks to your advocacy, **our voices were heard** — and we helped stop harmful legislation that would have limited access to great schools like ours. Now, we need your help again.

Lawmakers have filed bills that could **dramatically reduce funding** for charter public schools. These proposals could restrict how many students can attend schools like AMSA — and even threaten the survival of some schools.

When our community speaks up, legislators listen. Important votes will happen soon, and **your calls and emails truly make a difference**.

Take Action Today

Visit ma4charters.org/Fall25Action

Follow the simple steps to **email and call your state representative and senator**.

Tell them to support families' right to choose the best public education and to **oppose any bills that harm charter public schools**.

Thank you for continuing to stand with AMSA and the broader charter school community. Together, we can make sure our voices are heard loud and clear — again this year!

P.S. Please share this message with friends and family. Every email and phone call counts!
