

Car line processes for dismissal

Updates for the 25-26
school year

CLYDE ERWIN
ELEMENTARY

All cars MUST have an orange car rider tag. If you do not have one, you will be required to park and go to the front office with your ID for assistance. This will delay picking up your student.

YMCA students cannot be picked up in the car line.

The speed limit is 5 MPH while in the parking lot.

Please adhere for the safety of our students, staff, and visitors

As you enter campus, it is only one lane. Enter slowly and pull forward.

Do not enter through the exit lane at any point and do not drive around other cars.

There are three lanes once you move farther up.

The farthest left lane is a pull through lane if you need to park.

The middle and right lane are for car rider traffic.

Do not enter campus until 2:20.

If you need to park and walk to the school, you need to park and use the cross walk at the front of the car line. A staff member will direct you to cross and move towards the front door.

Parents will not be allowed to enter in the back of the building.

At 2:20, families may begin lining up for dismissal. Both lanes **MUST** stop at this cone prior to the parking spots and where the 'do not line up earlier than 30 minutes' sign.

Once staff members arrive outside, both car lines will move up to these two tall cones and wait for next steps.

Car line is two lanes this year and will flow as a zipper – right lane, left lane, right lane, etc with four cars at a time. A staff member will be at these cones every day for directions.

As you move up to the cones, you must stay in your lane.

Do not slalom through the cones to get out.

Parents must stay in their cars at all times.

As you pass into the loading zone, Mrs. Baker will call for your student(s).

The students will make their way safely to one of these four cones on the school side safely to a CEEMS staff member away from the cars.

They must go to our staff member and not directly to your vehicle.

Once your lane of cars is loaded, you will quickly exit and make the immediate left to head towards the exit.

Continue moving following the arrow towards the exit. If you must stop to buckle in a student or otherwise, continue towards the lane by the dumpsters in the far back and do what is needed.

Don't forget to stop and yield to any traffic coming from the last row in the parking lot.

Watch for cars backing out.

Once at the edge of the parking lot, exit right or left as needed.
