School Goals

Consistent presence in the classroom is the first step toward successful learning, and we communicate the importance of attendance to all families. Our staff is dedicated to building connections and breaking down barriers that prevent students from attending school. We have a monthly plan to celebrate students who attend regularly. We use a research-based reading and math curriculum. Using the Response to Intervention (RTI) framework, we analyze student data to assess progress and determine the need for additional support. Our goal is to ensure that every student receives the precise assistance they need to succeed in all subjects.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

We've partnered with local law enforcement for a School Marshall Program to enhance safety. We regularly practice routines to ensure students feel secure. This includes monthly fire drills and bi-annual lockdown and earthquake drills. This year, we're hosting many events to welcome our community, such as Parent Meet and Greets, Back to School Night, STEM Night, and our Family BBQ. Students at every grade level will have musical performances, and we'll have our annual Family Sing-A-Long before winter break.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

Each year, we review and practice common area rules and expectations, including how to use playground equipment safely. We follow school board policies that govern our interventions and responses to bullying. We primarily focus on prevention through curriculum and creating an inclusive and positive environment. We implement the Kelso's Choice and Second Steps K-5 curriculum year-round, as well as the complementary Second Steps bullying prevention program in late October each year. Our health curriculum allows teachers to not only teach students the health standards but also focus on developing healthy social-emotional skills for all students, K-5.

EXTRACURRICULAR ACTIVITIES

In addition to band and strings that is offered to all 4th and 5th graders district-wide, we offer numerous opportunities at Allen Dale outside of the regular school day. Allen Dale prides itself on the number of after school opportunities we are able to offer to our students. These activities include: SMILE Club, Honor Choir, Honor Orchestra, Run/Walk Club, Book Club, Racquet Sports, Art Club, Chess Club, and Archery Club. We believe that keeping students engaged at school as long as possible not only helps develop important social and emotional skills, but also keeps them active and safe beyond the school day.

PARENT ENGAGEMENT

We have an active and supportive Parent Teacher Association (PTA) as well as parent representatives on our Site Council and the district Parent Advisory Council. We communicate with families through ParentSquare. This communication allows all of our families within Grants Pass School District to utilize one method for communicating with their school. Parent conferences are held once a year and every teacher meets with their student's teachers the first week of school. We welcome family volunteers to work in our classrooms, school wide events and chaperone field trips

COMMUNITY ENGAGEMENT

One of our biggest community partners is OPTIONS of Southern Oregon to provide mental health supports for our students. Our Public Safety Department partners with us to provide training with fire safety, safety protocols and they make classroom visits. We host parent education nights including our very successful READY! for Kindergarten events held three times a year annually. Every grade level attends local field trips partnering with a variety of community organizations and businesses. Grade levels also plan presentations with local community partners to educate students about everything from leading a healthy lifestyle to learning about different careers in our community.
